Daisy Morales

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

The Harry T. Stewart Sr. School / PS 92Q

District Borough Number (DBN):

30Q092

Grades Served:

3K - 5

School Address:

99-01 34th Ave Corona NY 11368

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Daisy Morales	*Principal or Designee	
Karen Diaz	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Jessica Guaman	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Parent	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
Clemente Martinez	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Frances Veintimilla	Staff	
Elaina Papas	Staff	
Michelle Cohen	Staff	
Maribel Aparicio	Parent	
Daisy Tenezaca	Parent	
Maria Chamba	Parent	
Guadalupe Ramirez	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

To prepare all students to contribute to a 21st century world, PSQ92 provides an inclusive curriculum designed to meet the academic, cultural, and social emotional needs of diverse students while equipping students with the skills needed to engage in active learning.

PS92Q will accomplish this by utilizing varied data sources that will identify student needs. We will increase student levels of performance by strengthening core instruction and by incorporating research based practices and explicit instruction with social emotional learning.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Our school community is made up of a predominantly Hispanic community. Students come from very close family oriented homes from Mexico, Ecuador, Peru, Dominican Republic, El Salvador, and other Hispanic cultural backgrounds. We do have some, but not many, African American, Arab and Chinese families.

The community has many diverse businesses that service the community on all levels. The school has a partnership with the Langston Hughes Library located 1 block from the school and with the NY METS Organization who do a community reading program with our students every year. Our teachers participate in partnerships with Queens Theater in the Park music program, Queens Art Museum, The Queens Science Center, and they also visit the Louis Armstrong House, the communities local landmark, for cultural, musical and historic learning.

PS Q92 hosts the Hispanic Coalition Arts and Literacy Afterschool Program throughout the year including during the summer. This program provides students in our community services such as Art Therapy, counseling, homework help and child care for many of our families. The families in this program apply and go through a comprehensive family intake process, such as they interview the parent to discuss any concerns or any needs parents may have. They come to the school everyday at different times to accommodate the parents' schedules when enrolling students. This program is open not only to our students but also to the student of the community.

Our PTA has also connected with self help services for families such as AAA, Health Clinics and Mental Health Clinics within the community.

Briefly summarize the key initiatives your school will implement this school year.

The key initiatives that PS92Q will implement or continue to implement for this school year are as follows:

1. Gifted and Talented Program: Last year, was PS92Q's first year implementing a Gifted and Talented class in the third grade. For this school year, we will continue to have our Gifted and Talented program grow. We will have Gifted and Talented classes in the third and fourth grade.

2. Civics 4 All: PS92Q will continue to strengthen our Social Studies curriculum by participating in all Civics 4 All activities, for example the Soap Box speeches.

3. Computer Science 4 ALL/Digital Citizenship: At PS92Q, we have two technology teachers who participate in Computer Science 4 All and Digital Citizenship. Our two technology teachers follow the Computer Science 4 All curriculum and implement the digital citizenship lessons.

4. Dual Language Program: PS92Q will have a Dual Language class in grades K-5.

5. Bilingual Special Education 12:1 classrooms: PS92Q will have two Bilingual Special Education 12:1 classes this school year.

6. SEED Room: is a sensory movement program that supports students who display intensive sensory needs that significantly impact their school participation. Under the supervision of a licensed Occupational Therapist, students participating in the SEED program have the opportunity to utilize specialized sensory equipment.

7. Envision 2.0: PS92Q will transition to the updated version of Envision Mathematics 2.0 (2024).

8. Relay: PS92Q math teachers will use the Relay Protocols to analyze data and reteach standards in mathematics.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading Digital and Print	N/A
Math	K-5	Envisions 2.0 Digital and Print	N/A
ELA (Phonics)	K-2	Fundations	N/A
ELA (Phonemic Awareness)	K-2	Heggerty	N/A

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the EOY iReady Diagnostic Data, 35% of all students in grades 3-5 were on or above grade level in the vocabulary domain, the school's lowest domain	Teachers may not have a structured approach to teaching vocabulary. They might not be trained in effective vocabulary-building strategies. Teaching vocabulary without context or application can limit retention and understanding.	Teaching vocabulary in context
According to the EOY Acadience ORF Screener Data, 36% of all students in Grades 1	there may be a focus on decodable texts rather than a focus on ORF passages and decodable texts. ORF tells you IS the student on track for good reading in the future. Decodable text tells you DID the student learn	Oral Reading Fluency

and 2 or on or above benchmark	the phonics patterns you previously taught. In addition, students are struggling with automaticity of common sight words.	
According to EOY Acadience Phoneme Segmentation data, 55% of all students in grade K and 38% of all students in grade 1 on or above benchmark	Explicit Phonics Instruction: Educators will deliver systematic phonics instruction using Heggerty and Fundations with integrity. Instruction will be conducted in small groups ensuring students solidify letter-sound correspondences while developing decoding strategies such as blending, segmenting, substituting, and omitting sounds. Differentiated Instruction: Targeted interventions and scaffolding will be implemented to ensure student success in literacy development.	Phonemic Awareness

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	39%	By June, 2026, literacy for All Students in Grades 3-5 will improve, as measured by a 6% Increase, from 39% to 45%, of percentage of students on or above grade level on the EOY iReady Reading Diagnostic.
All Students	33%	By June, 2026, literacy for All Students will improve, as measured by a 12% Increase, from 33% to 45%, of percentage of students on or above grade level on the EOY iReady Reading Diagnostic: Vocabulary.
All Students	36%	By June, 2026, Overall Reading Composite for All Students in grades K-2 will improve, as measured by a 10% Increase, from 36% to 46%, of on or above benchmark on the EOY Acadience Screener.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

During small groups, teachers will focus on finding context clues to find the meaning of unfamiliar words by using a context clues chart and a graphic organizer

Word Work/Vocabulary Journals: Students will maintain vocabulary journals to document newly learned words. These journals will include word definitions, parts of speech, and example sentences, ensuring students understand and apply vocabulary in context.

Comprehension Strategies: Explicit instruction in reading comprehension will focus on helping students identify the main idea in topic sentences, recognize key supporting details, and understand conclusions or generalizations within paragraphs. Additionally, students will use context clues to decipher unfamiliar words, reinforcing their ability to interpret complex texts.Phonemic Awareness Activities: Students will participate in Total Physical Response (TPR) activities designed to enhance phonemic awareness by manipulating sounds in words through blending, segmenting, and deleting sounds. These multi-sensory strategies will strengthen their ability to recognize and produce word sounds effectively.

High Frequency Word Practice: To enhance word recognition automaticity, students will engage in regular high frequency word practice through interactive exercises, reinforcing their ability to read high-frequency words effortlessly.

Utilize HMH "Knowledge Map" for Background Building Teachers will integrate HMH Background Knowledge with the Knowledge Map to strengthen students' conceptual understanding before reading new texts. This approach provides context, aiding comprehension and engagement.

Root Cause Addressed:

Many students struggle with comprehension because they don't understand key words in the text. Teaching context clues gives them a concrete strategy to independently figure out word meanings. Using a graphic organizer and chart helps students think about how they're figuring out word meanings, which strengthens their overall

comprehension and self-monitoring. Context clue strategies can be applied across content areas, helping students become more confident and capable readers in all subjects.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide training for teachers on how to effectively teach vocabulary using context clues.
Introduce the IDEAS chart and model its use with sample texts.
Create and share grade-appropriate IDEAS charts and graphic organizers. Ensure materials are accessible in both digital and print formats.
Schedule regular small group sessions focused on vocabulary development. Teachers guide students in identifying context clues using the IDEAS chart. Students complete graphic organizers to record unfamiliar words, context clues, and inferred meanings.
Conduct classroom walkthroughs and provide feedback on small group instruction.
Share strategies with families for supporting vocabulary development at home.
Use data to refine materials and instructional approaches form the MOY and EOY iReady assessment.

Key Strategy 2 (Optional):

Implement a Balanced Fluency Routine that Integrates Decodable Texts and Targeted ORF Passages with Sight Word Automaticity Practice

Explicit Phonics Instruction: Educators will deliver systematic phonics instruction using Heggerty and Fundations with integrity. Instruction will be conducted in small groups during the literacy block ensuring students solidify letter-sound correspondences while developing decoding strategies such as blending, segmenting, substituting, and omitting sounds.

Daily Fluency Routine: A structured fluency-building routine will be implemented, incorporating echo-reading, choral reading, and partner reading to develop fluency skills. Students will gain confidence in reading aloud while improving pace, accuracy, and expression. Supplemental educational videos, decodable texts (Start Right Readers), small group instruction utilizing HMH Rigby Readers will be integrated into instruction to promote fluency and reading comprehension.

Building foundational decoding skills through decodable texts (aligned with phonics instruction), develop fluency and comprehension through repeated reading of ORF passages. Sound Wall usage across grades k-2 make phoneme to grapheme connection that supports decoding skills.

Differentiated Instruction: Educators will tailor instruction to meet individual student needs by providing personalized reading support at each student's proficiency level. Targeted interventions and scaffolding will be implemented to ensure student success in literacy development.

Scaffolded instruction will include implementation of checklists, graphic organizers, anchor charts, rubrics, sentence stems, and ORF paragraph sudents will be progressed monitored using the ORF Acadience passages.

Root Cause Addressed:

Introduces dedicated ORF passage practice (e.g., 1–2 times per week) to build fluency, expression, and comprehension.
Uses Acadience ORF progress monitoring to guide instruction and groupings.
Embeds daily sight word fluency routines (e.g., flash drills, timed reads, games) to build word recognition speed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Analyze Acadience ORF Data Identify students below benchmark in oral reading fluency. Group students for targeted small group instruction based on WCPM and error patterns.
Allocate time for both decodable text reading (aligned to phonics instruction) and ORF passage practice.
Curate decodable texts aligned with the phonics scope and sequence.
Choose ORF passages appropriate for each grade level and fluency band.
Incorporate Sight Word Fluency Activities
Conduct biweekly ORF progress monitoring using Acadience tools. Use data to regroup students and adjust text complexity or instructional focus.
Share take-home ORF passages and sight word lists. Provide guidance on how families can support fluency practice at home.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Acadience ORF Progress Monitoring
Frequency: Biweekly or monthly (based on student need)

Data Collected:
WCPM (Words Correct Per Minute)
Accuracy Rate
Error Patterns

Track growth, regroup students, and adjust instructional focus

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/15/2025	10/15/2025	Supporting early readers using Sound walls	PC, Coach
01/15/2026	01/15/2026	Using Context Clues to make meaning	K-2 Teachers,PC,Coach

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the Level 1-5 Summary in OORs, there were 39 total incidents	19 of the infractions took place in the auditorium, school yard, or cafeteria during lunch periods. These areas often involve free time and transitions, which can lead to boredom, restlessness, and conflicts among students.	Students need clear, consistent behavioral expectations and routines for common areas.
According to the Level 1-5 Summary in OORs, there were 10 level 4 infractions.	19 of the infractions took place in the auditorium, school yard, or cafeteria during lunch periods. These areas often involve free time and transitions, which can lead to boredom, restlessness, and conflicts among students.	Regular analysis of OORS data to identify patterns and inform targeted interventions.

According to the Level 1-5 Summary in OORs, there were 12 level 3 infractions.	19 of the infractions took place in the auditorium, school yard, or cafeteria during lunch periods. These areas often involve free time and transitions, which can lead to boredom, restlessness, and conflicts among students.	Regular analysis of OORS data to identify patterns and inform targeted interventions.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	39	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 6 Decrease, in number of Level 1-5 incidents from 39 to 33, per the Online Occurrence Reporting System (OORS) reports

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a schoolwide Positive Behavioral Interventions and Supports (PBIS) framework to promote a safe, respectful, and inclusive school climate. Staff will explicitly teach behavioral expectations, reinforce positive behaviors through a recognition system (OWL Bucks), and use data to identify and address areas of concern. PBIS will be integrated into daily routines, with targeted supports provided during transitions and in common areas such as the cafeteria, school yard, and auditorium.

Root Cause Addressed:

Incorporating a PBIS strategy addresses the root causes because students may not know what is expected in different areas of the school building. Explicit teaching of expectations throughout the school ensures all students know what safe, respectful, and responsible behavior looks like in every area of the school. Having a recognition system using OWL bucks reinforces and motivates positive behavior. This shifts the school culture toward proactive support rather than discipline.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish a PBIS Team to lead implementation
Schedule a PBIS Kickoff Day
Define and post schoolwide expectations for all settings including cafeteria, school yard, and auditorium.

Train all staff on PBIS expectations
Teach students behavioral expectations during the PBIS Kickoff Day
Launch the OWL Bucks recognition system
Monitor OORs data
Celebrate positive behavior through assemblies, morning announcements, visiting the OWL Buck Store

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly review of OORs Reports. Track Level 1-5 infractions by location and time.

Indicators of Progress and Impact:
Reduction in Level 3-5 infractions in common areas (cafeteria, school yard, auditorium)
Increase in positive behavior recognitions (OWL Bucks distributed)

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	10/31/2025	Host a workshop to introduce families to the PBIS framework, schoolwide expectations, and the OWL Bucks recognition system.	Guidance Counselors

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, APs, Teachers, Paraprofessionals, School Aides, Guidance Counselor

Instructional Resources

PBIS Behavior Expectations Matrix, OWL Bucks and rewards for reinforcing positive behavior.

