Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Jordan Fitzgerald	Principal or Designee*	
Kaitlynn Kelly	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Victoria Medelius	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Soo Fong Chin	District Council 37 (DC 37) Representative (staff), if applicable	
Giovanna Perciballi	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
NA	Student Representative (Required for middle and high schools)	
NA	CBO Representative, if applicable	
Barbara Polkosnik	Member/Teacher	
Denisse Rivera	Member/Teacher	
Sandra Narvaez	Member/Teacher	
	Member/Parent	
Laura Frye	Member/Parent	
Rosalinda Martinez	Member/Parent	
Gisele Ruiz	Member/Parent	
NA	Member/	
NA	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission Statement
The mission of P.S. 398 Queens is to partner with parents and the members of our community to prepare our diverse population of students to become lifelong learners in a nurturing, and safe environment with high expectations of developing independent, responsible, confident, and compassionate citizens in today's global society.

Instructional Goal:

The Héctor Figueroa School will focus on strategic planning using timely and targeted data and student work products to drive the planning and implementation of units of study. Student performance data will be used to strategically group students, differentiate tasks and promote equity in the classroom for all students to meet the goal of mastering the expectations of the NYS Next Generation Standards.
ELA Instruction will address the identified areas of need in Decoding for our Kindergarten to 2nd grade students and Reading Comprehension strategies for our 3rd to 5th grade students. For Math, we will continue to address the Numbers and Operations domain that focuses on foundational mathematics skills and implement algebra components in preparation for middle school. Through the use of the mClass assessment, iReady Math, the June 2025 Instructional Report and NYS Exam results, teachers will provide targeted differentiation to address student needs.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS398Q is a recently established educational institution situated in the dynamic community of Woodside, Queens. The school commenced operation in September 2019, catering to pupils from the nearby Jackson Heights Queens community. At present, PS398Q has 3K through Fifth Grade classes, with three rooms dedicated to each grade level, including ICT, Dual Language Spanish, and General Education/English Language Learners.

At PS398Q, we place a high value on forging partnerships with our community and families. This collaboration will facilitate an environment of open communication and support that will enable our students to thrive. Our student body represents a diverse demographic, with 44% Asian, primarily South Asian, 43% Hispanic, and 9% White. Our students speak multiple languages, with 39% of our students being English Language Learners. Our students respect diversity and understand that they each have strengths that empower them to strive in the real world and achieve life goals. Students take intellectual risks through a project-based approach to learning that encourages students to collaborate daily, think critically, and develop creativity. Students make connections between everyday

classroom experiences that prepare them to be successful in the ever-changing world of the 21st century. At PS 398Q, our students learn in a nurturing environment to develop their own academic and artistic abilities.

Teachers collaboratively work on developing units of studies, plans, and PBL (Project Based Learning Opportunities) that align with our school's instructional focus which ultimately is the criteria for success defined in our vision. We develop and collaborate with our families sharing expectations and ideas on what the school mission and vision look like in the classroom.

Briefly summarize the key initiatives your school will implement this school year.

At our school, we are committed to implementing this student-centered approach through project-based learning (PBL). With PBL, students will engage in real-world, meaningful projects that require critical thinking, problem-solving, and collaboration. This approach will empower students to take ownership of their learning, develop their own questions and ideas, and work together to explore solutions. By adopting this initiative, we aim to create a learning environment that is dynamic, engaging, and relevant to student's lives, helping them to develop the skills and knowledge they need to succeed in the 21st century.

We are a Civics for ALL institution.
Civic education is an essential part of every student's core academic program. The DOE believes that teaching the foundations and function of local, state, and federal government and the importance of engaging in the democratic process is necessary to build a more engaged, active future citizen and informed voter.

A team of NYCDOE staff, New York City teachers, and various cultural partners developed the curriculum to be flexible enough to be usable in a number of different settings and configurations and to fit the needs of all New York City classrooms. Civics For All is a companion to the Passport to Social Studies, designed with the New York State K-12 Social Studies Framework, the New York State Next Generation English Language Arts & Literacy in History/Social Studies Learning Standards, and the New York City K-12 Social Studies Scope & Sequence in mind.

Our school will also be focused on developing arts instruction. We will be boosting our arts instruction via multiple partnerships with Carnegie Hall Musical Explorers, Chamber Music Society, and our in house chorus program. Students will receive exposure to music from around the world to enhance their culturally responsive educational experience.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	3K - PreK	Creative Curriculum	
ELA	K-5	HMH Into Reading	
Math	K-5	Envisions Math	
Science	K-5	Amplify	

Social Studies	K-5	Passport to Social Studies	
Civics for All Partner School	K-5	Civics/Social Studies	
Math	K-5	iReady	
ELA	K-5	Heggerty	
ELA-Dual	K-1	Estrellita	
ELA	K-5	Arriba la Lectura	
ELA	K-5	mClass	
ELA	K-5		

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
29% of K-2 students were performing below or well below on benchmark in decoding based on the 2024-2025 EOY mClass results.	Students lack foundational skills such as decoding due to a need for targeted phonics instruction.	The Science of Reading states that Decoding, the ability to break down words into their sounds and letters, is a key component of the science of reading, as it supports fluency and comprehension.
47% of K-2 SWD students were performing below or well below benchmark in decoding based on the 2024-2025 EOY mClass results.	Students lack foundational skills such as decoding due to a need for targeted phonics instruction.	The Science of Reading states that Decoding, the ability to break down words into their sounds and letters, is a key component of the science of

		reading, as it supports fluency and comprehension.
33% of 3-5 students were performing below or well below benchmark in the reading comprehension domain based on the 2024-2025 EOY mClass results.	The HMH curricula addresses author's craft and text structures in few thematic units. Students struggle with reading comprehension due to a lack of foundational skills such as decoding and fluency.	Students need to learn author's craft and text structure using supplemental materials across various disciplines.
42% of our ELL students who took the NYSESLAT tested as Expanding students.	Students with an Expanding ELL proficiency need support with decoding and reading comprehension.	ELL students need to be provided with intensive support in developing foundational reading skills.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	71	By June, 2026, literacy for all students will improve, as measured by a 5% Increase from 71% to 76% of of students performing on grade level in decoding skills of our Kindergarten, 1st and 2nd graders based on the End of year mClass results.
All Students	67	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase from 67% to 72% of 3rd, 4th and 5th grade students performing on grade level in the reading comprehension domain will increase on the End of Year mClass results.
Students with Disabilities (SWD)	53	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 5% Increase, from 53% to 58% of of students performing on grade level in decoding skills of Kindergarten, 1st and 2nd graders based on the End of Year mClass results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

mClass results

Enter a Key Performance Indicator

55

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

58

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers will use the Heggerty and Fundations curriculum in their morning ELA blocks. They will use Fundations for intensive small group support. Each class will have an AIS period that will be utilized to address students who are not meeting grade level standards for decoding as per mClass results. MClass progress monitoring and teacher team data analysis will occur for students based on their current level of performance. Boost reading will be utilized both at home and within the instructional day with fidelity for a minimum of 30 minutes.

Root Cause Addressed:

Students in grades K-2 struggle to decode text and require foundational skills to understand the rules of phonics, and phoneme segmentation to decode words. The CEP goal for the 2024-2025 school year was letter sound recognition which the students have made progress in. The next steps are to address the gaps in decoding since 99/196 K-2 students are performing below or well below grade level.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Heggerty and Fundations will be embedded into the morning ELA block for each grade level.
Teachers will utilize Fundations in small groups to build foundational skills.
AIS periods will be utilized to address students who are not meeting grade standards for decoding as per mClass results.

MClass progress monitoring and teacher team data analysis will occur for students based on their current level of performance.
Boost reading will be utilized both at home and within the instructional day with fidelity for a minimum of 30 minutes.

Key Strategy 2 (Optional):

Teachers will use the HMH curricula to teach the reading comprehension skill of determining author's craft and text structure. They will use supplemental HMH materials for intensive small group and individual support. Each class will have an AIS period that will be utilized to address students who are not meeting grade standards for determining author's craft and text structure as per the June Instructional Report. Reading comprehension skills progress monitoring and teacher team data analysis will occur for students based on their current level of performance. Boost reading will be utilized both at home and within the instructional day with fidelity for a minimum of 30 minutes.

Root Cause Addressed:

The HMH curricula addresses author's craft and text structures in few thematic units. Students struggle with reading comprehension due to a lack of foundational skills such as decoding and fluency. The next steps would be for teachers to prioritize reading comprehension skills to support determining author's craft and text structure. This will be taught across the disciplines and integrated into various subjects.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will use the HMH curricula to teach the reading comprehension skill of determining author's craft and text structure.
They will use supplemental HMH materials for intensive small group and individual support.
Each class will have an AIS period that will be utilized to address students who are not meeting grade standards for determining author's craft and text structure as per the June Instructional Report.
Reading comprehension skills progress monitoring and teacher team data analysis will occur for students based on their current level of performance.
Boost reading will be utilized both at home and within the instructional day with fidelity for a minimum of 30 minutes.
Intensive support will be provided to ELL students in all grades. For our K-2 students, an additional ENL teacher has been hired to support foundational skill development.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will be utilizing mClass BOY data to plan intensive support for students who are performing below or well below grade level. They will also be conducting biweekly progress monitoring using the mClass platform for students who are performing well below standards, and once a month for students who are performing below standards. Boost reading will also serve as an adaptive student facing tool that will provide a tailored experience for students. Boost reading also generates weekly data that provides differentiated goals for each student.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/09/2025	06/26/2026	Mystery readers will be invited into classrooms on a monthly basis to model decoding and fluency skills for students.	Family members

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Family members will volunteer their time to serve as mystery readers.

