Carmen Parache

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Carmen Parache	*Principal or Designee	
Jeanine Bradley	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Mark Krotov	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our mission is to have all of our students achieve at their highest level and potential by providing individualized instruction in a safe and nurturing environment. We also strive to develop student awareness and respect for cultural diversity. Our Mission includes the following: To promote instruction aligned with Next Generation Standards Standards; To encourage awareness and respect for cultural diversity; To provide a wide range of academic programs and services to develop critical thinking to enhance civil and social skills; To support a positive learning environment through the collaborative efforts of dedicated staff, involved parents and a supportive community.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 150Q is located in a diverse community. Pre- kindergarten and kindergarten classrooms are in the annex. We educate pre-K through 5 the grade students from a variety of countries and linguistic backgrounds. Some of our students are new immigrants or first-generation Americans. The average attendance rate is 93%. Our school has 18% ENL and 12% SWDs. We are a school in good standing.

We offer a variety of programs, such as monolingual classes in grades pre-K through fifth. This year, we will have two gifted and talented class in grades Kindergarten, first grade, and 2nd grade. Grades 2, 4, and 5 will remain with one class. ENL classes- two in Kindergarten, two 1st grade, two 2nd grade. One ENL class per grade for 3rd through 5th. We also have one dual language class on each grade. With the exception of 5th grade, we have an integrated team teaching class on each grade. There are two self-contained (12:1:1) classes – k-1, 2 and 3, 4-5. Additionally, there are two full-time ENL teacher who provides English language supports to mandated ENL students. Qualified students receive a variety of support services, such as response to intervention in ELA and Math, SETTS, speech, physical therapy and occupational therapy, mandated and preventive counseling. Our after school support programs are ENL, Newcomer's program, and Project Intervention, these are dependent on funding. Our curriculum in ELA, Math, Social Studies and Science are aligned to the Next Generation Standards. Our ELA curriculum for grades K-5 is HMH Into Reading for reading, and HMH writing units for writing. The self-contained classes will use HMH Into Reading reading and writing modules. For the ENL and SWD students, we scaffold with language stems, anchor charts, small group sessions. Our math program will continue to be Envisions for math. To supplement the math and enrich students' experiences, we have exemplars. Our exemplary arts program affords students with the opportunity to receive music, visual arts, and drama instruction within their academic day. Students also participate in additional enrichment activities, such as Chess in the School, Chorus and Band. In addition, we will be expanding

Partnerships:
Serious Fun and Sunnyside Afterschool

Museum of the Moving Image
Chess in the School
Theatre Moves
Debate Program

These programs enrich the experience of our students and also target their learning. It increases the learning with our diverse learners. The afterschool programs also align their work to the ELA practices and also provide additional enrichment.

Briefly summarize the key initiatives your school will implement this school year.

We will continue to enhance our practices with HMH - Into Reading We will see continuous increase in Iready learning throughout the benchmarks - mid year and end of year.

We will continue with Parents As Learning Partners - every 1st Friday of the Month. For each activity, we will collect data to measure the increase in parent participation.

PreK will incorporate more family activities. PK classes will have a parent activity for each unit. This will be measured by calendar events scheduled for these activities.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	k-5	HMH Into Reading	Early grades - include more early reading strategies, ENL, SWD
ELA	K-5	HMH Writing	ENL, SWD
Math	K-5	Envisions	ENL, SWD Supplement with Exemplars

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
EOY 2025 Iready ELA data indicates that we have 75% of	Grades 4 (66%), and 5th grade (62%) have inconsistency in practices. These are the two grades that had the lowest performance. This may be due to inconsistency of practices with HMH explicit instruction aligned to the instructional expectations. In addition, students need more phonics work, vocabulary, and center work that target the skills. Students are missing the identification of key details in both reading and	-Increase percentage of students on grade level in grades 4 and 5. Prioritize instruction in grades 4 and 5 and ensure alignment to the instructional expectations. Ensure that the learning targets are aligned to the standards and the practices are aligned to the instructional expectations. - Implement the HMH performance tasks in both reading

students on grade level.	writing. HMH writing is missing elaboration in writing. The HMH texts are lengthy and do not allow for students to apply the skills.	and writing. - Continue to target priority standards to address skill areas, like R2, R8, R9.
EOY 2025 Iready ELA indicates that we have 29% of ENL students at grade level.	We have many newcomers that are learning the language. Students need to receive phonics supports along with skill based practice.	Increase use of HMH ENL resources and strategies. Increase use of vocabulary and generation of sentences. Increase use of audio books and language-specific centers.
EOY2025 IReady ELA indicates that we have 47% of SWD students at grade level.	Grades 2-5 students need more support with ELA skills, including phonics in the upper grades.	Prioritize SE supports and differentiation in grades 2-5. Ensure that there is regular tracking and monitoring of progress.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	74	By June, 2026, literacy for All Students will improve, as measured by a 6 percent Increase, from 74 to 80, of Percentage of students at grade level on the IReady ELA Diagnostic.
English Language Learners (ELL)	29 percent	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 15 percent Increase, from 29 percent to 45%, in students at grade level on the - Iready ELA diagnostic..
Students with Disabilities (SWD)	47%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 15 percent increase, from 47% to 62%, in SWD students at grade level on the IReady ELA diagnostic. .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-Increase teacher consistency of explicit instruction with HMH by continuing to incorporate grade-level planning, with a special focus for grades 4 and 5.
- Ensure that the learning targets are aligned to the standards, and the skills are being presented first.
- Ensure that centers are addressing specific skills, like comprehension and application of phonics in reading.
- Ensuring target data-based small group instruction, specifically in grades 4 and 5.
- Include listening and language center for ENL students.
- Include supports for lesson and module planning related to scaffolding instruction (Goals: building background knowledge, targeting vocabulary
development and peer interactions to support learning).

Root Cause Addressed:

There needs to be more consistency in practice and use of HMH resources with grades 4 and 5.
- More practice with main skills and adjustments.
- Students need to practice skills in shorter texts.
-Centers are not allowing students to incorporate skills in texts.
-More consistency needed in small group instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue with HMH planning to ensure that the success criteria is added.

Continue to adjust the center work to ensure that students are also practicing the skills.
Review the last HMH lesson (integration of knowledge) with teachers to ensure a common understanding of the skill and lesson.
Review retell with teachers to ensure a common understanding of the skill.
Continue to monitor the consistent implementation of phonics with lower grades to ensure fidelity.
Continue to monitor progress of key skills with module assessments, Iready, performance tasks, and Standards Mastery assessments.
Conduct walkthroughs to look at practices and alignment to instructional expectations. Provide feedback to ensure support and positive movement.
Incorporate the Scaffolding Instruction for Multilingual Learners and English Language Learners tool for team planning.

Key Strategy 2 (Optional):

Increase writing elaboration with the HMH writing by adding specific elaboration lessons and also including the writing performance tasks. In addition, incorporating writing tasks that provide students with practice in comparing and contrasting texts (specifically in grades 4 and 5).

Root Cause Addressed:

HMH does not allow for students to practice elaboration regularly or comparing and contrasting multiple texts.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue with HMH planning and adjustments to writing.
Increase elaboration lessons to ensure that students are including key details.
Implement the writing performance tasks at the end of each module.
Increase in explicit instruction in writing as well as shared writing experiences.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- We will be progress monitoring the skills by continuing with the monthly grade-level data meetings.
- Iready BOY, MOY, and EOY.
-Standards Mastery for grade-specific standards.
- HMH Performance tasks for reading and writing.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/22/2025	06/20/2026	Increase parent knowledge about HMH reading and grade-level standards.	Consultant
10/01/2025	06/20/2026	Increase parent knowledge of Iready use for progress monitoring and ensuring student success.	Iready
10/01/2025	06/20/2026	Increase parent knowledge of primary skills - phonics Grades 3-5.	Consultant

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers

Instructional Resources

Phonics for ALL, Fundations, Heggrety (additional resources)

Schedule Adjustments

Incorporate grade-level assemblies, substitutes for planning

Other Resources Needed

TL funds for per diem and per session

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 Incident data indicates that minor infractions (115) and location is classroom and yard.	Students are lacking skills in solving peer issues. Issues may begin in the classroom and escalate in the yard where the groups are larger. School aides are regularly calling for guidance and not handling SEL lessons are inconsistent in the classroom. Inconsistencies with the positive reward system in classrooms. Students are not reflecting and changing their behaviors. Students may enter crisis due to triggers.	Increase consistency with SEL lessons in all classrooms.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	115	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 15 points Decrease, in Number of altercations from 115 to 100, per the Reduce number of minor altercations..

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Reduce the number of minor infractions (level 3) incidents in both the yard and classrooms by increasing SEL consistency, Positive Reward system in every class, and school aid training.
Implement with more consistency the reflection sheet to train students how to they can follow the respect matrix and change their behaviors to more positive.
Increase de-escalation and behavior strategies for all staff members to be able to reduce student behaviors.

Root Cause Addressed:

School aide training
Classroom consistent implementation of SEL and positive reward system
SEL Lessons being done with fidelity.
Consistent use of the think sheets - student reflections.
Students being triggered.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Train staff on effective de-escalation strategies.
Re-train school aides on the respect matrix and handling of behavior situation during lunch time
Create consistent lunch time routines for both cafeteria and yard - all lunch periods.

Ensure that the teachers are implementing the SEL lessons with fidelity.
Ensure that all teachers have a positive behavior system aligned to our behavior expectations.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly Incident level and Infraction Summary report on OORS.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/15/0025	12/30/2025	Workshops for parents on SEL program and strategies that they can use at hom. Workshops on helping parents with behavior issues and bullying.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Guidance and teachers

Instructional Resources

Consultant - De-escalation

Schedule Adjustments

Schedule change to incorporate staff training

Other Resources Needed

Per diem and tax levy funds

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Iready EOY 2025 Math performance from 74 % by 6 percentage points.	There is not enough exposure to key standards in ENVISIONS. Some of the key standards are at the end of the year. Students may have gaps, especially with fundational skills. Students are not getting on Iready regularly to close gaps.	Need to have more spiral reviews of key domains, such as number sense, measurement and data, and geometry. Need to spiral and cover key domains more regularly. Need to address any gaps throughout the year. Increase hands-on activities by incorporating math projects. Need to progress monitor Iready use and movement in all domain area.

Iready EOY 2025 Iready ENL Math performance from 30 % by 15 percentage points.	ENL students may lack vocabulary and comprehension skills to understand the word problems. Students are not getting more practices in key domain areas.	Need to have math vocabulary in every lesson, similar to literacy. Need to incorporate the to use the ENL resources in Envision.
Iready EOY 2025 Increase SWD Math performance from 42% by 15 percentage points.	SE students may struggle with organization. Envision lacks hands on activities.	Need to have more opportunities for students to work on the priority standards and domains. Increase hands-on activities by incorporating the Envision STEM and math projects

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	74 percent	PS 150Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Increase 6 percentage points of students on grade level. will Increase by 6 percentage point from 74 percent to 80, for All Students, as measured by IReady Math Assessment.
English Language Learners (ELL)	30	PS 150Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Increase 15 percentage points in ENL students performing at grade level in math. will Increase by 15 percentage point increase from 30 to 45, for English Language Learners (ELL), as measured by Math IReady assessment.
Students with Disabilities (SWD)	42	PS 150Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of SWD students scoring at grade level in math. will Increase by 15 percentage point increase from 42 to 57 percent, for Students with Disabilities (SWD), as measured by Iready math assessment.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase math planning to allow for alignment to the instructional expectations and ensure that all skills and domains are being covered.
Increase vocabulary use by ensuring that vocabulary is a part of all lesson, and students are using it in their conversations and writing.
Increase spiraling within math units to ensure that the students are getting spiral reviews with the priority standards and domains, especially number sense, geometry, and fractions.
Incorporate number talk in 2nd grade.
Incorporate problem of the week to expose students to key domains.
Ensure that the birthday graphs, weather, and other data are being represented with grade level graphs.
Increase exposure with measurement and tool, especially in science.
Ensure that manipulatives are being consistently for the lessons and student learning activities, especially with number sense and fractions.

Root Cause Addressed:

Lack of spiraling and deeper exposure.
Students may lack math content vocabulary.
Students need more supports in math, such as manipulatives

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Increase math planning to ensure alignment of lessons to instructional expectations and program fidelity.

Ensure that teachers are planning centers and spiral reviews. For example: Envisions technology center - math games.
Ensure that the workbook areas are being done consistently across all grades.
Ensure that the teachers are using the Envision resources for ENL strategies and scaffolds.
Ensure that the readiness Envisions assessment is done in September to identify and target any gaps from prior grade.
Move into Math Online assessment to track and monitor math progress.
Incorporate in the maps supports for students by implementing the Envisions Resources, such as Intervention activities, strategic - tiered, error intervention "if...then."
Ensure that the Envisions building background knowledge is being done for every unit.
Ensure that teachers are targeting misconceptions are added to the maps and being done as suggested by envisions.