Schedule Adjustments

Schedule a PBIS Kickoff Day

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the EOY (2025)iReady Math Diagnostic, 51% of students in Grades 3-5 are on or above grade level	difficulty with word problems is a barrier to success in diagnostics	Implementing the 3 Reads Protocol school-wide including math sentence stems, tier 2, 3 vocabulary to demonstrate comprehension
According to the EOY(2025) iReady Math Diagnostic, 44% of students in Grades K-2 are on or above grade level	difficulty with word problems is a barrier to success in diagnostics	Implementing the 3 Reads Protocol school-wide including math sentence stems, tier 2, 3 vocabulary to demonstrate comprehension
According to BOY i-Ready ELA of	Limited vocabulary,	Implementing vocabulary routines , Using

Grades 2-5 2% of. Expanding ENL students are at or above grade level	writing	context clues and NYS assessment questions daily
According to BOY i-Ready ELA of Grades 2-5 3% of SWD are at or above grade level	limited reading comprehension, gaps	Providing tier 1 access with supports, small groups to address gaps

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	51%	PS92Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students on or above grade level in grades 3-5 will Increase by 6% from 51% to 57%, for All Students, as measured by EOY iReady Math Diagnostic.
English Language Learners (ELL)	2%	By June, 2026, the percentage of English language Learners (ENL) students at or above grade level will Increase by 16% from 2% to 18%, as measure d by I-ready in the domain of vocabulary
Students with Disabilities (SWD)	8%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the at or above will Increase by 12% from 8% to 20%, for Students with Disabilities (SWD), as measured by i-ready ELA .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implementing the 3 Reads Protocol school-wide is a powerful way to integrate literacy into math instruction and deepen students' comprehension and problem-solving skills: First Read – comprehension, second read -contextual understanding, and third read-mathematical reasoning. To reinforce comprehension and mathematical communication, end each math lesson with a writing task related to the lessons skill.
Ensure it reflects both procedural and conceptual understanding.
ie.Exit slip/reflection: Related to the day's problem-solving focus, provide sentence prompts, a check list,highlight math-related grammar and an application problem.

Root Cause Addressed:

Helps students build comprehension skills and visualize the scenario, reducing confusion caused by unfamiliar vocabulary or settings
Encourages students to distinguish relevant from irrelevant information, improving their ability to extract key data
Supports students in identifying the mathematical operation(s) needed, improving problem-solving accuracy

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Professional Learning on the 3 Reads Protocol
Develop a school wide implementation plan
create and share anchor charts and visual supports for classroom use
Embed the 3 Reads protocol into lesson plans
Use formative assessments to monitor student progress on word problems
Collect and Analyze data

Key Strategy 2 (Optional):

Daily Vocabulary Routine
Introduce 3–5 high-utility words weekly.
Use visuals, gestures, and realia for concrete understanding.
Explicit Instruction
Model pronunciation, meaning, and usage in context.
Word Walls
Interactive and thematic; include visuals and translations for ENL.
Sentence Frames
Provide structured language supports for oral and written responses

.

.

Root Cause Addressed:

Assess Student Needs
Review language proficiency data and IEP accommodations.
Plan Tiered Activities
Align supports with classroom instruction.
Monitor Progress
Use formative assessments (word knowledge checklists, oral language tasks).

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
. Assess Student Needs Review language proficiency data and IEP accommodations.

Plan Tiered Activities Align supports with classroom instruction.
Monitor Progress Use formative assessments (word knowledge checklists, oral language tasks)
Collaborate Work with ENL teachers, special educators, and classroom teachers.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the Save for College Program	Families in 5th grade may not know what building block 1 is or how to enroll as the focus is typically on kindergarten students enrolling. Some families may be wary of	Families need clear, accessible information about what Building Block 1 is, how it works, and why it matters for their child's future. Families need materials and outreach in their home languages

Report, 59% of 5th grade students have completed building block 1.	government programs, especially if they have had negative experiences or the family is undocumented.	and formats that reflect their cultural context and literacy levels. Many families simply don't know about NYC Kids RISE.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	59%	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts in 5th grade for All Students will Increase by 6% from 59% to 65% as measured by NYC RISE enrollment reports for 5th grade.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Schedule workshops throughout the year.
October: Initial Informational Parent Workshop
January: Financial Literacy Workshop
February: A second Informational Parent Workshop
March: Workshops for Kindergarten and 5th Grade parents
May: 5/29 Day

Mention NYC Kids Rise at every PTA meeting

Have school aides call families who are not enrolled yet.

Backpack informational flyers

Root Cause Addressed:

Workshops and PTA mentions can address a lack of awareness about the program. Also, some parents may feel overwhelmed by the process. Having in person workshops will help support parents.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Include NYC Kids RISE info in welcome packets, school newsletters

Host workshops (in-person and virtual)
Mention the program at PTA meetings, parent-teacher conferences, and school events.
Offer one-on-one support through parent coordinator and school aides

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on NYC School Survey 95% attended school	Families may work multiple jobs or have non-traditional work hours. Lack of childcare or transportation can prevent attendance at events. Economic stress can deprioritize school involvement.	Family engagement

events(2025). and 90% in (2024).		

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	95%	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the total number of families attending school events will Increase by 1% from 95% to 96% as measured by NYC School Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Create Multiple, Flexible Engagement Opportunities

Offer events at various times (evenings, weekends) and formats (in-person, virtual).
Provide food, and translation services to reduce barriers.

Host workshops on curriculum, student data, and how to support learning at home.

Root Cause Addressed:

The strategy reduces barriers for parents. Offering multiple and flexible events allows more parents to attend.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct a Family Engagement Needs Assessment Survey families in multiple languages about their needs, preferences, and barriers. Analyze participation data from past events and meetings.
Offer Flexible and Inclusive Engagement Opportunities Schedule events at various times and formats (virtual, in-person, hybrid). Include academic workshops, cultural celebrations, and family-led events.
Monitor and Evaluate Progress Track family participation rates and feedback.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the New Vision's Portal, 19%(2025) of our students are chronically	Chronic absenteeism is often rooted in challenges that families face at home, which can significantly impact a student's ability to attend school consistently. Housing instability or homelessness can make it difficult for families to maintain regular routines or access transportation. In some cases, students may be responsible for caring for younger siblings or ill family members, especially in households with limited support systems. Parents or guardians working non-traditional hours may struggle to ensure their children are prepared for school each morning. Additionally, health issues—whether physical or mental—affecting either the student or family members can lead to frequent absences, particularly	Increased Family Outreach and Communication, Flexible and Supportive Attendance Interventions

absent. (21%) (2024)	when access to healthcare is limited. These factors, individually or in combination, create barriers that prevent students from fully engaging in their education.	

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	19%	By June, 2026, the Percentage of Chronically Absent Students for All Students will idecrease by 2% , from 19% to 17%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build strong relationships between staff and families through events, workshops, and regular communication.
Celebrate attendance improvements and student successes to foster belonging.
Ensure students feel connected to school through engaging instruction, clubs, and leadership roles.

Root Cause Addressed:

Build strong relationships between staff and families through events, workshops, and regular communication addresses Chronic Absenteeism because it strengthens trust and partnership between home and school, makes families feel welcomed, valued, and informed. Encourages families to reach out when challenges arise, allowing for earlier intervention.

Celebrate attendance improvements and student successes to foster belonging addresses the root cause because it reinforces the idea that attendance is important and noticed, builds student confidence and motivation to come to school, creates a positive school culture where effort is recognized

Ensuring students feel connected to school through engaging instruction, clubs, and leadership roles addresses the root cause because Increases student engagement and ownership of their learning, helps students build friendships and positive peer connections, gives students a reason to look forward to coming to school

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch an attendance recognition program to celebrate student improvements (e.g., shout-outs during morning

announcements, certificates, class incentives, trips)
Implement weekly attendance check-ins for students at risk of chronic absenteeism
Promote participation in existing school clubs such as coding, soccer, art, STEM, chorus, dance, and guitar, which foster student engagement and provide motivation to attend school regularly

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Strengthen the implementation of IEPs through a school-wide system of targeted instructional supports, frequent progress monitoring, and collaborative planning between general education, special education, and related service providers.
Also, invite students to develop goals they want to achieve with parents providing additional input to support their child's success.

Root Cause Addressed:

IEP Progress Monitoring Cycles ensure monthly reviews of student data to adjust instruction in real time.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch IEP Progress Monitoring Cycles: Establish monthly data reviews to assess student progress toward IEP goals and adjust instruction accordingly

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
11/06/2025	11/06/2025	Informational Session on IEP goal development , provide strategies / supports to be used at home for academic content areas	SBST team

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
2	Two grade levels below on the iReady Math /ReadingDiagnostics	iReady Math /readingLessons	Small Group	During	no
2	One or two grade levels below in iReady reading or math	English Language Arts Companion	Small Group	After	no
2	Students 40th percentile lower/ROAR	iReady Lessons	small group	during	no
3	Students two or more grade levels below in acadience	Fundations	Small Group	During	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	Students who have experienced traumatic events or loss in their lives.	Bereavement Counseling	Individual and Small Group	During	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At our school, we are deeply committed to fostering a strong partnership with families to support every student's academic and social-emotional development. Through clear communication and active collaboration (MTSS Team), we ensure that families are informed, involved, and empowered throughout the Multi-Tiered System of Supports (MTSS) process. Here's how we create a shared, meaningful experience between home and school:

1. Progress Monitoring

For students receiving Tier 2 or Tier 3 supports, we provide families with progress monitoring reports every six to eight weeks. These reports offer valuable insights into the student's growth, helping parents stay informed about their child's academic and behavioral progress. As students are identified , families are informed, they receive tier 2 , tier 3 instruction through SPIRE or Sound Sensible.

2. Parent-Teacher Conferences/ Family Engagement Time

Our parent-teacher conferences are more than just meetings—they are opportunities to dive deep into data, discuss support strategies, and plan actionable next steps. This collaborative approach ensures alignment between home and school, empowering families to play an active role in their child's learning.

3. Ongoing Communication

We believe in maintaining continuous, open lines of communication. Interventionists and support staff reach out to families regularly, whether by phone or email, to discuss goals, share updates, and address any questions or concerns. This ongoing communication ensures that families are always in the loop and able to provide the best possible support at home.

4. Family Participation in Decision-Making

We actively invite families to be a part of the decision-making process regarding their child's learning plan. Whether it's selecting interventions, setting goals, or refining strategies, we view families as essential partners in helping us make the best decisions for their child's success.

5. Family Surveys

We value families' perspectives and use surveys to gather valuable input about their child's strengths, needs, and any strategies that have been effective at home. This information helps us better tailor interventions to meet the unique needs of each student.

6. Problem-Solving Meetings

For students receiving Tier2, and 3 support, parents are included in problem-solving meetings. These meetings bring together teachers, support staff, and families to collaborate on finding the best ways to address challenges, refine strategies, and celebrate successes.

7. Workshops & Parent Nights

We host workshops and parent nights on key topics such as reading strategies, behavior support, and how to help at home. These sessions give families the tools and knowledge they need to reinforce learning and provide consistent support.

8. MTSS Awareness

Understanding MTSS is crucial for families, so we make it a priority to educate parents about how this system works and how it benefits their child. We provide clear, accessible information so that parents can fully engage in the process and advocate for their child's needs. Share diagnostic results from ROAR/Acadience

9. Parent Newsletters
Our monthly newsletters offer updates on MTSS initiatives, share success stories, and provide practical tips that families can use at home to support their child's learning and development. These newsletters keep families informed and engaged in their child's educational journey.

10. Parent Information Night
At our annual Curriculum Night in September, teachers present an overview of MTSS services and how they align with our overall goals for student success. Parents can learn more about how the system supports their child's individual needs and growth.

11. Online Resources
To ensure that families have easy access to vital information, our school website and family portal include a dedicated MTSS page. This page features descriptions of the different tiers of support, available resources, and contact information for support staff.

12. Asset-Based Approach
We believe every student brings valuable strengths to the table. In MTSS, we focus on building on those strengths to help students engage with grade-level content. Our approach is always asset-based, recognizing what students are already capable of and using that as a foundation for growth.

13. Focus on Growth
Ultimately, our goal is student growth—both academically and socially-emotionally. We work closely with families to monitor progress, celebrate milestones, and make adjustments as needed. Through this continuous partnership, we ensure that every student is supported on their unique learning journey.

By fostering a culture of collaboration, transparency, and ongoing communication, we create a shared responsibility for student success. We understand that when families are engaged and informed, students thrive. Together, we can help every student achieve their full potential!

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families will receive updates wiith phone calls/ meetings during 55 minute parent engement time. i-ready reports / Acadience or any form of work samples to show how the student is progressing and meeting learning goals.
If the student is meeting with an Interventionist they can share their growth monitoring tools and action plans with specific skills and strategies they are using.
Families are invited to attend meetings and workshops to learn about specific services and programs that will support the students learning goals.
They will be kept informed and provide input on what expectations and outcomes they are looking for so that an action plan can be created with school support teams.
Explaining the benefits of students attending morning or afternoon reading clubs to provide multiple opportunities to support reading instruction. Sharing resources that will be used so that are able to use them at home as well.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families play a critical role in decision-making for students receiving Tier 3 intensive interventions. Here's how they are typically involved:

Collaborative Meetings
Families are invited to participate in meetings such as RTI (Response to Intervention) or MTSS (Multi-Tiered System of Supports) team discussions. These meetings review student progress data, intervention strategies, and next steps.

Sharing Progress Data
Teachers and interventionists provide families with clear, understandable data—such as progress monitoring graphs and assessment results—so they can see how the student is responding to interventions. Ie. Acadience, ROAR and iReady

Input on Goals and Strategies
Families contribute insights about the child's strengths, challenges, and home environment. Their input helps tailor interventions to be culturally responsive and aligned with the student's needs.

Decision Points
When determining whether to continue, intensify, or modify interventions—or consider special education evaluation—families are consulted and their consent is required for formal assessments.

Ongoing Communication
Regular updates through phone calls, emails, or conferences ensure families remain informed and can ask questions or suggest adjustments.

