Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 212

District Borough Number (DBN):

30Q212

Grades Served:

Pre K - 5

School Address:

34-25 82nd Street, Jackson Heights, NY 11372

Phone Number:

718-898-6973

Fax:

718-898-7068

School Contact Person:

Laura Curry

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Laura Curry	Principal or Designee*	
Alyssa Delsoldato	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Farzana Mollah	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
Grace De Pena	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Karla Lorenzana	Member, UFT Teacher	
Jenny Gonzalez	Member, UFT Teacher	
Lucia Nicotra-Rizzo	Member, DC 37	
Linda Leung Chung	Designated Co-President, Member, Parent	
Michael Torpey	Member, Parent	
Gloria Contreras	Member, Parent	
Peter Kuan	Member, Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission:
P.S. 212 Queens provides all our students with a strong educational foundation in a safe, diverse, and inclusive environment. All our students are accepted and appreciated. All our students have equitable opportunities to grow as learners. We believe the partnership between home and school helps students develop confidence and a love of learning that lasts a lifetime. Our mission at P.S. 212 Queens is to ensure that each student is on a pathway to success, equipped to be a positive force for change.

We believe in addressing equity issues at all levels. We have developed equity objectives to meet the needs of all learners in our school community.
Equity Goal Objective 1 - Develop relationships that support and foster social, emotional, and academic needs to ensure individual student success.
Equity Goal Objective 2 - Create procedures to eliminate barriers so that all students can participate and experience success in high quality curricular and extracurricular programs.
Equity Goal Objective 3 - To develop cultural competence that results in equity for students.

Vision:
Everyone grows!

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Located in one of the most culturally diverse neighborhoods in New York, PS 212Q proudly serves 560 students in grades Pre-K-5. Our student demographics are Hispanic or Latinx: 64%, Asian: 24%, White: 10%, Black: 1%, Native American and Native Hawaiian/Pacific Islander: <1%. 23% of our student population are English language learners and 24% are Students with disabilities. Our students are equally represented at Female: 50% and Male: 50%. As a school community, we work hard to build strong ties and acceptance within and across cultures by knowing that our experiences, languages, and relationships create a vibrant environment where quality learning happens.

We pride ourselves on providing all students with a welcoming, positive, affirming, and supportive environment. We prioritize increasing and strengthening student achievement by having quality core instruction combined with a robust intervention team. We have a full time social worker and school counselor to provide resources and support to families, students, and staff. We have aligned our social-emotional learning (SEL) to address competencies such as self-awareness, social awareness, relationship skills, and personal responsibility. We utilize the Sanford Harmony SEL program in conjunction with the Habits of Mind and Brain Power Wellness which supports physical health

through mindfulness and exercises to improve focus.

P.S. 212Q is committed to bringing arts into our school community. We have a full time visual arts teacher and general music teacher. Students participate in a wide variety of arts residencies for visual arts, music, dance, and theater. Residencies provide opportunities for cultural exploration and enhance our students' experience. Our partners: Flushing Town Hall, CUNY CASA, Flamenco Latino, S'cool Sounds, Arts Connection, Mr. W. Hip-Hop, and Studio in a School.

With an active Student Council, PS212Q has amplified student voice and choice, inviting students across grade levels to meet each week to discuss important issues and school wide improvement initiatives.

P.S. 212Q has two Pre-Kindergarten classes. These students will experience a high-quality Pre-K education by participating in literacy, mathematics, technology, Sanford Harmony, mindfulness, and creative arts. Through play they learn about the world around them.

P.S. 212Q is proud of our Spanish-English Dual Language program, offered in kindergarten through fifth grade. In these classes, students are instructed 50% of the time in English and 50% of the time in Spanish. Our goal is for all students in this program to become fully bilingual, biliterate, and bicultural. Partnering up with CUNYIIE allows us to have a better understanding of immigrant origin students, as we explore best practices that are aligned with current research.

P.S. 212Q continues to foster the collegiality and professional development of its staff. We pride ourselves on having collaborative teachers who work closely together to design strong instructional and social-emotional lessons for all students. Teachers meet to plan instruction that is coherent and rigorous. We utilize Google Suite for teachers to share plans and ideas to use in each classroom. New staff raves about the incredible amount of support they receive from their administration, grade level colleagues, our UFT Teacher Center and certified mentors.

Keeping students at the center of our work is at the heart of our educational philosophy. Using the Habits of Mind framework, PS212Q is a school that supports lifelong practices for academic success. All staff members are committed to creating a caring school environment that fosters belonging and values students of all backgrounds. With a promise to remain open to continuous learning, "Everyone grows at P.S. 212Q!"

Briefly summarize the key initiatives your school will implement this school year.

PS 212Q will continue to build capacity in our classroom and intervention teachers in the NYC Reads initiative by providing teacher workshops in best practices in the science of reading. We will also be working with our teachers on the NYC Solves initiative in providing professional learning opportunities in the areas of Math Talks/Number Talks and Productive Struggle to further develop student's problem solving skills.
Additionally, we will continue to expand our Civics for AI initiative in grades K through 5.
The students truly are at the center of every decision at PS 212Q, we are working on aligning the Harmony SEL curriculum, with Habits of Mind and NYS Standards for Social-Emotional Development to the NYS Learning Standards for ELA and our new reading program HMH Into Reading. We are focusing on the science of reading (a vast, interdisciplinary body of scientifically-based research about reading and issues related to reading and writing).
Our comprehensive math curriculum is aligns next generation standards to modern skills our children need to possess for college and career readiness. Our Envisions 2020 math program intertwines math concepts that are engaging and relevant.
Our team will work to launch a PBIS program for the 25-26 schoolyear to reduce OORS infractions and build and develop all students' social-emotional skills.
Student benchmark progress data is collected three times per year September/October, January/February, and May/June. This data is provided to parents via the New York Schools Account. Goals are for all students in increase

in English Language Arts and Mathematics proficiency as a grade level by 5% and English Language Learners and Students with IEPs by 8%.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	Virtual Lessons for students to view asynchronously. AMIRA Waggle Writeable
Math	K-5	Envisions 2020	Provide online math manipulatives; online videos to support instruction; textbook pages available online
ELA	K-2	Heggerty Phonemic Awareness English/Spanish	Fluency instruction
ELA	K-3	Fundations/FunHub	Videos; Online titles for students to manipulate for Fundations work in phonemic awareness and phonological awareness
ELA	K-5	Literacy Footprints	Provide students with online resources texts for guided reading
Spanish Language Arts	K-1	Estrellita	Spanish Phonics for Dual Language
Spanish Language Arts	K-5	Arriba de Lectura Spanish	Provide students with online resources; leveled text; online instruction videos and songs Spanish
ELA-Supplemental	K-5	NewsELA	Provide students with current events on various reading levels to allow all students to access texts
ELA-Supplemental	K-5	BrainPop, BrainPop Jr. and BrainPop ESL	Provide students with videos within Social Studies and Science content
Math	K-5	Zearn	Provides online access to targeted lessons in mathematics
Math	K-5	XtraMath	Additional support in numeracy fluency through games in all Math standards

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
K-2 Acadience 2025	Phonemic Awareness 49% of students in grades K-2 need additional support in PSF (Phoneme Segmentation Fluency) and NWF (Nonsense Word Fluency)	Explicit instruction in blending and segmenting sounds and words
3-5 iReady 2025	Vocabulary development 61% of students in grades 3-5 need additional support in this area	Explicit instruction in vocabulary development
3-5 NYS Exams in ELA 2025	Writing to sources 39% of students in grades 3-5 need additional support in this area	Explicit instruction in response to literary questions in writing

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	59	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 59 to 64, of percentage of students scoring at or above proficiency on the K-2 Acadience and 3-5 iReady ELA. Additionally our ELLs and SWIEPs will achieve 8% growth.
English Language Learners (ELL)	13	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 8% Increase, from 13 to 21, of percentage of students scoring at or above proficiency on the Acadience grades K-2 and iReady grades 3-5.
Students with Disabilities (SWD)	13	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 8% Increase, from 13 to 21, of percentage of students scoring at or above proficiency on the Acadience grades K-2 and iReady grades 3-5.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Key Strategy 1 = We will examine student ELA data. Acadience for K-2 and MAZE Acadience and iReady for 3-5- Teachers will identify the area of need for their students.
Teachers will provide direct instruction in phonological awareness, phonics rules, syllabication, and morphology appropriate for grade level.

This action plan outlines a comprehensive strategy for bolstering literacy instruction across kindergarten through fifth grade, with a strong emphasis on foundational skills in the early grades and advanced comprehension and writing in the upper grades. Our approach is deeply rooted in the Science of Reading, prioritizing explicit, systematic, and cumulative instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension. This plan is fully aligned with the NYC Reads initiative, ensuring our students receive the high-quality, evidence-based literacy education they deserve to become proficient readers and writers.
Part 1: Grades K-2 - Phonemic Awareness and Foundational Skills
Goal: To establish a strong foundation in phonemic awareness, phonics, and early literacy skills, ensuring all students develop into confident and decoding-capable readers.
Core Curricula: Fundations (Wilson Language Training), Heggerty Phonemic Awareness, HMH into Reading with Waggle.
A. Instructional Framework & Curriculum Integration
1. Fundations (K-2):
o Implementation: Daily 20-30 minute dedicated block for explicit, systematic phonics instruction. This includes letter-sound correspondence, decoding, encoding, handwriting, and high-frequency word recognition.
o Focus: Direct instruction in phonological awareness (beyond phonemic awareness, as Fundations embeds this), phonics rules, syllabication, and morphology appropriate for grade level.
o Grouping: Primarily whole-group instruction, with opportunities for small-group re-teaching and extension based on progress monitoring data.
2. Heggerty Phonemic Awareness (K-2):
o Implementation: Daily 10-12 minute supplemental routine, ideally at the start of the Fundations block or reading instruction.
o Focus: Deliberate and engaging activities targeting specific phonemic awareness skills (e.g., blending, segmenting, manipulating sounds) across a continuum of difficulty.
o Integration: Heggerty routines will explicitly connect to the letter sounds and decoding patterns introduced in Fundations.

3. HMH into Reading with Waggle (K-2):
o Implementation: Used as the core reading program for comprehensive literacy development, including comprehension strategies, vocabulary acquisition, and fluency practice. Waggle will provide differentiated practice and independent learning opportunities.
o Focus: Building background knowledge, developing vocabulary, teaching comprehension strategies, and providing opportunities for applying decoding skills learned in Fundations within authentic texts.
o Differentiation: Teachers will utilize Waggle's adaptive features to provide individualized practice paths for students, reinforcing skills or providing enrichment. Small groups will focus on targeted skills identified through HMH and Fundations assessments.
B. Progress Monitoring & Data-Driven Instruction
1. Formal Assessments:
o Fundations Unit Assessments: Administered at the end of each unit to track mastery of phonics skills, high-frequency words, and encoding.
o Heggerty Informal Assessments: Teachers will use the embedded assessment opportunities within Heggerty to gauge student progress in phonemic awareness.
o HMH Benchmarks & Unit Assessments: Administered periodically to measure reading comprehension, vocabulary, and fluency progress.
o Acadience screener: Administered three times a year (Fall, Winter, Spring) to monitor key early literacy indicators (e.g., First Sound Fluency, Phoneme Segmentation Fluency, Nonsense Word Fluency, Oral Reading Fluency).
2. Informal Monitoring:
o Observation: Teachers will continuously observe student participation and performance during whole-group and small-group activities.
o Formative Checks: Quick checks for understanding during daily lessons.
3. Data Analysis & Action:
o Tri-Annual Data Meetings: Teams will meet after each universal screening window (Fall, Winter, Spring) to analyze Acadience, Fundations, and HMH data.
o Bi-Weekly Grade-Level Meetings: Teachers will discuss student progress based on unit assessments and daily observations to adjust instructional groups and differentiate support.
o Intervention Planning: Students identified with significant deficits will receive targeted small-group intervention, supplementing core instruction. This may include additional Fundations lessons, more intensive Heggerty practice, or specialized phonological awareness interventions.
C. Alignment to NYC Reads Initiative & Science of Reading
• Explicit Phonics: Fundations provides the systematic and explicit phonics instruction required by the Science of Reading.
• Phonemic Awareness: Heggerty directly addresses the critical role of phonemic awareness as a predictor of reading success.
• Decodable Texts: Fundations incorporates decodable texts that align with phonics instruction, allowing students to apply newly learned skills. HMH also includes decodable texts where appropriate.
• Comprehensive Literacy: HMH with Waggle supports vocabulary, background knowledge, and comprehension strategies, creating a balanced literacy approach informed by research.
• Diagnostic Assessment: Regular progress monitoring tools (Acadience) enable early identification of learning gaps and inform targeted interventions, a cornerstone of evidence-based practice.
• Structured Literacy: The combined use of Fundations and Heggerty embodies the principles of structured literacy, which is highly effective for all learners, especially those with dyslexia or reading difficulties.
Part 2: Grades 3-5 - Reading Comprehension and Advanced Literacy Skills
Goal: To deepen reading comprehension, foster critical thinking, develop strong writing skills, and prepare students for rigorous academic texts.
Core Curricula: HMH into Reading with Waggle, Writeable, iReady Individualized Pathway, Rally Test Preparation for ELA.
A. Instructional Framework & Curriculum Integration
1. HMH into Reading with Waggle (3-5):