Instructional Resources

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A24- Minor Altercations OORS Reports	Behavior expectations	Students in lower grades need positive interventions and strategies on how to handle peer interactions.
De-Escalation Staff Training- September 2, 2025	Student response to adversity	

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	68%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% decrease Decrease, in Number of A24 infraction code incidents from 68% to 58%, per the OORS Reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

De-escalation professional development for all teachers and paraprofessionals
Classroom presentations by Social Workers and Guidance Staff to address positive peer to peer interactions
Parent workshops for positive behavioral interventions
Classroom review of rules and best practices
Monthly review of OORS data to determine the places, times and grade levels where A24 behavior is happening

Root Cause Addressed:

Students in Grades K-5 need support in regulating their emotions and positive decision making skills. Students struggle with their social emotional needs and have difficulty communicating their frustrations with one another.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
De-escalation professional development for all teachers and paraprofessionals
Classroom presentations by Social Workers and Guidance Staff to address positive peer to peer interactions
Parent workshops for positive behavioral interventions
Classroom review of rules and best practices
Monthly review of OORS data to determine the places, times and grade levels where A24 behavior is happening

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	We will conduct a safety town hall for all families to communicate expectations for student conduct.	Family members

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Social workers and a guidance counselor will support professional learning and counseling needs of our students.

Instructional Resources

Professional learning will be conducted for staff by our school's social emotional team.

Schedule Adjustments

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
94/205- 36% of the K-2 grade students are performing one grade below or more on the Numbers and Operations domain on the EOY iReady math assessment.	Students in K-2 struggle to grasp foundational math skills and their reading skills inhibit their ability to comprehend word problems.	Students will need to know the fundamental math skills to be algebra ready for testing grades and Middle School.
68/192- 22% of the 3-5th grade students are performing one grade below or more on the Numbers and Operations domain on the EOY iReady math assessment.	Students in 3-5 struggle to grasp foundational math skills and their reading skills inhibit their ability to comprehend word problems.	Students in grades 3-5 will need more strategic and targeted differentiation on identified areas of need.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	64%	By June, 2026, the percentage of K-2 grade students performing at or above grade level on the Numbers and Operations domain will increase by 5% from 64% to 69% for all students, as measured by End of Year iReady Math results.
All Students	78%	By July 2026, the percentage of 3-5 grade students performing one grade below or more on the Numbers and Operations domain will increase by 5% from 78% to 83%, for All Students, as measured by End of Year iReady Math results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. - Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

For our K-2 students, we will use the Beginning of Year iReady math results in September 2025 to identify struggling students and differentiate groups and lessons to address their current needs. Teachers will use the Envisions curriculum to embed routines in numbers talks, error analysis, and prove it and fix it to build number sense. Teachers will incorporate fluency routines to answer multi-step word problems using the basic four operations. Students will work on teacher assigned and my path for a minimum of 40 minutes at home and/or during instruction. AIS will be implemented to support students performing below and well below grade level standards.

Root Cause Addressed:

Students in 3-5 struggle to grasp foundational math skills and their reading skills inhibit their ability to comprehend word problems.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
73% of our K-5 students have activated their NYC Kids Rise Accounts.	Many of our K-5 students and families have limited knowledge regarding economic security and the NYC Kids Rise Accounts.	K-5 students and their families will gain financial literacy skills through workshops on NYC Kids Rise and the value of economic security.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	73	PS398Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will Increase by 10% from 73% to 83% as measured by NYC Kids Rise enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of the EOY 24-25 85% of our K-5 families have activated their NYC Schools Account	K-5 families are unaware of how to create and monitor an NYC Schools Account.	Parents need to activate and access the NYC Schools Accounts so they can view

		student report cards, and monitor attendance records.
As of EOY 24-25 all workshops were offered in English with most workshops being offered with Spanish and Bengali translations.	Interpretation is always available for workshops and parent interaction with the school at the parents' request. However, workshop facilitators were primarily Bilingual in Spanish.	Provide workshops in our top 3 Home Languages of English, Spanish and Bengali.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	85	PS398Q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the number of parents/families with activated NYC Schools Accounts will Increase by 10% from 85% to 95% as measured by NYC Schools Accounts activation reports.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Family workshops will be held by the parent coordinator to educate families on the value and importance of activating and using their child's NYC Schools Accounts.
Family workshops will be offered in English, Spanish and Bengali to provide access for all families.

Root Cause Addressed:

K-5 families are unaware of how to create and monitor an NYC Schools Account.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Family workshops will be held by the parent coordinator to educate families on the value and importance of activating and using their child's NYC Schools Accounts.
Family workshops will be offered in English, Spanish and Bengali to provide access for all families.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The parent coordinator will monitor the number of families with activated NYC School Accounts on a monthly basis.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Workshops will be provided to all families on activating and using NYC Schools Accounts.	
09/04/2025	06/26/2026	Workshops will be provided in English, Spanish, and Bengali.	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Parent Coordinators, and Language Interpretators.

Instructional Resources

Other Resources Needed

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
25% or our returning Asian and Hispanic students were chronically absent for the 2024-25 school year.	Many families took extended trips.	Increase awareness of the importance of attendance.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Asian Students	25%	By June, 2026, the Chronic Absenteeism Rate for our Asian and Hispanic Student population will decrease by 5%, from 25% to 20%, as measured by the New Visions Chronic Absenteeism Reports .

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Prior to the start of the school year, PS 398Q Administration will have a school wide town hall meeting to discuss the importance of consistent attendance and the how we determine chronically absent students.

Administration will share attendance best practices and DOE attendance policies.

Social Workers, F Status Guidance Counselor, classroom teachers and Parent Coordinator will provide attendance outreach to students showing signs of poor attendance.

Strong student attendance data will be celebrated.

Root Cause Addressed:

Families will be made aware of how attendance can affect student performance

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Staff will have Professional Learning in September about how to communicate the importance of attendance
Staff will contact families of students who miss more than 2 days in September

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Within the first week of school, attendance reports will be analyzed to identify potentially chronically absent students. Those families will be called by a member of the attendance team to encourage them to return to school.

Attendance team will meet early in the September to identify our CEP goal identified sub groups, Asian and Hispanic students, and share the students names from these subgroups with all necessary staff members to monitor their attendance.

Attendance data will be analyzed at all attendance team meetings

Strong attendance will be celebrated throughout the school year

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
08/27/2025	09/30/2025	Multiple family meetings will be held with Attendance being a topic on the agenda	

Attendance/Chronic Absenteeism Budget and Resources

Ensure attendance meetings are planned and held monthly.

Other Resources Needed

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEPs are written and monitored by special education teachers.	Special Education Teachers need professional learning on IEP writing.	IEP Development and Fidelity of Implementation
SESIS Encounter Attendance is not at 100% for paraprofessionals.	Paraprofessionals require training to manage SESIS.	Transition Planning and Compliance

SIT/PPT meetings have had a large number of referrals.	Teachers need professional learning on the referral process.	Referral Process and Equity
Students with IEPs are provided with positive behavior interventions.	Students with IEPs struggle with social emotional skills.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	90	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve implementation of paraprofessional support by a 5% Increase, from 90 to 95, as measured by SESIS Encounter Attendance.
All Students	68%	By June, 2026, to strengthen the quality and implementation of IEPs for All Students, we will improve how we address the behaviors of our students with disabilities in a remedial fashion to meet their modified behavior criteria on their IEP as evidence by a 10% Decrease, from 68% to 58%, as measured by OORS Reports.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Provide professional learning to teachers on how to write high quality IEPs.
Provide workshops to paraprofessionals on SESIS management.
Provide professional learning to teachers on the referral process.

Root Cause Addressed:

Special Education Teachers need professional learning on IEP writing.
Paraprofessionals require training to manage SESIS.
Teachers need professional learning on the referral process.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional learning to teachers on how to write high quality IEPs.
Provide workshops to paraprofessionals on SESIS management.
Provide professional learning to teachers on the referral process.

Key Strategy 2 (Optional):

Ensure that students with behavioral concerns are receiving positive behavior supports such as counseling and mediation.