Empowerment and Resources
Schools often provide resources or training for families to support learning at home, reinforcing intervention strategies beyond the classroom.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

113 students are Doubled Up
1 student is in a temporary living situation
6 students live in a shelter

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

4 out of 6 students living in a shelter are considered chronically absent.
5 out of 6 students living in a shelter are below grade level in Reading and Mathematics according to iReady and Acadience Data.
4 out of the 6 students living in a shelter are English Language Learners.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

STH liaison will ensure the rights and services are in compliance with McKinney-Vento Act; liaison will identify homeless students, coordinate transportation, and provide free school meals to all students. Galaxy amount of $500 to purchase school supplies, laundry and cleaning supplies as well as winter coats and uniforms as needed.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

There is 1 student in foster care enrolled at this school.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Assign a staff member to coordinate with the child welfare agency to expedite transfer of academic and health records.
Appoint a Foster Care Liaison (counselor) to:
Monitor academic progress and attendance.
Serve as a consistent adult advocate.
Coordinate services and communication between school, foster family, and agency.
Provide foster families with:
Orientation to school policies and supports.
Regular updates on student progress.
Access to parent-teacher conferences and school events.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

There is only 1 student in foster care.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Assign a counselor to conduct weekly or biweekly check-ins.
Facilitate small, trauma-informed SEL groups focused on topics like resilience, identity, transitions, and peer relationships.
Provide foster families with SEL resources and training to reinforce skills at home.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community .P.S. 92 The Harry T. Stewart Sr. Magnet School for Engineering, Architecture and the Arts , in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Our plan includes the following:

Administration will share instructional data and instructional plan for the year that is designed to help students' academic progress grow with school and parents (home) working together.

Parent workshops will be offered monthly, designed to help parents understand how to interpret iReady, Acadience and State testing information. The workshops will be lead by admin and teachers. This will give parents first hand information and allow them to ask questions and ask for suggestions on how to best help their child at home.

The school has an active SLT and PTA that has the participation of parents that engage directly with administration, teachers and non committee member parents as well to inform them of current and relevant information.

The Administration puts out a monthly newsletter and Calendar to inform parents of school happenings, workshops, and family events such as: the Hispanic Cultural Festival, the Boo Parade, Holiday food drive and important dates such as: Parent Teacher Conferences, Report Card distribution, State Testing dates and health concerns and updates. This information is shared with parents via school website, class dojo, twitter, and also sent home.

PS 92Q also collaborates with the CBO. The Hispanic Coalition for the Arts and Literacy Program engages students and parents alike. This after school program requires family involvement and engagement events monthly. All parents participating must attend meetings and workshops in order for their child to be in the program.

Support for Parents and Family Members of Title I Students

P.S. 92 The Harry T. Stewart Sr. Magnet School for Engineering, Architecture and the Arts will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments through workshops; that focus on curriculum, how to help children succeed and cyberbullying.
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff on how to assist parents and improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA; host the required ELL Orientation in October and as needed during the school year for all our ELL Parents.
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about

school activities and student progress;

- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand. Teachers will have a Class Dojo or such App for parents to be able to communicate with the teacher in their language of preference for information or to aske questions.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS92Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve on the State Standard Assessments.

Our school Compact clearly states the agreement between Parents, school and students to share in the responsibility for a supportive academic environment. This will be done by all of the above communicating regularly, respecting one another, be a part of school life by attending school and school events, follow the code of discipline, do classwork, homework and communicate work progress to parents, be a model citizen of the school and provide a multitude of opportunities for parents to engage in their child's learning.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;

- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents; either by providing a person to translate or using the DOE translation call line.
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs; supporting parents in seeking outside resource if needed.

II. Parent/Guardian Responsibilities

- As per our Parent /Student Compact Parents agree to monitor their child's attendance and ensure that their child arrives to school on time as well as follow the appropriate procedures to inform the school when their child is absent;
- ensure that their child comes to school rested by setting a schedule for bedtime based on the needs of their child and his/her age;
- check and assist their child in completing homework tasks, when necessary;
- read to their child and/or discuss what their child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time their child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage their child to follow school rules and regulations and discuss this Compact with their child;
- volunteer in their child's school or assist from their home as time permits;
- participate, as appropriate, in the decisions relating to their child's education;

- communicate with their child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of their child.

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete their homework and submit all assignments on time;
- follow the school rules and be responsible for their actions;
- show respect to themselves, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try their best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Credentials for new candidates are verified by NYCPS HR Director and BEDS survey. Principal ensures that every teacher's assignment aligns with their license area as Highly Qualified.
Strategies and activities used to attract high-quality highly qualified teachers to our school include: Central Office of Talent and Recruitment partners with colleges and the Borough Support Center HR Director partners with Central for assistance and guidance and for candidate referrals; interviewing HQT candidates from The Open Market Hiring System, the Absent Teacher Reserve (ATR) Pool, and the NYC Teaching Fellows Program; establishing a rigorous interview protocol that includes intensive criteria for the selection of new staff members including demonstration lessons, interviews, and New York State certification/licensing; maintaining a teacher resource center and professional library to promote promising and effective practices; providing teachers with curriculum unit plans instructional resources and professional learning opportunities.
Professional Development sessions are given based on individual teacher needs. Coaching cycles and timely feedback.Staff development activities in our school are scheduled to permit classroom visits and grade meetings, to give teachers a chance to meet in small groups. Our Technology teacher attends monthly tech meetings to keep current with trends. Professional development is also provided for by the Borough Support Center who is readily available.
Technology used to support staff includes Smart Boards bringing internet technology to each classroom. Learn.com which includes Aha Math is used for our lower grade students (purchased using Title I funds). We also utilize iPads and Chromebooks in all classrooms for various activities.
Scheduling to support Professional Development is provided by the school administration to facilitate common periods when teachers meet. Every year we create common preparation periods by grade. A Literacy Block is included in the schedule again this year during the second period each day. Substitute teachers are available to allow individual teachers to attend outside professional development (paid with Title I funds).

High Quality and Ongoing Professional Development: Administrators develop their own assessments to identify individual needs among faculty members. Data from state tests, ELA and Math, and NYSESLAT exams, help them to pinpoint teacher effectiveness. Evaluations from the previous year, as well as informal observations taking place continuously, enable them to identify the needs. Administrators meet with cabinet members to review professional development opportunities throughout the school year. As these opportunities are identified, individual teachers are selected to attend professional development sessions. The faculty at PS 92 is also given the opportunity to select PD opportunities they themselves have selected, upon approval from the principal. A Professional Development (PD) Team is created to decide what PD opportunities the staff would be able to attend. PD is also facilitated by teachers themselves.
With our Assistant Principals lead teachers attend monthly meetings given by our Borough Support Center. Facilitators are readily available to come to the school to offer support and answer questions. Technologies such as Smart Boards bring Internet technology to individuals. Scheduling allows us to facilitate common periods when teachers meet. Staff members who attend PD outside the school use this time to turnkey information to their peers on the same grade, depending on applications

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Parents are invited to a Parent Orientation in early September. They are also included in all parental activities, where higher level thinking is discussed. Parents are also included in all forms of celebrations throughout the year. Technology is used to further assist them in the transition. Our Pre-K classrooms work with a centrally mounted Smart Board, along with multiple iPads. Curriculum is aligned vertically in the NYS Standards. Conversational prompts lead into reading activities when they move on to Kindergarten. Professional Development for early childhood grades includes Pre-K teacher. Early intervention includes speech and T5 screening by our school psychologist.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	616,134	x	Section: 5C
Title I, School Improvement 1003(a)	Federal	see note		
Title II, Part A	Federal	57,164	x	Section 5C
Title III, Part A	Federal	51,624	x	Subgroup: ELL students
Title III, Immigrant	Federal	see note		
Title IV, Part A	Federal	0	x	Section: 5C
Tax Levy (Fair Student	Local		x	Section: 5C

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Daisy Morales
Assistant Principal (Where Applicable)*	Rose Ann Valerio
English as a New Language (ENL) Teacher*	Ms. Silvestri, Ms. Nunez, Ms. Martinez, Ms. Mico
Teacher (if school has a bilingual program must be a bilingual teacher)*	T. Reyes
Parent/Guardian*	
Teacher	
Parent Coordinator	Ana Melendez
School Counselor	Gabe Flores
Related-Service Provider	Karen Diaz
Jessica Guaman	PTA
Maria Chamba	Title 1

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

9

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

8

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

1

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

N/A

Total number of teachers with LOTE certification providing World Language instruction:

N/A

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

N/A

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

756

Total number and percentage (%) of current ELLs:

44.2

Total number and percentage (%) of former ELLs:

6

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

85.3

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

14.7

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1.5

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

16.5

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	TBE	Spanish	2022				1	1									2
TBE																	0
TBE																	0
DLBE	Dual	Spanish	2018	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 2	total: 2	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our English as a New Language (ENL) Stand-Alone classrooms groups students according to their ENL Proficiency levels across the grades K-5. ENL Stand- alone classes are grouped heterogeneously and instruction is then provided according to the CR Part 154-2 (K-8) English as a New Language (ENL) Units of Study and Staffing Requirements as follows:

Stand-alone English as a New Language (ENL) is provided to all students who scored Entering - Transitioning on the NYSITELL or NYSESLAT. Specifically, students who score Entering receive 180 minutes of stand-alone instruction per week.

Students who scored Transitioning receive 90 minutes of stand-alone instruction, with an additional 90 minutes of Integrated ENL.
The instructional goal of the stand-alone component is language development that is aligned with the grade level content and standards. Instruction is linked to content based on the instruction that is taking place in the content areas that most benefit the students, in ELA.

Students receive stand-alone instruction separately from the content class. If the student is in a class with a dual certified teacher, the teacher provides stand-alone ENL instruction separate from the rest of the class. If the student is not in a class with a dual certified teacher, the student receives stand-alone instruction from an ESOL certified teacher who works with MLLs/ELLs in a separate location. Students who are a the Entering and Emerging levels received 180 minutes of stand-alone instruction on the fundamental of English language and content based instruction that meets the needs of all students. This enables instruction to be focused according to their performance level and target of measurement for a particular grade span. Home language supports are used as scaffolds in stand-alone instruction and the NYSESLAT target of measurements in listening, speaking, reading, and writing.

Integrated ENL:

Our English as a New Language (ENL) Integrated ENL Program has students grouped according to their ENL levels across the grades K-5. Integrated ENL instruction is then provided according to the CR Part 154-2 (K-8) English as a New Language (ENL) Units of Study and Staffing Requirements as follows:

ENL Certified teachers provide the required Integrated ENL units of study in ELA as required:

Entering Level: 1 Unit of study in ENL/ELA (180 minutes)

Emerging Level: 1 Unit of study in ENL/ELA (180 minutes)

Transitioning Level: 1 Unit of study in ENL/ELA (180 minutes)

Expanding Level: 1 Unit of study in ELA (180 minutes)

Commanding Level: .5 Unit of study in ELA (90 Minutes) (For 2 years after reaching commanding level)

In an integrated setting students are grouped heterogeneously, from the entering proficiency level to expanding. The ENL provider collaborates with the classroom teacher to provide scaffolded instruction that is aligned to the English Language Arts curriculum.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Our Transitional Bilingual SC Program follows the 60/40 (Spanish to English) model and transitions into 50/50 mid-year and ends 40/60 as the year progresses. Students begin the school year with 60% primary language (Spanish) and slowly transition to equal parts of English to Spanish and by the spring instruction is 60% English to 40% Spanish.

ENL Instruction

At PS 92Q English as a New Language (ENL) is implemented through a dual-service model that combines stand alone ENL and integrated ENL, based on students' proficiency levels both aligned with the New York State Next Generation ELA Learning Standards (NYS?NGLS) and the Units of studies. Stand alone ENL provides dedicated time for English Learners to develop language skills through high quality instructions and materials targeting vocabulary, grammar, reading, writing, and academic discourse at levels tailored to their English proficiency. We often use adapted texts and scaffolds from programs such as HMH?. Integrated ENL embeds language development within grade-level content instruction, and the NYSESLAT Targets of Measurements (TOM). ENL teachers collaborate and plan closely with classroom teachers to scaffold complex texts, facilitate academic discussions, and support writing and comprehension tasks. This model emphasizes co-planning, differentiated instruction, and strategic use of both stand-alone and integrated time to ensure English Learners have equitable, rigorous instruction that give all learners access to grade-level content while progressively building academic English, with progress monitored through formative assessments and state-mandated evaluations like the NYSESLAT, Acadience, and iReady.

Dual Language Bilingual Education (DLBE):

In our Dual program the content areas includes, ELA, Math, Science and Social Studies. ELA (HMH curriculum for reading and writing) Envisions Math, Amplify Science, and Passport for Social Studies. Materials are used in both

English and Spanish. The dual classroom teacher provides Social Studies instruction in both languages. In using the Advanced Literacy strategies students are grouped by proficiency levels in small group instruction. Teachers follow an alternate language day program (one day English, the next Spanish and then English).

ENL Instruction

At PS 92Q English as a New Language (ENL) is implemented through a dual-service model that combines stand alone ENL and integrated ENL, based on students' proficiency levels both aligned with the New York State Next Generation ELA Learning Standards (NYS?NGLS) and the Units of studies. Stand alone ENL provides dedicated time for English Learners to develop language skills through high quality instructions and materials targeting vocabulary, grammar, reading, writing, and academic discourse at levels tailored to their English proficiency. We often use adapted texts and scaffolds from programs such as HMH?. Integrated ENL embeds language development within grade-level content instruction, and the NYSESLAT Targets of Measurements (TOM). ENL teachers collaborate and plan closely with classroom teachers to scaffold complex texts, facilitate academic discussions, and support writing and comprehension tasks. This model emphasizes co-planning, differentiated instruction, and strategic use of both stand-alone and integrated time to ensure English Learners have equitable, rigorous instruction that give all learners access to grade-level content while progressively building academic English, with progress monitored through formative assessments and state-mandated evaluations like the NYSESLAT, Acadience, and iReady.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our Transitional Bilingual SC Program ensure the mandated number of instructional minutes is provided according to students' English language proficiency levels in each program model. To do this we follow the CR Part 154-2 (K-8) Transitional Bilingual Education Program Guide as follows:

Transitional Bilingual Program:

Our Special Ed Self Contained 1/2 Bridge - Transitional Bilingual class provides ENL, ELA and HLA as follows:

Entering Level: Unit of study (180 minutes) Integrated and (180 minutes) of Stand Alone instruction in ENL / ELA , 1 HLA Class and a minimum of 2 in Bilingual Content Area subjects.