Key Strategy 2 (Optional):

Root Cause Addressed:

Lack of more exposure to math skills and domains.
Foundational skills in all math domains are not being covered with depth to ensure proper progression.
Lack of math vocabulary.
Lack of hands-on activities and regular practices of key domains.
Math program may not being done with fidelity.
More planning time in math.
Lack of center work and differentiation.
Not enough math writing to ensure that students are expressing their mathematical thinking.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Increase math planning.
Add to curriculum maps and implement - centers, differentiation with Envisions resources and suggestions,

Ensure that students are writing in math using the 4 step problem solving skill.
Monitor the use of Math Iready to ensure regular use and progress.
Incorporate Envisions readiness assessment in September to identify and address any gaps.
Incorporate problem of the week in the priority domains to ensure continuance exposure.
Increase more math writing to ensure that students are expressing their mathematical thinking and increased conceptual understanding.
Ensure that math content vocabulary is part of every math lesson and students are using it in their discussions and writing.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 BOY	Lengthy passages and lack stamina Understanding how graphs provide information (text and graphic features) Need	More exposure to passages and build stamina. Increase literacy performance

Science Data 10%	to improve the connection of their claim to text evidence. This area was low on the ELA State performance too. Wording of the questions	in claim and text evidence. Need to have more consistent practice with annotation and note taking.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	10%	PS 150Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the grade level performance on the multiple choice and short response for All Students will Increase by 40% percentage point increase from 10% to 50% as measured by School assessment using the Science state released questions.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). 3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
School survey 2024 and 2025 parents understand steps to	Lack of information in this area. Communication is mostly through dojo and may not be personalized.	Increase communication to help parents understand the steps and how they can assist their child at home. Increase more balanced

take and get support for their child is 77%,	Parents lacking information of how they can assist their students.	parent connects. Increase parent coordinator workshops connected to student learning.
School survey 2024 and 2025 parent activity went up to 88%	Inconsistent parent activities across the grades.	Increase learning celebrations where parents are getting invited across all grades.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	77%	PS 150Q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Percentage of parents indicating that they understand the steps to take and assist their child. will Increase by 3% from 77% to 80% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase parent awareness of steps that can be taken when their child needs assistance.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Increase parent activities related to curriculum for ALL classes.

Root Cause Addressed:

Lack information about the steps and how to help their child
Lack of more personalized communication by classroom teacher and other staff.
Inconsistencies in class parent- involvement across grades and classes.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Update parent handbook and website to include information about steps parents can take to help their children.
Schedule workshops to raise awareness around this topic and help parents better understand this area.
Schedule parent workshops around content areas.
Parent coordinator will hold monthly workshops to keep parents informed.
Parent coordinator will be sending out monthly newsletters to increase home-school connection and information.
Getting scheduled parent workshops from all teachers aligned to curriculum and posting these for parents.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 Attendance Chronic Absence report indicates 20% chronic absences	PK is the grade that has the highest absenteeism 45%. It may be that parents know this is not a mandatory grade; therefore, they are less committed to have their children come in regularly. In other grades, parents go on extended vacations to their countries. Other absences are due to illness.	Education parents about the impact of being in school. Contact at risk students to prevent chronic absences. Increase celebrations for 100% and most improve.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	20 percent	By June, 2026, the Percentage of chronically absent students for All Students will decrease by 2 percentage point, from 20 percent to 17 percent, as measured by the Chronic Absenteeism Reports in New Visions..

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Decrease the number of students with chronic absenteeism by targeting at risk students and celebrating students with improvements and 100%.

Root Cause Addressed:

- PK raise awareness of impact of attendance.
- Increase parent contact for students who are at risk of being chronically absent.
- Increase incentives and celebrations

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monitor monthly attendance and target students who are at risk.
Hold parent workshops to raise awareness of the impact of absences.
Have monthly celebrations for students who have 100% and improved attendance - Powerpoint at PTA Meeting
Have student council help with the creation of incentives.
Ensure that teachers are accurately reporting attendance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
According to the 2024-2026 IEP review, 49% of IEPs reviewed by SIT reflect student voice in the PLOP.	Staff are not including quotes from students in the PLOP.	IEP Development and Fidelity of Implementation
According to the 2024-2026 IEP review, 41% of IEPs	Staff are not asking the	Transition Planning and

reviewed by SIT reflect statements by the family that reflect vision of success for the student.	families what their vision for their child is.	Compliance
According to the 2024-2026 initial referral report on SESIS, 10% of referred students are Multilingual learners that have been referred for initial evaluations.	Staff need to provide families with accurate information around the referral process.	Referral Process and Equity
Suspension report 2024-2026 - 5 SE out of 9 students required class removal this year. O suspensions	Students requiring more behavioral supports and tools.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	49	By June of 2026, there will be an increase in student voice included in the PLOP of IEPs, by 16%, from 49% to 65%.
Students with Disabilities (SWD)	41%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Statements that reflect family voice around vision of success for their child. by a 15 Increase, from 41% to 56%, as measured by Language in the IEP.
Students with Disabilities (SWD)	5	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Equity of referral rates for initial IEPs by a 5% Decrease, from 5 to 2, as measured by Suspension Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

IEP Development and Fidelity of Implementation-
-PD for teachers and service providers on quality IEP writing.
-Provide resources for SE teachers and service providers on how to include student voice- specifically statements by the student that highlight relevant connections with prior experience, statements describing students vision of success for themselves, and priorities expressed by the student.
-Do a monthly IEP review and norming with the whole SE team as part of the SE meetings

Transition Planning and Compliance-
-PD for teachers and service providers on quality IEP writing.
-Provide resources for SE teachers and service providers on how to include family voice- specifically statements by the family describing vision of success for their child.
-Do a monthly IEP review and norming with the whole SE team as part of the SE meetings

Referral Process and Equity-
-Professional development for all staff of the referral process for special education
-Professional development for ELL teachers on referring students for special education
-Strategies for data collection
-Workshops for families on the special education referral process

Equity in School Discipline-
-De-escalation strategies for teachers
-Provide behavior strategies and positive reinforcement for SE students with behavior issues.
-Provide stress management strategies for SE students.

Root Cause Addressed:

-Staff awareness around the importance of including student voice and family voice in minimal.
-Staff not being clear on the referral process
-Staff not adding comprehensive data and not elaborating on IEPs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Family workshops on referral process
Progress monitoring meetings with families of students with IEPs
Monthly IEP reviews with SE staff
Continue SIT IEP review

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Overall 1 level below in Acadience/ iReady	Sound Sensible and Phonics for Reading	Small Group	In class and at home 3 times a week	NO
Tier 3	Overall 2 or more levels below in Acadience/ iReady	Sound Sensible and Phonics for Reading	One-to-one	In school 3 times a week	NO
Tier 2 Math	Overall 1 level below in Math for Grades 1 and 2	Do the Math	Small Group	In class and at home 3 times a week	NO
Tier 3 Math	Overall 2 level below in Math for Grades 1-5	Do the Math	One-to-One	In school three ties a week	NO

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	On the change challenging behavior rubric, student is poor in the following areas: -Number of episodes - Intensity of Behavior -Self-Regulation	De-escalation & counseling	One on One	Every day	NO
Tier 2	On the change challenging behavior rubric, student is fair-improving in the following areas: -Number of episodes -Intensity of Behavior -Self-Regulation	Counseling	Small group	once a week	NO

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Families are notified by letter with regards to student data and the need for intervention. Parents are given updates during parent engagement opportunities.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

52

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

These students tend to have attendance issues.
There are also behavior issues.
These students are lacking basic skills even in their own language.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Upon registration, we assess the needs of the families to identify needs. The parent provides them with school information and contacts. Students who are in temporary housing are monitored by the guidance counselors. We provide counseling and academic
support, materials, and PTA funds any trips that they are unable to afford. We have purchased backpacks with

school
supplies which he give out to any child who is in temporary housing. They are able to participate in our afterschool programs and the CBO programs.

We are no longer a Title 1 school.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

0

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

If we get a student who is in foster care, guidance will hold a parent meeting to assess needs. Guidance will provide emotional support to student and monitor effective transition. There will be regular communication with the foster family to ensure that supports are being provided to student.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

N/A - We do not have any data for this population.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

They will receive SEL strategies and supports from guidance.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 150Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 150Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

PS 150 Q's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

PS 150Q will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 150Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- inform a trusted adult in school if I need help with something related to my school or home life;
- always try my best to learn.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Carmen Parache
Assistant Principal (Where Applicable)*	Erin Meizlik
English as a New Language (ENL) Teacher*	Gulay Ucar
Teacher (if school has a bilingual program must be a bilingual teacher)*	Stephanie Sierra
Parent/Guardian*	
Teacher	Laura Sherman
Parent Coordinator	Mariam Cardona
School Counselor	Elizabeth Alvarez
Related-Service Provider	Christine Wedlock
Other (Speech teacher)	Wanda Cruz
Other (SETTs Teacher)	Nicole Kroski

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

10

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

10

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

602

Total number and percentage (%) of current ELLs:

22%

Total number and percentage (%) of former ELLs:

6%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

88%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

11.5%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

5.4%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

16.9%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual	Spanish		1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At PS 150Q, there is at least one self-contained ENL classroom with an ENL licensed teacher in Kindergarten, 1st, 2nd, 3rd, 4th and
5th grade. ELLs and F-ELLs in each grade are placed in these classrooms with mixed proficiency levels in each grade. ELLs
receive the mandated minutes through their ENL licensed classroom teacher as per CR Part 154. Stand-alone ENL which is geared towards developing the language skills and vocabulary for Entering and Emerging ELLs are delivered through their ENL licensed
classroom teacher or in a pull out model by an ENL licensed teacher. Entering ELLs receive a minimum of 180 minutes of stand-alone ELLs. Emerging ELLs receive a minimum of 90 minutes of standalone and 270 minutes of integrated ENL through content.
In classrooms where the classroom teacher does not hold an ENL license, an ENL teacher provides ELLs stand alone ENL services. Hallmarks of Advanced Literacy and PLUS framework underline the instructional approach. Some best strategies we utilize are: Preloading vocabulary, language modeling, using visuals and graphic organizers, systematic and explicit instruction and strategic use of home language and teaching for transfer. Students are given opportunities through various assignments and tasks to advance listening, speaking, reading and writing, academic language, and vocabulary.
Stand alone ENL instruction is provided addressing the learning needs of ELLs in four modalities of language: listening, speaking,
reading, and writing based on their proficiency levels. Stand alone ENL instruction aim to foster both social and academic
English. Everyday language, phonics, content vocabulary instruction underline stand alone instruction for entering ELLs.
Students are given opportunities to practice all four language skills. For example, they listen to passages, watch videos, use
pictures to work in small groups to complete a variety of academic tasks. Entering and Emerging
ELLs are provided with 180 minutes of stand alone ENL by an ENL certified teacher when the classroom teacher is not ENL licensed. Stand alone ENL instruction is designed with the goal of fostering language acquisition and developing both everyday social language and academic language with a strong emphasis on vocabulary.

In classrooms where the classroom teacher holds an ESOL license, ENL licensed classroom teacher provides Integrated ENL.
When classroom teachers do not hold an ESOL license, co-teaching with an ESOL licensed teacher is implemented. An ENL teacher and a classroom teacher plans and co-teaches Integrated ENL through content as mandated by (CR) Part 154. Entering, Emerging, Transitioning, Expanding ELLs receive a minimum of 180 minutes of integrated ENL through ELA, Science, and/or Social Studies addressing the needs for listening, speaking, reading, and writing language skills.

Integrated ENL:

In classrooms where the classroom teacher holds an ESOL license, ENL licensed classroom teacher provides Integrated ENL.
When classroom teachers do not hold an ESOL license, co-teaching with an ESOL licensed teacher is implemented. An ENL teacher and a classroom teacher plans and co-teaches Integrated ENL through content as mandated by (CR) Part 154. Entering, Emerging, Transitioning, Expanding ELLs receive a minimum of 180 minutes of integrated ENL through ELA, Science, and/or Social Studies addressing the needs for listening, speaking, reading, and writing language skills.

Integrated ENL Instruction is planned and delivered through ELA, Math, Science and/or Social Studies. Hallmarks of Advanced Literacy and the New NY State Learning Standards underline the instructional approach. Integrated ENL Instruction is designed and implemented with clear language goals derived from the NY State Language standards.

English Language Learners are provided with language -rich lessons. Tenets of hallmarks for literacy such as engaging texts, rich discussions, frequent writing and academic vocabulary and language are at the core of planning and providing integrated instruction.
Through these lessons ELLs are given multiple opportunities to advance their academic language skills (listening, speaking, reading and writing) and vocabulary.
Integrated ENL instruction is provided in order to address the learning needs of ELLs in four modalities of language and proficiency levels shape the small group instruction and scaffolds. PLUS framework is utilized to meet the needs of all ELLs and to differentiate for various language proficiency levels. Proficiency Level Descriptions (PLDs) and Targets of Measurement are utilized to design meaningful tasks.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

n/a

Dual Language Bilingual Education (DLBE):

P.S. 150Q offers a Spanish-English Dual Language program in grades K-5. ELLs are heterogeneously grouped (mixed proficiency levels) in their self-contained Dual Language classes per grade. The Language of Instruction alternates daily between English or Spanish. MLLs receive ENL and HLA instruction through their bilingual licensed classroom teachers. Stand-alone ENL is provided to Entering and Emerging ELLs through their bilingual licensed teacher as described by CR-Part 154. Entering ELLs receive a minimum of 180 minutes of stand-alone ELLs. Emerging ELLs receive a minimum of 90 minutes of stand-alone ENL instruction.

Bilingual instruction is provided addressing the learning needs of MLLs and F-ELLs in four modalities of language: listening, speaking, reading and writing using instruction where various activities are incorporated. Dual Language Program at PS 150Q is designed to develop new language skills, learn academic subjects in two languages, and

share culture. For example, students listen to passages, watch videos, work in small groups, and discuss to answer relevant questions towards a culminating end of the unit project. We aim to have a balanced number of proficient students in English and/or Spanish. Most of our Dual Language Students remain in the dual language program. Dual Language Program at PS 150 aims to foster bilingualism, biliteracy, and biculturalism. In the Dual Language program, most curriculum materials are provided and used in both English and Spanish. For reading, we use the HMH Into Reading program and its Spanish counterpart, Arriba la lectura. Envisions Math, Amplify Science and Passport to Social Studies also have components available in both English and Spanish. For K-2, Fundations is used to teach English phonics, whereas Estrellita is used for Spanish phonics.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

P.S.150Q follows the CR Part 154 Requirements for English as a New Language Grades K-8 to ensure that ELLs receive their mandated minutes. We program these minutes on Stars and closely monitor the EDUR reports for compliance. We use the Spring EDAT,
RFSF, and NYSESLAT scores to determine the number of minutes of ENL services and the service type each ELL needs.
Entering and Emerging ELLs receive 360 minutes of ENL services. Entering ELLs receive 180 minutes of standalone ENL and 180 minutes of integrated ENL through ELA.
Emerging students receive 90 minutes standalone ENL, 180 minutes integrated ENL and 90 minutes ENL through ELA.
Transitioning ELLs receive 180 minutes of integrated ENL: 90 minutes of which is through ELA and 90 minutes is through content areas.
Expanding ELLs receive 180 minutes of integrated ENL through ELA or content areas.