Root Cause Addressed:

Students with IEPs struggle with social emotional skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure that students with behavioral concerns are receiving positive behavior supports such as counseling and mediation.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family workshops to educate families on reading their child's IEP.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Teachers, Paraprofessionals

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	mClass and iReady Math results	Intervention	Small Group	During School	No
Guided Reading Tier 2	To provide students with students reading support at their level	Differentiated	Small Group	during school	no
Tier 3	Students in the grade are grouped homogeneously to provide targeted instruction	Intervention	Small Group	during school	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Sanford Harmony Tier 2	All students receive instruction weekly	SEL	Whole Class	During School	Yes
At Risk Service	Students needing additional support	School Counseling	Small Group or One on One	Small group during school	no
Leader in Me	All students/daily	Mindfulness	Student portfolios and accountability for understanding their progress and address next steps.	During school day	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Monthly "Friday with Mr. Fitzgerald" meetings are held with the school community to inform them about school policies and practices. Each month, families learn about new updates and MTSS components such as whole school curricula components, intensive supports and AIS structures.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families whose children receive Tier 2 or Tier 3 supports are communicated with on a regular basis by their child's teachers. For regular updates on Tier 1 curriculum implementation, the classroom teacher communicates with the families. For Tier 2 or Tier 3 supports such as AIS or at risk SETSS, the SETSS teacher communicates progress to families.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are given a permission slip to consent to Tier 3 services out of the classroom for their child. Our school provides at risk SETSS services to students who perform below grade level on our diagnostic exams. After 6 weeks of the at-risk cycle, families are given an update and either the services are removed or intensified based on progress.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

PS 398Q currently has 30 students in temporary housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Students in temporary housing often have poor attendance records due to inconsistencies in housing and changing transportation needs. Due to these trends, we will ensure that busing is provided when needed and that families are regularly communicated with regarding their child's attendance data.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

PS 398Q provides all students with equal opportunities ensuring students in temporary housing receive the supports and interventions necessary to succeed.
Services provided are not limited to:
- Afterschool program -Woodside on the Move and/or Boys & Girls

- Academic Intervention Services (AIS)
- Small Group Instruction/Targeted Instruction
- Related Services as per IEP
- Transportation
- School Supplies
- Technology Devices

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

PS 398Q currently has one student in foster care.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

The student is an incoming Pre-K student who will be closely supported by the classroom teacher and social workers if deemed necessary.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Any students in foster care will be closely supported by the classroom teacher and social workers if deemed necessary.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Any students in foster care will be closely supported by the classroom teacher and social workers if deemed necessary.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 398Q is in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS398Q Hector Figueroa School will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS398Q in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

PS398 will provide staff with the following high quality and Ongoing Professional Learning in the following areas:

- Curriculum: HMH Into Reading, Envision Math, Amplify Science, Passport to Social Studies, Fundations, Heggerty
- Instruction: Differentiation Questioning & Discussion, Student Engagement, Assessment, Planning and pacing instruction to meet student needs in whole class and small group ELA
- Data Analysis: Data Dives using iReady, Acadience, and unit assessment data

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

P.S. 398,Q, The Hector Figueroa School assist our Pre-K students as they transition to Kindergarten. We will host walking tours for the students and parents (virtual/in-person). Teachers and staff will share records and information at reorganization. Pre-K students will generate a list of questions to ask Kindergarten students. Kindergarten students will go to the Pre-K classes to respond to the questions. Pre-K teachers will use NYCDOE units of study and incorporate activities from Kindergarten as they near June.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Student Devices	FSF	$30,000	X	Section 5, priority 3
STH	FSF	$4,300	X	Section 5: Chronic Absenteeism

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Jordan Fitzgerald
Assistant Principal (Where Applicable)*	Trisha Mondal
English as a New Language (ENL) Teacher*	Iris Ng
Teacher (if school has a bilingual program must be a bilingual teacher)*	Veronica Sosa
Parent/Guardian*	Victoria Medelius
Teacher	Danja Xhaxhi
Parent Coordinator	Marvin Fernandez-Diaz
Social Worker	Yakaira Ramirez
Related-Service Provider	Sophia Natsis
12:1 Teacher	Joseph Santostefano
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

12

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

12

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

395 Students

Total number and percentage (%) of current ELLs:

115 Students, 29%

Total number and percentage (%) of former ELLs:

32 Students, 8%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

96 Students, 83%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

19 Students, 17%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 Students, 0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 Students, 0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

33 Students, 29%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	General Education	Spanish	2019-2020	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At PS398, we offer comprehensive English as a New Language (ENL) and Dual Language Bilingual Education (DLBE) programs to support our linguistically diverse student population.

In our stand-alone ENL program, students receive targeted English language instruction separate from their mainstream integrated ENL classes. In our school, a certified TESOL teacher pulls students K-5 who have tested at an entering or emerging level on the NYSITELL or NYSESLAT to a separate location for 180 minutes and 90 minutes respectively.

In a Stand-alone ENL class, students receive English language development instruction taught by a NYS certified teacher of English to Speakers of Other Languages (ESOL) to acquire the English language needed for success in core content areas tailored to their individual needs.

Grouping is heterogenous, with students who are identified as entering and emerging and are grouped by grades. Currently we have a K-2 and 3-5 stand-alone program, staffed by 2 TESOL licensed teachers.

Integrated ENL:

For our integrated English as a new language program, teachers that are licensed in both common branch (K-6) and ESOL, or common branch (K-6) and Bilingual to provide integrated instruction throughout all subjects for English language in accordance to their required minutes. Teachers who are not licensed in both common branch and ESOL, and special education self-contained teachers receive push-in integrated services by a licensed ESOL teacher.

In our ENL program, we aim to provide comprehensive support for multilingual learners. By combining language instruction with content-area teaching, these services ensure that students not only develop their English language skills but also engage meaningfully with the curriculum. This holistic approach promotes academic success by addressing both linguistic and cognitive needs, allowing students to participate actively in their classes and fostering a more inclusive learning environment. In the integrated ENL classes, various instructional strategies, such as language scaffolding are used to support students' language development within the context of academic content. Grouping in integrated ENL classes is typically heterogeneous with Entering to Commanding students, facilitating peer collaboration and language modeling.

Additionally, in integrated ENL services educators, and support staff collaborate to make instructional decisions that will support student's learning. Teachers receive professional development to enhance their understanding of language acquisition and culturally responsive teaching strategies. Tailored interventions are created with the purpose of meeting the diverse needs of students. This ensures that all learners have equitable access to

educational opportunities. This collaborative model not only supports language development but also enriches the overall school community, promoting cultural awareness and understanding.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our DLBE program in K-5 provides students with the opportunity to develop bilingualism and biliteracy in English and Spanish through a balanced and rigorous curriculum. In the DLBE classrooms, instruction is delivered in both languages alternating the language of instruction daily. All content areas are taught using both languages. The goal of the program is to foster academic achievement and cultural competence.

For K-3 dual language classes, there is one teacher that instructs students in English and Spanish all content areas. For SY 2024-2025 Grades 4 and 5 are departmentalize where one teacher instructs ELA and Social Studies in English and Spanish and the other teacher instructs Math and Science also in both grades and both languages. Classes are composed of half English dominant students, half Spanish dominant students. MLLs/ELLs are heterogeneously grouped; both classes contain students of various proficiency levels. MLL/ELL students receive ENL services from bilingual certified classroom teachers. MLLs/ELLs and former ELLs are supported in the four modalities, reading, writing, listening, and speaking by having teachers scaffold instruction, differentiate assignments and use ENL best practices and leverage bilingualism to support English acquisition. MLLs/ELLs will require scaffolds, specific directions in English and in their home language with visuals, previewed vocabulary, writing and speaking prompts, and an example whenever possible of what is expected from them. For former ELLs it will be required that teachers challenge students with more complex texts that are rich in vocabulary with opportunities for them to use that vocabulary.

We also offer PK Dual Language where students are exposed to both languages (English and Spanish). All protocols early childhood protocols are followed as per the NYC DOE PK For All Handbook.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At PS398, MLLs/ELLs receive ENL services either in the Dual Language or ENL programs. In kindergarten through fifth grade students receive all of their mandated units of support, both integrated and stand alone, from their certified TESOL teachers.

We ensure the students are programmed to receive the mandated number of instructional minutes according to their proficiency level as per the most recent NYSITELL or NYSESLAT score as outlined in the Policy and Reference Guide for Multilingual Learners/English Language Learners. We follow the programing guidance included in the NYC DOE Policy and Reference Guide for MLLs/ELLs and CR Part 154 to program students into STARS Classroom for ENL Standalone and Integrated Services and STARS Admin for Dual Language classrooms.

We also ensure that HLA is provided in the Dual Language Classroom by ensuring the required block is included in the teacher's and students' schedule.

We verify students are correctly programmed by reviewing the STARS Classroom dashboard and EDUR data. Immediate action is taken to correct any programming discrepancies.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

English as a New Language (ENL) instruction is provided through self-service classrooms where the teacher is TESOL certified. We also have a ENL certified teacher who pushes into the classrooms with MLL/ENL students where the teacher is not certified. The ENL provider focuses on language acquisition and proficiency development. Students at the Entering and Emerging Level receive 180 minutes of ENL Standalone instruction and 180 minutes of ENL Integrated Services for a total of 360 minutes per week. Students at the Transitioning and Expanding level receive 180 minutes of ENL Integrated Services for a total of 180 minutes per week. Students at the Commanding level, also known as Former English Language Learners (FELLs), receive 90 minutes of services for two years after scoring Commanding. The subjects where the integrated services are delivered are programmed as outlined in the Policy and Reference Guide for Multilingual Learners/English Language Learners.

