Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Ms. Andujar	Principal	
Maria Ponciano	*United Federation of Teachers (UFT) Chapter Leader or Designee/Staff	
Salvador Reyes / Mayra Moscoso	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
n/a	District Council 37 (DC 37) Representative (staff), if applicable	
Maria Merlin	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for high schools)	
Mr. Marcelo Mendez	CBO Representative, if applicable	
n/a	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
n/a	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Jennifer Leal	Chair Person	
Citadelle Coqueron	Secretary	
Mayra Moscoso	Co-President	
Dr. Dyalma Bracero	Co-Secretary	
Digna Vinanzaca	Co-Treasurer	
Janeth Tenorio	Co-Treasurer	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS 280, we are committed to fostering an equitable, nurturing, and academically rigorous learning environment where all students grow as critical thinkers, compassionate problem-solvers, and informed citizens. Grounded in our core values—Honesty, Excellence, Accountability, Respect, and Teamwork (H.E.A.R.T)—we work collaboratively to promote academic excellence, digital literacy, social-emotional growth, and civic responsibility through tailored instruction and data-informed decisions.

We believe in educating the whole child. Through the Computer Science for All initiative, students gain essential digital and coding skills, preparing them to thrive in an ever-evolving technological landscape. Our integrated use of CASEL's SEL competencies supports the development of self-awareness, empathy, positive relationships, and responsible decision-making—laying a strong foundation for academic and personal success.

Our robust arts and enrichment programs ensure that every child has the opportunity to explore and express themselves through dance, music, visual arts, physical education (PE), STEM, and technology. We also offer extracurriculars such as basketball, soccer, and cheerleading, promoting physical health, teamwork, and school spirit.

We are proud to collaborate with Girls Inc., a program dedicated to student empowerment, particularly for young girls, helping them build confidence, leadership skills, and self-advocacy. During lunch, our guidance team leads SEL-based friendship groups as part of a restructured lunch model aimed at reducing behavioral incidents and strengthening peer relationships. Beginning this year, they will also host monthly anti-bullying and emotional support sessions, offering consistent space for students to build empathy and resilience.

Our commitment extends beyond the school walls. We actively partner with community organizations to provide a network of support for our students and families. We collaborate with 82nd Street Academy, our after-school Community-Based Organization (CBO), to offer extended learning opportunities and enrichment. We also work closely with Catholic Charities to ensure students and their families receive essential services and supports.

Looking ahead, we are excited to launch a new collaboration with Melinda Katz and the Youth Empowerment Department. This initiative will expose students to the workings of the judicial system, helping them understand their rights, civic duties, and the role of justice in society—while encouraging them to envision future careers in law, justice, and public service.

At PS 280, we deeply value strong parent partnerships, open communication, and shared responsibility. Through a holistic approach that blends academic rigor, social-emotional learning, computer science, the arts, civic engagement, and community collaboration, we prepare our students to lead with confidence, compassion, and purpose, ready to make a lasting impact in their communities and beyond.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 280Q, located in the culturally rich neighborhood of Jackson Heights, Queens, is a Pre-K through Grade 5 public school serving 435 students. The school is deeply connected to its community and takes pride in celebrating and supporting its culturally and linguistically diverse student body. Currently, 58.6% of students are English Language Learners (ELLs), with an additional 11% classified as Former ELLs, and a significant proportion of newcomer students (87.5%). With more than 24.7% of ELLs residing in temporary housing, P.S. 280Q is committed to creating a responsive, inclusive, and supportive educational environment for all learners and their families.

Home languages spoken at the school include Spanish, Bengali, Arabic, and Gujarati, with Spanish being the most widely represented. In response to this linguistic diversity, the school ensures that all communication and family outreach is conducted in students' home languages, strengthening engagement and trust across the school community.

To meet the needs of its multilingual learners, the school offers a range of services and instructional settings, including self-contained Spanish Dual Language programming (K–5), ESL-integrated classes, ICT classrooms, and self-contained special education classrooms (12:1:1). These are supported by qualified staff as indicated in the NYS BEDS Survey. Programming is further enhanced by services tailored to students with IEPs and students experiencing housing instability.

A significant addition to the school's multilingual learner support is Liam's Saturday Academy, a dedicated program for ENL students and their families. The academy provides targeted academic instruction and family workshops focused on language development and cultural integration. Families are supported in their own learning as they engage with the same academic themes and skills emphasized in classrooms, fostering meaningful connections between home and school.

In alignment with the school's vision of collaboration and shared responsibility, parent education classes are facilitated by the school's Parent Coordinator. These workshops are carefully designed to align with current instructional practices and curricula, empowering families to actively participate in their child's academic and social-emotional development. The school continues to strengthen its parent engagement strategies with the belief that families are essential partners in student success.

The core values of Honesty, Excellence, Accountability, Respect, and Teamwork (H.E.A.R.T.) serve as the foundation of P.S. 280Q's school culture. This ethos is further embodied through the school's LIONHEART mentality, promoting perseverance, empathy, and academic excellence.

Instructional practices at P.S. 280Q are grounded in collaborative planning, data-driven decision-making, and a shared commitment to high expectations. Weekly teacher inquiry cycles, targeted Tier 2 and Tier 3 interventions, and ongoing progress monitoring ensure that instruction is tailored to meet the diverse needs of learners. The school employs high-quality, standards-aligned curricula, including HMH Into Reading/Writing, Arriba La Lectura, Envisions Math, Amplify Science, and Passport to Social Studies, as well as foundational literacy programs such as Heggerty, From Phonics to Reading, and Wilson FUNdations (pilot). Intervention programs like SPIRE, Sounds Sensible, and Double Dose Fundations are used to provide intensive academic support where needed.

To support early literacy and academic readiness, Acadience is administered as a universal screener in grades K–2, and iReady diagnostics are used across grades K–5 in both ELA and Math. Instruction is further personalized through the strategic use of small-group instruction, guided by real-time data.

The school-wide implementation of Thinking Maps fosters a common language for learning and supports students

in organizing, processing, and articulating their thinking across all content areas. This approach enhances cognitive development and student independence, particularly for multilingual learners.

Social-emotional learning is integrated into the daily routine through the Sanford Harmony SEL curriculum, complemented by initiatives such as Bucket Filling, Cloud 9 Character Education, and a Kindness Tree. These efforts are celebrated in monthly Red Carpet Ceremonies, which honor student achievement, character, and attendance, strengthening a culture of positivity and recognition.

Community partnerships are a vital component of the school's success. Collaborations with Girls Inc., Catholic Health Charities, Cornell University's Health and Nutrition Program, Jackson Heights Beautification Group, and local elected officials enable P.S. 280Q to provide wraparound services that extend beyond academics. These include access to mental health counseling, family health resources, nutrition workshops, Saturday family field trips, and family game nights, creating a holistic model of support.

The school's commitment to extended learning is exemplified by its partnership with the 82nd Street Academics after-school program, offering homework support, enrichment, and S.T.E.A.M. programming. Through a creative collaboration with DISNEY, students have also had the opportunity to showcase their talents through theatrical and musical performances.

P.S. 280Q continues to cultivate a community of learners, educators, and families united by a shared commitment to student growth and success. Through high-quality instruction, strong partnerships, and inclusive programming, the school remains steadfast in its mission to empower every child and every family it serves.

P.S. 280Q, located in Jackson Heights, is a public school that is deeply connected with its surrounding community. PS 280Q has 435 students: Grades PreK-5. Our school has a diverse group of learners: 255 ELLs (58.6%),
48 Former ELLs (11%),
19 ever ells 4.4%,
never Ell's 113 students (26%) and
54 ELL with IEP (21.2%)
223 New comers (0-3 years) 87.5%
Developing ELLs 4-6 years of service 32 (12.5%)

Long term (10) ELL 3.9%, 52 students ELL scoring levels entering and emerging (20.4%)
ELLs in temporary housing 63 students (24.7%)

Briefly summarize the key initiatives your school will implement this school year.

Instructional Initiatives:

For the 2025–2026 school year, our instructional focus will center on strengthening core instruction through staff professional learning. Teachers will deepen their practice of explicit instruction using a gradual release model that encourages productive struggle, while also providing differentiated and targeted support. There will be a continued emphasis on the effective use of assessments and progress monitoring to track student progress and guide instructional adjustments. We will also continue implementation of the following instructional programs: HMH Into Reading/Writing, Arriba La Lectura, Heggerty, From Phonics to Reading, and enVision Math.

Social-Emotional Learning (SEL) Initiatives:
We will continue to support students' emotional well-being through professional learning and the implementation of SEL programs, including Cloud 9 Character Education and Sanford Harmony.

Program Enrichment Initiatives:
Our enrichment efforts will include programs such as Technology/STEM clusters, Dance/Theater (through Clusters and the Arts Initiative), academic enrichment in literacy and mathematics, and Liam's Saturday programs for both students and adults. We are introducing a Science Investigation Club for students in grades 3–5 and expanding our arts opportunities through collaboration with CASA and participation in an Inside Broadway show. Our arts department will lead performances and art shows, providing students with meaningful opportunities to perform and showcase their talents. Additionally, student voice will be emphasized through regular surveys that allow students to contribute to planning events that directly involve them.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
HMH Into Reading/Writing	K-5	Digital & Print Curricula	
Heggerty Phonemic Awareness Program	K-2	Digital & Print Curricula	

Envisions Math	K-5	Digital & Print Curricula	
From Phonics to Reading	K-3	Digital & Print Curricula	
Heggerty Bridge the Gap	3	Digital & Print Curricula	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
School Year 2024-2025 Beginning of Year (BOY)i-ready ELA – 57 students tested: 61% (35) Well Below Benchmark 26% (15) Below Benchmark 9% (5) At Benchmark 4% (2) Above Benchmark Middle	Inconsistent analysis and use of data to inform small group or targeted instruction.	Provide targeted professional development on early literacy, phonological awareness, and use of Acadience data. Provide comprehensive professional learning in early literacy practices and the Tier 2 programs such as Sounds Sensible, S.P.I.R.E. (e.g., phonological awareness, decoding, use of data).

of Year (MOY) – 41 students tested: 71% (29) Well Below Benchmark 22% (9) Below Benchmark 3% (1) At Benchmark 5% (2) Above Benchmark End of Year (EOY) – 48 students tested: 60% (29) Well Below Benchmark 15% (7) Below Benchmark 17% (8) At Benchmark 8% (4) Above Benchmark majority of K students consistently perform Well Below Benchmark throughout the year. There was minimal improvement from BOY to EOY in the number of students reaching At or Above Benchmark (from 13% to 25%). A significant portion of the class did not make adequate progress, indicating a systemic issue with early literacy development. (2024-2025)		
Kindergarten A majority of students remained Well Below Benchmark throughout the year. Small gains in students reaching At or Above Benchmark by EOY (from 13% to 25%). Suggests foundational reading skills are not being developed adequately. Grade 2 BOY: 55% of	Inconsistent intervention systems — interventions may start too late, be too shallow, or lack alignment with student needs.	Ensure all students receive daily, explicit instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension aligned to the Science of Reading.

students were Well Below Benchmark, despite being in their third year of schooling. EOY: 42% still Well Below, though there was gradual improvement over the year. Students reaching Above Benchmark increased from 18% (BOY) to 22% (EOY). 42% of students are One Grade level below. (29 students)		
In Grade 3 of the students who took the grade 3 ELA test, 42% (28 out of 66) scored a level 1; 39 % (26 out of 66) scored a level 2;15% (10 out of 66) scored a level 2; 15% (10 out of 66)scored a level 3; (2 out of 66) scored a level 4. In Grade 4, 29% (18 out 63) scored a level 1;37% (23 out 63)scored a level 2; 21%(13 out of 63)scored a level 3; 14% (9 out of 63) scored a level 4.	High Percentage of Students Scoring Level 1 and 2 Grade 3: 81% (Level 1 + 2) Grade 4: 66% (Level 1 + 2) Indicates many students are not meeting grade-level expectations. Suggests foundational reading and comprehension skills may be weak. Low Percentage of Proficient or Advanced Students Grade 3: 18% (Levels 3 + 4) Grade 4: 35% (Levels 3 + 4) Signals limited success in moving students to higher performance tiers.	In Grade 3 of the students who took the grade 3 ELA test, 42% (28 out of 66) scored a level 1; 39 % (26 out of 66) scored a level 2;15% (10 out of 66) scored a level 2; 15% (10 out of 66)scored a level 3; (2 out of 66) scored a level 4. In Grade 4, 29% (18 out 63) scored a level 1;37% (23 out 63)scored a level 2; 21%(13 out of 63)scored a level 3; 14% (9 out of 63) scored a level 4. " identify root causes and priority needs Based on the data provided for Grade 3 and Grade 4 ELA test scores, we can analyze performance levels, identify root causes, and determine priority needs. Summary of Student Performance Grade 3 (Total: 66 students) Level 1 (Below Basic): 42% 28 students Level 2 (Basic): 39% ? 26 students Level 3 (Proficient): 15% 10 students Level 4 (Advanced): 3% 2 students Grade 4 (Total: 63 students) Level 1 (Below Basic): 29% 18 students Level 2 (Basic): 37% ? 23 students Level 3 (Proficient): 21% 13 students Level 4 (Advanced): 14% 9 students Root Cause Analysis High Percentage of Students Scoring Level 1 and 2 Grade 3: 81% (Level 1 + 2) Grade 4: 66% (Level 1 + 2) Indicates many students are not meeting grade-level expectations. Suggests foundational reading and comprehension skills may be weak. Low Percentage of Proficient or Advanced Students Grade 3: 18% (Levels 3 + 4) Grade 4: 35% (Levels 3 + 4) Signals limited success in moving students to higher performance tiers. Slight Improvement from Grade 3 to Grade 4 There’s growth, especially in Level 4 scores (3% ? 14%) and a drop in Level 1 scores. Indicates some gains but not yet sufficient to close learning gaps. Possible Curriculum Misalignment or Instructional Gaps High proportion of students at Level 1 may point to: Misaligned curriculum with standards Ineffective Tier 1 instruction Limited intervention or differentiation Potential Gaps in Early Literacy Development Grade 3 is often when students transition from "learning to read" to "reading to learn." Struggles here may reflect gaps in phonics, fluency, vocabulary, and comprehension skills from earlier grades. Immediate Intervention for Level 1 Students Implement targeted small-group or one-on-one interventions Focus on foundational reading skills Strengthening Tier 1 Core Instruction: Ensure daily high-quality, standards-aligned instruction Incorporate data-driven strategies and formative assessments Professional Development for Teachers: Training on differentiation, use

		of formative data, and literacy strategies Coaching to support instruction across all levels of learners Progress Monitoring and Early Identification: Use regular benchmark assessments and screeners Identify students in need of Tier 2 and Tier 3 support early Family Engagement and Support: Provide resources to families for at-home literacy practice Encourage consistent reading habits outside school.
Core lessons may not consistently address all levels of rigor. Instruction may emphasize procedural fluency (e.g., memorization, basic recall) more than conceptual understanding or application. Inconsistencies in lesson design, pacing, or scaffolding may leave gaps for students who need additional supports.	Inconsistent instructional rigor Lessons may not consistently reflect the depth and complexity of grade-level standards. Students may not be regularly engaged in higher-order thinking or problem-solving.	By June 2026, the percentage of students meeting or exceeding grade-level proficiency in ELA and Math as measured in state exmins and school-based screeners will increase by 5 percentage points, through consistent implementation of rigorous, standards-aligned Tier 1 instruction that promotes critical thinking and problem-solving.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	56	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 56 to 5, of Key Celebrations: Significant growth in students performing at or above grade level: Increased from 10% to 23% (more than doubled). Totalof 56 additional students are now at grade level or higher. Reduced the most at-risk group ("3+ grade levels below") from 13% to 8%. 21students made major progress out of this high-risk category. General upward movement from all below-grade-level categories, indicating systemwide progress. Next Steps: 35% of students are still one grade level below—the largest group. These students need targeted Tier 1 and Tier 2 instructional strategies to continue accelerating. 22% (14% + 8%) remain significantly behind (2+ grades below). These students require intensive interventions, likely with multi-tiered supports (MTSS) and increased language/reading intervention time. on the ELA I-Ready.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

At PS 280 will focus on strengthening the instructional core supports within the curriculum by using Explicit Instruction in classrooms. We will also continue to provide teachers Professional Learning to support modeling, explicit instruction, differentiating instruction and creating specifically design instruction that meets the needs of students. We will implement and identify proper use of Tier 1 supports within the classroom. We will provide professional learning to all teachers with utilizing intervention based programs such as Sounds Sensible, SPIRE, Florida State resources and use the I-ready Teacher Tool kit with small groups of students. In addition, we will engage teachers in data dives designed to help teacher identify the needs in their classes so that they can deliver targeted data driven instruction to all students. Additionally, focus on sub-groups when analyzing data and progress monitoring. Grades K-2 will use Acadience to Progress Monitor and Grades 3-5 will use I-ready to progress monitor.

Root Cause Addressed:

Inconsistent analysis and use of data to inform small groups or targeted instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning: Provide targeted professional development on how to incorporate early literacy phonological awareness skills in tier 1 support using the Acadience in grades K-2 to make inform decision when planning target instruction.
Provide targeted professional development that will assist teachers to analyze the data and using this they can assigned targeted lessons that meet the needs of all students.

For K-5 Tier 2 & Tier 3 Supports: Provide intensive professional development for teachers in Sounds Sensible and S.P.I.R.E
Students will engage in small groups activities that are data driven to meet the needs of students.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

At the end of each iReady Reading Benchmark Assessment, grade-level teams will participate in data meetings with administration. The goal of each meeting will be to create a 6-week action plan. Each grade will identify strengths as well as areas of academic need. Data analysis protocols will be implemented to support teachers in identifying grade, class and individual student needs.

HMH Into Reading End-of-Module assessment will be used to supplement the iReady Reading Benchmark assessment data.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	09/30/2024	We will use the Family-School Relationships Survey to gather feedback while effectively engaging parents.	Parent Coordinator and School Team
09/09/2025	11/03/2025	Engage families in the use of I-ready so they can use i-ready with their children	Parent Coordinator and School Team
10/01/2025	05/31/2026	Family Engagement Pride activities: During this time families will engage in a series of activities design to create home school connections that will allow them the opportunity to learn more about the ELA /Math programs used in school that they can use home with their children.	Parent Coordinator and School Team
02/14/2026	04/25/2026	ENL Parent Classes Afterschool /Saturday	School Teachers
10/28/2024	11/04/2025	IEP/SBST team workshop	School Teachers
01/23/2026	01/23/2026	Literacy Night HMH Kick-off	School Teachers
02/09/2026	06/01/2026	Parent Technology Workshop Series Host AM and PM sessions	Technology Teacher

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Technology Specialist, ENL Teacher, SEIT Teacher, SBST Team, Teachers

Instructional Resources

Computer Lab, ENL Parent Resources, Instructional Guides, I-Ready for parents

Schedule Adjustments

Activities will take place afternoon with the PC/ Create Prep Schedule that ensure all teachers with their classes during Family Pride,

Other Resources Needed

Technology, Handbooks

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
OORS reports involving student-to-student incidents during Recess and Lunch Periods	Classroom management Equip staff and students with skills for preventing and responding to crises, such as violence or emotional distress.	Implement regular training for staff on de-escalation techniques, mental health first aid, and emergency response procedures.Staff training (LSCI)
Increase number of bullying and cyberbullying incidents	Implement and maintain comprehensive anti-bullying programs that address all forms of bullying (physical, emotional, and cyber).	Train staff, educate students, create clear reporting channels, and ensure quick interventions

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	30	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20 Decrease, in percentage of incidents occurring in the cafeteria and recess area from 30 to 20, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Ensure equitable and supportive disciplinary practices that are restorative, culturally responsive, and align with the school's commitment to social-emotional well-being and equity.
Key Strategy:
The school will use disaggregated discipline data from the Online Occurrence Reporting System (OORS) to assess and adjust our disciplinary policies and practices. The strategy will focus on understanding and addressing the root causes of inequities in student discipline, with a focus on restorative and culturally responsive approaches.

Progressive Action Steps:
Data Analysis and Reflection:

Monthly Safety Committee meetings will be held, where school leadership, counselors, and support staff collaboratively analyze OORS reports. The data will be disaggregated by subgroup (e.g., race, gender, disability status) to identify trends and potential inequities in disciplinary actions.

Patterns or disparities identified in the data will trigger targeted interventions, which will be aligned with restorative and supportive practices.

Targeted Interventions for Specific Student Subgroups:

Restorative Circles and Community Chats: When certain groups (e.g., students of color, students with disabilities) are disproportionately affected by disciplinary measures, restorative circles will be implemented to engage students in conversations about their lived experiences. These circles promote empathy and understanding while fostering conflict resolution skills.

Girls Inc. Groups: To support female students, Girls Inc. groups will be organized to focus on social-emotional learning (SEL), confidence-building, and mentorship. These groups will provide space for empowerment and peer connection.

Friendship Groups & Check-In/Check-Out Programs: During lunch and throughout the school day, students will have access to Friendship Groups and Check-In/Check-Out Programs, which provide consistent emotional and behavioral support. These programs are designed to create a safe space for students to build relationships and address any

emotional needs.

Professional Development for Staff:

Implicit Bias and Culturally Responsive Classroom Management: Staff will receive targeted professional development focused on recognizing and addressing unconscious bias, cultural misunderstandings, and how to implement restorative practices. This training will support staff in responding to behavior in a fair, consistent, and culturally sensitive manner.

Trauma-Informed Care: Training on trauma-informed care will ensure that staff understand the impact of trauma on students' behavior and emotional well-being. This approach will guide staff in providing appropriate responses to students who may be affected by trauma.

Restorative Room for Emotional Support:

A designated Restorative Room will be available for students who need a space to self-regulate and address their social-emotional needs. This room will offer a restorative space where students can reflect on their behavior and engage in strategies to regain emotional control.

Priority Needs Addressed:
Equity in Discipline: The data-driven approach aims to identify and address disparities in disciplinary actions across different student subgroups. Disaggregating the data will ensure that interventions are equitable and meet the needs of students who may be disproportionately impacted.

Social-Emotional Learning: SEL programs and targeted interventions are designed to address the root causes of behavioral issues, focusing on students’ emotional well-being and personal growth.

Staff Capacity for Restorative Practices: Providing staff with training in trauma-informed care and culturally responsive practices addresses the root cause of inconsistencies in behavioral responses. This ensures that staff are equipped to support all students fairly and effectively.

Measuring Success:
To measure the success of these actions and interventions, the following metrics will be used:

Behavioral Data:

OORS reports will be regularly analyzed to track trends in student behavior. Success will be indicated by a reduction in disciplinary referrals and a more balanced representation of disciplinary actions across subgroups.

