Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification

- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle

structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services,

school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

The William C. Hughley School

District Borough Number (DBN):

29Q116

Grades Served:

Pre-K through 8

School Address:

107-25 Wren Place Jamaica NY 11433

Phone Number:

718- 526-4884

Fax:

718-658-5663

School Contact Person:

Dr Tara Malagoli

School Contact Person Email Address:

tmalago@schools.nyc.gov

Principal:

Dr Tara Malagoli

United Federation of Teachers (UFT) Chapter Leader:

Leah Cromer

Parents' Association President:

Khateidja Raghoonanan

SLT Chairperson:

Marisol Rizo

Title I Parent Advisory Council Chairperson (PAC):

James Brown

Student Representative(s) Middle /High School:

N/A

Student Representative(s) Middle /High School:

N/A

Community Based Organization (CBO) Representative:

David Cruz

School-Based Students in Temporary Housing (STH) Liaison:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Dr Tara Malagoli	Principal or Designee*	

Leah Cromer	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Dion Quamina	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Audrey Massey	District Council 37 (DC 37) Representative (staff), if applicable	
Khateidja Raghoonanan	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
Sophie Ann Nelson	CBO Representative, if applicable	
Andrea Avellaneda	Member/PTA Treasurer	
Tearah Chestnut	Member/Parent	
Margery Robles	Member/Parent	
	Member/Parent	
Shannon Mayes	Member/Parent	
Monica Sparrow Patton	Member/Teacher	
Nicole Joyner	Member/Teacher	
Nicole Joyner	Member/Teacher	
Marisol Rizo	Member/Paraprofessional	
	Teacher	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS/IS 116, our mission is to provide a nurturing and inclusive educational community where students explore diverse opportunities to become college and career ready. Through immersive experiences in art, dance, music and drama, we foster creativity and cultivate artistic talents. We strive to create a supportive environment where students feel successful and celebrated. Our mission is to empower each student to reach their full potential, equipping them with the skills and confidence necessary for future endeavors. By embracing the arts and promoting a welcoming atmosphere, we inspire our students to thrive academically, artistically, and personally.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

The William C. Hughley School (PS/IS 116Q) serves 853 students and families that comprise of the following demographics: Asian: 10% Black: 40% Hispanic: 52% Native American: 2% Native Hawaiian/Pacific Islander: 4% White: 2% English Language Learners: 26% Students with Disabilities: 23% Female: 49% Male: 51%. Our school community engages in high-quality learning experiences in all disciplines as it is fostered through collaborative teacher planning and professional learning for staff. This allows opportunities for our students to grow academically, socially and emotionally. The School Leadership Team, Instructional Leadership Team, and Administrative Team Cabinet collaborates to ensure consistency and implementation on priority pedagogical practices, alignment to next generation learning standards and socio-emotional development for all stakeholders. Our school currently has a first grade dual language class which supports students in learning in both English and Spanish while embracing communication skills, diversity, and awareness in reading, math and writing while developing relationships with teachers and peers. We also participate in the culturally affirming, NYC Black Studies Curriculum in which students are exposed to the history and contemporary landscapes of Africa, America and the world at large.

Our students have the opportunity to participate in academic enrichment activities throughout the year within our collaborations with serveral community organizations including: NY Edge, The Greater Queens Chapter of the Links, NY Hall of Science, Brinkerhoff Association, Broadway Jr, NYC Parks Department, and Table of Kingz.

PS/IS 116Q is a place of excellence where our goal is to cultivate well rounded, confident, and responsible scholars to achieve their full potential by providing a welcoming, safe, and supportive learning environment. Students will have success for today and be prepared for tomorrow.

Briefly summarize the key initiatives your school will implement this school year.

During the 2024/2025 school year PS/IS 116Q will continue to cultivate our students and families in building a growth mindset by connecting with families, increasing family engagement and using a rigorous and evidence- based approach that supports all families in our learning community. Key initiatives for SEL will be evident in our classroom in the form of the peace corner where students have opportunities to self-regulate their emotions and be ready for learning. All students and staff will participate in restorative justice practices that will promote a fairer, inclusive approach to discipline. Additionally,

we will continue our partnerships with Community Based Organizations (CBO)'s (The Greater Queens Chapter of the LINK's, Brinkerhoff Association, and Table of Kingz) by engaging our school community through meaningful personal contributions, positive attitudes and life skills that will foster a home/school/ community connection. Our school will also increase our Dual-Language program by adding in a Kindergarten class for the 2024/2025 school year. We will also implement music into our arts department with an additional art and music instructor.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Literature	Auditory, visual, translations, ENL and SPED support
ELA	6-8	HMH Into Reading	Auditory, visual, translations, ENL and SPED support
Math	K-5	Envisions Math	Auditory, visual, translations, ENL and SPED support
Creative Curriculum	PreK		Auditory, visual, translations, ENL and SPED support
Math	6-8	Imaginative Math	Auditory, visual, translations, ENL and SPED support

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Most students are performing one or two grades below as measured by 2025 iReady EOY Diagnostic assessment in grades K-8. According to results 58% of students are performing one or two grades below as measured by 2025 iReady EOY Diagnostic assessment grades K-8.	Teachers need consistent training in planning and curriculum: explicit instruction, close reading, guided reading, vocabulary strategies, effective higher order questioning strategies.	Increase the number of students proficiency in ELA by strengthening their vocabulary, fluency, reading comprehension and writing skill
According to I-Ready Reading End of the Year Assessments in Reading for 2025 45% of students are on or above grade level Overall Comprehension according to I-Ready 48% are two grades or more below	Teachers need to use data to plan instruction that includes UDL and SDI strategies to meet individual student needs. Teacher training focused on tiered instruction to support differentiation in the ELA classroom.	All students inclusive of SWDs and/or ELL require focused instruction and repeated opportunities to engage in discussions using content vocabulary and text using supportive instructional resources. These students also require numerous opportunities to apply their understanding of text through written responses and receiving specific focused actionable feedback

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 40 to 45, of percentage of students scoring at Levels 3 & 4, on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

iReady Diagnostic Reading Assessment

Enter a Key Performance Indicator

On level and above grade level in Literacy Domains

Baseline:

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a school-wide, differentiated literacy intervention program grounded in the Science of Reading, emphasizing explicit phonics instruction, phonemic awareness, vocabulary development, and comprehension strategies. This represents a new and comprehensive approach, moving beyond fragmented interventions.

Root Cause Addressed:

Many traditional or "balanced literacy" approaches have not consistently provided explicit, systematic instruction in foundational reading skills like phonemic awareness and phonics. This can lead to a "guessing game" approach to reading, where students rely on context clues or pictures instead of truly decoding words.

Many educators, especially those trained before the significant research advancements in the Science of Reading, may not have received comprehensive training in the explicit teaching of foundational literacy skills. They might be more familiar with approaches that prioritize "whole language" or "balanced literacy" without a strong emphasis on phonics and phonemic awareness.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Action Step A: All K-5 teachers and reading specialists will participate in intensive professional development (30 hours) on the Science of Reading principles, explicit phonics instruction methodologies (e.g., Orton-Gillingham based approaches), and diagnostic assessment tools by October 31, 2025.
Action Step B: Administer a universal screener (Acadience Reading) to all K-5 students by September 30, 2025, to identify specific literacy deficits (phonological awareness, phonics, fluency, comprehension).
Action Step C: School-wide Literacy Leadership Team comprising administrators, reading specialists, and grade-level representatives to guide implementation, monitor progress, and provide ongoing support. (First meeting by September 15, 2025).

Action Step D: Implement 30-minute daily, small-group differentiated literacy intervention blocks across all K-5 classrooms starting October 15, 2025. Groups will be fluid, based on ongoing formative assessment data, and target specific skill deficits.
Action Step E: Establish a system for ongoing progress monitoring (e.g., weekly fluency checks, bi-weekly phonics assessments) for all students receiving interventions, with data reviewed by the Literacy Leadership Team bi-monthly to adjust groupings and instructional focus.
For ELA instruction, teachers will utilize the HMH Reading and writing program, resources found in the IReady Teacher Toolbox. Acadience will be used for students in grades K-2 to identify students in need of Tier 2 and Tier 3 RTI support. Amira, and iReady ELA Diagnostic will be used for students in grades 3-5 to assess students who fall within the tiers. Targeted instruction will focus on the improvement of vocabulary, fluency, reading comprehension and writing skills.
What I Need (W.I.N) periods will be scheduled daily to support the instructional needs of all students. WIN instruction will focus on improving phonics, phonemic awareness, vocabulary, fluency, reading comprehension and writing skills. Resources will include IReady online instruction, IReady Teacher's Tool Kit, small group instruction, Phonics For Reading, Fundations, and SPIRE.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/24/2025	03/27/2026	Building Awareness and Understanding of the Science of Reading: "Understanding How Kids Learn to Read" Workshops (Fall 2025 & Spring 2026)	NYC Reads NY Edge
01/31/2025	02/28/2025	"Literacy Toolkits" for K-2 Families (Winter/Spring 2026 Distribution):	NY Edge The Greater Links of Queens

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
OORS 2024-2025 SY showed that 11% of students were engaged in a hitting, shoving or bullying incident resulting in a range of disciplinary measures in accordance with the NYC CPS Behavioral Expectation Guide.	Students in schools need SEL and mindfulness to support them in managing their behavior. Tiered behavioral support, community building and school wide understanding and use of PBIS.	Post pandemic teachers need training and support in understanding the benefits of SEL, mindfulness, community building, managing and or correcting disruptive student behaviors.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	15	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5% Decrease, in number of Level 3-5 incidents from 15 to 10, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The School Support Team & Crisis Team consisting of School Social workers, School Counselors, School Psychologist, Crisis Trained Staff and Community Based Organization(s) will assess student needs and provide daily support for students to deal with student trauma. Bi-weekly SIT Team meetings will be conducted to discuss "at risk" students and possible strategies that can be used in and out of the classroom to support students in regulating emotions, increase frustration tolerance, expand their expressive language and strengthen peer relationships

Root Cause Addressed:

Post pandemic teachers need training and support in understanding the benefits of SEL, mindfulness, community building, managing and or correcting disruptive student behaviors.
Schools show dramatic inequities when dealing with addressing trauma, race and discrimination with Black and Brown Boys due to implicit bias, racial anxiety, and stereotypes threat.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will engage in TCIS and implicit bias training to support them in understanding the de-escalation measures and unpack unconscious bias and power dynamics in the classroom based on race and class.
School Wide Monthly themed SEL Activities/events/trips
School Wide SEL Cluster Personnel with weekly SEL Lessons K-5

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly review of OORS data through the safety and crisis team focused on gender and ethnicity.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
iReady and Acadience Diagnostic-BOY, MOY, EOY (2024-2025), June Instructional Report	Language barriers, logical thinking and reasoning, perseverance, academic vocabulary, academic language, intrinsic motivation, chronic absenteeism	Math K-2 Numeracy (SMP 1)
iReady and Acadience Diagnostic-BOY, MOY, EOY (2024-2025), June Instructional Report	Language barriers, logical thinking and reasoning, perseverance, academic vocabulary, academic language, intrinsic motivation, chronic absenteeism	Math 3-5 Making Sense and Perseverance (SMP 1)
iReady and Acadience Diagnostic-BOY, MOY, EOY (2024-2025), June Instructional Report	Language barriers, logical thinking and reasoning, perseverance, academic vocabulary, academic language, intrinsic motivation, chronic absenteeism	Math 6-8 Making Sense and Perseverance (SMP 1)

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36%	<PS/IS 116 Q> By June, 2026, the By June 2026, the percentage of students in Grades 3-8 scoring at levels 3 & 4 will increase by 5% from 36.4% to 41. 4%, for all students, as measured by New York State Math Exams.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to school survey data collected from Career Day 2025, 75% students are aware of traditional careers doctors, lawyers, beauticians, police, etc.	Our students are not frequently exposed to a wide range of career choices. Provisions need to be made for scholars to explore career opportunities where they can identify with others who share their ethnicity and culture.	Students must be made aware of the various careers that are available and the possibilities for careers in the future. In addition, it is necessary for the students to see how their academy house for their grade band embodies several career opportunities.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	45	PS/IS 116 Queens will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the 4 Year Graduation Rate for All Students will Increase by 10% from 45 to 55 as measured by Graduation Tracker.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Partner with colleges within our vicinity in order to plan field trips and mentoring programs for our scholars.
Implement a school wide college & career readiness committee to implement targeted activities, workshops and trips.
Integrate age-appropriate college and career readiness concepts into the K-8 curriculum and school culture through consistent exposure, skill-building, and self-exploration activities.

Root Cause Addressed:

Lack of student and parent college and career exposure, opportunity and resources.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Diverse Career Spotlights in Special/Cluster Program What: Teachers will regularly highlight diverse careers during morning meetings or class discussions, connecting them to classroom subjects (e.g., "A marine biologist uses math to analyze data," "An author uses strong writing skills"). Rollout: Introduce concept during August staff meeting. Provide teachers with a rotating list of 2-3 careers per month and discussion prompts. Student-Facing: Read picture books about different jobs, discuss what parents/family members do, draw "What I Want to Be" pictures. Professional Learning: Brief training on integrating career talks into daily routines and sourcing relevant books/media.
Deeper Exploration & Connection (Grades 6-8) "Pathways to Possibilities" Workshops & Activities What: Integrate a dedicated unit (e.g., 2-3 weeks in Social Studies/ELA) for 6th-8th graders exploring broad career clusters (e.g., STEM, Arts & Humanities, Health Sciences). Rollout: Introduce during fall department meetings. Provide curriculum resources, project rubrics, and guest speaker contact lists. Student-Facing: Research different careers within clusters, identify required skills/education, create "My Future Profile" presentations, participate in mock interviews. Professional Learning: Cross-curricular planning sessions to ensure alignment and resource sharing.
College & Career Day & Virtual College Tours What: Organize a monthly virtual or in-person guest speaker series featuring professionals from diverse fields, including those requiring college degrees and those requiring vocational training. Also include virtual college campus tours. Rollout: Parent/Community liaison will coordinate speakers. Integrate into advisory

periods or science/social studies classes. Student-Facing: Interactive Q&A sessions with speakers, reflection journals on potential pathways, exploration of specific college programs or vocational schools online. Professional Learning: Provide teachers with guiding questions for students to ask guests and follow-up activities.
School-Wide & Community Collaboration Annual "Future Ready Fair" What: A school-wide event (K-8 families) inviting local businesses, community colleges, and trade schools to showcase various professions and educational opportunities. Rollout: Plan in Fall, execute in Spring. Engage the PTO and local Chamber of Commerce. Student/Family-Facing: Interactive booths, demonstrations, information on post-secondary options (even if distant for younger grades), opportunity for families to ask questions. Professional Learning: Recruit staff volunteers to help organize and run the event.
Community Partnerships for Experiential Learning What: Establish partnerships with local organizations (e.g., hospitals, coding bootcamps, arts centers) for age-appropriate field trips, shadowing opportunities (for 7th/8th graders), or in-school workshops.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2025 School Survey Data Outreach to Parents, 70% of our parents responded favorable as in the 2024-2025 School Survey. Upon looking at the specific questions asked in the Parent Outreach portion of the survey there has been a decline in the number of favorable responses by 4%. Therefore leading to the stagnation between 2024 and 2025's Parent Outreach portion of the survey.	Families need cultural activities at the school. Curriculum that is Culturally Responsive and academically rigorous for their child/children. Safety in and around the building. Families want to be able to see that their voice is included in their child's schooling and that the feedback is regarded.Translated materials and access to translation is need for meetings and workshops to create a more inclusive environment.	Families must be represented culturally and their need for their children must be addressed during the time their child is attending the Public School. Families need an educational environment that is culturally responsive, safe, supportive, academically rigorous, and nurturing for their child to thrive.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	5%	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the to increase parent engagement will Increase by 5 from 5% to 10% as measured by Parent Coordinator Activity Reports (PCAR), sign-sheets, and workshop surveys..

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Transform the school-family relationship from transactional to relational, emphasizing two-way communication, cultural responsiveness, and shared decision-making, while actively showcasing the unique strengths and opportunities within NYC Public Schools.

Pre- planning a month to two months in advance of communication in the form of flyers advertising workshops and accessible translators in the primary languages of the school community.

Root Cause Addressed:

Families need cultural activities at the school. Curriculum that is Culturally Responsive and academically rigorous for their child/children. Safety in and around the building. Families want to be able to see that their voice is included in their child's schooling and that the feedback is regarded.Translated materials and access to translation is need for meetings and workshops to create a more inclusive environment.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with SLT to discuss the challenges and effective ways of providing communication in the schoolwide languages for parent meetings, workshops i.e. LINC and our other media outlets i.e. school website, Class Dojo, Google Classroom, Instagram and Facebook.
Utilize the NYCPS Translation services to request translated flyers for events and in person supports a month to two in advance of the activity.
Enhance Accessibility & Communication (Fall 2025 - Spring 2026) Multi-Lingual & Multi-Platform Communication Hubs What: Develop and standardize a central, user-friendly digital communication platform (e.g., dedicated app, enhanced NYC Schools Account features) for each school, providing real-time updates, calendars, and student progress information. Ensure all critical communications (newsletters, announcements, forms) are immediately available in the top 5-10 languages of the school community, leveraging professional translation services. Rollout: Pilot in 10-15 diverse schools by November 2025.