English Language Arts (ELA) integrated instruction emphasizes literacy skills in English, incorporating reading, writing, speaking, and listening activities. Students at the Transitioning level receive at least 90 minutes of instruction in ELA and students at the Expanding level receive 180 minutes of integrated ENL services either in ELA or content area. ENL integrated services are delivered are programmed according to students proficiency as outlined in the Policy and Reference Guide for Multilingual Learners/English Language Learners.

MLL/ELL students in the Dual Language Program receive Home Language Arts (HLA) to support student's proficiency in their native language. Instructional minutes for these subjects are delivered through a mix of whole-group sessions, small-group work, individualized tasks, and tailored support to meet students' language needs and learning goals. All MLLs/ELLs regardless of their English Language Proficiency level receive at least 180 minutes per week of HLA as outlined in the Policy and Reference Guide for Multilingual Learners/English Language Learners.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language model implemented at PS398Q is a two-way, self-contained program that follows the 50:50 model for grades K-3. Grades 4 and 5 dual language model is a two-way, departmentalize program that follows the 50:50 model where one certified bilingual teacher delivers instruction for Math and Science and the other for ELA and Social Studies. Our program is largely comprised of two groups, each coming from households where one of two languages, English or Spanish, is dominant.

Our 50:50 dual language model alternates the language of instruction each day; all instruction is done in English one day and the next day all instruction is carried out in Spanish thus providing the 50/50 balance between languages. MLLs/ELLs in the program have the opportunity to continue developing students' home languages, as well as English language skills. The program gives the opportunity to students who are English-proficient students to learn a new language and current Spanish-proficient students to become true bilinguals who gain academic proficiency in all modalities (Speaking, Listening, Reading and Writing) in both English and Spanish.

b. In which language(s) is each core content area taught?

The content areas are:
English & Spanish Language Arts, Mathematics, Social Studies, and Science. Each content area is taught in both languages English and Spanish. As the language of instruction alternates each day, we ensure 50% of instruction in Spanish and 50% of instruction takes place in English.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Newcomers are ELLs identified under CR Part 154 who have received English as a new language instruction, as a component
as a component of their bilingual education or freestanding English as a new language program, for a total of zero (0) to three
(3) enrolled school years in the NYC DOE.

At PS398, 132 or 32.4% of students are identified as ELLs, and 118 or 90.1% of students are identified as Newcomer ELLs.

Effective instruction for newcomers differs from developing or long-term ELLs based on their language proficiency level, the proficiency of their L1 and the duration of years of service in the DOE. All entering and emerging students receive 180 stand-alone ENL minutes, where they are pulled to a separate location where students receive English language development instruction taught by a NYS certified teacher of English to Speakers of Other Languages (ESOL) to acquire the English language needed for success in core content areas. This differs with developing and long-term ELLs who have scored either transitioning or expanding, who receive English language development instruction that is integrated through a core content area. Effective instruction for all ELLs encompasses the use of home language supports and appropriate ELL instructional supports to enrich comprehension. Teachers scaffold instruction and provide ENL best practices by making the curriculum accessible to students and maintaining rigor. We ensure to develop student's social language, academic language, and phonics to support with language development in all modalities by incorporating content and language objectives to all lessons.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

English language learners who have attended schools in the United States (50 states and the District of Columbia) for less than twelve months and who, upon initial enrollment in such schools are two or more years below grade level in literacy in their home language and/or two or more years below grade level in mathematics due to

inconsistent or interrupted schooling before they arrived in the United States are identified as SIFE students.

At this time, PS 398 does not have any SIFE students, however, should a SIFE students be enrolled in the school, differentiated instruction would be provided for this specific subgroup. In the event that a SIFE student is registered to our school, we would begin by using the MLS SIFE Screener to collect more data regarding the strengths and deficits that the student has. With this data, we can support their educational success by paying close attention to the students current SEL needs, use and build up student's background knowledge/prerequisite skills, and ensure the ENL Coordinator, the classroom teacher, the ILT team create a plan for this student to support the acceleration of literacy.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Developing ELLs are ELLs identified under CR Part 154 who have received English as a new language instruction, as a component of their bilingual education or freestanding English as a new language program, for a total of four (4) to six (6) enrolled school years in the NYC DOE Currently, 13 students (9.9%) are classified as Developing ELLs. Long-term ELLs are ELLs identified under CR Part 154 who have received English as a new language instruction, as a component of their bilingual education or freestanding English as a new language program, for seven (7) or more enrolled school years in the NYC DOE. Currently, 0% of our students are classified as Long-Term ELLs.

Effective instruction for students who are at-risk of being long-term ELLs will be flagged for teachers to include in current MTSS cycles. After a six-week cycle, the data team can determine next steps for students who aren't making progress by investigating other reasons why progress isn't made (need for IEP, STH, etc) with that new data, make adjustments to instruction. Teachers of potential long-term ELLs will work closely with the K-2 and 3-5 ENL Instructional Coaches to target root causes, especially with providing access to curriculum and holding PDs for teachers on strategies to support the use of academic English.

For developing ELLs, we aim to support language acquisition while respecting the time it takes to reach language proficiency. These students will receive instruction tailored to their current ENL level, and support related to their current stage of language acquisition. Such strategies and supports for these students may be more heavily scaffolded include the use of sentence frames and paragraph starters, shared reading and writing, and explicit instruction.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Former ELLs are students who had been identified as English language learners and subsequently exited from ELL status. Currently, 36 students or 8.9% are classified as former ELLs.

Currently PS 398 is providing former ELLs with mandated instruction through integrated ENL in ELA or core content area. For at least two years following the school year in which a student is exit from ELL status, former ELLs receive at least one half of one unit of study of integrated English as a new language (90 minutes per week) and are eligible for certain specified testing accommodations.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Currently the at-risk trends that affect ELLs at PS398 are as follows: Newcomer status, potential long-term ELLs, ELLs who scored 1 or 2 in math or ELA in school year last school year and 2023-2024, students in temporary housing, and ELLs who did not demonstration ELP progress based on the Spring 2024 NYSESLAT.

The highest percentage of at-risk ELLs fall under newcomer status which accounts for 118 students (90.1%). The second highest percentage are ELLs who did not demonstrate sufficient ELP progress on the 2024 NYSESLAT (32 students, 24.49%). The third highest percentage are ELLs in temporary housing (28 students, 21.4%).

75 ELLs (57.3%) are flagged to have 1 at-risk indicator, 34 ELLs (26%) are flagged to have 2 at-risk indicators, 16 ELLs (12.2%) have 3 at-risk indicators and 6 students (4.6%) have 4+ at-risk indicators.

The trends show that the highest number of students only have one at-risk indicator and decrease significantly with the number of students who have 2 or more. Additionally, the highest percentage of at-risk ELLs fall under newcomer status, this trend can be explained by being a K-5 school where students in K-2 will hold newcomer status if identified as an ELL.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Currently the at-risk trends that affect Former ELLs at PS398 are as follows: ELLs who scored 1 or 2 in math or ELA the last school year and 2023-2024 on the ELA and Math State Test and students in temporary housing

Last school year, 2 FELLs scored a 1 or 2 on the math state exam, and 3 FELLs scored 1 or 2 on the ELA state exam. 4 FELLs are students in temporary housing.

28 FELLs (77.8%) do not have any at-risk indicators, 5 FELLs (13.9%) have 1 at-risk indicator and lastly, 3 FELLs (8.3%) have 2 at-risk indicators.

The trends indicated by this data demonstrate that a majority of FELLs do not have any at-risk indicators, meaning that many have made sufficient progress in English Language Proficiency and also deemed proficient in the Math and ELA state test. Only 8 students in total have at risk indicators accounting for 22.2% of FELLs who have at-risk indicators at all.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of our 132 ELLs are as follows: Spanish (74), Bengali (30), Urdu (9), Nepali (3), Tibetan (3), Chinese (3), Punjabi (2), Gujarati (3), Ukrainian (2), Burmese (1), Other (2).

At P.S 398, being able to communicate with families communication is a top priority. As a linguistically diverse school community, our school staff are able to support parent communication through different languages such as Spanish, Bengali, Hindi, Urdu, Cantonese, Mandarin, Urdu, Korean, Punjabi, Gujarati, Portuguese, and Greek. The Language Access Coordinator surveys school staff to learn about the languages used yearly.

When speaking with a parent in person or on the phone, staff are able to utilize multilingual staff members. If there is a language not represented or staff unavailable, teachers are aware and use Language Line Solutions for over the phone or zoom translation provided by the DOE.

Teachers at our school primarily also communicate through ClassDojo, an online platform that allows messaging parents/guardians and class posts. The application has translation features on which allows teachers and other staff members to send messages in English, and then parents can view the translation in their home/preferred language.

When sending paper communication home, letters are sent in parents preferred language as available and indicated on their child's home language survey. Official school documents such as report cards and IEPs are made available to parents along with the school report card so parents can better understand the progress of their child.