Commanding ELLs continue to receive 90 minutes of ENL through ELA or content areas. Former ELLs continue to receive 90 minutes of Integrated ENL services per week for an additional two years after testing out. We also program some of our former ELLs in alternative pathways such as project-based learning or small group instruction for continued ENL services.
Emerging, Transition, Expanding MLLs and F-ELLs will receive integrated ENL through the content areas of ELA, Math, Social Studies, and Science.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL teachers provide standalone ENL to Entering and Emerging ELLs. In order to meet the mandated minutes, small group instruction is provided to ELLs/MLLs based on their proficiency levels and learning needs. Also, all teachers of MLLs plan to address the needs of language learners with clear language goals, multiple entry points, and other best ENL teaching strategies. Teacher-student correspondence, feedback, and guidance through support materials all help to meet the requirements.

Bilingual certified classroom teachers offer HLA in Spanish through content area subjects. Since we follow Dual (English-Spanish) alternating day schedules, we exceed the mandated 1 unit of HLA class and 2 units of Bilingual content area subject instruction. Students learn to read and write and receive instruction in other disciplines in both Spanish and English. Student meet For emergent literacy, extra time is dedicated to the rules and concepts of each language. Explicit language development lessons are designed and taught in order to foster language development in the targeted language (English or Spanish). Classroom teachers meet in small groups to meet the students' HLA learning needs. Students receive dedicated reading time in each language.

At PS 150Q, We implement a self contained dual (English-Spanish) language program in grades K-5. English proficient students and ELLs are integrated the entire instructional day (100%) including during lunch and specialty classes.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At PS 150Q, We implement a self contained dual language program in grades K-5. English proficient students and ELLs are integrated the entire instructional day (100%) including during lunch and specialty classes.

b. In which language(s) is each core content area taught?

Core contents are taught in English and Spanish on alternating days.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

As of May 2025, P.S. 150Q has a total of 137 current ELLs including the former ELLs.
September 2025 EDUR shows:
The percentage of newcomers in grades K-5 (with 0-3 years of service) is 75 % . 103 ELLs have received services 0 to 3 years.
The percentage of developing ELLs is 0.08%. 12 ELLs have received ENL services for 4 to 6 years.
We have 0 Long Term ELLs. Our Spring 2025 EDAT shows 5 potential long terms ELLs.

ELLs who are considered to be newcomers receive differentiated instruction with a strong emphasis on methodologies to increase BICS and CALP, vocabulary, spelling, phonological skills, grammar, and critical thinking skills. Our goal is to develop both social and academic English simultaneously through a theme-based ENL instructional approach.

For newcomer ELLs at Entering and emerging levels instruction is different since lessons that are geared towards language development with explicit language goals are planned and implemented . NYS Learning standards for Language, Hallmarks of Advanced Literacy and PLUSS framework underline the instructional approach. Some best strategies we utilize are: frontloading vocabulary, language modeling, TPR, using visuals and graphic organizers, systematic and explicit instruction and strategic use of home language and teaching for transfer. Students are given opportunities through various assignments and tasks to advance listening, speaking, reading and writing, academic language, and vocabulary. Standalone ENL instruction is provided to newcomer ELLs addressing the learning needs of ELLs in four modalities of language: listening, speaking, reading, and writing based on their proficiency levels. Standalone ENL instruction aims to foster both social and academic English. Everyday language, phonics, content vocabulary instruction underline standalone instruction for entering ELLs. Newcomer ELLs also receive at-risk targeted Tier 2 small group instruction geared towards phonics and emergent reading skills. We also utilize the Phonics for Reading program, i-Ready as well as the Word Study Studio component of the HMH Into Reading program.

Through social studies and science students are also given opportunities to practice all four language skills. For example, students listen to passages, watch videos and use pictures to work in small groups to complete a variety of academic tasks in collaborative student teams. Newcomers are provided/given opportunities to utilize resources in their home language as part of building background knowledge. Spanish module resources in HMH's ¡Arriba La Lectura for Reading and Writing Spanish are utilized as Home Language supports for Spanish speaking MLs. For example passages and student's writing notebooks in Spanish and English are offered side by side as scaffolds. A hand held device 'Pocket Talk' is available for teachers who just received a new student, especially those who speak a low incidence language.

Newcomer MLs/ELLs also have access to ENL-based technology. This includes online websites such as i-Ready, Starfall, ABC Learning, Duo-Lingo and audio books. Classroom libraries include picture dictionaries, leveled texts, and word banks. Teachers utilize Performance Level Descriptors, Language Progressions, and planning in order to differentiate and scaffold newcomer ELLs.

Strong communication with the families of newcomer ELLs are established in order to gather a full picture of student strengths and needs. Teachers of newcomers, Parent Coordinator and Guidance Counselors reach out to these families regularly to establish channels of support and communication.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Spring 2025 EDAT for PS 150Q shows 5 students, 4% with interrupted education (SIFE). We rely heavily on the ELL intake process and a thorough interview with the student and the family to make a decision on SIFE status. When we enroll a student that might be a SIFE student, we utilize the resources at the website Office of Bilingual Education and World Languages (OBEWL) at NYSED. We use the Oral Interview Questionnaire and Multilingual SIFE screener. We utilize Translation services if necessary to gather as much information as possible. Based on the outcome of the evaluation, we make decisions for instruction, grouping, and intervention services. We provide small group instruction based on the needs of SIFE students. We start with the academic strengths that SIFE students display. We use L1/ Home Language and teach for transfer from L1 to L2. Best practices such as pre-teaching vocabulary, employing glossaries and building background content in L1, visuals, graphic organizers, and strategic groupings are some best instructional approaches utilized. All SIFE students are also newcomer ELLs, in addition to their classroom ENL instruction. They are also provided with daily at-risk small group instruction for foundational skills for reading, writing, listening and speaking. The Phonics for Reading program is used for these students. We pair the student with a student buddy in the school to help adjust to the new school environment. Our guidance counselors and parent coordinator also stay in close communication with the family to make sure they have access to resources that will enable timely progress.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We currently have 0 long Term ELLs.
Spring 2025 EDAT shows 5 potential long term ELLs.
NYSESLAT performance scores and NYS ELA and Math test scores are analyzed to see areas of need when we have long term ELLs. We also utilize EDAT tool and Furby Tool to help us address the gaps/needs long term ELLs may have. At P.S. 150Q, NYSESLAT data shows that reading and writing are the skills where long term ELLs struggle to reach the commanding level. Therefore, academic reading and writing is the focus for long-term ELLs. Teachers of

long-term ELLs are informed about the areas of need after studying multiple sources of data. Small group instruction is planned accordingly. HMH Curriculum for Writing with explicit grammar and language lessons, model writing pieces are utilized to help long term MLs/ELLs to improve their writing skills. Components of HMH Into Reading such as Read and Response Journals, Multilingual Resources, HMH Notice and Note Sign Posts are utilized when instructing long term ELLs in order to help deepen reading comprehension skills. We value explicit vocabulary instruction with emphasis on morphology, Tier 2 words and clear classroom bulletin boards for vocabulary. Writing based on sources and writing about reading has been an area of focus for long-term ELLs. Writing process is emphasized and students are given plenty of opportunities to generate ideas, draft and revise and rewrite. Instruction for long-term ELLs aims to develop reading skills to make inferences, analyze author's perspective, identify main ideas and develop academic vocabulary. Small group instruction was also designed to help meet the language needs of long-term ELLs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

September 2025 EDUR shows there are 30 former ELLs at PS 150Q which makes up 21% of all current ELLs. ENL teachers service former ELLs for 90 minutes of integrated ENL/ELA per week as per the CR-Part 154. Teachers of ELLs plan lessons with goals to develop language through content. There is a strong emphasis on academic language and vocabulary during integrated ENL periods. Project-based learning is implemented with scaffolds through social studies and science. Former ELLs are always given choices for tasks, groups to work with, and the method of presentation. Commanding ELLs are also offered the opportunity to participate in the Title III Programs, ELA, and Math After School Programs. We also use alternative Pathways (Project based learning option) to program ENL services for former ELLs especially in our Gifted and Talented programs. We offer enrichment clusters of 100 minutes in which students work on projects based on their interest such as word wizard, creating podcasts, looking at culture through world travel. Former ELLs participate in these enrichment clusters of their choice and they work on collaborative projects which are presented to the school community. Former ELLs progress is continually monitored through unit tests, teacher-created tests, and I-Ready assessments, and rubrics.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The Spring 2025 EDAT Tool shows several at risk factors. Newcomers (ELLs with zero to 3 years of ELL service) constitute the major risk factor at 90.3%. One of the major trends is a high number of newcomers in the younger grades K,1,2. This is due to the student ages and the years of enrollment at schools. Grades K- 2 have 91 newcomers and grades 3-5 have 27 newcomers. Spring EDAT shows Grade 1 has 51 ELLs who underperformed. Therefore, at PS 150Q language instruction for academic purposes is at the forefront of ENL instruction for newcomers. Newcomer ELLs are also provided with daily at-risk small group instruction for foundational skills for reading, writing, listening and speaking. P.S. 150Q is an elementary school and the majority of newcomer ELLs start receiving their ENL instruction for the first time, however, our school staff is well aware of the need for a strong, well-designed ENL instruction for newcomer ELLs. Therefore, ENL instruction and design at P.S. 150Q is geared towards the needs of newcomer ELLs to keep the risk factors for newcomer ELLs at minimum.

Spring ‘25 EDAT shows Temporary housing with 30.8 % as a major risk factor for ELL population at PS 150Q. is ELL Due to the housing status of recent new ELLs enrolled, we have a lot of families who live in temporary housing. In

order to eliminate the attendance issues or high levels of ELLs transitioning from our school to other schools, our school parent coordinator and school staff guide families in ways to ensure that their housing status does not impede ELLs academic success. We provide aid for school supplies, food and metro cards and signing up for school buses. We guide these families that are in temporary housing to receive health services, update their vaccination status, get a driving license, sign up for after school and summer school, etc. Our goal is that students who live in temporary housing are in school everyday and receive the instruction they need. Attendance is also a key factor to students' success for all ELLs. Students need an uninterrupted learning routine especially when they are also language learners. Some of the at-risk ELLs have an attendance or lateness problem. P.S. 150Q guidance counselors track these students' attendance. Family meetings are held in order to make sure that the students come to school on time. Immediate reach out is done through Classroom Dojo as well as phone calls when the student is chronically absent or late.

A third risk indicated on Spring 2025 EDAT is that 31 students , 25 % of current ELLs, did not make sufficient English Language progress. Majority of these ELLs are first time in school in the US. Another important risk factor is that 16.9% ELLs at PS 150Q scored 1 or 2 on the NY State ELA and 23.4% ELLs scored 1 or 2 on the NYS Math test.

All these risk factors require a unified, whole school approach for support that is multifaceted and targeted. In addition to reducing these risks for our ELLs, we strive to develop students' academic skills through a strong core instruction at PS 150Q. Needs-specific small group instruction, strategic groupings, skill-based approach is aimed at 150Q. Project-based learning, participation in school events such as Green Team, Student Council, Chorus, Drama, Enrichment Clusters, volunteering for coin, toy and food drives, Cancer Awareness and helping the homeless, are ways to motivate students to come to school daily and develop socially and emotionally which will help to build a whole child.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The Spring 2025 EDAT showed that 5 Former ELLs (10.9) are temporary housing. 9 Former ELLs (19.6%) have scored 1 or 2 on ELA and 5 Former ELLs (10.9%) scored a 1 or 2 on Math.

We noticed that Former ELLs still struggle with ELA assessments, especially in writing constructive responses. Writing independently, generating ideas based on a reading passage and developing these ideas into a well organized response is challenging for some Former ELLs who score 1 or 2 on the state tests.
Former ELLs who scored 1 or 2 struggle the most in comprehending math problems and applying the math skills to answer the problem. Item analyses show that the lack of prerequisite math skills is also a contributing factor to their performance on NY State Math Tests.
Some of the former ELLs also have IEPs. Former ELLs progress is being monitored closely. In addition to a strong core curriculum with student tailored and data based small instruction, they are also invited to attend after school programs. Some receive counseling. Our goal is for them to receive a 3 or 4 on State Tests before they exit former ELL status.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values

these home languages?

The majority of ELLs are from Spanish Speaking countries, followed by Bengali and Turkish speaking ELLs. Arabic, Nepali, Russian and Chinese, Albanian also make up the body of ELLs at PS 150Q.

We have school staff who speak a variety of languages such as Spanish, Arabic, Bengali, Turkish, Greek, Urdu, Italian, Portuguese, Russian. We send messages home in the parent's preferred language. All school-related letters are sent in English and Spanish. When we do not have staff who speak the home language of the student, we utilize NYC DOE's over the phone translation services. We seek translation help from our bilingual school staff when there is a need for translation. The Class Dojo application provides an online translation feature for parents to translate all kinds of communication they receive from school. NYC DOE's over-the-phone translation service numbers are shared with staff beginning of the academic school year and also during parent-teacher meetings. School office staff and ENL service providers also utilize a portable device 'Pocket Talk' for communication for low incidence languages.