Emerging Level: Unit of study (180 minutes) Integrated and (180 minutes) of Stand Alone instruction in ENL / ELA , 1 HLA Class and a minimum of 2 in Bilingual Content Area subjects.

Transitioning Level: Unit of study (180 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 1 in Bilingual Content Area subjects.

Expanding Level: Unit of study (180 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 1 in Bilingual Content Area subjects.

Commanding Level: Unit of study (90 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 1 in Content Area subjects.

Dual Language Program:

In our Alternating Day Dual Language Program students receive the mandated units of study follow an alternate day schedule (one day all English instruction and one day all Spanish instruction)

Entering Level: 1 Unit of study (180 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 2 in Bilingual Content Area subjects.

Emerging Level: 1 Unit of study (180 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 2 in Bilingual Content Area subjects.

Transitioning Level: .5 Unit of study (90 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 1 in Bilingual Content Area subjects.

Expanding Level: .5 Unit of study (90 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 1 in Bilingual Content Area subjects

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In our Alternating Day Dual Language Program students receive the mandated units of study follow an alternate day schedule (one day all English instruction and one day all Spanish instruction)

Entering Level: 1 Unit of study (180 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 2 in Bilingual Content Area subjects.

Emerging Level: 1 Unit of study (180 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 2 in Bilingual Content Area subjects.

Transitioning Level: .5 Unit of study (90 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 1 in Bilingual Content Area subjects.

Expanding Level: .5 Unit of study (90 minutes) Integrated ENL / ELA , 1 HLA Class and a minimum of 1 in Bilingual Content Area subjects

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school provides a self-contained Dual Language program. The Gen. Ed. and ELL students are integrated 100% of the time. Teaching schedule alternates language every day.

The languages of instruction are English and Spanish for all core content areas taught. The languages are separated by alternating days for each language. For example: Day 1, all core content areas are taught in English; Day 2 all core content areas are taught in Spanish and repeat schedule pattern. Both languages are taught simultaneously, but on an alternating day schedule.

b. In which language(s) is each core content area taught?

All Content Areas are taught in both English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

In our TBE SC Language program the content areas of reading and math are taught in both English and Spanish. Science and Social Studies are taught in Spanish by the classroom teacher. We use the standards, and HMH Spanish resources to embed in our curriculum as well as in our unit of studies.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

PS 92Q has 85.3 percentage of ELLs that are Newcomers. Effective instruction for Newcomers differ from those provided to developing. PS. 92 Q currently does not have Long-Term ELLs.

At PS 92Q we focus on developing language by using the students' Language Proficiency Level and we focus on Instructional moves that deliver positive outcomes to increase students' academic experience.

Newcomers

- Focus: Foundational English skills
- Instruction Includes:
  - Explicit vocabulary instruction
  - Basic grammar and sentence structure
  - Visual supports, gestures, realia
  - Scaffolding for comprehension
  - Use of home language strategically (as needed)

Developing ELLs

- Focus: Academic language development across content areas
- Instruction Includes:
  - Integrated content and language objectives

Instructional Pacing and Expectations alignment with the Next Generation standards and content based instruction allow us to differentiated for the different modalities and proficiency levels. We aligned the language with content based instruction that meets students where they are. We use rigorous and explicit instruction with support that meet students at different academic levels to close the gaps as we used data to identified trends and plan to modify

future lessons as the data becomes available.

Newcomers: Slower pacing, more modeling, explicit teaching of basic concepts, backwards planning.

Developing ELLs: Moderate pacing, with scaffolds and increasing rigor.
- Collaborative group work and peer interaction
- Scaffolds like sentence frames, graphic organizers
- Continued vocabulary development (Tier 2 and Tier 3 words)
- Opportunities to speak, write, and read in more complex ways

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

PS 92Q has 1.5 percent, of ELLs that are identified as Students with Inconsistent/Interrupted Formal Education (SIFE). We differentiate effective instruction for SIFE as follows:

1. Assess What They Know -Use NYSED diagnostic assessments in both English and their native language to determine:
- Literacy levels
- Numeracy skills
- Content knowledge
- Focus on what they can do, not just what they lack
  Next Steps

2. Build Foundational Literacy Skills
- Explicit instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension
- Use high-interest, low-level texts
- Integrate home language literacy when possible (research shows cross-linguistic transfer benefits)

3. Use Highly Visual, Multisensory Instruction
- Graphic organizers, timelines, images, manipulatives
- Hands-on activities and realia to connect abstract concepts to tangible experiences
- Scaffolded instructions with step-by-step modeling

4. Accelerate Content Learning Through Language-Rich Instruction
- Content must be age-appropriate, even if skill levels are lower
- Use sheltered instruction techniques (like SIOP)
- Incorporate content-based ESL: teach science, math, etc., with heavy scaffolding
- Provide bilingual resources or peer support if available

5. Pacing
- Pacing may need to be adjusted
- Keep expectations high, but provide multiple access points for students to engage with material

6. Address Social-Emotional and Trauma-Related Needs
- Create a safe, consistent, supportive classroom culture
- Teach routines explicitly
- Allow extra time to process new environments and expectations

- Collaborate with counselors or support staff for trauma-informed strategies

7. Use Small Group or One-on-One Instruction
- Allows for intensive support in both literacy and content
- Peer mentors or cross-age tutors can be highly effective

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At PS 92Q we do not have Long-term ELLs but in case of having we can implement strategies and instructional moves to address the academic needs of this subgroup. Effective instruction for Developing or Long-Term ELLs differs because each group has unique linguistic, academic, and social-emotional needs. Here's a breakdown of the key differences:

For Developing ELL
Instruction emphasizes:
- Continued English language acquisition
- Integrated content and language instruction
- Scaffolding to access grade-level content
- Explicit vocabulary development (Tier 2 & Tier 3 words)
- Opportunities to practice speaking, reading, and writing in academic contexts

Example Strategies:
- Visual supports, sentence frames
- Collaborative learning
- Explicit grammar mini-lessons
- Writing with graphic organizers

For Long-Term ELLs
Instruction emphasizes:
- Advanced academic language, especially in writing
- Corrective feedback to address fossilized grammatical errors
- Re-engagement through culturally responsive pedagogy
- Literacy intervention, particularly for complex texts and writing
- Building metalinguistic awareness (understanding how language works)

Example Strategies:
- Genre-based writing instruction (essays, arguments, explanations)
- Direct instruction in syntax, transition words, and cohesive devices
- Reading complex texts with structured discussion and analysis
- One-on-one or small group writing feedback
- Connecting content to cultural identity and personal voice

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

6% of students are former ELLs. Our former ELLs continue to receive support for two additional years. These learners demonstrated independence while scaffolds may offer support, use of strategies fall away. Rigorous instruction in academic language continues to be supported by the ENL teacher in collaboration with the classroom teacher. Both teachers use student's data to provide rigorous instruction in higher order thinking, and provide

opportunities to learn and apply academic language across all content areas.
The ENL teacher collaborates with the classroom teacher to provide instruction in ELA that is aligned to the curriculum. Appropriate scaffolds are incorporated into lessons to provide former ELLs with support while fostering independence.

Option A: Small-Group Learning Strategies for ELL/MLL Students
Purpose:
The purpose of small-group instruction is to teach academic content while reinforcing English language development. Instructional strategies are designed to build students' comprehension, vocabulary, and communication skills while engaging them in grade-level curriculum.
Instructional Moves:
- Jigsaw Reading: Texts are divided into sections for small groups. Each student or group reads one part, summarizes the main ideas, and teaches their section to peers. This strategy encourages collaboration, comprehension, and oral language practice.
- Graphic Organizers Together: Students use tools such as Venn diagrams, timelines, and cause/effect charts to organize information, scaffold understanding, and make connections between key concepts and academic vocabulary.

Collaborative Practices:
We collaborate with classroom teachers to ensure that lessons are equitable and accessible for all learners. Through the use of data, standards-based planning, and curriculum alignment, we emphasize the academic language and learning purpose behind each lesson. This approach helps students understand why they are learning specific skills and how they connect to broader academic goals.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Based on the Spring 2025 EDAT data, the highest-risk indicators for ELLs are:
- 85.3% – Newcomers (0–3 years of ELL services)
- 39.5% – ELLs who did not demonstrate sufficient ELP progress (Spring 2024 NYSESLAT)
- 27.2% – ELLs in temporary housing
- 26.6% – ELLs who scored Level 1 or 2 in Math last school year
- 25.7% – ELLs who scored Level 1 or 2 in ELA last school year

These trends indicate that ELLs at the entering and emerging levels require additional language support aligned with content areas. Newcomers need focused support in the writing portion of the NYSESLAT.
Other challenges our ELLs face include temporary housing and academic performance in Math and ELA. At P.S. 92Q, we closely monitor these trends and implement strategies to address them. We provide professional development to all staff on identifying gaps in writing skills. In Math, we emphasize the language necessary to understand standards and build academic vocabulary to help ELLs achieve proficiency.
For students in temporary housing, the schoolwork's closely with families to provide school supplies, clothing, uniforms, and other support as needed. Staff and the parent coordinator collaborate with families to provide academic and social support.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Based on the Spring 2025 EDAT. at P.S 92, the highest at risk indicators for former ELLs are as follows:

33.3% ELA: Former ELLs who scored level 1 or 2 last school year
17.8% ELA Former ELLs who scored level 1 or 2 in SY 2022-23 and 2023-24

22.2% Math: Former ELLs who scored level 1 or 2 last school year
8.9% Math Former Ells who scored level 1 or 2 in SY 2022-23 and 2023-24
17.8% Former ELLs in Temporary Housing

Based on this data. the noticed trends among Former ELLs is that students are in need of further support at P.S 92Q. All classroom teachers are expected to use school wide protocols to close the gaps and provide scaffolds for all students. In grades 3-5 we use the instructional focus to strengthen reading comprehension with an emphasis on building vocabulary development and common questioning and summarizing. We also look at the standards and the curriculum learning objectives to provide further support in the areas that the students are struggling in. We use instructional moves such as RAPP, think pair share, small group instruction, reteach and enrichment strategies.

For K-2 all teachers are expected to plan according to students needs. Teachers use the HMH curriculum, Heggerty and Fundations. Resources are modified to address the different proficiency levels. During common planning teachers identify trends and plan accordingly. For reading and writing teachers use HMH online resources and differentiate materials based on the needs of their students.

Lastly, ENL providers and classroom teachers work collaboratively to identify trends and gaps and plan accordingly.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At P.S 92Q we have 331 Spanish speaking, 1 Arabic, 1 Chinese, 1 Fulani. We have a majority of staff that speaks Spanish and in the event that we do not have a staff member who has the ability to communicate in a language we do not speak we use the Office of Language Access which we can call over the phone and request interpretation. Furthermore, when you enter our school building there is a large poster, pamphlets and a sign by the security guards which parents can identify their preferred home language for further assistance. At P.S 92Q we value home languages and we are committed to provide the upmost positive experience no matter the language parents and students speak. All are welcomed at P.S 92Q.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At P.S 92Q we value all ethnicities, we know our students by their names. We know our students well and we create events based on their interests. We include our ELLs in the curriculum by providing culturally responsive reading and experiences that enrich their background. Students have the opportunity in the units of studies to create projects that are culturally responsive to their homes. HMH provides opportunities to write about their home language, culture, customs and food. For example, in the fourth grade HMH reading curriculum, students have the opportunity to read about various dances around the world and they are expected to make a connection to their experiences. This provides an opportunity for students to be culturally responsive and speak about their experiences or dance they would like to learn.

Welcoming and Affirm
At PS 92Q the principal and staff members welcome students at arrival and dismissal. All teachers and staff know their students by name. We celebrate birthdays by giving a shout out in the morning announcement. Wes use SEL strategies. We incorporate books that are culturally responsive to our community.

Inclusive Curriculum and Assessment

In addition, in social studies second grade students have the opportunity to learn about different communities. The teachers ask students to create a poster about their native community and backgrounds. Parents were encouraged among the students to present all about their culture.

High Expectations and Rigorous Instruction
All students are expected to learn in a environment where they are supported and challenge. All students participated in the Civic for all project. Students voices where heard, students identify a problem and created a solution for their community. This aligned to the NYSESLAT task and the a

Ongoing Professional Learning and Support
At PS 92Q we strive to have a community of ongoing learning based on the needs of teachers and students achievement. We emphasis diversity, Equity, and Inclusion in our building in all that we do. We provide weekly professional learning to improve our craft. Also, professional learning it is based on teachers surveys. Furthermore, all staff are encourage to go out and seek other professional learning as it relates to their learning and growth. Selected staff goes to monthly professional development and turnkeys the information to all staff members.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The trends we notice in reviewing English Language Proficiency (ELP) growth at PS 92Q is that students in grade 2 have a 40.7 percent of being identify at risk. We noticed that writing is our modality of needs.

15.2 students met ELP sufficient progress

62.9 students did not meet ELP sufficient progress

For our 2025-2026 school year in grade 2, we will focus on writing and providing scaffolds that close the gap for our ELLs. We will implement academic vocabulary, sentence structures, and paragraph structures. We will focus our work with the Writing Rope strategies and with the Hallmarks of Advanced Literacies to strengthen our core instruction to deliver writing lessons that are rigorous and culturally responsive to our population of ELLs.

Based on the data from page 10 of the EDAT, overall English language proficiency trends show that while some students are making progress, the majority of active ELLs are not meeting all growth benchmarks. A total of 45 students exited ELL status (Method 1), indicating successful progress for a small portion of students. However, only 132 students met the annual growth target (Method 2), representing about 39% of progress-eligible students, and just 32 students met the Safe Harbor cumulative growth benchmark (Method 3), roughly 13% of eligible students. These results suggest that while some students are progressing toward proficiency, most active ELLs are not demonstrating sufficient year-to-year growth, highlighting a need for continued support and targeted interventions to help more students reach English proficiency over time.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

We we look at the the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out is that our weakness modality is writing across all grade levels.