o Implementation: Continues as the core comprehensive reading program, focusing on advanced comprehension strategies (e.g., inferencing, analyzing text structure, author's purpose), vocabulary expansion, and close reading of complex texts.
o Focus: Engaging students with diverse genres, building deep content knowledge, and promoting collaborative discussions around texts. Waggle's adaptive practice will continue to support differentiation.
o Small Group Instruction: Teachers will leverage HMH's small-group resources to target specific comprehension strategies, fluency challenges, or vocabulary needs based on assessment data.
2. Writeable (3-5):
o Implementation: Used as a supplementary digital platform for structured writing instruction and practice, integrated weekly into ELA blocks.
o Focus: Provides scaffolds and feedback for various writing genres (narrative, informational, argumentative). Students will engage in the writing process (planning, drafting, revising, editing) with personalized feedback from the platform and teachers.
o Integration: Writing assignments in Writeable will often stem from texts read in HMH, promoting a strong reading-writing connection.
3. iReady Individualized Pathway (3-5):
o Implementation: Administered as a diagnostic assessment three times a year (Fall, Winter, Spring) to pinpoint individual student strengths and weaknesses in reading. The individualized pathway will provide adaptive, targeted practice.
o Focus: Reinforcing foundational skills as needed, building vocabulary, and developing comprehension strategies specific to each student's learning profile.
o Use: Dedicated 20-30 minute weekly sessions for students to work independently on their iReady pathways, with teacher monitoring and support.
4. Rally Test Preparation for ELA (4-5, as needed for Grade 3 readiness):
o Implementation: Utilized in the spring semester as a focused preparation tool for state ELA assessments. This is a supplemental resource, not a replacement for core instruction.
o Focus: Familiarizing students with test formats, question types, and strategies for approaching complex passages and extended responses.
o Timing: Short, targeted sessions (e.g., 20 minutes, 2-3 times a week) in the weeks leading up to the state tests, to minimize instructional time away from core curriculum.
B. Progress Monitoring & Data-Driven Instruction
1. Formal Assessments:
o iReady Diagnostic Assessment: Administered three times a year (Fall, Winter, Spring) to measure reading comprehension, vocabulary, and foundational skills mastery.
o HMH Benchmarks & Unit Assessments: Administered periodically to measure progress in reading comprehension strategies and vocabulary acquisition.
o Writeable Assignments & Rubrics: Ongoing assessment of writing proficiency and growth in specific writing skills.
o School-Created Fluency Probes: Regular (e.g., monthly) fluency checks using grade-level passages.
2. Informal Monitoring:
o Text-Dependent Questions: Use of higher-order questions during reading discussions.
o Student Work Analysis: Reviewing student responses to reading prompts and written assignments.
o Conferencing: Individual conferences with students about their reading and writing.
3. Data Analysis & Action:
o Tri-Annual Data Meetings: Teams will analyze iReady, HMH, and Writeable data after each major assessment window.
o Monthly Grade-Level Meetings: Regular review of student progress, identifying students needing additional support or enrichment.
o Targeted Interventions: Students identified through iReady diagnostics with gaps in foundational skills or comprehension will receive small-group intervention using resources from HMH, iReady's teacher-led lessons, or other targeted materials.
o Writing Feedback Loops: Teachers will use Writeable's data to provide targeted feedback and differentiate

writing instruction for individual students or small groups.
C. Alignment to NYC Reads Initiative & Science of Reading
• Comprehension Focus: HMH into Reading provides a text-rich environment that supports the development of robust comprehension, a key pillar of the Science of Reading.
• Vocabulary Development: Both HMH and iReady systematically build academic vocabulary, recognizing its crucial role in comprehension.
• Writing-Reading Connection: Writeable strengthens the reciprocal relationship between reading and writing, fostering deeper comprehension and clearer expression.
• Personalized Learning: iReady's individualized pathway ensures that students receive instruction at their precise point of need, addressing specific skill gaps identified through diagnostic assessment.
• Strategic Fluency Practice: Ongoing fluency monitoring and practice ensure students can read with accuracy, rate, and prosody, freeing cognitive resources for comprehension.
• Assessment-Driven Instruction: The robust progress monitoring systems (iReady, HMH, Writeable) allow for continuous adjustment of instruction, ensuring that teaching is responsive to student data.
Part 3: Overall Implementation, Professional Development & Family Engagement
1. Professional Development:
o Initial Training: Comprehensive training for all K-5 teachers on the effective implementation of Fundations, Heggerty, HMH, Writeable, iReady, and Rally, including their alignment with Science of Reading principles.
o Ongoing Support: Regular professional learning communities (PLCs) focused on data analysis, differentiation strategies, and refining instructional practices.
o Literacy Coach Support: The literacy coach will provide in-class coaching, modeling lessons, co-planning, and individual teacher support.
o NYC Reads Resources: Teachers will be regularly informed about and encouraged to utilize resources and professional learning opportunities provided by the NYC Reads initiative.
2. Scheduling:
o Dedicated, uninterrupted blocks of time in the daily schedule for literacy instruction (e.g., 90-120 minutes for K-2, 60-90 minutes for 3-5, including dedicated reading and writing time).
o Flexibility within the schedule to allow for small-group interventions and iReady individualized pathway time.
3. Resource Allocation:
o Ensure all classrooms have necessary instructional materials (teacher manuals, student workbooks, decodable texts) for all curricula.
o Provide access to technology for Waggle, Writeable, iReady, and Rally.

Root Cause Addressed:

Phonemic awareness blending and segmenting.
Vocabulary development.
Writing to literary responses.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
o Tri-Annual Data Meetings: Teams will meet after each universal screening window (Fall, Winter, Spring) to analyze Acadience, Fundations, and HMH data.

o Bi-Weekly Grade-Level Meetings: Teachers will discuss student progress based on unit assessments and daily observations to adjust instructional groups and differentiate support.
o Intervention Planning: Students identified with significant deficits will receive targeted small-group intervention, supplementing core instruction. This may include additional Fundations lessons, more intensive Heggerty practice, or specialized phonological awareness interventions.
o Targeted Interventions: Students identified through iReady diagnostics with gaps in foundational skills or comprehension will receive small-group intervention using resources from HMH, iReady's teacher-led lessons, or other targeted materials.
o Writing Feedback Loops: Teachers will use Writeable's data to provide targeted feedback and differentiate writing instruction for individual students or small groups.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

BOY, MOY, EOY - data, sorted by student progress. Students well below and below will receive academic intervention services when/where possible.
Fundations unit data will be closely monitored.
MAZE will be administered in grades 3, 4, and 5.
Progress Monitoring schedule will be created and monitored for the above three areas. Progress monitoring students will be reassessed after receiving academic intervention services.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	09/15/2025	Back to School Night - Explain curriculum and provide strategies	Classroom Teachers
11/06/2025	11/06/2025	Parent Teacher Conferences - - Explain curriculum and provide strategies	Classroom Teachers

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom Teachers, Literacy Coach, Administration

Instructional Resources

HMH, Fundations, Heggerty curriculums, iReady ELA, Rally ELA, NYS Next Generation English Language Arts Standards

Schedule Adjustments

Common Planning preparation period, planning days with substitute coverage

Other Resources Needed

District and DOE professional learning workshops/series for teachers

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
OORS level 2 infractions 2025	46 level 2	student self-regulation
OORS level 1 infractions 2025	31 level 1	student self-regulation
OORS level 3 infractions 2025	43 level 3	student self-regulation

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	46	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5% Decrease, in number of level 2 infractions from 46 to 43, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Enter a Key Performance Indicator

Baseline:

Enter the date for the baseline data:

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement school wide PBIS.
Positive Behavioral Interventions and Supports (PBIS) Framework

Our approach to behavior management will be anchored in a three-tiered PBIS framework, promoting a consistent, positive, and predictable school environment.

A. Tier 1: Universal Supports (All Students, All Settings)

This tier focuses on school-wide systems and practices that benefit all students and prevent most problem behaviors.

Explicitly Teach School-Wide Expectations:

Identify Core Expectations: Establish 3-5 positively stated, easy-to-remember school-wide behavioral expectations (e.g., "Be Respectful," "Be Responsible," "Be Safe").

Matrix of Expectations: Develop and display a matrix detailing what these expectations look like in various school settings (classroom, hallway, cafeteria, playground, restroom, bus).

Direct Instruction: Dedicate time at the beginning of the school year and throughout to explicitly teach, model, and practice these expectations in all settings. Teachers will review expectations after breaks and as needed.

Positive Reinforcement Systems:

School-Wide Recognition: Implement a system for acknowledging and rewarding students who consistently demonstrate expected behaviors (e.g., "Paw Prints," "Eagle Feathers," "Caught Being Good" tickets).

Classroom-Level Rewards: Encourage teachers to implement classroom-specific positive reinforcement (e.g., praise, special privileges, classroom rewards).

Regular Recognition Events: Hold weekly/monthly drawings, announcements, or assemblies to celebrate positive

behavior.

Consistent Routines and Procedures:

Clear Transitions: Establish clear and consistent routines for transitions between activities, classrooms, and school areas.

Classroom Management: Support teachers in implementing effective classroom management strategies, including clear rules, procedures, and instructional delivery.

Adult Presence: Increase visible adult presence and proactive supervision in common areas during transition times (hallways, cafeteria, playground).

Social-Emotional Learning (SEL) Integration:

Curriculum: Integrate a consistent SEL curriculum (Harmony) to teach students skills in self-awareness, self-management, social awareness, relationship skills, and responsible decision-making.

Morning Meetings/Community Circles: Encourage daily morning meetings or community circles to build community, teach SEL skills, and address social dynamics.

B. Tier 2: Targeted Interventions (For At-Risk Students)

This tier provides more focused support for students who are not responding to universal interventions alone, often exhibiting repeated Level 2 infractions.

Small Group Social Skills Instruction:

Targeted Skills: Provide explicit instruction in small groups on specific social skills (e.g., conflict resolution, anger management, empathy, active listening) that are identified as deficits.

Role-Playing & Practice: Facilitate opportunities for students to practice new skills in a safe environment.

Check-in/Check-out (CICO) System:

Daily Monitoring: Identify students who would benefit from daily check-ins with a designated adult (teacher, counselor, support staff) at the start and end of the day.

Behavioral Goals: Students carry a CICO card with specific behavioral goals and receive feedback throughout the day from their teachers.

Parent Communication: Daily communication with parents/guardians about student progress.

Root Cause Addressed:

These level 2 infractions, while not always leading to immediate suspension, can significantly impact instructional time, create a negative school climate, and escalate if not addressed consistently and effectively. Our goal is to reduce their frequency through proactive strategies and targeted supports. This trend indicates a need for stronger preventative behavior supports and consistent Tier 1 behavior systems and structures.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Tier 1: Universal Supports (All Students, All Settings) -Explicitly Teach School-Wide Expectations
Positive Reinforcement Systems- School-Wide Recognition
Classroom-Level Rewards
Consistent Routines and Procedures-Clear Transitions
Tier 2: Targeted Interventions (For At-Risk Students) -Role playing and practice

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Our PBIS Team has worked all year to develop a strong PBIS schoolwide plan. We will monitor OORS infractions at least three times per year: fall, winter, spring.

We also have a system in the cafeteria where students/classes receive points and Owl Bucks (school currency) for class rewards. This is a daily visual for all students.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	09/15/2025	Back to school night will explain our PBIS schoolwide system to parents	Classroom teachers, Counselor, and Social Worker, and SAPIS Worker
11/06/2025	11/06/2025	Parent teacher conferences will update families on progress.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers, school aides, counselors, and administration

Instructional Resources

Harmony curriculum, Brain Power Wellness curriculum, Habits of Mind curriculum, 212 PBIS Matrix and Owl Bucks

Schedule Adjustments

Cover PBIS team as needed for planning and program management

Other Resources Needed

n/a

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
iReady Math 2025	numbers and operations	explicit instruction
iReady Math 2025	fractions	explicit instruction
iReady Math 2025	geometry	explicit instruction

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	55	By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 5% from 55 to 60, for All Students, as measured by i-Ready Math results. Additionally our ELLs and SWIEPs will achieve 8% growth.
English Language Learners (ELL)	29	By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 8% from 29 to 37, for English Language Learners (ELL), as measured by i-Ready Math results.
Students with Disabilities (SWD)	37	By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 8% from 37 to 45, for Students with Disabilities (SWD), as measured by i-Ready Math results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Our focus will be on nurturing productive struggle and leveraging the flipped model of instruction, all while aligning with the NCTM Mathematical Teaching Practices and the principles of the NYC Solves plan. This comprehensive approach aims to build a strong foundation in Numbers and Operations for our youngest learners and a robust grasp of Fractions and Geometry for our intermediate grades.
Core Pedagogical Approaches

Productive Struggle: We will intentionally create opportunities for students to grapple with mathematical concepts and problems that are challenging but accessible. This means moving away from immediate answers and towards a process where students persevere, explore multiple strategies, and develop deeper conceptual understanding through their own efforts. Teachers will act as facilitators, providing just enough support to keep students engaged without removing the cognitive demand.

Flipped Model of Mathematics Instruction: This model will allow us to maximize in-class time for collaborative problem-solving, deep exploration, and individualized support.

In Class: The classroom will transform into a dynamic workshop where students apply what they've learned. This time will be dedicated to:

Problem-Solving: Working on rich tasks that require application of concepts.

Collaborative Learning: Engaging in discussions, peer teaching, and group activities.

Teacher-Led Support: Targeted small-group instruction, one-on-one coaching, and addressing misconceptions as they arise.

Deepening Understanding: Engaging in activities that promote reasoning, critical thinking, and communication of mathematical ideas.

Root Cause Addressed:

Students require explicit instruction in numbers and operations at K-2 and fractions and geometry at 3-5.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Problem-Solving - Students will engage in problem solving activities; teachers will provide explicit instruction.
Collaborative Learning - Students will engage in collaborative learning during the solve and share
Deepening Understanding - Students will engage in number talks with their teachers to build developmental understanding

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Phase 3: Monitoring & Assessment (Ongoing)
BOY/MOY/EOY - with progress monitoring - teachers will review data, plan for misconceptions, and provide academic intervention services when/where we are able to.

Objective: Systematically track student progress and inform instructional adjustments.

Formative Assessment (Daily):

Utilize observation notes, exit tickets, mini-whiteboards, and student discourse to gauge understanding during and after flipped lessons.

Analyze student approaches to productive struggle tasks.

Summative Assessment (Unit/Quarterly):

Design assessments that reflect the conceptual understanding and problem-solving skills emphasized in the new approach. Avoid purely procedural tests.

Use common assessments across grade levels where appropriate.

Data Analysis (Bi-weekly/Monthly):

Grade levels analyze assessment data to identify areas of strength and areas needing further support.

Use data to differentiate instruction and plan targeted interventions or enrichment activities.