At all school workshops, we have staff available to translate for parents. Parent workshops for ELLs are conducted in the high incidence languages. The School Agent at the school's front desk has a Language and Interpretation card to support parents when they come to school to find out the language they prefer to communicate with school staff. Since Spanish language is the second most spoken language in parent home with English being the first. If translation is needed for a language that isn't spoken by staff, we utilize Language Line Solutions for real-time translation.

We promote value in diverse home languages in our classrooms by encouraging students to utilize their home language during classroom instruction, reading books that highlights multilingual speakers, and also have a PK-5 Dual Language program in Spanish, that emphasizes the importance of bilingualism. Additionally, many of our teachers are bilingual and use their home language to support student learning.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of the students at our school, are as follows: Hispanic (44, 33.6%), Asian (54, 41.2%), Black (1, 0.8%), Multiracial (4, 3.1%), Native Hawaiian or Other Pacific Islander (4, 3.1%) and and White (24, 18.3%).

At P.S. 398 our staff members embrace the diversity of our students. Being so, we recognize the importance of including students' cultural references in all aspects of learning. One way that we celebrate the diversity of our students is by introducing multicultural literature each month, with our "Book of the Month." This year with our HMH curriculum, students have been exposed to texts from authors of different races and ethnicities highlighting different perspectives.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

When reviewing the English Language Proficiency (ELP) growth at PS398, out of 70 eligible students, 23 (32.9%) of students met progress by exiting ELL status, 11 (15.7%) of students met annual progress target, 4 (5.7%) of students met safe harbor cumulative growth and 32 (45.8%) of students did not make sufficient progress.

The trends that were noticed upon reviewing the EDAT shows that more students tested out in Spring 2024 (23 students) compared to Spring 2023 (13 students).

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The result overview of the NYSESLAT are as follows: Commanding - 23 (21.7%), Expanding - 33 (31.1%), Transitioning - 21 (19.8%), Emerging - 15 (14.2%), Entering 14 (13.2%)

When looking at the results of the 2024 NYSESLAT, the strengths that are demonstrated in grades are varied. The EDUR analysis considers strengths as scoring high or at least 90% of questions correctly in the modality and weaknesses as scoring low meaning less than 15% of questions correctly in the modality. In 2024, the strengths and weaknesses were as follows:

1st Grade: Out of 29 test takers:
Strengths: Reading: 8, Writing: 3, Listening: 5 and Speaking: 2
Weakness: Reading: 0, Writing: 2, Listening: 0, Speaking: 6
Trend: 1st grade demonstrated strength in reading and listening, with a deficit in writing and speaking.

2nd Grade: Out of 17 test takers:
Strengths: Reading: 3, Writing: 0, Listening: 4, Speaking: 6
Weakness: Reading; 0, Writing: 6, Listening: 0, Speaking: 3
Trend: 2nd grade demonstrated some strength in reading and listening, and speaking, with a deficit in writing and 3 scoring low in speaking.

3rd Grade: Out of 23 test takers:
Strength: Reading: 8, Writing: 7, Listening: 9, Speaking: 7
Weakness: Reading: 0, Writing: 4, Listening: 2, Speaking 3
Trend: 3rd grade demonstrated strength in all 4 modalities, with the largest number of students having deficits in writing, and also some in listening and speaking.

4th Grade: Out of 21 test takers:
Strength: Reading: 1, Writing: 1, Listening: 3, Speaking: 1
Weakness: Reading: 0, Writing: 1, Listening: 0, Speaking: 2
Trend: 4th grade did not show a major strength or weakness in any specific modality, with a maximum of 3 scoring high in listening and 2 scoring low in speaking.

5th Grade: Out of 16 test takers:
Strength: Reading: 0, Writing: 5, Listening: 6, Speaking: 5
Weakness: Reading: 0, Writing: 4, Listening: 0, Speaking: 5
Trend: 5th grade demonstrated some strength in writing, listening and speaking, with also some weakness in writing and speaking.

Looking at overall NYSESLAT trends, K-5 demonstrated a weakness in writing. K-2 had more of a strength in reading and listening and a need for strengthening the speaking modality. Grades 3-5 are generally varied as each grade has strengths and weaknesses in different places. Overall students in grades 4 seem to neither test high nor low in any of the 4 modalities as they have the highest number of developing ELLS (11).

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

In Spring 2024, 28 of ELLs and FELLs received a valid score on the ELA exam with 10 scoring a 1, 10 scoring a 2, 8 scoring a 3 and 0 scoring a 4. All entering (1), emerging (1), transitioning (7) and 1 commanding ELL scored at a level 1. 9 expanding ELLs scored a 2 and 1 commanding student scored a level 2. 8 commanding students scored at a level 3.

The relationship that between performance on NYSESLAT and state assessments show a correlation between ELL level and proficiency. For ELA, students scoring with a lower English proficiency (entering, emerging, and transitioning) demonstrate less proficiency, scoring at a 1 or 2) whereas students with a high English proficiency (expanding) scored at a 2. Majority of students who reached English proficiency (commanding) scored at a proficiency level (8 out of 10).

Additionally, 35 ELLs and FELLs received a valid score on the math exam with 5 scoring a 1, 11 scoring a 2, 19 scoring at 3 and 0 scoring at 4. 1 entering, 1 emerging, 2 transitioning and 1 transitioning ELL scored a level 1. 2 entering, 1 emerging, 6 transitioning, 1 expanding, and 1 commanding scored at a level 2. 1 entering, 1 transitioning, 7 expanding, and 10 commanding scored at a level 3 and 1 expanding student scored at a 1.

The relationship between the performance on the NYSESLAT and math are still similar with the ELA state exam, with a few anomalies. For math, students scoring with a lower English proficiency (entering, emerging, and transitioning) demonstrate less proficiency, scoring at a 1 or 2) whereas students with a high English proficiency (expanding) scored at a 2. Majority of students who reached English proficiency (commanding) scored at a proficiency level (10 out of 11). The anomalies are as follows: 1 entering and 1 transitioning student scoring proficient (3) and 1 (Commanding)

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Per ELLs who took the 2024 Spring NYSESLAT, the following lists the number of students with IEPs that scored as each level: Entering (4), Emerging (9), Transitioning (8), Expanding (8), and Commanding (2), with a total of 31 students. No ELLs have the designation of SIFE.

At this time, as shown on New Visions Portal, 15% of MLLs with a SWIEP designation are in temporary housing. 29.4% of students are at-risk of being chronically absent, 11.7% are chronically absent, and 8.8% of students are severely chronically absent. Research shows that attendance is an important factor for academic success, and 49.9% of current MLLs with IEPs are either at risk or already chronically absent.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school prioritizes providing English Language Learners (ELLs) with a high-quality academic experience that fosters deeper learning through several strategies. We offer specialized language support programs tailored to the needs of MLLs/ELLs based on their proficiency level, including English as a Second Language (ENL) instruction and Dual Language Program based on parent choice. We also provide targeted interventions to address language gaps during our AIS block and Title III After School Program.

Additionally, we integrate culturally responsive teaching practices into our curriculum, ensuring that instructional materials and activities reflect the diverse backgrounds and experiences of our MLLs/ELLs students. We emphasize collaborative learning opportunities and differentiated instruction to accommodate various learning styles by creating different entry points during a lesson and proficiency levels among MLLs/ELLs. The ENL Coordinator also provides the rest of the ENL team with resources and professional development that can best support the needs of their students. Such resources include student self-paced activities, ELL strategies and scaffolds to support current units of study, etc.

Furthermore, we actively engage with MLLs/ELLs students and their families, fostering a supportive school community where all members feel valued and empowered to contribute to the learning process. This includes being a part of different programs such as Inside Broadway residencies, Urban Advantage field trips, and assemblies. Through these efforts, we strive to provide ELLs with the tools, resources, background knowledge and support they need to achieve academic success and develop critical thinking skills that lead to deeper learning experiences.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ILT team alongside the ENL pedagogues ensure that all ELLs/MLLs students are programmed to receive mandated minutes, and that they receive the services within the ELA/core content areas. STARS Admin, in-house ENL Level of Services document, and registration information is referenced to ensure that all ELLs are accounted for and programmed.

Best practices discussed and supported by the ILT include:

* Using student strengths and knowledge of different learning styles of students to allow students to access learning (multiple entry points)
* Incorporate CRSE practices by reflecting and placing value on students' native cultural values, norms, and languages
* Scaffold instruction to accommodate the acculturation needs of students
* Support students oral language development through functional and purposeful dialogue in the classroom
* Connect students' prior experiences with current skills being taught (i.e., prior knowledge/schema)
* Using progress monitoring and benchmark data to leverage student strengths during instruction

The ILT leadership team hold discussions and reviews the quality of the learning environment, curriculum, data and resources to ensure effective instructional supports for ELLs/MLLs. The team reviews the process to ensure that teaching and learning activities are well–structured and culturally and linguistically engaging and allow students to be active learners.

The leadership team analyzes ELLs/MLLs' data around screening and progress monitoring data and proposes instructional modifications and teacher professional development to ensure that the instructional supports are culturally and linguistically appropriate and are leading to improved student outcomes.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In our school, core content is delivered in each program model with a focus on language development and meeting the demands of the Next Generation Learning Standards.