The trends that are at each modality is as follows:
Writing: We noticed that the highest need is in writing across all grade levels.
Reading: We noticed that reading stayed the same for all grades.
Speaking: In grades 1-5 we noticed that it was the modality of strength.
Listening: Based in the EDAT grades 1 and 2 did well in listening compared to grades 3 and 5.

Other trends we notices are: We have the least amount of student at Former ELLs at 10.3 percent which is 30 students. The next least proficiency level is Entering at 12 percent, 35 students. Another trend we noticed is that we have the highest proficiency level at Expanding at 37 percentage, 108 students.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, and the Math assessment are:

ELA
Former ELLs who scored level 1 or 2 on the ELA last year was 15 students, 33 percent.
Current ELLs who scored level 1 or 2 in the ELA exam is 86 students, 25.7.

Math
Former ELLs who scored level 1 or level 2 last year was 4 students, 8.9 percent.
Current ELLs who scored a level 1 or 2 in the math exam are 89 ELLs, 26.6 percent.

There is a clear relationship between students' performance on the NYSESLAT and their results on the ELA and Math state assessments. Former ELLs performed better overall, with only 33% scoring at levels 1 or 2 on the ELA and 8.9% on Math, compared to current ELLs with 25.7% and 26.6% respectively. This suggests that as students progress in English proficiency, their performance on both ELA and Math assessments improves

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE at PS 92Q is as follows:
Currently PS 92Q has 16.5 percent of ELLs with IEPs which is 55 students. We have 1.5 percent of SIFE which is 5 students. Some trends that are reflected on the NYSESLAT is the low performance on the writing part of the test. Students with IEPs tends do well in the speaking and listening portion of the test. However, challenges arise when they need to work in the reading and writing part of the test. For both groups some of the challenges that are impacting there growth is the inability to work independently in order to complete the given task. As a school we are identifying these items and creating an action plan that it is individualized for specific student's needs. On average students take five to seven years to develop academic language proficiency. while many ELLs at the elementary level will progress through the proficiency levels, some may not score at the commanding proficiency level on the NYSESLAT due to the year of ENL services they have received thus far.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At PS92Q we provide ELLs with a high-quality academic experience that leads to deeper learning by presenting students with rigorous instruction in every content area. Rigorous instruction focuses on creating an environment that expects students to learn at a high level, each student is supported so he or she can learn at high levels, and each student demonstrates learning at high levels. We do this work by asking open-ended question, one that are the higher level of Bloom's Taxonomy Webb's DOK. Teachers design lessons that move students to more challenging work while simultaneously providing ongoing scaffolding to support learning that moves them to higher levels.
Through the increase of student engagement we can hold students accountable for demonstrating their understanding some activities that teachers implement in their classrooms are Think-Pair-Share, Thumbs up or down, writing and answer on small whiteboards, and sharing their responses in class discussion. In addition, including Tier 3 vocabulary across all content areas. Our instructional focus across all grade levels is to strengthen reading comprehension with an emphasis on building background knowledge, questioning the text and summarizing. We can do this by activating prior knowledge by making text to self-connection and connect to a variety of text sets from different genres, videos, images and more. To strengthen questions techniques we will select high leverage vocabulary and explicitly teach through context clues.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

ELL students are included in the schools' instructional design as part of our total student population. In designing our instructional plan we have made specific changes to our staff placements in order to provide our ELL student with the most complete and rigorous SC Bilingual, Dual or ENL services within the students' learning environment. We have ensured that all our ELL student have a qualified and licensed Bilingual or ENL teacher. Through the years we have encouraged and supported teachers who want to get their Bilingual extension or ENL /TESOL Certification. The response has been very positive and we have created a staff pool that boasts at least one Bilingual and ENL Teacher for every grade K-5 in every program (SC TBE, DL and ENL). In addition we also have two push-in ENL

providers that service ELL - SWD.

The Haggerty, Fundations, HMH Literacy and Envision Math programs were selected because they had an ENL component embedded within the programs. Teachers are encouraged to implement and embed the ENL strategies and tools for differentiating in every lessons in the Bilingual/Dual and ENL classrooms.

Furthermore, teachers are encouraged to participate in D30 and outside organizations for professional learning opportunities in all content areas. In addition, we support our staff by facilitating in-house professional learning that addresses ELL core instruction/curriculum and ENL strategies that support high-quality instruction that address all of our diverse learners.

To ensure we have a cycle of inquiry we will use data to drive our instruction. We will used the following diagnostics: iReady, Acadience, formative, summative and lastly HMH assessments. To ensure students' growth we will progress monitor to ensure ELLs have access to core instruction. We will make adjustments as the data becomes available to give equitable access to the curriculum to our ELLs students. We will create an environment where the curriculum reflect our school community and students feel supported and reflected in the learning process.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Science and Social Studies are presented to our Transitional Bilingual (TBE) SC classroom, Dual and ENL classrooms through classroom teacher instruction. One to two periods of instruction is given through a specialized content area teacher such as Science and Social Studies. Our literacy program Houghton Mifflin Harcourt (HMH) delivers content area materials through literacy in the form of textbooks and additional reading materials both in the students native language (Spanish) and English.

Envision is our Math program for grades K-5 and is in the TBE/ SC, Dual and ENL classrooms. For ENL classrooms the program is offered in English but in TBE SC and Dual Language classrooms the math program is given in Spanish which is the native language of our students and all textbooks are in Spanish as well. Typically, the ENL program is given in English only, however Native Language speakers are supported in the content area subjects by the availability of textbooks and informational text in Spanish.

Native Language is given by Bilingual teachers who understand and speak Spanish. Students are also grouped heterogeneously with peers of similar cultural backgrounds. In following the NGLS, for our self-contained ENL classes and our Push-in classes, all content area subjects are done in English using ENL methodologies and strategies. Language scaffolds are implemented as needed.

The instructional moves to address language development and meet the demands of the Next Generation Learning Standards are as follows:
We develop academic language demands by using scaffolds to support high quality instruction by using sentence frames, offer picture support, deconstructing text, chunking information, sequencing events, content specific vocabulary, graphic organizers, text modifications and focus wall are in every classroom to provide a visual aid to all students. Furthermore, native language translations and bilingual texts are provided to students to support across all content areas.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At PS 92Q all our ELL teachers and providers use instructional strategies and grade level materials to provide access to academic content areas and accelerate English language proficiency. Our teachers and providers are licensed in Bilingual or ENL methodologies and design instruction using ENL strategies, differentiation and scaffolding. Our ELA programs are HMH, Fundations, Heggerty, and the Level Literacy Intervention Program (LLI) which provide teacher resources, in the guide book and online, to support our ELL students. These programs all use ENL Methodologies. All Dual, Bilingual and ENL classrooms have smartboards in the classroom and internet access on smartboard and on student laptops/chrome books.

HMH Reading and Writing: Teachers create lessons that facilitate academic language by strengthening the core instruction. Teachers employ school wide protocols by applying the Hallmarks of Advance Literacy for academic success in all content areas. Lessons routinely feature rich texts, discussions, extended writing and instruction in high-quality vocabulary. We supplement with the use of the Rigby Library, Start Right Readers and Table Top Lessons in all our classrooms.

For our Newcomers we purchased Measure Up workbooks that align with Next Generation Learning standards as well as addressing the NYSESLAT Target Of Measurements (TOMS).

In addition we use instructional moves and we are intentional when implementing instructional strategies and materials to provide access to grade-level academic content and accelerate English language development some strategies are as follows:

Category Strategies
Scaffolding- Visual aids, sentence frames, graphic organizers, modeling, gestures
Differentiation- Adjusting texts, tasks, and questioning based on proficiency level
Language-Integrated Instruction- Embedding language objectives in content lessons (e.g., “Students can explain...” by using academic vocabulary)
Collaborative Learning-Think-pair-share, group projects, structured conversations
Culturally Responsive Teaching Incorporating students’ cultural and linguistic backgrounds into lessons

At PS 92Q the curriculum materials are as follows: Amplify for Science, Passport for Social Studies, and EnVison for Math. These programs are embedded with ENL support for all students across all ELL subgroups. Through a variety of platforms and content area programs, teachers ensure that ELL's are learning both language and academic content. Teachers use visual aid on the computer to help students gain an understanding of content being taught throughout the curriculum. Smart boards are located in every classroom, this allows an opportunity for ELL's to interact not only visually but kinesthetically. Ultimately, MLs/ELLs are provided access to grade level academic content areas and accelerate English language development through various means of representation.

b. SIFE

Currently we have 8 SIFE students.

SIFE students are identified during the registration process. During the parent interview, information is collected to ascertain the student’s level of education. The HLIS and the parent survey/program selection form provide

information as
to the extent of the student's formal education. In addition, the MLS screener available on NYSED.gov offers identification
information. The NYSITELL and Spanish LAB (if applicable) results determine placement in the appropriate language program. Parents remain involved through the support and collaboration of the ENL team and parent coordinator. SIFE students may receive tiered instruction from the ENL team through the push-in model. Instructional needs are also
addressed during the Title III afterschool programs. Continuous assessment (i.e. ENL interim assessment, ELA/Math assessments, performance based assessments (PBA), individual conferences etc. drive instruction to support social and
academic language development in all content areas. All Dual, Bilingual and ENL classrooms have smartboards in the classroom and internet access on smartboard and on student laptops/chrome books.

SIFE students are monitored throughout the year to see their progression.

c. Newcomers

All newcomers are screened and placed in the appropriate setting as per ELL status. Parents are informed of the students eligibility to ENL services and parent is invited to an orientation explaining the programs available. Parent then makes the decision as to what program they would like their child to be in. Once a student is eligible for services, according to the proficiency level students will receive the mandated minutes as per Part 154.2. Student will continue to be eligible until a commanding score on the NYSESLAT. Student will also be eligible for 2 additional years of support after the commanding score on NYSESLAT.

Newcomers identified as MLLs/ELLs are placed in a language program based on their scores and parents' choice. These
students receive intensive English language instruction aligned with the NYS Learning Standards in both the TBE, SC and ENL
program model to enhance language acquisition. Scaffolds within the HMH program provide additional support. Studies
show that children learn from listening to each other. Minilessons/language graphic organizers are used to scaffold, review, reinforce comprehension skills and strategies, support language acquisition and use in listening, speaking reading, writing, and collaborative problem solving to support language development.

d. Long Term ELLs

According to the Spring 2025 - ELL Data Analysis Tool, we do not have Long Term ELLs.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

As dictated by the students IEP, flexible programming enables the student to spend time in a Full Time ENL class while spending other periods with a Special Ed classroom and/or receiving SETSS from a qualified provider. The criteria used to place an ELL-SWD would be determined on placing the student in the Least Restrictive Environment, which could include a SC class or ICT class according to the severity of students disability and the students IEP.

Classrooms with ELL-SWD students have a specific literacy block time. This literacy time enables a second teacher to push-in and assist the classroom teacher with small group instruction. In many cases, the push-in teacher is the ENL provider so that ENL strategies are implemented as follows:

Language Instruction:

Teach reading, writing, speaking, and listening skills in English.

Provide targeted support in vocabulary, grammar, and language usage.

Differentiated Instruction:

Modify lessons to meet the diverse language proficiency levels of all students.

Scaffold content to ensure access to the general education curriculum with alignment to content subject areas.

Progress Monitoring:

Track students' academic and linguistic development.

Adjust instruction based on ongoing formative assessments.

Differentiating and scaffolding instructions according to the needs of students ensures that IEP goals are met. This enables the teacher to satisfy IEP Goals and attain English proficiency within the least restrictive environment.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Parent conferences and meeting help to inform parent of progress and if there is a need for more support. Teacher maintains open lines of communication with parent to assure that students have language support in the home for Homework assistance. We provide the opportunity for Homework Help After-School program and also provide students with the Homework Help Hotline number, which provides homework support at home via the phone by a licensed teacher.

According to the NGST our reading program (Houghton Mifflin Harcourt) incorporates strategies for our TBE/DL/ENL student population. HMH delivers content area materials through literacy in the form of textbooks and additional reading materials both in the students native language(Spanish) and English. Our Math program is Envision for grades K-5 and is in all TBE, DL, and ENL classrooms. In Spanish TBE classrooms the Envision Math program assessments are given in Spanish the native language of our students. Additionally, TBE classroom Literacy assessments include Bilingual running records which are given on a quarterly basis.

The ENL program is given in English only, however support to Native Language speakers for content area subject is

given by the availability of textbooks and informational text in Spanish. Students are also grouped heterogeneously with peers of similar cultural backgrounds. There are afterschool programs for our ENL and Bilingual students. These programs are available to our Native language speakers and support language development.

The home language is assessed to determine students' language proficiency and inform appropriate program placement and instruction. Each of the NYCDOE's multilingual learner (MLL) program models—Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE), and English as a New Language (ENL)—uses home language assessment in slightly different ways.
Initial Identification:

Home Language Identification Survey (HLIS) ? If a language other than English is indicated, students take the NYSITELL (New York State Identification Test for English Language Learners).

Home Language Proficiency Assessment:

Students' home language proficiency is assessed using tools like the Spanish LAB (Language Assessment Battery) or other school-approved diagnostic tests (depending on the language).

This helps teachers group students and differentiate instruction based on proficiency in both languages.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS 92Q the systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available are as follows:

MTSS model focuses on high quality instruction by analyzing data-based instruction and intervention decision making.

We have grade level planning time for all teachers and staff to collaborate and plan the units of studies in HMH reading and writing curriculum, Math EnVison, Science Amplify, and Social Studies Passport. In these curriculum maps teachers include learning targets that foster students academic language development and are also differentiated for all their diverse learners. Ultimately, teachers are collaborating and supporting each other.

Teachers are encouraged to plan both horizontal and vertically.

Intergrated Co-teaching: PS 92Q teachers have access to the co-teaching model handbook which guides teachers in best practices and suggestions such as parallel teaching and co-teaching.