Classroom libraries have books in Spanish. Students can also access online platforms EPIC, i-Ready, public libraries through Teach-Hub where they can access resources in multiple languages and books with diverse representation. Our ' book of the month' literature is selected carefully so that different cultures, minority populations, ethnic backgrounds are represented.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At PS 150Q, we are blessed with students from diverse ethnic backgrounds and cultures. P.S. 150Q student body reflects a true diverse school where all racial and ethnic groups learn and thrive together.
We have students from South America that are Hispanic or Latino and indigenous groups. We have students from different parts of Asia such as China, Tibet, Nepal, India, Pakistan, Bangladesh, Korea, Japan, and Taiwan. We also have families from the middle east such as Egypt, Afghanistan, Armenia, and Turkiye and families from Europe and Russia. Romanian, Bulgarian, Greek, Polish, French, and Irish families add to the diverse make-up of the student body at PS 150Q. We celebrate this richness and make it a part of the instructional curriculum in several ways. A family cultural night is held every year to bring all families together. Family Culture day is one of the most popular school events where families get together and share food, clothing and any other cultural items. We celebrate different special days from different countries such as Cinco de Mayo, St. Patrick's Day, Thanksgiving, Ramadan, Chinese Lunar Year, etc. Our classroom libraries include books that teach about different countries and celebrations to which our students belong. We also have project-based learning in which different countries are studied. Our book of the month contains titles that share stories from diverse racial and ethnic backgrounds. End-of-year celebrations and end of unit celebrations are also occasions where these cultures get together. No child eats alone, Bench Buddy, Jersey Day, Flag day are school wide approaches in which peers support one another and represent their background and culture.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Spring 2025 EDAT shows 124 students took NYSESLAT 2024. 37 ELLs took the NYSESLAT for the first time, therefore, they were not eligible for ELP growth.
Spring 2025 ?EDAT shows 60 ELLs were eligible for ELP growth. 18 ELLs met progress by exiting ELL status which constitutes 30% of eligible students.
7 ELLs met the annual progress target which constitutes 11.7% of eligible students.
4 ELLs met safe harbor.
31 ELLs did not meet any ELP growth.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

NYSESLAT data (FURBY TOOL, RLAT, EDAT) shows that speaking is the strongest for ELLs at PS 150Q, whereas writing sub skill continues to be the area of need for all grades followed by reading and listening subskills.
ELLs who took NYSESLAT 2024 performed strongest in speaking with grade 5 ELLs outperforming all other grades.
Speaking is the strongest subskill for ELLs in grade 5.
Writing is predominantly the area of need for all grades K-5 at PS 150Q.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

When we analyze data from NYSESLAT and ELA and Math State tests, we see a correlation between the language proficiency levels and state test performance.
-13 ELLs received 1 on NY State ELA: 9 are at expanding, 4 are at transitioning and 5 are Emerging and 1 is Entering.
-9 ELLs received 2 on NY State ELA: 7 are expanding and 2 are commanding proficiency levels.
-4 Commanding ELLs received a score of 3 on ELA.
-1 Commanding ELL received 4 on NY State ELA.
-19 ELLs scored 1 on NY State Math Test: 1 is at entering, 5 are at emerging, 4 are at transitioning, 9 are at expanding proficiency levels.
-11 ELLs scored 2 on NY State Math test: 1 are at entering, 2 are at emerging, 2 are at transitioning, 9 are expanding proficiency levels.
-11 ELLs scored 3 on the NY State Math test: 1 is at emerging, 1 is at transitioning, 5 are expanding and 4 are commanding proficiency levels.
-3 commanding ELLs scored 4 on NY State math tests .

Students who score 1 or 2 on the state test and who are at expanding levels of language levels are the target groups that we need to move forward to achieve higher performance on these summative assessments.
ELLs at emergent language proficiency levels and ELLs with IEPs tend to score 1 or 2 on the state tests for math and ELA and make little or no progress on NYSESLAT. Data shows ELLs struggle with constructive writing responses. In reading, making inferences, main/central ideas and vocabulary questions are the areas of need.
We also notice that students' reading comprehension skills may present difficulties when solving math problems.
We also notice that students' reading comprehension skills may present difficulties when solving math problems.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Spring EDAT 2025 indicates 4 SIFE ELLs : 1 at Entering and 3 at emerging levels of English language proficiency . EDAT '25 indicates that ELLs with IEPs and SIFE perform lower than their peers especially in writing in grades K-3 at PS 150Q. Some do not show sufficient ELP progress from the previous year. Test taking skills for younger grades are also impacting their performance on the test. Reading skills have a direct relation to the test results. Students struggling with decoding and comprehension tend to score lower than their peers. Writing modality shows low for students with IEPs especially when they are unable to read well independently. This causes a difficulty with generating ideas to write independently. Although students perform higher in the speaking part of the NYSESLAT, the verbal capability does not transfer over in writing tasks. Vocabulary may become a barrier if the student is lacking background information in the content area. This proves the importance of integrated ENL and need-based small group instruction.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

P.S.150Q staff aim to design an all-inclusive and strong, high-quality core instruction. Hallmarks of Literacy are followed as the backbone of the instructional design for all learners. We carefully consider the needs of each ELL subgroup: newly arrived, SIFE, developing, and long-term ELLs. Rich, big ideas with multiple perspectives are studied in core content where discussions around engaging texts, academic vocabulary, and extended writing are seen as great tools to build knowledge and language. Rigorous learning environments are set by providing scaffolds and ensuring that all units have language objectives and explicit language instruction to meet the expectations of the curriculum. Stages of language acquisition are taken into account. Language progressions for different levels of proficiency (English and home language) are utilized for scaffolds and supports. THE PLUSS framework is utilized for best practices for instructional design. Front-loading content specific vocabulary and background information, use of realia, visuals, graphic organizers, use of L1, gradual release teaching model, teacher modeling explicitly, TPR and guided practice with immediate feedback are some of the essential components of instructional design at PS 150Q. We see students' home language as a great asset for learning, especially for newcomers. We encourage every opportunity for students to use their first language as a tool for deeper learning and transfer the learning purposefully across other subject areas. Academic vocabulary, making inferences, analyzing perspective and determining main ideas have been the school foci for the last 3 years. A project-based approach through social studies, content or enrichment clusters (based on student interest and choice) gives students opportunities to dive deeper into subjects they are interested in.

Explicit phonics instruction is provided in all K-2 classrooms using the Fundations program. Heggerty, a foundational skills curriculum that brings together explicit phonics instruction with Heggerty phonemic awareness lessons for comprehensive early literacy instruction. We provide this instruction along with Fundations to further support phonemic awareness in classrooms with MLs/ELLs. Additionally, each classroom provides visuals such as sound valley displays that support students in deepening their reading and writing skills. Phonics for Reading is designed for students with identified needs in foundational skills—including students with dyslexia and English Learners and is used for at risk grades 3-5 MLs/ELLs in a standalone setting. Additionally, explicit morphology instruction in grades 3-5 helps students have opportunities to delve deeper into English vocabulary. Morphology is the study of words, including the principles by which they are formed, and how they relate to one another within a language. Through these lessons we aim to equip students with strategies to learn new vocabulary independently.

Every class in grades K-5 is utilizing the HMH Into Reading Program. Many supports are used within this program to deeper the learning of MLs/ELLs such as the English Language Development slides, Reading Response Journals and Tabletop lessons for Language Development which provides reading support in all modalities of language as well as reading skills such as main idea, inferencing, sequencing, text structure, etc. The Writable application from HMH is utilized for grades 3-5 in order to support ELLs in strengthening their writing skills by providing a platform that offers customizable scaffolding, differentiated assignments, and accessibility features such as text-to-speech and multilingual support. It also includes features such as writing prompts, graphic organizers, and sentence starters to aid in the writing process. Writable allows teachers to tailor instruction to individual student needs, including those of ELLs, making it easier to manage a variety of writing levels. HMH Grammar is also taught to all students. Once a concept is taught, students are provided with the opportunity to apply the grammar skill to their writing.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ENL coordinator, teachers of ELLs in each grade are included as members of PS150Q's instructional leadership team. The team is informed that 22% of the school population are ELLs. PS 150Q Instructional teams include ENL, GE, content teachers, assistant principals and the principal. These teams work towards establishing a rigorous learning environment for all ELLs that will prepare them for 21st century adult learning.

The needs of MLs/ELLs and the values they bring to the school environment are carefully considered in all instructional decisions. We assess every ML/ELL in many different ways. Our Guidance Counsellors and Parent Coordinator conduct interviews/meetings to get to know every ML/ELL and their families. At PS 150Q, we set high expectations for every student. Each student is valued for what they bring to the classroom. Every child is seen as a great resource to the classroom. The school leaders, teachers of ELLs and school staff strongly believe that "knowing each child well" is the key to raising a whole child. To get to know every student, many attempts are done through family outreach, guidance, and school inquiries. Annual meetings for ELLs are seen as resources to foster the whole child. Teachers of ELLs are informed about any relevant information about a child's background, prior schooling and home life situation. We focus on the progress that every child is making. A harmonious communication between teacher teams, school community and school leadership is established to meet the learning needs of MLs/ELLs. Their social and emotional development is fostered through school and classroom activities and events. All MLs and ELLs are invited to participate in school events and clubs at every opportunity such as the School Play, Chorus, School Dance, Field Day, Chess Club, Museum of Moving Images, Enrichment Clusters, Theater Moves, and school-wide volunteer projects. Throughout the year MLs/ELLs, along with other students, perform for the local community in plays, concerts and dance performances.

Several assessments such as i-Ready assessments (beginning, middle and end of year), Acadience, previous NY state test results NYSESLAT, and NYSITELL results are utilized to get a better picture of MLs/ELLs' beginning of the year academic levels. Student language proficiency levels, performance in language skills (reading, writing, listening and speaking) and knowledge of academic vocabulary are taken into consideration for instructional design.

All students, including MLs/ELLs, are provided a device that they can bring back and forth between home and school. This allows them to have access to curriculum supports that each classroom uses such as iReady, Google Classroom, Writable, Brainpop, Amplify Science digital texts and simulators, as well as access to texts through Myon, Sora, NewsELA, etc.

The HMH Into Reading curriculum is studied carefully and lessons are scaffolded for multiple entry points for ELLs. Grade teams get regular planning periods in order to plan, enhance and adjust the lessons based on student

observation and formative assessments. We implement Fundations and Heggerty for K-2 classes to build strong readers. Phonics For Reading Program is used for ELLs in grades 3-5 classes who need support with decoding and reading skills. HMH Grammar is used in all classrooms and each student is provided with their own grammar books to refer to for writing.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Hallmarks of Advanced Literacy and PLUSS Framework and Next Generation Learning Standards underline the instructional approach both in Dual Language and ENL instruction.

Core content is taught in English in the ENL program, and in Spanish and English in the Dual Language program using the gradual release teaching model. We work with a variety of texts (printed and digital) that feature big ideas and rich content with multiple perspectives. We closely follow the NGLS language standards for each grade when planning for language goals. Instruction for language development is done so that students develop academic language as well as language for learning. Language development is never in isolation of content. All students have access to grade level, standards based content. Students are given opportunities through various assignments and tasks to advance listening, speaking, reading and writing skills and develop academic language, and vocabulary.

ENL instruction is provided in both Dual Language and ENL classrooms which address the learning needs of ELLs in four modalities of language: listening, speaking, reading, and writing. In Self-contained ENL classrooms and in our integrated co-teaching classrooms, students are provided multiple entry points through a variety of scaffolds. Front loading of vocabulary and background knowledge, use of L1, visuals, sentence stems/frames and TPR are utilized. Explicitly teaching Tier 2 and Tier 3 vocabulary and language necessary for the task are key stages of instruction in ENL and Dual Language classrooms. Vocabulary pertaining to each subject area is posted in the classroom on designated subject boards for students to refer to. We utilize core content to teach academic vocabulary. Students work in groups on various projects where they learn from one another. The task is completed in stages in which models, guided practice and feedback are provided. Language lessons necessary for the unit are taught explicitly and support is provided. Our goal is to give opportunities to our students that will enable them to work respectfully with people from diverse backgrounds, perspectives and become critical thinkers.

Teacher teams have been studying the Next Generation Standards so adjustments for planning and instruction are done accordingly. In order for ELLs to meet the expectations set by Next Generations Standards. Backwards planning guides the instructional decisions. Teachers of ELLs consider demands of the end product that the students will have to produce and then design instruction with necessary scaffolds and supports. Student tasks are scaffolded for ELLs at different proficiency levels. We utilize a wealth of scaffolds and strategies such as word banks, the use of L1, use of visuals and graphic organizers, language frames, teacher modeling, guided feedback, 'To/ With/ By' approach, use of technology and digital resources, Think-Pair-Share protocol and step-by-step how-to chart, etc. For example, the expectations of the Next Generation Speaking and Listening standards are considered when we are designing instruction that involve the Think-Pair-Share protocol. Think-Pair-Share protocol gives MLs/ELLs opportunities to be able to prepare and present information in a collaborative manner as the NGLS standards require. We aim to design lessons that incorporate the learning standards for Listening, Speaking, Reading, Writing and Language. Design and implementation of instruction follows a whole language approach with appropriate scaffolds.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of MLLs/ELLs including ELLs with IEPs at PS 150Q use several approaches to provide access to content areas (ELA, Social Studies, Science and Math). At PS 150Q we follow HMH' s Into Reading and Writing programs. In grades K-2, we use the Fundations Phonics Program which is complemented by the Heggerty curriculum. In grades 3-5, we use the Phonics for Reading Program for students identified as at-risk students who require phonics instruction. This instruction is provided in a standalone model. Students in need of Tier 3 phonics intervention are provided instruction through AIS groups using the SPIRE program in a standalone model. This program offers a multi-sensory teaching approach utilizing systematic, sequential phonics and phonological awareness for grades kindergarten through eight. We use the Envision Math program for grades K-5. Math vocabulary is taught with visuals, models and real life problems. Math vocabulary is consistently used during whole class instruction, small group and one-on-one discussions between students. Projects are given to all students which allows students to explore math concepts in real-life problems. We currently use the Amplify curriculum for Science. This curriculum provides students opportunities for hands-on learning through tactile experiments as well as digital simulators with questioning and discussion prompts for critical thinking and analysis. Finally, we use the Passport to Social Studies/Civics For All Curriculum in grades K-5. Students are provided researched-based learning, analysis of real-world images that provides opportunity for Writing and discussions. All students are provided the opportunity to have their voices heard through the Civics for All curriculum by exposing them to real-world problems and the opportunity to write and present their ideas in creating awareness on ways to solve problems within their immediate as well as global world. In our Dual Language Program, we use the Estrellita Phonics for K-2 program and Arriba La Lectura by HMH for grades K-5. We also use picture dictionaries, English Grammar by Continental for newcomer students and Language lessons in Ready books for developing ELLs. All ELLs have access to i-Ready, Brain Pop for ELLs, Writable, and Amplify Science digital texts and simulators. In the upper grades, texts and curriculum materials are often provided in the home language of MLs/ELLs. Students are also provided the ability to translate texts/tasks into their Home Language. To provide entry levels for MLs/ELLs at different proficiency levels, critical vocabulary or background knowledge is pre-taught. For students who are at early language proficiency levels, the use of L1 is utilized whenever needed. Students are given opportunities where they practice vocabulary necessary to understand the content. Videos/visuals are used to build background knowledge about the content. Multiple opportunities are provided to utilize recently taught content vocabulary through conversation, reading and writing throughout the school day.