Student Self-Reflection: Encourage students to reflect on their learning process, their strategies during productive struggle, and their growth.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	09/15/2025	Back to school night. We will provide families with overview of curriculum and how to access supports.	Classroom Teachers
11/06/2025	11/06/2025	Parent Teacher Conferences we will provide data for their child's progress and strategies to help at home.	Classroom Teachers

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers, coach, administration

Instructional Resources

Envisions 2020 curriculum, NYC Solves initiative, NCTM Highly Effective Mathematics Teaching, NYS Next Generation Mathematics Standards

Schedule Adjustments

Coverage for teachers to plan and review data, coach to attend district pls

Other Resources Needed

N/a

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC Kids Rise BB1 Progress Update for SY24-25	parent participation, 99.5 percent	goal 100%

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	83.51%	By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will Increase by 5% from 83.51% to 87% as measured by NYC RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

This plan will leverage the invaluable resources of Junior Achievement and the impactful NYC Kids Rise Save for College Program, fostering a culture of savings and future planning within our school community. Core Principles

Early Education: Introduce financial concepts at an age-appropriate level, building a strong foundation.

Family Engagement: Actively involve parents and guardians in the financial literacy journey.

Partnership: Utilize external expertise from organizations like Junior Achievement and NYC Kids Rise.

Empowerment: Provide practical tools and knowledge to encourage saving and future planning.
Junior Achievement Classroom Delivery:

Volunteer Recruitment: Partner with JA to recruit and train student volunteers, community members, or school staff to deliver JA lessons in classrooms.

Classroom Activities: Facilitate hands-on activities, discussions, and role-playing scenarios related to earning, spending wisely, saving, and entrepreneurship.

Ongoing: NYC Kids Rise Save for College Program Activation:

Parent Coordinator Outreach:

Develop a strategic outreach plan for the Parent Coordinator to inform all eligible families about the NYC Kids Rise program.

Host informational sessions (e.g., during parent-teacher conferences, evening workshops, virtual meetings) to explain the program's benefits and guide families through the sign-up process.

Utilize multilingual communication materials and interpreters as needed.

Individualized Meetings with Parents:

The Parent Coordinator will offer dedicated one-on-one or small-group meetings with parents to provide personalized assistance with NYC Kids Rise account activation, linking personal savings, and understanding the college savings journey.

These meetings can also address general financial literacy questions parents may have.

Incentives & Prizes:

Implement a system of small, engaging prizes or recognition for students and families who activate their NYC Kids Rise accounts or achieve savings milestones (e.g., classroom shout-outs, certificates, school-wide recognition). This encourages participation and reinforces positive financial behaviors.

Root Cause Addressed:

Saving for college and developing financial literacy awareness K-5.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monitor the number of activated NYC Kids Rise accounts and family savings contributions (where permissible and shared by the program).
Parent Coordinator regularly checks in with families to offer ongoing support and troubleshoot any issues.
Collect feedback from teachers, JA volunteers, students, and parents to identify areas for improvement.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Objective: Track progress, provide continuous support, and celebrate achievements within the school community.

Ongoing: Data Tracking & Support:

Monitor the number of activated NYC Kids Rise accounts and family savings contributions (where permissible and shared by the program).

Parent Coordinator regularly checks in with families to offer ongoing support and troubleshoot any issues.

Collect feedback from teachers, JA volunteers, students, and parents to identify areas for improvement.

Quarterly: Data Review & Planning:

Review participation rates and student engagement with financial literacy concepts.

Adjust lesson plans or outreach strategies based on data.

Annual Celebrations:

Host a school-wide "Financial Futures Celebration" event.

Recognize students and families who have participated in NYC Kids Rise, highlighting collective savings achievements.

Showcase student work related to financial literacy (e.g., posters on saving, presentations on future careers, mock budgets).

Invite Junior Achievement representatives and NYC Kids Rise staff to share in the celebrations and speak to the community.

Award special prizes or certificates to top savers or most engaged families.

Resources & Roles

School Administration: Overall leadership, resource allocation, and ensuring plan execution.

Parent Coordinator: Primary liaison for NYC Kids Rise, family outreach, individualized parent meetings, and managing incentives.

Teachers: Integrate JA curriculum, facilitate classroom activities, and reinforce financial literacy concepts.

Junior Achievement Volunteers: Deliver engaging, hands-on JA lessons in classrooms.

NYC Kids Rise Program: Provides the savings accounts, seed investments, and resources for college savings.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	09/15/2025	Back to school night to explain program	Classroom teachers and parent coordinator
05/29/2026	05/29/2026	529 Day	Classroom teachers, All staff

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers, coaches, counselors, administration, parent coordinator

Instructional Resources

NYC Kids Rise materials, Junior Achievement materials

Schedule Adjustments

JA day schedule, College awareness day schedule

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC Schools Survey	Transportation	Metrocard or busing

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	49 Parents	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of families not being informed about transportation options will Decrease by 20% from 49 Parents to 39 Parents as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Action Plan: Notifying Parents of Transportation Options
Objective: To effectively communicate transportation options (bussing or MetroCard) to all eligible parents, ensuring they understand the choices and the process for selection by a specified deadline.
Verify Eligibility Lists: Collaborate with the Pupil Accounting team to finalize accurate lists of eligible students for both bussing and MetroCard based on district policy (e.g., distance from school, grade level).

Translation Services: Ensure all materials are translated into the primary languages spoken by our district's families (e.g., Spanish, Chinese, Bengali) to maximize accessibility and understanding.

Digital Resources: Prepare online versions of all materials, including an accessible form for option selection. Create a dedicated section on the school district's website for transportation information.

Communicate transportation options at Back to School Night, on the website, in principal's weekly newsletters, follow up calls to all students with IEPs or in temporary housing. Parent Coordinator weekly communication with families.
Follow up with family requests for transportation and iLog the outreach.

Root Cause Addressed:

49 parents responded on the NYC Schools Survey that they did not receive information about transportation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Confirm with Transportation which students are eligible
Translate documents
Prepare digital resources
Communicate to families
Follow up with families

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Vision Portal Attendance (SY24-25: 94%, SY23-24: 93%)	Unexcused illness, lack of childcare, travel, siblings illness	Increase YTD attendance from 94% to 96%
New Vision Portal Chronic Absenteeism (SY24-25: 14%, SY23-24: 20%)	Parents multiple schools drop off, student resistance, parent work schedule, conflict with drop off	Chronic absenteeism from 14%-11%

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	94%	By June, 2026, Year-to-Date attendance for All Students will increase by 2%, from 94% to 96%, as measured by the Year to Date Attendance report provided by the New Vision Portal.
All Students	14%	By June, 2026, the Chronic Absenteeism Rate for All Students will increase by decrease of 3%, from 14% to 11%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Review attendance data ongoing.
At our attendance meeting, the team will identify severely chronic and chronic absenteeism students. The team will schedule a meeting with the teachers and families to address attendance and any academic concerns.

Root Cause Addressed:

Attendance team meetings, parent meeting notes listing next steps, ilog every interaction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Pupil secretary will print monthly RWLC chart from ATS. Teachers will document attendance and see any patterns in attendance.
Teachers will conduct outreach to families when students are absent.
Teachers will reach out to the grade level supervisor and guidance counselor/social worker if student has been absent for more than 2 consecutive days and parents has not responded.
Attendance team will meet monthly and discuss next steps to our chronic absenteeism students.
Send ongoing attendance warning letters to severely chronic, chronic, and at-risk absenteeism students.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	N/A	N/A

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, social worker, guidance counselor, assistant principals, attendance teacher, pupil secretary, school aide

Instructional Resources

Ensure teachers closely monitor students on chronic absenteeism list. Ensure teachers are having ongoing conversations with families regarding attendance.

Schedule Adjustments

Open doors to students at 7:30 am for breakfast

Other Resources Needed

Attendance teachers conduct home visits once school's intervention has not improved the situation.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
SY 24-25 IEP Reviews	Alignment of needs in PLOP with IEP goals	IEP Development and Fidelity of Implementation
SY 24-25 IEP Reviews	Insufficient student interests and strengths listed in PLOP	Transition Planning and Compliance

Initial referrals rate %	Increase in initial referral rate	Referral Process and Equity
SY 24-25 IEP Reviews	Teachers not including sufficient student and parent voice	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	80%	By June 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will increase student and parent voice throughout the PLOP by a 20% increase, from 80% to 100%, as measured by IEP Reviews.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Administration will have a meeting with the Special Education department to review CEP goal and how the school will attain the goal. The team will review every IEP and provide feedback to the teachers ensuring student strengths, preferences and interests are listed. The team will also search the document to ensure that teachers are including student and parent quotes in regards to academics and social emotion learning. During the IEP Reviews, the team will also search and ensure that the IEP team takes parent concerns into account while making the most appropriate services and programs consideration to address their needs. With the special education department, the school will develop standardized tools to use before and during an IEP meeting to gathering data to input into the PLOP. For example, student and parents interest surveys, preferences, needs, concerns, goals, etc.

Root Cause Addressed:

Throughout the IEP reviews, it has been noted that not sufficient student and parent voice has been included in the IEP.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide teachers with student and parent surveys at the beginning of the school year
Have teachers ask specific questions during the IEP meeting and ensure teachers are including these answers in the PLOP
Provide workshops for parents regarding the IEP process and the IEP document
Establish school wide standardized tools that will be used to gather data from students and parents.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/15/2025	11/10/2025	ASD parent training	Quality Service for the Autism Communty
02/23/2026	05/11/2026	ASD parent training	Quality Service for the Autism Communty

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Teachers, speech providers, occupational therapists, counselors, social workers, administration

Instructional Resources

Community based organizations, training staff in supporting students with autism

Schedule Adjustments

Conduct training during professional learning time, cover teaches to review IEPs and provide feedback

Other Resources Needed

Substitute needed to cover teachers to review IEPs with the SIT team.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Reading, Tier 2 and 3	Acadience Scores, Independent Reading Level, Attendance	Leveled Literacy Intervention	One-to-One; three-to-one, small group	During the school day	No
Reading, Tier 2 and 3	Acadience Scores, Independent Reading Level	Spire	Small Group	During the school day	No
Reading, Tier 2 and 3	Acadience Scores	Fundations	Small Group	During and Before/After school	No
Reading, Tier 2 and 3	Acadience Scores, Independent Reading Level, NYSLESLAT Score	ENL Reading and Language Supports	Small Group	During and Before/After school	No
Reading, Tier 2 and 3	Heggerty progress monitoring and Acadience progress monitoring	Heggerty	Small Group	During School	No
Math, Tier 2 and 3	iReady scores, Math unit test scores, Timed drill scores	Envisions 2020	Small Group	Small Group	Yes
Math, Tier 2 and 3	iReady scores, Math unit test scores, Timed drill scores	Zearn	Small Group	During School/Before and after school	Yes
Reading, Tier 2 and 3	Acadience and/or iReady Scores, Independent Reading Level	Amira	1:1	During School/Before and after school	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
At-Risk Counseling, Tier 2 and 3	Teacher Recommendati	Meet with Guidance Counselor or Social Worker in small groups	Small group	During School	No
Attendance, Tier 2 and 3	Attendance below 90% each month	Use attendance tracker to determine students at-rish	One-to-One	During School	Yes-School Messenger
At-risk for substance abuse, decision making	Teacher recommendation	SAPIS	One-to-one and small group	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Objective: To clearly articulate the purpose and function of MTSS to families and the community, empower them to actively participate in their child's educational journey, and share the school's essential MTSS components effectively.

Phase 1: Understanding MTSS - Foundations for Families

Develop Parent-Friendly MTSS Overview:

Content: Create clear, concise materials explaining what MTSS is (academic, behavioral, social-emotional support), its benefits, the tiered structure (Tier 1: universal instruction/support, Tier 2: targeted interventions, Tier 3: intensive individualized support), and the problem-solving process (identify, analyze, plan, implement, evaluate).

Format:

Brochure/Flyer (print and digital)

Short, engaging video (e.g., animated explanation)

Simple infographic

Dedicated section on the school website.

Translation: Ensure all materials are available in multiple languages relevant to our school community.

Highlight Key Roles:

Explain the roles of various school personnel within MTSS (classroom teachers, special education teachers, school psychologists, counselors, administrators, interventionists).

Crucially, emphasize the parent's role as a vital partner in the MTSS process, from universal support to intervention planning.

Phase 2: Sharing Essential Components of MTSS with Families

The school's essential components of MTSS are embedded in every child's learning experience. Sharing these transparently with families is key to building trust and collaboration.

Universal Screening & Progress Monitoring:

Communication: Explain why we screen all students (to identify strengths and areas needing support early) and how we monitor progress (brief, frequent assessments).

Channels:

Annual "Meet the Teacher" nights or Back-to-School events: Brief presentations on universal screening and its

purpose.

Parent-Teacher Conferences: Share individual student screening data and progress monitoring results, explaining what the data means for their child's learning.

Data Reports: Provide easy-to-understand student progress reports, highlighting areas of growth and support.

Tiered Instruction & Intervention:

Communication: Describe how Tier 1 (core instruction) is differentiated for all students. Explain that Tier 2 and Tier 3 interventions are specific, research-based strategies provided in addition to core instruction, not instead of it.

Channels:

School newsletters: Regular articles featuring examples of Tier 1 best practices or general information about intervention types.

Parent workshops: Sessions dedicated to understanding academic or behavioral strategies used in school that parents can also support at home.

Individualized meetings: For students receiving Tier 2 or Tier 3 support, detailed discussions with parents explaining the intervention, its goals, duration, and how progress will be measured. Provide examples of activities or strategies used.

Data-Based Decision Making:

Communication: Demystify the idea that decisions about student support are based on objective data, not just observation. Explain the "problem-solving" approach: defining the problem, analyzing why it's happening, developing an intervention plan, implementing it, and evaluating its effectiveness.

Channels:

Parent-Teacher Conferences and Intervention Planning Meetings: Actively involve parents in reviewing data, interpreting results, and making collaborative decisions about their child's educational path.

School Website: Post general information about the school's commitment to data-driven instruction.

Team-Based Problem Solving:

Communication: Explain that MTSS is a team effort. Inform parents that school teams (e.g., MTSS team, grade-level teams) regularly review student data and discuss strategies.

Channels:

Initial information packets: Include a brief overview of who comprises the school's MTSS team.

Invitation to meetings: For students requiring more intensive support, formally invite parents to participate in team meetings where their child's progress and intervention plans are discussed.

Phase 3: Family and Community Engagement Around MTSS

Parent Information Sessions/Workshops:

Frequency: At least once per semester, ideally at varied times (day, evening, virtual options) to maximize attendance.

Topics: "Understanding MTSS," "Supporting Reading at Home," "Positive Behavior Strategies," "Social-Emotional Learning for Families," "Navigating School Resources."