Dual Language Bilingual Education: Teachers have D30 instructional coaches, in-house instructional coaches that

support and assist in ENL and Dual language best practices for all.

At PS 92Q we encourage co-teaching and collaboration among all teachers by supporting them in their areas of need. We have an open door policy where all questions and concerns are welcomed.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Continuous staff support on the HMH Literacy program and ENL professional development is provided to all classroom teachers. All grades have a common preparation (prep) period and a meeting period everyday. Explicit Professional development in Literacy is provided to new and experienced teachers. All our professional development within the school is virtual and in person and addresses instructional practices that are appropriate for ENL's, this include grade level planning, designing strategies for classroom instruction, analyzing ENL student work, developing strategies for incorporating Academic Vocabulary, and working with the ENL instructional coach on designing differentiated instruction and the use of appropriate scaffolds.

Our teachers attend Literacy workshops virtually, including those specifically geared for ELL's. In addition our staff can attend Professional
Development webinars provided by the Division of Multilingual Learners (DML) . All programs are made available and given during Professional Development scheduled time or teachers participate in webinars online at their leisure. In addition all teachers are encourage to seek out professional learning provided by the UFT as it pertains to the areas of improvement or professional learning.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Professional Development is given to all teachers and administrators that specifically address the needs of English Language Learners for a minimum of 15% of language acquisition. These Professional Development sessions focus on best practices and integrated language strategies for ENLs. Our Professional Development virtual sessions include Designing Strategies for Classroom Instruction, Designing Differentiated Instruction, Developing Strategies Incorporating Academic Vocabulary and Analyzing Student Work.

ENL teachers attend monthly D30 ML/ELL Leads Series as well as UFT workshop and conferences around dual and ENL best practices. The ENL team turnkeys new information to all staff as we are all teacher of ELLs.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessments being used at PS 92Q are Acadience, iReady, HMH end of module assessments. All screeners tools are administered by the classroom teacher at specific benchmark intervals. The data is reviewed and analyzed by the administration ,teachers and MTSS committee. Teachers meet regularly to discuss trends and interventions that will address the needs presented by the data.

Teachers then use the data to guide instruction for ELL students using ENL methodologies and strategies. Teachers also share the data with special Ed providers of ELL students so that the supports and strategies can continued during their services.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our targeted literacy intervention is based on BOY Acadience Data in grades K-2 and iReady Diagnostic Data in grades 3-5 . Based on the screener/diagnostic data the teacher will formulate small group instruction. Tier 2 literacy and math intervention will take place during the designated periods once per week in each subject. Our ENL service providers and ENL teachers use small group instruction and centers to reinforce our literacy and math instruction as well as content based language objectives and modifications based on proficiency levels.

A targeted intervention is provided to students once a screener has been administered and an area of need has been identified. Targeted intervention programs are used in Tier 2&3 (in addition to core instruction or Tier 1). Research-based interventions are selected to address the area of need. Students who need additional Tier 2 support in math will receive instruction using the Tier 2 Intervention program . Students who need additional Tier 2 support in ELA will receive instruction using the guided reading program such as HMH Table Top Mini lessons, Rigby library and LLI Reading intervention program for selected students. Leveled Literacy Intervention is administered and aligned to Heggerty, Fundations and HMH curriculum.

The ENL providers support our IEP/ENL students with additional differentiated and rigorous material 4-5 times per week. Progress of our ELL's reading levels are continually monitored using Assessments. Selected student who are identified at-risk speech and guidance interventions are given in the students Native Language.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At PS 92Q we have a MTSS committee that is made up of various teachers that teach different disciplines.

The committee analyzes data to guide instruction for ELLs and identify trends, areas of need and then formulates an action plan to address the areas of concern.

At PS 92Q we use Acadience and iReady diagnostics along with the NYSETILL and NYSESLAT to accumulate data and guide instruction across all grade levels. As a committee we use the data to make informed decision and adjust our planning when delivering instruction. As result of the data analysis, teachers modify future lessons to meet students where they are. As a school we strategically monitor data to progress monitor and coordinate evidence-based instruction and intervention to match the learning progression of the learners.

The MTSS meets monthly to analyze data across all grade levels. Trends and item analysis are identified and we create interventions to address the areas of need.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessments used by PS 92Q to inform and drive instruction are as follows:

Think-Pair-Share so the teacher can gain insight into individual student thinking and can adjust the pace or focus of the lesson accordingly.

Peer review to identify areas where students might need more guidance or instruction and can address common mistakes in future lessons.

Student self assessments such as using a student friendly checklist and rubric to foster the thinking process and so teachers can adjust instruction based on student's own perceptions of their strengths and weaknesses.

Small group discussions to give teachers the ability to observe group dynamics, listen to student reasoning and decide if the class needs further clarification.

Exit tickets in order for teachers to identify any misunderstandings or key concepts that need more attention in future lessons.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

To ensure that MLs/ELLs are appropriately evaluated in their home language throughout the year, they first go through a screening process where parents are given the home language identification survey to identify the home language of the student. After screening, the student is given the NYSITELL if their home language is other than English. If a student scores below the commanding level and their home language is Spanish, they are administered the Spanish Lab to test their proficiency level in Spanish.

This is maintained throughout the year by scaffolding assessments to allow for language development, such as providing students with translated assessments for Math throughout the year and for the NYS Math State exam. Students are also provided with English/Spanish glossaries throughout the year and for state exams, for language support. In addition, culturally responsive assessments are utilized by integrating content, examples, and contexts into assessments that are culturally relevant to the students' experiences. Also, students are provided with clear rubrics with multiple language supports. P.S 92Q also emphasizes parent and community involvement by providing assessment materials or summaries in the student's home language to parents, and involving them in understanding how their child is progressing. This can also help parents guide their child's learning at home. This is done by providing parent workshops to families and the community.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The summative assessments used to evaluate the effectiveness of of ML/ELL programs are as follows:

The NYSLESAT results provide a detailed breakdown of students' proficiency in the four domains of language, which helps to identify areas of strengths and areas where students need additional support. If large numbers of students score low in one domain, for example, writing, the ENL providers collaborate with classroom teachers to focus more on developing comprehension skills, such as through class discussions and using sentence starters, structures, and using backwards planning to see the end goals. We also supply rubrics and checklists to pace and guide their learning. This supports students in developing their writing skills in order to write short and extended responses.

For grades 3-5, the ELA and Math assessments also are used to evaluate the effectiveness of our ML/ELL program because as noted the data from the state exams are used to look for common trends among ELLs and their proficiency levels. For example, students who scored a level 3 on the ELA exam and received a proficiency level of expanding on the NYSESLAT is an indicator of their reading and writing proficiency. Some students who are on the entering and emerging level after one year of instruction show that they have scored a level 1 or 2 on the ELA exam.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Testing Coordinators will be assisted by ENL Providers, who are trained to follow NYSESLAT testing protocols. Then Coordinator develops a testing memo with the necessary testing information to be shared out to all staff members. All testing teachers are trained for all parts of the test.

Next teachers are trained to administer the three sessions of the NYSESLAT (Listening, Reading and Writing). Careful consideration is given to scheduling so that all ELL's continue to receive mandated services during the NYSESLAT administration window. Careful consideration is also given to students with IEPs so accommodations are met.

The ENL Coordinator follows the DOE and NYSESLAT testing guidelines and calendar. Scoring is done in-house by ENL licensed personnel , Marisol Nunez, Alisa Silvestri, Kenis Martinez). Once the testing and scoring has been completed the Coordinator prepares the testing materials for pick-up following the specific instructions given by MetricTech.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

PS 92Q ensures that current and former ELL's receive necessary accommodations for state assessments by following the state guidelines.

ELL students with IEP's or 504 plans receive the accommodations as per their respective plan.

All ELL students are ensured of a testing environment that follows the state testing protocols by providing all necessary accommodations.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At PS 92Q we have ongoing ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models.

We sent out an invitation, using the parents preferred home language, to watch and listen to the orientation video about the three available programs in New York State.

If a parent can not attend the meeting, the school will take the necessary steps to work with the parent schedule. We will accommodate the parents by being flexible with the scheduling.

We ensure families receive necessary translation/interpretation supports to meaningfully engage in the meetings by using the parents preferred home language when orally or written communication is given.

We reach out to our parents by sending home written letter, calling by phone, using google classroom platform, or Class Dojo. Furthermore, we meet parents before and after school.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

PS 92Q ENL teachers and providers discuss goals of the program language development progress, language proficiency assessment results, and language development needs in all content areas by contacting parent via letters, google or Class Dojo classroom platforms , call home or meeting during available teacher time.

ENL teachers schedule before, during and after school meetings with parents to meet their individual schedules to further discuss students' progress and language development.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Throughout the year PS 92Q provides various parent workshops that are designed to inform, teach, and educate parents about the learning process that their child is embarking on for the school year.

PS 92Q has active SLT/PTA parent engagement meetings monthly. We also host seasonal family events and we ensure that when communicating at the event we use the parents preferred home languages.

Parent receive all school communications and documents in their preferred home language.

The school provides assistance with technology as needed. Specific staff are assigned to assist parents because they are able to communicate with parents in the preferred home language. If the parent speaks a language that our staff can not accommodate we will proceed to call the DOE translation and interpretation unit.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 92Q we foster empowerment for families of MLs/ELLs by creating various events during and afterschool such as:
School Soccer team
School Basketball team
Dance Team
Art
Family movie night with council members
Career Day
NYPD Community Affairs
Mental Health Parent workshops
Chorus
Coding
STEAM Night
Boo Parade
Cultural Festival
Holiday Winter Wonderland show
Spring Holiday show
Title I parent meeting
Monthly parents workshops
ENL workshops
ELA and Math workshops
Graduation and Moving up ceremonies

All these activities and events are developed with parents' interests in mind. PS 92Q fosters and welcomes parents to our building and ensures that parents feel empowered and included in their child's educational process. As a

school we informally survey how many parents attend our events and continuously work to make improvements to attract more parents to the next event. In the future we will survey our parents to create events around their interests.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At PS 92Q we ensures that families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC) through our monthly calendar, postings on Google classroom, Class Dojo, and the school website. Written communications are translated in the parents preferred home languages. We also ensure that parents are aware that we have an open door policy where they can feel free to come in and express any concerns.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

A PS 92Q the majority of the staff speaks the community's preferred home language. When you enter our school building you will see a large DOE Language Identification Guide poster and pamphlets. Our main entrance has a staff member that speaks our community's preferred home language.

A partnership that we have at our school is the Coalition for Arts and Literacy which provides our families with afterschool support and cultural activities that foster cultural and linguistics exposure.

Read Ahead: This is a ongoing community-based mentoring program to support students at their reading levels during all lunch periods. This program has a virtual component that services students afterschool at home.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

n/a

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

ENL providers and ENL Coordinator: Marisol Nunez, Alisa Silvestri, Kenis Martinez

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At P.S 92Q we follow the intake/ ELL identification process that is carried out by the ENL coordinator. We complete the HLIS which determines the ELL eligibility. If the student has a language other than English we proceed to administer the NYSITELL within 10 school days, 20 school days for students entering with IEPs. Once students have been identified as an ELL and has a proficiency level, the parent is notified in their preferred language and is invited for the parent orientation session. If a parent can not keep the appointment, we will work with the parents to accommodate a later time. After the orientation the parent is given the parent survey in their preferred language to be filled out.

The ENL coordinator is in charge of the intake process and parent orientation and the ENL service providers follow their schedules without interruptions. This ensures that students' services are not interrupted.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Daisy Morales

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Kenis	Martinez	Teacher - Regular Grades	11/04/2025	
Marisol	Nunez	Teacher - Regular Grades - ENL		
Alisa	Silvestri	Teacher-Regular Grades- ENL		
		Assistant Principal 12 Month	11/29/2023	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BELORUSSIAN	0	0.00%	1	0.10%		
BENGALI (BANGLA IN BANGLADESH)	4	0.38%	4	0.38%		
CHINESE ANY	4	0.38%	3	0.29%		
GUYANESE CREOLE (GUYANESE/ENGLISH-BASED)	1	0.1%	1	0.1%		
FRENCH	1	0.1%	0	0.00%		
FULANI	0	0.00%	1	0.1%		

MANDARIN	0	0.00%	2	0.19%		
ENGLISH	183	17.45%	177	16.95%		
SPANISH	856	81.6%	855	81.9%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Calendar	Calendar is sent home in English and Spanish according to our survey that shows the parents' preferred language.
Event Notices	Event notices is sent home in English and Spanish according our survey that shows the parents' preferred language.
DOE generated letters to parents	Sent out in DOE available languages and in English.
504 forms	Forms are available and accessible in various languages. If needed language is not available we will request a translation to the DOE Translation and Interpretation unit.
IEPs	If needed language is not available we will request a translation to the DOE Translation and Interpretation unit.
Monthly Newsletters	Monthly newsletters are sent home in English and Spanish according to our survey that shows the parents' preferred language.
Parent Flyers	Are automatically translated on our website, parents can also translate all flyers on class dojo.
ELL/MLLs Annual Notices	Sent out in DOE available languages and in English.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
IEP Meetings	The school will provide interpretation with the help of a staff member for Spanish. If the parents' home language is other than English or Spanish we will schedule a meeting with an interpreter to support the parents needs following the DOE interpretation request guidelines.
504 Meetings	The school will provide interpretation with the help of a staff member for Spanish. If the parents' home language is other than English or Spanish we will schedule a meeting with an interpreter to support the parents needs following the DOE interpretation request guidelines.
Parent Teacher Conferences	The school will provide interpretation with the help of a staff member for Spanish. If the parents' home language is other than English or Spanish we will schedule a meeting with an interpreter to support the parents needs following the DOE interpretation request guidelines.
SLT/PTA Monthly Meetings	The school will provide interpretation with the help of a staff member for Spanish. If the parents' home language is other than English or Spanish we will schedule a meeting with an interpreter to support the parents needs following the DOE interpretation request guidelines.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

P.S 92Q school's communication strategy to reach parents who refer to speak a language other than English, in the event of a school wide emergency are as follows:

We will post the information our school website an social media which provides translation to all our parents' preferred home languages. Teachers will post the information on their Class Dojo, which provides translations to all our parents' preferred home languages.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At P.S 92Q we will provide the staff with a copy of the Chancellor's Regulation A-663 during the annual back to school orientation. We have the Language Identification poster at the entrance for everyone to see, by the security guard desk, in the main office, by the elevator and around the building. Also, pamphlets are available when you enter our school in the languages provided by the DOE. All available translation information is accessible to all staff members. Staff are aware that the most prevalent home language in our school community is Spanish. Many of our staff speak the language and other languages than English and are always willing to assist if necessary. Some staff that do not speak the preferred language of the parent will use technology to assist them in the translations and interpretations when communicating with parents. We will utilize the language interpretation unit provided by the DOE. Furthermore, we can reach out to The Office of Language Access for further assistance.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

At P.S 92Q all signage for parents is posted in English, Spanish, and the parent's preferred home language.