Students are given multiple opportunities in which the teacher models the required language and then the students work in groups in which they get ample opportunities for discussion and writing about what they have been learning. Students receive guided practice with feedback on multiple occasions throughout the unit. Visuals and graphic organizers, realia, the use of body language, sentence frames, and templates are provided for further scaffolds. Every classroom at PS 150Q has a smart board with a strong wireless internet access.

Every student has access to i-pads, laptops or their own devices. We utilize the websites that the DOE offers: Discovery Education, MYon, Epic, ThinkCentral, BrainPop Junior, Duo-Lingo, etc. The school also has subscriptions to i-Ready for every ML/ELL. PS 150Q also has subscriptions to Reading A-Z, Kami, Padlet, etc. to better serve students.

b. SIFE

As stated in EDAT, we currently have 5 students who are SIFE. They are newcomers. Their home language is Spanish. Currently we offer interventions in which students work in small groups with an ENL teacher two periods daily. The instruction aims to develop phonological awareness and decoding skills as well as daily conversational English. These students are in Grade 5 and, therefore, are provided phonics instruction using the Phonics for Reading program in a standalone setting. The students receive instruction in Spanish in their Dual Language classrooms. Ariba La lectura is used for reading and writing instruction. The platform offers audio stories in which students can develop print and sound connection. We also utilize several digital platforms that offer Spanish audio books such as MYon, Epic, Sora and i-Ready for math in Spanish.

c. Newcomers

The use of visuals, videos, bilingual glossaries and texts, picture dictionaries, student choice, student grouping and classroom protocols help newcomers gain access and become engaged in grade level curriculum. We make sure we have resources that represent the newcomer's culture. Instruction is built on what the student already knows in their home language, especially in Dual Language programs where bi-literacy is the goal. We follow the 'I+1' model and lower the affective filter for every newcomer so that they feel a valued member of the school community. Stages of language acquisition, social and academic language development are guiding principles for multiple entry levels for curriculum. We also utilize a variety of instructional materials that are geared towards language development and foundational skills. We utilize the NYC DOE's lessons for newcomers on Teach Hub. In order to accelerate the level of learning English language learners at entering and emerging levels receive two periods of ENL services daily. The Phonics To Reading Program is used for additional phonics support for newcomers in grades K-2. Phonics For Reading is a program that offers lessons in phonics/phonemic awareness, vocabulary and comprehension for grade 3-5. We also use picture dictionaries and English Grammar by Continental for newcomer students.

d. Long Term ELLs

We have an inquiry approach to long term ELLs. We currently do not have any long term ELLs, however, if we were to have them, they are tracked carefully and areas of need are determined. At risk factors may show attendance as an issue for some potential long-term ELLs. We ensure that long term ELLs come to school regularly and on time by keeping close communication between home and school. Based on their needs, small or individual instruction is provided at Tier 2 level. Academic language, vocabulary and critical thinking skills are fostered during everyday instruction. NYSESLAT performance shows that writing is the subskill where long term ELLs need the most help with. Teachers provide focused writing- small group instruction at Tier 2 level. End of unit writing assessments are monitored closely and students are provided timely feedback. Long term ELLs are also given opportunities to attend after school programs. Our Inquiry approach has shown that at PS 150Q writing has been an area in need of improvement for long term ELLs. Academic vocabulary is also another area that long term ELLs need explicit teaching in. Therefore, instruction is planned accordingly so that students receive regular feedback and their progress is monitored. There are some potential long term ELL Students in grades 3-5 that have been identified as needing further phonics instruction. We have been utilizing the Phonics for Reading program to support these students in a standalone model.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

ELLs with IEPs receive ENL instruction as mandated by CR-Part 154. Special Education teachers and ENL teachers meet to review student IEPs through SESIS. Students' learning strengths and needs are carefully analyzed to provide a more tailored approach for scaffolds, and interventions. ENL teachers and Special Education teachers join grade meetings and Special Education teachers collaborate to differentiate instruction to meet the needs of ELLs with IEPs. Whole class and individualized small group instruction takes place to ensure progress towards IEP goals. Teachers of ELL-SWDs utilize a variety of strategies and grade level materials to provide access to academic content areas and accelerate language development. HMH Into Reading and Writing are used for grades K-5. Fundations program is implemented for phonics instruction as well as Heggerty Phonemic Awareness which offers 10-minute daily lessons to deliver explicit instruction in critical phonemic awareness and early literacy skills. We use HMH decodable texts for small group reading intervention and center work. HMH table top lessons are used for ELLs with IEPs as entry points. All of these resources are shared with the students as scaffolds both on online platforms and in the classroom. Content-rich lessons are created with a clear focus on language development. Classrooms of ELLs-SWD also have libraries that have multi-leveled, high interest books of different genres. Management and social emotional needs are upheld in accordance with each student's Individualized Education Plan. Teachers provide a multi-sensory learning experience and reinforce explicit instruction in small group settings. Guidance counselors and teachers work closely to address the needs of the students as a whole.

Students may receive related services in small groupings (Speech, Occupational and Physical Therapy Counseling) which offer more language support. We also offer bilingual speech services for students whose IEPs have mandates for bilingual speech and language services.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In Dual language programs home language (Spanish) is assessed through the Spanish-Lab when the student is first admitted to the program. We also use HMH Arriba La Lectura assessments throughout the year to measure student progress. Spanish running records and unit tests in Science, Social Studies and Math. We also provide students glossaries in their home languages which are available on NYU's website. In the dual language classes, home language can be assessed through iReady data. Assessment of Spanish reading is used to gather reading data in subcategories such as comprehension (literature and informational texts) and vocabulary. Spanish iReady lessons can also be teacher-assigned in order to target areas of need and assess student progress in these areas. Comprehension is also assessed through the Arriba la Lectura selection quizzes and end of module assessments. Spanish writing rubrics are used to assess student writing in Spanish. Envisions Topic tests are assigned in English and Spanish. All materials (graphic organizers, response sheets and grade level texts) for science and social studies are available in English and Spanish.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At P.S.150Q, teachers are provided uninterrupted planning time outside of the classroom throughout the school year. During this time, teachers can collaborate with colleagues to determine best practices in supporting learning for MLs/ELLs in ENL, Dual Language as well as MLs/ELLs in a Special Education setting. The Instructional Team meets weekly and consists of a variety of teachers in all grades and licenses which includes Teachers with Bilingual as well as ESOL licenses. Teachers of MLs/ELLs are encouraged to attend PD's around ML/ELL support and turn-key what is learned to other teachers of MLs/ELLs in the school. Every grade is also provided a common planning period every week which allows more time for teachers to collaborate in planning for ELL instruction. Co-teachers plan together regularly during common prep and planning times. Special education teachers incorporate student goals into their small groups. Throughout the school year teacher teams are given multiple extra days in order to plan units of study.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The Instructional Team meets regularly to plan for annual Professional Development both in-house and outside. Teachers of ELLs continue to attend ELL related professional development workshops offered by District 30, NYU and Fordham RBERN and NYC DOE, UFT. In house PD is offered by the teachers of ELLs on a variety of ELL related topics such as writing language goals, NYSESLAT, language proficiency levels descriptions, providing scaffolds, etc.

A district 30 HMH literacy specialist has been working with teachers at PS 150Q in order to best implement the HMH Into reading curriculum. Weekly classroom visits and modeling are provided. Teachers sign up for PDs offered through HMH. District 30 Google Classroom is used to share resources that will enhance the implementation of HMH Into Reading curriculum. A special education and ELL specialist also provides support to teachers of ELLs with EIPs.

At P.S. 150Q, we follow a RULER approach to address social and emotional needs of MLs/ELLs. This approach, offered by the Yale Center for Emotional Intelligence, provides an organizational approach to SEL. It includes programming for grades K-8 and demonstrates evidence of effectiveness in Pre-K and grades K to 5. Staff development resources, RULER tools, and high school curricular content is available in Spanish.

Sanford Harmony is another program we implement at PS150Q . Sanford Harmony provides teachers and all school staff with tools to effectively promote social-emotional development among Pre-K-5th-grade students; exercises and activities emphasize communication, empathy, critical thinking, collaboration, and problem-solving skills. Harmony fosters knowledge, skills, and attitudes boys and girls need to develop healthy identities, create meaningful relationships, and engage productively by providing SEL learning resources, tools, and strategies. Teachers of ELLs and MLs follow this curriculum throughout the year in order to meet the social and emotional needs of all students. Teachers attend professional development for the RULER and Sanford Harmony programs throughout the year.

At PS 150Q, we have a social emotional learning committee that consists of teachers and administrators that regularly meet to better incorporate the Harmony Program into daily instruction and the school day. The Respect Matrix has been reviewed and customized for our student population. A copy of the Respect Matrix is also printed in Spanish. The monthly SEL topics have been aligned to the book of the month and a list of suggested instructional activities have been added.

ENL Teachers turnkey District 30 ELL meetings with school staff during weekly PD periods.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Staff members are offered various workshops on Election Day, Chancellor's Professional Development Days and on Mondays during PD time.

At PS 150Q , Professional development for instructional staff is done based on the following principles: A minimum of fifteen percent (15%) of the 100 required professional development hours for all teachers who hold a professional license prescribed by CR Part 80 must be dedicated to language acquisition including a focus on best practices for co-teaching strategies and integrating language and content
instruction for English language learners.

For all bilingual and English as a new language teachers who hold a professional license, a minimum of fifty percent (50%) of the required professional development hours must be dedicated to language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. Throughout the year teachers are encouraged to attend PDs on ELL related topics and they are informed and asked to choose professional development accordingly.

In order to meet these requirements teachers at PS 150Q benefit from the PDs offered at the Queens District 30 office of ELLs, UFT Teacher Center, Division of Multilingual Learners, NYC DOE Division of Teaching and Learning, NYC DOE Protraxx/I learn. City Museums, I-teach New York website i-Ready professional development and various other online websites. ELL professional development opportunities are also available at Fordham R-BERN and NYU R-Bern and NYC DOE Department of Literacy workshops. Teachers of ELL attend and turn-key information during Monday PD sessions. A Teacher Resource room is also available to all Teachers of ELLs with various resources and technology.

Teachers of ELLs also attend workshops at UFT teacher Center on how to utilize online platforms such as Google Classroom, and Google Application. PS 150Q Staff also hosts remote workshops to share best practices and their knowledge on online resources to incorporate technology in instruction. Teachers attend workshops offered by HMH, Fundations, I-Ready Phonics, Acadience. Additionally, an HMH specialist from District 30 meets with teachers in order to better support the implementation of this program.

Teachers at PS 150Q also receive training during the school day in the form of Inter-visitations. The Instructional Team has selected teaching Power Standards such as vocabulary, point of view, arguments, inferencing, and main ideas across different genres as the school focuses. Coaches from DOE regularly meet with teacher teams and administrators to plan for teaching towards Next Generation Standards. Staff members continue to attend workshops offered by the UFT as well. These PDs can be found in the UFT newspaper. We will continue with these types of PDs, as well as adding on additional learning opportunities throughout the year.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use Acadience as a universal screener for K- 2 and i-Ready for grades 3-5 for reading and math. PS 150Q uses the strengths and areas of need for each student as a reference point to plan individualized instruction. Depending on the needs of each student, classroom teachers provide Tier 1 or 2 interventions in small groups or one on one. The MTSS team meets regularly and tracks student data closely. Different sources of data such as Acadience, i-Ready, HMH benchmarks, and end of unit assessments are utilized. This data is put together to determine the areas of needs and strengths for students. We also take students' previous schooling cultural and linguistic backgrounds into consideration. Tier 3 interventions are provided for students that have been identified and monitored through the MTSS team.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

At P.S. 150Q, in order to provide the necessary interventions, several sources of data and various indicators are carefully studied. A prolonged approach to RTI/MTSS is followed. The MTSS team meets regularly to discuss students that have been identified by classroom teachers as being at risk. Students that have been identified as at-risk are provided Tier 2 interventions in the classroom via small group instruction based on their specific needs. After 6 weeks of intervention in Tier 2, the MTSS team will discuss the next steps. If Tier 3 interventions are decided, the student will receive this support outside of the classroom by the Special Education support teacher. Attendance is also looked at as a key factor. In which case the guardians are contacted for a discussion about this. The needs of an ELL and interventions are matched carefully. We make sure that there is a strong instructional core taking place in the classroom at TIER I level. We ensure that instructional goals develop different key domains of literacy by supporting competencies in reading, writing, listening, and speaking. Past records are reviewed to gather more information about the learner. ELLs' progress is measured through the lens of language acquisition based on the learners' English language proficiency. The school SIT (Special Education Implementation Team) meets regularly to discuss students who currently have IEPs. Program changes to more or less restrictive settings as well as modifications to student services are discussed with this team. We also make sure that instruction makes direct and appropriate connections to ELLs' community values, identities, and languages. Data is gathered from multiple sources. Data is studied from both summative and formative assessments.