Gather feedback from parents via surveys and focus groups. Implement city-wide rollout by Spring 2026, accompanied by tech support workshops for families. Parent/Family-Facing: Easy access to school information, direct messaging with teachers, attendance tracking, and grading in preferred language. Workshops on how to use the NYC Schools Account and new communication tools. Professional Learning: Training for all school staff (teachers, parent coordinators, administrators) on utilizing the new platforms efficiently and effectively, emphasizing consistent messaging and timely responses. Cultural sensitivity training on communication norms across diverse groups.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Review of attendance sign sheets for parents and or families attending workshops month by month. Feedback regarding translation services available and offered during the meeting.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/30/2025	05/29/2026	Targeted Family and Community Activities & Workshops focused on building trust, demonstrating responsiveness, and proactively engaging families as true partners in the educational journey, ultimately aiming to make PS/IS 116 Q the undeniable choice for families	Community Associate Parent Coordinator SAPIS Counselor STH Coordinator NY Edge After School The Greater Links of Queens

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to data from the Insight Portal and New Visions Portal, the school's Year-to-Date (YTD) Attendance Rate for the 2024–2025 school year was 83%, with a Chronic Absenteeism Rate of 51%. This represents a decline from the previous year's	Context and Challenges Impacting Attendance Families continue to experience residual effects of the COVID-19 pandemic, including ongoing mental health and financial challenges. Additionally, our school community is welcoming an increasing number of students in temporary housing (STH) and newly arrived migrant families to the NYC area. These factors have contributed to barriers affecting consistent school attendance. As a result, our school must ensure that we identify, monitor, and support families with targeted outreach and resources. We will continue to conduct proactive outreach to families, assess	Priority Needs to Improve Attendance Enhanced Family Engagement & Outreach Proactively communicate attendance expectations and the link between attendance and student achievement. Provide resources and support to families facing medical, mental health, or financial challenges. Targeted Support for Students Facing Barriers Identify students in temporary housing (STH), recent migrants, or those with chronic medical/mental health needs. Develop individualized support plans and monitor attendance closely. Mental Health and Wellness Support Increase access to counseling, social-emotional learning programs, and mental health resources. Implement strategies to address anxiety, trauma, or stress impacting attendance. Early Identification & Intervention Systems Monitor attendance data weekly

data (2023–2024), when the school achieved an 89% YTD Attendance Rate and a 27% Chronic Absenteeism Rate. These figures highlight the urgent need to strengthen attendance initiatives and re-engage families to ensure students attend school consistently. Data Sources (2024-2025) NEW VISIONS, ILOG, INSIGHT Portal.	individual needs, and align school and community resources to provide the necessary assistance that enables every child to attend school regularly and on time.	to quickly identify students at risk of chronic absenteeism. Establish tiered interventions for students missing 1–2 days, 3–5 days, or more. Community & Partner Resource Alignment Collaborate with local organizations to provide resources for housing, transportation, healthcare, and social services. Positive Reinforcement & Incentives Recognize and celebrate consistent attendance through awards, recognition programs, or school-wide initiatives. Staff Training and Awareness Train teachers and staff on strategies to support attendance, communicate with families, and address systemic barriers. Data-Driven Decision Making Use Insight Portal, New Visions, and ILOG data to track trends, monitor progress, and adjust interventions as needed.
Attendance Data Overview (2023–2024 School Year) According to data from New Visions, ILOG, and the Insight Portal, the school's Year-to-Date (YTD) Attendance Rate for the 2023–2024 school year was 89%, with a Chronic Absenteeism Rate of 27%. These results reflect strong attendance efforts and effective family engagement initiatives during the 2023–2024 school year. Continued focus on early intervention, consistent communication with families, and attendance recognition programs contributed to	Residual Effects of the COVID-19 Pandemic Families are still navigating health concerns, altered routines, and long-term impacts on student engagement. Mental Health Challenges Anxiety, depression, or other emotional and behavioral concerns are affecting students' ability to attend school consistently. Medical and Familial Challenges Chronic illnesses, frequent medical appointments, or family emergencies contribute to missed school days. Financial and Housing Instability Families experiencing economic hardship, including students in temporary housing (STH), face barriers to regular attendance. Migration and Newcomer Students Increased enrollment of recently arrived migrant students requires additional support and orientation to NYC school systems. Limited Awareness of Attendance-Achievement Link Some families may not understand the significant connection between regular attendance and student academic success. Systemic and Logistical Barriers Transportation challenges, school start times, and other logistical issues may hinder consistent attendance. School-Family Communication Gaps Delayed or inconsistent outreach can prevent families from accessing supports or understanding school attendance expectations.	Priority Needs to Improve Attendance Enhanced Family Engagement & Outreach Proactively communicate attendance expectations and the link between attendance and student achievement. Provide resources and support to families facing medical, mental health, or financial challenges. Targeted Support for Students Facing Barriers Identify students in temporary housing (STH), recent migrants, or those with chronic medical/mental health needs. Develop individualized support plans and monitor attendance closely. Mental Health and Wellness Support Increase access to counseling, social-emotional learning programs, and mental health resources. Implement strategies to address anxiety, trauma, or stress impacting attendance. Early Identification & Intervention Systems Monitor attendance data weekly to quickly identify students at risk of chronic absenteeism. Establish tiered interventions for students missing 1–2 days, 3–5 days, or more. Community & Partner Resource Alignment Collaborate with local organizations to provide resources for housing, transportation, healthcare, and social services. Positive Reinforcement & Incentives Recognize and celebrate consistent attendance through awards, recognition programs, or school-wide initiatives. Staff Training and Awareness Train teachers and staff on strategies to support attendance, communicate with families, and address systemic barriers. Data-Driven Decision Making

maintaining rates close to citywide goals. Data Sources (2023-2024) NEW VISIONS, ILOG, INSIGHT Portal.		

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	44	By June, 2026, the Chronic Absenteeism Rate for All Students will decrease by 10% from 44% to 34%, as measured by the New Visions Chronic Absenteeism Reports.
All Students	90	By June, 2026, the Chronic Absenteeism rate and percentage of chronically absent students for All Students will increase by 83% to 90%, from 90 to 7, as measured by the Chronic Absenteeism reports, New Visions Reports ..

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance Action Plan (2025–2026) and

1.Attendance Team Organization

Objective: Ensure clear roles and accountability for monitoring and improving attendance.

Actions:

Identify core attendance team members (administrators, guidance counselors, social workers, attendance clerks).

Define concrete roles and responsibilities for each member:

Administrator: Oversees overall strategy, reviews data bi weekly

Attendance Clerk: Tracks daily attendance and chronic absenteeism.

Counselor/Social Worker: Follows up with families of chronically absent students.

Teachers: Monitor class-level attendance and provide early alerts.

Schedule regular monthly or bi-weekly meetings to review progress and plan interventions.

Root Cause Addressed:

Lack of coordinated monitoring and accountability — no clear system to track attendance trends or flag students early.

Fragmented communication — families, teachers, and support staff may not be aligned or informed about attendance expectations or interventions.

Limited follow-up on chronic absenteeism — without a team taking ownership, students at risk may not receive timely support.

Unclear roles/responsibilities — staff may not know who is responsible for tracking, contacting families, or implementing strategies.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
School Attendance Team will review data and feedback from multiple data collection forums and format via on-site to create a plan of success for 29Q116 school community in the 2025-2026 school year.
Administrators will devise a list of returning students who were chronically absent in 2024-2025. These students will be given Tier 3 support. Therefore, meetings with the principal will occur to discuss individualized supports from September through November 2025.

Key Strategy 2 (Optional):

Identify High-Risk Students

Objective: Target students most at risk for chronic absenteeism.

Actions:

Use STH (Students That Have temporary housing) and Edge After School data to identify students in the chronic absenteeism category (27%+ absences).

Create a list of priority students with contact information for follow-up.

Root Cause Addressed:

Students/families facing barriers such as transportation issues, health problems, or after-school care challenges.

Lack of early identification or monitoring — without data, chronically absent students are not flagged until patterns become severe.

Limited communication with families — families may not be aware of the impact of absences or available support.

Systemic or environmental challenges — e.g., unstable housing, unsafe routes to school, or inconsistent routines at home.

Concise Root Cause Statement:

The root cause is insufficient early identification and support for students facing personal, family, or systemic barriers, leading to chronic absenteeism.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Progress monitor
Attendance biweekly meeting
Parent Workshop on Attendance
Outreach with members assigned to a grade
Data Collection and anaylze

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation Monitoring Plan

Objective: Track and evaluate the effectiveness of attendance strategies to ensure they are improving student attendance and reducing chronic absenteeism.

1. Primary Structures for Progress Monitoring

Attendance Team Meetings

Frequency: Monthly or bi-weekly

Purpose: Review attendance data, discuss at-risk students, adjust interventions

Classroom-Level Monitoring

Teachers track daily attendance and report early warning signs to the attendance team

Data Dashboards

Use all data and connect with STH and Edge After School systems to monitor attendance trends and chronic absenteeism

Family Check-Ins

Social workers or counselors follow up with families of chronically absent students to verify progress and identify barriers

2. Data/Evidence to Collect

Student-Level Attendance Data:

Daily attendance rates

Chronic absenteeism percentages

Tardiness and early dismissals

Intervention Tracking:

Record of outreach to families (calls, emails, meetings)

Participation in incentive programs, trips, or celebrations

Barriers & Support Documentation:

Transportation, medical, housing, or after-school care challenges identified

Resources provided and follow-up actions

3. Using Data to Determine Progress

Monthly Reports: Compare attendance trends to BOY, MOY, and EOY targets

Quarterly Reviews: Evaluate effectiveness of incentive programs and interventions

Impact on Instruction and Learning:

Identify whether improved attendance correlates with improved student participation, classroom engagement, and academic performance

Adjust Strategies:

Refine interventions for students or groups not showing improvement

Share successful strategies school-wide

Summary Statement:
Implementation will be monitored through structured team meetings, classroom-level tracking, and robust data collection from STH and Edge systems, with evidence from attendance rates, intervention participation, and family support activities used to measure progress and inform instructional and engagement decisions

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
		IEP Development and Fidelity of Implementation
		Transition Planning and Compliance
		Referral Process and Equity
		Equity in School Discipline

According to the 2023-2024 Program Recommendations data, 5% of SWDs progressed into a less restrictive restrictive setting in a NYC DOE School and 4% were placed into a more restrictive setting in a NYC DOE school non specialized (District 1-32)	The Multi-Tiered Systems of Support-Academic (MTSS-A) must be implemented with fidelity. The teachers will use evidence-based teaching methods to lead: TIER 1-whole class Tier 2: Small Group Interventions. and Tier 3: Intensive Interventions through direct instruction The referral process will be streamlined effectively to provide the necessary supports prior to a special education referral. Teachers were exposed to different tiers based on data in order to form their groups. Some progress was made however, we need to continue to implement with fidelity. Monthly Professional Development for the Special ED team will continue; such as developing effective IEPs, Transition - career and college ready and Turn Keying Info from Central	By June 2026, all students with disabilities will experience high-quality, inclusive, and accessible learning environments that promote their academic growth, social-emotional well-being, and full participation in the school community, as evidenced by improved academic outcomes, increased participation in general education settings, and positive feedback from students, families, and staff.

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	19	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), with a 5% Increase, from 19 to 24, as measured by Progress Monitoring tool (student binder, document in SESIS).

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement a systemic framework for Universal Design for Learning (UDL) and differentiated instruction across all classrooms, coupled with robust professional development and collaborative practices, to ensure that curriculum, instruction, assessment, and the school environment are inherently accessible and responsive to the diverse needs of students with disabilities.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	Students receiving Tier 3 support will participate in targeted intervention sessions each week using evidence-based programs designed to address their specific skill deficits. During these sessions, students will engage in intensive, small-group or individualized instruction focused on closing learning gaps and reinforcing essential academic skills.	Programs for ELA : Sound Sensible, Spire , Phonics for Reading, Rewards, Wilson Math - iReady intervention program WIN Periods and intensive and explicit small group sessions	1 on 1 and Group sessions (no more than 4 students)	Tier 3 supports are provided during designated intervention periods built into the school schedule, ensuring that students receive intensive, individualized instruction in addition to core classroom teaching. These sessions occur three to five times per week for approximately 30–45 minutes per session, depending on student need and program requirements. Instruction is delivered in small groups or one-on-one settings by intervention teachers, special educators, or trained support staff using evidence-based programs aligned to identified skill deficits. This targeted time allows students to receive personalized support in reading, math, or behavior while maintaining access to the general education curriculum.	Yes Acadience Progress monitoring tool that monitors intervention (K-2).
Tier 2	Students identified as needing Tier 2 intervention receive targeted small-group instruction in addition to their core classroom lessons. These sessions focus on specific skills identified through data analysis from classroom assessments, progress monitoring, or benchmark screeners. Teachers provide evidence-based	Programs for ELA: Sound Sensible, Spire, Phonics for Reading, Rewards, Wilson Math - iReady intervention program Win Periods/ Small strategic group in all	Small group sessions (5-6 students)	Tier 2 interventions are provided during the regular school day at designated times that do not interfere with core instruction. These targeted small-group sessions occur two to three times per week for approximately 20–30 minutes per session. Instruction is delivered by classroom teachers or intervention specialists using evidence-based	Yes, a Acadience Progress monitoring tool that monitors intervention (K-2).

	interventions aligned to student needs, using curriculum sets or supplemental resources to reinforce and strengthen academic skills. Tier 2 support typically occurs 3-4 times per week for 20–30 minutes and is designed to prevent students from falling further behind.	core subject areas		programs and curriculum resources aligned to student needs. Tier 2 supports are scheduled during intervention or WIN (“What I Need”) blocks, small-group rotations, or independent work periods. The goal is to provide timely, data-driven support to address skill gaps and prevent students from requiring more intensive Tier 3 services.	
Tier 1	At the Tier 1 level, all students receive high-quality, standards-based instruction within the general education classroom. Instruction is differentiated to meet individual learning needs and supported by evidence-based curriculum materials and teaching strategies. Teachers regularly use formative assessments and universal screeners to monitor student progress and adjust instruction accordingly. The goal of Tier 1 is to ensure that the majority of students meet or exceed grade-level expectations through effective core teaching and classroom supports.	Tier 1 Programs (Core Instruction) ELA / Literacy: Fundations (K–2) – for foundational reading and phonics instruction Heggerty – for daily phonemic awareness routines HMH -Reading and Wirting Amplify Science Mathematics: Envisions (3-8 and iReady(k-2) Math Classroom Mathcore S.S -Passport Creative Curriculum-PreK	Whole Class - Explicit instruction	Tier 1 instruction is provided daily to all students during regular classroom periods across all content areas, including ELA, math, social studies, science, and social-emotional learning. Teachers deliver high-quality, evidence-based curriculum and differentiate instruction to meet the needs of diverse learners. Core instruction includes universal supports, small-group work, and formative assessments to monitor student progress. Tier 1 serves as the foundation of the MTSS framework, ensuring that the majority of students achieve grade-level expectations without the need for additional interventions.	HMH (Houghton Mifflin Harcourt),iReady , Amplify , SS Digital Platform: Most HMH p include a digital component accessible via computers, tablets, or interactive whiteboards. Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	Tier 3 SEL Support Students receiving Tier 3 social-emotional support participate in intensive, individualized or small-group interventions designed to address specific behavioral or emotional needs. These sessions focus on developing coping skills, conflict resolution strategies, and positive self-expression, helping students articulate concerns in a constructive and rehabilitative way. Interventions use evidence-based SEL programs like (PBS) are tailored to each student's unique needs, with ongoing monitoring to track progress and adjust supports as necessary.	Social-emotional learning (SEL) is reinforced through school-wide structures, policies, and supports. Our Dean and counseling staff provide guidance, monitor behavior, and implement interventions that promote positive relationships, conflict resolution, and emotional regulation. Anti-bullying policies and other behavioral expectations are aligned with SEL principles, emphasizing respect, empathy, and restorative practices.	Small Group (no more than 4 students) & one to one	Provided multiple times per week, often daily or several times per week depending on student needs. Delivered in individual or very small-group sessions with a counselor, social worker, or Dean. Focuses on conflict resolution, coping skills, and individualized behavioral support. Scheduled within the school day (e.g., during intervention blocks, advisory, or pull-out sessions) or occasionally before/after	No