When preparing brochures, flyers and letters to parents they are translated in the parent's preferred language. If a parent has a preferred language other than English or Spanish we will upload it to Class Dojo and sent it to the parent via that platform which will provide the translation. All DOE communications are sent in the preferred home language when ever it is available. Further more we can reach out to the The Office of Language Access for further support or assistance.

At all school engagements we ensure to provide interpretation to parents in their preferred home language. If the preferred home language is other than English or Spanish the parent coordinator will assist with a translation app to support parent engagement during the event or reach out to the The Office of Language Access for further assistance. In situations when we are expecting a parent with a preferred language that is not English or Spanish we will request an interpreter in advance and schedule them to be at the event. All our technology based platforms provide translation to multiple languages and parents are able to access all information shared on the platforms in their preferred home language.

The parent Guide to Language Access and the NYCPS guidebook are shared with parents during the intake process and any time upon request. It is also available on the DOE website in multiple languages.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

P.S 92Q maintains open lines of communication with parents through the parent coordinator. Parents are informally surveyed during all events at school and during workshops to gage an understanding of how we can better service our limited English proficient parents during these events.

Our school Principal, Assistant principals and parent coordinator are available during arrivals and dismissals to welcome families, dismiss students at the end of the day and address any concerns parents may have. Many parents take advantage of the opportunities to speak to administration about any concerns. When concerns about communication and/or access to language are brought to the attention of the administration or parent coordinator they are discussed to make improvements to our protocols and practices.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

When concerns about communication and or access to language are brought to the attention of the ENL coordinator, administration or the parent coordinator they are discussed so that we can make improvements to our protocols and practices, thus ensuring that our families feel respected and included and treated equitably.

In the coming school year P.S 92Q will have an additional ENL provider added to the already existing team. This will help in having more availability to meet with parents and address their individual language needs. It will also bring an additional person to the table that can offer new ideas for providing more services to our limited English proficient parents.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Total number of ELLs to be served in this program:

292

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

6

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

In reviewing the ELL Data for 2025 we noticed that there was a need for additional support for the following ELL's Subgroups: SWD, and New Comers. Our Data showed that at PS 92 we currently have 331 ELLs. 292 ENL students classified as newcomers which is 87.7 percent. 79 are entering, 71 are emerging, 67 are transitioning, 114 are expanding, and 46 are commanding. There are 55 students who have an IEP.

We use data to guide our instruction that supports our goal to improve English language proficiencies. For our after school and before school program we collaborate study the NYSESLAT and school diagnostics to plan for instruction. The program will target the following subgroups: SWD, and Newcomers in grades 1-5 and the target language will be English to meet the needs of our community population.
The After School Sessions will begin December 2025 and run through January, 2026. It will be 2 days a week, on Wednesdays and Thursdays, from 2:50 - 4:20 p.m.

The Before School Session Program will begin January, 2025 and run through March, 2026. It will be 2 days a week, on Wednesdays and Thursdays, from 7:30 - 8:15 a.m.

Language of instruction will be English. Students will receive support in the Reading, Writing, listening and speaking English by a licensed ENL/Bilingual/common branch teacher.

We will post 6 ENL After/Before-School per session positions to service the students in grades 1-5 in the ELL sub groups mentioned above. Preference will be giving to teachers who hold a bilingual or ENL license.

The Material to be purchased are the "Measuring Up, Reading Comprehension" for building Language Proficiency in Reading, "Measuring up Reading Skills" that target phonemic awareness, "Measuring up ELA Levels A-D that target the four modalities. Students will have access to internet Apps for ELL students in addition to purchased materials. These materials are separate and distinct from materials used in the classroom.

The After/Before school programs, teachers will maintain student folders that will hold student work samples and progress monitoring. Teachers will monitor progress in the following manner: Student conferences, Teacher Assessments and follow up with classroom teacher and iReady and Acadience updates.

The students' folder will be used for student and parent conferences and will assist in guiding individual instruction and modify future lesson delivery. Teachers will be responsible for taking attendance, on the days the program are in session, and it will be collected and saved in the After/Before School Information binder.

All parent notifications will be sent in the parents' preferred home language most are English and Spanish to meet the needs of the ENL community.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Title III Program provides English Language Learners with supplemental instruction in an after-school instructional program. This program is aimed at identifying specific trends, and gaps of English Language Learners in grades 1 – 5 and aligning
instruction to meet the needs of all of our ELL students.

All students at PS 92Q were administered the Acadience (reading measures used to determine how students were performing on phonemic awareness, phonics, vocabulary, fluency and comprehension) and iReady screeners that identifies students in our school community that are at high, moderate and low risk for reading difficulties. iReady is another tool that we use to analyze data to plan for instruction. We look at the item analysis and the summary for next steps to plan for individualized instruction.

The Afterschool teachers, will review Acadience data to determine which diagnostic/initial placement assessments will be administered at the start of the program. iReady it is used to provide students with their specific needs. Additionally, planning for next steps. The NYSESLAT trends will help drive instruction that focus on the modalities of needs.

The Action Plan to support the students in the program will be as follow: Students who score below or well below the benchmark for Phoneme Segmentation or Fluency will be supported in small group instruction. Students who show moderate and low risk for reading difficulties we will use the Measuring Up Reading Comprehension lessons that address the student individual needs. In addition, the Before and Afterschool teachers in conjunction with the classroom teacher will address the areas of need using the Measuring Up Reading Skills workbook, HMH curriculum, NGLS and the NYSESLAT TOMS (Target of Measurements).

The NYSESLAT indicators will help us align, address and provided the targets of measurement instruction that will support all ELL's / MLL's in having equitable access to the curriculum that targets their individual needs.

In preparing students for NYSESLAT, teachers plan to deliver instruction based on the NYSESLAT TOMS (Target of Measurements) indicators to improve their proficiencies in all modalities. It's important to provide targeted, standards-based practice in each of the four tested language modalities Listening, Speaking, Reading, and Writing (TOMS). For example for listening ; listening to Short Audio Clips: Use recordings (e.g., classroom conversations, directions) followed by comprehension questions. For speaking picture Prompts: Show an image and ask students to describe what's happening or tell a story. Reading close Reading of Short Passages: Focus on identifying main ideas, details, and inferencing. Multiple-Choice Question Practice: Using grade-level appropriate passages. Graphic Organizer Completion: Use charts (e.g., main idea/details, cause/effect) after reading. Instructional Benefit: Helps students interpret text structures and question types similar to NYSESLAT. Builds reading stamina and comprehension. For writing, improve structured writing use of correct grammar and vocabulary. Sentence Starters and Frames: Support students in constructing sentences and paragraphs. Opinion Writing Prompts: Practice writing supported opinions on simple topics. Respond to Reading/Listening Prompts: Write summaries, retells, or responses to multimedia input. Instructional Benefit: Models the kind of writing NYSESLAT asks for (e.g., informative, narrative, opinion).
Encourages organization, clarity, and appropriate use of language structures.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

At P.S 92Q we have 76 students who are in the bilingual program and 255 in the ENL program. The breakdown according to the May 2025 ELL Data Update Report is as follows:

ELLs served in DL: 72 students
ELLs served in TBE: 4 students
ELLs not served in BP: 255 students.

The students to be served in the Title III ELL funded program are as follows:

Newcomers (Entering and Emerging) 1-2

Newcomers (Entering and Emerging) 3-5

ELLs who are on the Transitioning and Expanding level in grades 3-5.

In each group there are approximately 45 students who are divided among 6 classes.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The After School Session Program will begin December 2025 and run through January 2026. It will be 2 days a week, on Wednesdays and Thursdays, from 2:50 - 4:20 p.m. The program will run a total of 10 sessions.

The Before School Session Program will begin January 2026 and run through March 2026. It will be 2 days a week, on Wednesdays and Thursdays, from 7:30 - 8:15 a.m. The program will run a total of 10 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Language of instruction will be English for both the After and Before School Programs. Home language support is provided by using visual aids, word banks, multilingual glossaries with a focus on cognates for Spanish speaking students. Ongoing communication is also provided to families in their preferred language.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

We will post 6 ENL After/ Before-School per session positions to service the students in grades 1-5 for the ELLs subgroups mentioned. All teachers must hold a common branch, ENL or Bilingual license.

We are planning on 6 teachers for each session to service grades 1-3 and grades 3-5. Numbers and types of certified teachers will be determined after postings have been answered.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The Material to be purchased are the "Measuring Up For English Language Learners Preparing Students for the NYSESLAT" Levels A-D that target the four modalities. Additionally, students will have access to the NYSESLAT TOMS (Target of Measurements).

We will make necessary changes once we know more information about the ELL's students status who will be invited to the program. The materials being used in the Afterschool and Before school program are separate and distinct from the materials being used in the classroom during the school day.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**

- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The After school program teacher will maintain student folders that will hold the student's work samples and progress monitoring. Teachers will monitor progress in the following manner: Student conferences, Teacher Assessments and follow up with classroom teacher and IReady and Acadience updates.

The student folder will be used for student and parent conferences and will assist in guiding individual instruction. Teacher will be responsible for taking attendance, on the days the program is in session, and it will be collected and saved in the After School Information binder.

All parent notifications will be sent in English and the parent's preferred home language to meet the needs of the ELL parents.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

At PS 92Q we have been able to encourage many teachers to seek their ENL / Bilingual certification and new hires are encourage to seek their ENL or Bilingual certification. This practice provides many ENL and Spanish Bilingual licensed teachers for our large ELL population. We currently have at least 2 ENL / 1 Dual Language teachers per grade. This demonstrates the overwhelming need for providing teacher support. Professional Development is carefully selected and planned to meet the needs of the teachers who service the ELL's in our school. All of our teachers are asked to participate in ENL PDs as we are all teachers of ELLs.

PD would be as follows:

ENL / ELL Professional Development sessions will take place during available professional development times. During PD teachers will have the opportunity to look at and share data then discuss trends to target instruction. The PDs will be selected and planned to meet the needs of instruction.

Our planned PD Topics are as follows: Based on IReady Data we will have 4 Vocabulary based PD sessions for our ENL Teachers for both the lower and the upper grades. Based on IReady and Acadience Data we will have Informational Text PD to support our ENL students in the lower and upper grades. Based on our Math Data we will design PD sessions to target Math language and concepts for our ELL students. In addition, the ENL providers and attend monthly virtual ENL leads workshops and the ENL providers and some dual language teachers attend the yearly ML/ELL Conference held at the UFT center.

Optional PDs are also shared with the staff when it becomes available on remote DOE websites. Title III funds will be used to prepare teachers for the afterschool program in using the "Measuring Up" for ELL's.

Records of our PDs will be kept on file with attached Agendas and Attendance sheets.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

P.S 92Q's Title III professional development will focus on supporting ENL, DL teachers, and as well as teachers who teach current ELLs and former ELLs without the ENL certification. Teachers are supported with developing a toolkit of scaffolds and differentiated strategies for supporting the four literacy modalities, reading, writing, listening and speaking. The Title III professional development is designed to strengthen teachers' practice by addressing strategies that promote academic language development.

ENL teachers in the Title III after school program will attend professional development and planning meetings focused on reading comprehension, speaking, listening and writing. Teacher observation data, indicates that multiple teachers across grades require support in planning instruction that provides access points for all learners to engage in academic discussions, writing, reading and listening with their peers.

We use NYSITELL/NYSESLAT, HMH assessments, iready and Acadience assessments to develop professional learning that is tailored to the grade and programs. As a team, we attend district 30 monthly ELL lead professional development as well as the literacy leads sessions. We turnkey the information as it pertains to the ENL best practices.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The teachers receiving training will be the ENL teachers. These meetings will outline the program and offer training in curriculum such as the Measuring Up getting ready for NYSESLAT. Teachers will also be trained in how to use the NYSESLAT targets of measure, using scaffolds to promote academic discourse and vocabulary development. These trainings will take place during the after school professional development time on Mondays as well as before school on some days before the programs begin. ENL teachers will also attend Queens North Field Support MLL workshops periodically. The ENL teachers working the after/before school program will be paid per session for teaching. Professional learning and training will occur during the regular school day and/or before school if needed.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

ENL / ELL Professional Development sessions will take place during the Monday afternoon PD time for 2:40 - 3:40. During PD teachers will have the opportunity to look at and share data then discuss trends to target instruction. The PD will be selected and planned to meet the needs of instruction. Our Dual Language teachers will also be working with the District Coach on a week to week basis and our Self contained ENL classrooms will be working with our ENL Coach on a week by week basis.

This will begin in October and continue through June. We will aim to provide one PD per month, after surveying the teachers.

-Analyzing NYSESLAT Rubrics to Strengthen Writing Skills- November 2025

- Newcomer Strategies for Teachers- What is scaffolding- January 2026

-Turnkey for NYSESLAT Writing -February 2026

-Getting Ready for NYSESLAT (Training for teachers)- May 2026

* Professional Learning will be modified and tailored to the needs of our school community.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

After surveying the teachers and looking at our BOY data we will determine specific topics. However, we will aim to have vocabulary based PDs, based on IReady Data, for our ENL Teachers for both the lower and the upper grades. As well as an Informational Text PD to support our ENL students in the lower and upper grades. Additionally, based on our Math Data we will aim to design PD sessions to target Math language and concepts for our ELL students.