The RTI team also uses Acadience as a universal screener for grades K-2. This school-wide screening is administered during the first month of school to identify ELLs who need additional support. In addition, teachers also carry out individual assessments with at-risk students. i-Ready diagnostic tests are also used to determine targeted instruction and interventions for ELLs in grades 3-5. We target individual needs by teaching specific literacy skills. Data from NYSITELL and NYSESLAT is key for instructional planning and grouping. We also assess literacy in the Home Language and interview the parents to gain a better understanding of students' needs. Our school wide and

grade-wide instructional planning ensures multiple levels of entry for all students with diverse needs and abilities. With all the data at hand, we design and implement all the scaffolds and supplemental activities at Tier 1 level first. Student progress is monitored over time to see if ELLs are making gains, and adjustments are made throughout. Targeted Academic Interventions are provided to ELLs based on their progress. We utilize the EDAT tool to get a comprehensive view of ELLs and identify risk factors. i-Ready training workshops such as 'how to best utilize data' are offered every year for all teachers, so a needs-based small group instruction can take place. If an ELL struggles persistently, despite different supplemental approaches, then a 6–8-week cycle of Tier II interventions are implemented. Extensive data collection is done throughout this period to see if ELLs are making progress. Recommendations for services that serve the needs of ELLs with IEPs or newcomers are made by the MTSS and/or SIT teams. All data is kept in a shared folder in the school drive to document interventions and progress.

We make sure our newcomer ELLs and ELLs who are at Entering and Emerging levels receive both standalone ENL with a strong emphasis on language development and also integrated ENL through content to build academic language. In dual language programs, for newcomers we utilize the home language Spanish to build background information. Spanish enrichment programs are offered for reading, writing, speaking, and listening. Tier III is implemented for ELLs with insufficient progress. The goal is to provide necessary education so that a Special Education referral will not be needed.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

P.S. 150Q has a Multi-Tiered System of Supports (MTSS) team whose role is to identify students who need further support and set up structures in which students receive targeted small group instruction.The team meets regularly and monitors progress of each student and decides on the next steps. Teachers of ELL s are also members of the MTSS team. Student data is used to identify trends and make instructional adjustments to the curriculum maps. Data from multiple sources is used to identify students who can benefit from Tier 2 or 3 interventions. After school and before school programs are also offered as additional interventions. Data from multiple sources becomes an important tool for the tracking and monitoring of students' language and skill development. We utilize several sources to identify students for RTI. We use Acadience for grades K-2 and i-Ready for grades 3-5 as well as reading assessments, end of unit tests, teacher observations, state test scores, NYSESLAT scores and years of ENL services to identify students. We also look at student work samples. Communication with families is crucial in designing instruction for further support. Requests from parents are also taken into consideration when providing RTI services. Tier 2 instruction targets students in the classroom through small group instruction, providing necessary scaffolds such as mixed ability/language proficiency grouping, word banks, use of glossaries, models, theme-based learning, visuals, various formats of presentation of content etc. MLL/ELLs in Tier 2 and Tier 3 interventions are monitored closely and provided support such as language objectives, sentence starters and writing frames. We make sure students complete all 3 Tiers of RTI services before any referral is made for special education services. Data is kept in a shared folder on the school's drive for the MTSS/RTI team to monitor student progress and update information.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We use the the following pre and post assessments as formative assessments:
HMH Writing, HMH ¡Arriba La Lectura, Amplify for Science and Passport to Social Studies.
These formative assessments provide the opportunity to identify student progress, pivot quickly and meaningfully tailor instruction. We make sure students are engaged in the process so they are given options to use L1. Student work is used as evidence to design and adjust instruction and provide the necessary scaffolds for multiple entry points.

We value an ongoing formative assessment especially throughout writing units. Therefore, teachers regularly confer with students throughout the writing units to assess and provide students with feedback. Throughout each unit, teachers utilize checklists to regularly check in with students to determine areas of need. These checklists are then utilized for forming small group instruction. We also employ exit slips in order to follow student progress and areas to reteach and strengthen. During group and partner discussions, teachers listen for understanding, use of content vocabulary as well as language usage which is also used to drive small group instruction. Students utilize checklists, rubrics and mentor texts in order to self assess, peer assess and improve their work.

i-Ready Computer Program lessons are also used to diagnose English Language Learners' reading, phonics, and vocabulary needs. These lessons analyze student performance and recommend prerequisite small group instruction topics. Teachers implement these lessons in their small groups. Student progress is closely monitored through the i-Ready portal. i-Ready assessments inform the instructional planning for the areas that need to be re-taught or reinforced. Small group instruction is also planned for ELLs with similar needs. All of these assessments allow close tracking of ELL progress and help to make planning decisions. We follow the same approach for math, science, and social studies. Unit tests, quizzes and teacher-created tests inform us as to how ELLs are making progress. i-Ready Math Assessments are also used to inform math instruction for the whole class and small group. Teacher Tool Box on I-ready online platform is utilized for small group instruction.

Classroom teachers, ENL teachers and RTI teams use the results from summative and formative assessments to decide on the kind of interventions that should be provided to ELLs. ELLs are grouped by their areas of need once the summative data has been gathered. Small groups are formed for reading, writing, or math. Support teachers such as Speech, OT and PT will be informed about the data to further guide their planning. The data from i-Ready Benchmark assessments for ELA and Math, HMH reading and writing, as well as teacher-created assessments inform the mini-lessons, small group instruction, and scaffolds to meet the needs of ELLs. All teachers of ELLs plan and co-teach instruction that addresses the language acquisition needs. Lessons are carefully planned and executed with multiple entry points, scaffolds, and clear language goals.

Recent data shows that students need to strengthen their inferencing skills, determining the author's perspective and also guessing the word meanings through context. Therefore, inferencing, author's perspective and vocabulary are the school instructional foci. Classroom charts to teach inferencing skills have been unified across all grades and explicit instruction in these areas are taking place.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Spanish Lab is administered for all eligible ELLs and the observations of students' performance is shared with the classroom teacher.

Throughout the school year, teachers evaluate students’ home languages in multiple ways: HMH's '¡Arriba La Lectura' curriculum is mainly used for Spanish reading and writing assessments. i-Ready is used to assess students in the Dual Language program for Spanish Reading at the beginning, middle, and end of the school year. The Amplify Science curriculum and the ENVISION math curriculum have assessments that are in Spanish. ELLs are

offered a choice in which language they would like to take the test.

For newcomer ELLs whose home language is other than Spanish, we use translated copies of assessments using Google Translate in order to have a picture of student academic abilities in their Home Language.

We look for commonalities between home language and target language for instruction. Our goal is to develop biliteracy in a child's home language and English and Spanish for Dual Language Students.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At P.S. 150Q, we use several summative assessments to identify student progress, and areas of need. Horizontal and vertical teacher inquiry teams are formed to analyze the student performance on NYSESLAT, NY State ELA, Math, and Science tests. i-Ready Beginning and End of Year performance is also another indicator that drives instruction. HMH End of Module Reading and Writing assessments are administered regularly. Data is shared with all staff in the school and each item is looked at and discussed to share future instructional decisions. The EDAT and Furby tools are looked at to identify areas of strength and need in the NYSESLAT and the state tests. Other factors, such as being a newcomer, SIFE status, language proficiency levels, etc., are considerations that may contribute to students' performance. The performance of ELLs are compared to true peers with similar language proficiency, age group, culture, exposure to language, time in the US and SIFE or IEP status. These findings are shared within the school community and used to plan individualized, small and whole group instruction. We value how much progress students make and look for ways to help students meet the expectations of these summative assessments.

Recent data shows that students need to strengthen their inferencing skills, determining the author's perspective, main idea and vocabulary. Therefore, inferencing, author's perspective and vocabulary are the school instructional foci. Classroom charts to teach inferencing skills have been unified across all grades and explicit instruction in these areas take place. In every grade, a team of teachers design a series of lessons to teach throughout the year to reinforce inferencing, perspective and develop academic skills. These lessons include a variety of materials from print to digital. Students are also given a choice how to practice and produce involving these key skills.

Also, writing about reading is another area where most ELLs need further instruction. Instruction to target this need is provided during our reading and writing block. Units in reading and writing are closely tied so that students practice writing about what they have been reading. Data from these assessments shows that generating ideas is a struggle for ELLs, therefore, guided practice with feedback is essential in planning instruction.

The school wide assessment calendar is shared with staff and families through the Outlook calendar, Classroom Dojo and letters sent home. School teams are provided with regular scheduled time to administer and analyze data. Student test results are shared with all teachers through PS 150Q school's Google Drive in order to allow effective student grouping for instruction. Families receive consistent communication on school wide assessments such as the NYSITELL, NYSESLAT and all State tests.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

At P.S. 150Q, ENL Licensed and General education teachers are involved in administering the test. NYSESLAT Proctoring training is provided to all proctors to administer the NYSESLAT. The testing coordinator plans the test dates and locations and proctors. Eligible students are identified through the RLER report on ATS. The testing plan is done accordingly to ensure students continue to receive their mandated minutes. All test groups start and end testing simultaneously.

A team of teachers who are ENL or Bilingual licensed scores NYSESLAT. First the teachers are trained how to score the NYSESLAT. They attend the District 30 NYSESLAT training sessions. Training and scoring materials are utilized for consistency between scorers. Norming is done by following student work samples in the Scoring guides. The ENL coordinator, Testing coordinator and ENL licensed teachers score the NYSESLAT. No one teacher is taken out of their program for the entire day so that the teachers can go back and continue teaching. We alternate the teachers who score.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

At PS 150Q, The School Implementation team (SIT) which consists of The ENL Coordinator, Testing Coordinator and Special Education Coordinator, Guidance Counsellor, School Psychologist, Assistant principal meet regularly throughout the year.
Student test accommodations are reviewed and adjusted regularly before the state assessments.
SESIS documents, IEPs and 504 plans and teacher recommendations are looked at to ensure the right accommodations and the setting for MLs/ELLs. The appropriate number of test booklets are ordered for each student that requires a test in students' home languages.
Interpreters are hired through NYC DOE translation services for low incident languages for the state tests.
Throughout the school year MLs/ELLs are also provided glossaries for ELA, Math, Science.
Specific locations are determined for students who require a separate location with a proctor that is a licensed pedagogue.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At PS 150Q an ELL Program Orientation to inform parents/guardians is held as soon as a student is identified as an ELL. These meetings aim to inform parents about the program options and goals. We offer these meetings at the beginning of every academic school year and when a new ELL is identified. Parents' availability is prioritized to schedule these meetings, therefore, we offer multiple sessions, whole groups and also one-on-one. We utilize DOE's translation service, over the phone interpretation service as well as school staff. Office staff also utilizes a device named 'Pocket Talk' translation device for families who speak low incident languages. At P.S. 150Q, ENL and Spanish Dual Language programs are offered. If families are interested in programs we do not currently offer, we keep a list of families interested in other programs. We also guide the families about which schools may offer the programs they are interested in. Both the ENL coordinator and the parent coordinator keep sign in sheets of meetings.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Individual family meetings are held regularly in addition to Parent-Teacher Conferences. The goal of these meetings is to gain insights into the learning needs of MLLs. Parents are informed about how the student is making progress in terms of language proficiency and language development. MLLs' performance in NYSESLAT and academic skills through content areas is analyzed. Parents are guided on how they can help their children. We suggest best strategies they could implement at home such as reading together, asking questions as they read and supporting their children with homework.

We have also created documents that show Targets of Measurement in grades K-6. These documents are translated into the majority of languages at PS 150Q: Spanish, Bengali, Chinese and Arabic. All these resources are gathered in the PS 150Q Google Drive for easy access. These resources are shared with the parents in addition to informing the parents about the language progress that the student has made. The ENL teacher conducts these interviews and gathers data and places a copy of the meeting documents in the ELL's cumulative folder.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Parent communication is dominantly established through the Class Dojo application in which parents have the ability to translate the messages into their languages. The School calendar as well as school notification letters are also translated into home languages such as Spanish and Bengali. Office staff also utilize a device named 'Pocket Talk' translation device for families who speak low incident languages. P.S. 150Q is blessed with a multilingual school staff who can assist with Turkish, Russian, Bengali, French, Spanish, Portuguese and Greek. i-Speak cards are available upon entrance to the building and the school's office. Parents are encouraged to get over the phone-interpretation help offered by DOE.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 150Q, parents take active roles in their children's education throughout the school year. Our school Parent coordinator and PTA work hand in hand in determining the needs of our school community through parent surveys and regular meetings. Also,
regular meetings with the principal throughout the year help determine the type of parent activities, workshops need to be held.
School Guidance Counsellors' workshops with parents allow to get to know the needs of the community and adjust the calendar of parent activities through the school year.
Parents as Learning partners are held during Fridays open school time when they are invited to visit classrooms.
Parents/Guardians have active roles in school leadership and parent association at Ps 150Q.
Parent coordinator works closely with families and holds meetings, workshops in which needs are analyzed and addressed.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Parent coordinator and school administration, PTA, SLT regularly meet throughout the school year. Leadership roles are announced beginning of every school year through multiple means.
Leadership positions in SLT, PA or CEC are communicated through school dojo, letters home or flyers. Parents are encouraged to apply.
School wide events such as movie- nights, school literacy and math nights, school shows are utilized to inform more parents to about these leadership positions.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We partner with Weil-Cornell University for Cooperative Extension Nutrition Workshops for our families.
-PS 150Q partnered up with Studio in schools, Chess in Schools, Museum of Moving Images, Theater Moves to provide students an engaging, interactive arts program. Our school takes part in City wide and district wide events such as District 30 Family Fun day, Mets Baseball Team for family baseball game night.
-Flyers and brochures to families on free English classes are provided by Sunnyside Community services, Queens Public Library to families who want to learn English.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

n/a

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Below are the trained pedagogues who are in charge of ELL identification process at PS 150Q.
Gulay Ucar - ENL teacher
Christine Wedlock- ENL Teacher
Laura Sherman - ENL Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Members of ELL identification team take turns administer a thorough ELL identification process as described in Reference Guide for MLs./ELLs.