		These policies create a consistent framework that supports positive school climate, student well-being, and equitable behavior management. Students receive instruction and guidance that integrate SEL skills into everyday interactions, while staff monitor and respond to social-emotional and behavioral needs at this level.		school if needed.	
Tier 2	Tier 2 SEL Support Students receiving Tier 2 social-emotional support participate in small-group sessions designed to address targeted social-emotional needs, such as improving interpersonal skills, managing emotions, or resolving conflicts. These interventions are data-driven, based on teacher observations, behavioral screenings, or counselor referrals. Tier 2 sessions are typically provided 2–3 times per week for 20–30 minutes per session, scheduled during advisory periods, intervention blocks, or enrichment times, so that students continue to access core classroom instruction while receiving additional support. Progress is monitored regularly to adjust strategies and determine if students require more intensive Tier 3	Lotus flower Group Restorative Justice Group	2–3 times per week 20–30 minutes per session Scheduled during advisory periods, intervention blocks, WIN time, or enrichment periods to avoid missing core academic instruction. These interventions are data-driven, based on teacher observations, behavioral screenings, or counselor referrals. Tier 2 sessions are typically provided 2–3 times per week for 20–30 minutes per session, scheduled during advisory periods, intervention blocks, or enrichment times, ensuring students continue to access core classroom instruction while receiving additional support. Progress is monitored regularly to adjust strategies and determine if students require more intensive Tier 3 supports.		observations, behavioral screenings, or counselor referrals Groups may include Restorative Justice circles or other structured SEL activities Led by school counselors, social workers, or trained SEL staff To provide targeted social-emotional skill-building such as conflict resolution, coping strategies, and positive communication To monitor progress and determine if students need more intensive Tier 3 support	session is 20–30 minutes, 2–3 times per week	
Tier 1	At the Tier 1 level, all students receive universal social-emotional learning supports embedded in the general education classroom. This includes explicit instruction in self-regulation, emotional awareness, conflict resolution, and positive interpersonal skills. Classrooms are equipped with safe, designated spaces where students can calm themselves, refocus, and manage emotions when needed. Teachers use proactive strategies such as modeling appropriate behaviors, providing consistent routines, and integrating restorative practices to foster a positive and supportive learning environment. Tier 1 SEL ensures that the majority of students develop essential social-	Calming Corner	The calming corner is a universal SEL support available to all students in the classroom. Students use this space to: Self-regulate emotions when feeling frustrated, anxious, or overwhelmed Refocus attention before returning to learning tasks	During School (Classroom)	No

	emotional skills without requiring additional targeted or intensive interventions.		Practice coping strategies such as deep breathing, mindfulness exercises, or sensory tools Reflect on behavior and identify appropriate responses in challenging situations Teachers provide guidance and modeling on how and when to use the space effectively, reinforcing positive self-management skills. The goal is to proactively support emotional regulation and prevent escalation, allowing students to remain engaged in learning while developing essential social-emotional skills.		
Tier 3	Students requiring intensive social-emotional support meet individually with the SAPIS counselor to address specific needs. These sessions focus on conflict resolution, decision-making, and personal responsibility, and provide guidance in sensitive areas such as substance use prevention and substance identification.	SAPIS Sessions	1 on 1 and Group sessions	During school	No

	Interventions are individualized and evidence-based, helping students develop strategies for making safe choices, improving interpersonal skills, and addressing challenges that impact their well-being and school engagement. Progress is monitored regularly to adjust supports and ensure students receive the level of intervention needed to succeed.				
Tier 3	Male students in grades 5-7 that that display behavioral/emotional challenges and would benefit from more structured support from male counsel, in the areas of Respect,Compassion,Responsibility, among other character pillars.	Table of Kingz	Group sessions	During the day	no
Teir 2	Students who've experienced conflict, receive supportive check-ins, as well as one on one or group counseling sessions to gage their emotional well-being and to ensure they have strategies to apply for future concerns. Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

All the stakeholders at PS/IS 116 ensure that families understand the essential components of MTSS (Multi-Tiered System of Supports) and how it benefits their children. This is accomplished through multiple channels:

Back-to-School Nights and Orientation: Families are introduced to the MTSS framework, including Tier 1, Tier 2, and Tier 3 supports, during school-wide presentations with SEL and common subject areas/

Family Workshops and Information Sessions: Targeted sessions provide in-depth explanations of academic and social-emotional supports, intervention strategies, and progress monitoring processes.

Regular Communication: Families receive updates through newsletters, emails, and parent portals detailing intervention programs, support plans, and progress reports.

Parent-Teacher Conferences: Staff discuss student progress in relation to MTSS supports, highlighting successes, areas of concern, and next steps.

Accessible Resources: Families are provided with guides, handouts, and digital resources explaining MTSS components, universal screening, data-driven interventions, and strategies they can use at home.

This multi-pronged approach ensures that families are partners in the MTSS process, understand the supports available, and can actively participate in their child's academic and social-emotional development.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Methods of Communication that the families at PS/IS 116 receive progress are by the following listed below:

Progress Reports: Families receive periodic updates detailing student growth, attendance in intervention sessions, and performance on skill-based assessments.

Parent-Teacher Conferences: Staff discuss student progress, share data, and outline next steps for continued support.

Direct Outreach: Teachers, counselors, or intervention specialists contact families via phone calls, emails, or virtual meetings to provide timely updates and answer questions.

Documentation Logs: Communication and student progress are recorded in intervention tracking logs or note catchers, which families can reference if needed.

Individualized Learning Plans: Families may receive written summaries of interventions, strategies, and goals tailored to their child's needs.

This approach ensures families are active partners in the MTSS process, informed about their child's progress, and able to reinforce learning and social-emotional strategies at home.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Family Involvement in Tier 3 Intervention Decision-Making

Families of students receiving Tier 3 intensive interventions are actively involved in all stages of the decision-making process to ensure supports meet their child's individual needs.

Key Strategies for Family Involvement:

Regular Meetings: Families participate in scheduled meetings with teachers, counselors, and intervention specialists to review student progress, discuss data, and set individualized goals.

Progress Updates: Families receive frequent updates through phone calls, emails, or digital platforms detailing academic, behavioral, and social-emotional progress.

Collaborative Planning: Families provide input on intervention strategies, accommodations, and supports, helping to shape the individualized plan to best meet their child's needs.

Documentation and Feedback: Families are given written summaries of interventions, goals, and outcomes, and their feedback is used to adjust or enhance supports as needed.

Problem-Solving and Advocacy: Families are encouraged to share observations from home and work with school staff to address challenges and celebrate successes.

This collaborative approach ensures that families are partners in the MTSS process, contributing to informed decisions that drive student growth and maximize the effectiveness of Tier 3 supports.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Number of Students in Temporary Housing

Doubled up (with friends or relatives due to lack of housing): 19

Living in a shelter or transitional shelter: 82

Living in a hotel/motel: n/a

Living in a car, bus, or train: n/a

Living in a park or public place: n/a

Living in an abandoned building: n/a

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Trends and Supports for Families in Temporary Housing
During the past year, some noticeable trends among families in temporary housing included lack of updated vaccinations and student absences due to immigration appointments. Families reported a clear disconnect with the shelters, noting that they were often unaware of when medical providers would be visiting. To address this, the school supported families by keeping them informed and facilitating meetings between families and shelter directors. Regarding immigration

appointments, families were advised to bring the appointment letter to the school as documentation, ensuring that absences were appropriately recorded and that families received guidance and support.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Services Planned for Students in Temporary Housing (STH)

Our STH students will receive comprehensive social-emotional and academic support tailored to their unique needs. Services include:

Social-Emotional Support: Individual and group counseling provided by our school social worker, focusing on social-emotional intelligence, coping strategies, and conflict resolution.

Academic Support: Targeted tutoring and enrichment programs to address academic needs and reinforce core skills.

Basic Needs Assistance: Distribution of clothing/uniforms, school supplies, hygiene products, and electronic devices to ensure students are prepared for learning.

Enrichment Opportunities: Paid trips, dance programs, after-school sports, and other activities to engage students and promote well-rounded development.

Selection of Services:
These services were selected based on feedback from students and families, as well as results from the STH Title I Survey, which highlighted priorities such as after-school engagement, academic support, and social-emotional development. Services are aligned to meet both the immediate and long-term needs of STH students, ensuring they have access to supports that promote academic success, social-emotional growth, and overall well-being.

Planned Enhancements for the Upcoming School Year:

Dance enrichment programs

Tutoring sessions

After-school sports and activity programs

By responding directly to the needs and requests of students and families, these supports aim to increase engagement, attendance, and achievement while providing a safe and supportive school environment for all STH students.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Currently there are 12 Students in foster care that are at PS/IS 116.
The Social-Emotional Supports are listed below:

Dedicated Social Worker / Counselor Support:
Each student in foster care is assigned to our school social worker who conducts regular individual check-ins and, when needed, provides group counseling focused on self-regulation, coping skills, and peer relationships.

Restorative Justice Practices:
Staff working directly with these students receive training in social emotional esponsive strategies to ensure classroom interactions are supportive and sensitive to their experiences.

Crisis Intervention & Referrals:
When high-level needs arise, we coordinate with external agencies (ACS, foster care caseworkers, mental health providers) to ensure wraparound care.

Academic Supports

MTSS Intervention Placement:
All foster care students are included in our MTSS tiered support system. Based on data, students receive:

Tier 2 small-group intervention in literacy or math during WIN periods.

Tier 3 intensive one-on-one instruction for those significantly below grade level.

Progress Monitoring & Data Reviews:
Their academic data is reviewed bi-weekly to adjust interventions promptly.

Extended Learning Opportunities:
Students are prioritized for tutoring programs, after-school academic support, and enrichment clubs to promote both growth and inclusion.

Instructional Accommodations (if applicable):
For students with IEPs or 504 plans, we ensure full compliance and coordination between teachers and service providers.

Family & Agency Coordination

Caseworker Communication:
Our attendance team ensures regular outreach to foster care agencies to maintain consistent attendance and address barriers such as transportation or scheduling conflicts.

Caregiver Engagement:
Caregivers receive regular academic updates and are invited to school events, conferences, and planning meetings to build strong school-home partnerships.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At PS /IS 116 The William C. Hughley School has a coordinated system of academic, social-emotional, and logistical supports specifically designed to meet the unique needs of students in foster care, including those newly transitioning into care.

Immediate Enrollment & Transition Protocol
Foster Care Intake Meeting: Within 48 hours of identifying a student in foster care whether newly enrolled or transitioning we hold a rapid-response intake meeting with the social worker, guidance counselor, caseworker, and classroom teacher.

Stability Plan: A Stability & Support Plan is created outlining academic history, emotional needs, agency contacts, and any previous interventions looked over by our counselors and are social worker.

Social-Emotional Supports: Assigned School-Based Advocate: Each student is paired with a designated trusted adult (social worker, dean, or teacher mentor) who conducts weekly emotional check-ins.

Consistent Counseling Access: Students receive 1:1 counseling or small group SEL sessions focusing on resilience, identity, and belonging.

Crisis Response & Agency Coordination: For students experiencing placement changes or emotional destabilization, our team coordinates immediate wraparound support with ACS caseworkers or community mental health providers.

Tiered Intervention Access:

Tier 2 Small Group Instruction during WIN periods (literacy/math support).

Tier 3 Intensive Intervention for students demonstrating significant learning gaps.

Flexible Submission & Learning Supports: Teachers are trained to implement grace-based practices such as extended deadlines, modified assignments, and reteaching opportunities to account for transitional disruptions.

Attendance & Engagement Safeguards

Immediate Outreach for Absences: Any absence by a student in foster care triggers same-day outreach to both caregivers and agency caseworkers.

Incentives for Consistency: Students are included in recognition programs to reinforce belonging and participation (attendance and Dolphin of the month recognition.

Ongoing Monitoring & Collaboration

Caregiver & School Partnership: Progress reports, intervention summaries, and upcoming plans are shared regularly to ensure transparency and alignment.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Trends Identified Through Historical Data Analysis (Foster Care Population at PS /IS 116)

After reviewing historical demographic, attendance, and achievement data for students in foster care, several notable trends have emerged:

Higher Rates of Chronic Absenteeism

Students in foster care consistently show higher rates of chronic absenteeism compared to the general student population.

Absences tend to spike during placement changes, court-related appointments, and periods of family or emotional instability.

Academic Achievement Gaps

Assessment data reflects lower proficiency rates in ELA and Math among foster care students.

Many students demonstrate frequent disruptions in academic progress—particularly in literacy development—likely tied to mid-year transfers and inconsistent instructional environments.

Increased Social-Emotional and Behavioral Needs

Documentation shows higher instances of behavioral incidents, withdrawn affect, or inconsistent classroom engagement, often signaling trauma-related responses.

Maintaining open dialogue and strong partnerships with families is essential. Addressing absenteeism, academic gaps, and social-emotional needs requires a coordinated and compassionate approach. At PS/IS 116, these supports are delivered collaboratively, with ongoing progress monitoring to ensure that every student in foster care receives consistent, targeted intervention and stability.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Targeted SEL Strategies for Students in Foster Care

At 116 we immediately intake & Needs Assessment: Upon enrollment or change in placement, our counselor and social worker meet with the student and foster family to identify current emotional needs, potential trauma triggers, and preferred regulation strategies. This allows us to put supports in place before challenges emerge.

Assigned Check-In/Check-Out Mentor: Each student is paired with a consistent adult advocate (counselor, dean, or trusted staff member) who conducts daily or weekly emotional check-ins (adjust as needed). This mentor serves as a stabilizing

figure, helping students manage transitions and problem-solve before issues escalate.

Scheduled Individual and Group Counseling Sessions: Students participate in small SEL groups focused on self-regulation, coping skills, and peer relationships, using evidence-based programs such as Second Step and Zones of Regulation. Those demonstrating higher-level needs receive trauma-informed individual counseling. We have a restorative justice team and includes students who need the extra support!

Classroom Integration of SEL Practices: Teachers incorporate daily mood check-ins, calm corners, and relationship-building circles to create emotionally safe classroom environments. Staff are trained in De-Escalation Strategies and Restorative Responses to Behavior to ensure consistency. This is a implementation and the restorative justice also supports in areas of restroative circles, check ins and school wide plans to support SEL.

Multidisciplinary Progress Monitoring: Our Attendance and MTSS teams meet monthly to review academic, behavioral, and attendance data for students in foster care. Intervention plans are adjusted collaboratively and communicated clearly with caregivers.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

William C. Hugley School PS/IS 116Q will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;

- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

The William C. Hugley School , in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;

- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;

- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

1. Establish a Professional Learning Community (PLC): Foster a collaborative culture where educators can engage in ongoing professional development and share best practices. PLCs provide opportunities for teachers to collaborate, reflect on instructional strategies, and analyze student data to make informed instructional decisions.

2. Align Professional Learning with State Standards: Ensure that professional learning opportunities directly align with state standards and curriculum frameworks. This alignment will help educators deepen their content knowledge, instructional practices, and assessment strategies, enabling them to effectively support students in meeting the standards.

3. Provide Targeted Training: Identify specific areas where teachers, principals, staff, and paraprofessionals need support and offer targeted training to address those needs. This may include workshops, seminars, or online courses focused on subject-specific pedagogy, assessment techniques, differentiated instruction, or instructional technology.

4. Utilize Coaching and Mentoring: Offer coaching and mentoring programs where experienced educators provide guidance, feedback, and support to their colleagues. Coaching and mentoring relationships can help teachers refine their instructional practices, address individual challenges, and implement evidence-based strategies effectively.

5. Encourage Professional Learning Networks: Encourage educators to participate in professional learning networks both within the school and in external communities. These networks can facilitate the sharing of resources, research, and innovative practices, fostering professional growth and collaboration.

6. Use Data-Driven Instruction: Provide professional learning opportunities that emphasize the effective use of data to inform instruction. Educators should be trained on how to analyze student performance data, identify areas of improvement, and adjust their instructional strategies accordingly.

7. Promote Reflective Practices: Encourage educators to engage in reflective practices, such as self-assessment, peer observation, and lesson study. Reflective practices enable teachers to critically analyze their instructional practices, identify areas for growth, and continuously improve their teaching skills.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

1. Aligned Curriculum: Establish alignment between the early childhood program and the elementary school curriculum. This includes shared goals, learning standards, and expectations to create continuity in children's educational experiences.

2. Joint Professional Development (PD): Organize joint professional development opportunities for preschool and elementary school teachers. These sessions can focus on sharing best practices, discussing curriculum alignment, and fostering collaboration to support a seamless transition for students.

3. Parent Involvement Activities: Engage parents in the transition process through various activities. These may include orientation sessions, parent workshops, and home-school communication to provide information about the elementary school program, address concerns, and involve parents as partners in their child's education.

4. Sharing of Records/Information: Facilitate the sharing of records and information between early childhood programs and elementary schools. This includes sharing assessments, developmental milestones, individual education plans (IEPs), and any other relevant documentation to ensure continuity of services and support for children with special needs.

5. Early Intervention Services: Identify children who may require additional support and ensure a smooth transition by coordinating with early intervention services. This may involve conducting assessments, sharing information, and collaborating with specialists to provide appropriate services and accommodations in the elementary school setting.

6. School Visits/Orientation: Organize visits and orientation sessions for preschool children and their families to familiarize them with the elementary school environment. This helps children become comfortable with the new setting, meet their future teachers, and explore classrooms and facilities.

7. Transition Meetings and Individualized Plans: Conduct transition meetings involving preschool teachers, elementary school teachers, administrators, and support staff. These meetings can focus on individualized transition plans for children with unique needs, addressing specific challenges, and developing strategies to support a smooth transition.

8. Communication and Collaboration: Establish ongoing communication channels between early childhood programs and elementary schools. This allows for the exchange of information, updates on student progress, and addressing any concerns that may arise during the transition period.

9. Peer Buddy Programs: Implement peer buddy programs where current elementary school students are paired with incoming preschool children. Peer buddies can provide support, friendship, and guidance, helping preschoolers adjust to the new school environment.

10. Transition Assessments: Conduct assessments or screenings during the transition period to identify children's strengths, needs, and areas requiring additional support. This information can guide instructional planning and intervention strategies in the early elementary years.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student Funding)	Local			

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.

- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written "Addendum Attached" and provided supplemental documentation to explain why the school was unable to obtain the individual's signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Tara Malagoli
Assistant Principal (Where Applicable)*	Isannah Winley
English as a New Language (ENL) Teacher*	Brittany Allen
Teacher (if school has a bilingual program must be a bilingual teacher)*	Diana Duarte
Parent/Guardian*	
ENL Teacher	Amy Hernandez
Parent Coordinator	Timothy Marshall
School Counselor	Arnold Renois
Related-Service Provider	Laura DeVito
Teacher	Danielle Thompson
Teacher	Meredith Logvin

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

3

Number of teachers who hold both content area/common branch and ESOL certification:

6

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

1

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

1

Total number of teachers with LOTE certification providing World Language instruction:

1

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

791

Total number and percentage (%) of current ELLs:

235 29.71%

Total number and percentage (%) of former ELLs:

33 4.17%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

193 81.8%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

35 14.8%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

8 3.4%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

8 3.4%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

26 11.0%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	DLBE	Spanish	2025 - 2026	1													1
DLBE	DLBE	Spanish	2025 - 2026		1												1
DLBE	DLBE	Spanish	2025 - 2026			1											1
				total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At PS/IS 116, stand-alone instruction is delivered in groups to students who scored Entering and Emerging as per the latest NYSESLAT score. Students work with peers of similar language needs on materials best suited to their strengths and areas of growth.
As per CR Part 154, Entering students receive 1 unit of study in ENL (180 minutes) and Emerging students receive .5 unit of study in ENL (90 minutes.)

Students are grouped in no more than two consecutive grades and are pulled out during their scheduled ELA instruction. In grades with a large ELL population, the groups for stand-alone instruction are homogeneous with multiple ways to address the proficiency levels. Grades with a smaller ELL population have heterogeneous groups with mixed proficiency levels.

The ENL teachers and co-teachers in the subject areas of ELA, Math, Science, and Social Studies collaborate regularly to plan curriculum and address individual student needs. The ENL teacher ensures that the ELLs in the stand-alone instruction are receiving the same curriculum. However, instruction is delivered with necessary scaffolding and individual support in order to ensure comprehension and retention of the subject matter. Scaffolds implemented during Stand Alone instruction include modeling think alouds, teachers using slow speech and enunciating, reinforcing contextual definitions, simplified questions, question stems, discussion cards/prompts, engaged read-alouds to model correct pronunciation, graphic organizers, visuals, explicit modeling through visuals, gestures, and realia, wait time, and allowing students to collaborate with peers.

ELLs with IEPs who are Entering and Emerging can be grouped in three consecutive grades. All teachers of ELLs with IEPs follow each student's IEP goals and are in unison in regard to the student's progress and needs in their respective subject areas.

Collaboration among all teachers of ELLs is a priority to ensure that all ELLs are receiving the necessary instruction to ensure optimal progress towards English proficiency and Cross-Cultural understanding.

1 Dually certified teacher (Common Branch/ESOL) provides ENL integrated and stand alone minutes for the ELLs programmed in that class.

Integrated ENL:

For integrated ENL services, the minutes of the program and schedule are determined based on the student's proficiency level, as per their latest NYSESLAT. Where possible, ELLs are placed in the same class to facilitate Integrated instruction by all service providers.

ENL teachers provide 180 minutes of Integrated services to every Entering, Emerging, Transitioning or Expanding student. Commanding students receive 90 minutes of integrated ENL or an equivalent, approved alternate pathway for the two school years after exiting. The ENL teachers collaborate with the co-teacher in the subject area of ELA, Math, Science or Social Studies. They prepare the academic vocabulary, the scaffolding necessary for each lesson, prepare questions for understanding, and plans on how to deliver the lesson collaboratively. During integrated ENL, teachers use the following co-

teaching models: station teaching, parallel teaching, team teaching, and alternative teaching. To prepare for lessons, ENL teachers have one designated co-planning period with their co-teachers. The ENL Program progress is monitored triannually (Beginning-of-Year/BOY, Middle-of-Year/MOY, End-of-Year/EOY).

During independent work, both teachers provide support based on the needs of the students. Following the lesson, teachers discuss instruction, students' performance, and next steps.

The scaffolds that are implemented during integrated ENL instruction during ELA are: thinking maps and graphic organizers, glossaries (picture and word in English) glossaries in their first language and personalized portable word walls. In Math, glossaries, number lines(individual), math maps, charts with symbols and words for that unit and manipulatives. The curricular resources used for integrated ENL include the Multilingual Support resources from HMH, Phonics for Reading, and Sound Sensible. Instructional absolutes includes Learning and Language objectives aligned to grade level NGLS standards, Success criteria, Checks for understanding throughout the lesson, "I Do, We Do, You Do" lesson format, Planned questions, Anchor charts (offered in students' L1 when possible), Kid-watching checklists and visual learning supports.

1 Dually certified teacher (Common Branch/ESOL) provides ENL integrated and stand alone minutes for the ELLs programmed in that class.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

The Dual Language Bilingual Education (DLBE) Program at PS/IS 116 serves Kindergarten through second grade and includes an approximately equal number of English Language Learners (ELLs) and English-proficient students. The program is designed to develop bilingualism, biliteracy, and biculturalism by providing instruction in both English and Spanish across all content areas. The goal is for students to read, write, speak, and think fluently in both languages while meeting or exceeding the Next Generation Learning Standards (NGLS).

The DLBE program is a full-time program of instruction that follows the two-teacher model, where students alternate between English and Spanish instructional settings. Instruction in both languages is aligned to grade-level standards and integrates language development with content learning. Lessons are differentiated to meet the needs of ELLs and English-proficient students, ensuring that both groups progress academically and linguistically.

To support high-quality instruction in both languages, the program utilizes the following resources:
Spanish Phonics: Estrellita
English Phonics: Fundations
Phonological Awareness (both languages): Heggerty
English Reading: HMH Into Reading
Spanish Reading: HMH Arriba la Lectura
Mathematics: i-Ready Math
Reading Assessment and Small Group Instruction: Fountas & Pinnell (English and Spanish)

All classrooms, including DLBE settings, adhere to the schoolwide instructional absolutes to ensure consistency and rigor:
Learning objectives are aligned to grade-level NGLS and posted as student-friendly "I can" statements with explicit "how" strategies.
Success criteria are clearly defined for each lesson.
Checks for understanding occur throughout instruction to monitor progress and guide reteaching.
Higher-order questioning encourages critical thinking and student inquiry ("why" and "how" questions).
Anchor charts, WOW words, and academic discourse prompts support vocabulary and conceptual understanding.

Evidence of small-group work, collaborative learning, and student talk is present in all classrooms.
Visual, auditory, and kinesthetic supports, kid-watching checklists, and print-rich, organized learning environments promote language development for all learners.

Students in the DLBE program are grouped in heterogeneous classes with an equal balance of ELLs and English-proficient students. Within classrooms, students engage in small-group instruction that may be homogeneous by proficiency level during targeted language development or guided reading sessions to ensure tailored support.

DLBE program progress is monitored continuously through multiple structures:
Ongoing formative and summative assessments (HMH, i-Ready, Fountas & Pinnell, running records, and language proficiency data).
Instructional Leadership Team (ILT) meetings review DLBE student progress, instructional practices, and data trends to inform next steps.
Teacher Team Meetings analyze student work, language growth, and curriculum pacing to ensure alignment across English and Spanish instruction.
Whole School Data Reviews include DLBE outcomes to ensure alignment with overall school goals and equitable outcomes for bilingual learners.
This integrated approach ensures that DLBE students at PS/IS 116 receive a rigorous, culturally responsive education that supports academic achievement, language development, and cross-linguistic transfer in both English and Spanish.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

To ensure the mandated number of minutes are provided within our ENL Program, we refer to the Commissioners Regulation Part 154-2 (K-8) English as a New Language (ENL) Units of Study. The program model currently utilized at PS/IS 116 is English as a New Language (ENL stand-alone and Integrated). Entering students in grades K-8 receive one full unit of standalone ENL (180 minutes) and one full unit of integrated ENL (180 minutes) during ELA instruction.

Emerging students receive at least 0.5 units of stand-alone ENL with 0.5 flexible units of study (90-180 minutes) and at least one unit of integrated ENL with 0.5 flexible units of study (180-270 minutes) during ELA instruction.

Transitioning students receive up to 0.5 units of stand-alone ENL for their flexible unit of study (0-90 minutes) and at least 0.5 units of integrated ENL, with 0.5 flexible units of study (90-180 minutes) during ELA instruction.

Expanding and Commanding students are not programmed for stand-alone ENL. However, Expanding students receive one unit of integrated ENL (180 minutes) during ELA instruction.

Commanding students receive 0.5 units of integrated ENL or an equivalent, approved alternate pathway (90 minutes) delivery ELA instruction for the two school years after exiting ELL status.

A TESOL-certified teacher develops and reviews the master schedule to ensure all multilingual learners receive the mandated number of instructional minutes for both integrated and stand-alone ENL services. The TESOL-certified teacher also updates STARS and verifies all class assignments for accuracy and compliance. Monthly, the ENL Coordinator completes EDUR follow-up and follow-through to monitor service delivery. The coordinator, along with the ENL team, conducts ongoing outreach to families to confirm that all ELLs/MLLs are receiving appropriate services and that all ENL-related documentation remains current and compliant with NYCDOE and NYSED requirements.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Instructional minutes are based on the CR Part 154-2 Units of study for ENL K-8. ELLs receive mandated ENL units of study through stand-alone ENL with a K-12 certified ESOL teacher and integrated ENL with two individually certified teachers (co teaching).
Entering ELLs receive 1 unit of study (180 mins) of stand-alone ENL and 1 unit of study (180 mins) in ENL/ELA of integrated ENL.
Emerging students receive .5 units (90 mins) of stand-alone ENL and 1 unit of study in ENL/ELA (180 mins). Additionally, Emerging students have a .5 flexible unit of study that can be stand-alone or integrated ENL/Core content area (90 mins).
Transitioning ELLs receive .5 unit of study in ENL/ELA or another content area of integrated ENL and have a .5 flexible unit of study that can be stand-alone or integrated ENL/Core content area (90 mins).
Expanding ELLs receive 1 unit of study in ENL/ELA or other core content area (180 mins).
Commanding or former ELLs receive their .5 unit of study (90 mins) per week through the Alternative pathways option A: small group learning, in which their classroom teacher develops their services in conjunction with an ENL teacher.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language Bilingual Education model implemented at P.S/I.S.116 uses a two-way roller-coaster model. This 50/50 model aims to develop bilingualism and biliteracy in both languages, enhance academic achievement, and cultivate cross-cultural understanding. English proficient students and Spanish proficient students (ELLs) are taught in both English and Spanish language provided the same day following a 50/50 roller coaster model. For example, on Monday morning instruction is in English and then it transitions to Spanish in the afternoon. The next day's instruction will start in Spanish in the morning and transitions to English in the afternoon. With this model both languages are targeted equally in each content area.

b. In which language(s) is each core content area taught?

Each content area is taught in English and Spanish in the Dual Language program.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At PS/IS 116, 81.8% of ELLs are Newcomers. Effective instruction for Newcomers differs from those provided to Developing or long-term ELLs by including more activities to develop social language through speaking opportunities. PS/IS 116 provides effective instruction for Newcomer ELLs by providing more listening activities (i.e. read alouds) with visuals, realia, and role playing. Newcomers have more practice with fluency through choral reading and various opportunities to acquire vocabulary.

Services for Newcomers focus on the listening and speaking modalities, sound to sight connection (i.e. presenting words visually along with hearing the words), flash cards, labeled classrooms and commonly frequented areas around the school building (i.e. bathroom, cafeteria, auditorium), and print rich classrooms to expose Newcomers to as many English words as possible. Teachers frontload vocabulary for Newcomers, incorporate images, videos, and gestures. Effective services for Newcomers include pre-teaching academic language, allowing students to work with peers or in groups, and breaking down larger projects into smaller chunks with clear instructions. Newcomers are also provided with opportunities for self-selected writing and reading.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At P.S./I.S. 116, 3.4% of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE).
These students have specific needs in regard to their social emotional development and acclimation to their new environment. A calm and safe environment is created to address their social emotional needs, along with the Peace Corner in each classroom. Teachers use culturally and linguistically responsive instruction by tying content to students' background knowledge or prior experiences, posting welcoming signs in students' languages, and inviting students to share their culture.

The SIFE Writing Screener and the Multilingual Literacy SIFE Screener are administered to identify students' basic writing skills and literacy needs. Differentiated effective instruction for SIFE includes listening activities with visuals and realia. They build fluency through choral reading. Activating period knowledge through word associations and KWL charts, providing a print rich environment with appropriate texts written at a basic reading level, high interest/low ability books, native language materials. Teachers incorporate increased wait time and opportunities for peer learning. SIFE students engage in hands-on and project-based learning.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At PS/IS 116 3.4% of ELLs are Long-Term ELLs (7 years or more). The ENL department analyzes the data to determine which modalities the student needs to be supported in. Based on the determination, the team devises strategies and best practices to address each students' area of needs, then lessons are tailored to address those specific needs. Some effective services for Long-term ELLs include front loading vocabulary in simple mini lessons, providing resources such as dictionaries, thesauruses, and translation applications along with practice on using the resources. Students also receive sentence frames or sentence starters in lessons where appropriate and ENL and content area teachers provide valuable feedback to reflect on students' progress and growth in writing, which is often the most difficult modality to master. Long-term ELLs participate in the ENL Enrichment After School program, where they receive small group instruction to help them achieve proficiency. The ENL and content area teachers monitor the students' progress across all subject areas.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At PS/IS 116, 4.2% of the students are former ELLs. Former ELLs are supported through the alternative pathways options Project-based learning and Small Group Learning. The Project Based Learning pathway offers authentic problem-solving, content, and language development in collaborative settings. The setting is group based and the service will be year long with 90 minutes per week. Some activities included are creating blueprint/plans/outlines, drafts and proposals, journals, daily/weekly logs, and a final product or project for the students. The Small Group Learning pathway provides rich language use, collaboration, problem-solving, and targeted content-based learning for former ELLs. The setting is a differentiated content area with ENL embedded support in a small group for a minimum of 90 minutes per week. Some activities include guided/close reading, guided writing, word work/ vocabulary, content area work, centers, inquiry group (for example, science).
Former ELLs are paired and grouped strategically within diverse classes. This promotes building community, opportunities for leadership and collaboration, and additional support from and for peers. Former ELLs are supported by teachers explicitly teaching how to use language for academic purposes and exploring the linguistic demands of the curriculum. ENL and content area teachers review the content and plan for the language students will need to achieve the content objective. This explicit teaching helps Former ELLs achieve their language goals.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

??The majority of Multilingual Learners/English Language Learners (MLLs/ELLs) at PS/IS 116 are Newcomers (81.8%), indicating a population in the early stages of English language acquisition who benefit from foundational language development and acculturation supports. A smaller portion of students are Potential Long-Term ELLs (9.3%) or Long-Term ELLs (3.4%), reflecting steady progress through years of service but also highlighting a subset that may require intensified interventions to accelerate proficiency growth. While only 3.4% of students are identified as SIFE, 36.9% did not demonstrate sufficient progress on the 2024 NYSESLAT, and approximately one-third scored at Levels 1–2 on ELA (32.6%) and Math (37.7%), with a consistent group showing low performance across two years. These trends suggest the need to strengthen language-integrated instruction and provide increased collaboration between ENL and content-area teachers to target both literacy and academic language.
Additionally, with 32.6% of ELLs in temporary housing, the school will continue to prioritize attendance monitoring, social-emotional supports, and family engagement through translation and interpretation services. Data from NYSESLAT performance and state assessments will inform flexible grouping, targeted small-group interventions, and professional learning on scaffolding strategies.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The latest data shows that the majority of Former English Language Learners (FELLs) at our school are maintaining steady academic progress following their exit from ENL services. Only 3% are overaged, and 0% have been retained or are under-credited, indicating consistent promotion and effective support systems. However, 56% of Former ELLs scored at Levels 1–2 in Math and 24% scored at Levels 1–2 in ELA last school year, suggesting that a subset of students may still struggle with academic language and content-area vocabulary demands, particularly in mathematics. These patterns highlight the need to continue reinforcing language-integrated instruction beyond ENL exit to ensure sustained achievement across content areas.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of the ELLs with the largest representation at PS/IS 116 are Spanish and Bengali. According to the ELL Data Analysis Tool of May 2025, 185 ELLs have Spanish as their home language and 33 have Bengali as their home language.
Spanish/English Dual Language classrooms will be opened for kindergarten and first grade in the 2025 - 2026 school year. The creation of the Staff Language Directory identifies staff members that are multilingual and the languages they speak. These staff members assist with translation for families and students. The principal invites families monthly to discuss relevant information at the "Coffee and Conversations" series; Spanish and Bengali translation is provided at these meetings.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of ELLs at PS/IS 116 include 96 American Indian or Alaskan Native ELLs; 4 Non-Hispanic and 92 Hispanic. 37 Asian ELLs; 32 Non-Hispanic and 5 Hispanic.
20 Black ELLs; 5 Non-Hispanic and 15 Hispanic. 2 Multiracial Hispanic ELLs. 23 Native Hawaiian or Other Pacific Islander Hispanic ELLs. 48 White ELLs; 1 Non-Hispanic and 47 Hispanic.