Student Feedback:

Surveys and focus groups will be conducted to gather feedback from students, particularly those involved in targeted interventions. Questions will focus on their perceptions of the restorative practices, the support they receive, and their overall sense of safety and inclusion.

Staff Feedback:

After each professional development session, staff will complete surveys to assess whether their understanding of restorative practices and bias awareness has improved, and how they plan to apply this learning in the classroom.

Academic and Behavioral Outcomes:

We will track the academic progress and behavioral improvements of students who participate in SEL interventions and restorative practices. Improvement in grades, attendance, and reduced behavioral incidents will serve as indicators of success.

Continuous Improvement:
Ongoing Data Review: The Safety Committee will continuously review OORS data and refine action steps as necessary. If new patterns emerge or if interventions are not yielding the desired results, new strategies will be developed.

Iterative Staff Training: Staff professional development will be ongoing, with regular opportunities for reflection, learning, and growth. The training will evolve to meet the emerging needs of students and staff.

Conclusion:
P.S. 280Q's approach to addressing behavioral issues through restorative practices, targeted SEL interventions, and professional development is designed to ensure that all students are supported in a manner that is equitable, fair, and culturally responsive. By using data as a tool for reflection, we are committed to creating a supportive school environment that empowers students to thrive both academically and emotionally.

Root Cause Addressed:

Lack of Restorative Practices: Insufficient Opportunities for Reflection and Accountability: Without restorative practices like circles or community chats, students may not have the space to reflect on their actions and engage in dialogue to repair relationships, leading to unresolved issues and recurring behavioral problems.

Staff Capacity in Supporting Social-Emotional Learning (SEL):

Inconsistent Approaches to SEL: There may be a lack of structured programs or tools to support students' social-emotional development across the school. This leaves some students without the necessary skills to manage their emotions, leading to behavioral challenges that are not effectively addressed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monthly Data Review & Reflection Action: Convene monthly Safety Committee meetings with school leadership, counseling team, and support staff to collaboratively analyze OORS (Online Occurrence Reporting System) data. Purpose: Identify trends and disparities in student behavior, particularly by subgroup (e.g., race, gender, disability), and assess the effectiveness of current disciplinary policies. Outcome: Share findings with the guidance department and administration for further action planning and support.
Implement Targeted Restorative Practices Action: Introduce Restorative Circles and Community Chats for students identified through data analysis as being disproportionately impacted by disciplinary practices. Purpose: Provide a safe space for students to share their experiences, discuss behaviors, and foster understanding between students and staff. Outcome: Reduce punitive measures and focus on healing, accountability, and conflict resolution.

Provide Social-Emotional Learning (SEL) Programs Action: Create Girls Inc. groups to support female students through social-emotional learning, confidence-building, and mentorship. Action: Launch Friendship Groups during lunch and Check-In/Check-Out Programs led by guidance counselors and social workers to provide consistent emotional and behavioral support. Purpose: Offer structured opportunities for students to build emotional regulation skills, form positive relationships, and receive consistent support throughout the day. Outcome: Foster resilience and emotional well-being, particularly for students who may struggle with isolation or behavioral challenges.
Data-Informed Action Plans Action: Based on the OORS data review, develop action plans that are tailored to address the specific needs of student subgroups showing patterns of disproportionality in disciplinary outcomes. Purpose: Ensure that interventions are targeted and effective for the students who need them most. Outcome: Provide equitable support and interventions to students based on identified patterns in the data, fostering a more balanced and restorative school culture. Ensure the Guidance Counselor and Social Worker built in

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Restorative Room for Emotional Regulation
Action: Provide students with a Restorative Room to self-regulate and receive social-emotional support.

Monitoring Structures:

Restorative Room Logs: Track student usage of the room, including reasons for visiting and time spent there.

Staff and Student Check-ins: Gather feedback from students who use the room and staff who interact with them afterward.

Data/Evidence:

Student Reflections: Surveys or interviews with students who use the room to assess its effectiveness (e.g., "Did the restorative room help you calm down?").

Behavioral Data: Monitor the reduction in behavioral incidents or disciplinary actions for students who use the restorative room versus those who do not.

Impact: Measure if students who use the Restorative Room show improvements in behavior, emotional regulation, and overall well-being.

Monthly Safety Committee Meetings
Action: Convene monthly meetings with school leadership, counselors, and support staff to review OORS reports and assess the effectiveness of current interventions.

Monitoring Structures:

Agenda and Minutes: Keep detailed records of the discussions and action steps decided in each meeting.

Data Analysis: Review disaggregated OORS reports (by subgroup, behavior type, etc.) to identify patterns of disproportionality in discipline.

Data/Evidence:

Disciplinary Data: Trends in referrals, suspensions, or other disciplinary actions for different student subgroups.

Action Plan Adjustments: Documented changes or additions to interventions based on data review.

Impact: Monitor how well interventions address patterns of inequity and determine if any adjustments are needed.

Staff Professional Development
Action: Provide ongoing professional development on culturally responsive classroom management, implicit bias, trauma-informed care, and restorative practices.

Monitoring Structures:

PD Attendance Logs: Track staff participation in professional development sessions.

Post-PD Evaluations: Gather feedback from staff on the usefulness of the training and their ability to apply new

strategies.

Data/Evidence:

Staff Surveys: Collect feedback on how staff are applying what they've learned in the classroom, including shifts in classroom management strategies and student engagement.

Classroom Observations: Conduct follow-up observations of classroom practices to assess whether staff are incorporating restorative practices, trauma-informed strategies, and culturally responsive methods.

Impact: Determine whether staff are more confident in implementing restorative practices and culturally responsive strategies, and if these changes positively affect student behavior.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/27/2026	Family SEL workshops Monthly Family Pride Create opportunities for families to support the Social-Emotional Learning (SEL) efforts at home and participate in related activities. Monitoring Structures: SEL Workshops for Families: Organize workshops or informational sessions for families to learn about SEL and how they can support their child's emotional development at home. Resource Sharing: Provide families with resources and strategies (e.g., conflict resolution tips, emotional regulation tools) that they can use with their children. Data/Evidence: Workshop Attendance: Track the number of families who attend SEL workshops or informational sessions. Home Practice Surveys: Survey families to determine how frequently they are using SEL strategies at home and whether they feel confident in supporting their child's emotional growth.	School Guidance Team Catholics Charities

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration; Guidance Department; Parent Coordinator

Instructional Resources

School-based SEL program & Cloud 9 Library resources

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the iReady Math End-of-Year Diagnostic, 31% of our students in grades K-5 are proficient and performing Mid or Above Grade Level in the mathematical domain of Algebra and Algebraic Thinking.	Foundational Skills Deficits: Weak number sense: Students struggle to understand numerical relationships impacting their ability to grasps variables and expressions. Additionally, limited access to differentiated instruction and insufficient conceptual teaching and lack of progress monitoring. 35% are one grade level below in Grades K-5	Algebra and Algebraic Thinking: Use of number talks to build mental math strategies. To address the instructional gaps, provide targeted small group instruction based on data. Incorporate and focus Math Shift 1-Beginning with sensemaking.
Based on the i-Ready Math End of Year Diagnostic 25%	Lack or visual or hands-on learning opportunities, missed chances to use tools like	Geometry: Use of manipulative and models; Small groups re-

of our students in grades K-5 are proficient and performing Mid or Above Grade level in mathematical domain of Geometry; 17% are performing on early on grade level	geometry and manipulatives. Additionally, limited access to differentiated instruction and insufficient conceptual teaching and lack of progress monitoring.	teaching of geometry concepts and hands-on application experiences. Incorporate and focus Math Shift 1-Beginning with sensemaking.
Based on the i-ready Math End of Year Diagnostic 60% of our students in grades K are are not proficient according to I-ready in Number and Operations.	Poor conceptual understanding of operations	Develop strong number sense;Incorporate and focus Math Shift 1-Beginning with sensemaking.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Kids Rise: increases as students advance through the grades (from 19% in Kindergarten to 60.6% in 5th grade) Grade # Participants BB1	This might indicate a lack of awareness or access to the	The gap in participation in the early grades (K and 1) should be addressed to ensure that students don't miss out on the program's potential benefits. This could involve: Targeted awareness campaigns for parents and teachers. Clearer onboarding materials for parents in Kindergarten and 1st Grade, highlighting the program's benefits. Encouraging school-based initiatives to engage families early on.

% # BB1 $NYC Schol Accts K 58 19.0% 11 $6,125 1 68 44.1% 30 $7,713 2 65 41.5% 27 $7,403 3 93 38.7% 36 $10,484 4 69 52.2% 36 $9,363 5 66 60.6% 40 $9,378 Grand Total 419 43.0% 180 $50,465	program at the earlier stages, which is crucial for ensuring that students build financial habits from an early age.	Financial Literacy and Support: There may be a need for financial literacy education at the school level, particularly in earlier grades. Ensuring that families understand how the program works and how to maximize the benefit of their accounts would improve overall outcomes. Could involve workshops for parents, more hands-on support from teachers, or easy-to-understand digital resources that show how to contribute to and manage the NYC scholarship accounts.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	19%	P.S. 280 Qwill address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the Percentage of active college savings account for All Students will Increase by 10% from 19% to 10% as measured by NYC RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Action Steps:
Create and Distribute Parental Financial Literacy Kits:

Action: Design and distribute Financial Literacy Kits for parents of students in all grades, with a focus on Kindergarten and 1st Grade. The kits would include easy-to-follow guides, video tutorials, FAQs about the Kids Rise program, and tips for making small contributions toward their child's account.

Timeline: By the end of the first quarter of the school year.

Responsible: School Communications Team, Parent Engagement Coordinator, Financial Partners.

Root Cause Addressed:

Limited engagement from parents, especially in lower-income households, due to lack of awareness and understanding of how to contribute to the program.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Equip parents, especially those with Kindergarten and 1st-grade students, with the knowledge and tools to engage with the Kids Rise program and make financial contributions toward their child's account.

Distribution Strategy: Action: Distribute the Financial Literacy Kits to parents via multiple channels. Email Distribution: Send digital kits to parents via email (if contact info is available). School Website: Upload the kit on the school's website for easy access. Physical Distribution: Send home printed kits with students or make them available at the school's front desk. Parent-Teacher Meetings: Distribute physical copies during in-person or virtual meetings with parents, especially during orientation or Back-to-School nights. Social Media Outreach: Post links to digital kits on the school's social media channels to ensure maximum visibility. Timeline for Completion: 1 week after kit design. Responsible Parties: School Communications Team, Parent Engagement Coordinator.
Parent Engagement and Follow-up: Action: Ensure parents are engaging with the kits and the Kids Rise program. Host Virtual Q&A Sessions: Organize virtual sessions where parents can ask questions about financial literacy and the Kids Rise program. Provide Ongoing Support: Create a dedicated contact (email/phone) for parents to reach out with questions. Follow-up Communication: After one month, send a follow-up email or survey to check in on parents' understanding and satisfaction with the kit. Use feedback to refine future kits. Reminders for Contributions: Send periodic email reminders or text notifications about the importance of contributions to the Kids Rise account. Timeline for Completion: Ongoing, starting immediately after kit distribution. Responsible Parties: Parent Engagement Coordinator, School Communications Team.

Key Strategy 2 (Optional):

Promote the Kids Rise Program School-Wide

Root Cause Addressed:

Build Awareness and Improve Participation Across All Grades

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish School-Wide Campaign to Promote the Kids Rise Program: Action: Launch a school-wide campaign to increase awareness of the Kids Rise program, especially targeting early grades (K-2). This could involve student-led initiatives like posters, assemblies, and classroom discussions, as well as targeted communication to parents via newsletters, school apps, and parent-teacher meetings. Timeline: Within the first month of the school year (ongoing throughout the year). Responsible: School Administration, Parent Coordinator, Guidance Team Offer Incentives for Early Participation:
Provide incentives such as small rewards or recognition for students in K-1 who enroll in the Kids Rise program early. For example, reward students with a certificate or a classroom "savings challenge" competition. Timeline: Fall Semester (initial push). Responsible: Teachers, Principal, Student Council. Incorporate Kids Rise into School Events:

During major school events (e.g., Parent-Teacher Conferences, Back-to-School Nights), host informational booths or presentations specifically about the Kids Rise program and how to enroll. Invite students to participate in sharing what they have learned about saving and the program itself. Timeline: Throughout the school year (integrated into major events). Responsible: Event Organizers, Teachers, School Leadership.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Parent Engagement: Track the number of parents who attend informational sessions, open houses, and events where the Kids Rise program is promoted (via sign-in sheets, attendance logs).

Incentive Tracking Group: Teachers and Student Council representatives will track the number of students in K-1 who enroll early in the Kids Rise program and participate in related challenges.

Weekly Enrollment Reports: The Kid Rise enrollment coordinator will track student participation on a weekly basis, comparing early enrollments to general enrollments.

Collect data on how many students participated in the "savings challenge" competition or received rewards, including the types of incentives that were most motivating.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	09/18/2026	Parent Workshops: Host informational workshops for parents to explain the Kids Rise program, its benefits, and how they can support their child's participation. These workshops can focus on financial literacy, the importance of saving, and how to track progress in the program.	Kids Rise/Parent Coordinator/teachers/ Social Worker
09/18/2025	06/26/2025	Regular Updates: Provide regular updates to parents via newsletters, school apps, and social media channels. This can include reminders about deadlines for enrollment, tips for engaging their child in financial learning, and success stories from students in the program.	Kids Rise/Parent Coordinator/teachers/Social Worker
		Parent-Teacher Association Meetings: Dedicate a portion of PTA meeting to discussing the Kids Rise program, offering materials, and answering questions. Have program representatives available to speak to parents directly.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, AP, Teachers, Kids Rise Rep

Instructional Resources

Kids Rise, Financial Lessons for teachers, posters

Schedule Adjustments

Morning sessions with PC/Afternoon sessions

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Family Engagement: Schools offering outreach programs see an increase in family engagement (attendance at	Families might not be aware of available support programs or	Outreach and Support Programs: For families who may be new to the educational system, or have limited experience with the public school

workshops, communication with teachers, participation in school events).	how to access them due to poor communication from the school or lack of effective outreach strategies.	system, offering family workshops and support networks would be beneficial. Topics might include understanding the school curriculum, parent rights, and how to support children academically at home.
Difficulty navigating school systems due to unfamiliarity with educational norms, curriculum, and expectations. Increased absenteeism or disengagement from school activities if parents are unable to effectively advocate for their children or support their education at home	Families from diverse backgrounds may have difficulty understanding the educational system due to language barriers or different educational experiences in their home country.	Family Support Services: Some families might need more than just academic support; they might require social services, food assistance, mental health support, or help with navigating housing. Offering referrals and connections to community resources could support family stability, which in turn impacts student success.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	20	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Percentage of parents attending Parent Engagement Sessions will Decrease by 5 from 20 to 10 as measured by Parent Coordinator Activity Reports.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parent Education and Empowerment

Organize family workshops and information sessions that are informative yet simple to understand.

-Provide training sessions on how parents can support their child's learning at home (e.g., effective homework strategies, understanding report cards, etc.).

Create a resource guide for parents that covers frequently asked questions about the school system, such as enrollment, special education services, and understanding school policies.

-Increased Parent Involvement in School Activities

Create opportunities for parents to engage in school activities, from volunteer programs to attending school events.

Establish regular “open houses” or parent-teacher conferences where families can engage directly with educators and school administrators.

Assess Family Needs and Barriers
-Conduct surveys to identify the specific needs and concerns of families, particularly those new to the educational system or unfamiliar with public schools.
-Plan how to distribute information (e.g., via text messages, printed materials, local community centers) in culturally relevant ways.
- Organize and Implement Workshops
Start by offering basic workshops on topics like understanding the curriculum, student rights, and how to track academic progress. Focus on practical, hands-on learning.
-Ensure workshops are available in various formats (e.g., in-person, virtual) and languages, and that they are scheduled at times that accommodate working families.

Assess language barriers, technology access, and knowledge gaps regarding

-Technology Access and Literacy

Offer workshops to help parents develop basic technology skills, so they can navigate school websites, online portals, and educational apps.

Provide resources for families who may not have access to computers or reliable internet connections, such as offering school loaner laptops or mobile hotspots.

Root Cause Addressed:

Lack of Familiarity with the Education System
Complexity of the System: Public schools often have intricate structures, policies, and processes (e.g., enrollment, grading, special education services) that can be overwhelming to families unfamiliar with them. Parents who have not been involved in the educational system may struggle to understand how it works.

Language Barriers
Limited Access to Resources in Native Language: Non-English-speaking families may struggle to find translated materials, making it difficult to understand critical school information such as policies, curriculum details, and parent rights.

Communication Gaps: Even if materials are translated, there may be challenges in communication between non-English-speaking parents and teachers or school administrators. This creates further barriers to engagement.

Parents may work long or irregular hours, making it difficult for them to attend parent-teacher conferences, workshops, or school events.

"Family Support Services: Some families might need more than just academic support; they might require social services, food assistance, mental health support, or help with navigating housing. Offering referrals and connections to community resources could support family stability, which in turn impacts student success."

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Streamline Communication and Information Translate Key Documents and Resources: Ensure all essential school materials (e.g., enrollment forms, report cards, newsletters) are available in multiple languages.
Distribute Information through Multiple Channels using Remind and DOE Gama messages: Use text messages, social media, community centers, and local media to reach families. Tailor communication to preferred methods (texting for younger families, printed flyers for older families).

Build Parental Education and Literacy Programs Host Parent Workshops on School Processes: Create workshops to educate parents about the school system, understanding report cards, curriculum, student rights, and how to support their children academically at home.
Educational Support Sessions for Parents: Hold ongoing workshops focused on supporting children with homework, literacy development, and other key academic areas.
Create a Welcoming School Environment: Ensure the school environment is inclusive and welcoming to families of all backgrounds, with signage in multiple languages and representation in school materials.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Surveys/Feedback from Parents:

Frequency: Conduct surveys at least twice a year (fall and spring) to gauge parent engagement, satisfaction, and perceptions of the school's inclusivity.

arent Attendance at School Events:

Data Points: Track attendance at parent-teacher conferences, workshops, school activities, and meetings.

Impact Measurement: If attendance increases, this could indicate better engagement and a more inclusive school climate. If attendance is low in specific communities, additional outreach strategies may be required.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/18/2025	06/25/2026	Parent Workshops: Organize regular workshops where parents can voice concerns, provide feedback, and collaborate with the school on decision-making, such as curriculum planning or school improvement efforts.	SLT/ Admin/ Parent Coordinator
09/04/2025	06/25/2026	Regular Updates & Transparent Communication: Provide clear, regular updates to parents on school activities, academic progress, and upcoming events through newsletters, texts, emails, or a school app. Communication should be timely, consistent, and available in multiple languages to reach all families.	Admin/ Parent Coordinator/Teachers/Catholic Charities
09/04/2025	06/25/2026	Workshops on Supporting Student Learning: Provide workshops or resources to help parents support their children's academic development at home.	Parent Coordinator/ Teachers/Catholic Charities

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Admin, Catholic Charities

Instructional Resources

Technology resources, computers, ELA, Math and NYSELAT Resources

Other Resources Needed

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Insight Data	Families are not actively engaged in their children's education, parents' work schedules, lack of educational resources, or language barriers	Provide flexible parent-teacher meeting times (e.g., evenings or weekends) to accommodate varying work schedules. Offer online platforms or apps that allow parents to track their child's progress and communicate with teachers. Organize parent workshops or informational sessions that focus on how parents can support learning at home.
Insight	Increase access to school-	Catholic Charities/Having on-site counseling and therapy services

/Survey	based health services, including physical and mental health resources, and collaborate with local health clinics to support student wellness.	reduces the need for students to miss school for external appointments, providing an immediate support system./Collaborating with Catholic Health so they can offer students access to more specialized care that may not be readily available within the school. This can include services like dental care, vision care, or specialized mental health therapy.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

At P.S. 280Q, we believe consistent school attendance is essential for academic success and long term student growth. Our attendance improvement strategy is built on daily monitoring, targeted outreach, family engagement, and student incentives, with a strong emphasis on maintaining open communication and building trust between the school and the community.

- Attendance is taken daily using INSIGHT, ensuring accurate and timely reporting.
- Automated calls and text messages are sent to families whose children are marked absent, notifying them in real time and encouraging prompt follow-up.
- We maintain clear and consistent communication with families to ensure they are informed and supported in addressing attendance concerns.

Targeted Support for Chronically Absent Students

- Our Attendance Team identifies chronically absent students those who have missed 10 or more of instructional days and develops individualized support plans.
- Dedicated school aides are assigned to call the homes of absent students every day, documenting each outreach effort in a central log. This ensures accountability and allows us to track family responses, identify trends, and follow up on unresolved issues.
- By sharing the responsibility across the attendance team and involving school aides in the daily contact process, we ensure that no student slips through the cracks and that families feel continuously connected and supported.

Building Strong School-Community Partnerships

- Our daily outreach helps to bridge the gap between school and home, building trust and showing families that we care deeply about their child's well-being and success.
- In cases where attendance issues stem from external challenges, our guidance counselor, parent coordinator, and social worker collaborate with families to provide appropriate resources and interventions, including transportation assistance, mental health referrals, or schedule adjustments.

Incentives and Recognition

- To encourage and celebrate strong attendance, we are implementing a system of monthly awards and incentives for students with excellent or improved attendance.
- Recognition may include:
- "Attendance All-Star" certificates

- Monthly celebrations or shoutouts
- Grade-level competitions or class-wide rewards

Root Cause Addressed:

Chronically absent students

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Attendance team meetings
Award system to recognize students
Monthly celebrations
School staff outreach when parents dont bring child into school

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In school year 2025-2026 we will be continuing to work with the families and stay connected when students are absent, holding meetings with the team twice a month to stay on track and have incentives for students to come in to school by having rewards and 100% attendance certificates.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

For the 2025-2026 academic school year, PS280Q will ensure to provide clear guidelines , trainning and ongoing and targeted professional development to teachers, paraprofessional and Related Service Providers on Specially Designed Instruction (SDI) that is aligned to students specific needs.

Root Cause Addressed:

Incosistent use of IEP school based checklist, lack of trainning in IEP development and finalizing IEP's, SDI instruction is generalized and not specific to student needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development for SDI instruction for staff including paraprofessionals and service providers.
Create an online database for progress monitoring student goals.
Conduct IEP reviews while icreasing teacher and service providers participation through a system or rotation.

Key Strategy 2 (Optional):

For the 2025-2026 academic school year, we will implement MTSS structures using Acadience and I-ready Data by mid-September.