When a student with IEP arrives, the school Psychologist Gabby Salazar and the SETTs teacher Nicole Kroski are invited to take part in the identification process. LTP process is initiated when the LPT need to make a determination whether the student should take the NYSITELL. Within 20 days a decision is made whether the student should take the NYSITELL.

ENL Teachers Gulay Ucar, Christine Wedlock and Laura Sherman take turns administering the ELL identification process so that ELLs and former ELLs continue to receive mandated instruction.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Carmen Parache

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Mariam	Cardona	Parent Coordinator - Annual		Y
Gulay	Ucar	Teacher - Regular Grades - ENL	10/30/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	6	0.95%	6	0.96%	0	0
BELORUSSIAN	2	0.32%	0	0.00%	1	1
BENGALI (BANGLA IN BANGLADESH)	20	3.17%	19	3.04%	2	2
BURMESE	2	0.32%	2	0.32%	0	0
CHINESE ANY	0	0.00%	2	0.32%	0	0
HINDI	0	0.00%	1	0.16%	1	1

JAPANESE	1	0.16%	1	0.16%	0	0
KOREAN	3	0.48%	4	0.64%	0	0
MONGOLIAN	3	0.48%	3	0.48%	0	0
NEPALI	4	0.63%	3	0.48%	0	0
ENGLISH	439	69.68%	434	68.33%	5	5
PORTUGUESE	1	0.16%	1	0.16%	1	1
RUSSIAN	4	0.63%	4	0.64%	1	1
SPANISH	134	21.21%	135	21.57%	3	3
TURKISH	11	1.75%	11	1.75%	1	1

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Calendars	School staff
Newsletters	School Staff/ NYC DOE Translation and Interpretation Unit
Parent Letters/Notices	School Staff, NYC DOE Translation and Interpretation Unit, Class-Dojo Translation Feature, NYC DOE Info Hub Translated letters
Field Trip Forms	School Staff / NYC Info Hub Translated documents
ELL Parent Letters	NYC Info Hub Multi Language Learners- translated letters
Emergency notifications	School Dojo application
Individual student related letters and notices (discipline, health, safety)	School staff, Info Hub Translated letters, Class Dojo, NYC DOE Translation and Interpretation Unit

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent	How do you plan to offer interpretation services? Please outline the procedures

workshops, PTCs)	and resources in place to ensure timely access to interpretation for parents.
Parent teacher conferences	School Staff, NYC DOE Over the phone translation service
ELL parent Annual meeting	School Staff , NYC DOE Over the phone translation service
Mandated ELL Parent workshops	School Staff , NYC DOE Over the phone translation service
Parent workshops	School Staff and School Staff, NYC DOE Over the phone translation service
School events (graduation, concerts, 5th grade dance, townhalls)	School Staff , NYC DOE's Translation and Interpretation Service
EIP meetings	School Staff , NYC DOE's Translation and Interpretation Service

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

During school wide emergencies BRT members, usually the principal and the assistant principal, send messages through the school Dojo. The application has a built in translation feature. Parents can translate the message into their preferred language for communication. We also use over the phone communication for individual student emergencies related to health, safety and discipline.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At PS 150Q, The Parent coordinator, Mariam Cardona and the ENL Coordinator/teacher, Gulay Ucar are the assigned and Language Access Coordinators. They attend the regular annual meetings offered by NYC DOE's Office of Language access (OLA). They disseminate information that is on monthly Language Access Monthly newsletters to all school community . Parents are informed about annual workshops held by OLA. P.S. Invitations to 2024-2025 school year OLA events at the intrepid Museum and Spring 2025 Family Engagement and Language Access Empowerment Fair have been shared with the school community.

PS 150Q LAC coordinators turnkey training on language access to all staff members during weekly professional time. Parent's Guide to Language Access is given out to the office staff. A training is conducted implementing the procedures set forth in the guide to help determine parents' preferred language by the Language Access Coordinator.

Chancellor's Regulation A-663 is given to all staff at the beginning of every school year.
Over-the-Phone Interpretation Desk Aid numbers are distributed to all the staff and posted in central locations such as the school's office and the lobby. NYC DOE's T&I Unit Info-Hub Link is shared by all staff.
A copy of the Language Access Handbook is placed in the Parent coordinator's and LAC's offices
'I Speak' cards are displayed in the lobby of the school as well as the parent coordinator's room. We have these charts available in the school's office as well as the lobby. Safety Agents have access to 'I speak' cards and they are informed about how to utilize the cards for Limited English Proficient visitors to the school. An internal letter will be sent to school staff twice a year reminding them of their responsibility to communicate with parents twice a year, and what resources are available.
We keep a list of bilingual staff. Every year send a survey to all staff in order to identify the languages spoken and if they would like to volunteer to translate may there be a need.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

At P.S. 150Q an explicit effort is made that our parents are aware of their right to request translation and interpretation services. Therefore, a clear display of signs and posters are present where parents visit the most often.
First of all, 'I speak' signage is displayed next to the school's buzzer at the school gate. Also, upon entrance to the PS 150Q school building , where the school safety is located a large poster of 'I speak' signage and translation services is displayed.
Upon arrival at the school's office ,on the counter the signage for 'I-speak' and translation services is displayed.
The parent coordinator's room has multiple copies of I speak cards that parent can use when they need translation and interpretation services.

During PTA meetings or school events such as graduation, school dance, school leadership team meetings, parent workshops, PS 150Q Culture night parents are reminded and made aware of their right to request translation and interpretation services.
Parents are asked and shown the portable I Speak signage when needs arise.

Through our school dojo messaging application we inform the parents of this right. The application itself has a built in translation feature in which parents can translate any message to their preferred language.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

105

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

1

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

n/a

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

P.S. 150Q will offer a Title III after school program for ELLs in November13th, 2025 and ending in February12th, 2026. The program will meet for 90 minutes on Wednesdays and Thursdays from 2:30 p.m. to 4:00 p.m. for 14 weeks.

The NYSITELL, NYSESLAT results, EDUR Data, Furby tool and the ELA assessments have been used to determine the needs of the English Language Learners for instructional planning and the selection of materials for P.S. 150Q ENL After School Program.

2025 Sprint EDAT Data, EDUR reports, NYSESLAT, performance and ELA test scores were analyzed. It was determined that the focus for support must be on literacy, academic language and vocabulary with a strong emphasis on Hallmarks of Literacy.

The program is offered to English Language Learners in grades K-5 who are at entering, emergent, transitioning and expanding language proficiency levels. The purpose of the program is to increase and enhance the academic skills of ELLs with explicit emphasis on language development and vocabulary. Hallmarks of Literacy (a variety of rich texts, emphasis on academic discussions, writing to build language and content and high-utility vocabulary) will be the basis of instruction and planning.

ELLs in grades K-5 will be grouped based on their grade band and language proficiency. There will be 5 classes in total. The program will serve around 75 ELLs from Kindergarten to 5th grade.

Some of the subgroups this program will serve are newcomers, developing ELLs, ELLs with disabilities and long term ELLs. We will have one kindergarten, one 1st grade, one 2nd grade, one 3rd grade, one 4th, 5th grade groups. Class size will be 15 students. Pre, and post assessments will be given to monitor student progress and needs.
Adjustments to lesson plans will be made based on the pre and post tests.
Supplemental materials that are distinct from regular school day instruction will be used.
'From Phonics to Reading' by Wiley Blevins series will be used for instruction. Currently as of October 2025 EDUR shows newcomers make up the 80% of the ELL population at PS 150Q. Data from Furby, NYSITELL, NYSESLAT shows that there is a strong need for phonics instruction, especially in grades K-2 . In addition, data shows that instruction that targets writing about reading will benefit ELLs in grades 3, 4, 5.
Continentals Picture Dictionaries will be used to supplement the program for Entering, Emerging and Newcomer ELLs.

Academic vocabulary, reading, writing and language development will be the focus of the after school program. The instruction is differentiated by design in which leveled texts, visuals, sentence frames for complex academic language, graphic organizers, incorporation of multiple modalities, and audio CDs are some of the many scaffolds that the teachers will utilize.
ENL After School at P.S. 150Q also aims to equip ELLs with literacy skills that will help them meet the expectations for the NYSESLAT. To enrich the program students will have a 45 minute session per week in the computer lab where they can utilize literacy websites such as I-ready, Starfall. Students will be able to use I-ready at home.
Attendance and student data will be kept in a folder, and the program will be supervised by Ms.Meizlik and Ms.

Bostic, the assistant principal. There will be no cost to this program as other funds are used for supervision per session.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The NYSITELL, Acadience, NYSESLAT results, Monthly EDUR Data and the ELA assessments have been used to determine the needs of the English Language Learners for an English after school Program at PS150Q. Instructional planning and the selection of materials have been done accordingly. 2025 Spring EDAT, Furby tool, NYSESLAT performance and ELA test scores, current I-ready performance were analyzed. Also, we take into consideration the grade specific expectations, students' prior schooling, home language assessments. Therefore, we concluded that the focus for support must be on literacy, phonics, reading skills, academic language and vocabulary with a strong emphasis on Hallmarks of Literacy: engaging texts, rich discussions and writing across content. We also have a high percentage of newcomers who have been in US schools between 0 to 3 years. Spring 24 EDAT shows that the percentage of newcomers is 80%. Some newcomer ELLs demonstrated that they will benefit from a small group instruction aimed to develop foundational skills. Therefore, our after school program is designed with these considerations so that our English language learners develop both social English and Academic English. The program's goal is to provide instruction that aims to incorporate four language skills: listening, speaking, reading and writing and academic vocabulary and language. Instruction for early foundational skills for reading, writing, phonics is required. Therefore, we designed our after school program instruction that will build strong academic language skills.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

ELLs in grades K-5 are grouped based on their grade band and language proficiency. There will be 5 classes in total. The program will serve around 75 ELLs from Kindergarten to 5th grade. Some of the subgroups this program will serve are newcomers, developing ELLs, ELLs with disabilities and long term ELLs. We will have one kindergarten, one 1st grade, one 2nd grade, one 3rd grade one 4th & 5th grade after school groups. We will give priority to ELLs who are at entering, emergent and transitioning English language proficiency levels. Class size is around 15 students.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

P.S. 150Q will offer a Title III after school program for ELLs inNovember13th, 2025 and ending in February 12th, 2026. The program will meet for 90 minutes on Tuesdays and Thursdays from 2:30 p.m. to 4:00 p.m. for 14 weeks.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of Instruction is English.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

4 general education certified and 1 Bilingual certified teachers who also hold general education certifications will provide instruction in English in the ENL after school. These were the certifications of teachers at our school who applied to teach the program.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**

- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Supplemental materials that are distinct from regular school day instruction will be used.
'From Phonics to Reading' by Wiley Blevins series will be used. The program focuses on foundational skills for phonics, word knowledge, vocabulary, reading and writing about reading.
Spring 2025 EDAT shows that newcomers make up the 80% of the ELL population at PS 150Q. Data from Furby Tool, NYSITELL, NYSESLAT shows that there is a strong need for phonics instruction, especially in grades K-2 .In addition, data shows that instruction that targets writing about reading will benefit ELLs in grades 3, 4, 5.

Continentals Picture Dictionaries will be used to supplement the program for Entering, Emerging and Newcomer ELLs.

The instruction is differentiated by design in which leveled texts, visuals, sentence frames for complex academic language, graphic organizers, incorporation of multiple modalities are some of the many scaffolds teachers will utilize. ENL After School at PS 150Q also aims to equip ELLs with literacy skills such as writing about reading that will help them meet the expectations for the NYSESLAT.
Students will be able to use I-ready at home.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

ELL after school invitations letters sent home are kept in ELL documents binder. A tracking form who accepted and who rejected to attend the program is also kept for records.
Teachers take regular attendance and school office staff keep a record of attendance .
A copy of the attendance for the program is collected and kept in the ENL binder.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

-Looking at ENL Progressions and planning: Teachers of ELLs expressed a need to explore strategies to scaffold and differentiate lessons for Entering and Emerging ELLs. All teachers working with ELLs will be invited to attend professional development sessions on how to utilize ENL progressions to plan lessons that will cater to the needs of Entering and Emerging ELLs. The ENL progressions for different modalities are used as models for differentiating instructions for students who are at early stages of language acquisition. Teachers will discuss how to scaffold HMH units for entering and emerging ELLs.

-Analyzing Furby Tool: and next steps, best ENL routines to boost academic reading and writing: teachers will look at student performance on NYSESLAT and determine areas of need and share best daily ENL instructional routines.

-Looking at summative assessments (NY state tests) for ELLs and ELLs with special needs: Teachers will do an item analysis to determine the ELA and Math Standards that ELLs need the most help with. They will make a list of teaching strategies that could be implemented throughout the school year that will foster the skills necessary to meet the standards.

The ENL teacher Gulay Ucar, Assistant Principals Ms. Bostic and Ms. Meizlik provide the PDs.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Our school data shows that 80% of all ELLs at PS150Q are at entering and emerging levels. Therefore, this constitutes a need for explicit teaching for learners at early states of language acquisition. NYSITELL, NYSESLAT performance, Acadience, I-Ready assessments also indicate that majority of ELLs at PS150Q will benefit from instruction geared towards developing foundational academic skills.