ENL:

In the English as a New Language (ENL) program, students receive core content with integrated English language support with a licensed ESOL teacher. Language acquisition is prioritized through explicit language instruction, vocabulary development activities, and scaffolded reading and writing tasks. Additionally, content is delivered using visual aids, graphic organizers, and hands-on activities to support comprehension and engagement. Content area instruction is delivered in compliance with the mandates and directives for each ELL/MLL program as described in CR Part 154.2. The ENL teachers align their instruction according to content units of study and the Next Generation Learning Standards (NGLS). Additionally, all ENL teachers utilize language objectives to support students with accessing the curriculum.

Additionally, ENL teachers employ scaffolding strategies to enrich language development in all content areas. ENL Teachers utilize Into Reading materials which include differentiated resources for our diverse populations, such as ENL tabletops, Blend-It Books, and Grammar Books. The HMH Into Reading curriculum enables students of varied proficiency levels to increase their reading and writing skills with the implementation of a variety of strategies. Fundations, Heggrety and mClass small groups are also used to support foundational literacy aligned with Science of Reading. To develop Math skills, we construct our lessons by bringing the language of Math that our ELLs/MLLs encounter during their Envisions math lessons. This includes utilizing oral and written language to justify mathematical thinking. Opportunities for hands-on learning in mathematics are also maximized.

Designated ENL teachers are also assigned Entering-Transitioning students with stand-alone ENL. In these classes, the teachers focus on providing instruction that addresses language needed to access core-content.

Dual Language:

In the bilingual education program, core content is delivered in both English and the students' native language, with a focus on maintaining and developing academic proficiency in both languages. To ensure students receive a 50/50 model of core content instruction, language exposure alternates daily. Our curricular resources are leveraged so it can support both languages equally. Fundations, Heggerty and mClass small group lessons are used to support phonics instruction. For K-2, Estrellita is used for supporting Spanish phonics instruction. HMH Into Reading has English Language Development lessons and Arriba la lectura is a trans-adapted Spanish curriculum. Amplify Science, Passport Social Studies, and Envision (Math curriculum) also provide both teacher and student resources in both Spanish and English. Instructional methods include translanguaging, where students use both languages flexibly to express ideas and concepts, as well as content-based language instruction, which integrates language learning with academic content. Teachers utilize culturally relevant materials and instructional strategies that honor students' linguistic and cultural backgrounds while ensuring alignment with the Next Generation Learning Standards.

In both program models, differentiation and individualized support are provided to meet the diverse needs of ELL students, including those with varying levels of English proficiency and academic readiness. Ongoing assessment and feedback inform instructional planning, allowing teachers to tailor instruction to students' specific language development goals and academic objectives. Through these approaches, we aim to foster language development and academic achievement while preparing ELL students to meet the rigorous standards set forth by the Next Generation Learning Standards.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

When teaching English Language Learners (ELLs) with Individualized Education Programs (IEPs), teachers employ various instructional strategies and grade-level materials to provide access to grade-level academic content and accelerate English language development. The ENL teacher is well-versed in the students' IEPs and have articulation time with the SpEd teacher in order to address language proficiency vs. disabilities. These strategies and materials include:

1. Differentiated Instruction: Teachers differentiate their instruction to meet the diverse needs of ELLs with IEPs. They modify content, process, and product based on students' language proficiency levels and individual goals. This may involve using simplified language, visual aids, hands-on activities, and cooperative learning strategies.

2. Sheltered Instruction: Sheltered Instruction is a teaching approach that combines content instruction with language support. Teachers use instructional strategies such as visuals, graphic organizers, simplified instructions, and pre-teaching vocabulary to make grade-level content more accessible for ELLs with IEPs.

3. Multisensory Approaches: Incorporating multisensory activities can enhance language learning for ELLs with IEPs. Teachers can use manipulatives, real-life objects, multimedia resources, and interactive technology tools to engage students and provide multiple entry points for understanding complex concepts.

4. Scaffolding Techniques: Scaffolding involves providing temporary support and guidance to help ELLs with IEPs reach higher levels of language proficiency and academic achievement. Teachers use techniques like modeling, explicit teaching, think-alouds, gradual release of responsibility, and structured language frames to support students in their language development and comprehension of grade-level content.

5. Technology Integration: Technology can be a valuable resource for supporting ELLs with IEPs. Teachers can use educational software, language learning apps, interactive websites, and digital resources to provide additional language practice, reinforce content knowledge, and facilitate independent learning.

6. Adapted Materials: Teachers adapt grade-level materials to meet the specific needs of ELLs with IEPs. This may involve frontloading vocabulary, chunking and providing additional visual practices

b. SIFE

At this time there are no SIFE students in our school.

In the event that a SIFE student is admitted, the ENL coordinators will administer the Multilingual Literacy SIFE Screener (MLS) to newly enrolled English Language Learners who meet the criteria for SIFE. The MLS will be used to assess the student's home language literacy and math skills in order to determine SIFE eligibility.

After a student is identified as SIFE through the MLS Screener, teachers of SIFE students will be guided to provide targeted instructional strategies and scaffolds to address gaps in literacy, math, and academic language development. Instruction will be differentiated and aligned with students' individual learning needs. Scaffolds will include the use of visuals, graphic organizers, sentence frames, leveled texts, and native language supports when available. Teachers will provide explicit instruction in foundational literacy skills, including phonics and decoding, and embed opportunities for language development across content areas. Additionally, instruction will be paced to accommodate the student's prior educational experience and will include frequent checks for understanding, small group instruction, and one-on-one support as needed. In addition, students will receive social-emotional support and culturally responsive practices to help them transition into the academic environment.

c. Newcomers

When teaching English language learners (ELLs), especially newcomers, teachers employ various instructional strategies and grade-level materials to provide access to grade-level academic content areas and accelerate English language development. Here are some common strategies and materials used:

1. Sheltered Instruction: Teachers use sheltered instruction techniques to make grade-level content more accessible to MLLs/ELLs. They simplify and break down complex concepts, use visual aids, gestures, and realia to support understanding.

2. Cooperative Learning: Encouraging collaborative learning activities where MLLs/ELLs work in groups with native English speakers helps facilitate language development. This strategy promotes language use and interaction while also fostering social integration.

3. Scaffolding: Teachers provide scaffolds such as graphic organizers, sentence frames, and vocabulary support to assist MLLs/ELLs in comprehending and expressing their ideas. This helps bridge the gap between their current language proficiency and grade-level expectations.

4. Differentiated Instruction: Teachers differentiate instruction by adapting materials and tasks to meet the diverse needs of ELLs. They may modify assignments, provide alternative reading materials at different language levels, or offer additional support during small group or individual instruction.

5. Visual Aids and Manipulatives: Teachers use visual aids, charts, diagrams, and manipulatives to reinforce key

concepts. These visual representations provide ELLs with additional support for understanding content and building vocabulary.

6. Technology Integration: Teachers leverage technology tools to enhance language development and content understanding. They may use educational apps, online language learning platforms, multimedia resources, and interactive whiteboards to engage students and provide additional language support.

7. Authentic Materials: Incorporating authentic materials relevant to the students' lives and interests makes the content more engaging and meaningful. Teachers use authentic texts, videos, and real-world examples to connect academic concepts to the students' background knowledge and experiences.

8. Language Development Materials: Teachers use a range of materials specifically designed to support English language development. These may include English language learning textbooks, leveled readers, bilingual dictionaries, language games, and language-focused software programs.

9. Content-Specific Materials: Teachers provide grade-level textbooks, workbooks, and supplemental materials for the specific academic content areas such as math, science, social studies, and language arts. These materials are adapted and modified to support the language proficiency levels of MLLs/ELLs.

10. Culturally Responsive Materials: Teachers incorporate culturally relevant materials that reflect the students' cultural backgrounds and experiences. This helps create a supportive and inclusive classroom environment that validates students' identities and promotes engagement.

It's important to note that the specific strategies and materials used may vary depending on the students' proficiency levels, cultural backgrounds, and individual needs. Effective instruction for ELLs involves a combination of these strategies along with ongoing assessment, feedback, and targeted support to ensure academic success and language development.

d. Long Term ELLs

There are no long term ELLs in our school as LTELLs are classified as ELLs who have been receiving services for 7 or more years. In the event that our school has LTELLs, the instructional strategies that will be used are:

1. Differentiated Instruction: Teachers tailor lessons to accommodate different learning styles and language proficiency levels including use of visual aids, hands-on activities, and use of oral language

2. Scaffolding: Teachers break complex tasks into small ones and provide sentence frames graphic organizers and word banks to support language use.

3. Culturally Relevant Curriculum: Teachers incorporate materials and examples that reflect diverse cultures and experiences and validate their backgrounds by including their stories and perspectives in lessons.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our ICT classrooms are instructed by both a special education teacher and an TESOL certified teacher. The TESOL certified teachers in ICT classrooms implement the essential strategies for teaching English Language Learners. These strategies include, but are not limited to: differentiation using different modalities, small group instruction, total physical response, writing tools, and manipulatives to aid with math instruction.