Root Cause Addressed:

inconsistent implementation of RTI systems, referral process

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Beginning of the school year orientation for referral process and ongoing special education check-in.
Weekly SIT and PPT meetings to discuss students referred for MTSS, initials or re-evaluations.
Beginning od the year implementation of MTSS.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

For 2025-2026 school year, PS 280 will create a yearly calendar to outline Benchmark points to review the weekly progress monitoring of MTSS in Acadience. We will track the progress to make Data driven desicions

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Phonics Tier 2	Two Grade-levels below	Sound Sensible	Small Group	During MTSS period	YES
Phonics Tier 2	Two Grade levels below	S.P.I.R.E.	Small Group	During MTSS period	YES
Phonics Tier 3	Three Grade Levels below	S.P.I.R.E.	Small Group	During MTSS period	YES
Phonics Tier 3	Three Grade Levels below	Sound Sensible	Small Group	During MTSS period	YES

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
At risk counseling (Tier 2 & 3)	Teacher Request, parental request, academic data and attendance	Sanford Harmony curriculum and activities	Small group and one-to-one	During school	yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At PS280Q we share the essential components of a Multi-Tiered System of Supports (MTSS) with families through a variety of communication and engagement strategies. These are designed to foster collaboration and understanding of the needs and goals of our students.

Our first step is clear communication which we accomplish through our newsletters, Class Dojo, and parent teacher conferences which include overviews of MTSS, explaining the purpose, structure of Tier 1, Tier 2, and Tier 3, and how it supports all students.

Next we provide regular updates on student progress. Families receive updates about their child's performance, including academic and behavioral data, interventions in place, and progress monitoring results. During these parent meetings teachers introduce MTSS using concrete examples and visual aids. Weekly family engagement sessions also provide opportunities for teachers and parents to discuss MTSS strategies and individual student supports.

We engage in a collaborative decision making process by ensuring families are invited to be part of problem-solving teams or student support meetings, particularly for Tier 2 and Tier 3 interventions. Additionally, surveys and parent feedback opportunities enable us to gauge family understanding of MTSS and to improve communication practices. Materials and meetings are provided in families' home languages and translation services. Through these steps PS280Q staff members help bridge cultural or language barriers and ensure equitable access to MTSS information.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 (targeted) or Tier 3 (intensive) interventions typically receive updates through a structured and ongoing communication process. Families are provided with biweekly progress reports and monthly meetings and workshops to discuss students progress. These updates are essential to ensure collaboration between the school and family, and to monitor the effectiveness of the interventions.

Families can receive updates in a report form, electronically via email or classdojo, or updates can be discussed during meetings. These meetings ensure transparency and provide an opportunity for parental input.

Families receive updates on their child's academic progress through various digital communication platforms such as DOE messaging, PS 280 website, instagram, class dojo, and parent square. In addition, phone calls or emails are also used for Individualized Education Plan (IEP) Meetings. Families receive updates through IEP meetings, which include specific progress monitoring data and goals tailored to the child's needs.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families play a critical role in the decision-making process for students receiving Tier 3 intensive intervention, which is the most individualized and intensive level of academic or behavioral support in a Multi-Tiered System of Supports (MTSS) or Response to Intervention (RTI) framework.

Before Tier 3 support begins, families are often informed about the student's needs, previous interventions at Tiers 1 and 2, and the need for more intensive support. We often seek parental support to ensure a collaborative approach where strategies are shared so they can be done at home.

Parents are informed of the data, what it means, how progress is measured, and whether the intervention is showing effectiveness. Families are included in the intervention planning meetings so that their voice is heard. Families are provided with resources, tools, and home-based activities to extend learning or behavior support beyond the classroom.

Parent insights about their child's behavior, learning styles, home environment, and history are used to guide intervention design or modifications. Regular meetings occur with families to review student progress and deciding whether to continue the current intervention and/or to modify parts of it. Families help determine the next steps and can advocate for changes or raise concerns.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

69 STH

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

STH populations often experience frequent school changes due to unstable housing.

Chronic absenteeism is significantly higher among STH students than their housed peers. Barriers to regular attendance include transportation issues, unstable housing, lack of access to hygiene or clothing, and unmet mental health needs. At PS280Q we provide transportation assistance (e.g., bus passes), establish attendance intervention teams focused on STH needs.

The following STH monies on Galaxy are allocated for the following items. The following items are purchased for students: school uniforms, backpacks, coats, socks, gloves, hats, pijamas, pants/sweats, and school supplies. Parents are also assisted with: medical referrals, mental heath resources/establishments, workshops, and ESL classes.

We just began and will complete the school boutique that will have supplies for parents who need support.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The trends show that STH students face challenges that require multi-tiered and sustainable supports. Effective interventions go beyond academics and must address the whole child, including basic needs, emotional well-being, and continuity of educational experience.

We are committed to providing comprehensive, trauma-informed, and accessible support services to individuals and families experiencing homelessness. For the 2025-2026 staff members will receive training in trauma-informed practices through the use of LCSI.

The following STH monies on Galaxy are allocated for the following items: school uniforms, backpacks, coats, socks, gloves, hats, pajamas, pants/sweats, and school supplies.

We assist parents with: medical referrals, mental heath resources/establishments (Catholic Charities), workshops (Cornell Nutrition), and ESL classes (Saturday Academy).

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Not Applicable

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Not Applicable

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Not Applicable

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Not Applicable

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy at is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 280Q, Home of the Lionhearts, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

The goal is to build strong partnerships between schools and families to improve student academic achievement. PS 280Q will support parents and family members of Title I students by: providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology; providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children; fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress; providing assistance to parents in understanding City, State and Federal standards and assessments; sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand; providing professional learning opportunities for parents to improve communication skills in order to build stronger ties between parents and other members of the school community. In addition, as a Title 1 school parents are informed during our annual meeting of Title 1 services, how funding is used, and their rights as it pertains to their child's education.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation are annually revised and updated through school surveys and feedback forms that will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will: actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact; engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills; ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact; support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills.

To reinforce the school's parent and family engagement policy, PS 280 will maintain a Parent Coordinator to serve as a liaison between the school and families. The Parent Coordinator is a point of contact between the school and families, shares information about school policies and events, as well as helping parents navigate the school system. The parent coordinator organizes workshops, parent-teacher meetings, and events to increase parent involvement in addition to encourage and support parent participation in school activities and decision-making. Parent workshops are based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office; conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home; provide opportunities for parents to help

them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report.

In alignment with the school's parent and family engagement policy, PS280Q will host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA. We will schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions; translate all critical school documents and provide interpretation during meetings and events as needed.

Our school’s plan for implementing effective parent and family engagement activities to improve student academic achievement and school performance include but are not limited to: parent workshops and information sessions, CASEL competencies and SEL supports,
iReady data chats to inform parents about students’ strengths and providing resources, understanding of curriculum (HMH Into Reading/Arriba la Lectura, Heggerty, From Phonics to Reading), IEP process and Services rendered, foundational skills, NYS ELA, Math, iReady assessments and NYSESLAT, math skills and strategies/foundational skills, at home academic support, using technology to support academics, college and career readiness.

Encouraging School-Level Parental Involvement

Encouraging school-level parental involvement is essential for student success and building a strong school community.

Improving communication by providing regular updates via newsletters, emails, apps like ClassDojo, Parent Square or Instagram, and school websites to keep parents informed. We ensure to provide communication in multiple languages spoken in the community.

The school will further encourage school-level parent and family engagement by: hosting educational family events/activities during parent engagement time throughout the school year; encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council; supporting or hosting family day events; establishing a Parent Resource Center; providing instructional materials for parents.

For the upcoming 2025-2026 school year, the Parent Coordinator will be creating a lending family resource center. The Parent Coordinator will continue to encourage more parents to become trained school volunteers; providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress; developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress; providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 280Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

Parents and teachers will engage in family workshops that support grade specific content. Assemblies and virtual townhalls will be held for all stakeholders to understand the school-wide expectations and goals. All stakeholders will engage in data chats to monitor and provide support in the areas of need to promote student achievement.

It is our shared commitment that as a school we will provide all stakeholders with the following;
1. high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating students to meet the State's student academic achievement standards as follows:
2. opportunities for family/guardian-teacher conferences during which this compact will be discussed as it relates to the individual student's achievement. Specifically, those conferences will be held: 4 times during the school year
3. reports to families/guardians on their students' progress.
4. accessible forms of communication with staff for families/guardians. Specifically, staff will be available for consultation with families as follows: every Tuesday for parental engagement. Communication via class dojo, website, and a monthly grade parent newsletter.
5. opportunities for families/guardians to volunteer and participate in school events and classroom activities.

Parents and guardians will commit to supporting their child's learning in the following ways:

- Ensuring attendance.
- Tracking and supporting the completion of assignments.
- Volunteering to support my student's school and/or classroom.
- Participating in decisions related to their child's education.
- Staying informed about their child's education by promptly addressing all notices from the school or the school district and responding, as appropriate.

Students will commit to the following:
- Complete their assignments and ask for help when they need to.
- Participate in out-of-school enrichment (i.e., sports, clubs, community service).
- Share all notices and information that they receive from the school with their family/guardian every day.
- Complete my assignments and ask for help when I need to.
- Participate in out-of-school enrichment (i.e., sports, clubs, community service, part-time job or internship).
- Share all notices and information that I receive from my school with my family/guardian every day.
- adhere to ROAR expectations.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

The school we will continue to provide iReady parent workshops/data chats that will deepen their understanding of the usage and navigation of the Digital platform which provides then access to the data, the opportunity to analyze and interpret the data and monitor and track the growth of their child through out their educational journey. This workshop series will be conducted by a iReady specialist along side school staff.

In addition, teachers will meet with parents (virtually or person) to inform them of specific areas of strength and improvement. These data chats will include time spent on iReady, proficiency and area of need.

The school will send home an individual student report to each family/guardian about the performance of their child's iReady diagnostics in both reading and math for Beginning, Middle and End of year. Parents will receive a monthly grade newsletter to stay informed and encourage students to continue working on skills they have learned in the classroom. iReady instructional absolutes have been established to ensure students are using the iReady platform at least 30 minutes a day so that their children practice specific reading and math skills that meet their individual needs.

Parents will participate in the following workshops in order to provide at home support;
-SEL supports
-SEL data chats to inform parents and all school staff regarding students' strengths and providing resources
-Understanding of Curriculum, IEP process and Services rendered
-Literacy continuum/ Foundational skills
-NYS ELA, Math, Diagnostic Screeners, Acadience, iReady assessments and NYSESLAT
-Math skills and strategies/Foundational Skills
-At home academic support
-Using technology to support academics
-College and Career Readiness

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- Monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;

Try and don't give up when you don't understand a task ask for help

- complete my homework and submit all assignments on time;

- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

. wear my uniform

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Phonics & Phonemic Awareness Instruction
Mathematical Discourse
Differentiated Learning for English Language Learners and Students with Disabilities
Oracy in the classroom
SDI - Specially Designed Instruction

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

In order to transition for pre-school students, PS 280Q - Home of the Lionhearts will:
- host parent orientations: in-person & virtual
- prepare and send family packets with school information and first-day materials
- implement Acadience screener for all newly enrolled Kindergarten students and administer NYSITELL (to eligible students)

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	366,166	x	5C
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal	22,602	x	5C LEP
Title III, Immigrant	Federal			
Title IV, Part A	Federal	19,980	x	5C
Tax Levy (Fair Student	Local	4,312,712	x	5C 6

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Barbara Andujar
Assistant Principal (Where Applicable)*	Peter Mazun
English as a New Language (ENL) Teacher*	Jennifer Leal
Teacher (if school has a bilingual program must be a bilingual teacher)*	Dyalma Bracero
Parent/Guardian*	Salvador Reyes
Teacher	Kimberly Villacis
Parent Coordinator	Kayla Champion
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

17

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

11

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

12

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

9

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

435

Total number and percentage (%) of current ELLs:

255 58.6%

Total number and percentage (%) of former ELLs:

48 11.0%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

223 87.5%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

32 12.5%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

54 21.2%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In our Stand-alone ENL program, ELLs receive English language instruction taught by a NYS certified TESOL teacher, in order to acquire the English language needed for success in core content. Certified ENL teachers deliver targeted instruction in reading, writing, listening, and speaking aligned with the NYS Next Generation ELA Standards and NYSESLAT Performance Level Descriptors. Instruction is scaffolded to meet students' language proficiency levels and aims to accelerate English acquisition. Teachers ensure that multiple entry points, technology and various scaffolds (modeling, bridging, schema building, contextualization, text representation and metacognition) are used in all lessons. The Stand-alone ENL program provides instruction in English with home language support, emphasizing English language acquisition. Students in the Stand-alone program can come from different language backgrounds, and English may be the only common language among the students.

As per CR Part 154, there are 2 types of ENL classes. Stand-alone ENL is a dedicated English language development class led by a New York State–certified ESOL teacher. It focuses solely on English language learning, reading, writing, speaking, and listening, with the goal of preparing students to succeed in core content classes (ELA, Math, Science, Social Studies). Teachers deliver instruction to develop English language skills so that ELLs can succeed in core content courses. Our certified ENL teachers use data to guide small group instruction, embed one-to-one help and provide formative and constructive feedback. ELLs are grouped by proficiency levels/modalities based on student needs. The data drives the flexible grouping in every classroom and helps address the gaps in learning.

The use of technology has had a positive impact on student learning and teacher instruction. Teachers and students will continue to utilize the learning platform Google Classroom to expand on language development through videos. Videos from HMH Into Reading/Arriba la Lectura, enVisions Math and BrainPOP ELL, will be available to all students to ensure multiple entry points and reinforcement of skills. Small group instruction will be data informed and include student's language proficiency levels/modalities need.

Differentiation for English Language Learners (ELLs) involves tailoring instruction to meet their language development needs while still promoting content mastery. Some examples of differentiation may include scaffolding vocabulary by pre-teaching vocabulary with visuals, using sentence starters, using graphic organizers, chunking text with guiding questions, oral language practice through the use of think pair share and flexible grouping. Differentiation will be supported through the use of tools like Google Slides and Canva. ELLs will be supported in all four modalities using instructional resources from the school's curricula, assigned lessons through Google classroom and iReady. Other language building activities will be used such as "Language Power" to support in the development of their reading, writing and listening skills.

ENL services are provided according to CR Part 154 Units of Study (1 unit = 180 minutes per week).
Entering/Emerging (Beginner/Low Intermediate):
1 unit (180 minutes) Stand-Alone ENL
1 unit (180 minutes) Integrated ENL (usually in ELA)

Total: 360 minutes per week

Transitioning/Expanding (Intermediate/Advanced):
0.5–1 unit (90–180 minutes) Integrated ENL, often delivered through ELA co-teaching
0.5 unit (90 minutes) Stand-Alone ENL (if needed)
Total: 180 minutes per week

Integrated ENL:

Integrated ENL combines English language instruction with core subject content, often co-taught by an ESOL teacher and either a dually certified teacher or content specialist. In our Integrated ENL program students receive ENL strategies through core content areas (ELA) and in English language development including home language supports and appropriate ENL scaffolds. Teachers ensure that multiple entry points, technology and various scaffolds (modeling, bridging, schema building, contextualization, text representation and metacognition) are used in all lessons.

As per CR Part 154, there are 2 types of ENL. Integrated ENL is taught by either 1 dually certified teacher (ENL and a content area) or 2 individually certified teachers (a certified ESOL teacher and a certified content area teacher i.e., English language arts, math, science, and technology) whom are co-teaching. Integrated ENL is instruction to build English language skills through content area instruction. Both methods of integrated ENL instruction include content area subject matter and English language development using ENL strategies. All ELLs and former ELLs up to 2 years after exiting ELL status receive the mandated number of units of integrated ENL. Small groups are created within the classrooms to ensure that differentiation of modalities. Students are grouped by proficiency levels/modalities based on student needs. The data drives the flexible grouping in every classroom. In addition we created an ENL support to provide mandated number of units of integrated ENL.

The use of technology has had a positive impact on student learning and teacher instruction. Teachers and students will utilize the learning platform google classroom. Videos are available for all students aligned to HMH Into Reading, enVisions Math and BrainPop ELL. Small group instruction will be data informed and include student's language proficiency levels/modalities need. Differentiation will be supported through the use of digital tools such as Microsoft Translator which allows live conversations in multiple languages and that is useful for newcomer ELLs. We also use BrainPOP ELL since it engages students visually and linguistically. We use i-Ready which provides diagnostic assessments and individualized instruction. This digital tool allows us to progress monitor our ELLs. Google classrooms assignments and activities will support students in the development of their reading, writing and listening skills.

ENL services are provided according to CR Part 154 Units of Study (1 unit = 180 minutes per week).
Entering/Emerging (Beginner/Low Intermediate):
1 unit (180 minutes) Stand-Alone ENL
1 unit (180 minutes) Integrated ENL (usually in ELA)
Total: 360 minutes per week

Transitioning/Expanding (Intermediate/Advanced):
0.5–1 unit (90–180 minutes) Integrated ENL, often delivered through ELA co-teaching
0.5 unit (90 minutes) Stand-Alone ENL (if needed)
Total: 180 minutes per week

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

DLBE is a two-way program where instruction is split roughly 50% in English and 50% in a partner language (Spanish).
Students are immersed in grade-level content in two languages, English and Spanish, and thus, language is explicitly taught in service of content and literacy development. The goal of our program is academic achievement, bilingualism, and bi-literacy.

In our Dual language program, we currently use the alternate week model. Students are provided instruction in one language for one week and then in the other language the following week, alternating weekly. Instruction is not translated but builds upon the previous week. Teachers make explicit connections between the languages to ensure content understanding. Instruction is alternated between English and Spanish on a weekly basis, for example, one week is in English and the next week is in Spanish by a dually certified teacher (Common Branch/Bilingual Cert Extension). There are also several ways to structure classroom schedules effectively. Our schedule follows an A/B-week model. With this structure, students spend an entire week learning in one language, and the next week in the other language (Spanish). This offers continuity in one language for the entire week.

Instructional approaches include but are not limited to (modeling, bridging, schema building, contextualization, text representation and meta-cognition). Small groups are created within the classroom. Students are grouped by proficiency levels/modalities based on student needs.

For the 2025-2026 school year, we are considering changing to one of the following programs alternate day or roller coaster model. In alternate day program students engage in one language of instruction all day and switch to the other language the following day. In the roller model students are provided with instruction in both languages daily, where instruction is in one language in the morning and switches to the other language in the afternoon. The next morning, they continue in the language of instruction of the previous afternoon, then switch to the second language in the afternoon. This model provides an opportunity for students to engage with both languages every day.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At P.S.280Q we ensure that all students in the ENL and ELA programs are receiving the mandated number of instructional units by a dually certified TESOL/ESOL and common branch teacher. Students receive the mandated number of instructional minutes according to their proficiency levels. Teachers ensure to include this in their daily schedules and adhere to the mandated minutes. In using our current curriculum, resources and data students receive ENL, instruction that meets their mandated minutes. They do this through whole group, small group and one to one instruction.

In our ENL program teachers use learning objectives, language objectives, thinking maps, academic vocabulary, and research based curriculum that support ENL students throughout all content areas to ensure to meet the required minutes. Teachers have six 50 minute blocks that ensure students at all proficiency levels are receiving their required minutes. Teachers provide Home Language Arts (HLA) support to students who require it. For example, English Envisions Math along with Spanish Envisions math.

In our Dual Language program every teacher provides instruction in both English and Spanish with the needed resources. Teachers use language objectives, Thinking. maps, academic vocabulary, and research based curriculum that support our Dual language students throughout all content areas to ensure to meet the required minutes. Teachers have six 50 minute blocks that ensure students at all proficiency levels are receiving their required minutes. Teachers provide HLA support to students who require it. For example, English Envisions Math along with Spanish Envisions Math.

At PS280Q we ensure that that each English Language Learner receives the mandated instructional minutes based on their proficiency level and chosen program model (Stand-alone ENL, Integrated ENL, Transitional or Dual Language Bilingual) via a robust compliance structure.

In accordance to NYSED regulations (CR Part?154-2) and state-mandated ENL units of study, students in K-5 are assigned weekly minutes according to proficiency level. Our entering & emerging ELLs receive 2?units (360?min). Our transitioning, expanding, and commanding (former) receive 1?unit (180?min) with additional flexible minutes for former ELLs. We ensure to program ENL minutes in STARS and assign each ELL and former ELL the required ENL units/minutes by level. Our monthly EDUR reports and the "EDAT" tool allows us to monitor compliance and track ENL minutes.

Proficiency Level	Total Number of ENL minutes	Standalone	Integrated ENL	Content Area
Entering	360	180	180 integrated ENL/ELA	0
Emerging	360	90	180 integrated ENL/ELA	90
Transitioning	180	0	90 integrated ENL/ELA	90
Expanding	180	0	180 integrated ENL/ELA	or other content area 0
Commanding	90	0	90 integrated ENL/ELA	or other content area 0

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In our ENL, DL, English Language Arts (ELA) and Home Language Arts (HLA) programs, every teacher provides instruction in both English and Spanish with the needed resources. Teachers use learning objectives, language objectives, technology, thinking maps, academic vocabulary, and research based curriculum that support our Dual language students throughout all content areas to ensure to meet the required minutes. Teachers have six 50 minute blocks that ensure students at all proficiency levels are receiving their required minutes. Teachers provide HLA support to students who require it. For example, English Envisions Math along with Spanish Envisions Math.

Standalone ENL Program Model:
Our ENL Instructional Minutes are delivered through Integrated ENL (co-taught or push-in in content classes) and/or Standalone ENL (a separate class focusing on English language development).
ELA: General education ELA classes; ELLs receive Integrated ENL support in ELA (e.g., co-teaching or push-in).
HLA: Not provided in this model.

ENL Instructional Minutes:
Based on ELL proficiency level:
Entering/Emerging: 360 minutes/week (e.g., 2 periods/day)
Transitioning: 180 minutes/week
Expanding: 180 minutes/week
Commanding (former ELLs): 90 minutes/week (for 2 years)

Dual Language (DL) Program Model
Our ENL Instructional Minutes are delivered through Integrated ENL, often during content area instruction (e.g., ELA or Social Studies).
ELA: Taught in English as part of a balanced 50/50 language model (English and partner language).
HLA: Delivered as ELA in the partner language, considered Home Language Arts for students whose home language matches the partner language.

ENL services are provided according to CR Part 154 Units of Study (1 unit = 180 minutes per week).
Entering/Emerging (Beginner/Low Intermediate):
1 unit (180 minutes) Stand-Alone ENL
1 unit (180 minutes) Integrated ENL (usually in ELA)
Total: 360 minutes per week

Transitioning/Expanding (Intermediate/Advanced):
0.5–1 unit (90–180 minutes) Integrated ENL, often delivered through ELA co-teaching
0.5 unit (90 minutes) Stand-Alone ENL (if needed)
Total: 180 minutes per week

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At PS280Q, our Dual Language program 50% of instruction in is the target language and 50% of instruction is in the native language. In our school we use the alternate week model. EP's and ELLs are in a self contained dual language class. English-Proficient (EPs) and ELLs are integrated throughout the entire day. Core content area is taught in both English and Spanish during the alternating weeks. In our Dual language program, we currently use the alternate week model. Students are provided instruction in one language for one week and then in the other language the following week, alternating weekly.