Focus will be on scaffolds for ELLs, learning objectives and moving our ELLs forward.

More topics may be selected once we have looked at data and have a focus on students needs, we can provide PD to the teachers to address the trending needs and / or teacher suggested topics.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The 3 Professional Development Sessions will be provided in house by our ENL Coach, Ms. Martinez.

This PD decision was made after review of the NYSESLAT results and seeing the trends and needs within the student population. We will look to provide PD that will help teachers drive instruction to address the trends and needs of all students.

Optional PD is also shared with the staff when it becomes available on remote DOE websites. Title III funds will be

used to prepare teachers for the afterschool program in using the "Measuring Up" for ELL's.

- How can I use NYSESLAT Data to drive instruction?- December 2025

-WHAT IS SCAFFOLDING? HOW DOES IT LOOK LIKE IN THE CLASSROOM? HOW CAN I IMPLEMENT THEM RIGHT AWAY!- January 2026

- Instructional Moves that Strengthen our Transitioning and Expanding Students- December 2025

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

PS 92Q will keep a copy of PD contracts and attendance sheets for all PD's provided throughout the school year.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At PS 92Q we are very aware and mindful of the community and the strong ENL needs as dictated by the Home Language interview done with every registration. The Data show that more than 90 percent of our students come from a home that speaks Spanish or another language. Most of our parents are themselves only Spanish speaking. Providing engagement activities targeted toward parents of ELL's support parents at home with their children. We have an open door policy for parents to call, email / Class Dojo or come to the school to get assistance and information. We provide multiple opportunities during each month for parents to be informed on different ELL related topics, social Emotional topics, Health and Safety and many other topics in English and Spanish.

Our Parent Coordinator schedules monthly parent workshops at least once a week at no additional cost. The workshops are usually scheduled on Tuesdays, Wednesday or Thursdays from 9:00 a.m. to 10:00 a.m.

The topics vary based on the results of a parent surveys conducted in September. The workshops cover topics such as Nutrition, Homework Help, How to help your child with routines, Preparing for Testing, Creating good study habits, Resources for ELL's, Resources for Parents in the Community and many more. Usually the workshops take place in our Family Room / Community Room, cafeteria, auditorium or remotely. Parents are notified by flyers, class Dojo, letters are distributed to our students; workshops are also visible on our monthly calendars (English and Spanish) that are distributed to all families by paper and on our school website.

In addition Ms. Melendez, our Parent Coordinator, also schedules 3 workshops from an outside source such as NYSCI to provide support and information on STEM, Math and Learning English. These workshops are at a cost from the Title III budget.

All events, workshops and activities are translated into English and Spanish within the school and by the staff. Upon request, translations for other languages can be arranged via the DOE translation services.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

At PS 92Q we are very aware and mindful of the community and the strong ENL needs as dictated by the Home Language interview done with every registration. The Data show that more than 90 percent of our students come from a home that speaks Spanish or another language. Most of our parents are themselves only Spanish speaking. Providing engagement activities targeted toward parents of ELL's support parents at home with their children. We have an open door policy for parents to call, email / Class Dojo or come to the school to get assistance and information. We provide multiple opportunities during each month for parents to be informed on different ELL related topics, social Emotional topics, Health and Safety and many other topics in English and Spanish.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Our Parent Coordinator schedules monthly parent workshops at no additional cost. The workshops are usually scheduled on Tuesdays, Wednesday or Thursdays from 9:00 a.m. to 10:00 am, and cover various topics of interest for parents of ELL students.

- BrainFoods- November 2025

- NYC Kids Rise Save for College Program- November 2025

- Parent's Trip- Hall of Science- February 2026

- NYSESLAT Parent Information- What is the NYSESLAT? - March 2026

- Parent's Trip- Queens Theater- May 2026

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The topics vary based on the results of a parent survey conducted in September. The workshops cover topics such as Nutrition, Homework Help, How to help your child with routines, Preparing for Testing, Creating good study habits, Resources for ELL's, Resources for Parents in the Community and many more. Usually the workshops take place in our Family Room / Community Room or remotely. Parents are notified by flyers distributed to our students; workshops are also visible on our monthly calendars (English and Spanish) that are distributed to all families by paper and on our school website.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Ms. Melendez, our Parent Coordinator

Activities to be determined in September after surveying parents.

Open House/Welcome Back to School- September 2025
Hispanic Cultural Family Fest- October, 2025
PS 92Q
BOO Parade- October, 2025
Saturday Family Event- November, 2025
Family Literacy April 2026

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents are notified by flyers in English and their preferred language and are distributed to our students. Workshops are also visible on our monthly calendars (English and Spanish) that are distributed to all families by paper and on our school website. Teachers also send a Class Dojo message to parents.

All communication is in both English and the preferred language of our families. Translations for languages are sent, as needed, to the DOE translation unit for appropriate translations. Parents also have the Class Dojo and school website which translates all content into many other languages.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

PS 92Q will keep a copy of all engagement activities notifications to families and attendance sheets for all the events provided throughout the school year.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

51,624

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	30,974	Professional Salaries for Curriculum development and Title III sessions
Purchased services -High quality staff and curriculum development contracts.	5163	Professional learning for educators, initiatives aligned with the program's goals and objectives to strengthen the core instruction.
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	10,324	Instructional materials are resources specifically designed to support English learners' language development and academic achievement, such as research based curriculum, leveled readers, visual aids, and culturally responsive curriculum supplements.
Educational Software (Object Code 199)		
Parent Engagement	5163	To support parent engagement activities, such as educational trips and professional learning opportunities that enhance families' ability to support English learners' academic success.
TOTAL	51624	Total Funds

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

5

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The Title III Immigrant fund program provides support for immigrant students and their families. This program will provided support and
focus on all four modalities, speaking, listening, reading and writing. Approximately 159 based on RPOB report students in grades K-5, who have not been attending school in any one or more states for more than three full academic years and were not born in any state, will be invited to participate in the Newcomers program. This program will provide support and focus on all four modalities, speaking, listening, reading and writing. Measuring Up curriculum will be used to for all the classrooms, different levels will be used depending on students' needs.
The program will take place in March 2026 the following dates: 3/4,3/11,3/12,3/18,3/19,3/25,3/26, 4/1 from 7:30am -8:15am.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

PS 92Q will provide a before school Program that is designed to support our Immigrant students. We selected the Measuring up Program. This program will provided support and focus on all four modalities, speaking, listening, reading and writing. Approximately 159 students in grades K-5 who have not been attending school in any one or more states for more than three full academic years and were not born in any state, will be invited to participate in the program. Our BOY data and NYSESLAT data reflect that our ELL students in grades 1and 2, and 3 need further support in basic reading and writing skills such as phonic, high frequency words, vocabulary, comprehension in literacy and informational texts. The before school program will be designed to provide support in these language skill areas.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

ENL / immigrant students, SWD-ENL students and Long Term/ SIFE-ENL students based on RPOB report in Lower grades K-5 will be invited to attend the Program on Wednesday and Thursdays from 7:30-8:15am during the months of March-April. We will used the RPOB report to invite students to our program.
The program will take place in March-April 2026 the following dates: 3/4,3/11,3/12,3/18,3/19,3/25,3/26, 4/1 from 7:30am -8:15am.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

PS 92Q will provide the before school Program on Wednesday and Thursdays from 7:30-8:15 during the months of March and April 2026 .

The program will take place in March-April 2026 the following dates: 3/4,3/11,3/12,3/18,3/19,3/25,3/26, 4/1 from 7:30am -8:15am. The duration per week is 1 hour 30 minutes.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction will be English and taught by ENL/Bilingual or Common Branch certified teachers. Depending on the ENL model, dual, ENL, Transitional bilingual teachers use different strategies to support home language. Home Language support is provided by using HMH Spanish Charts, glossaries and cognates. Teachers provided directions in Spanish as needed:

Dual-language books and resources: Classroom libraries include bilingual or home-language texts.

Translanguaging strategies: Students may discuss ideas, process information, or complete parts of tasks in their home language.

Bilingual instruction: Teachers use both the student's home language and the school language to teach concepts.

TechnologyTranslation & Interpretation Tools

Google Translate / Microsoft Translator: Students can translate instructions, vocabulary, and directions into their home languages.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

We will have 5 teachers with ENL/Bilingual or Common branch certification.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

We will purchase the Measuring Up program as needed. This program will be used only for our before school Programs. This will be distinct from what is being done in the classroom during the instructional day. The program provides lessons that focus on reading, writing, listening and speaking skills. These are the needed skills for taking the NYSESLAT. The program provides teachers differentiated lessons, using thematically grouped texts accompanied by visual inputs that build needed academic language in content -area literacy and critical thinking skills. This will be in addition to the HMH classroom daily curriculum. As a supplemental we will be also using State guided online resources for ELL's from DOE website in preparation for NYSESLAT.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

All before and afterschool program student will have a folder in which the teacher will collect a 1st sample, mid session sample and a final session sample along with any teacher anecdotes and/or conference notes that show /progress / growth in student skill mastery. These folders will be collected at the end of the 8 sessions and kept on file.

The Morning school program teacher will maintain student folders that will hold student work samples and progress monitoring. Teachers will monitor progress in the following manner: Student conferences, Teacher Assessments and follow up with classroom teacher and IReady and Acadience updates.

The student folder will be used for student and parent conferences and will assist in guiding individual instruction. Teacher will be responsible for taking attendance, on the days the program is in session, and it will be collected and saved in the Before School Information binder.

All teachers working the program will hold a common branch, ENL, or bilingual license / certification.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The professional development will provide both the teachers as well as the teacher paraprofessionals an opportunity to target our immigrant student population in academic instruction. Our certified ENL/Bilingual and Common Branch certified teachers will receive a planning per session on the use of the Measure Up Program. This session will provide teachers with the information needed to use the Measure Up Program and also communicate to parents student progress and support needed. We will also provide 3 /4 PD sessions designed to support teachers of ELL's. Teacher will receive strategies, best practice models and ideas to implement in the classroom to support ELL students as they learn the English Language. This PD plan will be at no cost to the Title III Immigrant Funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The professional development PD will provide both the teachers as well as the teacher paraprofessionals, an opportunity to target our immigrant student population in academic instruction. With the planned professional development teachers will be able to provide targeted support to our immigrant students and help them acquire the English language. Our 2024 NYSESLAT and BOY data revealed that the rigor in the ELL classroom needs to be more so that our students can continue to make improvements in basic reading skills such as Vocabulary and Comprehension in literacy and informational texts. Teachers requested additional support in scaffolding, differentiating, and planning to support ELL students at all levels.
This professional development will address these needs by improving teachers' ability to integrate evidence-based language acquisition strategies, differentiate instruction, and embed academic vocabulary supports, with measurable outcomes including increased implementation fidelity on classroom walkthrough tools using the MLLs tool, improved teacher self-assessment by reflective on best practices, and annual growth increases on the NYSESLAT and school-based assessments for participating ELLs.

Topics:

* Planning lessons that support ELL learning using the Measure Up Program

* Progress monitoring and Next Steps.

* PLUSS Framework

* Writing Rope

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

The 5 ENL/Bilingual and Common Branch certified teachers who will be doing the Before and Afterschool Program will receive the above
mentioned PD. The ENL Team will also host in-house Professional Development with strategies that are beneficial to ELLs / MLLs as well as the ENL Team attending the Queens North on-going professional learning sessions. The information gained from these session will be turn-keyed to all staff during PD time on Mondays.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The 2 PD sessions will be given to teachers Before school Program teachers as per session time on the following dates:

November 2025 for the duration of 1 hour.

December 2025 for the duration of 1 hour.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

The topics to be covered during the PD are as follows:

Topics:

* Planning lessons that support ELL learning using the Measure Up Program

* Getting Ready for the NYSESLAT

* Progress monitoring and Next Steps.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

The 2 Professional Development Sessions will be provided in house by our ENL Coach, Ms. Martinez in collaboration with the assistant principal Ms. Valerio.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

We will maintain documentation of our professional development by keeping an attendance sheet and an agenda for each of the sessions provided.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parents new to our school and to the DOE school system need support in learning how to help themselves so they can support
their children. The Parent Engagement support provided by our Title III Immigrant funding will be, a literacy night led by the ENL team where parents will be able to engage with their children on activities that can help support them at home. Parents will be invited to bring their favorite books and will create activities to support literacy at home.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Parents will be invited to participate in our literacy night with their children in the hopes that they will learn strategies to use at home to promote literacy. This night will be a night where a connection between school and home will be made stronger. Parents have been vocal both at SLT and PTA Monthly meetings in asking about ways to help their children at home. On this day they will be able to learn how to support their children at home. We used different survey methods as well as using the parents prefer home language.

We used:
-google forms surveys
-paper survey
- Class Dojo
- in- person surveys

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Intergenerational Trip May 2026
Family Literacy Day (Connecting the book Dreamers/ Sonadores by YUyi Morales
Allure Painting
Monthly Family Workshop based on parent interest for 2025-26

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Family workshops will focus on:
I-Ready/Acadience Nov. 5,2025
Cyberbullying
NYS CBT Assessments
Phonics/Phonological awareness
Reading comprehension strategies

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Our Parent workshop provider will be our own ENL Coach Ms. Martinez, administration and Parent Coordinator at no cost to the Title III Immigrant funds.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parents will be notified of workshops by letter/flyer sent home in students home language, it will also be listed on our monthly

calendar, posted by teacher on Class Dojo, posted on school website and all school social media. Parent Coordinator will keep a
record of Workshop invites and attendance sheet.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

In order to document our family engagement activities we will provide and keep sign-in sheets for each event and a copy of the notifications sent to families.

Part E: Budget