Our English Language Learners with IEPs were also invited to the ENL After School Program. This program was designed to support students language development in all modalities, speaking, listening, reading and writing. ELLs/MLLs students with IEPS also received phonics instruction to further support them with letter-sound correspondences and spelling patterns, vocabulary and language development.

PS398Q uses curricular and instructional flexibility to support ELLs with IEPs with IEP goals and language acquisition. A school priority is focusing on knowing our students well. We review the students background, language spoken at home. We also focus on designing instruction based on student strengths (what the student can do) as it provides an important foundation for success. We use instructional flexibility to allow students to receive their mandated services and work closely with service providers and maintain continuity in the support they receive. We also use curricular flexibility to scaffold and support students learning.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Dual Language: Students are given the NYISTELL and Spanish LAB when they are enrolled to assess their home language proficiency levels. That data is used to identify the student's areas of need. Teachers will use this data as a baseline. Programs such as Arriba la Lectura and Estrellita will be used to support language growth. In content areas such as math, science, and social studies, lessons will be delivered in both English and Spanish in any particular day. Our dual language students will receive instruction in English and Spanish by alternating the language (one day English and the following day all instruction will be conducted in Spanish). All content areas curriculums and resources are available in English and Spanish.

ENL: Translanguaging strategies are used for students to access instruction. Our Envisions (math curriculum) has materials available in Spanish. Teachers provide students and families with the translated materials, should additional be needed. Teachers provide their MLLs/ELLs students with picture dictionaries, during writing instruction, to help students communicate their thoughts adequately in English.

iReady Spanish reading assessment is used to evaluate student's grade level Spanish skills proficiency. Also, students who are more proficient in Spanish take the Math iReady Diagnostic in Spanish allowing them to show their mathematical knowledge without the impediment of the language. Teachers use this data as a baseline and to measure progress throughout the school year in the DLBE classes as well as with all newly arrived Spanish-speaking students as part of the intake process.

mClass DIBELS and Lectura is a universal screener that progress monitors and provides instruction for grades K-6 by using DIBELS 8th Edition to assess their reading trajectory and what skills the need to develop. This one-on-one assessment allows teachers to observe students as they form sounds or read words and text. mClass instantly scores and analyzes student response patterns in order to provide diagnostic data and instructional focuses for each student and groups. Teachers use this data in order to provide targeted phonics, fluency, and comprehension small group instruction.

Our bilingual curriculum materials (Arriba la lectura, Amplify, Passport to Social Studies, Envisions curriculum) are leveraged to provide language support and build MLLs/ELLs content and language skills as well as promote transfer of skill from their native language to their new language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Systems and structures that PS398Q uses to support co-teaching and collaboration among teachers for various ELL program models include:

1. Professional Development Workshops: Regular workshops focused on effective co-teaching strategies and culturally responsive teaching practices to provide teachers with the necessary skills and knowledge to collaborate effectively.

2. Collaborative Planning Time: Common Planning time are built into the teachers schedule to plan together, discuss student progress, and align curriculum and instruction to meet the needs of ELLs.

3. Co-Teaching Models and Structures: A variety of co-teaching models, such as team teaching, parallel teaching, station teaching, or alternative teaching, are encouraged to establish clear expectation of teacher roles and responsibilities within the co-teaching partnership.

4. Data Analysis and Student Monitoring: Regular data analysis discussions help co-teachers track the progress of ELL students, identify areas for improvement, and adjust instruction accordingly.

5. Teacher Observation and Feedback: Administrator's observation and feedback provide valuable insights into co-teaching dynamics and help teachers refine their collaborative practices over time.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Below is an overall outline of annual professional learning plan structured to ensure that all staff, including administrators, teachers, and non-pedagogical staff, incorporates learning specifically related to the academic and social-emotional needs of MLs/ELLs:

1. Needs Assessment: Begin by conducting a comprehensive analysis of students iReady/mClass end of year diagnostic as well as Danielson teacher feedback to identify areas of professional learning required to support MLs/ELLs effectively. This assessment can include input from teachers, administrators, and support staff, as well as data on student performance and needs.

2. Professional Learning Goals: Based on the end of year conferences between administration and teachers clear professional learning goals related to supporting MLLs/ELLs are established. These goals are aligned with the school's mission and vision, as well as state and federal mandates related to MLLs/ELLs education.

3. Diverse Professional Development Offerings: We will offer in house and external professional development

opportunities throughout the year to address the diverse needs of staff members. This can include workshops, seminars, conferences, webinars, book studies, and peer learning communities. Some of the topics that our seminars and workshops will cover include information on the identification and academic needs of SIFE students, including best instructional practices to support their linguistic and academic growth. Staff will also receive training on the administration and interpretation of the MLS SIFE screener, and how to use our school's FURBY data to inform instruction. Additionally, staff will learn how to use the resources, like parent letters, provided through FURBY to support meaningful family engagement. Teachers will also have access to webinars hosted by the NYC Division of Multilingual Learners, and organizations such as Colorín Colorado and WIDA.

4. Co-Teaching Strategies: Training and support in co-teaching strategies to all staff members involved in co-teaching partnerships, including administrators, teachers, and support staff will be provided. This training should focus on collaborative planning, differentiated instruction, and maximizing the strengths of each co-teacher.

5. District Professional Development: Our ENL Coordinator attends professional learning workshops offered by District 30 MLLs/ELLs Liaison. This information is then shared with the staff. The Bilingual/ENL Coordinator also shares the forwards to all teachers the Multilingual Monthly newsletter containing articles and information about ENL related professional learning.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

All staff receive in house and external training about best practices, strategies and data analysis of ENL assessments for ELLs/MLLs during the current school year. ENL teachers and other staff members (classroom teachers, paraprofessionals, and other providers) attend professional development, during Faculty Conferences, Grade Conferences, and Professional Development time (Mondays). Time is also allotted for ELL/MLL specific professional development on schoolwide professional development days such as Election Day and Chancellor's/Anniversary Day. In addition, many ENL teachers seek out professional development, both in-person and more recently on-line, that addresses a noticing they determined while they were working with their ENL students during classroom instruction and remote learning. The ENL Coordinator also coordinates a time for the district MLL/ELL team for in-person classroom visits and professional development.

Our school makes every effort to meet the required 15% ELL-specific professional development for all teachers as per CR Part 154.2 by ensuring that professional development targets ELL/MLL strategies. PS398Q meets the required 50% ELL-specific professional development for ENL /bilingual teachers as per CR Part 154.2 as they attend Professional Development facilitated by the District and outside school organizations. Teachers are encouraged to sign up for district, citywide, and other Professional Learning offerings that provide the required CTLE credits in Language Acquisition/ELLs for all staff members.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

All students in grades K-5 are iReady Math and mClass DIBELS and Lectura (Dual Language Classes). These measures three times per year in the Fall (BOY), Winter (MOY), and Spring (EOY). Teachers use data collected from mClass to create targeted small groups to tackle individual needs based on phonics, fluency, and comprehension for their AIS block.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Teachers scaffold lessons that facilitate the academic intervention needs of the students and teach them strategies which will allow them to overcome academic challenges. P.S 398 utilizes Heggerty and Wilsons' Fundations, a phonics program, which provide strategies to enhance student's reading and writing experience. These word learning strategies are charted and showcased in the classroom, allowing ELLs/MLLs to refer back when needed. Helpful reading and writing strategies are also shared with families during parent workshops, Class Dojo and Google Classroom. In addition, ENL/dual language teachers work together to design lessons that include the 4 different modalities-Speaking, Listening, Reading and Writing. Including different modalities of learning ensures that each child is engaged and has been given an opportunity to showcase their learning. Furthermore, bilingual books, bilingual dictionaries, bilingual paraprofessionals (as per student's IEP) are used across content areas to support home language. Collaboration among the ENL teachers, and the classroom teachers occurs in order to provide ELLs with the strategies needed to excel.

ELLs/MLLs subgroups targeted:

* ELLs with Chronically Absent and Severely Chronically Absent - our attendance team meets monthly to review and monitor students' attendance and identify root causes. ELLs/MLLs who are chronically and severely absent miss out on instruction to support their language development. Parent outreach and meetings are held to support parents to improve students attendance.

* ELLs with IEPs - For the ELLs subgroup of ELLs with IEPs, we focus on knowing the student well. We review the students background, language spoken at home. We also focus on designing instruction that leverages student strengths (what the student can do) as it provides an important foundation for success. This allows the learning to be focused on building student's strengths in order to address areas where the student needs additional support. Further, we focus on students applying their language skills across all subjects and content areas in addition to learning the fundamentals of English. Another important aspect we focus is on fostering student engagement and motivation to learn.

**Entering ELLS: For Entering-level ELLS, our school provides targeted interventions to build foundational language skills while supporting access to academic content. Entering ELLs receive stand-alone ENL services delivered by our ENL Coordinators, where instruction is organized around thematic units such as school, family, community, feelings/emotions, clothing/ weather, etc. These thematic units are designed to build vocabulary, listening, speaking, reading, and writing skills in meaningful and contextualized ways. Instruction is highly scaffolded and incorporates visuals, realia, sentence frames, and interactive activities to support language acquisition. In addition, Entering ELLs receive targeted support in core content areas such as ELA and Math through the use of modified texts, graphic organizers, manipulatives, and bilingual glossaries, as appropriate.