Format: Interactive, with Q&A sessions, practical tips, and opportunities for parents to share experiences. Invite school staff and, where appropriate, community partners.

Parent-School Communication Avenues:

Proactive Outreach: Teachers and case managers should establish regular communication with parents (e.g., weekly emails, class newsletters, brief phone calls) to share successes and areas of focus.

Open Door Policy (within reason): Encourage parents to reach out with questions or concerns. Provide clear contact information for relevant staff.

Parent Liaisons/Community Connectors: If feasible, utilize or train parents from diverse backgrounds to serve as liaisons, helping bridge communication gaps and build trust.

Community Partnerships:

Leverage Local Resources: Partner with local libraries, community centers, health organizations, and after-school programs to provide additional support or resources that align with MTSS goals (e.g., tutoring, counseling services, parenting classes).

Guest Speakers: Invite community experts to speak at parent workshops on topics relevant to student well-being and academic success.

Share Success Stories: Use school newsletters, social media, and community bulletins to highlight positive student outcomes attributed to MTSS, acknowledging the role of family and community support.

Feedback Mechanisms:

Surveys: Regularly survey parents to gauge their understanding of MTSS, satisfaction with communication, and suggestions for improvement.

Parent Advisory Groups: Establish a parent advisory group focused on MTSS to gather input, address concerns, and foster a sense of shared ownership.

By systematically implementing these strategies, we can ensure that MTSS is not just a school initiative but a collaborative effort that genuinely involves and empowers families and the broader community in supporting every student's success.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families are notified in their preferred language of response to intervention their child receives in school at individual meetings with a team member.

Results are explained and next steps are discussed.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

We ask families to sign a form indicating that their child is receiving an intervention. If the child is not making progress, we discuss the referral process for special education services.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

We have seven students that are considered Students in Temporary Housing. One student is in shelter housing and four students as doubled up, and two students in temporary housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

We have seven students that are considered Students in Temporary Housing. One student is in shelter housing and four students as doubled up, and two students in temporary housing.
Trends are attendance concerns, we work with the families to secure transportation options, create plans to attend school daily and invite them to all parent workshops.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

We provide these students with consumable materials they need for school, such as notebooks, pencils, backpack, post-it notes, folders, copy paper, etc. These students were provided with school-issued laptops to access the

Google Classroom and digital curriculum. We also will provide resources that are found in the community for families to access, such as food banks, mental health providers, and city agencies assistance. We communicate with transportation to secure either Metro Cards or bus transportation.
We provide them with clothing (school spirit wear), and they are included/invited to all school clubs and before/after school programs.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We have 0 students in foster care.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

N/A

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

N/A

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

N/A

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

P.S. 212Q
Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 212Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher

Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 212Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement achievement, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing informatand cultural competency in order to build stronger ties between parents and other members of the school community;ion about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned

for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.
- use ClassTag and School Messenger to inform families of upcoming events they can participate in during the school day and after school.
- partner with PTA to post upcoming events in the P.S. 212Q PTA Facebook page.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 212Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that families and staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- ensure that families and staff have access to translation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

As a Parent/Guardian, I/We will:
Ensure regular and punctual school attendance: I/We understand that consistent attendance is crucial for academic progress.
Support my/our child’s learning at home: I/We will provide a quiet space for homework, encourage reading, and discuss school activities regularly.
Communicate regularly with the school: I/We will attend parent-teacher conferences, respond to school communications, and inform the school of any concerns or changes affecting my/our child.
Volunteer or participate in school activities when possible: I/We will seek opportunities to be involved in the school community.
Promote positive behavior and respect for others: I/We will reinforce school rules and expectations for behavior at home.
Ensure my/our child comes to school prepared: I/We will make sure my/our child has necessary supplies, is well-rested, and has eaten breakfast.
Support a healthy lifestyle for my/our child: I/We will encourage good nutrition and physical activity to support overall well-being.

III. Student Responsibilities

As a Student, I will:
Come to school every day, on time, and prepared to learn: I will bring my materials and be ready for class.
Be respectful to teachers, staff, and other students: I will follow school rules and treat everyone with kindness.
Do my best in all my schoolwork and complete my homework: I will try hard and ask for help when I need it.
Participate actively in class and ask questions: I will engage with lessons and seek clarification when unsure.
Take responsibility for my own learning and actions: I will learn from my mistakes and strive to improve.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

HMH Reading - All instructional staff including the principal and assistant principal will participate in ongoing training in the reading program Into Reading.

Foundational literacy - All teachers in grades K-3 who require training or additional training will attend workshops in Fundations and/or Heggerty.

Civics for All - All staff will be trained in the CS4All initiative in 24-25.

Arts Education Liaison will attend all AEL workshops to further our goals in the arts.

ELL Liaison will attend all workshops and turnkey trainings to all staff in best practices in working with Multilingual Learners and English Language Learners.

Special Education Liaison will attend all workshops and turnkey trainings to all staff in best practices in working with students with disabilities.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Pre-school students participate in the same daily program as our elementary students from morning line up to recess, lunch, and dismissal. We partner Pre-K classes with other grades as reading buddies. All pre-kindergarten staff attend the same professional learning activities. We share parent involvement activities, records, etc. Pre-kindergarten students are recommended for early intervention services and screened. Students are also referred for special education services if needed.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	257,118	x	5
Title I School Improvement	Federal	245,541	x	5
Title II, Part A	Federal	48,571	x	5
Title III, Part A	Federal	24823	x	5, LEP Plan
Title III, Immigrant	Federal	0	x	5, LEP Plan
Title IV, Part A	Federal	0	x	5
Tax Levy (Fair Student Funding)	Local	4,872,129	x	5, 6

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Larry Curry
Assistant Principal (Where Applicable)*	Rita Rosenthal
English as a New Language (ENL) Teacher*	Maria Varvatsoulis
Teacher (if school has a bilingual program must be a bilingual teacher)*	Marina Velasquez
Parent/Guardian*	Farzana Mollah
Teacher	Alyssa Delsoldato
Parent Coordinator	Olga Flores
School Counselor	Monica Recalde
Related-Service Provider	Husnara Ahmed
Literacy Coach	Chanda Kumar
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

8

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

6

Number of certified ESOL teachers not currently teaching ENL:

3

Number of teachers who hold both content area/common branch and ESOL certification:

11

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

525

Total number and percentage (%) of current ELLs:

132 / 25.14%

Total number and percentage (%) of former ELLs:

51 / 9.71%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

101 / 52.6%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

82 / 42.7%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

35 / 18.2%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2016	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

We offer a Freestanding ENL program model in accordance with CR part 154. Our students are heterogeneously grouped by proficiency level in one class. Currently we have one ENL class in each grade, kindergarten through grade 5. For the 2025/2026 school year we will have an additional Freestanding ENL class on Grade 1. Teachers plan instruction to reach all students based upon their English proficiency levels.
In our freestanding ENL classrooms all the teachers are: TESOL and Common Branch (K-6) certified or TESOL, Common Branch (K-6), and Special Education certified (teacher is not in a special education classroom setting)
Students who score at the Entering or Emerging English proficiency level receive 2 units of study per week (360 minutes): 1 unit in Stand-Alone ENL instruction and 1 unit of Integrated ENL. The certified TESOL classroom teacher will be providing Stand-Alone instruction to students in small groups while the rest of the students (Expanding and FELLs) will be working on independent activities. Students who score at the Transitioning level receive 1/2 unit of instruction Stand-Alone and or 1/2 or 1 unit of Integrated ENL. Students who score at the Expanding level receive 1 unit of Integrated ENL. Students who score at the Commanding level receive 1/2 unit of Integrated ENL.
Stand-alone ENL is instruction to develop English language skills so that students can succeed in core content courses. It is delivered by a certified ENL teacher in a freestanding ENL classroom setting. In a Special Education setting (ICT or Self contained) a certified TESOL teacher will pull out students for stand alone instruction and push in for integrated instruction. A student may not receive stand-alone ENL in lieu of core content area instruction.

Integrated ENL:

Throughout each grade, Integrated ENL is instruction to build English language skills through content area instruction. It is delivered by a dually certified teacher (ENL and a content area or common branch) or co-teaching by a certified ENL teacher and a certified content area teacher (i.e., English language arts, math, science, or social studies). Both methods of integrated ENL instruction include content area subject matter and English language development using ENL strategies. All ELLs and former ELLs up to 2 years after exiting ELL status must receive a .5 unit of integrated ENL in a content area. In addition, there will be a certified TESOL Science Cluster servicing students in a content area.
Students who score at the Entering or Emerging English proficiency level receive 2 units of study per week (360 minutes): 1 unit in Stand-Alone ENL instruction and 1 unit of Integrated ENL. Students who score at the Transitioning level receive 1/2 unit of instruction Stand-Alone and or 1/2 or 1 unit of Integrated ENL. Students who score at the Expanding level receive 1 unit of Integrated ENL. Students who score at the Commanding level receive 1/2 unit of Integrated ENL.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

Transitional Bilingual Education (TBE) program - P.S. 212Q does not have a TBE program.

Dual Language Bilingual Education (DLBE):

Dual Language (DL) program Our school has a self-contained 50-50 partial immersion model/Two-Way Dual Language Program in Spanish. Students are taught in English and the target language (Spanish) using the alternating-day model. Classes are comprised of 50-60% monolingual English speaking students and 40-50% of monolingual Spanish speaking students/English Language Learners. For the 25 - 26 school year all of our dual language classes in grades kindergarten through five will have one teacher who is responsible for the home language (Spanish or English) and the target language (Spanish or English). The class is comprised of English proficient students and English Language Learners (Spanish is the home language). The classroom teacher is a common branch teacher K-6 with a bilingual extension.
Our primary language acquisition goals are the development of grade-level-appropriate bilingual and biliterate academic skills in both English and the target language for all students. We are committed to providing a rigorous instructional environment which will provide all of our dual language students to be able to develop into fully bilingual students by the end of grade five in all literacy modalities of listening, speaking, reading, and writing.
Our Dual Language Program includes:
An ENL component designed to develop skills in listening, speaking, reading, and writing in English
All content-area courses/subjects are taught in the home language and English
A home language arts component designed to develop skills in listening, speaking, reading, and writing in the students' home language while cultivating an appreciation of their history and culture

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At PS 212, our program is designed as a Freestanding ENL program. All students are served according to the New York State mandate as required under CR Part 154.
Entering and Emerging students receive 360 minutes per week of instruction in both stand-alone ENL and integrated ENL services.
Transitioning and Expanding students receive 180 minutes of instruction per week through integrated ENL services.
Commanding students receive 90 minutes of ENL instruction through integrated ENL services for two years after passing the NYSESLAT or for students in grades three to five after passing the ELA with a level 3 score or higher and scoring at the Expanding level on the NYSESLAT.
All English Language Learners receive integrated ENL instruction which includes content area subject matter and English language development using ENL strategies. All ELLs and former ELLs up to 2 years after exiting ELL status receive at least the minimum number of units, 90 minutes, of integrated ENL.
The assistant principals program all students to ensure that the mandated instructional time is provided in each model, with their required time, and follows all mandated guidelines. Our Commanding and year 2 Former English Language Learners (FELLs) will be provided alternative pathway Option D— A minimum of 90 minutes per week of integrated ENL.
Our ELLs/MLLs will meet the demands of PK-5 Next Generation ELA and Math Standards via individualized and small-group targeted instruction, as well as whole class instruction.
Freestanding ENL all content is delivered via Standalone ENL and Integrated ENL.
All classes are taught in English using a balanced literacy approach incorporating the New York State Next Generation Learning Standards and the Bilingual Common Core Initiative New Language Arts and Home Language Arts Progressions. Cluster teachers confer with classroom teachers and ENL teachers regularly and align the curriculum to ENL strategies to scaffold classroom instruction.
Content area curriculum which is presented by classroom and cluster teachers provides a variety of instructional strategies and scaffolding of concepts in the ENL program. Concepts are introduced using ENL strategies to ensure multiple access points and make content comprehensible: home language support (bilingual dictionaries & glossaries, cognates, translated versions of materials, access to translation app on iPad or website), visuals, sentence stems, discussion protocols, manipulatives, non-verbal cues/gestures, activating background knowledge, pre-teaching essential vocabulary, use of graphic organizers, and utilizing a multi-modal/multi-sensory approach. The material becomes comprehensible to our ELLs without watering down the content. Content area vocabulary is a strong focus. These strategies make core curriculum accessible to our ELLs. Resources from the Common Core library are utilized to support the academic progress of our ELLs.
Materials used in Literacy and Mathematics: HMH Into Reading Program (English and Spanish), Fundations (English), Leveled Literacy Intervention (English), Estrellita (Spanish) Arriba! (Spanish), and EnVisions Math (English and Spanish).

Self-contained model: ELLs are grouped together in an ENL class, usually for the entire school day and for all content instruction.

Students who score at the Entering or Emerging English proficiency level receive 2 units of study per week (360 minutes): 1 unit in Stand-Alone ENL instruction and 1 unit of Integrated ENL. Students who score at the Transitioning level receive 1/2 unit of instruction Stand-Alone and or 1/2 or 1 unit of Integrated ENL. Students who score at the Expanding level receive 1 unit of Integrated ENL. Students who score at the Commanding level receive 1/2 unit of Integrated ENL.

Push-in model: an ENL teacher works with ELLs in collaboration with classroom teachers to provide language acquisition and vocabulary support. There is a common preparation time between the 2 teachers and/or prior collaborative lesson planning.

Pull-out model: ELLs who spend the majority of their day in all-English content instruction are brought together from

various classes for English-acquisition-focused instruction. ENL teachers plan carefully with general education teachers to ensure curricular alignment and continuity of instruction.

For our Dual Language program, instruction is delivered in English and Spanish on alternating days. Our teachers also use translanguaging to support our students in their native language. Curriculum is also provided in both languages.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Dual Language (DL) program our school has a self-contained 50-50 partial immersion model/Two-Way Dual Language Program in Spanish. Students are taught in English and the target language (Spanish) using the alternating-day model. Classes are comprised of 50-60% monolingual English speaking students and 40-50% of monolingual Spanish speaking students/English Language Learners. English Language Arts instruction is delivered 3 days a week and Home Language Arts are delivered 2 days a week.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our Dual Language program is a self-contained model for grades K-5. English proficient students and ELLs are integrated all day (100%) in all subject areas.

b. In which language(s) is each core content area taught?