Instruction is not translated but builds upon the previous week. Teachers make explicit connections between the languages to ensure content understanding. Instruction is alternated between English and Spanish on a weekly basis, for example, one week is in English and the next week is in Spanish by a dually certified teacher (Common Branch/Bilingual Cert Extension). There are also several ways to structure classroom schedules effectively. Our schedule follows an A/B-week model. With this structure, students spend an entire week learning in one language, and the next week in the other language (Spanish). This offers continuity in one language for the entire week.

At P.S.280Q we help motivate the students to integrate both languages by immersing them in reading, writing and speaking. We believe that reading books together, providing many different writing materials, keeping books, magazines, and newspapers around for children to access are all good ways to immerse children in the world of print. English-proficient students (EP) are assessed in the target language in reading by using the iReady Spanish assessments, Proximo Camino Al Exito assessments. The level of language proficiency in the target language depends on the students ability to read in their home language.

b. In which language(s) is each core content area taught?

In our DL program all content is taught in both English and Spanish. Our dual language program uses the 50-50 model. ELA and Math are taught in English and Spanish on their respective week.

ELA - English and Spanish
Math - English and Spanish
Science/Social Studies - English and Spanish

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The EDAT of Spring 2025, states that PS280Q has 435 active students. There are 255 current ELLs (58.6%), 48 students are former ELLs (11%), 19 students are Ever ELLs (4.4%) and 113 students are Never ELLs (26%).

223 students are newcomers with 0-3 years of service (87.5%)
32 students are developing ELLs with 4-6 years of service (12.5%)
0 students are SIFE (students with inconsistent/interrupted formal education (0%)
54 students are ELLs with IEPs (21.2%)
10 Potential Long Term ELLs with 5-6 years of service (3.9%)

Services for Newcomers differ from those provided to Developing or Long- Term ELLs in the frequency of small groups, the use of technology, scaffolds and home language supports. Newcomers receive a double dose of explicit and systematic language instruction through the use of resources like but not limited to Heggerty, From Phonics to Reading, Into Reading ELL support (English and Spanish), technology and Language Power.

Effective instruction for newcomers at PS280Q differs significantly from instruction for Developing or Long-Term ELLs (LTELLs) because each group has distinct needs, language proficiencies, and cultural adjustments. Newcomers require intensive English language development with emphasis on basic interpersonal communication skills (BICS). Newcomers are provided scaffolded instruction using visuals, gestures, modeling, and native language support when possible.

Instruction targets the different stages of language acquisition and therefore teachers focus on academic language, Tier 2 vocabulary and social emotional competencies regardless of English proficiency as they acclimate to the academic setting. Social Worker meets with newcomers to provide SEL and instructional supports in home language. In addition, teachers provide scaffolds, modeling, and the gradual release model to support the language needs of the students. They meet their newcomers in small/individual groups on a more frequent basis based on their language proficiency levels to provide adequate support in language acquisition.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0% of our ELLS are Students with Inconsistent/Interrupted Formal Education (SIFE).

Effective instruction for Students with Interrupted/Inconsistent Formal Education (SIFE) must be strategically differentiated from general ELL instruction due to the unique academic, linguistic, and socio-emotional needs of these students. In the event that we get SIFE students the following will be considered:

Consideration 1: SIFE students often have significant gaps in foundational skills due to limited or interrupted schooling and we can target that by providing explicit instruction in phonics, decoding, and basic math. We can also use scaffolded literacy materials that incorporate images, high-frequency words, and sentence frames. We can also include manipulatives and visual aids for math instruction.

Consideration 2: SIFE students are typically older and need to catch up to grade-level expectations quickly. We can implement curricula that address foundational skills while exposing students to grade-level content, use language-rich, content-integrated instruction to build both academic vocabulary and subject knowledge and provide flexible grouping and tiered tasks to meet varying readiness levels.

Consideration 3: SIFE students may have experienced trauma, migration stress, or disrupted family systems. We can create a safe, welcoming environment with routines and predictable structures, incorporate students' cultures and languages into instruction, and focus on building trust and confidence.

Consideration 4: SIFE students are typically at the beginning stages of English proficiency. We can emphasize oral language development through repetitive, interactive tasks (e.g., Total Physical Response, visuals, songs), use translanguaging strategies to allow students to access content in their home language when possible and use home language support strategically.

Consideration 5: SIFE students' backgrounds vary widely in terms of prior schooling and literacy. We can begin with a strengths-based intake assessment in order to create personalized learning plans based on diagnostic data and use formative, low-stakes assessments to monitor growth and adjust instruction.

In the case that we do receive SIFE students, the following will be conducted:

- The differentiation in the instruction will be conducted by our teachers getting to know who their ELLs (SIFE) students are and getting a clear picture of the data that shows the various academic strengths and weaknesses.
- Teachers will use formative assessment to guide instruction. They will focus on building students' oral and written academic language by encouraging primary language development, and using engaging, relevant curriculum. In order for students to have true access to the content, teachers will carefully consider the language demands required in order to access that content and scaffold their instruction to meet both language and content objectives.
-In order to provide effective services for ELLs who have inconsistent/interrupted formal education, teachers will ensure to include front-loading vocabulary, visuals with sentence frames or sentence starters, and offer actionable feedback on writing in their daily lesson plans.
Teachers will ensure to provide students with multiple opportunities to engage in meaningful discussions with scaffolds that will help students feel comfortable to express themselves.
-Additional supports will be conducted during Saturday academy as well as Title III after school

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

10 Potential Long Term ELLs with 5-6 years of service (3.9%)

Effective instruction for Long-Term English Language Learners (LTELLs) differs from instruction for Developing ELLs (students newer to English or early in their language development journey).

Long Term ELLs have 5-6 years of service, may be conversationally fluent but struggle with academic language, and may have gaps in academics. These students benefit from explicit academic literacy instruction and disciplinary language development. These students benefit from rigorous, age-appropriate curriculum, content-rich classes, small-group instruction, integrated support focusing on expository reading, structured writing, phonics study skills, and academic discourse/discussions through collaborative projects to build language.

There is collaboration with core content teachers and ENL teachers to monitor progress. We also provide consistent progress monitoring which is reviewed with students and families on an on-going basis.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

48 students are former ELLs (11%)

Former ELLs must receive at least 0.5 units (minimum 90 minutes/week) of Integrated English as a New Language (ENL) during core content classes, such as ELA or other subjects, for two years after exiting ELL status. This is often met through a co-teaching model with a certified ESOL teacher, or by a single teacher dually certified in both ENL and a content area. At PS280Q we meet the requirement not only via a weekly ENL block but also through small-group instruction and project-based learning. We use data (e.g., NYSESLAT, HMH assessments, Acadience, iReady assessments) to monitor students' progress, adjust services accordingly, and coordinate teacher planning.

In addition, we continue to engage students in all four modalities in all subject areas. Students engage in small group instruction based on their learning needs in all subject areas. Formative data is used to monitor their progress and provide them with instructional support in their areas of need, this includes small group instruction, strategy groups, and flexible grouping.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The EDAT of Spring 2025, states that PS280Q has the following at-risk levels of ELLs:

0.4% our ELLS have 0 risk factors
40.8% of our ELLs have 1 risk factor
35.7% of our ELLS have 2 risk factors
12.5% of our ELLS have 3 risk factors
5.9% of our ELLS have 4 risk factors
2.4% of our ELLS have 5 risk factors
1.6% of our ELLS have 6 risk factors

After further analysis of the data, we identified that most common risk factors that might adversely affect our ELLS are:
1. 87.5% are new comers (0-3 years of service)
2. 38.8% did not demonstrate sufficient progress the 2024 NYSESLAT

3. 24.7% live in temporary housing
4. 38.8% of ELLs who did not sufficient ELP progress on the 2024 NYSESLAT

An analysis of English Language Learners (ELLs) at our school indicates multiple at-risk factors that may negatively impact academic and language development. The majority of ELLs (223 students, or 87.5%) are newcomers with 0–3 years of ELL service, suggesting that most are still in the early stages of English acquisition and require intensive foundational language support.

Only 3.9% of students are potential long-term ELLs (5–6 years of service), but this small group may need targeted interventions to accelerate progress and prevent academic stagnation.

Academic performance data show that 20.4% of ELLs scored at Levels 1 or 2 on last year's ELA assessment, and 15.7% scored similarly in Math, indicating ongoing challenges in accessing grade-level content.

A smaller subset of students (5.5% in ELA and 3.1% in Math) scored below proficiency for two consecutive years, signaling persistent academic risk. Additionally, 24.7% of ELLs are in temporary housing, facing instability that can disrupt learning continuity.

Notably, 38.8% of students did not demonstrate sufficient English Language Proficiency (ELP) growth on the spring 2024 NYSESLAT, highlighting a need for stronger language development strategies. Overall, the data reveals our school has a large number of newcomers with overlapping academic and environmental challenges, emphasizing the importance of differentiated instruction, socio-emotional supports, and ongoing progress monitoring to ensure equitable outcomes for all ELLs.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The EDAT of Spring 2025, states that PS280Q has the following at-risk levels of former ELLs:

64.6% F-ELLS (31 students) have 0 risk factors
10.4% of F-ELLs (5 students) have 1 risk factor.
20.8% of our F-ELLs (10 students) have 2 risk factors.
2.1% of our F-ELLs (1 student) have 3 risk factors.
2.1% of our ELLs (1 student) have 4 risk factors.

After further analysis of the data, we identified that the most common risk factor for our students is that they are scoring a level 1 or 2 on the NYS ELA and NYS Math test.

ELA Performance Trends
2022–2023 and 2023–2024: 9 students (18.8%) scored Level 1 or Level 2 on the ELA assessment.
This trend suggests that ELA interventions and continued emphasis on academic vocabulary development, reading comprehension strategies, and writing support will be essential to sustain and accelerate this progress.

Math Performance Trends
2022–2023 and 2023–2024: 4 students (8.3%) scored Level 1 or Level 2 on the NYS Math assessment.
Some actions that we will take to support students is to target math content vocabulary.

Socioeconomic Risk: Temporary Housing
4 students (8.3%) of former ELLs are currently in temporary housing.

Students in temporary housing often experience interrupted instruction. Some actions that we will take are to strengthen collaboration with the school social worker, guidance counselor and families, provide access to academic support and ensure consistent communication with families through interpreters or bilingual staff when needed.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

According to the Spring 2025 EDAT, the Home Languages of our ELLS are:

Spanish - 239
Bengali - 9
Arabic - 5
Gujarati - 2

In order to support communication and learning that values home languages for English Language Learners (ELLs), these are the steps we take with the staff, structures, and processes:

Staff:
- ENL/Bilingual Teachers are certified ENL: these teachers provide targeted language instruction and integrate home languages in instruction when appropriate.
- Parent Coordinators: our parent coordinator acts as a liaison between school staff and families while offering language support and ensuring multilingual communication.
- Translation & Interpretation Services: our school utilizes the DOE's Translation and Interpretation Unit to communicate with families in their home language across written documents, meetings, and phone calls.

Structures:
- Dual Language Programs: our DL programs support both content learning and home language development, allowing students to learn in both English and their native language (Spanish).
- Multilingual Materials: classroom libraries and instructional materials include books and resources in students' home languages.
- Culturally Responsive Curriculum: instructional materials and activities reflect students' cultural and linguistic backgrounds.

Processes
- Home Language Identification Survey (HLIS): the HLIS is administered upon enrollment to identify students' home languages and determine ELL eligibility.
-Parent Engagement: monthly multilingual newsletters, monthly parent workshops, family pride events and parent-teacher conferences are conducted with interpretation available.
-Collaborative Planning: ENL and content-area teachers co-plan to support language development and incorporate students' linguistic assets.
-Student Voice and Identity: students are encouraged to share cultural traditions and use their home language in assignments, discussions, and school events.

As part of our home language support for ELL families we deliver instruction/home communication in Spanish and in English. In addition, we support our families with other languages through translations services on the phone and the Pocket Talks device (translator). Our communication tools provide translation in all languages for students and families. This includes tools like Google Translate, class dojo, remind, school's website and Pocket Talks. Translation

services/units are used when required to support communication between families and the school, when there is no available translator at the school level. Within our monthly parent open houses titled "Family Pride", we welcome and encourage our families to come into their child's classroom to engage in a community building activity. Cultures are highlighted and themed around the diversity within the classroom and the hallways.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

According to the Spring 2025 EDAT, the racial and ethnic classifications of our ELLs are:

American Indian or Alaskan Native - 181 students (71% ELLs) [11 ELLs are non-hispanic & 170 ELLs are hispanic]
Asian - 14 students (5.5%) [13 ELLs are non-hispanic & 1 ELL hispanic]
Black - 3 students (1.2%) [3 ELL hispanic]
Multiracial - 5 students (2.0%) [5 ELL hispanic]
Native Hawaiian or Pacific Islander - 4 students (1.6%) [4 ELLs hispanic]
White - 48 students (18.8%) [7 ELLs are non-hispanic ELLs & 41 ELLs are hispanic ELLs]

Culturally Responsive and Sustaining Education is an approach that affirms students' identities, leverages their cultural knowledge, and promotes academic success and critical consciousness. For ELLs, this means valuing their home language, culture, and lived experiences as assets, not deficits. Our ELLs and their families are represented on School Leadership Teams (SLTs) and PTA (parent Teacher association) which help guide CR-SE implementation.

We engage in instructional planning with language equity by engaging in collaborative curriculum design that includes scaffolds and supports for ELLs. We use an asset-based approach with all our students. CR-SE is delivered through our ENL classroom models as well as our dual language models where students learn in both English and their home language. In both settings, instruction incorporates culturally relevant texts and perspectives that reflect students' identities. Teachers use students' languages, cultural references, and experiences to make learning more relevant. Lessons include multicultural literature, culturally diverse examples, and opportunities for students to share their own stories. Schools partner with families to support CR-SE, often offering translated materials and interpretation, multicultural events and culturally responsive parent outreach.

At P.S. 280Q we take into account all racial and ethnic classifications and ensure all ELLs are part of a Culturally Responsive and Sustaining curriculum through mentor texts, videos, character education materials and customized read alouds, activities that represent them and their culture. They are welcomed into a positive school environment that embraces diversity. During the school year through our school initiative "Family Pride" students are given the opportunity to participate in various activities that allow them to discuss and represent their culture. We are also intentional in creating family events such as International Day and Career Day to promote individuality and highlight the personal empowerment of all cultures. Students are also exposed to multiple cultures through the representation of different flags that also reflect their own cultures, located in the school cafeteria. We use CR-SE framework to help create a student centered learning environment that affirms racial, linguistic and cultural identities. We prepare students for rigor and independent learning, develop student's abilities to connect across lines of difference and empower students to be agents of change.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the Spring 2025 EDAT, the following ELP (English Language Proficiency) data was noticed:

- 29 students (17.1%) Met Progress by exiting ELL Status by scoring (CM on NYSESLAT) or scoring (EX on NYSESLAT and a level 3 on NYS ELA test)
- 30 students (17.6%) Met Annual Progress Target between their two most recent NYSESLAT
- 12 students (7.1%) Met Safe Harbor Cumulative Growth (meeting the safe harbor criteria for cumulative progress between the most recent year and their initial NYSESLAT English language proficiency level)

According to the Spring 2025 EDAT, the following ELP (English Language Proficiency) data was noticed:

- 99 students (58.2%) Do not have enough data to reflect ELP progress so they are considered "Progress Not Met"

Upon reviewing ELP growth data for the school, several key trends emerge. Overall, progress toward English proficiency demonstrates both areas of success and opportunities for focused improvement. Out of all ELLs assessed, 29 students (17.1%) met progress by exiting ELL status, indicating successful attainment of English proficiency.

30 students (17.6%) met their annual progress targets, reflecting steady growth within the program.

A smaller group, 12 students (7.1%), achieved safe harbor cumulative growth, showing meaningful improvement though they have not yet reached proficiency.

In total, these figures represent approximately 41.8% of students who demonstrated measurable progress toward English language proficiency through one or more pathways. However, 99 students (58.2%) did not meet ELP sufficient progress, suggesting that the majority of EL students are still developing language skills at a rate below expected growth benchmarks.

To improve ELP outcomes for our ELLs these are some of the steps we will take:
1. implement data-driven targeted small-group language interventions for students not meeting annual targets.
2. Increase integration of academic language instruction within core content classes.
3. Provide professional learning opportunities for teachers on teaching practices for ELLs.
4. Monitor progress ELLs to adjust instruction before summative assessments.
5. Engage and interact with families to support them with language-support strategies to be used at home.

By implementing these actions, the school can work toward reducing the proportion of students not meeting progress and increasing the percentage achieving proficiency or exiting ELL status in the coming year.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Across both 2023 and 2024 NYSESLAT results, speaking and listening consistently present as areas of strength across most grades, while writing continues to show as the most consistent area of need. Reading performance shows moderate improvement, with some grades demonstrating notable gains between years.

NYSELAT 2023
Speaking
Speaking was the strongest modality in 2023, particularly in grades 3–5.
Grade 5 had 24 students demonstrating strength in speaking, the highest across all grades.
Strength in speaking increases steadily by grade level, suggesting language acquisition and oral fluency improve

with time in the program.
However, there were some needs in speaking noted in grades 2–4, possibly indicating emerging proficiency in lower grades.

Listening
Listening showed solid performance across most grades; especially in grades 2–3 with 8 and 11 students demonstrating strength.
Auditory comprehension appears to be a relative strength across the student population.

Reading
Reading results were mixed.
Strengths were more visible in grades 2–3, but needs were noted in grades 3–4, suggesting a need for ongoing support in academic reading and comprehension strategies.

Writing emerged as the greatest area of need in 2023, particularly in grades 3–5.
Grade 3 had 20 students identified with needs in writing — the highest need count across all modalities and grades.
This trend suggests a need for targeted writing instruction, vocabulary use, and grammar structures.

NYSESLAT 2024
Speaking
Speaking continues to be the strongest area across all grades in 2024.
The highest concentration of students demonstrating strength in speaking is again in grades 3–5, with 20 students in grade 5.
Although there were some needs in the lower grades (1st–4th), the trend reflects a continuation of the oral language proficiency growth seen in 2023.

Listening
Listening remains a consistent strength across all grades, especially in grades 2–3 (7 and 16 students, respectively).
These results reinforce that students are developing strong receptive language skills.

Reading
Reading performance shows notable improvement from 2023 to 2024.
Grade 3 demonstrated a significant jump, with 15 students showing strength in reading compared to 6 the previous year.
The number of students in need of reading support decreased across grades, showing progress in literacy development.

Writing
Writing continues to be the primary area of concern, despite some improvement.
All grades display needs in writing, with grades 2–4 showing the highest counts.
The persistence of this pattern highlights the need for explicit writing instruction, particularly in organizing ideas, sentence structure, and academic vocabulary.

Overall the domains of listening and speaking continue to be students' strongest modalities. We will continue to leverage oral language instruction to strengthen discussions, oral rehearsal, and collaborative activities to build literacy.

Reading data shows growth from 2023 to 2024 which suggests that reading interventions and literacy supports are having a positive effect. We will continue to focus on comprehension strategies and vocabulary development.

Writing data demonstrates a persistent challenge across grades. This demonstrates a need for structured writing interventions, scaffolded sentence and paragraph construction, and integrated writing practice across content

areas.

Overall, the data suggest that while students are making steady gains in oral and receptive language skills, continued emphasis on writing instruction and reading comprehension strategies is essential to support balanced English language development across all modalities.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

According to the Spring 2025 EDAT, we can see that ELLs are scoring a level 1 or 2 on the NYS ELA regardless of their proficiency level.

NYS ELA
Overall, as students progress through the NYSESLAT proficiency levels—from Emerging to Commanding—their performance on state assessments generally improves, indicating that English language development is closely tied to academic success across content areas.

Students who scored at the Emerging and Transitioning levels on the NYSESLAT predominantly performed at a Level 1 on the NYS ELA exam, reflecting significant language-based challenges in reading comprehension and written expression. Specifically, 12 Emerging students and 14 Transitioning students scored at Level 1, demonstrating that limited English proficiency remains a barrier to achieving grade-level literacy standards. Among students at higher proficiency levels, performance began to improve slightly. Seven students at the Expanding level and one student at the Commanding level also scored at Level 1, while 17 Expanding students achieved a Level 2, showing measurable growth in English literacy skills. This trend suggests that as students' English proficiency strengthens, their ability to comprehend complex texts and construct written responses improves, leading to higher ELA outcomes.

According to the Spring 2025 EDAT, we can see that ELLs are scoring a level 2 or 3 on the NYS Math regardless of their proficiency level.

NYS Math
Students who scored at the Emerging and Transitioning levels on the NYSESLAT primarily achieved a Level 2 on the Math assessment, indicating partial proficiency and continued need for language and academic support. Specifically, 6 Emerging and 6 Transitioning students scored at Level 2 in Math. In contrast, students at Expanding and Commanding levels, demonstrated a broader range of success. Twelve students at the Expanding level and two at the Commanding level also scored a Level 2, suggesting that while they are developing stronger language skills, they may still face challenges applying academic vocabulary and complex problem-solving in a second language.

As English proficiency increased, a notable improvement in Math performance was observed. Two Emerging, eight Transitioning, nine Expanding, and nine Commanding students achieved a Level 3 on the Math exam, demonstrating that students with greater English language development are better able to access and comprehend mathematical content. This trend highlights a positive correlation between language proficiency and academic achievement, underscoring the importance of continued support in academic language development to ensure equitable access to the curriculum across content areas.

Across all assessments, the data reveal a clear correlation between English language proficiency and academic achievement. Students with higher NYSESLAT proficiency levels consistently perform better on the ELA and Math assessments. This underscores the importance of ongoing targeted language instruction and integrated supports that strengthen academic language skills across content areas, ensuring English Language Learners can fully access and demonstrate mastery of grade-level standards.

Instruction should continue to emphasize academic language development across all subject areas, with targeted supports aligned to each proficiency level. Teachers should integrate vocabulary instruction, reading comprehension strategies, and structured writing opportunities within both ELA ang math curriculum to reinforce content understanding through language.

Collaborative planning between ENL, classroom and content-area teachers will be essential to scaffold instruction, promote language-rich discussions, and provide differentiated supports that build both linguistic and academic proficiency.