ELLs are included in the planning and delivery of Culturally Responsive and Sustaining Education through a teacher-created,welcoming and affirming environment for ELLs to feel safe. The physical environment of the classroom contains images, books, and other items representing students' cultures, languages, and identities. All cultural identities (i.e. race, ethnicity, age, gender, sexual orientation, disability, language, religion, socioeconomic background) are affirmed, valued, and used for teaching and learning. There is diversity amongst art, food, and activities in the school building. High expectations and rigorous instruction are included by encouraging ELLs to have a growth mindset towards overcoming challenges. ELLs participate in leadership opportunities such as the Student Ambassador program and peer-led discussions on materials and topics of interests that are applied to the content areas. Students are offered alternative ways to access the curriculum with project-based learning. Implicit Bias workshops and building cultural understanding is encouraged school wide.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

ELLs can demonstrate sufficient progress, or a threshold of student growth on the NYSESLAT, in one of three ways: (1) exiting ELL status by scoring commanding on the NYSESLAT or Expanding on the NYSESLAT and either 3 or above on NYS ELA or 65 or above on English Regents Exam. 19 or 8% of ELLs met progress my Exiting ELL status. Method 2 is meeting the annual ELP progress target between the two most recent NYSESLAT exams. 25 or 24% of ELLs met their annual progress

target. Method 3 is meeting the safe harbor criteria for cumulative progress between the most recent year and initial NYSESLAT English language proficiency level. 1 or 1% of ELLs met safe harbor cumulative growth. If students did not exit ELL status, did not receive a spring 2024 NYSESLAT proficiency level, or have fewer than two NYSESLAT exams, then they have insufficient data to calculate ELP progress. 87 or 36.9% of ELLs did not meet progress. PS/IS 116 has 193 Newcomers or ELLs with 0 - 3 years of ELL Service. Many of these students have not taken 2 NYSESLATs resulting in insufficient data to calculate the ELP progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When looking at the results of the NYSESLAT, what stands out is 12 ELLs scored Commanding across all grades. 41.3% of first graders scored highest in the Listening modality and 75.8% scored lowest in Writing.

50% of the current second graders scored highest in Speaking and 50% scored lowest in Reading. In third grade, 66% of ELLs scored highest on Speaking while 50% scored the lowest in Reading. For 4th grade, 49% scored highest in Speaking. 39% of fourth grade ELLs scored lowest in Writing. Something that stands out is that 61% of 5th graders scored lowest in Writing and 67.9% scored highest on the Speaking modality. There are also no fifth graders who had Writing as their highest modality. Overall, 90% of ELLs in grade 6 scored highest in Speaking and there was a tie between Reading and Writing as with 90% of ELLs scoring the lowest in these modalities combined. 67% of seventh graders scored highest in Speaking while 38% scored the lowest in Reading. In eighth grade, we see that for each modality 25% of students scored lowest in the four modalities. However, 35% of 8th grade ELLs scored highest in Writing.
When looking at all the scores of ELLs that took the 2025 NYSESLAT across all grades, there were 26 students that received a raw score of zero for the Writing modality. Half of those students received a raw score of zero on Speaking, as well.

Out of the 26 ELLs that received no points for Writing, 58% are Entering and 42% are Emerging. With the exception of Kindergarten and 8th grade, Speaking was the highest scoring modality across the rest of the grades. It is evident that the ELLs at P.S/I.S 116 mainly perform better in the Speaking and Listening modalities. As a whole, the Reading and Writing modalities are more challenging.

The most challenging portion of the test was Writing components. The Entering and Emerging students either left that portion blank even with prompting, copied directly from the text or copied the question. The Transitioning and Expanding students struggled with spelling, punctuation, capitalization and grammar. In the Reading portion of the test, the Entering and Emerging students, who are reading far below grade level, bubbled in each question very quickly while the Transitioning and Expanding students, who were approaching or near grade level, attempted to answer each question carefully after reading the passages.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Upon analyzing the NYSESLAT results in each modality, it is apparent that students perform strongest in Listening and Reading, demonstrating stronger comprehension and receptive language skills. The Writing modality remains the area in greatest need of scaffolds, as many students struggle to express ideas fully in written English. Speaking performance falls between these areas, with students generally able to communicate orally but still requiring support with academic language and complex sentence structures.

Students' performance on the NYSESLAT demonstrates a clear relationship with their achievement on other state assessments, including the ELA assessment, Math assessment, and Regents exams. Students performing at the Entering (EN) and Emerging (EM) levels typically score below grade level in both ELA and Math, with many students demonstrating "Well Below" or "Below" benchmarks on assessments such as iReady and Acadience. Those at the Transitioning (TR) level show improving performance, often approaching grade-level expectations and demonstrating steady growth across ELA and Math, while students at the Expanding (EX) level consistently perform at or above grade level and are more likely to

achieve passing scores on Regents exams.

This positive correlation between NYSESLAT proficiency and performance on state assessments highlights the impact of English language development on academic achievement. ELA performance is most strongly aligned with NYSESLAT levels, reflecting the direct relationship between English proficiency and literacy outcomes, while Math performance also improves as language proficiency increases, though some students demonstrate stronger relative skills in Math than in ELA. These patterns inform instructional planning: students at Entering and Emerging levels benefit from targeted language scaffolds and differentiated instruction, Transitioning students benefit from continued integrated language and content support, and Expanding students are ready to engage in grade-level content with minimal support.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

35.2% of ELLs scored at theTransitioning level on the Spring 2025 NYSESLAT. The ELLs with IEPs mostly scored Expanding . One of our ELLs with an IEP scored Commanding on the NYSESLAT. 46.6% of ELLs with IEPs scored Expanding. 13.3% scored Entering and another 16.7% scored Emerging, 20% scored Transitioning.

100% of ELLs with inconsistent/interrupted Education (SIFE) scored Emerging on the 2024 NYSESLAT. A trend that is reflected on the NYSESLAT results for these ELL subgroups shows that interrupted formal education impacts their acquisition of a new language. ELLs' exposure to reading and writing in their home language outside of school is impacting these results.ELLs with Learning disabilities, IEPs, and SIFE students present deficiencies in the reading and writing modalities of the NYSESLAT. Their interrupted education and learning disabilities are negatively impacting their results on the NYSESLAT.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At P.S/I.S 116, teachers use explicit modeling, clear directions, multiple comprehension checks and intentional grouping for every lesson. Students receive opportunities for partner and group work with students that have the same home language as well as with students that have different home languages. This provides them with peer learning in diverse groups and peer interaction for increasing their English language production. Teachers use a variety of strategies such as sentence stems/frames, discussion tenchinques and use many visual aids to provide ELLs with the support needed to increase oral academic language. Technology and culturally relevant materials are incorporated into our lessons as well. To further promote deeper learning, teachers build on ELLs prior knowledge to increase comprehension.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team supports MLs/ELLs by considering their academic and social needs when constructing instructional design. Our Instructional Focus addresses three main points: Critical Thinking, Academic Discourse, and High-Leverage Questioning. ML/ELLs are considered in the school's instructional design through the inclusion of visuals (anchor charts, videos, etc) and sentence starters to promote critical thinking. ML/ELLs use Think-write-share protocols, discourse cards, and table tents with questions and discourse prompts. Through rigorous discourse with peers, writing/drawing to connect to content, and the use of graphic organizers, ML/ELLs are given support to address high leverage questioning. Furthermore, professional learning is provided for all staff on how to support academic and social progress for the ELLs. The curriculum has an MLs/ ELLs portion and a school wide focus on vocabulary, scaffolding and differentiating instruction to meet the needs of all learners. Classrooms are print rich in literature and visual aids to develop language skills and foster academic progress.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

All core content is delivered in English. In the Integrated program model, the ENL and content area teachers collaborate to deliver instruction. Vocabulary is front loaded before the lesson and the teachers determine how to deliver the lesson while establishing multiple entry points for the students based on proficiency levels. Questions are planned and there are multiple checkpoints for understanding throughout the lesson.

In the Stand Alone model, the lessons are taught in a separate location and support the content/instruction that students are receiving with their classroom teacher(s). The stand alone lessons convey various subject areas. ENL teachers incorporate scaffolds within the lesson to address the different learning styles of the students and collaborate with the classroom teacher to devise lessons to help the students achieve academic success. Technology is integrated in lessons to aid in content comprehension/acquisition.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

To provide access to grade level academic content areas and accelerate MLs/ELLs with IEPs' language development, teachers use early intervention, individual guidance and assistance, and incorporate each student's individual learning style(s). Teachers at PS/IS 116 use multiple modalities and differentiate their instruction. Other strategies include front loading vocabulary and key concepts before reading and providing students with sentence frames. Teachers utilize visuals to support academic work, encourage re-reading of tasks/instructions, and provide additional time to complete assignments/tests. Some other strategies and materials used include manipulatives or hands-on materials, TPR (total physical response), thinking maps and graphic organizers.
Technology websites like ABCYA, PebbleGo, PebbleGo Next, and typing.com are offered in other languages. The Fundations and Heggerty Phonics curriculums are utilized with the students to help them improve their phonemic awareness.

b. SIFE

Instructional resources used with SIFE students include the SIFE Oral Interview Questionnaire, Multilingual Literacy SIFE Screener, and the Writing Screener. Using these resources aid in determining the SIFEs' literacy levels in their home language to allow ENL teachers to design appropriate instruction. Once released, PS/IS 116 will utilize the SIFE ELA Foundational Low Literacy Curriculum to meet the needs of SIFE students at or below 3rd grade level.

Other instructional resources for SIFE students include:
-Front-load vocabulary
-Activate prior knowledge through the use of videos/images
-Use of realia
-Model behaviors: think-alouds
-Provide a print rich environment: thinking maps, graphic organizers, read alouds, realia
-Chunk grade level text into smaller pieces
-Engage students in hands-on learning.
-Encourage students and parents/guardians to build on native language skills by reading, speaking, listening and writing at home. This will assist students in acquiring a new language.
-Utilize technology: have students use applications to assist in language acquisition (BrainPOP ELL, PebbleGo, Readworks, Imagine Learning, Lexia, etc.)

c. Newcomers

For newcomers, teachers work on lowering affective filter by creating an inviting classroom/school environment. Some strategies teachers use are labeling the classroom, utilizing sentence starters and frames, and encouraging students to use their native language and provide books in their home language. PS/IS 116 cultivates relationships with students and are culturally responsive in multiple ways such as creating a diverse library that is inclusive of all students' backgrounds. To provide access to grade level academic content areas and accelerate newcomers' language development, teachers

incorporate visual aids, Total Physical Response to help with vocabulary, and initiate repetition of basic interpersonal communication skills and academic language. Additionally, teachers provide students with a "language toolbox" with illustrated vocabulary words organized by theme/subject. Newcomers can access academic content by utilizing technology like using applications to assist in language acquisition (BrainPOP ELL, PebbleGo, Readworks, Imagine Learning, etc.)

d. Long Term ELLs

For Long-Term ELLs, ENL teachers collaborate with students' content area teachers to ensure that strategies are being used to accelerate language development:
-Front-load vocabulary: review words and definitions
-Students participate in independent practice
-Engage in close reading activities and use questioning techniques to encourage comprehension (Think-Write-Pair-Share, I See, I Think, I Wonder etc.)
-Initiate accountable talk
-Pair long term ELLs with English native speakers.
-Thinking Maps and graphic organizers

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

PS/IS 116 uses curricular, instructional and scheduling flexibility to enable ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment. Support is provided by first identifying the students' strengths, areas of concerns, and level of performance in academic areas. The learning profiles for ELLs with IEPs include information on the students' cultural, linguistic, and academic background and experiences. There is a team-based analysis of the students' work and data. The students' present level of performance addresses their individual strengths and needs in all core content areas and language proficiency. It allows for ongoing adaptations of scaffolds and interventions based on the students' progress. The staff members servicing the student provide strategies that can be applied to instruction. These factors are considered while determining the most appropriate least restrictive environment for those learners. For ELLs with IEPs, the ENL teacher attends the annual IEP meeting to collaborate and plan to support the students in meeting their IEP goals. ELLs with IEPs will receive tier 2 and tier 3 instruction based on the MTSS framework.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

For the programs ENL and DLBE, students are assessed through the Spanish Language Assessment Battery (LAB). This is a Spanish language proficiency test for students in all grades. The test has different levels: Level I is for students in K-2; Level II is for grades 3-5; and Level III is for grades 6-8. Each of these levels contains different sections: Speaking, which requires an oral response to an oral or pictorial stimulus; Listening, which requires choosing the correct response to an oral or pictorial stimulus; and Reading, which uses a cloze format. Teachers that are native or native-like speakers of Spanish administer this exam.

For ENL, instruction is provided in English. Home language support is delivered through visual models, translation tools, sentence frames, vocabulary instruction, foundational lessons, read alouds, modeling, cloze, shared, echo and choral reading, questioning and discussion techniques, small group instruction, and scaffolding

For DL, instruction is provided in English and Spanish. Additional support is delivered through visual models, translation tools, sentence frames, vocabulary instruction, foundational lessons, read alouds, modeling, cloze, shared, echo and choral reading, questioning and discussion techniques, small group instruction, and scaffolding

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

PS/IS 116 offers Spanish as a language elective for grades 6–8. The primary purpose of the Spanish elective is to prepare students to be high school ready by reinforcing the 5 major skills: Speaking, Listening, Reading, Writing, and Culture. MLs/ELLs are prepared to obtain the New York State Seal of Biliteracy by engaging in meaningful teaching and learning, respecting diversity and culture, and providing opportunities for all students to become skilled in English and Spanish.

The program ensures equitable access by supporting differentiated instruction and scaffolds that meet the diverse linguistic needs of all MLs/ELLs, including newcomers and students with interrupted education. Instruction is aligned with the NYS Learning Standards and incorporates translanguaging strategies and culturally responsive pedagogy. Students are supported through advisement and progress monitoring to meet the Seal of Biliteracy requirements, including portfolio preparation and language proficiency assessments. Additionally, students engage in cultural exchange and community-connected projects that foster cross-cultural understanding and pride in multilingualism.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS/IS 116, we have established effective systems for co-teaching and collaboration across all ELL program models, including Integrated Co-Teaching (ICT), Dual Language Bilingual Education (DLBE), and English as a New Language (ENL). These systems ensure that all students, particularly ELLs, have access to high-quality, differentiated instruction.
ENL, DLBE, General Education, and Special Education teachers meet regularly to plan upcoming units, considering IEP goals, language needs, cultural relevance, and the general education curriculum. This ensures lessons are tailored to the diverse needs of our students. During planning, teachers incorporate strategies and scaffolds—like graphic organizers and sentence frames—that support language development and content comprehension. This approach ensures that ELL students can access both academic content and language learning.
In ICT classrooms, ENL, General Education, and Special Education teachers work together to provide content instruction while supporting ELLs' language development. This collaboration ensures that ELL students are integrated into the general education setting with targeted language support.
In DLBE, bilingual teachers co-plan lessons to align content and language objectives in both English and the students' native language. This model promotes academic growth in both languages, ensuring students become proficient in English and their native language.
Co-teaching teams participate in professional learning opportunities to share best practices, discuss challenges, and refine strategies for supporting ELLs. These sessions focus on culturally responsive teaching, language scaffolding, and content differentiation. Teachers regularly observe each other's classrooms during intervisitations and provide feedback to improve instructional practices and ensure alignment in co-teaching models.
Teachers use data from language proficiency assessments, formative tests, and student performance to adjust instruction. This allows for targeted support based on individual language needs and content mastery.
Teacher Teams (grade or content specific) meet for Inquiry regularly to review student data and identify areas for improvement and make timely adjustments to instruction to ensure progress in both language development and content learning.