In our Dual Language program all content is delivered in the target language (Spanish) and English. Core content is delivered by a certified bilingual teacher.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

P.S. 212Q Does not have Transitional Bilingual Education program.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Newcomers: 112/ 85.5%
Developing: 19/14.5%

Based on the Spring EDAT for 2025, our Newcomers ELLs (students who have received ELL services for 0 to years), instruction is differentiated on a daily basis for all students in our school. Formative and summative assessment data is consistently reviewed and instruction is designed to meet the needs of our students. Students are grouped for small group instruction. We have teachers with multiple certifications who take a newcomer group two to three periods per week for additional small group instruction. Our small groups receive Phonics, vocabulary and SEL instruction. Newcomer and Developing ELLs are invited to attend an ENL afterschool program. Although we do not have SIFE students presently enrolled at PS 212, we will use the data gathered from the iReady and Acadience and our formative assessments to help close their academic gap by providing explicit small group instruction, targeted to their needs. We utilize the Multilingual SIFE Screener (MLS) from NYSED to identify SIFE students. The MLS is a state-wide diagnostic tool that was created to determine SIFEs' literacy levels in their home language in order to provide or to design appropriate instruction for the students.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Although we do not have SIFE students presently enrolled at PS 212, we will use the data gathered from our formative assessments to help close their academic gap by providing explicit small group instruction, targeted to their needs. We utilize the Multilingual SIFE Screener (MLS) from NYSED to identify SIFE students. The MLS is a state-wide diagnostic tool that was created to determine SIFEs' literacy levels in their home language in order to provide or to design appropriate instruction for the students. Other scaffolds we would provide would help students build their background knowledge using visuals, realia or making connections to their own experiences. Since SIFE students have interrupted students, we would focus on language and literacy skills. This would be done by incorporating phonics and decoding skills, as needed, and using scaffolded text to help build their comprehension. In addition, we will use sentence frames, graphic organizers, and word banks. As well as students will be provided

with bilingual glossaries. Additionally, peer support will also be provided from classmates who share the same language

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At PS 212, we do not have students that fall into this ELL subgroup. In the future, should we have any Long-Term ELLs we would assess their needs and provided explicit instruction, small group instruction with a ENL teacher in a pull-out or push-in model. In addition Long-Term ELLs would be invited to attend the ENL afterschool program.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

9.8% Former ELLs according to Spring 2025 EDAT. All students in this subgroup receive ENL instruction in a content area at least 90 minutes per week and receive testing accommodations on all New York State assessments. Our Commanding and year 2 Former English Language Learners (FELLs) will be provided alternative pathway Option D A minimum of 90 minutes per week of integrated ENL.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The risk factors indicated on the Spring 2025 EDAT report where are as follows:
- There are 112 Newcomers, who have received ELL services from 0-3 years.
- There are 7 students who are identified as potential Long-term ELLs
- There are 19 students who have scored 1 or 2 on ELA which is higher than previous years (7 for 2023 and 2024).
- There are 14 students who have scored 1 or 2 on ELA which is higher than previous years (5 for 2023 and 2024).
- There are 6 students in temporary housing.
- 1 Student was identified as not serviced by an ENL provider.
- 1 Student not correctly programmed in STARS.

To address these factors, This year we have identified our ELLs students with limited literacy skills in their primary language. For these students, we provide a Multi-Tiered System of Supports. We use data-based problem-solving to integrate academic and behavioral instruction and intervention. The integrated instruction and intervention is delivered to students in varying intensities (multiple tiers) based on student need. Our “Need-driven” decision-making process seeks to ensure that school resources reach the appropriate students at the appropriate levels to accelerate the performance of all students to achieve and/or exceed proficiency. All instructional and support services are delivered through a multi-tiered system. Decisions regarding instruction/support are made using a data-based, problem-solving process. All problem-solving considers academic and behavior (student engagement) together. We have scheduled assessment periods throughout the school year. Administration and teachers analyze all student data for trends and to identify students who require additional
supports. Core (Tier 1) we provide universal reports at the instructional level which include: Research-based, high-quality, general education instruction and support, screening and benchmark assessments for all students, assessments occur for all students, and data collection continues to inform instruction. If less than approximately 80% of students are successful given core, universal instruction, engage in Tier 1 level problem-solving. Targeted (Tier 2) we provide supplemental supports which include: Interventions are based on data revealing that students need more than core, universal instruction, interventions and progress monitoring are targeted to specific skills to remediate or enrich, as appropriate, progress monitoring occurs more frequently than at the core, universal level to

ensure that the intervention is working, and if more than approximately 15% of students are receiving support at this level, we engage in Tier 1 level, systemic problem solving. Intensive (Tier 3) individualized supports which include: Intensive interventions based on individual student
needs, students receiving prolonged interventions at this level may be several grade levels behind or above the one in which they are enrolled, progress monitoring occurs most often to ensure maximum acceleration of student progress, and if more than approximately 5% of students are receiving support at this level, we engage in Tier 1 and Tier 2 level, systemic problem solving. Teachers have common planning time to review results. We also have an AIS/PPT Team in place to evaluate results for students who may require Response to Intervention (RTI). We have provided time for ENL teachers to meet together each week for common planning, instructional planning, and planning of experiential learning opportunities. Administration meets with teachers to review student data and set instructional priorities.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The Early Warning Risk Factors indicated on the Spring 2025 EDAT report where are as follows:
- There are 13 students who have scored 1 or 2 on ELA which is higher than previous years (1 for 2023 and 2024).
- There are 3 students who have scored 1 or 2 on Math

At P.S. 212 most of our former ELLs are will be in first grade in the 2025-2026 school year. These students are the former Kindergarten students who have scored commanding on the NYSESLAT, been identified as non-ELLs based on the NYSITELL or initial interview. We will continue to provide a strong Phonics instruction (Heggerty and FUNdations). In addition, Administration will review benchmark and progress monitoring data (Acadience) with teachers to identify students at risk. Student who are identified at risk will received additional services in a Morning AIS program for as well as small group intervention.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The Home languages of ELLs at PS 212 as identified on the Spring EDAT 2025 are as follows:

Spanish (105 students) is the most commonly spoken home language among our ELLs.
Other languages spoken are Bengali (10), Nepali (3), Chinese (3), Albanian (1), Arabic (1), Hindi (1), Pashto (1), Pilipino (1). Portuguese(1) and Other (1).

Many of our staff speak Spanish including our Assistant Principals, parent coordinator, teachers, secretaries, school aides, paraprofessionals, guidance counselor, social worker, service providers, and psychologist. Some of our staff members also speak Bengali, Hindi, and Urdu. Our parent coordinator hosts many workshops and programs for families where families can speak in English or Spanish and feel comfortable. If staff members are not available, we offer families Translation Interpretation services. In addition, we also offer translation for families at every event. Our school uses School Status Connect as a means of communication between faculty and families. This program automatically
translates messages into the user's home language. Staff regularly communicates with families about learning activities, units of study, and reminders. Our ENL classrooms use a student's home language as an asset. We make connections to the home language using cognates, students use their home language and translanguaging during different learning activities, and they use their native language to express emotions, ideas, and needs. Students are also encouraged to continue speaking and reading in their native language at home.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Majority of our student population are Hispanic (104). We also have Non-Hispanic students, which includes Asian and White (22).

Our school has multiple committees addressing culturally responsive teaching. Our school has partnered with CUNY-IIE (Initiative on Immigration & Education) to help our school address issues concerning immigrant students, home languages, diversity, family outreach, and more. CUNY-IIE has provided and will continue to provide our staff with workshops about culturally responsive teaching. Our staff is trained in LSS (Learning Support System). Their goals are to examine individual implicit bias, remove barriers, and afford the underrepresented subgroups access and inclusion to challenging academic programs that lead to higher education and/or specialized career paths. Workshops are designed to increase understanding of implicit biases, social emotional learning, culturally responsive sustaining education, Habits of Mind and Principles of Learning. We are also a Respect for All school. Through this program, students learn how to respect differences including racial and cultural differences. Our school's Dual Language and ENL teachers planned a Multicultural Month, which students learned about and celebrated the customs, values and traditions of the different cultures in our school. Our school also holds an annual Multicultural Night in May. In addition, we had a South Asian club and invited students in the 4th and 5th grade to participate and learn about different South Asians cultures.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Based on the Spring 2025 EDAT Report, 21/27.6% of our students met ELP growth. There were 47/61.8% of students who did not meet sufficient progress. At P.S. 212, the trend is that our students struggle with reading and writing as they have in past years. In previous years, we have seen that the data shows that general education students who are ELLs tend to acquire speaking and listening skills at a much quicker pace than they acquire skills in reading and writing (regardless of age and home language proficiency). As they are immersed in using English to communicate in all four modalities, our ELLs make steady progress in all areas. Our SWD's who are also ELLs seem to acquire speaking and listening skills at a rate that is fairly consistent with the GE population; however, they don't make progress in reading and writing by grade 2.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Based on the the 2025 NYSESLAT, we have noticed are our ELLs need more support in reading, writing and listening. Speaking after grade 1 strengthens.

As expected, our Entering and Emerging ELLs need additional support in all modalities. Teachers are provided with each student's English proficiency level as well as their modality scores on the NYSESLAT according to the RLAT and the FURBY tool. Teachers are also provided with each student's (if applicable) ELA, Math, and NYSESLAT state test score or it is noted if the student is exempt from taking the ELA or from taking the ELA the previous year based on when the student entered the country. Teachers use this data to differentiate instruction based on each student's needs. We plan to administer the NYSITELL in August and September to new students. We will also review the 2025 NYSESLAT data to update the proficiency levels for students.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The relationship between students' performance on the NYSESLAT and ELA assessments for grades 3, 4, 5 show that ELL proficiency levels directly correlate to student scores and needs on the ELA. Transitioning students received a level 1 score, expanding mostly received a level 2 score, and commanding students were mostly at 3 or 4. According to the NYSESLAT scores for grades 3, 4, and 5, most of our ELLs need more support in writing. According to the math results for grades 3, 4, and 5, most of our ELLs scored a 2 or 3. Most of our commanding scoring a level 3. For ELLs students in K, 1, 2 , these students continue to need support with phoneme letter fluency which correlates with the reading and writing test scores in NYSESLAT.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The 2024 NYSESLAT and NYSITELL data reveal a familiar pattern: speaking and writing continue to be challenging areas for students, mirroring trends from previous years. Historically, General Education English Language Learners (ELLs) demonstrate a notable ability to acquire speaking and listening skills more rapidly than reading and writing, regardless of their age or home language proficiency. This suggests that immersion in an English-speaking environment facilitates quicker progress in oral communication. As ELLs are consistently exposed to and encouraged to use English across all four language modalities (listening, speaking, reading, and writing), they generally show steady improvement across the board. However, a more concerning trend emerges when examining Students with IEPs (SWieps) who are also ELLs. While their acquisition of speaking and listening skills appears to be fairly consistent with their General Education peers, a significant gap appears in reading and writing proficiency. These students often do not make comparable progress in reading and writing by the second grade, indicating a potential need for more targeted interventions and support in these areas.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Here at P.S. 212, we provide ELLs with a high -quality academic experience by making sure our students can access grade level curriculum. ENL teachers provide scaffolding, using visuals, sentence frames, cognates, discussion prompts, interactive activities and use of online resources in English and home language as available. In addition, ELL students will also participate in clubs such as, Kindness club, Green team, Student Council, Theater club, Chorus, Multicultural Dance club, and South Asian club, SEL Art Club, STEAM/Cricut club, PBIS Student Mayors.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our instructional leadership team, comprised of ENL teachers, bilingual teachers and special education teachers. The teachers review the curriculum to meet our ENL students needs. This team also meets with the instructional coaches and administration, to discuss additional supports students may need. Teachers will also share their interventions and how they support ELLs with their grade level colleagues.

At P.S. 212, we currently we have one ENL class in each grade, kindergarten through grade 5. Next year, we will have an additional ENL class on first grade. In our freestanding ENL classrooms all the teachers are: TESOL and Common Branch (K - 6) certified or TESOL, Common Branch (K-6), and Special Education certified (teacher is not in a special education classroom setting).
Students who score at the Entering or Emerging English proficiency level receive 2 units per week (360 minutes): 1 unit in Stand-Alone ENL instruction and 1 unit of Integrated ENL. Students who score at the Transitioning level receive 1/2 unit of instruction Stand-Alone and or 1/2 or 1 unit of Integrated ENL. Students who score at the Expanding level receive 1 unit of Integrated ENL. Students who score at the Commanding level receive 1/2 unit of Integrated ENL.
Stand-alone ENL is instruction to develop English language skills so that students can succeed in core content courses. It is delivered by certified ENL teachers.
Integrated ENL is instruction to build English language skills through content area instruction. It is delivered by a dual certified teacher (ENL and a content area or common branch) or co-teaching by a certified ENL teacher and a certified content area teacher (i.e., English language arts, math, science, or social studies). Both methods of

integrated ENL instruction include content area subject matter and English language development using ENL strategies. All ELLs and former ELLs up to 2 years after exiting ELL status must receive a .5 unit of integrated ENL in a content area.
Our school has a self-contained 50-50 partial immersion model/Two-Way Dual Language Program in Spanish. Students are taught in English and the target language (Spanish) using the alternating-day model. Classes are comprised of 50-60% monolingual English speaking students and 40-50% of monolingual Spanish speaking students/English Language Learners.
English proficient students and ELLs are integrated. We have the self-contained model in grades K-5. Students are integrated all day in all subject areas. The classroom teacher is a common branch teacher K-6 with a bilingual extension.
Our primary language acquisition goals are the development of grade-level-appropriate bilingual and biliterate academic skills in both English and the target language for all students. We are committed to providing a rigorous instructional environment which will provide all of our dual language students to be able to develop into fully bilingual students by the end of grade five in all literacy modalities of listening, speaking, reading, and writing.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

PS 212 offers the following models:
-Integrated model: an ENL teacher works with ELLs in collaboration with general education classroom teachers to provide language acquisition and vocabulary support by using a small set of high utility vocabulary words to build understanding. Out of classroom ENL teachers follow the grade level curriculum and Next Generation Learning Standards, but add extra scaffolds and supports to meet students' needs.

-Stand Alone model: ELLs who spend the majority of their day in all-English content instruction are brought together from various classes for English-acquisition-focused instruction. ENL teachers plan carefully with general education teachers and special education teachers to ensure curricular alignment and continuity of instruction.