Continued monitoring of progress through formative assessments will ensure that English Language Learners receive the interventions necessary to close achievement gaps and reach proficiency on state assessments.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

According to the Spring 2025 EDAT, 54 students (21.1%) are ELLs with IEPs

The 2024 NYSESLAT results of our ELLs with IEPs shows that the majority of ELLs with IEPs are within the levels of Emerging (10 students) and Transitioning (15 students). Some of the contributing factors that are impacting the results for this subgroup are; attendance, 2 or more levels of risk factors, and standardization of the test. Many of our ELLs with IEPs receive related services such as Speech. This directly impacts their language acquisition and development. Our data also shows that our ELLs with IEP scored low in the writing and speaking modalities. This calls for modifications in our writing instruction to further develop the writing skills of our students.

We currently have no SIFE students.

According to the Spring 2025 EDAT, 54 students (21.1%) of the school's ELL population are students with IEPs. The 2024 NYSESLAT results show that the majority of ELLs with IEPs are performing at the Emerging (10 students) and Transitioning (15 students) proficiency levels.
A smaller percentage have advanced to the Expanding level, and none currently demonstrate Commanding proficiency.

The school currently has no Students with Interrupted/Inconsistent Formal Education (SIFE). However, ongoing monitoring is in place to identify any new students who may meet SIFE criteria upon enrollment.

Performance data indicates that ELLs with IEPs scored lowest in the Writing and Speaking modalities, while demonstrating relatively stronger performance in Listening and Reading. This pattern reflects ELLs with disabilities often exhibit slower progress in productive language domains due to overlapping challenges in language acquisition and cognitive processing.

Through collaborative planning, explicit instruction, integrated language supports, and consistent progress monitoring we will be able to foster measurable improvement in language proficiency and academic achievement.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Providing English Language Learners (ELLs) with a high-quality academic experience that leads to deeper learning involves intentional, research-based strategies

Teachers work with the students and reinforces their learning by applying the teachings of academic language. The researched-based programs that we use are HMH Into Reading, From Phonics to Reading, Heggerty, and Arriba La Lectura.
Academic language must be introduced and then reinforced. Academic language can be more than content area vocabulary. It is important to create assessments that measure knowledge in a meaningful way. Teachers work on deepening the students understanding by providing opportunities that allow students to take chances without feeling that they cannot be successful.

Thinking Maps are utilized to help scaffold students' thinking and writing that leads to deeper learning experiences as it becomes meaningful to them.

Our school is committed to ensuring that ELLs receive equitable access to rigorous, standards-based instruction that promotes both language development and deep conceptual understanding across all content areas. We implement a Tier 1 Core Instructional Model that integrates evidence-based practices, high-quality instructional materials, and targeted supports aligned with the Multi-Tiered System of Supports (MTSS) framework.

High-Quality Instructional Materials
Teachers utilize Tier 1, standards-aligned instructional resources designed to meet the needs of diverse learners, including ELLs. These materials include embedded language supports such as visual scaffolds, sentence stems, vocabulary routines, and opportunities for structured academic discourse. Curriculum resources are selected for cultural relevance and linguistic accessibility, ensuring ELLs engage meaningfully with grade-level content while developing academic language proficiency.

Professional Development and Capacity Building
To ensure consistent implementation of effective practices for ELLs, all instructional staff engage in ongoing

professional learning focused on but not limited to: culturally and linguistically responsive teaching, scaffolding strategies for content and language integration, use of formative assessments to monitor both language and academic progress.

Coaching and Collaborative Support
Teachers participate in coaching sessions with Generation Ready instructional coaches, who provide individualized feedback, co-planning, and model lessons to deepen teachers' understanding of language-rich pedagogy. Instructional coaches and teacher teams engage in professional learning conversations to analyze student data, identify learning gaps, and design instructional interventions. Coaches model best practices for vocabulary development, discourse routines, and integrating language objectives into content lessons. Through this process, teachers build capacity to design lessons that promote deeper learning and academic discourse among ELLs.

MTSS Framework and Data-Driven Practices
Our ILT/MTSS team ensures that the MTSS Framework ensures that all ELLs receive high-quality Tier 1 instruction with differentiated supports based on their individual language proficiency and academic needs. Regular progress monitoring, including formative assessments informs instructional adjustments and early interventions. Collaboration between classroom teachers, ENL specialists, and support staff ensures that Tier 1 instruction remains inclusive and effective.

WINN (What I Need Now) Period
During WINN time, ELLs receive targeted instruction that reinforces grade-level skills and language acquisition goals. Instructional activities during this period focus on vocabulary enrichment, reading comprehension, and oral language development, using small-group formats that allow for individualized support within the Tier 1 framework. This time is also used to provide enrichment and extension opportunities that challenge ELLs to apply language and content knowledge in authentic contexts.

Our school's instructional focus for ELLs is grounded in inclusive, high-quality Tier 1 instruction informed by our CEP goals, ILT collaboration, and specialized teacher leadership. Through this intentional approach, we ensure that all ELLs are both supported and challenged to achieve linguistic proficiency and academic excellence.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's Instructional Leadership Team considers ELLS in all aspects of the school's instructional design. When the ILT meets they discuss aligning CR-SE resources to core curriculum instruction, language development, assessments, and social emotional learning. The ILT takes stock of and coordinates school-wide assessments, instruction, interventions, and resources. Our focus is on the whole child both academically, culturally and socially. When planning the school's instructional design, the ILT ensures to look at data to identify the areas of strength and those in need of improvement. The ILT evaluates and refines the school's vision and mission statement to make explicit the school-wide purpose and work of MTSS, centering the needs of ELLs and the unique subgroups of the community the school serves.

ILT monitors alignment between core curriculum, ENL services, and Tier 1 instruction, ensuring that all ELLs learn rigorous grade-level content while developing proficiency in English. School-wide walkthroughs and informal classroom observations focus on evidence of language objectives, scaffolds, and academic discourse. ILT ensures that all teachers at PS280Q take shared responsibility for language development.

The Instructional Leadership Team (ILT) plays a central role in ensuring that decisions about curriculum, instruction, and assessment are inclusive of MLs/ELLs. The ILT:
Reviews academic and language development data for MLs/ELLs regularly to inform schoolwide instructional

priorities.
Monitors progress toward CEP goals related to ELL achievement and language acquisition.
Identifies professional development needs for staff in strategies such as sheltered instruction (SIOP) and academic discourse scaffolding.
Ensures alignment between core instruction, ENL supports, and intervention periods like WINN (What I Need Now).
ILT discussions always include an equity lens—examining whether MLs/ELLs have equitable access to rigorous instruction, meaningful participation, and high expectations in all classrooms.

The ILT focuses on the four hallmarks of core instruction. The four hallmarks of core instruction are high leverage research-based practices that support strong core instruction that meets the needs of diverse students. For MLs/ELLs all four hallmarks occur in both English and the home language. The four hallmarks are supported through school wide protocols that ensure students are engaged in each hallmark.

ILT prioritizes ongoing professional development that builds teachers' capacity to support ELLs in core instruction. Through partnerships with Generation Ready, teachers engage in coaching cycles focused on integrating language and content objectives. academic vocabulary development, and discourse-based instruction. Collaborative reflection sessions are also being used to promote discussions around classroom data and student work.

ILT Team consists of:

Barbara Andujar- Principal
Mr. Mazun - AP
Ms. Galvez - IA Assistant Prinicpa
Ms. Villacis - Dual Language
Ms. Ponciano- Special Ed
Ms. Leal- ENL
Ms. Aponte - SETSS
Ms. Morales - Dual Language

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Teachers in Dual language and ENL classrooms use a variety of strategies and methodologies which include but are not limited to, vocabulary and language development, guided interaction, explicit instruction, meta-cognition, authentic assessments. At P.S.280Q, we use the roller coaster model in which the students are taught English for one week and then switches to Spanish the following week, in our Dual language program. In our ENL and DL programs we use Thinking Maps in all content areas to support the thinking process. We also use Envisions Math in English and Spanish. In this curriculum, there are specific leveled activities with manipulatives to support the needs of our ELL students.

For reading and writing, we use the HMH Into Reading Curriculum in English and Spanish. For phonemic and phonics instruction, we use Heggerty and Camino a el Exito along with "From Phonics to Reading" daily. Within this curriculum, students are taught to apply their word work lessons with the support of From Phonics to Reading and Heggerty Phonemic Awareness Program. The Into Reading program focuses on explicit instruction with a focus on academic language and reading comprehension. In science, our students use the Amplify curriculum which is an inquiry based program that allows all students to experience science through the use of modeling, thinking maps,

and visuals. This allows our ENL students to easily recognize essential information and its relationships to the Next Generation Standards in science. In social studies, we use a combination of the Passport curriculum and trade books to support academic language and the social studies Next Generation Standards. Our entire curriculum is Next Generation Standards aligned. Core content in the ENL is delivered in English.

Instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the The Next Generation Standards include but are not limited to: collaboration (teacher and students working together), developing language and literacy across the curriculum, making meaningful lessons, teacher complex thinking, and teaching through conversation (building students ability to form expression and exchange ideas through the use of "Think, Pair Share"). In our dual language classes, students receive instruction in Spanish and English in all content areas, using the rollercoaster model. The curriculum mentioned above is modified and applied in Spanish by the classroom teacher, using the same strategies to support language development.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At P.S.280Q we seek to ensure that all students including ELL's meet the same rigorous standards for academic achievement. We accomplish this by developing high-quality plans, curricular materials, and instructional programs that provide equity and access to all of our students. The school's instructional programs are designed to meet the Next Generation Standards in order to provide students with the greatest possible access to college and career readiness as well as affording students access to appropriate English language instruction that will ensure progress from limited English proficiency to fluent English proficiency. We are committed to ensuring a quality education for all students. All instructional materials are Next Generation aligned, and age/grade appropriate to provide students with rigorous curriculum, what changes are the instructional strategies, the frequency and the duration.

All ENL providers develop a language objective in order to accelerate English language development. All ENL provider include multiple entry points within their lessons. Language development at all levels is fostered through purposeful deliberate conversations between teacher and student and among students. Teachers use the Think - Pair-Share protocol to promote rich discussions in the classroom. Reading and writing are taught as specific curricula and are integrated into each content area. In order to support our ELL students, technology (i-pads, smart boards and laptops) are used to maximize instruction in all classrooms Our Special Education intervention Teacher, Ms. Aponte, ensures that all IEPs are thoroughly read by all personnel that work with the specific students. She ensures that all mandated services on the IEP are followed and she supports and provides the teachers with any resources and strategies that they may need to support the needs of their students.

After a thorough review of the students' latest IEPs, observations and data, SDI is implemented along with various instructional strategies are used to meet their specific needs such as creating an environment that allows SwIEPs to be more comfortable and be able to take greater risks such as increasing accountable talk in the target language, breaking tasks down into smaller "chunks" with frequent comprehension checks as opposed to an overall unit test, and using realia or manipulatives in the classroom which provide comprehensible input in the second language.

Specially Designed Instruction (SDI) refers to adapting the content, methodology, or delivery of instruction to meet the unique needs of a student with a disability. It ensures that the student can access and make progress in the general education curriculum, as outlined in their IEP.

b. SIFE

We currently do not have any SIFE students.

For SIFE students, depending on the number of students that fall within this category, we may open a special class (i.e., Saturday program) for them to support their transition into the school environment. If numbers do not allow for this, we provide additional academic services before and after school, counseling with our school counselor, and have the School Implementation Team track the success of these students. Teachers provide students with opportunities to ask questions of self, community, and society that serves as springboards to connect in-school learning with current and relevant context to the outside world by tapping into student's existing interest, knowledge, background, and culture. Teachers use instructional strategies and supports to help students establish connections between their home language and the new language. Students are provided with opportunities to work cooperatively in groups on meaningful long term projects, where student's unique strengths are highlighted through project based learning, community connect, SEL and school events.

In the event that we do get SIFE students we will:
1. Build background knowledge quickly using thematic units that connect to students' lives and prior knowledge (in any language).
2. Integrate Language + Content: Every lesson should include both content objectives and language objectives aligned
3. Leverage Home Language: Encourage translanguaging, bilingual resources, and peer language support to bridge prior academic understanding into English.
4. Culturally and Trauma-Informed Practice: Provide predictable routines, small-group support, and socioemotional learning (SEL) to help students rebuild confidence in schooling.

Some strategies and scaffolds include but not limited to:
1. Building reading and writing from oral storytelling and shared experiences.

2. Explicit Phonics and Morphology: Focus on decoding for students with literacy gaps using visuals and multilingual word banks.

3. Interactive Read-Alouds & Shared Reading: Scaffold comprehension through visual supports, gestures, and discussion.

4. Academic Conversations: Sentence starters/stems ("I agree because...," "In addition...") to develop oral fluency and reasoning.

5. Use visuals, modeling, cooperative learning, and hands-on activities in all content areas.

6. Preview–View–Review: Pre-teach concepts in L1 then teach with supports and review with both L1 and L2.

7. Use of graphic organizers / thinking maps

8. Differentiated Text Sets: Multiple Lexile levels for the same topic

9. Cross-curricular thematic projects combining science, social studies, and literacy. Include multimedia presentations to reinforce both academic and language skills.

c. Newcomers

Our goal for newcomers is to create an environment of inclusion that promotes diversity and helps students feel comfortable, welcomed, and safe. We provide them with opportunites to meet with the social worker and or school counselor to engage in social emotional learning activities. We take into consideration their cultural and linguistic levels in order to meet their individual needs and set them up for success. Teachers find multiple opportunities to incorporate the students culture into the classroom. This is done through reading activities and project based learning. Parents are invited to participate in workshops throughout the year that support student learning at home and assimilating in a new country/environment. We organize cultural learning opportunities for these students to learn about their new country through virtual trips, field trips, walking trips, and culturally centered projects. Teachers work in small groups to support students in attaining basic interpersonal communication skills so that they can interact with the school community.

Instruction for newcomers integrates both content and language objectives in every lesson. Teachers explicitly post and model these objectives, ensuring that students understand what they are learning and how they will use language to demonstrate that learning. Teachers scaffold instruction through visuals, gestures, modeling, and cooperative learning structures, allowing students to engage meaningfully even with limited English proficiency. Lessons include opportunities for structured oral interaction in all four domains—listening, speaking, reading, and writing—because language develops through meaningful communication and academic tasks. Teachers consistently check for understanding through formative assessments that include oral responses, drawings, and short written tasks, rather than relying solely on traditional written assessments.

In ELA, the instructional focus for newcomers is twofold: developing foundational literacy and increasing academic language proficiency. Daily lessons integrate phonological awareness, phonics, vocabulary, comprehension, and writing instruction aligned to NYS Next Generation Standards. High Quality Materials used for newcomers includes HMH Into Reading, Heggerty, and From Phonics to Reading. Teachers use decodable texts, picture books, and HMH Into Reading texts with visual and auditory supports to develop early literacy. Writing instruction follows a gradual release model, modeled, shared, guided, and independent writing, (I Do, We, Do, You Do) with explicit support for sentence frames, transition words, and academic structures.

Mathematics Envision instruction emphasizes conceptual understanding and mathematical discourse. Teachers provide multiple entry points to learning by using manipulatives, visual models, and real-world contexts that make abstract concepts concrete. Sentence stems and word banks such as “I think the answer is ___ because ___” or “I agree/disagree because ___” give students linguistic tools for participation. Teachers also incorporate bilingual math glossaries, visual anchor charts, and peer collaboration to ensure that students at the Entering and Emerging levels of NYSESLAT can engage in the same mathematical thinking as their peers.

Beyond academics, newcomer success depends on emotional safety, orientation, and family engagement. Teachers maintain consistent routines and provide explicit instruction in classroom norms and expectations. Families are vital partners in learning and therefore, communication occurs through ClassDojo platform, written notices, interpreters, and culturally responsive outreach. Family workshops, and our monthly bilingual newsletters reinforce collaboration between home and school.

d. Long Term ELLs

Long term ELLs have strong oral language when it is used for social purposes. They use their full linguistic repertoires in English and their home language. They use both languages to communicate with family members, friends and their communities. For our Long Term ELLs, our goal is to use the NYSESLAT data to focus on the areas they need support in and strategically make a plan to assist them in this area through intensive small group instruction before, during, and after school. The goal for this subgroup is for students to become proficient in BICS (Basic Interpersonal Communication Skills) and CALP (Coginitive Academic Language Proficiency). Teachers help

students build and extend their strong communicative oral language base to support their development of the language and literacy. They use an integrated approach to teaching language through content and themes that connects reading with oral language and writing. Students engage in structured opportunities to develop written language skills and reflect upon their goals. Teachers groups students flexibly considering language and content proficiency. Although our 2023 EDAT have not identified long-term ELLs, in consideration of potential ELLs, our teachers would use specific materials from our literacy and mathematics curricula.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

We carefully modify instructional programs that are available to our SWD-ELLs because we would like for all of them to have equity, access and success in the general education curriculum. As a result, SWD ELLs learn the same curricula while their teachers have the knowledge and flexibility to differentiate, modify, and accommodate the curriculum to support the individual needs of our students and their the IEP goals. Taking into consideration the student's language level, the lessons are planned to meet the child's educational goals with differentiated instruction using intervention resources provided by the curriculum, this includes visuals, headphones, realia, and manipulatives.

At PS280Q curricular flexibility focuses heavily on skill/strategy development. Teachers take the students' strengths into consideration to create flexible groups that hone in on ability, interest and academics. This builds student's confidence and allows them to grow in their strengths and improve their areas of need.

Additionally, service providers (OT, PT, Speech-therapy, guidance, school psychologist) work in conjunction with the classroom teacher and with each other in order to create a program that centers on the student's strengths and is aligned to the school curriculum.

With the differences in needs of SWD ELLs, it is imperative for all service providers to work closely together in order to fulfill all mandates without scheduling conflicts, repeated instruction, or instructional gaps. Progress monitoring is used to ensure students are reaching their language and IEP goals.

In consideration of ELLs with IEPs, the Language Proficiency Team (LPT) which consists of a TESOL-certified teacher, Instructional Coach and special education teacher, service providers, monitor the progress of specific students to determine if their instructional placement is appropriate and meeting the needs of each student.

Ms. Aponte, ensures that all IEPs are thoroughly read by all personnel that work with the specific students. She ensures that all mandated services on the IEP are followed and she supports and provides the teachers with any resources and strategies that they may need to support the needs of their students.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

MLLs/ELLs bring knowledge of words acquired in their home language to the classroom. At P.S. 280Q we use instructional strategies and supports to helps students establish connections between their home language knowledge and their developing knowledge in an additional language. Home language resources have a role in both our ENL and dual language program. Teachers always ensure that the home language is being used in order to accomplish the goals of the program in place.

The goal of our Dual language program is biliteracy for our students. In the Dual Language Program, home language support is delivered on alternating weeks. Our curriculum is bilateral in all content areas to ensure biliteracy in both

English and Spanish. All students have materials in their home language and home communication is available in that language as well. Students are assessed in both English and Spanish using formal and informal assessments (i.e. unit tests, chapter test, writing pieces and Camino al Exito). iReady Benchmark assessment in mathematics has been available and administered in Spanish for students in the Dual Language program.

We use the ATS home language report to ensure all resources/materials and supports are in place for all the home languages in our school.

Translators are made available to parents to provide them with access to open communication with the teacher and school personnel.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Here at PS280Q we have ICT, Dual Language and ENL classes in all grades from K-5. We have scheduled in the Teachers programs an inquiry time where the grade has an opportunity to work together and collaborate within the grade. We have built in a common planning period for teachers to meet and collaborate in all grades. We also incorporate in our Monday Professional Learning time for the teachers to meet vertically. Our teachers are also sent out for Professional Learning with the District Leads.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The professional development plan for all ENL personnel at P.S. 280Q, ensures that all staff including but not limited to ENL teachers, paraprofessionals, secretaries, guidance counselors, SWD teachers, occupational/physical therapists, speech can provide students with various research based strategies to promote student achievement in all language modalities in both academic and social emotional learning.
Planned Professional Development for all ENL personnel for the 2024-2025 school year:

September 2025:
End of year Data Analysis Meeting - All NYSELAT and STATE.
Acadience K-2
Beginning of Year Data Chats - Inquiry based.
State data Analysis - Admin Meets with teachers to go over the data.
-Create a Pacing Calendar for HMH modules. Unpack the Curriculum
Planning Instructional Units with a focus on SOR (Science of Reading)
Phonics to Reading PL
IEP Professional learning- Understanding the roles and responsibilities of Special Education and finalizing IEPs

Roles and Responsibilities of Paraprofessionals in the classroom when supporting students
Safety Protocols

October 2025:
ALL Grades with a focus on the Phonics, Reading and Math
Phonics to Reading Overview by Wiley Blevins and based on his research-based book.
Daily application of phonics skills to authentic reading and writing experiences
High-impact phonics routines such as blending, dictation, word building, word sorts, and reading accountable text
Ways to differentiate lessons while providing students explicit instruction.
Lesson Structure and Routines
-Explicit instruction and practice on foundational reading skills: understanding letter-sound relationships (phonics), blending letter-sound patterns to produce words (decoding), or understanding common spelling patterns (encoding).
-Science of Reading: Libraries,
-Sound Walls and how to incorporate them as a learning tool in the classroom across all subjects
-using data to create small learning groups that are targeted
-Literacy Shifts 1,2,3

November 2025:
Acadience K-2
Data Dives
Curriculum Mapping
iReady-Engaging Students Through Data Chats
Civics Participatory Budgeting

December 2025:
Envision math Shifts
SEL Sanford Harmony/Cloud 9 - SEL Component
SDI and Differentiation
Grade Level Planning/Vertical Teams
S H I F T 5 : literacy shift

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's professional development plan is designed to be inclusive, data-driven, and compliant with CR Part 154. The professional development plan for all ENL personnel at P.S. 280Q ensures that teachers can provide students with various research based strategies to promote student achievement in all language modalities. Each school must provide professional development to all teachers and administrators that specifically addresses the needs of English language learners. Some of the topics are but are not limited to the following: Heggerty, From Phonics to reading, Supporting ENLs with language goals through shared reading, shared writing, and interactive writing, supporting nonfiction reading vocabulary and talk through powerful read aloud, NYSESLAT data analysis, integration of technology to maximize student learning, helping students transfer their knowledge of phonics, the science of reading, spelling and vocabulary from work study into readers and writers, and ENL compliance. Professional

Development agendas and attendance are kept in a Professional Development binder in the main office and on the PS280Q onedrive and Google drive

The PD sessions are provided by NYS CTLE approved agencies such as: iReady, District, Wiley Belvins and Central offices.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At P.S. 280Q, when planning instruction for ELLs using screening assessments like iReady and Acadience, it's important to ensure the data we gather is used to effectively address their specific needs. With iReady, we observe the comprehensive diagnostics it provides a broad assessment across all domains of reading and math, identifying specific skill gaps for ELLs. We use this to pinpoint areas of need like phonological awareness, phonics, high frequency words, vocabulary, comprehension. This data allows teachers to personalize instruction and provides ongoing progress monitoring. For students in grades K-2, the Acadience screener measures components like phonemic awareness and fluency. We also use the progress monitoring tool in Acadience. This allows teachers to make adjustments in instruction allowing teachers to tailor to the needs of the students.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our targeted programs for all ELL subgroups in ELA and Math include but are not limited to: Close Reading in ELA and math, the intervention resources found in HMH, Heggerty, Bridge the Gap, Sound Sensible, SPIRE, Wilson, From Phonics to Reading and Inquiry periods to focus on lowest third in ELA and Math.