During grade meetings, ELL teacher meetings and Teacher surveys, PS 150Q teachers indicated that they will benefit from looking at ELL data closely and sharing and planning for best ENL strategies. Therefore, Professional development for progressions, looking at ELL data and sharing best practices will be useful PDs for any teacher who work with ELLs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers teaching the After school Program receive the training. We hold staff development sessions for all school faculty about how to better address the needs of newly-arrived students and families. All teachers teaching in the after school program are invited to attend these PDs. Teacher PD sessions are held remotely or in person on Mondays after school hours for one hour.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Teacher PD sessions will be offered in person between September, 2025 and May, 2026 every Monday after school from 2:20 - 3:20 p.m.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

-Looking at ENL Progressions and planning: Teachers of ELLs expressed a need to explore strategies to scaffold and differentiate lessons for Entering and Emerging ELLs. All teachers working with ELLs will be invited to attend professional development sessions on how to utilize ENL progressions to plan lessons that will cater to the needs of Entering and Emerging ELLs. The ENL progressions for different modalities are used as models for differentiating instructions for students who are at early stages of language acquisition. Teachers will discuss how to scaffold HMH

units for entering and emerging ELLs.

-Analyzing Furby Tool: and next steps, best ENL routines to boost academic reading and writing: teachers will look at student performance on NYSESLAT and determine areas of need and share best daily ENL instructional routines.

-Looking at summative assessments (NY state tests) for ELLs and ELLs with special needs: Teachers will do an item analysis to determine the ELA and Math Standards that ELLs need the most help with. They will make a list of teaching strategies that could be implemented throughout the school year that will foster the skills necessary to meet the standards.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The ENL teacher Gulay Ucar, Assistant Principal Ms. Bostic and Ms. Meizlik will be providing the PDs.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

We keep PD sign in sheets for all teacher who attend and the records are kept in the schools Drive as well as a hard copy.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

We value ELL parent engagement to a great extent. We strongly believe that the success of the program relies on how well parents collaborate with the school during Title III programs. In our school meetings and grade meetings, all teachers of ELLs expressed that the parents of the ELLs they have in their classrooms value education to a great deal, however, the parents have expressed a need for guidance on how to help their students. Also, during our mandated ELL parent meetings parents stated they would benefit from workshops about helping their children. Therefore, during our ELL teacher meetings, teachers of ELLs decided that such workshops will be useful. We believe that there should be an ongoing and clear communication between home and school. There are also monthly meetings that the administration holds with parents, and parents are also on SLT. All workshops are decided by the input that is generated during these various meetings. Therefore, we begin by sending a letter to parents explaining the goals and the duration of the workshop which is posted on Classroom Dojo. The parent coordinator also arranges a variety of parent workshops to inform parents of academic requirements and regulations. In order to keep ELL parents involved, we offer multiple opportunities for parents to monitor and celebrate their child's progress. Our School guidance also offers a variety of parent workshops on Social and Development of Children and Parenting on Anti-bullying , Using Social Media safely and well , Dangers of excessive gaming, Beating Procrastination . A variety of other parent workshops are offered at PS 150Q. This year we partnered with Weil-Cornell University for a nutrition workshop for families, Workshops are offered remotely and in person. Some examples of the workshops that are being offered to all parents including the ELL parents are: Technology workshops (setting DOE student accounts, using Google Classroom and Drive, Using Clever, etc.) , ELA State Test Parent Workshops, How to Help your Child Develop Academic Language and Vocabulary. In addition, we will have the following parent sessions to inform ELL parents about language development:

-How to Help Your Child at Home with Academic Skills
-Language Acquisition and How to Support Your Child at Home
-i-Ready: How to Monitor Progress at Home and Help Your Child'.
-Phonics Support- Helping your child with Phonics
-Family Math and Literacy Nights
-Book of the month Parent workshop
-PJ Read Aloud

Information is sent home regarding monthly units of study and other activities in the school in English as well as the parent's home language. The Language coordinator arranges translation and interpretation services information to

the parents. Our evening programs are generally one hour in duration. Parents are notified via flyers, parent letters in their home language (when available), the school website, school calendar as well as the Class Dojo application.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

We value ELL parent engagement to a great extent. We strongly believe that the success of the program relies on how well parents collaborate with the school during the school year and as well as during Tittle III programs. In our school meetings and grade meetings all teachers of ELLs expressed that the parents of the ELLs they have in their classrooms value education to a great deal, however, the parents have expressed a need for guidance on how to help their students. Also, during our mandated ELL parent meetings, parents stated they would benefit from workshops about helping their children. Therefore, during our ELL teacher meetings, teachers of ELLs decided that such workshops will be useful. We believe that there should be an ongoing and clear communication between home and school. These workshops are offered remotely and in person during and after school hours in the evening. In the past, workshop attendance has shown to be preferred during these times.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Workshop dates: November 2025, January 2026 and February 2026 . The sessions will be 1 hour.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Our School guidance also offers a variety of parent workshops on Social and Development of Children and Parenting such as Anti-bullying Workshop, 'Using Social Media safely and well'. A variety of other parent workshops are offered at PS 150Q. These workshops will be offered remotely as well as in person. Some workshops

that are being offered to all parents including the ELL parents are: Technology workshops (setting DOE student accounts, using Google Classroom and Drive, Using Clever), ELA State Test Parent Workshops and How to Help your child Develop Academic Language and Vocabulary.

-How to Help Your Child at Home with Academic Skills
-Language Acquisition and How to Support Your Child at Home
-i-Ready: How to Monitor Progress at Home and Help Your Child'.
-Phonics Support- Helping your child with Phonics
-Family Math and Literacy Nights
-Book of the month Parent workshop: higher order thinking skills and learning new words
-PJ Read Aloud: model read Alouds

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Guidance Counsellors: Elizabeth Alvarez, Mark Desilas, Amanda Klatch
Technology Teacher: Al Agron
ENL teacher: Gulay Ucar
Assistant Principals: Erin Meizlik, Naikia Bostic

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Information is sent home regarding monthly units of study and other activities in the school in English as well as the parent's home language. The Language Coordinator arranges translation and interpretation services information to the parents. Our evening programs are generally one hour in duration. Parents are notified via flyers, parent letters in their home language (when available), the school calendar as well as the Class Dojo application. The class Dojo application calendar feature lists all the upcoming and past activities with notifications.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Parent sign in sheets and fliers, presentations and any materials for parent engagement are kept in schools google drive. Hard copies of these documents are also kept in ELL documents binder as well as Parent Coordinator's parent engagement activities binder.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

n/a

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

3

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The program will take place after school on Tuesdays and Thursdays from 2:30 p.m. to 4:00 p.m.
Students will be grouped by language proficiency levels.
There will be a Kindergarten group, a group of first and second grade newcomer students and a third group of newcomers for grades 3-5.
Each group will have around 15 students.
ENL or Bilingual licensed teachers will teach the groups.
All learning activities will involve four language skills : Listening, Speaking, Reading and Writing both for BICS and CALP.
There will be a strong emphasis for learning vocabulary and phonics.
Students will work as a whole group and in small groups.

Online platforms such as I-ready and Brain Pop, starfall will be used as extra supports.
The program will be supervised by the assistant Principal Ms. Meizlik and Ms. Bostic.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Our school has been receiving immigrant students on an ongoing basis. We have welcomed 45 students who scored at Entering level on NYSITELL. All of these students are newcomers. All these students have been in the US schools less than 3 years.
Data from RPOB, RLAT report, Furby Tool, EDAT, NYSITELL and NYSESLAT was utilized to identify students for this program. 2025 November EDUR data shows that 37 students scored Emerging and Entering level and 24 students scored at Transitioning level. I-ready data shows that a majority of these students are performing below the grade.

Instruction targeting foundational literacy skills for phonemic awareness and reading comprehension will be implemented during the after school program. Data from FURBY tool shows that the targeted group of students need speaking and listening skills to communicate socially and academically. Their writing work samples show that they are able to write single words or phrases. Majority of the immigrant students are reading below grade level or non-readers in their home language. An after school program that targets four language skills both for social language (BICS) and academic language (CALP) will be offered to address the needs of our immigrant students who are at Entering and Emerging Levels of English Language Proficiency.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

A total of 45 students from K to 5 will be served.
Students that will be served are newcomers at Entering level and some are SIFE.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The program will begin February 26, 2026 and will end May 28th, 2026. It will be on Tuesdays and Thursdays from 2:30 p.m. p.m. to 4:00 p.m. for 90 minutes.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

English is the language of instruction. Students are also provided English and Spanish bilingual dictionaries. Students also utilize google translation tool.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

2 ESOL licensed teachers
1 Bilingual

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

'From Phonics to Reading' by Wiley Blevins, Language Power Series from Teacher Created Materials, 'On our way to reading' by Continental and I-ready computer program will be used. These materials are distinct from the materials used during the regular school day.
The materials are stored in bins in each classroom where the after school takes place.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Letters are sent home to inform the parents and copies of letters (accepted/rejected) are kept in the ENL records binder.

Attendance is taken daily on the school drive and hard copies are kept.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The Professional Development titles are:

-Furby tool: Using the Furby tool to look at how students have been performing on NYSESLAT to design instruction that will help improve academic language skills.

-Looking at the school summative assessment data: (NY STATE TESTS) Areas of Strength and Improvement. and Next steps

-District 30 ELL Liaison Meeting (Turnkey)- Session notes are shared in common ELL& Bilingual teachers meeting throughout the year.

- Looking at the ENL progressions and writing language objectives.

Teachers are also offered to attend attend Professional Development sessions at Fordham RBERN, district 30 and HMH workshops.
Mondays are utilized for professional development on various topics such as small group instruction for phonics, writing scaffolds for Entering and Emerging ELLs.

These PDs will be at no cost to Title III.

Rationale for Professional Development
Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

NYSITELL results, NYSESLAT scores (Furby Tool & RLAT) show a high number of newcomer ELLs: 43 ELLs at Entering level.
Weekly grade meetings, Teacher PD surveys, Monday PD sessions were utilized to decide on the type of PDs.

In addition to in house professional development sessions, teachers are also informed and encouraged to attend PDs for entering and emerging ELLs/newcomers at Fordham RBern, NYCITY Learn, UFT.
.
The PD on analyzing the Furby tool to track student progress and plan targeted instruction will benefit of teachers of ELL at PS 150Q.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers who will teach the program will be offered to attend ongoing professional PD.
These PDs will be held during Monday PD time so it will be at no cost.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Furby tool -to look at how students have been performing on NYSESLAT to design instruction
 that will help improve certain language skills. 2/26/2025 - 1 hour

Writing Language objectives using targets of measurement- December 2025-1 hour

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Furby tool-to look at how students have been performing on NYSESLAT to design instruction that will help improve certain language skills. Identify areas of strength and areas for improvement.
Designing routines that will build proficiency in language skills over time.

Writing language objectives for newcomer students using Targets of measurement.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

-Furby tool: Using the Furby tool to look at how students have been performing on NYSESLAT to design instruction that will help improve academic language skills. - Ms. Ucar & Ms. Wedlock : ENL Service Providers

-Looking at the school summative assessment data: (NY STATE TESTS) Areas of Strength and Improvement. and Next steps: Ms. Meizlik- Assistant Principal

-District 30 ELL Liaison Meeting (Turnkey)- Session notes are shared in common ELL& Bilingual teachers meeting throughout the year.
Ms. Wedlock& Ms. Ucar

- Looking at the ENL progressions and writing language objectives for ELLs.: Ms. Ucar & Ms. Wedlock

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

PD sign in sheets are kept online on the school's Google drive.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

We begin by sending a letter to parents explaining the goals of the program and the duration of the program. The parent
coordinator will also arrange a variety of parent workshops to inform parents of academic requirements and regulations.
We offer a series of workshops to our newcomer parents such as 'how to help your child improve reading, math skills'. How to help your child improve their academic English'. 'How to monitor your child's time online.'
With' Culture Day' and 'International Food Night', we welcome all new families to our school community.
We have family movie nights, spring festival and end of year celebrations where all families are welcome to attend.
All families of immigrant students are invited to partake in monthly publishing celebrations in all classrooms. We have meetings to inform parents of testing expectations. There will be evening family activities that promote math, literacy, science and art skills. Parents are notified via flyers, parent letters in their home language (when available), the school website, and calendar and online media such as Class Dojo and Facebook. Parents of immigrant students are encouraged to become a member of the parent teacher association and the School Leadership Team.
Information is sent home regarding monthly units of study and other activities in the school in English as well as the parent's
home language. Class dojo is utilized for communication between school and home which allows parents to translate messages into their home languages. Monthly calendars are sent home about all school activities.
Language coordinator and language center is established to provide information about translation and interpretation services
available to parents. These activities will be at no cost to Title III.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and

- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Our parent coordinator and PTA surveys families about topics they would like workshops about. They send class dojo messages, google forms for surveys.
Class dojo is utilized for all kinds of communication. Parent teacher conferences and teacher observations of child's acclimation to school are great resources for all kinds of parent engagement activities that may further support our immigrant families.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Our school calendar has a workshop every week on a variety of topics for parents. Some examples are:

How to help your child to learn more academic English at home. November 27, 2025- 1hour

Family Literacy Night January 2026 -2 hours.

HMH Literacy Parent Workshop January 2026 - 1 hour

Math Night - March 2026- 2 hours

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

How to help your child to learn more academic English at home. November 27, 2024- 1hour: Parents will explore ways to help their children develop language skills that will boost academic language. They will watch a demonstration of reading books together. They will be provided various tools and online resources to help their child.

Family Literacy Night J:: Families and students engage in various literacy activities, games together.

HMH Literacy Parent Workshop : Parents will explore HMH curriculum and family connections.

Math Night: Families and students engage in various math activities, games.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

How to help your child to learn more academic English at home. February 2025 1 session 1 hour- Ms. Ucar & Ms. Wedlock

Family Literacy Night January 28, 2025 -2 hours.- Ms. Meizlik Assistant Principal & School staff

HMH Literacy Parent Workshop January 24th, 2025 - Ms. Bostic, Assistant Principal & School Staff

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Class dojo application, flyers and letters home are the formats to inform families about these activities.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Parents sign in sheets are kept in the Parent coordinator's parent engagement binder.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