Our co-teaching and collaboration systems ensure that all students, especially ELLs, receive the support they need to thrive academically and linguistically. Through regular planning, professional development, and data-driven decision-making, we create a learning environment that fosters academic success and language development for all students.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

PS/IS 116's annual professional learning plan ensures that all staff have monthly professional learning in the areas of content and social emotional needs from the ENL Team, School Building Leaders, Literacy Coaches, Queens South Borough Office, and approved professional learning opportunities. We provide open office hours before school and during other professional work to address staff needs. Some Professional Learning topics include:
SEL Reboot (presented by Admin)
SEL Best Practices and Resources (presented by school dean)
Roles of Co-Teachers in Integrated ENL (presented by the ENL team)
Scaffolding Tools and Activities for ELLs (presented by the ENL team)
Helping ELLs in the Classroom (presented by the ENL team)
Understanding ELLs (presented by the ENL team)

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

PS/IS 116 administrators inform teachers of all professional development opportunities offered in the school, district, and city wide. Teachers and staff model lessons and participate in inter-visitations. Teachers are provided with ongoing professional learning opportunities throughout the year. Staff members collaborate and share best practices in all content areas. Teacher teams meet to address the needs of their students and turnkey information from professional learning opportunities. The ENL team holds open office hours to address staff needs in addition to the professional development workshops they provide throughout the school year. These workshops cover topics to inform classroom teachers on ways to help MLLs/ELLs succeed such as scaffolding tools and activities, culturally responsive teaching, addressing emotional and academic needs, etc. The ENL team maintains ongoing professional development to support MLL/ELLs. In addition, teachers are provided with the opportunity to attend DOE and UFT approved PDs that provide CTLE hours necessary for maintaining knowledge of current educational trends.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessments being used to guide instructional planning for the ELLs at PS/IS 116 are MSQI, Fountas and Pinnell, iReady Math and ELA, DRP, Envisions Beginning/Middle/End of year assessments (English and Spanish), NYSITELL, NYSESLAT, Periodic assessments such as Fundations and Estrellita, Imagine Learning, Read Theory, Multilingual Literacy SIFE Screener, Writing Screener, and Acadience.
Teachers come together to share and analyze the data gathered from assessments to plan strategies and scaffolds to support ELLs across content and grade level.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The range of intervention services provided at PS/IS 116 include the ENL Academy Afterschool program for students in grades 1 - 8. The ENL Academy Afterschool program provides instruction in English with support in students' home languages (i.e. Spanish and Bengali). This program is first offered to Newcomers and then extended to other ELLs subgroups. Other Intervention services include small group instruction, Heggerty (K-2), Fundations (K - 4), Lexia, and Imagine Learning (Language/Literacy and Math). All of these services are offered in English. In some cases, home language support is provided by multilingual staff, paraprofessionals and/or the use of translating applications, websites, and Pocketalk Voice/Text Translators.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS/IS 116 analyzes data to drive instruction in the classroom for all grades. Teachers collaborate to review the data (i.e.; Acadience, State Exams, Unit Tests, F&Ps, Writing Screener, NYSITELL, and NYSESLAT) and develop strategies to implement and guide instruction using the MTSS framework.
To support the MLs/ELLs, MTSS scaffolds are incorporated based on students' areas of needs, along with picture cues, bilingual dictionaries, etc. The amount and type of English language and native language instruction the student received in the past and is currently receiving is considered along with the impact of language and culture on the student's learning. Data is collected to ensure that the languages used for interventions match the languages used for core instruction.

Teachers meet and plan to include support in all content areas to be culturally and linguistically responsive in all modalities: listening, speaking, reading, and writing. Using the MTSS framework, writing instruction will include guiding writing, student interaction through dialogue journals, and explicitly teaching the writing process.

The data shows that 36.9% of ELLs scored level 1 or 2 on the Math state exam. Using the MTSS framework, math

instruction will be provided for students to build language of mathematics in Tier 1. Using instructional routines such as Three Reads Protocol, Think-Pair-Share, and Turn and Talks will aid in aggrandizing ELLs' academic discussions and understanding of mathematical concepts.

A log is maintained of outreach to parents to provide feedback and guidance regarding the students' strengths, interests, and needs.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Formative assessments used to inform and drive instruction are ELL Periodic, Fountas and Pinnell, teacher created assessments, Development Reading Assessment, Degrees of Reading Power assessment, Imagine Learning, MSQI, iReady diagnostic assessments, Acadience, and the NYSESLAT.

In the Dual Language program, teachers use i-Ready Diagnostics, Acadience, Fountas and Pinell in English and Spanish, Fundations assessments, Estrellita Placement Spanish Assessments, HMH Reading benchmark, HMH /Arriba benchmark, and teacher created assessments.

The data from these assessments are analyzed to identify the specific needs for each English Language Learner. Teachers plan instruction to address the Multi-tiered System of Supports for each student. Based on the findings of the various assessments, instructions, interventions, and supports are planned to address the needs of the students.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

MLs/ELLs are appropriately evaluated in their home language throughout the year. The Spanish speaking students are evaluated using the Spanish LABR upon entry into the school. The ELLs are also given the opportunity to take the Math State Exam and the Science State Exam (5th and 8th grade) in their home language. In addition, they are provided with glossaries in their home language for the ELA, Math, and Science State Exams.

In the Dual Language program, teachers utilize different Spanish assessment tools throughout the year using the Estrellita curriculum. Portfolios, observations, oral interviews, and performance-based tasks are used to ensure ML/ELLs are evaluated in their home language. In addition, teachers provide necessary support and scaffolds like visual aids, simplified language, and extended time during assessments.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Summative Assessments used to evaluate the effectiveness of ML/ELL programs include the Math Regents, NY Math and ELA State Exams, Earth Science Regents, and NYSAA. Also, the ELL students with IEPs are alternately assessed. The scores from the NYSESLAT indicate the proficiency levels of ELLs for the upcoming school year and their mandated minutes are scheduled based on this score.

The data from the EDAT is used to evaluate and inform ELL programs as the Early Warnings and risk indicators are considered for the ELL sub groups in our school population.These indicators are reviewed and help prioritize supports for specific subgroups according to research-based at-risk indicators for ML/ELLs success. Students receive small group instruction based on the data from the EDAT.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The staff members that will administer the NYSESLAT are Mio, Allen, Mercado, Hernandez (ENL Teachers), Reyes, and Duarte (Dual Language Teacher). The ENL teachers will administer the speaking portion of the NYSESLAT. They will test students in grades that they do not service (For example: Allen services grades 1 and 2, she will administer speaking to grades 5 and 6). In the 10-day testing window, ENL teachers will administer the subtest of the NYSESLAT to all eligible students and track completion on an excel sheet that is updated following the completion of each testing session.

The staff members that will score the NYSESLAT are the ENL teachers along with Garcia (Speech service provider) and Petrizzo (substitute teacher with NYS certification). If any additional scorers are needed, they will be trained to score using NYSESLAT operational scoring materials provided by Queens South and the Division of Multilingual Learners.

During the testing period, all ELLs and former ELLs will continue to receive mandated services. ENL teachers will alternate between morning and afternoon sessions of testing to provide mandated services. In limited situations, short-term substitute teachers (Petrizzo) will provide mandated services to accommodate the testing. The former ELLs are programmed through alternative pathways and the ENL teachers will continue to meet with their teachers to ensure their units of study are being provided.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The PS/IS 116 testing team, ENL department Testing Coordinator, and the Special Education Intervention Teacher/Testing Coordinator meet and review students' testing accommodations for all students including all subgroups (SIFE, English Language Learners, and ELLs with IEPs). The list is a living document and is constantly being reviewed and updated throughout the school year to ensure teachers and students are aware of the accommodations and that ELLs are receiving their accommodations on tests when applicable.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

After the HLIS is completed and eligible students are administered the NYSITELL, the ENL Department sends home Entitlement letters to newly identified ELLs. This letter informs the parent on their child's score/English proficiency level and invites the parent to an ELL Program Orientation. At the orientation, bilingual staff are present as interpreters for parents. Attendance is taken at the orientation with a sign-in sheet on which parents write their name and contact information. These sign-in sheets are kept in a folder by the ENL Department to maintain evidence of the meeting.

Parents of students in the Dual Language program attend another orientation where they are informed about program goals, requirements and expectations. A sign-in sheet is also collected from this meeting.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Separate from the mandated ELL Program Orientation and DOE-scheduled parent-teacher conferences, the ENL Department conducts Annual Individual Meetings with families of English Language Learners. During these meetings, the ENL teacher reviews each student's English language proficiency assessment results (e.g., NYSITELL/NYSESLAT), discusses progress toward language development goals in the four modalities (listening, speaking, reading, and writing), and highlights growth as reflected in classroom performance and formative assessments. Together with families, teachers identify the student's language development needs across all content areas, including strategies and supports to strengthen comprehension and participation in core subjects.

Teachers also review the goals of the ENL program, explaining how integrated and standalone services support both English acquisition and academic achievement. Families are encouraged to share observations and questions to inform ongoing instructional planning and student support.
To ensure meaningful engagement, the school provides translation and interpretation services for all meetings, either through DOE Translation & Interpretation Unit, bilingual staff members, or translated written materials when applicable. Meeting documentation, including parent feedback and next steps, is maintained in each student's ENL folder as part of the school's compliance records.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

P.S./I.S. 116 ensures that families receive all school communications and documents in the language they best understand by utilizing the Adult Preferred Language Report (RAPL) in ATS as the official data source. This report records each parent or guardian's preferred language for both written and oral communication.

School communications are sent home translated on paper or posted on Class Dojo, which includes a built-in translation feature that allows families to read messages in their preferred language. Families can also initiate or respond to school communication in their home language through phone calls. If a bilingual staff member is available, they will interpret; otherwise, the school uses the Over-the-Phone Interpretation (OPI) service. Class Dojo also allows two-way messaging with translation, facilitating communication between teachers and families in languages other than English.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At the start of the school year, the ENL department presents a workshop for the parents of ELLs to familiarize them with the curriculum, academic expectations and inform them of the number and types of assessments their child will encounter throughout the coming school year. The ENL department also provides parents with tools to help their child with homework and provides information on how to meet the academic demands of each grade. The ENL department plans opportunities for parent engagement in groups and individually. At the close of the school year, another parent workshop is organized to inform parents of summer opportunities in order to continue the academic and social/emotional progress of their child. Dual Language teachers also host parent workshops throughout the year for families to come and learn how to support their bilingual student at home.

The Community Associate, Parent Coordinator, Parent Teacher Association members, STH Social Worker, STH Community Worker, and other staff members maintain ongoing communication with families and community partners to identify and address the needs of our school community. Through consistent outreach, family engagement events, and feedback gathered from parents and guardians, the school is able to assess academic, social-emotional, and community needs. This collaborative process ensures that our goals and initiatives are responsive to the voices and priorities of the families we serve.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At PS/IS 116 families of MLLs/ELLs are made aware of family leadership opportunities by creating a welcoming environment to all families beyond the mandated orientations and meetings with continuous updates within our school community, district, and DOE events. These events and opportunities will be communicated through our school wide Dojo system, monthly newsletter and school calendars translated into parents preferred languages. Additionally, all families are informed of opportunities of leadership from supportive staff to ensure that they have a voice in our school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

To support the needs of our school community, we acknowledge cultural and linguistic differences by forming positive relationships with families and members of the community. Parents are invited to professional development presentations administered by the ENL teachers to discuss the process of acquiring a new language and strategies that can be used at home to support the students throughout the process of learning English. The partnership between parents and staff to support ELLS makes learning more engaging and effective.
Additional school community partnerships include:
New York Edge Program in Queens, NY (After School Program)
Church on the Hill in Bayside, NY (Food Pantry)
Bical Chevrolet Car Dealership in Valley Stream, NY (Coat Drive)
Roy Wilkins Recreation Center in Jamaica, NY (Swim for Life Program)
Fresh Direct in Queens, NY (Thanksgiving Turkey Delivery)
Queens District Attorney Office in Queens, NY (Mentoring/Bullying/Visits with Middle School)

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Additional information relevant to our LAP includes how staff members value students' and families' cultural and linguistic background. ML/ELLs receive targeted support for all instruction. PS/IS 116 encourages all students to be part of arts and culture shows and has had celebrations during the Hispanic Heritage month. All parents and families receive information via the school's newsletter and translated versions, and are invited to attend the Coffee and Conversation series with the principal, Dr. Malagoli. The ENL Teacher/Language Access coordinator, Ms. Hernandez, created a language directory for the staff. Dual Language teachers (Reyes and Duarte) also host parent workshops throughout the year for families to learn how to support their bilingual student at home. PS/IS 116 is in compliance with all ELL-related items.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Identification Team:
4 ENL Teachers 2 Spanish Speaking, and ENL Coordinator
Pupil Personnel Secretary
TESOL Certified Teacher, Programs

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Parents/guardians meet with Ms. Mohamed to register the students. One of four ENL teachers conduct the HLIS and the ENL coordinator, Ms. Allen, ensures that the Steps for Identification listed below are completed.
Step 1: Determine if the enrolling student was in an NYS public school within the past 2 years. If a student entering a NYC public school (grades K-12) has been enrolled in a NYS public school within the previous 2 years, NYC public schools are required to obtain NYSITELL/NYSESLAT scores directly from the sending NYS public school to allow the student to continue in the ELL status (and proficiency level) in effect at the time of discharge from the NYS public school. Enter reentry status into the ATS Transfer Student (TRAF) function. Contact the previous school to obtain HL designation and previous copy of HLIS, ELL status, SIFE status, prior service at NYS public school (ENL, TBE, DLBE), parent option at last NYS public school, NYSITELL (or LAB-R score) and most recent NYSESLAT scores and grade 3-8 ELA exam or ELA Regents exam scores if applicable. Complete New York State Transfer ELL Data Request Form. Send completed New York State Transfer ELL Data Request Form to ELLTransfersNYS@schools.nyc.gov to request assessment score updates in ATS. Update other relevant fields in ATS (Home Language, SIFE status, parent option) Stop if the student was enrolled in an NYS public school within the past 2 years. Proceed to the next step if the student is entering as a new student to NYS public schools or returning to NYS public schools after more than 2 years.
Step 2: Parent completes HLIS with qualified personnel. The HLIS is administered and the home language code is determined by qualified personnel (a licensed and trained pedagogue). Print the HLIS in the parent/guardian's preferred language. Enter HL Code into BIOU screen in ATS. Update HLIS flag to "Y" on BIOU screen in ATS.

Step 3: Determine eligibility for NYSITELL and administer NYSITELL to eligible students. A Language Proficiency Team (LPT) is convened to determine NYSITELL eligibility for incoming students with an IEP. Otherwise, students without an IEP begin with the individual interview. If the student should NOT take the NYSITELL, update the ELLO screen in ATS. If the student should take the NYSITELL, administer the NYSITELL within the designated timeline. To print student answer sheets, go to RLBA in ATS. Stop if the student is not eligible to take the NYSITELL. Make sure to maintain all relevant documentation in the student's cumulative folder.
. Step 4: Send entitlement and non-entitlement letters to parent/guardian. Print the parent notification letters in the parent/guardian's preferred language. Send the entitlement letter (after NYSITELL) for students who score below commanding and are an ELL. Send the non-entitlement letter (after NYSITELL) for students who score commanding and are not an ELL. Maintain copies of parent notifications in the student's cumulative folder.
Step 5: Administer Spanish LAB to newly identified ELLs whose home language is Spanish. The Spanish LAB is administered once to newly identified ELLs: whose home language is Spanish, regardless of whether the student is placed in a bilingual program or not AND do not attain "commanding level" on the NYSITELL.
Step 6: Determine if ELL is a student with interrupted/inconsistent education (SIFE). SIFE status must be determined within 30 school days of enrollment, but a student's SIFE status can also be modified within 12 months of enrollment. Results of the MLS (administered to students in grades 3-9 during the identification process) can indicate that a student is SIFE. However, note that the SIFE label can still be applied to students in grades 10-12 if they were identified as SIFE and have not exited SIFE status. Enter SIFE status in the BNDC screen in ATS.
Step 7: Provide families of ELLs a parent orientation meeting. At this parent orientation, which must be conducted by a trained pedagogue with interpretation services available, parents are provided with information on the three ELL program types (Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language). The student must be placed in the bilingual program if one is available. Parents complete the survey indicating their agreement (or not) of the placement in the ELL program for their child. Maintain copies of this agreement in the student's cumulative folder. ENL teachers and other staff members provide translation/support for any questions the parent/guardian may have in regards to the options provided. PS/IS 116 has staff members that can provide language support in Spanish, Bengali, Urdu, and Haitian Creole.
Step 8: The ENL teacher servicing the grade of the student, creates a program of service for the student based on their English Proficiency level and the integrated and standalone minutes mandate. This program is sent to Ms. Thompson, who enters the program into Stars and the students begin receiving ENL services. The student is placed and programmed in an ELL program. Program all ELLs for the minimum number of minutes of English as a New Language. Entering students are programmed for 180 minutes of Stand Alone ENL and 180 minutes of Integrated ENL. Emerging students are programmed for 90 minutes of Stand Alone ENL, 180 minutes of Integrated ENL, and 90 minutes of Flexible (Stand Alone or Integrated) ENL. Transitioning students are programmed for 90 minutes of Integrated ENL and 90 minutes of Flexible ENL. Expanding students are programmed for 180 minutes of Integrated ENL. Commanding students are programmed for 90 minutes of other approved Former ELL services such as Small groups or Project based learning for two additional years. For students placed in a bilingual program, program for ENL and bilingual classes. Enter ENL programming and bilingual programming into STARS.

The activities for newly enrolled and current ELLs at PS/IS 116 include assistance with translation services upon entering the building. Parents are invited to attend workshops to inform and empower them to make decisions for their families.

Benefits of Bilingual Programs Workshop - In collaboration with the District office, administrators and ENL teachers present a parent informational explaining the benefits of a bilingual program. Parents learn about the different types of bilingual programs and the expectations throughout those programs. Parents are also informed of the positive effects bilingualism and biliteracy can have on students' progress.

Throughout the year, there are many cultural events at PS/IS 116 in which newly enrolled, current and former ELLs play a big role. One of the cultural events, the Hispanic Heritage Month Celebration, is held in October and is organized by a team of staff members. Students of different backgrounds learn, share, and explore the richness of Hispanic history and culture by reciting poetry, performing traditional dances and wearing traditional clothing from their countries. Parents, administrators, staff and all students are invited to watch the show and join the celebration. As a culminating event, parent volunteers, students and staff take part in a multicultural potluck luncheon.