For grades K-2, our target for ELLs is Phonemic Awareness and phonics, this is based on the Acadience assessment, students that performing below/well below benchmark are working in small groups for approximately 6-8 weeks to receive a double dose of PA. Their progress is monitored by administering the Acadience/Heggerty progress monitoring indicators.

For grades 3-5, our target for ELLs is Phonemic Awareness and phonics, this is based on the i-Ready assessment, students that are performing below benchmark are working in small groups for approximately 6-8 weeks on PA activities. Their progress is monitored by administering the i-Ready/Bridge the Gap assessments. Teachers try several research based strategies such as, Language Power for vocabulary development, Thinking Maps to develop main idea, and part to whole in small groups. Teachers use a variety of activities from HMH and I-Ready to re-teach in order to support reading comprehension.

In math, our target for ELLs is numbers and operations, this is based on the i-Ready assessment, students that are performing below benchmark are working in small groups for approximately 6-8 weeks. Teachers use the i-Ready assessment and quick check assessment to differentiate instruction to meet the needs of students. Teachers also use i-Ready instructional path to support student in their areas of need.

In the content areas (Science, Social Studies, and Math) for grades K-5 our ENL students are exposed to close reading. Close Reading is used to tackle complex text and deconstruct problems through the use of explicit

instruction, modeling, Thinking Maps, and Academic Vocabulary.

All students engage in lessons, projects and activities. Teachers use videos and other technology resources to maximize student learning.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

To support English Language Learners (ELLs) within a Multi-Tiered System of Supports (MTSS), data is a critical component that drives instruction. Here's how it can be applied across all grades using an instructional leadership tool specifically for Multilingual Learners (MLs)/ELLs:

1. Tier 1 (Universal Support):
At the core, the entire school population, including ELLs, receives high-quality, culturally responsive, and linguistically inclusive instruction. Data collection at this level includes:

• Diagnostic Assessments: Tools such as NYSESLAT can assess the initial proficiency of ELLs. The information gathered helps determine the language level of each student, ensuring appropriate scaffolding.

• Formative Assessments: Daily classroom activities, quizzes, and observation checklists help monitor student progress. Teachers adjust their instruction based on the data to meet the needs of ELLs.Data-Driven Instruction:

Teachers analyze this data to ensure that their lessons are differentiated. They embed vocabulary development and language objectives within content instruction, supporting ELLs with visuals, graphic organizers, and peer collaboration.

2. Tier 2 (Targeted Support):

For students who are not making expected progress, more targeted interventions are provided. Data sources include:

• Progress Monitoring: Regular assessments Acadience/Iready

• Teacher and Specialist Collaboration: Bilingual or ESL teachers work closely with classroom teachers to analyze classroom data and develop small group interventions focusing on specific language skills.

• Small Group Instruction Data: Data from pull-out or push-in sessions where ELLs work on targeted language skills (like phonemic awareness or vocabulary) is reviewed to modify the intensity or focus of

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Assessment is an essential tool at PS280Q that is used to guide our instruction and set instructional goals. Students enter the classrooms with diverse backgrounds and literacy skills. Due to these varying student levels it is necessary that we design literacy instruction that is tailored to meet the individual needs of each student. Individual student needs can be determined with the use of initial and on going continuous assessments. Teachers uses a variety of formative assessments which include but are not limited to; exit slips, graded writing using rubrics, quizzes, tests, projects, teachers' observations, etc.

We currently use iReady diagnostic in both reading and math to assess all students. Using the iReady platform allows for consistency and fluidity when analyzing data due to the fact that all teachers use it. Teachers are able to monitor students' foundational skills in phonemic awareness and phonics. As a result, teachers are able to develop student's reading and comprehension skills based on individual needs. At PS280Q, our goal is to provide all students with college and career readiness instruction. In order for this to be possible, we must develop specific literacy concepts and skills within our students along with a scope and sequence. In achieving this goal, we are setting up students for success in school and creating life long learners.

Through the use of consistent assessments like iReady, Into the Reading, Heggerty, Bridge the gap and Acadience we are able to identify skills that students have not mastered so that teachers can provide effective instruction to their students. Data analysis can provide us with a snapshot of what students know, which we then compare to student expectations as outlined in the Next Generation Standards. Instructional decisions are made by teacher teams, data specialist and administration, in order to meet academic needs and improve student outcomes. The data shows us that our ELL population needs instruction that is clearly aligned to the standards with the use of scaffolding techniques in order to ensure that content is comprehensible to ELLs of varying proficiency levels and development of academic language across all content areas. Through the use of appropriate data analysis we are able to make informed decisions that positively affect student achievement. We are able to tailor professional development sessions to address the specific language needs of our ELL population for our teachers.

Students are assessed 3 times during the year using i-Ready diagnostic and Acadience. Beginning of the year (BOY)September, Middle of the Year (MOY) January, and End of year (June)

Looking at students through a quantitative lens, assessment data and a qualitative lens, cultural identity will also help deepen our understanding of student needs and allow opportunities for individualized support.

Our current EOY data shows that our students fall within Tier 2 and Tier 3 within the domains of phonics, high frequency words, vocabulary, and numbers and operations. As we a school we need to focus on developing foundational skills.

54% of our ELL students are well below level in reading, specifically in the domain of phonemic awareness and phonics. In order to support this area of need, teachers are using Heggerty and From Phonics to reading to develop student's phonemic awareness and phonics skills. Teachers created an action plan to support the learning needs of their students with a focus on these skills

49% of our students are well below level in math, specifically in the domain of numbers and operations. In order to support this are of needs teachers are using the iReady instructional path and tools to provide students with these foundations skills (number senes, fluency in addition and subtraction).

Our current EDUR data shows that 87.5% of of ELLs are newcomers. As a school we are using students cultural identities and academic abilities to support their development socially , culturally and academically. Students are engaged in activities that support their social emotional learning and growth. Teachers are are also working on developing their foundational skills through small group s instruction and a focus on language development.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

To ensure that Multilingual Learners (MLs)/English Language Learners (ELLs) are appropriately evaluated in their home language throughout the year, several strategies can be employed:

1. Initial Assessment in Home Language: Upon enrollment, MLs/ELLs should be given assessments in their home language to gauge their academic abilities and proficiency. This helps differentiate between language acquisition challenges and learning difficulties.

2. Use of Bilingual Assessment Tools: Schools can use bilingual assessments that align with the curriculum. These tools allow students to demonstrate knowledge without the language barrier being a limiting factor. This tool is Camino A El Exito.

3. Ongoing Formative Assessments: Periodic assessments in the home language throughout the year provide ongoing data on the student's progress. These assessments should be a mix of formal tools and informal observations. We use the Into Reading Spanish Assessments as well the EnVision Math Assessments.

4. Access to Native Language Support: Ensuring that students have access to instruction and materials in their native language as much as possible helps them express what they know and allows teachers to more accurately assess their understanding.

5. Collaboration with Families: Regular communication with families about students' progress in both languages helps reinforce skills at home and gives insight into the student's language development outside of school.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

In order to track our ELL student progress, we analyze the NYS ELA, Math and NYSESLAT data

We have embedded 3 cycles of Progress Monitoring (PM1, PM2, PM3) between BOY, MOY and EOY. We have also included growth monitoring into our i-Ready progress monitoring program. These assessments provide teachers, administration and data specialist specific information about what students have learned and what they continue to need support in. Once data is analyzed, targeted small group instruction is provided through TIER 1, TIER 2 and TIER 3. Action plans are created and implemented in 6-8 week cycles. The tools used for Progress Monitoring are:

1. Acadience Reading and Math

2. Heggerty/Bridge the Gap

3. i-Ready Growth Monitoring

In addition, we us the EDAT & EDUR data to keep us abreast and informed of students who fall within the different

levels of the at-risk indicators. We use this indicators to provide support in the areas of need like attendance, newcomer status, and proficiency levels.

We use the NYSESLAT , ELA and Math data to evaluate the effectiveness of our instructional programs by closely monitoring and analyzing the data through our beginning of year data PL and periodic data dives. The NYSESLAT, ELA and Math tests provide us with detailed information on the areas of strength and those in need of improvement as measured by the Next Generation Standards. During these data dives, we look closely at subgroup data and create targeted action plans to support our ELLs in the areas of need. These data chats pacing calendars are modified to enhance high-leverage instructional practices and identify additional resources from the various curricula.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

For an effective NYSESLAT administration plan, it's important to outline the roles and responsibilities of staff to ensure smooth execution and accurate scoring.

NYSESLAT Administration Plan:

1. Assistant Principal/Testing Coordinator - Mr. Mazun (AP)

• Role: Oversee the overall administration of the NYSESLAT.

• Responsibilities:
• Ensure compliance with NYSESLAT guidelines.
• Assign testing rooms and ensure proper environment.
• Coordinate training sessions for proctors and scorers.
• Handle any scheduling conflicts or accommodations.
• Oversee different grade levels during the administration of the test.
• Monitor testing to ensure that procedures are being followed.
• Provide support for any issues that arise during the test.

3. ESL Teachers

• Role: Administer the speaking and listening portions of the exam.

• Responsibilities:
• Conduct one-on-one sessions for the speaking portion.
• Monitor the listening, reading, and writing portions as needed.
• Act as language facilitators if required.

4. General Education Teachers

• Role: Assist in administering the reading and writing sections in larger classrooms.

• Responsibilities:
• Ensure students have all materials.

• Proctor the exams and monitor students to ensure compliance with testing protocols.

5. Special Education Teachers

• Role: Administer accommodations for students with IEPs.

• Responsibilities:
• Ensure all accommodations are being met (e.g., extended time, separate location).
• Help with test administration for students needing specific support.

During the testing period, there is an equitable rotation schedule to ensure that teachers are still able to provided the mandated ENL minutes for their students.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Ensuring that current and former English Language Learners (ELLs) receive the necessary accommodations for state assessments requires a comprehensive approach that aligns with both legal mandates and the specific needs of each student. Here's how a school like PS280Q might approach this process:

1. Identification of ELLs and Former ELLs

• Current ELLs: Students are identified based on the results of the Home Language Identification Survey (HLIS) and the NYSITELL (New York State Identification Test for English Language Learners). If they qualify as ELLs, they are entitled to receive specific accommodations on state assessments.

• Former ELLs: These are students who have exited ELL status within the past two years. According to New York State regulations, these students are also eligible for certain accommodations to support their continued language development during assessments.

2. ELL Accommodation Plans

• Individualized Plans: For each ELL and former ELL, accommodations are outlined based on their language proficiency, academic needs, and the NYSESLAT and NYSITELL scores.

• Collaboration with ESL Teachers: ESL teachers work closely with classroom teachers and special education staff (if applicable) to create a plan that ensures each student's accommodations are implemented during state assessments.

3. Types of Accommodations Provided

• Extended Time: ELLs typically receive extended time on state assessments, allowing them more opportunity to process and understand the questions.

• Testing in a Separate Location: ELLs may take state assessments in a smaller, quieter setting to reduce distractions and allow for additional supports.

. Coordination with Testing Coordinator

• The Testing Coordinator Mr. Mazun ensures that a list of all ELLs and former ELLs is up to date and that all necessary accommodations are documented and implemented on testing days.

• Pre-Testing Meetings: Staff members, including ESL teachers, general education teachers, and special education teachers, are briefed on the accommodation plans for each ELL. This ensures consistency and clarity across all staff involved in test administration.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At PS280Q: Home of the Lionhearts, families are provided with translated communication and flyers for meetings to introduce the different ELL program options. Parents are invited to join the staff who discusses the various ML/ELL programs. Meetings are scheduled at various times, morning or afternoon, and may be conducted virtually to accommodate parents/guardians. Attendance is collected and stored in the school's Main Office. Information and videos are introduced to explain the various programs. Teachers are invited to share with the families the models and expectations of the various programs that are aligned to the Next Generation Standards and NYS assessments. We are committed to ensuring a quality education for all students. All instructional materials are Next Generation aligned, and age/grade appropriate to provide students with rigorous programs. The expectation is that all ENL teachers include multiple entry points within their lessons. During the enrollment process at PS 280Q, staff who administer the NYSITELL review and describe the ELL programs offered at the school: Spanish Dual Language and ENL Classrooms (English-only). ICT classes may be considered based on student's IEP and teacher licensing.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Staff at PS280Q have parent engagement time on weekly basis if needed. For the 2025-2026 school year, meetings take place to follow the periodic assessment benchmarks (Beginning, Middle & End of Year). During these meetings, administration or teaching staff will present overall student performance, subgroup performance (ELLs, SWDs, F-ELLs), language proficiency assessment results and language development needs in all content areas. The presentation/materials will be translated in Spanish. The meetings will be planned accordingly and parents will be notified via remind, class dojo and monthly newsletter. These meetings will provide opportunities for staff and parents to create partnerships to help our students read and succeed.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

We are committed to ensuring a quality education for all students. All information is translated in the language that the parents wrote on their home language forms. All ENL teachers in their grades provide a translated monthly newsletter for the parents. Communication goes out via class dojo, remind, backpack letters and also calendar. In addition, the school's website can be translated into 243 languages with an audio service that can read it to the parents. Language development at all levels is fostered through purposeful deliberate conversations between teacher and parents and among students in person or via remote.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our goal for to empower families is to create an environment of inclusion that promotes diversity and helps students/families feel comfortable, welcomed, and safe. We provide them with opportunities to meet with the Parent Coordinator, Social worker and or school counselor to engage in social emotional learning activities. We take into consideration their cultural and linguistic levels in order to meet their individual needs and set them up for success. Teachers find multiple opportunities to incorporate the students/families culture into the classroom. This is done through family pride every month, PTA Lionsheart cafe and conducting a families needs survey. The monthly family pride provides opportunities for in class reading activities and project based learning. Parents are invited to participate in workshops throughout the year that support student learning at home and assimilating in a new country/environment. We organize cultural learning opportunities for these students to learn about their new country through virtual trips, walking trips, and culturally centered projects.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At P280Q families are invited to participate in the PTA monthly Lionsheart cafe, monthly SLT elections, Title I Pac parent meetings and CEC invitations. The parents also receives a montly calendar with workshops and events that promote communitiy partnerships and leadership workshops. Parent involvement at P.S.280Q is very high. We have parents that choose to participate in the life of the school. We currently have a parent association that works with parents and hold monthly PTA meetings. The various staff members such as the parent coordinator, guidance counselor, and social worker, offers one to two monthly parent workshops on a variety of topics. Topics include but are not limited to: Middle School, NYC school account, Education Equality SEL, Cornell Food and Nutrition certification, health insurance, homemade holiday crafts, Kids Rise, Queens Library, Mental Health, Conflict vs. Bullying, A parent guide to the IEP, Understanding child behaviors.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At PS280Q creating partnerships that are culturally and linguistically responsive to the needs of our community is very important.
That is why translation is provided for the parent if needed through the Office of Translation Services, staff who speak their languages, so that parents can be involved and look at the students work over time and next steps are explained to parents to help their child improve both at home and school in all content areas. Partnerships with organization such as Equality Education, Catholic Charities, Career development and wellness is very much embedded in the relationship with the community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We at PS280Q support all students, families and staff in creating positive relationships that help promote family understanding of all the various ML/ELL programs. ML/ELL families are invited to participate in many school functions, whether remote or in person. Parents as learning partners, picture day volunteers, lunch volunteers, monthly family pride, PTA meetings are all opportunities for ELL parents to be involved in their child's education. We also take families on trips that enables them not only to use the language but be aware of the various free programs in ESL, financial literacy, wellness and careers.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Ms. Andujar (Principal)
Ms. Leal (ENL)
Ms. Aponte (IEP)
Mr. Mazun (Assistant Principal)

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At PS280Q, we align fully with DOE policy and implement the following steps:

The identification of ELLs includes the following key steps, which are followed year-round:

Step 1 - Home Language Identification Survey (HLIS): This is completed by parents of new students upon enrollment. The HLIS is completed by the parent or guardian, with translation/interpreter support as needed. This helps us identify students who speak a language other than English at home. This is completed within the first two days of registration. If a student has been in New York State public schools within the past 2 years, we contact the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.

Step 2 - Review of HLIS: A trained school staff member reviews the HLIS responses. If needed, translation services are provided by a bilingual staff member or the DOE's over-the-phone translation services. If the HLIS indicates a non-English home language, the student will be administered the NYSITELL.

Step 3 - An interview with parents and students in English and the home language is conducted. This helps is

determine the student's abilities in literacy and math level in his/her home language.

Step 4 - Initial Language Proficiency Screening: Students flagged by the HLIS take the NYSITELL (New York State Identification Test for English Language Learners). The test determines whether the student is classified as an ELL and assigns an initial proficiency level.

Step 5 - ELL Designation and Parent Notification: If a student is identified as an ELL, the school notifies the parent in writing and in the home language. During the parent orientation, parents receive information on the available English language development program models (i.e., Dual Language, Transitional Bilingual Education, or English as a New Language [ENL]). Parent choice forms are completed.

This process is ongoing and applies to students who enroll at any point during the school year. At PS280Q, we have these structures in place to ensure prompt HLIS administration and testing.

Students with disabilities or an existing IEP follow the same HLIS and NYSITELL process, with important accommodations and cross-team collaboration:

Step 1 - Special Education and ELL Collaboration: The school-based IEP teacher/team reviews the student's language background and academic history. Teams ensure that the student's language needs are not confused with disability-related needs.

Step 2 - Accommodations during NYSITELL: Students with IEPs receive appropriate testing accommodations (e.g., extended time, alternate location, translation/glossaries if allowed). Test results are interpreted in the context of the student's disability and learning profile.

Step 3 - Service Planning: If identified as an ELL, the student receives both English language development services and special education services, as outlined in their IEP. The IEP will include language development goals and specify the type of ENL or bilingual services required.

Step 4 - Parent Communication: Parents are informed in a language they understand. Decisions regarding services (ELL and special education) are made collaboratively and documented in the IEP.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Barbara Andujar

Part IX: LAP Assurances

LAP Assurances Page

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Peter	Mazun	Assistant Principal 10 Month	2025	y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	5	.99	5	1.0	0	0
BENGALI (BANGLA IN BANGLADESH)	11	2.18	10	1.99	0	0
GUJARATI	3	0.59	3	0.60%	0	0
ENGLISH	91	18.02	91	18.13	10	10
SPANISH	395	78.22	393	78.29	10	10

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School event Flyers	Canva website is used to translate flyers of the events based on the Home Language. The flyers are viewed for accuracy and are completed a week in advance for distribution. They are also uploaded to the school's website where parents can select their language of preference.
IEP	The form that is found in the Office of Language Access site is to request the translation of IEPs based on a case by case of the Home Language.
School Calendar	Are printed in both English and Spanish. They are uploaded to the school's website where parents can select their language of preference. They are also back-packed and printed in poster size and placed by the main entrance. The calendars are viewed for accuracy and are completed 2 weeks in advance.
Report Cards	The RCPL report is used to print out the number of Home Languages needed for translation. Teacher send home the completed English report card along with the preferred Home Language. During PTC the translated unit is used to ensure parents are given accurate information.
Assessment reports	The iReady, HMH, Envisions and Acadience sites are used to generate parent reports of student progress. These sites primarily have translation in both English & Spanish. If a parent request another language out-reach will be made to the companies on a case by case basis.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Workshops	Our in-house and external parent workshops will be presented in both English and Spanish. Pocket Talks (pocket translators) will be available for parents that need another language during the workshops.
IEP Meetings	During IEPs a constituents will be available to speak in both English and Spanish. If another language is needed the Pocket Talk will be used, if the Translation Unit is not available at the time of the meeting.
PTCs	79% of our school community is Spanish speaking. During PTC a member of the school community is paired up with a teacher that does not speak Spanish. This will ensure that the information presented to parents is accurate. Parents will feel safe to ask questions. If another language is needed the Pocket Talk will be used, if the Translation Unit is not available.
Parental Engagement	If a translator is needed during parental engagement a member of the school community is paired up with the teacher that requested a translator. This will ensure that the information presented to parents is accurate. Parents will feel safe to ask questions. If another language is needed the Pocket Talk will be used, if the Translation Unit is not available.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

The resources and processes that will be used with parents who speak a language other than English during an emergency are as follows:
1. The pupil personnel will write a message on the DOE messaging (GAMA) and send it out parents in their preferred

language to inform them of an any emergencies and any updates/next steps
2. Class Dojo will be utilized by both ADMIN and the pupil personnel as form of communication to inform parents of any emergencies and any updates/next steps. Class Dojo defaults to the parent preferred language.
3. PS 280 website will be used to inform parents of any emergencies and any updates/next steps. The school's website can be translated into 240 different languages. Parent will be able to select the language they prefer to receive the information.

Parents can communicate with the school in their preferred through the following platforms:
Parents can communicate with school by using the message inquiry board on the PS 280 website, Class Dojo andRemind. The communication platforms are monitored by the pupil personnel and ADMIN

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

We will ensure that all staff complete the required asynchronous NYCPS Language Access Training during the Professional Development time for the 205-2026 school year. We will use the WeLearnNYC learning platform to access the training. Teachers will also have time to view and discuss the document that promotes best practices for when to provide translation of written and oral Communications with Parents. The LAC and ADMIN will disseminate any future language resources/updates during mandated PD time or Common Planning time.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The safety agent is the first person that our parents come in contact with. They are trained to first identify their preferred language by using the Language Access Family brochure. They then set the Pocket Talk to effectively communicate with the parents. We will train all personnel that come into contact with parents on the use of the Pocket Talk (translator) such as the nurse and the secretaries. This device will allow us to inform parents in their home language that we have several communication platforms (PS 280 website, Class Dojo and Remind) that are available for them. We will train them on how to navigate these platforms to receive information on up coming school events and how to communicate with the school if they have any questions/concerns.