-Self-contained model: ELLs are grouped together in an ENL class, usually for the entire school day and for all content instruction. Students are exposed to all grade level content following the Next Generation Learning Standards. Teachers use data from assessments to create scaffolds to help students meet their goals and achieve success. Students are grouped by teachers according to their data (reading levels, math pre-test scores, proficiency levels, etc.) to differentiate instruction.

-Dual Language Program: An ENL component designed to develop skills in listening, speaking, reading, and writing in English. All content-area courses/subjects are taught in the home language and English. A home language arts component is included to develop skills in listening, speaking, reading, and writing in the students' home language while cultivating an appreciation of their history and culture.

With each model, teachers use engaging text with big ideas and rich content. Classroom discussion is centered around the text and focusing on academic language, vocabulary and language structures. In addition, teacher use resources for English Language Development from HMH Into Reading and Envisions Math Program (also available in Spanish). Our Dual language teachers also use the Arriba Spanish reading program to support the academic language acquisition in both languages.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

In every class we cater to all learning styles by providing visual, kinesthetic, and tactile activities to support English Language
Learners.

Technology: We have Promethean Boards in all classrooms. Each classroom has a mini computer lab with laptops. In the
early grades we have an Ipad cart (a full class set) for students to access applications such as Waggle, Amira, and ZEARN. ZEARN is an online program for grades K-5 that focuses on math fluency. SORA and Epic!: virtual libraries where students have access to books on their level. Classes also use DuoLingo for Schools to work on each modality.
Instructional materials: Envisions (mathematics, which also has an online component), Amplify (science), Fundations (phonics grades K-3), Passport to Social Studies, HMH Into Reading, MOSAIC cultural library, Literacy Footprints, and classroom libraries.
Software/programs: AMIRA, Waggle, Envisions 2020 (mathematics), ZEARN (mathematics), SORA and Epic!
Online learning platform: Google Classroom
Hardware: Apple MacBook, Chromebooks and iPads

Our ELLs with IEPs are provided with scaffolds that meet their IEP and ENL accommodations. These scaffolds include building their background knowledge using visuals, realia and making connections to their own experiences. Providing students with sentence frames, graphic organizers, word banks and bilingual glossaries. Whenever possible, peer support will also be provided from classmates who share the same language.

The out of classroom ENL teacher meets with SWiep students both in a stand alone or integrated ENL, in a small group setting. In small group settings, the ENL teacher will provide students with explicit teaching in a targeted area of need, setting an appropriate pace to help students develop their vocabulary and language skills.

b. SIFE

SIFE: Although we do not have SIFE students presently enrolled at PS 212, we will use the data gathered our formative assessments to help close their academic gap by providing explicit small group instruction, targeted to their needs. We utilize the Multilingual SIFE Screener (MLS) from NYSED to identify SIFE students. The MLS is a state-wide diagnostic tool that was created to determine SIFEs' literacy levels in their home language in order to provide or to design appropriate instruction for these students. Teachers provide students with grade level content that is scaffolded to ensure students can access the content by building students background knowledge, making connections to students experiences and using scaffolded text to help access the content. This may include, bilingual or picture dictionaries, translated texts, sentence frames, hands on activities, cooperative grouping and whenever possible the use of the home language. SIFE students will also be provided with SEL (Social Emotional Learning) instruction on a daily basis using The Sanford Harmony curriculum. Students that need additional support will be provided with SEL sessions with a school social worker or Guidance counselor in small group.

c. Newcomers

Newcomer: The majority of students in this subgroup at PS 212 fall into this category. We currently use HMH Reading for grades K to 5, Hergerty and FUNdations for K-3, Instruction is differentiated on a daily basis for all students in our school. Formative and summative assessment data is consistently reviewed and instruction is designed to meet the needs of our students. Students are grouped for small group instruction. We have teachers with multiple certifications who take a newcomers group two to three periods per week for additional small group instruction. During this time teachers provide students with grade level content that is scaffolded to ensure students can access the content. This may include, bilingual or picture dictionaries, translated texts, sentence frames and whenever possible the use of the home language. All students in grades K to 5 are provided with SEL (Social Emotional Learning) instruction on a daily basis using The Sanford Harmony curriculum.

d. Long Term ELLs

Long Term: We do not have students that fall into this ELL subgroup. Students who are identified as Potential Long Term ELLs will be assessed (Acadience, iReady, FUNdations and HMH unit assessments) and provided with explicit instruction is designed to help to close their achievement gap. Should we have long term ELLs, we would have teachers provide students with grade level content that is scaffolded to ensure students can access the content. This may include, building background knowledge, making connections to student experiences, providing bilingual or picture dictionaries, translated texts, sentence frames and whenever possible the use of the home language.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Students are always placed in the least restrictive environment at PS212. We track data and reevaluate throughout the year to ensure that students are properly placed. Our AIS/PPT team regularly meets to discuss the progress and placement of students. Special education teachers work with ENL teachers to plan lessons, build scaffolds, and make sure that student needs are met. ENL teachers provide stand alone services to these classrooms to work with a small group of ELLs with IEPs. Entering and Emerging ELLs who spend the majority of their day in all-English content instruction, including ELLs with IEPs, are serviced by an out of classroom certified TESOL teacher. These students are brought together from various classes for English-acquisition-focused instruction. ENL teachers plan carefully with general education and special education teachers to ensure curricular alignment and continuity of instruction so that grade level curriculum is being taught with scaffolds (vocabulary, sentence frame, accessible materials) for different proficiency levels. The ENL teacher and Special education/classroom teacher work together on the student schedule to ensure that mandates for both ENL services and special education services are met.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Dual Language - Students receive 50% of instruction in the home language (Spanish) and 50% in English, on alternating days. Students are assessed in reading (Spanish) using the . In reading, students are assess in Spanish using the Arriba La Lectura unit assessments. Students are assessed in Envisions math assessments in Spanish. We also assess our Dual Language students in Spanish using the Acadience Reading Espanol and iReady evaluation diagnostic.

ENL - Students receive instruction in English and and home language support they may require to make all content comprehensible.
In each program model we provide home language support through the use of multi-language literature, language

paraprofessionals, bilingual glossaries, cognates and vocabulary development, staff translation and the use of technology in translation apps on the iPad and through Google translate. In math, students are also provided with bilingual resources through Envision Math.

For both Dual Language and ENL classes, students are assessed in other areas of literacy (Speaking and Listening), teacher made rubrics and teacher observations. The iReady math assessment is available for students to support home language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS212, we use a Stand-Alone or Integrated ENL model. Our ENL teachers collaborate with classroom teachers to align and differentiate curriculum to scaffold grade level content. During common planning periods classroom teachers and ENL teachers meet with the grade level teams and literacy or math coach to align and plan lessons to support ENL students. We have a standalone Dual Language program. Our ENL and Dual Language teachers all receive additional coaching and support from our Literacy Coach to support the scaffolding for our ELLs embedded in our new literacy programs, HMH Into Reading and Arriba. Our Math Coach offers support to our teachers in Envisions 2000 math to review scaffolds available for our ELL students.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

All ENL teachers attend workshops provided by the District office, DOE and private agencies during the course of the school year. Teachers turnkey all information learned at these meetings to ENL staff. In addition, all support staff and related service providers participate in our ENL turnkey trainings.

ENL teachers have received and continue to attend professional learning opportunities at the District office, as well as Office of Multilingual Learners city wide workshops, trainings at the UFT, and at universities that address the New York State Next Generation Learning Standards in ELA and Mathematics, methods of instruction, effective strategies in working with ELLs, etc. We partnered with CUNY IIE, Initiative on Immigration and Education. Bilingual and ENL teachers have participated in CUNY IIE professional development series. They will turnkey this information to other classroom teachers and school staff. Additionally, all teachers have been trained by staff developers on how to use the Literacy Footprints, HMH Into Reading including the ELL component, Arriba! for Dual Language, and HMH Into Reading.

At P.S. 212, for grades Pre-K to 5, all classroom teachers use the Sanford Harmony curriculum to deliver SEL instruction daily. We have also partnered with Brainpower Wellness to incorporate self-regulating and calming

strategies, as well as movement to help students focus throughout the day. Teachers receive PL for these programs during our designated PL time. We have also partnered with the Habits of Mind Institute to align the curriculum with our other SEL programs.

These professional development opportunities support teachers in delivering evidenced-based instruction as the activities learned are specifically aligned to the bilingual common core initiative and Next Generation Standards. To meet the needs of our bilingual/dual language classroom, two teachers will attend a series: Collaborating to Share Best Practices in Bilingual/Dual Language Classrooms to engage in action research and visit model sites. To meet the needs of teachers new to working with ELLs, they will attend a New Teacher Support Institute for Teachers of ELLs. Additionally, staff will also attend training at our District's field support center in Scaffolding Writing for ELLs (K-5).

Teachers will be provided training in supporting ELLS with the New York State Next Generation Learning Standards in ELA and Mathematics.

We will continue to send teaching staff and administration to workshops offered by the District office.

Touro College will also be providing workshops about supporting multilingual learners in the classroom for our staff.

We will also offer continuing education credit coursework to all staff via the UFT Teacher Center Trainer, who is also a staff member.

Our ENL team meets monthly to share best practices and/or learn from a colleague about recent trainings they have attended.

Non-pedagogic staff such as the Parent Coordinator and Pupil Accounting Secretary attend district and citywide trainings on the topics of improving parent communication and identifying English Language Learners.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

At PS 212, we engage in Professional Learning Communities that look at student work and keep track of data, patterns, and trends so that planning can be done around the students' areas of difficulty. In order to ensure that the proper/required percentage of time is spent conducting these types of professional learning, we have a file of agendas and attendance sheets that are monitored. Teachers also keep a log of all of their professional development each year from July to June.

The assistant principal as the ELL Liaison and designated ENL teachers will attend District 30 meetings and topics covered will be shared with staff at monthly meetings. Topics to be covered are: compliance with all government regulations, NYCDOE reporting tools, and researched-based topics on ELL pedagogy.

ENL teachers meet monthly to review the requirements of CR Part 154 and effective strategies in working with ELLs.

We will turnkey all ELL trainings to teachers. All teachers and level three teaching assistants are provided with the

Continuing Teacher and Leader Education (CTLE) Individual record to track their progress. Teachers and level three teaching assistants require 15 hours or 50 hours over five years in ELL specific professional development. It is the responsibility of the teacher or teaching assistant to secure these hours. There will be opportunities provided by administration to attend trainings at the District Office and UFT Teacher Center which award CTLE hours. Our UFT Teacher Center offers multiple workshops throughout the year that are ELL specific and allow our school to meet the required 15% ELL-specific professional development for all teachers and 50% for ENL/bilingual teachers.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our benchmark and summative assessments include:
Acadience Reading Diagnostic (formerly DIBELS) for grades K, 1, and 2 to measure phonemic awareness, phonological awareness, blending and segmenting of sounds, nonsense words, fluency, vocabulary and reading comprehension. iReady ELA assessment for grades 3 to 5. Iready Math assessment for grades kindergarten to 5th grade, in English and Spanish as needed. For our Dual Language classes we are using Acadience Reading Espanol in grades K, 1, 2 and iReady evaluation diagnostica for grades 3, 4, and 5. Envisions in English for grades K to 5 measures all math skills as aligned by New York State Common Core Learning Standards for mathematics. Envisions in Spanish for grades K-5 and for newcomer ELLs and Dual Language in grades K to 5 measures all math skills as aligned by New York State Common Core Learning Standards for mathematics. HMH Into Reading (English and Spanish) for grades K to 5 measures students' reading comprehension skills and writing skills in narrative writing, informational writing, and opinion writing across a continuum of skills: overall, leads, transitions, endings, organization, elaboration, craft, spelling, and punctuation. NYCDOE core curriculum for Social Studies assessments. Measures scope and sequence thinking and process skills: thinking skills, research and writing skills, interpersonal and group relations, sequencing and chronology skills, map and globe skills, and graph and image analysis skills. Amplify Science (English and Spanish) for grades K to 5. Measures deep science knowledge and understanding through assessments built around Progress Builds. Through the use of instructionally embedded, multi-modal assessment opportunities and carefully sequenced Progress Builds, we can ensure that every student is achieving the level of understanding required by each unit.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

At PS 212, we use data to guide instruction and support the academic achievement of ELLs by looking at each child's academic history and patterns found in English language proficiency (based on standardized test scores and informal observations and assessments). We also use data from the FURBY/EDAT. By analyzing this data, we are able to determine whether a student has an issue with processing information or is still becoming proficient in the English language. The teachers use ongoing student assessments and tiered instruction for struggling students. We use a Multi-Tiered System of Supports: ENL services are considered a Tier 1 service. Tier 2 is extra exposure to instruction, focused on students' needs and targeted to specific skills. Tier 3 instruction is intensive intervention which consists of one-on-one tutoring or additional special services which are focused on students' needs and targeted to specific skills. These interventions will be progress monitored to determine removal, adapted or intensified.

Interventions are provided in the following core content areas.
Teacher created assessments for grades K to 5 in all subject areas: ELA, Math, Social Studies, and Science in

English and Spanish. These assessments measure skills aligned to Next Generations Learning Standards. Additional rubrics are utilized to determine each student's progress in reading responses (oral and written), written response jots, and oral presentations. All assessments also align to New York State Bilingual Common Core Initiative New Language Arts Progressions and Home Language Arts Progressions. Identified areas of need: phonemic awareness, reading comprehension, writing fluency, vocabulary comprehension, and mathematics problem-solving.

Interventions are provided in the following core content areas.
Teacher created assessments for grades K to 5 in all subject areas: ELA, Math, Social Studies, and Science in English and Spanish. These assessments measure skills aligned to Next Generations Learning Standards. Additional rubrics are utilized to determine each student's progress in reading responses (oral and written), written response jots, and oral presentations. All assessments also align to New York State Bilingual Common Core Initiative New Language Arts Progressions and Home Language Arts Progressions. Identified areas of need: phonemic awareness, reading comprehension, writing fluency, vocabulary comprehension, and mathematics problem-solving.