A parent orientation is provided for the ENL Enrichment After School Program to inform parents of the dates of the program along with the instruction and activities provided for students that join the program.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.

b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Tara Malagoli

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous

NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Amy	Hernandez	Teacher - Regular Grades	02/26/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	2	0.19%	2	0.20%		
BENGALI (BANGLA IN BANGLADESH)	77	7.49%	82	8.01%		
FRENCH	1	0.10%	1	0.10%		
KANNADA	0	0.00%	1	0.10%		
ENGLISH	572	55.64%	564	55.08%		
RUSSIAN	0	0.00%	1	0.10%		
SLOVAK	0	0.00%	1	0.10%		
SPANISH	372	36.19%	369	36.04%		

URDU	4	0.39%	3	0.29%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent flyers	P.S/I.S 116 utilizes bilingual staff to translate flyers.
Letters about PTC	P.S/I.S 116 uses the translated templates found on the NYC InfoHub website. For any letters needed that are not on the website, bilingual staff will translate.
Letters about school closings for holidays, etc.	P.S/I.S 116 uses the translated templates found on the NYC InfoHub website. For any letters needed that are not on the website, bilingual staff will translate.
Special Education documents (IEPs, 504s)	Basic forms or notices can be found in different languages under Translations for Parent Notification in SESIS. For translations for IEPs or 504's, we submit a request through a Google Form that is available on the Office of Language Access InfoHub website. Once the school receives the translated document, it is sent to the parent.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
ENL Parent Orientation	P.S/I.S 116 will utilize our bilingual staff to provide interpretation services.
Dual Language Parent Orientation	P.S/I.S 116 will utilize our bilingual staff to provide interpretation services.
PT Conferences	P.S/I.S 116 will utilize our bilingual staff and over-the-phone interpretation services.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the case of a school wide emergency, P.S/I.S 116 posts a notice on Class Dojo for all parents to be made aware of the situation. Class Dojo allows for parents to translate all posts and messages to their preferred language. In the case of a student-specific emergency requiring communication with the family, staff refers to the Staff Language Directory for an available staff member that speaks the parents' preferred language. They will call the parent(s) to notify them of the situation. If no one in the building is available to interpret, the Over-the-Phone Interpretation (OPI) service is utilized. If a parent has an emergency, they are aware that they may call the school and they will be provided with an interpreter if needed. Parents are given the school's phone number at the beginning of the school year. The school phone number is also written on the school website and school calendar that is sent home monthly. When a parent calls and needs interpretation, the staff refers to the Staff Language Directory to contact an available bilingual staff member. If none are available, the Over-the-Phone Interpretation (OPI) service is used.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At PS/IS 116, we will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform through several key steps. First, we will notify the staff about the training and its deadline in September. Next, we will provide clear, step-by-step instructions via email to guide staff in accessing and completing the training. To ensure full compliance, we will send reminders and monitor completion status, following up with any staff who have not finished the training.

To ensure staff are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents, we will review these guidelines during professional development sessions, highlighting key scenarios that require translation or interpretation. Additionally, we will post quick-reference guides in high-traffic staff areas, such as the main office and teacher lounge, and encourage staff to consult the Galaxy-designated Language Access Coordinator (LAC) for guidance on specific cases.

The LAC will play a central role in keeping staff informed about future language access updates and resources. This will include sending email updates with policy reminders, new resources, and compliance tips. The LAC will also maintain a shared digital folder (such as Google Drive) containing the latest language access materials, including the Staff Language Directory and Over-the-Phone Interpretation (OPI) instructions. Staff will also be able to reach out to the LAC directly for one-on-one support with translation, interpretation, or any language access-related questions. Through mandatory training, ongoing communication, and easily accessible resources, we will ensure that all staff members remain knowledgeable and compliant with language access policies.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

At PS/IS 116, we take a comprehensive approach to inform parents about available language assistance services in their preferred languages. Our multilingual notification system begins with prominently displayed "We Speak Your Language" posters throughout the building, which feature photos and names of bilingual staff who can assist in our covered languages: Spanish, Bengali, French, and Haitian Creole. All parents whose primary language qualifies for DOE translation services receive the Bill of Parent Rights and Responsibilities, which clearly explains their rights regarding translation and interpretation services. We further reinforce this information by distributing the Language Access for NYC Public Schools Families brochure during key interactions like enrollment, parent-teacher conferences, and school-wide events.

We actively promote awareness of language services during parent engagement opportunities such as Back-to-School events, Math Night, and Parent-Teacher Conferences, where interpreters are available to explain available resources. For digital communication, our school-wide Class Dojo messaging platform automatically translates all correspondence into each family's preferred language. When parents visit our main office, they can select their preferred language from our Language Interpretation Guide, and our office staff can immediately connect them with appropriate support - whether through bilingual colleagues identified in our Staff Language Directory, Over-the-Phone Interpretation services, or the PocketTalk devices.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

PS/IS 116 gathers meaningful feedback from parents about our language assistance services beyond the required OLA Translation & Interpretation Feedback Survey. We actively solicit input through multiple formal and informal channels to ensure we're meeting our families' communication needs. Our annual parent surveys include targeted questions about the quality and accessibility of translation and interpretation services, providing valuable quantitative data. Parent-teacher conferences serve as another important touchpoint, where staff members proactively ask families about their communication experiences and any unmet needs.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

PS/IS 116 has made significant improvements to our language assistance services based on ongoing feedback from families. The DOE parent survey and our internal informal surveys revealed key opportunities for enhancement, leading us to develop our comprehensive Staff Language Directory identifying all bilingual staff members and their language capacities. This feedback also prompted us to regularly update our highly visible "We Speak Your Language" posters with current staff information and to institute Spanish and Bengali interpretation at all principal's monthly parent meetings - a direct response to parent requests for more accessible communication channels.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

100

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,6,7,8

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

5

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**

- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The program funded under the Title III ELL program for the 2025 - 2026 school year is the ENL Academy Afterschool. The program takes place after school on Wednesdays and Thursdays from 2:30 to 4:30pm.
The students will engage in instruction to build language acquisition in English and expand vocabulary through technology with support in their home language (when necessary) in a supplemental enrichment program during after school. Each grade band is separated into two groups: one group of New-Comers and another of Level 3 and higher ELLs. There are 6 groups in total for ENL Academy. Each grade band (1 - 2, 3 - 4, 5 - 8) has 2 groups with 25+ students per grade band. Instruction will be delivered to groups on a rotating schedule. Each group meets with an ENL teacher and a ESOL certified/Content area teacher providing instruction through Imagine Learning and other technology based lessons for about 45 minutes each. The students rotate between the ENL teacher providing instruction and the ESOL certified/Content area teacher providing instruction. During the ENL block, students are separated by grade band (Grades 1-2 and Grades 3-4) and proficiency level, with Newcomer groups working directly with their ENL teacher. Simultaneously, the higher-level ELL groups from both grade bands join the ESOL-certified content teacher for a shared technology block. These groups then rotate.

The program will be supervised by the principal, Dr. Malagoli, and will be at no cost to the Title III ELL fund because there is another program operating during the hours of the Title III program.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The rationale of the Title III Program at PS/IS 116 is to identify the students in need of additional academic support, identify the specific area and extent of need and provide support. Determination of academic need is based on the NYSESLAT scores, baseline assessments from iReady & HMH Growth Measurement Assessment, F&P levels and previous year's State Math and ELA scores. The subgroups and grade levels of students to be served are from 17+ countries as well as English Language Learners and ELLs with special needs.
New Comers are assessed with an in-house Foundational Skills Assessment. This assessment addresses the students ability to write/say their first and last name(s), identify numbers 0 - 20, identify letters and sounds, and sight words. Based on this assessment along with classroom/ENL teacher suggestions and concerns, students are invited to join the program.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The students that will be served in ENL Academy Afterschool are English Language Learners and/or English Language Learners with IEPs. 100 students are enrolled in the program from grades 1st through 8th. The subgroups of ELLs in the

program include Entering, Emerging, Transitioning, and Expanding, ELLs with IEPs, and Students with Interrupted Formal Education.

There are two groups per grade band, resulting in 6 groups. Each group has about 15 students. All teachers in the program are TESOL certified. One teacher works with grade band 1 - 2 with about 25+ students. Another teacher works with grade band 3 - 4 with about 25+ students. A third teacher works with grade band 5 - 8 with about 35 students. A technology teacher who is also TESOL certified works with grade band 1 - 4 with about 30 students. The other technology and TESOL certified teacher works with grade band 5 - 8 with about 35 students.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

ENL Academy will begin on November 12, 2025 and finish May 14, 2026 for a total of 42 sessions. Sessions will be held on Wednesdays and Thursdays for two hours from 2:30pm to 4:30pm for 21 weeks.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction for the Title III ELL funded program (ENL Academy Afterschool) is English. Home Language support for Spanish speakers will be provided as necessary by Spanish speaking TESOL certified teachers (3 teachers). The Imagine Learning program provides instruction in Spanish for students with Spanish as their Home Language. For all other home languages support is provided through translations and a Pocketalk (voice and text translator) device when necessary.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

5 certified teachers will service students in the Title III ELL funded program (ENL Academy Afterschool). 4 of the 5 teachers are TESOL certified and 5 of the teachers are general education and/or special education certified. The ENL and content area teachers will be providing direct instruction via parallel teaching, flexible grouping, and rotation to ensure the ELLs receive language support.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The Imagine Learning computer program has native language support in eight languages, while guiding students toward English proficiency. It also uses modeled instruction, guided practice, and immediate feedback to each student during usage. Imagine Learning focuses on phonemic awareness, vocabulary, conversation, letter recognition, and story comprehension. Students are also encouraged to record their voices and compare their speech to the modeled responses. The Imagine Learning program includes concepts such as the alphabet sound/symbol correspondence and sight word recognition, while developing vocabulary and literacy skills. Imagine Learning teaches everyday English skills, as students listen, interact, and learn from characters in real-life situations. The Imagine Learning materials will be at cost to the Title III ELL funds. They will only be used during the Title III ELL program and will not exceed 20% of the total allocation.

Parallel to Imagine Learning, students will receive direct academic support in content areas based on individual need. This need is determined based on various assessments. Materials used that are at a cost to the Title III ELL fund include Magnetic Reading and Language Power textbooks and workbooks. In addition, materials such as Fundations, Sound Sensible, Phonics for Reading, and Heggerty are used to achieve progress toward English proficiency at no cost.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

PS/IS 116 Q will maintain records of ELLs served in this program in a binder kept in Room 354 with the ENL Coordinator (Ms. Allen). There are also digital copies of all important forms, attendance, and lesson plans maintained on a google drive shared with administration and the staff members delivering direct instruction to the students.
The supervisor for the Title III ELL funded program is the principal Dr. Malagoli. She has access to all maintained records as well as records maintained digitally. This is not the only program operating during extended day. Therefore, it is at no cost to the Title III ELL fund.

Parents will be notified about the program by receiving a permission slip that will be brought home by the student. Once they return the permission slip, they will be added to the Class Dojo ENL Academy class where they can communicate with the teachers and receive updates about the program such as starting and ending dates.

Attendance is taken at the beginning of each group session by the teacher. The teacher calls each student's name,

presented on the created roster on Google sheets and a physical printed copy.
Students' progress is monitored by bi-weekly assessments in the curriculum selected (i.e. Magnetic Reading, Language Power, Iready, Imagine Learning, etc.) along with assessments from the Spire and Phonics for Reading programs. Students complete these assessments at the beginning, middle, and ending of the program to monitor their progress and growth.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

29Q116 will provide professional development for the teachers of ELL and Multilingual Learners and will build upon their foundation of skills, knowledge and expertise at no cost to the Title III ELL plan. These professional learning opportunities will be facilitated by the ENL teachers (Ms. Allen, Ms. Hernandez, Mrs. Mercado, and Mrs. Mio) on staff along with Principal Dr. Malagoli.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The ENL teachers as well as classroom/content area teachers will attend professional development. The rationale for the professional development to be provided is to share best practices, strategies, and tools classroom teachers can use for instructing their Multilingual Learners. With the population of newcomers in PS/IS 116 growing, teachers have a large number of multilingual learners in their classrooms. The professional learning will be facilitated by the certified ENL teachers on staff providing opportunities for staff members to have their questions and concerns addressed along with instructional moves for all learners. Data sources to justify the professional development include observations, class assessment scores, and teachers' request for support with Multilingual Learners. Administration determines which teachers will take part in these professional learning opportunities. In addition to on-staff provided professional development, outside providers will be obtained at cost to the Title III ELL plan and is accounted for as part of the 20% OTPS across all program components.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The teachers working the Title III ELL program will receive ongoing professional development related to the Title III ELL Program for the 2025 - 2026 school year during contractual time.

Ms. Allen
Ms. Hernandez
Ms. Andrade
Mrs. Thompson
Ms. Logvin
Ms. Locknauth

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

In-house professional development will be 50 minutes, once a month on Mondays from November to May. The professional development is conducted during contractual hours and the Title III ELL funds will not be used for per session activities in regard to this schedule.

Tentative Schedule
Monday - Nov. 17th - 2:30 - 3:20pm
Monday - Dec. 15th - 2:30 - 3:20pm
Monday - Jan. 26th - 2:30 - 3:20pm
Monday - Feb. 23th - 2:30 - 3:20pm
Monday - Mar. 23th - 2:30 - 3:20pm
Monday - April 27th - 2:30 - 3:20pm
Monday - May 11th - 2:30 - 3:20pm

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The following are the topics to be covered:
1. Magnetic Reading to Build Foundational Skills
2. Using Imagine Learning to Provide Home Language Support
3. Language Power for Transitioning and Expanding ELLs
4. Project Based Learning for ELLs

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

ENL Department at PS/IS 116 - Ms. Allen, Ms. Hernandez, Mrs. Mercado, and Mrs. Mio (turnkey information to colleagues working the Title III funded program) at no cost to the Title III ELL funds.
Imagine Learning
Magnetic Reading
iReady
Spire
Bureau Of Education and Research

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Teachers will sign in and sign out when attending professional development sessions provided using Title III ELL funds and maintain agendas and notes. All attendance sheets, agendas, materials and resources shared during professional development will be retained in a binder as supporting documentation by the Assistant principal (ELL department direct supervisor), Mrs. Winley.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

For the 2025- 2025 school year, parent engagement activities include parent workshops and are ongoing in 29Q116. These activities are crucial to the English language development of our ELL students. The materials and cost for these workshops will be at cost to the Title III ELL fund.

Parent Workshops:
Short Vowel Sounds
Long Vowel Sounds
Blends and Digraphs
Life Skills: Post Office, Addressing Letters, Writing a Note
Basic Vocabulary: Rest room, Asking for Help, Phrases for Work
Dolch Word Lists
Technology and Typing
Field Trips for the Parents

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parental involvement is especially important to ensure the success of students at PS/IS 116. Parents are encouraged to read, write and speak in their home language with their child. A rich and stimulating linguistic environment will ensure the academic and emotional success of the student. Parents and teachers working collaboratively will benefit all students in school and at home.
The parent workshops include an explanation of the Proficiency Levels for ELLs, Characteristics of the Different Proficiency levels, Strategies and Resources to Support Students at Home, Expectations for the Title III After school Program (ENL Academy Afterschool), and Expectations, Phonemic Awareness for Families, Vocabulary for Work/Life Skills, Technology of the Parent/Student Language classes.

Parents of Title III ELL program participants will receive school supplies necessary for instruction along with workbooks to

build English proficiency, literacy skills, and math skills based on the grade level of the students. These materials will support the topic and focus of the parent workshops.
Data sources to justify the need for these activities include NYSITELL/NYSESLAT scores, ELA and Math state exam scores, Iready Diagnostic, Fountas and Pinnell reading levels, and PTA and parent requests.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The Title III ELL family engagement activities and workshops will be held every quarter for 1 hour. Other workshops may be included 2 weeks before the start of the Title III program.

Tentative Schedule
September 17, 2025 - 9 -10am
November 12, 2025 - 9 - 10am
January 21, 2026 - 9 - 10am
April 15, 2026 - 9 - 10am

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

For each Title III ELL family engagement activity, topics covered include strategies to ensure a successful school year for ELLs, navigating technology (google classroom, classdojo, imagine learning, etc.), questions and suggestions for advocating for your ELL during parent teacher conferences, best practices for supporting ELLs with homework, and activities and strategies to promote ELLs' summer learning.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The Title III ELL family engagement activities and workshops will be provided by the ENL Department at PS/IS 116.
Ms. Allen - ENL Teacher/Coordinator
Ms. Hernandez - ENL Teacher
Mrs. Mercado - ENL Teacher
Mrs. Mio - ENL Teacher
Dr. Malagoli - Principal and ENL Supervisor

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified of all activities using ClassDojo as well as a paper copy of the flier distributed to their classrooms and translated into their preferred language. Parents will also receive phone calls from staff in their home language. These activities are included on the school calendar. There will be workshops throughout the year to help the parents of ELLs and Multilingual Learners. Multilingual staff members (Ms. Hernandez, Mrs. Mercado, Ms. Khanom, Ms. Happy, Mrs. Rizo, etc) will be present at these workshops to assist with translation services. These staff members also assist in translating all parent notifications to ensure the parents are notified of pertinent information and school wide activities in their preferred language. These activities are offered in person. All parents of ELL students are invited .(250 parents)

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The ENL Coordinator, Ms. Allen (supervised by Principal Dr. Malagoli) will maintain a binder with workshop agendas, parent sign in and sign out forms, and fliers of all family engagement activities.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$12,264

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.

- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,3,4,5,6,7,8

Total number of teachers in this program:

6

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The ENL Academy will take place after school on Wednesdays and Thursdays from 2:30 PM to 4:30 PM, running from February 4 – April 1, 2026.
The ENL Academy Afterschool Program is a supplemental enrichment initiative designed to support immigrant students in grades 3–5 and 6–8 who are transitioning toward emerging English proficiency. Students will engage in activities that promote language acquisition, vocabulary expansion, and content-area reinforcement through the integration of technology and bilingual supports (as needed).
Instruction will focus on strengthening reading comprehension, writing, and academic vocabulary within ELA and Math, ensuring students are better prepared for classwork and upcoming state assessments. Lessons will incorporate online learning tools, small-group discussions, and culturally responsive tasks to build both linguistic and academic confidence.

Students will be grouped by grade and proficiency level to ensure targeted instruction. There will be about 10 students per group for grades 3 through 8.

Instruction will be delivered using a team-teaching and small-group rotation model. ENL-certified teachers will collaborate with content-area teachers to provide differentiated lessons that integrate language and content instruction. Students will rotate through teacher-led mini-lessons, peer collaboration stations, and independent technology-based practice.

The program will be supervised by the ENL Department's Direct Supervisor, Dr. Malagoli, who will oversee instructional quality, student attendance, and curriculum implementation.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The rationale for implementing the ENL Academy Afterschool Program under Title III Immigrant funding at PS/IS 116 is to provide targeted academic and language development support for recently arrived immigrant students demonstrating a need for additional assistance in acquiring English proficiency and meeting grade-level academic standards.

Student performance data indicate that a significant portion of immigrant students are performing below grade level benchmarks in both ELA and Math. Analysis of NYSESLAT results, i-Ready and HMH Growth Measurement assessments, Fountas & Pinnell reading levels, and previous year's State ELA and Math assessments revealed that many students are performing at the Entering and Emerging levels of English proficiency. These data highlight the need for additional small-group, language-rich instruction to accelerate English language development and academic progress.

Teacher observations, classroom performance trends, and feedback from parent-teacher conferences demonstrate that immigrant students often require additional time and scaffolding to comprehend academic vocabulary, engage in classroom discussions, and complete content-based tasks. Many students are also adjusting to a new language and cultural environment, which impacts participation and confidence in class.
Data Sources Used:
NYSESLAT (English proficiency levels and growth trends)
i-Ready and HMH Growth Measurement Assessments (ELA and Math baseline data)
Fountas & Pinnell Benchmark Reading Assessments
NYS State ELA and Math Assessment results (previous year)
Teacher observation and progress monitoring logs
Student demographic and immigration data (ATS/DOE databases)

The program will serve immigrant students in grades 3–8 whose countries of birth span regions of the Caribbean, Central America, South America, Africa, and South Asia. This includes both English Language Learners (ELLs) and ELLs with special needs who demonstrate a need for academic and linguistic support beyond the core instructional program.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and

- If ELLs are also included in these programs, (e.g., Newcomer).

The ENL Academy Afterschool Program will serve a total of 60 immigrant students in grades 3 - 8. The program is designed to provide targeted academic and language development support for recently arrived immigrant students, including those who are also classified as English Language Learners (ELLs) and ELLs with Individualized Education Programs (IEPs).
Student Population:
Total Students: 60
Grade Levels: 3 through 8
Subgroups of ELLs Served:
Entering (newly arrived students with minimal English proficiency)
Emerging (students developing foundational language skills)
ELLs with IEPs (students receiving both language and special education services)
The program prioritizes immigrant students who demonstrate a need for additional academic and linguistic support to succeed in their grade-level curriculum and to accelerate progress toward English language proficiency.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The ENL Academy Afterschool Program will run from February 4, 2026, through April 1, 2026, providing a total of 13 instructional sessions.
Start Date: February 4, 2026
End Date: April 1, 2026
Total Number of Sessions: 13
Days of Sessions: Wednesdays and Thursdays
Time and Duration: 2:30 PM – 4:30 PM (2 hours per session)
The program operates twice weekly to provide consistent and structured academic and language enrichment for participating immigrant students throughout the 8-week cycle.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction for the Title III Immigrant funded program (ENL Academy Afterschool) is English. Home Language support for Spanish speakers will be provided as necessary by Spanish speaking TESOL certified teachers.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

6 certified teachers will service students in the Title III Immigrant funded program (ENL Academy Afterschool).

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Students will use both digital and print-based supplemental instructional materials to support English language development and academic achievement. These include adaptive online programs, leveled texts, and language development resources that align with NYS Next Generation Learning Standards and the New York State English as a New Language (ENL) Framework.
Titles and Publishers of Main Supplemental Materials:
Imagine Learning (Imagine Learning, Inc.) – A computer-based language and literacy program that provides native language support in eight languages while guiding students toward English proficiency. The program includes modeled instruction, guided practice, and immediate feedback to each student. It supports phonemic awareness, vocabulary development, conversation practice, and reading comprehension through interactive activities and oral language recording features.
Reach (National Geographic Learning) – A comprehensive English Language Development program that integrates academic content with language development.
On Our Way to English (Houghton Mifflin Harcourt) – A program designed to develop oral language, vocabulary, reading, and writing skills for English learners.
Avenues (Houghton Mifflin Harcourt) – A language-rich program that integrates reading, writing, listening, and speaking with content-area concepts.
Language Power (National Geographic Learning) – Supplemental resource that provides focused practice in grammar, vocabulary, and writing for ELLs.
Storage Location:
All purchased print materials and resources will be securely stored in the ENL Department resource closet (room 354) at PS/IS 116 and will be inventoried for exclusive use during the Title III Immigrant program. Digital licenses for Imagine Learning will be managed through the school's online learning platform and the Technology teacher.
Funding Source:
The Imagine Learning program and related materials will be purchased using Title III Immigrant funds and will not exceed 20% of the total allocation. Print materials and existing textbooks (Reach, On Our Way to English, Avenues, Language Power) are already available in the school inventory and will be used to supplement instruction at no additional cost to the Title III Immigrant budget.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Parents/guardians of eligible students will receive a notification letter on school letterhead in their preferred home language informing them that their child has been invited to participate in the Title III Immigrant ENL Academy Afterschool Program. The letter will outline the program's purpose, schedule, duration, and academic goals. Parents will also receive a Google Form link to complete the electronic permission slip and confirm their child's participation. Copies of all translated parent notifications and signed permission forms will be maintained for audit purposes.
The ENL Department will collaborate with classroom and content area teachers to identify eligible students based on assessment data. Once enrollment is finalized, families will receive a confirmation message and program reminders via ClassDojo, email, and/or phone calls in their home language.The school will maintain comprehensive documentation of all Title III Immigrant program activities in both digital and physical formats:
All forms, attendance sheets, letters, and documentation will be stored in a secured Google Drive folder accessible to the ENL Department Lead and administration.
A binder containing hard copies of all documentation will be kept in the ENL resource closet (Room 354).
Records will include:
Copies of parent notification letters and permission slips in families' preferred languages
Student attendance records for all program sessions
Teacher rosters and schedules for those delivering or supervising instruction
Parent engagement documentation, such as meeting agendas, sign-in sheets, and communication logs
Professional development records, including agendas, attendance sheets, and materials used
Purchase orders and invoices for any Title III Immigrant-funded materials or resources (maintained by the school secretary in collaboration with the ENL Department Lead)
All records will be maintained in accordance with Title III Immigrant Program Guidelines and will be available for review during any DOE or NYSED monitoring visits.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

PS/IS 116 (29Q116) will provide ongoing professional development for teachers of immigrant and multilingual learners to strengthen instructional practices that support English language development, cultural responsiveness, and academic achievement.
Professional Development Provided:
The professional learning series will focus on enhancing teachers' capacity to effectively integrate language and content instruction, differentiate for varying proficiency levels, and promote culturally sustaining pedagogy. Professional development sessions will be facilitated collaboratively by ENL teachers (Ms. Allen, Ms. Hernandez, Mrs. Mercado, and Mrs. Mio), in partnership with Principal Dr. Malagoli.
Activities and Topics:
Teachers will engage in a series of in-school professional learning activities that include:
Data Analysis & Student Profiles: Reviewing NYSESLAT, i-Ready, and formative assessment data to identify and address linguistic and academic needs of immigrant students.
Instructional Strategies for ELLs: Planning and modeling effective scaffolds, language objectives, and vocabulary supports for Entering through Expanding proficiency levels.
Culturally Responsive Practices: Incorporating students' cultural and linguistic backgrounds into instruction to enhance engagement and inclusion.
Family and Community Engagement: Strengthening communication with immigrant families and developing strategies for multilingual outreach.
Collaboration and Reflection: Co-planning lessons and reflecting on implementation of ENL best practices across grade levels.
Funding:
This professional development will be conducted at no cost to Title III Immigrant funds. Sessions will be scheduled during existing professional learning times or faculty meetings, and no vendor or per-session costs will be charged to the Title III Immigrant allocation.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

PS/IS 116 serves a consistently high population of immigrant and English Language Learner (ELL) students, including newcomers and students across proficiency levels from Entering to Expanding. In addition, analysis of NYSESLAT results, i-Ready diagnostic data, and HMH Growth Measurement assessments reveals that a notable subgroup of students remain at the Entering and Emerging proficiency levels, particularly in vocabulary and reading comprehension.
Qualitative data from classroom observations, instructional rounds, and teacher feedback highlight the need for additional professional support in differentiating instruction for newcomers, integrating language objectives into content lessons, and using home language supports effectively. Teachers have also expressed a desire for more strategies to engage immigrant families and to promote inclusion of multilingual students in classroom discussions.
Data Sources Used to Justify the Professional Development:
NYSESLAT proficiency and growth data (to identify trends in language acquisition)
i-Ready and HMH Growth Measurement assessment reports (to pinpoint content skill gaps)
Classroom assessment data and teacher-created formative assessments
Teacher observation data collected by administration and ENL staff
Teacher feedback and in-house survey results requesting support for working with immigrant and newcomer students
School demographic data (ATS/DOE systems) showing an increase in newcomer enrollment
The professional learning sessions, facilitated by the ENL teachers, will directly address these identified needs by providing practical strategies, model lessons, and collaborative planning opportunities to ensure immigrant and multilingual learners receive high-quality, language-rich instruction across all content areas.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

These teachers to receive professional development under the Title III Immigrant fund program for the 2025 - 2026 school year are:

Mrs. Forde
Ms. Duarte
Mrs. Reyes
Ms. Logvin
Ms. Samaroo
Mr. Ortiz
Mrs. WIlson
Ms. D. Johnson
Ms. Winter
Ms. Leacock
Ms. Vargas
Ms. Turner

Mr. Burrus
Ms. Tibball
Ms. Allen
Ms. Hernandez
Ms. Mercado

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

In-House Professional Development:
Start and End Dates: November 2025 – May 2026
Total Number of Sessions: 7 sessions (once per month)
Days of Sessions: Mondays
Time and Duration: 2:30 PM – 3:30 PM (60 minutes per session)
Notes: Sessions will be conducted after regular school hours.
Outside Professional Development:
Total Number of Sessions: 3 sessions
Time and Duration: 5 hours per session

Sessions occur outside regular school hours. Title III Immigrant funds will not be used for per-session costs for either in-house or outside professional development.
These sessions provide teachers with structured opportunities to build instructional strategies for immigrant and multilingual learners while accommodating teachers' schedules without impacting Title III funding allocations.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

The following are the topics to be covered for the Title III Immigrant professional development activities:
1. Understanding ENL Levels & the Role of the ENL Teacher
2. Maximizing the Active Participation and Language Learning of ELL Students Using Read Aloud, Shared Reading and Word Work
3. Increase and Accelerate your ELL Students' Learning and Success in School
4. Supporting ELLs with IEPS
5. Supporting ELLs in Classroom
6. Differentiated Strategies to Help ELLs
7. Catching up Your ELLs Who Have Fallen Behind
8. Using Imagine Learning in the Classroom
9. Lexia for New Comers

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

For each Title III Immigrant professional development activity the name and title of providers are:
ENL Department at PS/IS 116 - Ms. Allen, Ms. Hernandez, Ms. Mercado, and Mrs. Mio
Imagine Learning
Bureau Of Education and Research

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

All teachers and staff members attending professional development sessions will sign in and sign out for each session. Participants will also maintain agendas, notes, and any materials from the sessions.
The ENL Department will maintain a binder containing attendance sign-in/sign-out sheets, agendas, and supporting documentation for all professional development sessions. This binder will be stored in the ENL Resource Closet (Room 354) and will serve as the official record for monitoring and compliance purposes. It will be overseen by Principal Dr. Malagoli (ELL Department Direct Supervisor).

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

For the 2025–2026 school year, PS/IS 116 will provide ongoing family engagement activities designed to support the academic and English language development of immigrant students, including ELLs. Activities will include:
Parent Workshops: Focused on strategies to support English language development at home, understanding grade-level expectations, and supporting literacy and math skills.
Information Sessions: Covering NYSESLAT and state assessments, program goals, and available academic resources.
Communication and Resource Sharing: Guidance on accessing school resources, online learning tools, and community services.
All activities will be interactive, allowing parents to ask questions, participate in demonstrations, and practice strategies with their children. Materials and costs for these workshops, including handouts, translated resources, and session materials, will be funded by Title III Immigrant funds. All expenditures will adhere to DOE guidelines, ensuring that vendor costs do not exceed 20% of the total allocation and teacher per-session costs do not exceed 10% of the total allocation.
These activities are designed to foster meaningful parent engagement, strengthen home-school connections, and provide families with the tools to actively support their children's academic success and English language development.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Parental involvement is critical to the academic and social-emotional success of immigrant students, including ELLs. Research and school data demonstrate that when parents are actively engaged in their children's learning—particularly by reading, writing, and speaking in their home language—students develop stronger literacy skills, vocabulary, and overall academic achievement. Collaborative partnerships between parents and teachers ensure that learning is reinforced both at school and at home.
The parent workshops provided as part of the Title III Immigrant program are designed to:
Explain Proficiency Levels for ELLs and the characteristics of each level, helping parents understand their child's language development
Provide strategies and resources for supporting English proficiency, literacy, and math skills at home

Communicate expectations for the Title III ENL Academy Afterschool Program and parent/student language classes
Distribute school supplies and workbooks aligned to students' grade levels and proficiency needs to support workshop content and reinforce learning at home
Quantitative data, including NYSITELL/NYSESLAT scores, ELA and Math state exam results, i-Ready Diagnostic data, and Fountas & Pinnell reading levels, highlight areas where students require additional academic and linguistic support. These data inform the focus of parent workshops and instructional materials. Qualitative data, including teacher observations, parent feedback, and in-house surveys, indicate that parents benefit from structured guidance and resources to support learning at home and reinforce classroom instruction.
These family engagement activities are designed to provide practical strategies, targeted materials, and meaningful communication that empower parents to actively participate in their child's education, fostering improved academic outcomes and English language development for immigrant and ELL students.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The Title III Immigrant family engagement activities and workshops will be held every quarter for 1 hour. Other workshops may be included 2 weeks before the start of the Title III program and 2 weeks before the Parent/Student English classes begin.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

5 workshops will be provided (listed below). Each workshop will be 1 hour.
September: Helping Your Child Have A Successful School Year
October: Navigating Technology
November: Tips for Parents During Parent Teacher Conference
March: Best Practices To Help Your Child in Reading and Writing
May/June: Adventures in Summer Learning

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The Title III Immigrant family engagement activities and workshops will be provided by the ENL Department at PS/IS 116.
Ms. Allen - ENL Teacher/Coordinator
Ms. Hernandez - ENL Teacher
Mrs. Mercado - ENL Teacher
Mrs. Mio - ENL Teacher
Dr. Malagoli - Principal and ENL Supervisor

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families of immigrant students, including ELLs, will be notified of all Title III Immigrant family engagement activities through multiple communication channels to ensure accessibility and clarity:
Messages sent via ClassDojo and email, including links to activity details and registration forms, flyers distributed directly to students' classrooms, and staff members will contact families in their home language when additional support is needed.
All notifications will be translated into parents' preferred languages by multilingual staff, including Ms. Hernandez, Mrs. Mercado, Ms. Khanom, Ms. Happy, and Mrs. Rizo, ensuring that families receive accurate and timely information about school-wide activities and Title III programs.
In-person workshops will include multilingual staff to provide live interpretation and facilitate communication between parents and school staff. These staff members will also assist parents in understanding materials, completing forms, and accessing resources provided during the workshops
All parents of ELLs and immigrant students are invited to participate in these activities, which are scheduled throughout the school year and included on the school calendar. These measures ensure equitable access and meaningful engagement for all families, regardless of language proficiency.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The ENL Department Lead will maintain comprehensive documentation of all family engagement activities and notifications to families. A binder will be kept in the ENL Resource Closet (Room 354) containing:
Workshop agendas
Parent sign-in and sign-out sheets
Copies of flyers, letters, and digital communications shared with families
Evidence of translation and interpretation provided to ensure communication in families' preferred home languages
All documentation will be organized chronologically and updated after each family engagement event. The Principal, Dr. Malagoli, will have access to and oversee these records to ensure compliance with Title III Immigrant program requirements.
Digital copies of materials (e.g., flyers, letters, attendance forms) will also be stored securely in a shared Google Drive folder for easy access during internal or DOE monitoring reviews

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$12,264

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