79% of our families are Spanish speaking and 18% are English speaking, therefore all of our school flyers go home in Spanish and English. All parental and student events are posted in of our communication platforms (PS 280 website, Class Dojo and Remind) in over 240 languages. The PS 280 website is accessible to all parents in written and oral form. The website features an audible component that allows parents to listen to any information as well as to speak into the system for sending.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

One method we will use to gather feedback about our Translation & Interpretation services will be an informal survey that will be distributed during the PTA workshops. We will also create a Google form to send out via email, Class Dojo and the PS 280 website to collect data on the effectiveness of the translation of the school. We will use that data to modify/improve our services.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

We have purchased additional Pocket Talks to ensure that all school constituents have access to devices, to better service our families and students.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

265 students in grades K-5

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

Approximately 11 teachers will work in these programs; 6 teachers in the after school program,5 teachers in the Saturday Academy Program plus one paraprofessional if required on the IEP

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

7

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

7

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Program Overview and Structure for ELLs at P.S. 280Q Home of the Lionhearts
Program Timing:

Afterschool Program
Students will be using the program Language Power, by Teacher Created Materials. This program will ensure that all students receive instruction from experts in different aspects of language development (ex: reading, writing, speaking, listening and language development). This method will allow for immediate differentiation within the program and provide a more personalized learning experience for each student. Teachers will focus on building vocabulary, listening, speaking and writing skills through structured, personalized lessons.

ELLs are grouped proficiency levels, the maximum number of students being 15.
Group 1: Entering/Emerging - 15 students
Group 2: Transitioning/Expanding - 15 students.

Instruction will be direct teaching.

The program will be supervised by the school's Administrative team to ensure that all activities are aligned with the school's goals and educational standards. The program will be funded through Title III funds. The Title III allocation will primarily cover the costs associated with instructional materials.

Saturday Program
Students will be using the program NYSESLAT Rehearsal, by Rally! Education!. The program will be used to engage students in speaking and listening activities that encourage language production, build confidence in oral communication, and strengthen sentence structure and grammar. This method will allow for immediate differentiation within the program and provide a more personalized learning experience for each student. Teachers will focus on building vocabulary, reading, listening, speaking and writing skills through structured, personalized lessons.

ELLs are grouped proficiency levels, the maximum number of students being 15.
Group 1: Entering/Emerging - 15 students
Group 2: Transitioning/Expanding - 15 students.

Instruction will be direct teaching.

The program will be supervised by the school's Administrative team to ensure that all activities are aligned with the school's goals and educational standards. The program will be funded through Title III funds. The Title III allocation will primarily cover the costs associated with instructional materials.

Instruction will be team teaching.

The program will be supervised by the school's Administrative team to ensure that all activities are aligned with the school's goals and educational standards. The program will be funded through Title III funds. The Title III allocation will primarily cover the costs associated with instructional materials.

Instruction will be team teaching.

Cheerleading
Students in the fourth and fifth grade, who were selected for the Cheerleading program, will meet for rehearsals every Tuesday from 2:30 pm to3:30 pm. This program will support the students' language development by providing opportunities for students to practice speaking in context, enhancing their ability to communicate in real-life scenarios. Team sports encourage casual conversations, which will bolster students' confidence in speaking as they must communicate quickly and effectively.

Total number of students - 15 students of mixed ENL levels.

Instruction will be team teaching.

The program will be supervised by the school's Administrative team to ensure that all activities are aligned with the school's goals and educational standards. The program will be funded through Title III funds. The Title III allocation will primarily cover the costs associated with instructional materials.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Rationale for Title III ELL Funded Programs at P.S. 280Q Home of the Lionhearts
At P.S. 280Q Home of the Lionhearts, we are committed to ensuring that our English Language Learners (ELLs) and former ELLs receive the necessary support to become career-connected ready. To achieve this, we understand that our students must engage with a rigorous and broad curriculum that not only focuses on language development but also integrates core academic subjects essential for a well-rounded education. A key aspect of this curriculum is grounded in the Science of Reading, a research-based approach that ensures students develop foundational literacy skills, including phonemic awareness, phonics, fluency, and comprehension.

Comprehensive Instructional Design
Instruction at P.S. 280Q is designed to meet the diverse needs of ELLs at varying levels of proficiency through culturally responsive and scaffolded teaching practices. The goal is to provide appropriate scaffolds and formative assessments to ensure students can meet the rigorous academic standards required for post-secondary readiness. We recognize that academic preparation alone is not enough to ensure success beyond high school. However, it is clear that academic rigor in foundational literacy, language skills, and content knowledge is essential to preparing

our students for success in college, careers, and life in the 21st century.

Research-Based Instructional Programs
The direct instructional programs used at P.S. 280Q, specifically designed for afterschool, and Saturday Academy time slots, are highly structured and research-based. These programs are aligned with the Science of Reading and are intentionally designed to help students demonstrate significant progress on the NYSESLAT, ELA assessments, and in areas of phonemic awareness/phonics. These include:

Heggerty (Tier2 and Tier 3)
From Phonics to Reading (Grades K-3)
Rally! Education for NYSESLAT instruction

These programs are intentionally chosen to target the essential language and literacy skills that are critical for ELLs' academic success. They provide explicit, systematic instruction that builds skills incrementally, helping students progress from basic phonics and word decoding skills to higher-order thinking, reading comprehension, and writing skills.

Differentiated Instruction to Meet Individual Needs:
Classroom instruction at P.S. 280Q is centered on explicit teaching where teachers clearly define lesson objectives and expectations. Lessons are built progressively toward more complex concepts and include interactive lessons with multiple entry points, ensuring that students of all levels can engage with the content.

To ensure that all learners' needs are met, instruction is differentiated. This is achieved through a combination of strategies, including the use of small group instruction, technology integration, and various teaching methods designed to target the individual needs of students based on their proficiency levels. Differentiation is particularly important for ELLs, as it allows teachers to provide personalized support based on students' strengths, challenges, and language development needs.

Small group instruction allows for more targeted interventions, ensuring that students who need extra support, particularly in phonics and phonemic awareness, receive the attention they need to build a strong foundation for further language acquisition and academic success. Technology tools provide additional opportunities for students to practice language skills in a way that is engaging and interactive, further reinforcing the learning process.

Conclusion

The programs implemented at P.S. 280Q Home of the Lionhearts are designed to address the specific needs of our ELLs and former ELLs, ensuring they acquire the language skills necessary for success in academic and real-world contexts. By providing culturally responsive scaffolding, explicit instruction, and differentiated learning opportunities, we are building a strong foundation for all students to meet rigorous standards, advance in their English language proficiency, and develop the skills required for college, career, and life readiness. The research-based instructional programs, including Heggerty, From Phonics to Reading, and Rally! Education, provide the critical support that ensures our ELLs make one year’s progress on the NYSESLAT, ELA assessments, and in foundational literacy skills.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Subgroups and grade level of students to be served:

At P.S. 280Q Home of the Lionhearts, we serve ELL students from grades Kindergarten through Fifth grade, in all subgroups (Newcomers, Developing, Long term, SIFE, ELL-SWD, and F-ELLs).

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Schedule and duration:

Our after-school program will offer intervention and enrichment programs for of our students. Cycles will run approximately 8 weeks, and approximately 16 sessions each.

Our Learning ROARS Academy Cycle 1 will begin approximately December 8, 2025-February 13, 2026. Our afterschool program will operate on Tuesdays and Thursdays from 2:30pm - 4:00pm. Cycle 2 will begin approximately February 23, 2025-April 30, 2026.

Our Saturday Academy will begin approximately January 10, 2026 - April 11, 2026 for grades K-5 from 9:00am - 12:00pm. The program cycle will be approximately 11 sessions each.

All ENL students in all the different subgroups will be invited to participate in this program.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Language of Instruction: English

Home language support is provided through use of translanguaging (as needed), linguistic partnerships, and the use of technology (like online translators and dictionaries).

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

We expect 7 certified ESOL/bilingual teachers to work in the program;7 teachers in the after school program, 6 teachers in the Saturday Academy Program.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Materials:

These materials are exclusively for Title III and are distinct from what is being used during the regular school day.

-Heggerty for Phonemic awareness (Tier 1 - teacher guide, flash cards, digital resources; Sounds Sensible designed to address gaps in students' slightly behind in their phonemic awareness practice; teacher manual)
-From Phonics to Reading for Phonics (student books, teacher guides, flashcards, interactive activities and manipulatives, decodable readers)
-Rally! Education for NYSESLAT instruction (teacher guide, student books)
-iPads for audio/visual practice (students can record themselves and get feedback from each other/from teachers)
-Technology devices and instructional apps (Briannica, HMH Intervention lessons, SMARTBoard lessons, Google classroom)

The materials selected for Title III ELL funded program at PS 280Q Home of the Lionhearts are designed to support both foundational and academic language needs of students. These research based instructional resources such as Heggerty, From Phonics to Reading, Rally!, and differentiated instructional strategies are creating a robust learning environment where students receive the support they need to become college and career ready. With the integration of small group instruction, interactive materials and formative assessment tools ensure that students can progress in a way that meets their individual needs and language proficiency levels.

We will be administering a pre- and post-assessment along with MOY and EOY iReady and Acadience diagnostics in order to track student performance.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Once BOY school-wide data is analyzed and students are grouped, parent invitations are created outlining the program's dates, times, and expectations in English and their home language. After parent consent is received, teachers are given their formal roster. Then teachers are given time to analyze student data (NYSESLAT, iReady, Acadience) and purposefully plan together, ahead of the program's start date.

Attendance is to be taken daily and submitted to the main office. Attendance patterns are monitored closely and any students with 2 consecutive absences will be contacted. Attendance binders and records will be kept in the main office in the Title III binder.

Progress monitoring is tracked through iReady diagnostic and lesson scores, particularly in the Phonemic Awareness, Phonics, and Comprehension domains. Progress is also monitored through use of the NYSESLAT writing and speaking rubrics. We will also be administering a pre- and post-assessment along with MOY and EOY iReady and Acadience diagnostics in order to track student performance. A

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional Development (PD) is planned out for the first 7 months and topics are selected based on teacher and admin feedback. The PD cycles are strategically planned out, to ensure that our educators continue to strengthen their practice throughout their career and stay abreast of new methodologies to service our ELLS. We have found that the most effective professional development, engages teams of teachers to focus on the needs of their students. They learn and problem solve together in order to ensure all students achieve success. Effective professional development has positive effects on student learning. Student learning and achievement increase, when educators engage in effective professional development focused on the skills educators need in order to address student's major learning challenges. All ELL students benefit from the PD provided to teachers providing training in specialized ENL methodologies.

Teachers to receive training: At P.S. 280Q Home of the Lionhearts, all teachers and support staff receive professional development opportunities in and out of school.

Schedule and duration: Professional development at P.S. 280Q Home of the Lionhearts every Monday in person/ virtually from 3:00pm to 4:00 pm pm beginning September 2025 and ending June 2026. Title III monies will not be used for Professional Development.

Topics to be covered: Professional Development at P.S. 280Q is closely linked to teacher needs. Teachers are provided with an opportunity to discuss in their grade inquiry team meetings and administration topics they feel, they need additional support with as well as input from administration based on their observations. Topics covered through Professional Development include but are not limited to Phonics and Phonemic Awareness, HMH Into Reading, close reading, differentiated instruction, SPIRE, Sound Sensible, shared reading, classroom management, instructional expectations and outcomes, goal setting, high order thinking, questioning, tiered scaffolds, academic vocabulary, Thinking Maps, language acquisition, I-Ready, ENL techniques, SEL strategies etc.

Planned Professional Development for a Title III program teachers and staff for the 2025-2026school year:

August 2025

MTSS Frameworks
Grade level MTSS plan
Data Dive Chat with Leaders/SE/ ENL
Leader in Me Kick-off with SLT/ILT-MTSS, Lighthouse Team

September 2025:
Opening day: Compliance
De-Escalation LSCI
End of year Data Analysis Meeting
Beginning of Year Data Chats
State data Analysis
Leader in Me Kick-off with Mr. Will Weeks
Safety:Epi-Pen and Safety
IEP-ELL Planning
Planning Instructional Units
Inquiry Data Meetings all grade levels
Waggle HMH
Dual Language Allocation implementation-Roller Coaster Model rollout for November 2025
MTSS: Discussed MTSS and WINN during ELA block- (30 minutes of protected time build into the schedule)

October 2025:
Danielson Framework
Align Science of Reading in Classrooms focus on Class Environment using the ELA Implementation Tool and in-house Tool and Language Objectives, Learning targets and Success Criteria that align to the ELA Standards
Mission/Vision/Instructional Focus
Aprendo Leyenda PL for Dual Language
Dual Language Allocation implementation-Roller Coaster Model rollout for November
Outcomes Driven Model
ELA BOY overview that aligns to the School Priorities
Explicit Instruction and the use of High Quality Instructional material during WINN
ELA Data Dive for MTSS with Ms. Galvez created groups with teachers identifying the 40th and 20th percentile for WINN
Trained and normed with Testing team to administer Acadience Survey /Maze
Administered Acadience Survey Benchmark for students that were flagged
Administered Sounds Sensible and SPIRE K-5 assessment
Leader in me MRI Survey discussed with staff and SLT members
Lighthouse team vision

November 2025:

Acadience K-6 Essential Workshop
Data Dives Grade Meetings
Curriculum Mapping
iReady-Engaging Students Through Data Chats
Elevating Math Instructional Practice using the Outcomes Driven Model
Creation of Tier 2 and TIer 3 intervention using core 1 instructional materials using HMH intervention, HMH Mult-language-Heggerty and From Phonics to Reading materials in grades K and 1 to support Tier 2 and Tier 3 students until December and MOY in January 2026 Trained all K-2 teachers in Sounds Sensible and approximately 9 in SPIRE.
MTSS and identified our Journey review HQIM with teachers
Plan with admin team in creating small group instructional lesson to support Tier1-Tier 3 WINN periods.

Collaborate Ready Gen Coach to continue supporting teachers created data-driven small group instruction during WINN
Re-introduce Explicit Instruction focusing on scaffolds and self-assessment teacher tool we created in ILT to further discuss the "You" in lessons during the Gradual Release in lessons.
Introduce Math Shifts and review Math trends Math Shifts Beginning with Sensemaking - Low Floor High Ceiling task
Begin Planning Momentum Monday with PD Team

Dec 2025
Use of i-ready SPRINT for tier 3 students
Reinforce explicit instruction in the "YOU" students independent practice
Checking for understanding using HMH exit tickets and in class student observation
Data Dive of Cycle 1 of MTSS
Discussion Protocols
K-2 continue discussion protocols
3-5 Creating Success Criteria
-Using observed Patterns and trends in Math
Math Shifts Beginning with Sensemaking - Low Floor High Ceiling task
Using Scaffolds in all subjects areas including Mathematics
Tentative PL using the FURBY tool

January 2026

SDI and Differentiation
Grade Level Planning: Reassess Success Criteria as soon
Elevating Math Instructional Practice using the Outcomes Driven Model
Explicit Instruction & Incorporating background knowledge planning for upcoming module aligning to instructional visit (each grade team/clusters)
Explicit Instruction Definition with Admin

February
MOY Data Dive examine pattern and trends
WINN Planning
Checks for Understanding

March
Language Objectives (MLL series),
Testing Sophistication

Names of PD providers:
Ms. Andujar, Principal
Mr. Mazun, Assistant Principal
Ms. Galvez Assistant Principal

Ms. Villacis, Model Teacher - DL/ENL
Ms. Leal, Model Teacher - ENL/ELA
I-Ready Consultants

Ms. Aponte, Special Education Intervention Teacher

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Professional Development (PD) is planned out for the first 7 months and topics are selected based on teacher and admin feedback. The PD cycles are strategically planned out, to ensure that our educators continue to strengthen their practice throughout their career and stay abreast of new methodologies to service our ELLS. We have found that the most effective professional development, engages teams of teachers to focus on the needs of their students. They learn and problem solve together in order to ensure all students achieve success. Effective professional development has positive effects on student learning. Student learning and achievement increase, when educators engage in effective professional development focused on the skills educators need in order to address student's major learning challenges. All ELL students benefit from the PD provided to teachers providing training in specialized ENL methodologies.

Teachers to receive training: At P.S. 280Q Home of the Lionhearts, all teachers and support staff receive professional development opportunities in and out of school.

Schedule and duration: Professional development at P.S. 280Q Home of the Lionhearts every Monday in person/ virtually from 3:00pm to 4:00 pm pm beginning September 2025 and ending June 2026. Title III monies will not be used for Professional Development.

Topics to be covered: Professional Development at P.S. 280Q is closely linked to teacher needs. Teachers are provided with an opportunity to discuss in their grade inquiry team meetings and administration topics they feel, they need additional support with as well as input from administration based on their observations. Topics covered through Professional Development include but are not limited to Phonics and Phonemic Awareness, HMH Into Reading, close reading, differentiated instruction, shared reading, classroom management, instructional expectations and outcomes, goal setting, high order thinking, questioning, tiered scaffolds, academic vocabulary, thinking maps, language acquisition, I-Ready, ENL techniques, and SEL strategies etc.

Planned Professional Development for a Title III program teachers and staff for the 2025-2026school year:

August 2025
MTSS Frameworks
Grade level MTSS plan
Data Dive Chat with Leaders/SE/ ENL
Leader in Me Kick-off with SLT/ILT-MTSS, Lighthouse Team

September 2025:
Opening day: Compliance
De-Escalation LSCI

End of year Data Analysis Meeting
Beginning of Year Data Chats
State data Analysis
Leader in Me Kick-off with Mr. Will Weeks
Safety:Epi-Pen and Safety
IEP-ELL Planning
Planning Instructional Units
Inquiry Data Meetings all grade levels
Waggle HMH
Dual Language Allocation implementation-Roller Coaster Model rollout for November 2025
MTSS: Discussed MTSS and WINN during ELA block- (30 minutes of protected time build into the schedule)

October 2025:
Danielson Framework
Align Science of Reading in Classrooms focus on Class Environment using the ELA Implementation Tool and in-house Tool and Language Objectives, Learning targets and Success Criteria that align to the ELA Standards
Mission/Vision/Instructional Focus
Aprendo Leyenda PL for Dual Language
Dual Language Allocation implementation-Roller Coaster Model rollout for November
Outcomes Driven Model
ELA BOY overview that aligns to the School Priorities
Explicit Instruction and the use of High Quality Instructional material during WINN
ELA Data Dive for MTSS with Ms. Galvez created groups with teachers identifying the 40th and 20th percentile for WINN
Trained and normed with Testing team to administer Acadience Survey /Maze
Administered Acadience Survey Benchmark for students that were flagged
Administered Sounds Sensible and SPIRE K-5 assessment
Leader in me MRI Survey discussed with staff and SLT members
Lighthouse team vision

November 2025:

Acadience K-6 Essential Workshop
Data Dives Grade Meetings
Curriculum Mapping
iReady-Engaging Students Through Data Chats
Elevating Math Instructional Practice using the Outcomes Driven Model
Creation of Tier 2 and TIer 3 intervention using core 1 instructional materials using HMH intervention, HMH Mult-language-Heggerty and From Phonics to Reading materials in grades K and 1 to support Tier 2 and Tier 3 students until December and MOY in January 2026 Trained all K-2 teachers in Sounds Sensible and approximately 9 in SPIRE.
MTSS and identified our Journey review HQIM with teachers
Plan with admin team in creating small group instructional lesson to support Tier1-Tier 3 WINN periods.
Collaborate Ready Gen Coach to continue supporting teachers created data-driven small group instruction during WINN
Re-introduce Explicit Instruction focusing on scaffolds and self-assessment teacher tool we created in ILT to further discuss the "You" in lessons during the Gradual Release in lessons.
Introduce Math Shifts and review Math trends Math Shifts Beginning with Sensemaking - Low Floor High Ceiling task
Begin Planning Momentum Monday with PD Team

Dec 2025
Use of i-ready SPRINT for tier 3 students
Reinforce explicit instruction in the "YOU" students independent practice
Checking for understanding using HMH exit tickets and in class student observation
Data Dive of Cycle 1 of MTSS
Discussion Protocols
K-2 continue discussion protocols
3-5 Creating Success Criteria
-Using observed Patterns and trends in Math
Math Shifts Beginning with Sensemaking - Low Floor High Ceiling task
Using Scaffolds in all subjects areas including Mathematics
Tentative PL using the FURBY tool

January 2026

SDI and Differentiation
Grade Level Planning: Reassess Success Criteria as soon
Elevating Math Instructional Practice using the Outcomes Driven Model
Explicit Instruction & Incorporating background knowledge planning for upcoming module aligning to instructional visit (each grade team/clusters)
Explicit Instruction Definition with Admin

February
MOY Data Dive examine pattern and trends
WINN Planning
Checks for Understanding

March
Language Objectives (MLL series),
Testing Sophistication

Names of PD providers:
Ms. Andujar, Principal
Mr. Mazun, Assistant Principal
Ms. Galvez Assistant Principal

Ms. Villacis, Model Teacher - DL/ENL
Ms. Leal, Model Teacher - ENL/ELA
I-Ready Consultants
Ms. Aponte, Special Education Intervention Teacher

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

September 2025 and ending June 2026. Title III monies will not be used for Professional Development.

We have found that the most effective professional development, engages teams of teachers to focus on the needs of their students. They learn and problem solve together in order to ensure all students achieve success. Effective professional development has positive effects on student learning. Student learning and achievement increase, when educators engage in effective professional development focused on the skills educators need in order to address student's major learning challenges. All ELL students benefit from the PD provided to teachers providing training in specialized ENL methodologies.

The teachers working the Title III programs will continue to receive on going training through the following:
- 2 teachers attend the ML/ELL lead series and they turn-key important information to other ENL teachers
- Dual Language teacher will receive Aprendo Leyando PL /Sound Sensible/SPIRE and will monitor the use of the programs
- Teachers have the opportunity to seek their own PDs regarding specialized ENL strategies and pedagogy and turn to staff

Schedule and duration: Professional development at P.S. 280Q Home of the Lionhearts every Monday in person/ virtually from 3:00pm to 4:00 pm pm beginning September 2025 and ending June 2026. Title III monies will not be used for Professional Development.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Teachers to receive training: At P.S. 280Q Home of the Lionhearts, all teachers and support staff receive professional development opportunities in and out of school.

Schedule and duration: Professional development at P.S. 280Q Home of the Lionhearts every Monday in person/ virtually from 3:00pm to 4:00 pm pm beginning September 2025 and ending June 2026. Title III monies will not be used for Professional Development.

Topics to be covered: Professional Development at P.S. 280Q is closely linked to teacher needs. Teachers are provided with an opportunity to discuss in their grade inquiry team meetings and administration topics they feel, they need additional support with as well as input from administration based on their observations. Topics covered through Professional Development include but are not limited to Phonics and Phonemic Awareness, HMH Into

Reading, close reading, differentiated instruction, shared reading, classroom management, instructional expectations and outcomes, goal setting, high order thinking, questioning, tiered scaffolds, academic vocabulary, Thinking Maps, language acquisition, I-Ready, ENL techniques, SEL strategies etc.