PS 212 follows the MTSS guidelines by the federal and state government by monitoring all students' progress against core curriculum. We then make recommendations for additional supports in Tiers one, two and three (e.g.,1:1, 1:3) before students are referred.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

We provide a Multi-Tiered System of Supports. We use data-based problem-solving to integrate academic and behavioral instruction and intervention. The integrated instruction and intervention is delivered to students in varying intensities (multiple tiers) based on student need. Our "Need-driven" decision-making process seeks to ensure that school resources reach the appropriate students at the appropriate levels to accelerate the performance of all students to achieve and/or exceed proficiency . All instructional and support services are delivered through a multi-tiered system. Decisions regarding instruction/support are made using a data-based, problem-solving process. All problem-solving considers academic and behavior (student engagement) together. We have scheduled assessment periods throughout the school year. Administration and teachers analyze all student data for trends and to identify students who require additional supports. Core (Tier 1) we provide universal reports at the instructional level which include: Research-based, high-quality, general education instruction and support, screening and benchmark assessments for all students, assessments occur for all students, and data collection continues to inform instruction. If less than approximately 80% of students are successful given core, universal instruction, engage in Tier 1 level problem-solving. Targeted (Tier 2) we provide supplemental supports which include: Interventions are based on Spire, Sound Sensible or ROAR data revealing that students need more than core, universal instruction, interventions and progress monitoring are targeted to specific skills to remediate or enrich, as appropriate, progress monitoring occurs more frequently than at the core, universal level to ensure that the intervention is working, and if more than approximately 15% of students are receiving support at this level, we engage in Tier 1 level, systemic problem-solving. Intensive (Tier 3) individualized supports which include: Intensive interventions based on individual student needs, students receiving prolonged interventions at this level may be several grade levels behind or above the one in which they are enrolled, progress monitoring occurs most often to ensure maximum acceleration of student progress, and if more than approximately 5% of students are receiving support at this level, we engage in Tier 1 and Tier 2 level, systemic problem-solving. Teachers have common planning time to review results. We also have an AIS/PPT Team in place to evaluate results for students who may require Response to Intervention (RtI). Interventions are offered in English. For students with language paraprofessionals as specified on their IEP's, support is provided by the paraprofessional. Interventions for ELA, include small group instruction within the classroom, reading rescue (1 to 1), and RTI provided by an out of classroom teacher. Interventions for Math include small group instruction

within the classroom, RTI provided by the Math coach in small groups and hands on manipulatives are available for students.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

In grades K-5, we use the HMH Into Reading unit assessments for Reading and Writing to assess the literacy levels, comprehension, and reading strategies of the students. In grades K to 2, we use the Acadience Reading Diagnostic (formerly DIBELS) to measure phonemic awareness, phonological awareness, blending and segmenting of sounds, nonsense words, and reading comprehension. In our K, 1, and 2 dual language program we use the iReady evaluation diagnostica and Acadience Reading Espanol to assess their literacy skill in Spanish.. The insight gained by this data gives us an idea of the literacy levels of our ELLs in English and their home language. It shows us their knowledge of print, identification of individual letters and sounds, sight words, spelling capabilities and use of reading strategies as well as unit reading assessments through Arriba la lectura.

Insight is also gained into our ELLs' speaking skills as they retell the stories they've read. This gives the classroom and ENL teacher the information needed to guide instruction and create individual benchmarks. These benchmarks may not be "on grade level" but are adjusted to meet the needs of the students who are acquiring the English language. Assessments measure students' skill levels and determine next steps for instruction. We also have noticed that children who are ELLs-SWD, require instruction that is scaffolded in ways that support both exceptionalities. Additionally, the insight gained allows for data driven Instructional planning. Data that is collected on each student from formative and curriculum-embedded assessments, for example: small group instruction, individualized instruction, and whole class. Students are grouped by reading level to facilitate comprehension of texts, and students are grouped by skill level in phonics to facilitate the development of that skill. Students are grouped by speaking proficiency in a variety of ways, for example entering students may be grouped for a lesson to work on basic speaking skills; yet they may also be heterogeneously grouped by proficiency level to promote class discussions. Students are grouped in all subject areas based on data, (e.g., reading level, English proficiency level, mathematics proficiency level), all to ensure student accessibility to content

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We have a large number of staff members who are proficient in other languages (Spanish, Hindi, Bengali). We utilize these professionals to assist us with translation services. In the event that a student arrives and we do not have the personnel to help, we immediately call the translation unit for assistance. Students in our dual language program are assessed via chapter and unit assessments in ELA and Mathematics (English and Spanish versions). Students in the dual language program also use Estrellita (K-2) to assess phonemic awareness and reading comprehension in Spanish. Dual language students are also assessed in Spanish using iReady evaluacion diagnostica for grades 3-5 and Acadience Reading Espanol in grades K-2. In additional Dual Language classes use Arriba La Lectura reading unit assessments and resources to evaluate home language. Additionally, if a new student is identified as an English Language Learner after taking the NYSITELL, they are administered the Spanish LAB at enrollment which assesses a student's oral comprehension and speaking.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Our summative assessments are: NYSESLAT, ELA, MATH, and SCIENCE state assessments. In addition, benchmark assessments are administered three times per year BOY, MOY, and EOY in Acadience for grades K, 1, and 2, iReady for ELA for grades 3, 4, and 5 and iReady Math for grades K to 5.

Our instructional design has a strong emphasis on foundational skills in Fundations in English grades K to 3, Estrellita in Spanish grades K to 2, Heggerty in English and Spanish in grades K to 2, and Arriba in Spanish for grades 3 to 5 to address phonemic awareness and phonological processing. We focus on reading comprehension and vocabulary development in all grades. We focus on problem-solving skills in mathematics, science, and social studies. Discussions around texts, current events, and math/science/social studies word problems are embedded in daily instruction.

Based upon ELA and NYSESLAT data from Spring 2025 school year:
11 ELLs scored level 1
11 ELLs scored Level 2
5 ELLs scored level 3
The majority of Ells are still approaching grade level standards in reading, writing and speaking.

For the 25-26 we are focusing on reading writing. Reading and writing will be incorporated across all content areas. Students will engage in centers that focus on reading, such as AMIRA and Waggle, phonic centers, buddy reading, writing centers, and journal writing throughout the year. This coincides with the information gathered from the most recent EDAT report. `

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The testing coordinator selects certified TESOL teachers to administer the NYSESLAT.
All ELLs are tested in their own classroom for the listening, reading, and writing sections administered by a TESOL certified teacher.
The speaking sections are tested by another certified TESOL teacher.
Students remain in their classrooms with their certified TESOL teachers throughout the testing period. ELL/SWIEP students are tested by a certified TESOL teacher with accommodations as specified on their IEPs.

The NYSESLAT is scored by a team of certified TESOL or Bilingual teachers. The teachers administering the NYSESLAT receive training. The testing coordinator holds a norming workshop to train teachers on how to score the speaking and writing portions of the NYSESLAT. All materials are secured in a locked room after each scoring session. Scoring is done outside of the school day (before or afterschool) so ENL mandates are met daily with their certified TESOL teacher.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The Testing Coordinator runs the Testing Accommodations report from SESIS. This report specifically outlines all testing accommodations our special educations ELLs receive. Students will be tested in accordance with the testing accommodations indicated, such as separate locations, smaller group size as indicated, test read or scribe. Prior to the NYSESLAT, proctors are informed and provided with the testing accommodations for students.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At P.S. 212 parents are invited to the ELL Parent Orientation Meeting. Parents are asked to sign in and this sheet is scanned and filed electronically in the Critical files documents. At this meeting parents are informed of the ELL program options available for ML/ELL program models (Dual Language, Bilingual Education, Transitional Bilingual Education and English as a New Language). We also inform them of the program models available at our school and offer parents assistant with locating schools that offer programs not available at P.S. 212 school, if requested. Each ML/ELL program model is explained in the parent's or guardian's home language. Every school year, parents are provided with the grade expectation which are aligned to the Next Generation Learning Standards. In addition, TESOL certified teachers meet with families to provide them with student progress and expectations for English Language Learners. Translation at these meetings is provided by a staff member or the use of the translation services line.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At PS212Q, certified TESOL and bilingual teachers individually meet with the parents or guardians of English language learners at
least once a year, in addition to parent-teacher conferences, initial parent orientations, quarterly progress meetings or other
scheduled meetings provided for parents or guardians, to discuss the goals of the program, their child's language development
progress, their child's English language proficiency assessment results, and language development needs in all content areas.
These meetings can be done in person or via Zoom as requested by the parent. This additional meeting includes school staff
necessary to sufficiently inform the parents or guardians about the child's language development in all content areas in English
and in the child's home language in the case of students enrolled in a bilingual education program. Such a meeting is conducted
with a qualified interpreter/translator in the language or mode of communication the parent or guardian best understands. The parents of our ELLs will be invited in for an individual conference to discuss their child's progress, needs and goals. Parents will be provided with their child's NYSESLAT Score Report which provides information about their child's English proficiency in each modality and an overall total English proficiency level. At these meetings, the parents will have an opportunity to express their needs and wants and to make sure we take every step to accommodate these needs. Each TESOL certified teacher who has ELLs has a yearly meeting, other than parent teacher conferences, to discuss each student's progress in English proficiency. Teachers use NYSITELL or NYSESLAT data, as well as any
other assessment data or portfolio pieces to highlight each student's growth and set goals for their continued progress.
Documentation of these meetings will be in the form of attendance sign in sheet and minutes will be recorded at these
conferences. For individual meetings, teachers will maintain the attendance sign in sheet and meeting minutes. Translation
services will be provided if necessary, via phone from the Translation and Interpretation Unit or in person with a qualified
interpreter. Depending upon the preferred language of communication of the parent, translation is provided by a staff member
who speaks that language. If we do not have a staff member, we call the translation services line.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

At PS 212, we adhere to all regulations regarding parental notification requirements for translation and interpretation services. We determine parents' preferred language, maintain records and inform staff. All parent notices that are sent home are either
sent in the parents primary language. Parents are also notified of translation services through signs that are displayed throughout the building. The parent coordinator assists any parents to get the required translation services. As stated before, we have many teachers, paraprofessionals, and school aides who also are available to translate any verbal or written communication. Parents who primarily speak a covered language and who require language assistance receive a copy of the Bill of Parent Rights and Responsibilities. Staff have
printed sheets which list the languages available for interpretation services. We have the iSpeak signage posted in the main
lobby of the school and the main office.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

P.S. 212 parents are surveyed at the beginning of the school year of their preferred language of oral and written communication. All NYCDOE documentation that is provided in the nine languages, is offered to parents. We utilize the DOE Messaging System which translates into several languages. We also use School Status Connect which sends direct messages and schoolwide messages in 100 languages. In addition, a Weekly SMORE newsletter from the principal highlight student learning and special activities. The SMORE newsletter can be translated into 100 languages. A school website is available to all parents that is broken down by grade and classes in all languages. Any information sent home is translated into the parents' home language. Teachers use School Status Connect as a means of communication that translates into 100 languages off their preferred language of oral and written communication. All NYCDOE documentation that is provided in the nine languages, is offered to parents. We have School Status Connect which sends direct messages and schoolwide messages in 100 languages.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At P.S. 212 families of MLs/ELLs are invited to attend our monthly Parent Teacher Association (PTA) meetings. At these meetings families are informed of opportunities to join the School Leadership Team (SLT) and PTA board. Translation in Spanish is provided at these meetings. Translation in other languages can also be provided as requested. In addition, the Weekly SMORE provides information of the monthly Community Education Council (CEC) meetings including the ZOOM hyperlink so families can join the meeting.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school has multiple committees addressing culturally responsive teaching. In previous years, our school partnered with CUNY-IIE
(Initiative on Immigration & Education) to help our school address issues concerning immigrant students, home languages,
diversity, family outreach, and more. Our school will continue to utilize these resources to provide our staff with workshops about
culturally responsive teaching. Our school has also formed a committee to ensure that we are celebrating diversity and inclusion.
Additionally, our Dual Language and ENL teachers planned a Multicultural Month, which students learned about and celebrated
the customs, values and traditions of the different cultures in our school. We have a South Asian Club that meets after school that
all students in the 4th and 5th grades are invited to attend. This club was created to increase awareness and educate students of
the different South Asian cultures, which is a growing population in our school. We are a Civics For All school. Through this program, classes explore and discuss topics that address different cultures, human rights, and being part of a community. We have community partnerships with Western Queens Prevention Services, Cornell Nutrition, and NY Kids Rise who offer multilingual workshops in Active Parenting.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

For the 2025-2026 year, our ENL out of classroom teachers, will provide additional support to our ELLs. This will be in addition to their mandated ENL minutes. Newcomer ELLs will receive additional phonics and literacy support in a pull out model with an ENL teacher in small group. ELLs will also be invited to join the Kindness club and The Green Team. These clubs are also lead by an ENL teacher. Our ELLs will also be invited to afterschool enrichment programs. In addition, there will be afterschool ENL programs with certified TESOL teachers.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Pupil accounting secretary - sets appointments for registration, provides interpretation when needed in Spanish, enters data in ELPC and BNDC screens after informed by administration, sets appointments for families to come in to be interviewed and/or administered the NYSITELL, and provides family/student information to Assistant Principal. Assistant Principal or ELL Coordinator or ELL identification team members meets with parents and students, conducts intake interviews, administers NYSITELL, provides parent orientation meeting, maintains files to be included in cumulative record files, prepares letters for placement in an ENL or Dual language program depending upon parent choice and if the student qualifies for services, administers Spanish LAB when needed, collaborates with pupil accounting secretary to enter in ELPC and BNDC screens, maintains list of ELLs/MLLs for administration and staff, and informs teachers of identified students.

Families and students are interviewed. Based on the completed HLIS form, the parent's preferred language of communication is identified. Parents are informed of their choices by viewing the English Language Learner (ELL) Programs in New York State video and attending an orientation. Some students, who are determined may need services in learning English are administered the NYSITELL. Families are then informed of the results in their preferred language of communication. The student is placed in an ENL class, a Dual language class, or a general education or special education class depending upon the outcome. If a child has an Individual Education Plan (IEP) and a home language other than English, we hold a Language Proficiency Team meeting with the parent to determine if the child should be administered the NYSITELL

The members of the ELL identification team are:

Rita Rosenthal, Assistant Principal
Alyssa Delsoldato, ENL Teacher
Maria Varvatsoulis, ENL Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**

- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The Pupil accounting secretary - sets appointments for registration, provides interpretation when needed in Spanish, enters data in ELPC and BNDC screens after informed by administration, sets appointments for families to come in to be interviewed and/or administered the NYSITELL, and provides family/student information to Assistant Principal. Assistant Principal or ELL identification team members meets with parents and students, conducts intake interviews, and administers NYSITELL. This is primary done prior to the first day of school so that there is a continuity of mandated instruction. The ELL identification team also provides parent orientation meeting, maintains files to be included in cumulative record files, prepares letters for placement in an ENL or Dual language program depending upon parent choice and if the student qualifies for services, administers Spanish LAB when needed, collaborates with pupil accounting secretary to enter in ELPC and BNDC screens, maintains list of ELLs/MLLs for administration and staff, and informs teachers of identified students.