Planned Professional Development for a Title III program teachers and staff for the 2025-2026 school year: Each session was 1 hour from 3:00-4:00pm.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Records of PD in our PS280Q One Drive.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parents and caregivers are arguably the most important stakeholders in a child's educational success. When schools, families, and community groups work together to support learning, children tend to do better in school, stay in school longer, and like school more. Parent engagement at P.S. 280Q Home of the Lionhearts, is defined as parents and school staff working together to support and improve the learning, development, and health of children. We believe that parent engagement is a shared responsibility in which the school, the community and organizations are committed to engaging parents in meaningful ways, and parents are committed to actively supporting their children's learning and development. This relationship between schools and parents cuts across and reinforces children's health and learning in multiple settings -- at home, in school, in out-of-school programs, and in the community. Title III will be used for parent engagement.

Schedule and duration:
At P.S. 280Q Home of the Lionhearts, we hold parent workshops that last anywhere from 30 minutes to an hour. At this time all workshops are taking place virtually via different video conferencing apps. At times these workshops take place during the day while their children attend school. In order to accommodate and meet the needs of our working parents we also offer workshops in the evenings. Parent workshops are ongoing throughout the school year. Parents receive a monthly calendar that indicate topic, dates and time of all upcoming workshops. School information is also displayed on the LED sign located on the outside of the school. Parent workshops will occur on a monthly basis for 1 hour from September 2025 to June 2026.

Our parental workshop topics are based on the needs of our parents as indicated by the Parent Survey.

Topics to be covered: Our parent workshops include but are not limited to:
-SEL competencies and SEL supports
-Sanford Harmony chats to inform parents and all school staff regarding students' strengths and providing resources
-Understanding of HMH and Envisions Math Curriculum, IEP process and Services rendered
-Literacy continuum/ Foundational skills
-NYS ELA, Math, iReady assessments and NYSESLAT
-Math skills and strategies/Foundational Skills
-At home academic support
-Using technology to support academics
-College and Career Readiness

In addition, we have collaborated with community non profit organizations such as, the Local Library, District and Central Offices. These organizations will provide workshops such; Child Development, Understanding Child Behaviors, A Parent Guide to the IEP and Mayor's Office of Immigrant Affairs, How to help your children in times of change.

We also provide the parents with Translation and Interpretations Services, such as in house personnel (ex: Parent Coordinator & Paraprofessionals), and the DOE Translation and Interpretation unit. These services are offered to increase the involvement of parents in our school. This Title III, funding is used to translate important policy documents, mainly in Spanish. The Parent Handbook is the document we have made available in both English and Spanish.

Name of Provider: Parent Workshop at our school are provided but not limited to:
Ms. Andujar, Principal
Mr. Mazun, Assistant Principal
Ms. Galvez, IA Assistant Principal
Ms. Champion, Parent Coordinator
Ms. Jaquez, Guidance Counselor
Ms. Aponte, Special Education Intervention Teacher
Ms. Ponciano, Model Teacher Special Education/AIS Teacher
Mr. Catano, Model Teacher/Stem Teacher
District and Central Offices

How will parents be notified of these activities:
When we hold parent workshops we make every effort possible to reach out to all parents. Parent letters/flyers are distributed to students. Flyers and calendars are posted inside and outside of the school so parents can see them during arrival and dismissal in English and Spanish. Information regarding times and location of workshops are also placed on the school website, class dojo, social media and the remind app. Parents can translate the information to their language of preference using the above mentioned apps.

Records are located in the main office in a binder.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parents and caregivers are arguably the most important stakeholders in a child's educational success. When schools, families, and community groups work together to support learning, children tend to do better in school, stay in school longer, and like school more. Parent engagement at P.S. 280Q Home of the Lionhearts, is defined as parents and school staff working together to support and improve the learning, development, and health of children. We believe that parent engagement is a shared responsibility in which the school, the community and organizations are committed to engaging parents in meaningful ways, and parents are committed to actively supporting their children's learning and development. This relationship between schools and parents cuts across and reinforces children's health and learning in multiple settings -- at home, in school, in out-of-school programs, and in the

community. Title III will be used for parent engagement. The school created a survey for families and parents to help us indicate the needs of our school community

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and duration:
At P.S. 280Q Home of the Lionhearts, we hold parent workshops that last anywhere from 30 minutes to an hour. At this time all workshops are taking place virtually via different video conferencing apps. At times these workshops take place during the day while their children attend school. In order to accommodate and meet the needs of our working parents we also offer workshops in the evenings. Parent workshops are ongoing throughout the school year. Parents receive a monthly calendar that indicate topic, dates and time of all upcoming workshops. School information is also displayed on the LED sign located on the outside of the school. Parent workshops will occur on a monthly basis for 1 hour from September 2025 to June 2026.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Our parental workshop topics are based on the needs of our parents as indicated by the Parent Survey.

Topics to be covered: Our parent workshops include but are not limited to:
-SEL competencies and SEL supports
-Sanford Harmony chats to inform parents and all school staff regarding students' strengths and providing resources
-Understanding of HMH and Envisions Math Curriculum, IEP process and Services rendered
-Literacy continuum/ Foundational skills
-NYS ELA, Math, iReady assessments and NYSESLAT
-Math skills and strategies/Foundational Skills
-At home academic support
-Using technology to support academics
-College and Career Readiness

In addition, we have collaborated with community non profit organizations such as, the Local Library, District and Central Offices. These organizations will provide workshops such; Child Development, Understanding Child Behaviors, A Parent Guide to the IEP and Mayor's Office of Immigrant Affairs, How to help your children in times of change.

We also provide the parents with Translation and Interpretations Services, such as in house personnel (ex: Parent Coordinator & Paraprofessionals), and the DOE Translation and Interpretation unit. These services are offered to increase the involvement of parents in our school. This Title III, funding is used to translate important policy

documents, mainly in Spanish. The Parent Handbook is the document we have made available in both English and Spanish.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Name of Provider: Parent Workshop at our school are provided but not limited to:
Ms. Andujar, Principal
Mr. Mazun, Assistant Principal
Ms. Galvez, IA Assistant Principal
Ms. Champion, Parent Coordinator
Ms. Jaquez. Guidance Counselor
Ms. Aponte, Special Education Intervention Teacher
Ms. Ponciano, Model Teacher Special Education/AIS Teacher
Mr. Catano, Model Teacher/Stem Teacher
District and Central Offices

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified of all Title III-related family engagement events through multiple communication channels to ensure accessibility and participation. Notifications will be sent at least two weeks prior to each scheduled event. Parents will be notified via school messenger phone calls and robocalls, flyers sent home in student folders, school website and ClassDojo announcements.

The ENL coordinators will collaborate to ensure consistency and timely dissemination of information.

Translation of Notifications
All parent communications, including invitations, flyers, and letters, will be translated into families' preferred languages as indicated in the Home Language Identification Survey (HLIS). Translation support will be provided by: Bilingual staff members and certified translators for written communication. District translation services for less common languages.
Digital tools such as Google Translate or TalkingPoints may be used for quick updates, with follow-up verification from bilingual staff to ensure accuracy.

Interpretation Supports at Events

To ensure full participation of all families, interpretation supports will be available during every family engagement activity and meeting.
In-person interpreters will be provided for major events such as orientations and conferences.
Pocket Talks(e.g., Zoom interpretation) will be used when necessary.
Bilingual ENL staff and Parent Coordinator will assist families throughout events to answer questions and provide one-on-one interpretation as needed.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

To ensure full compliance with Title III ELL requirements, the school will maintain comprehensive documentation of all family engagement activities and notifications. Records will be organized and stored both digitally and in hard copy for audit and monitoring purposes.

Documentation of Family Engagement Activities includes but not limited to:

Agendas and Presentations: Copies of event agendas, presentations, and flyers translated into families' preferred languages.
Attendance Sheets: Sign-in sheets with family names, languages, and contact information.
Photos and Summaries: Brief event summaries and photos to document participation and outcomes posted on ClassDojo
Evaluation Forms: Parent feedback forms to assess satisfaction and gather input for future planning.

Parent Notification Documentation
Copies of all Title III parent notification letters, translated into families' preferred languages.
Communication logs for phone calls, emails, and interpreter requests.
Records of any follow-up meetings or home visits conducted by ENL staff.

Record keeping
ENL Coordinators will ensure that all documentation is accurate and updated after each event.
Records will be reviewed regularly to confirm compliance with Title III ELL guidelines and readiness for NYSED monitoring.

All files and documents created will be kept in the main office in a binder and/or Google drive.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session		
Supplies and materials -must be supplemental - additional curricula, instructional materials -must be clearly listed.		

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,K

Total number of teachers in this program:

Total of 9 teachers will work in these programs; 9 teachers in the after school program, 5 teachers in the Saturday Academy Program

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The direct instructional programs used at P.S. 280Q Home of the Lionhearts for Afterschool and the Saturday day Academy, are highly structured research based approaches in instruction, designed to demonstrate one year's progress in the NYSESLAT, ELA test, and phonemic awareness/phonics. These programs include but are not limited to Language Power by Teacher Created Materials, NYSESLAT Rehearsal by Rally and Finish Line NY ELLs by First Continental. Classroom teachers define tasks clearly, build toward more-complex concepts, use interactive lessons and multiple entry points to ensure the learning style of all learners meet the learning environments of each ELL student. Teachers use differentiation, technology and small groups to target individual needs of students.

The 2024 NYSESLAT data and the NYSITELL shows that:

9% (14 out 155) are F-ELLs
28% (43 out 155) are Entering
17% (27 out 155) are Emerging
19% (29 out 155) are Transitioning
21% (32 out 155) are Expanding

The data shows that our Immigrant students and Immigrant FELLs need support in the modalities of speaking, writing and following directions. In order to better support our Immigrant students and Immigrant FELLs, we decided to work with programs that focus on following directions, social interaction, student discourse, phonics, and drama. Research shows that these foundational skills support the development of reading, social interaction, discourse and reading comprehension.

Subgroups and grade level of students to be served:

At P.S. 280Q Home of the Lionhearts, we serve Immigrant students, Immigrant ELLs and FELLs from grades Kindergarten through Fifth grade, in all subgroups (Newcomers, Developing, Long term, ELL-SWD, and F-ELLs).

Schedule and duration for Per-Session:

One after school Drama/Theater Program will run for 12 weeks for grades 3, 4 and 5, the program will meet on Tuesdays & Thursdays from 2:30pm until 4:00pm beginning January 28, 2025 and ending April 29, 2025.

Another after-school program will be Academic Intervention. This program will be meet on Tuesdays from 2:30pm - 4:00pm to work on ELA including Phonics and Vocabulary. They will also meet on Thursdays from 2:30pm - 4:00pm to work on Foundational Math skills and Math Routines. This program will run from January 28, 2025 and ending April 29, 2025.

Saturday Academy will begin January 25, 2025- for grades K-5 from 9:00am - 12:00pm. The program cycle is 6-8 weeks.

All ENL Immigrant students in all the different subgroups will be invited to participate in this program.
Immigrant ELLs - 155 students

There are 6 ENL teachers and 3 dual language teachers providing direct instruction in the programs.

Materials: Language Power student books, NYSESLAT books. Technology will used such as ipads and laptops to support students listening, reading and writing skills. Readers theater materials will be used to enhance all 4 modalities. These materials are exclusively for Title III and are distinct from what is being used during the regular school day.

Language of Instruction: English

Instruction will be delivered by one teacher using ENL strategies to support language development, aligned to content being taught

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The direct instructional programs used at P.S. 280Q Home of the Lionhearts for Afterschool and the Saturday day academy, are highly structured research based approaches in instruction, designed to demonstrate one year's progress in the NYSESLAT, ELA test, and phonemic awareness. The programs guide the classroom teachers to define tasks that are clear. This will help them use interactive lessons and multiple entry points to ensure that the learning style of all learners are met. Teachers use differentiation, technology and small groups to target individual needs of students.

The Data used was the 2024 NYSESLAT data and the NYSITELL shows that:
9% (14 out 155) are F-ELLs
28% (43 out 155) are Entering
17% (27 out 155) are Emerging
19% (29 out 155) are Transitioning
21% (32 out 155) are Expanding

The data shows that our Immigrant students and Immigrant FELLs need support in the modalities of speaking, writing and following directions. In order to better support our Immigrant students and Immigrant FELLs, we decided to work with programs that focus on following directions, social interaction, student discourse, phonics, and drama. Research shows that these foundational skills support the development of reading, social interaction, discourse and reading comprehension.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Subgroups and grade level of students to be served:

At P.S. 280Q Home of the Lionhearts, we serve Immigrant students and Immigrant FELLs from grades Kindergarten through Fifth grade, in all subgroups (Newcomers, Developing, Long term, ELL-SWD, and F-ELLs).

Academic Intervention Afterschool program will support our Entering & Emerging students using Language Power. Each Afterschool Program class will have 15 students. This Program will be offered K-5.

Saturday Academy will support all subgroups and will have 15 students in each class. This Program will be offered K-5.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

Schedule and duration:

One after school Drama/Theater Program will run for 12 weeks for grades 3, 4 and 5, the program will meet on Tuesdays & Thursdays from 2:30pm until 4:30pm beginning Feb 3, 2026 and ending May12, 2026. There will be a total of 24 sessions in total.

Another after-school program will be Academic Intervention. This program will be meet on Tuesdays from 2:30pm - 4:00pm to work on ELA including Phonics and Vocabulary. They will also meet on Thursdays from 2:30pm - 4:00pm to work on Foundational Math skills and Math Routines. This program will run from Feb 11 and ending April 24, 2026. There will be a total of 18 sessions.

Saturday Academy will begin Feb 14, 2026- for grades K-5 from 8:45am - 11:45 am. The program cycle is 6-8 weeks. There will be a total of 6-8 sessions.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

Language of Instruction: English

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

There are 6 ENL teachers and 3 dual language teachers providing direct instruction in the programs.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Materials: Language Power by Teacher Created Materials, NYSESLAT Rehearsal by Rally and Finish Line NY ELLs by First Continental, Language Power and the iReady consumable book.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Records are located in the main office in a binder.
Monitoring will be:
1. Ms. Andujar, Ms. Galvez & Mr. Mazun

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Professional Development (PD) is planned out for the first 4 months and topics are selected based on teacher and admin feedback. The PD cycles are strategically planned out, to ensure that our educators continue to strengthen their practice throughout their career and stay abreast of new methodologies to service our Immigrant students and Immigrant FELLs. We have found that the most effective professional development, engages teams of teachers to focus on the needs of their students. They learn and problem solve together in order to ensure all students achieve success. Effective professional development has positive effects on student learning. Student learning and achievement increase, when educators engage in effective professional development focused on the skills educators need in order to address student's major learning challenges. All ELL students benefit from the PD provided to teachers providing training in specialized ENL methodologies.

Teachers to receive training: At P.S. 280Q Home of the Lionhearts, all teachers and support staff receive professional development opportunities in and out of school.

Schedule and duration: Professional development at P.S. 280Q Home of the Lionhearts every Monday in person/ virtually from 3:00pm to 4:00 pm pm beginning September 2025 and ending June 2026. Title III monies will not be used for Professional Development.

Topics to be covered: Professional Development at P.S. 280Q is closely linked to teacher needs. Teachers are provided with an opportunity to discuss in their grade inquiry team meetings and administration topics they feel, they need additional support with as well as input from administration based on their observations. Topics covered through Professional Development include but are not limited to Phonics and Phonemic Awareness, HMH Into Reading, close reading, differentiated instruction, shared reading, classroom management, instructional expectations and outcomes, goal setting, high order thinking, questioning, tiered scaffolds, academic vocabulary, thinking maps, language acquisition, I-Ready, ENL techniques, SEL strategies etc.

Planned Professional Development for a Title III program teachers and staff for the 2024-2025 school year:

Planned Professional Development for a Title III program teachers and staff for the 2025-2026 school year: Each session was 1 hour from 3:00-4:00pm.
Planned Professional Development for a Title III program teachers and staff for the 2025-2026school year:

Ms. Aponte, Special Education Intervention Teacher
Ms. Diaz, Special Education

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Records of PD will be located in the main office in a binder and our PS280Q Google Drive

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Title III Immigrant monies will be used for parent engagement. The RPOD report from ATS will be used to identify our Immigrant families. This report will be used as a tool to ensure that all events at PS 280 are inclusive of Immigrant families. When schools, families, and community groups work together to support learning, children tend to do better in school, stay in school longer, and like school more. Parent engagement at P.S. 280Q Home of the Lionhearts, is defined as parents and school staff working together to support and improve the learning, development, and health of children. We believe that parent engagement is a shared responsibility in which the school, the community and organizations are committed to engaging parents in meaningful ways, and parents are committed to actively supporting their children's learning and development. This relationship between schools and parents cuts across and reinforces children's health and learning in multiple settings -- at home, in school, in out-of-school programs, and in the community. Title III Immigrant monies will be used for parent engagement.

Schedule and duration:
At P.S. 280Q Home of the Lionhearts, we hold parent workshops that last anywhere from 30 minutes to an hour. At this all workshop are in person and they take place during the day while their children attend school. In order to accommodate and meet the needs of our working parents we also offer workshops in the evenings. Parent workshops are ongoing throughout the school year. Parents receive a monthly calendar that indicate topic, dates and time of all upcoming workshops. Parent workshops will occur on a monthly basis from September 2024 to June 2025.

Our parental workshop topics are based on the needs of our parents as indicated by the Parent Survey.

Topics to be covered: Our parent workshops include but are not limited to:
-Immigration
-SEL competencies and SEL supports
-Financial Stability
-Employment
-Understanding of HMH and Envisions Math Curriculum, IEP process and Services rendered
-Literacy continuum/ Foundational skills
-NYS ELA, Math, iReady assessments and NYSESLAT
-Math skills and strategies/Foundational Skills
-At home academic support
-Using technology to support academics

In addition, we have collaborated with community non profit organizations such as, Catholic Charaties, the Local Library, District and Central Offices. These organizations will provide workshops such; Child Development, Understanding Child Behaviors, A Parent Guide to the IEP and Mayor's Office of Immigrant Affairs, How to help your children in times of change.

We also provide the parents with Translation and Interpretations Services, such as in house personnel (ex: Parent Coordinator & Paraprofessionals), and the DOE Translation and Interpretation unit. These services are offered to increase the involvement of parents in our school. This Title III Immigrant funding is used to translate important policy documents, mainly in Spanish. The Parent Handbook is the document we have made available in both English and Spanish.

Name of Provider: Parent Workshop at our school are provided but not limited to:
Ms. Andujar, Principal
Mr. Mazun, Assistant Principal
Ms. Plaza, Instructional Coach
Ms. KIM, ENL Teacher
Ms. Guanga, Parent Coordinator
Ms. Angelia, School Guidance
Mr. Fernandez, School Social Worker
Ms. Aponte, Special Education Intervention Teacher
Mr. Catano, Stem Teacher
District and Central Offices

How will parents be notified of these activities:
When we hold parent workshops we make every effort possible to reach out to all parents. Parent letters/flyers are distributed to students. Flyers and calendars are posted inside and outside of the school so parents can see them during arrival and dismissal in English and Spanish. Information regarding times and location of workshops are also placed on the school website, class dojo, social media and the remind app. Parents can translate the information to their language of preference using the above mentioned apps.

Records are located in the main office in a binder.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

The RPOD report from ATS will be used to identify our Immigrant families. This report will be used as a tool to ensure that all events at PS 280 are inclusive of Immigrant families. Our parental workshop topics are based on the needs (data) of our parents as indicated by the 2025 Parent Survey and a school created survey. The data City wide Parent survey indicated that parents wanted more information on how to support their child at home and in addition wanted to learn more about the curriculum. The data from in-house Parent Survey indicated that they more support/guidance on Immigration, Employment and Financial stability. The Parents and caregivers are arguably the

most important stakeholders in a child's educational success. When schools, families, and community groups work together to support learning, children tend to do better in school, stay in school longer, and like school more. Parent engagement at P.S. 280Q Home of the Lionhearts, is defined as parents and school staff working together to support and improve the learning, development, and health of children. We believe that parent engagement is a shared responsibility in which the school, the community and organizations are committed to engaging parents in meaningful ways, and parents are committed to actively supporting their children's learning and development. This relationship between schools and parents cuts across and reinforces children's health and learning in multiple settings -- at home, in school, in out-of-school programs, and in the community. Title III will be used for parent engagement4

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Schedule and duration:
At P.S. 280Q Home of the Lionhearts, we hold parent workshops that last anywhere from 30 minutes to an hour. At this time all workshops are taking place virtually via different video conferencing apps. At times these workshops take place during the day while their children attend school. In order to accommodate and meet the needs of our working parents we also offer workshops in the evenings. Parent workshops are ongoing throughout the school year. Parents receive a monthly calendar that indicate topic, dates and time of all upcoming workshops. School information is also displayed on the LED sign located on the outside of the school. Parent workshops will occur on a monthly basis for 1 hour from September 2025 to June 2026.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Our parental workshop topics are based on the needs of our parents as indicated by the Parent Survey.

Topics to be covered: Our parent workshops include but are not limited to:
-SEL competencies and SEL supports
-Immigration Support
-Financial Stability
-Employment
-Sanford Harmony chats to inform parents and all school staff regarding students' strengths and providing resources
-Understanding of HMH and Envisions Math Curriculum, IEP process and Services rendered
-Literacy continuum/ Foundational skills
-NYS ELA, Math, iReady assessments and NYSESLAT
-Math skills and strategies/Foundational Skills
-At home academic support
-Using technology to support academics
-College and Career Readiness

In addition, we have collaborated with community non profit organizations such as, the Local Library, District and

Central Offices. These organizations will provide workshops such; Child Development, Understanding Child Behaviors, A Parent Guide to the IEP and Mayor's Office of Immigrant Affairs, How to help your children in times of change.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Name of Provider: Parent Workshop at our school are provided but not limited to:
Ms. Andujar, Principal
Mr. Mazun, Assistant Principal
Ms. Kim, ENL Teacher
Ms. Guanga, Parent Coordinator
Ms. Jaquez, School Counselor
Ms. Aponte, Special Education Intervention Teacher
Mr. Catano, Stem Teacher
District and Central Offices

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

How will parents be notified of these activities:
When we hold parent workshops we make every effort possible to reach out to all parents. Parent letters/flyers are distributed to students. Flyers and calendars are posted inside and outside of the school so parents can see them during arrival and dismissal in English and Spanish. Information regarding times and location of workshops are also placed on the school website, class dojo, social media and the remind app. Parents can translate the information to their language of preference using the above mentioned apps.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Records are located in the main office in a binder.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)