Families and students are interviewed. Based on the completed HLIS form, the parent's preferred language of communication is identified. Parents are informed of their choices by viewing the English Language Learner (ELL) Programs in New York State video and attending an orientation. Some students, who are determined may need services in learning English are administered the NYSITELL. Families are then informed of the results in their preferred language of communication. The student is placed in an ENL class, a Dual language class, or a general education or special education class depending upon the outcome. If a child has an Individual Education Plan (IEP) and a home language other than English, we hold a Language Proficiency Team meeting with the parent to determine if the child should be administered the NYSITELL.

Former ELLS receive all mandated instruction as dictated by CR Part 154. We program students in classes with certified ENL teachers. Some students receive the individual pathway and their teacher collaborates with a certified ENL teacher to ensure continuity of instruction.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Laura Curry

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Olga	Flores	Parent Coordinator - Annual	02/05/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	1	.18%	1	.18%		
BENGALI (BANGLA IN BANGLADESH)	3	.54	9	1.63%		
CHINESE ANY	3	0.52%	2	0.41%		
ITALIAN	1	0.18%	0	0%		
MANDARIN	0	0.00%	1	.18%		
NEPALI	1	0.18%	1	0.18%		
ENGLISH	346	62.79%	340	61.70%		

PASHTO (A.K.A. PUSHTO)	0	0.00%	1	0.18%		
SPANISH	194	35.20%	195	35.39%		
URDU	1	0.18%	1	0.18%		
UKRAINIAN	1	0.21%	1	0.21%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
IEPs	Teacher's ask their parents their preferred language for the IEP document. The request form is sent to the district for translation. Spanish and Bengali staff is available to translate during the meeting. The translation line is also used for other languages.
Weekly parent messages from administration, parent coordinator, etc.	School Status Connect - All staff members utilize this messaging application to communicate with parents. The app translates to the parent's preferred language.
Weekly parent newsletter	SMORE This is the weekly parent newsletter sent by Principal Curry to inform parents of upcoming events. This newsletter is translated into
Parent Teacher Conferences	Use DOE translated versions found on infohub.
School Closures	Use DOE translated versions
Emergency Drills	Use DOE translated versions and DOE Messaging App and or School Status Connect
Attendance and Lateness	Use DOE translated versions and School Messenger robo calls in English/Spanish
Flyers, programs, invitations	School Status Connect All staff members utilize this messaging application to communicate with parents. The app translates to the parent's preferred language.
Parent Handbook	Handbooks are sent out to a translation company.

NYC Schools Account Access	

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
IEP Meetings	Spanish and Bengali staff is available to translate during the meeting. The translation line is also used for other languages.
Parent Teacher Conferences	Spanish and Bengali staff is available to translate during Parent Teacher conferences. The translation line is also used for other languages.
Annual Parent Meetings (ENL)	Spanish and Bengali staff is available to translate during these meetings. The translation line is also used for other languages.
Parent workshops	Parent workshops throughout the school year are offered in English. There are Spanish and Bengali staff available for translation.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At PS 212, we adhere to all regulations regarding parental notification requirements for translation and interpretation services. We determine parents' preferred language, maintain records and inform staff. All parent notices that are sent home are either sent in the parents primary language or stamped *Important - Please translate* written in many other languages. Parents are also notified of translation services through signs that are displayed throughout the building. During any in person meetings with parents, staff members should offer to arrange for interpretation services if the parent seems to be having difficulty understanding English, expressing themselves in English, or responding to questions in English. Staff members are available to translate in Spanish or Bengali. Staff members can us the translation line for other languages.

Our Language Access Coordinator, will provide all staff members with the Chancellor's Regulations A-663. In addition, During Professional Learning, the LAC will present to the staff the language Access resources that are available. Staff members will also be informed of the teachers, paraprofessionals, and school aides who also are available to translate any verbal or written communication. Parents are surveyed at the beginning of the school year of their preferred language of oral and written communication. Survey results will be made available to our staff member. Staff members will also use School Status Connect, a messaging to communicate with families. School Status Connect sends direct messages and schoolwide messages in 100 languages. Families are added to School Status Connect and their preferred language is indicated.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

At PS 212, we adhere to all regulations regarding parental notification requirements for translation and interpretation services. We determine parents' preferred language, maintain records and inform staff. All parent notices that are sent home are either sent in the parents primary language or stamped *Important - Please translate* written in many other languages. Parents are also notified of translation services through signs that are displayed throughout the building. The parent coordinator assists any parents to get the required translation services. As stated before, we have many teachers, paraprofessionals, and school aides who also are available to translate any verbal or written communication. Parents who primarily speak a covered language and who require language assistance receive a copy of the Bill of Parent Rights and Responsibilities. Staff have printed sheets which list the languages available for interpretation services. We have the iSpeak signage posted in the main lobby of the school and the main office. Parents are surveyed at the beginning of the school year of their preferred language of oral and written communication. All NYCDOE documentation that is provided in the nine languages, is offered to parents. We have School Status Connect which sends direct messages and schoolwide messages in 100 languages. We have a robocall system which speaks in English and Spanish.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parents will be asked through a survey to rate the quality and availability of services. This will also be a topic discussed during SLT and PTA meetings. We will make adjustments as needed based on parental feedback.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

At this time, we have not received any additional requests or feedback on how to improve communication. We are going to streamline our messages into a weekly parent bulletin sent via email; which also translates into 100 languages.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

132

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

8

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

For the 2025-2026 school year, we will be offering an Afterschool ENL program for English Language Learners. The program will be taught in person by certified ENL teachers and Bilingual teachers. According to the most recent EDUR, NYSESLAT and NYSITELL data, we currently have

28 Entering Students
27 Emerging Students
29 Transitioning Students
48 Expanding Students

Students will be in groups of 10 by grade and ENL level. During the afterschool program, students will be engaging in content through Mystery Science, Reader's Theater and Zearn for math. The language of instruction for the afterschool program will be English. Student progress will be monitored through teacher observation, running records, and math checkpoints.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

For the 2025-2026 school year, we will be offering an Afterschool ENL program for English Language Learners. The program will be taught in person by certified ENL teachers and Bilingual teachers. According to the most recent EDUR, NYSESLAT and NYSITELL data, we currently have

28 Entering Students
27 Emerging Students
29 Transitioning Students
48 Expanding Students

Students will be in groups of 10 by grade and ENL level. During the afterschool program, students will be engaging in content through Mystery Science, Reader's Theater and phonics. The language of instruction for the afterschool program will be English. Student progress will be monitored through teacher observation, benchmark assessments and unit assessments.

Parents will be notified of the afterschool program in English and the parent's preferred language as indicated on the the HLIS (parent interview and Part 1 and Part 3),Pre-Kindergarten Language Needs Survey, ATS reports (RAPL -

Adult Preferred Language Report), and Blue Emergency Cards. Teachers will take attendance which will be scanned into ATS. Progress monitoring will be done using a pre-assessment and post-assessment for science and math. Teachers will also monitor through observation of student performance.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Number of students by grade:
Kindergarten - 40 students
Grade 1 - 20 students
Grade 2 - 10 students
Grade 3 - 29 students
Grade 4 - 16 students
Grade 5 - 18 students

All kindergarten through fifth grade ELLs will be invited to participate in this program.
Students in these programs will be Entering/newcomers, Emerging, Transitioning, and Expanding ELLs. ELL/SWD ELLs will also participate.

Classes, if possible, will consist of reduced class size of 10-12 students.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Beginning October 2025 through March 2026 the program will run on Tuesday, Wednesday and Thursday afternoons, for approximately of 20, 1 hour, instructional sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction for theTitle III ELL funded programs will be English. Home Language will by supported through translanguaging (Spanish). Students that speak different languages will be provided with materials in their home language.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be a total of 8 teachers in the program. Five teachers are TESOL certified, and three are bilingual certified.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Mystery Science supplemental STEM program.
Readers Theater literacy program.
NYSESLAT Test preparation books.
Lively Letters phonic program

These materials will be exclusively used for Title III and are distinct from what is begin used during the regular school day. These materials will be stored securely in a locked closet.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent**

engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.

We will notify parents/guardians of the programs offered by letter in their preferred language. The letters will be backpacked home 7-10 days prior to the begin date of the program.

Records will be kept electronically. Paper copies will be secured in the Assistant Principal's office in a locked cabinet.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Our instructional focus for 2025-2026 is writing. All teachers will receive training throughout the school year in Heggerty, HMH reading and writing and the Science of Reading to strengthen their skills in assessing reading and writing and providing actionable feedback to all students including English Language Learners and Students with Disabilities. This training will take place during the school day or during the school's professional development time. The provider will be our literacy coach. Teachers will also engage in vertical and horizontal team meetings where they complete a structured review of student writing.
Topics to be covered: Reading strategies, writing process, feedback, assessment of student writing.

Title III Program Specific Professional Development:
All teachers are encouraged to register for trainings as provided by Queens North from July 2025 to June 2026. Teachers who attend turnkey their learning with their colleagues at monthly ENL meetings.

The UFT teacher center also host ENL book clubs to the school staff. This is offered twice a year.

For each professional development session there will be an attendance sheet and an agenda. Records will be kept on file in the principal's professional learning binder.

Professional development that is currently being offered during the school day will be at no cost to the Title III program.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Title III Program Specific Professional Development:
All teachers are encouraged to register for trainings as provided by The Office of Multilingual Learners, from July 2025 to June 2026. Teachers who attend turn key their learning with their colleagues at monthly ENL meetings.

Our instructional focus for 2025-2026 is writing. All teachers will receive training throughout the school year in HMH Into Reading to strengthen their skills in assessing writing and providing actionable feedback to all students including English Language Learners and Students with Disabilities. This training will take place during the school day or during the school's professional development time.
The provider will be our literacy coach.
Teachers will also engage in vertical and horizontal team meetings where they complete a structured review of student writing.
Topics to be covered: writing process, feedback, assessment of student writing.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All Pre-K to grade 5 general education teachers, special education teachers, bilingual teachers, and TESOL certified teachers.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Training for staff begins on September 4, 2025. On Election Day November 4, 2025. On Clerical Day June 5, 2026.

On-going throughout the school year Monday-Friday during professional learning time.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Best practices in engaging English Language Learners and Multi-Lingual Learners in: Social-Emotional Learning, restorative practices, engaging immigrant origin students in affirming identities, scaffolding learning in ELA/Mathematics/Science/Computer Science for All/Civics for All.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Literacy Coach, Math Coach, PBIS members, and Assistant Principals. i-Ready Teacher Trainers, Computer Science for All teacher team, and Civics for All teacher team.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

For the 2025-2026 school year, school staff will sign in for any professional development provided throughout the year. A record of these activities will be maintained in scanned and filed in an online folder. This includes agendas and sign in sheets.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

For 2025-2026, We will also offer some parent workshops via a Zoom platform and in person. These workshops will address the most frequently requested areas of need by parents as indicated on the Parent Surveys from PTA meetings, teacher classroom surveys, and Parent Coordinator outreach. For any workshops, parents will be notified via flyers, our texting communication system School Status Connect, email and posted on our website. Translations will be provided in our parents' preferred language of communication.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

For 2025-2026, We will also offer some parent workshops via a Zoom platform and in person. These workshops will address the most frequently requested areas of need by parents as indicated on the Parent Surveys from PTA meetings, teacher classroom surveys, and Parent Coordinator outreach. For any workshops, parents will be notified via flyers, our texting communication system School Status, email and posted on our website. Translations will be provided in our parents' preferred language of communication.

During Parent engagement time teachers will hold workshops for parents to provide information for SEL activities, Google classroom, Amira, Waggle, Zearn and other online programs.

For each parent workshop there will be an agenda and an attendance sheet. Records will be kept on file in the parent coordinators parent engagement binder. Invitations will be sent in parents' preferred language of communication. This year, 2025-2026, meetings will be held in person or remote as requested by parents.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parent workshops scheduled for the 2025-2026 school year are as follows:

Western Queens Prevention Services - Active Parenting
Wednesdays : 1 hour sessions
September 26, October 3, October 10, October 17, October 24, November 14, November 17, and November 28

Western Queens Prevention Services - Good Choices Series.
Tuesdays: 1 hour sessions
March 5, March 12, March 19, March 26, April 2, April 9, and April 16 and April 30

Cornell Nutrition and Health
Fridays: 1 hour sessions
October 3, October 10, October 24
November 4, November 11, November 18

Social Worker and School Psychologist
Workshops for students with Autism will be offered three times during the school year.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Teachers will provide at least 2 parent workshop to families for Parent Engagement. Topics include: Navigating Google Classroom, Waggle, ZEARN and SEL strategies.

Our parent coordinator will hold workshops on the following topics: Western Queens Prevention Services - Active Parenting, Western Queens Prevention Services - Good Choices Series, Cornell Nutrition and Health.
In addition several on-going workshops will be held for: NYC Kids Rise College Savings Program and how to access NY Schools Account.

Social Worker and School Psychologist
Workshops for students with Autism will be offered three times during the schoolyear.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Workshops will be held by our parent coordinator, Olga Flores and our ENL/Dual Language teachers who participate in the monthly MLL/ENL meetings.

There will be no cost. The parent engagement component is at no cost to the Title III LEP.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents in our school community generally prefer email and/or phone messaging. We are utilizing a program entitled School Status Connect this year which translates all messages into 100 languages. This program helps us to communicate with our parents in their preferred language of communication.

In addition, for in person workshops, translation services will be offered to all parents through teachers, school aides, Parent Coordinator and Paraprofessionals that are paid per session using the translation and interpretation budget allocation.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

For the 2025-2026 school year, families will sign in for family engagement activities. A record of these activities will be maintained in scanned and filed in an online folder.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