**Emerging ELLs: Like Entering ELLs, Emerging ELLs also participate in stand-alone ENL instruction provided by our ENL Coordinators. These sessions focus on thematic units that continue to build vocabulary and academic language, while placing greater emphasis on sentence structure, and language functions, such as comparing, describing, and explaining. Greater emphasis is also placed on extended oral and written responses. . In ELA, teachers use strategies such as guided reading with leveled texts, sentence frames, graphic organizers, interactive read alouds, and vocabulary instruction embedded in context. In Math, instruction is supported through the use of visuals, manipulatives, real-world problem-solving tasks, and explicit instruction of key academic vocabulary. Teachers provide step-by-step modeling and use think alouds to support students with mathematical reasoning.

**Transitioning ELLs: At this proficiency level, students are developing greater fluency and are able to engage more independently with grade-level texts and tasks. In reading, teachers provide access to complex texts with pre-reading vocabulary instruction, guided reading questions, and discussions that help students make connections and analyze key ideas. Students are encouraged to participate in group discussions and respond to texts using evidence. In writing, students work on organizing their ideas clearly, using academic vocabulary, and developing longer written responses. Teachers use graphic organizers, writing checklists, sentence starters, student friendly rubrics, and word banks to support students in walking through the writing process. In math, Transitioning ELLs receive support through the use of visuals, manipulatives, and step-by-step instructions. With regard to the use of manipulatives, Transitioning ELLs use these tools not just to grasp basic concepts, but as tools to support higher-level thinking and problem solving. Additionally, teachers provide sentence frames and key vocabulary to help students explain their problem-solving process both orally and in writing. Small-group discussions and partner work give students chances to practice using math language in a supportive setting, while lessons are scaffolded to gradually increase independence with more complex concepts.

**Expanding ELLS: At this proficiency level, teachers support Expanding ELLs by guiding them to engage with more complex texts and express their ideas clearly in writing. Teachers explain complex literacy skills to Expanding ELLs by breaking down challenging concepts into manageable parts and connecting new ideas to students' prior knowledge. They use explicit instruction to teach skills like making inferences, analyzing author's purpose, and identifying themes. Teachers provide clear, step-by-step models and use visual aids such as student friendly anchor charts, graphic organizers, and annotated texts to help students understand and organize information. In relation to writing instruction, language supports such as sentence starters, transition words, and academic vocabulary lists are used to strengthen coherence and fluency. Teachers give targeted feedback on grammar, word choice, and overall clarity, encouraging revisions to improve the quality of writing. In math, teachers integrate language objectives with math content by explicitly teaching key vocabulary, and sentence structures needed to explain mathematical reasoning. Instruction includes the use of visual aids, diagrams, and manipulatives as supports, but with greater emphasis on abstract thinking and problem solving compared to earlier levels. Teachers scaffold lessons by modeling complex problem-solving steps and encouraging students to discuss their thinking through partner talk and small group work.

**Commanding ELLS: At this proficiency level, students demonstrate greater independence in ELA and math, but targeted intervention programs provide support to deepen their academic language and content skills. Teachers use scaffolds like sentence frames, graphic organizers, visual aids, and think-alouds during small-group instruction, while explicitly teaching vocabulary and modeling problem-solving steps. As students work more independently, teachers monitor their progress through regular check ins to adjust support and ensure continued growth.

Intervention services are provided in English, and Spanish, to ELLS in dual language classrooms.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At PS398Q, we employ a Multi-Tiered System of Supports (MTSS) to guide instruction for ELLs across all grades as follows:

1. Data Collection and Analysis: We collect data on ELLs' language proficiency based on the NYSESLAT, iReady Reading, mClass Reading, academic progress, and social-emotional well-being using a variety of assessment tools, including curriculum and teacher observation. This data is regularly analyzed to identify trends, patterns, and areas of need among ELLs.

2. Tiered Intervention Model: Based on the data analysis, we implement a tiered intervention model that provides targeted support to ELLs at different levels of need. This model includes three tiers:
- Tier 1: Universal supports provided to all students, including high-quality core instruction delivered by classroom teachers.
- Tier 2: Targeted interventions provided to ELLs who require additional support to meet grade-level expectations. These interventions may include small-group instruction, supplemental materials, and differentiated instruction.
- Tier 3: Intensive interventions provided to ELLs who require more intensive support due to significant academic or language challenges. These interventions are tailored to the individual needs of students and may involve specialized instruction, one-on-one support, and frequent progress monitoring.

3. Progress Monitoring: We regularly monitor the progress of ELLs receiving tiered interventions to assess the effectiveness of the supports provided and make data-driven decisions about adjustments to instruction. Progress monitoring data is used to determine whether students are making adequate progress, identify areas of strength and growth, and modify intervention plans as needed.

4. Collaborative Problem-Solving: Our MTSS framework promotes collaborative problem-solving among teachers, administrators, support staff, and parents to address the needs of ELLs effectively. Teams meet regularly to review data, discuss student progress, and make decisions about instructional strategies and interventions.

5. Professional Learning and Development: We provide ongoing professional learning and development opportunities for staff members to build their capacity to support ELLs within the MTSS framework. This includes training on effective instructional practices for ELLs, culturally responsive teaching strategies, and data analysis techniques.

Data analysis plays a central role in shaping the delivery of core instruction for MLs and ELLs in our school. By reviewing state assessment results, along with formative assessments, teachers are able to identify specific areas where ML/ELL students need additional support, such as vocabulary development, reading comprehension, or math problem-solving. For example, when data from mClass assessments revealed that students needed focused vocabulary development and improved comprehension skills, we implemented AIS Reading interventions in our school. Teachers were asked to review their students' mClass data carefully and organize literacy stations that specifically target the modalities highlighted by the assessment, such as vocabulary, fluency, and comprehension. This targeted approach allows for differentiated instruction that addresses individual student needs and supports growth in key literacy areas.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

mClass benchmark and progress monitoring data, HMH Module Assessments and Weekly Selection quizzes are used to inform and drive instruction. This data provides our K -5 grade teachers with specific information on the needs of our ELL students. This information will help guide both our ENL and bilingual teachers to select an appropriate scaffolds to support their students in strengthening their literacy skills, as well as English language acquisition.

For mClass data, teachers review each students' performance on each subcategories such as letter naming, letter sounds, decoding, word reading, reading accuracy, reading fluency, and basic comprehension. This data helps teacher to create targeted small groups to address individualized reading needs.

In addition, we also utilize HMH Module Assessments, Weekly Selection quizzes and iReady Math data to monitor students progress. HMH module assessments are administered at the conclusion of each module, and weekly quizzes are administered on a weekly basis. For iReady math, benchmark assessments are administered three times a year, in the Fall, Winter and Spring. Teachers use the data from these diagnostics to identify skills that need and target instruction accordingly.

HMH module assessments help teachers identify ELL students' specific academic and language development needs by highlighting areas of misunderstanding. Teachers use this data to tailor instruction with targeted vocabulary support, scaffolding strategies, and differentiated materials. These assessments also guide small-group instruction and supports. For example, if HMH module assessments show that ELL students are underperforming in vocabulary, the teacher can focus on HMH reading lessons that emphasize using context clues to determine word meaning. Additionally, at the end of each HMH reading lesson, teachers use exit tickets provided by the platform to check for understanding. If ELL students struggle to understand the questions, teachers now know to paraphrase the language or add visuals to make the task more accessible. This practice ensures that assessments reflect content understanding rather than language barriers.

enVision math tests help teachers identify both content and language gaps for ELL students. For example, if students struggle with word problems, teachers know to focus on math academic vocabulary and use visuals or sentence frames to support comprehension. The data also helps group ELLs for targeted instruction, ensuring they receive scaffolds aligned to their language proficiency levels. For example, if a student can explain their math thinking verbally, but struggles to write it down, providing sentence starters on tests and schoolwork can help them organize and express their ideas clearly. This scaffold supports both language development and math understanding, making it easier for ELL students to demonstrate their knowledge.

In September, teachers in grades 3-5 will analyze the NYS ELA and Math State results to identify high leverage standards that our students will need support in the upcoming school year in order to make instructional decisions.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

ENL teachers evaluate Spanish Speaking ELLs/MLLs in their home language during intake by using the Spanish LAB to determine language dominance for instructional planning in providing ENL services.

Additionally, Dual Language ELL students are also evaluated periodically through mClass with progress monitoring and benchmark assessments.

When ELL students take their ELA state test, they are provided with a bilingual glossary in their home languages. If a bilingual glossary is not available in their home language, a professional translator will be requested by the school for interpretation or translation services. When taking the math state test, students may receive a translated version of the test in their home language. Additionally, students who benefit from this support are also given the opportunity to take practice state tests in their home language, if such versions are available

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At PS398, the assessments that are used to evaluate the effectiveness of our ML/ELL programs are benchmark assessments including mClass Reading and iReady math. mClass assesses students on foundational reading skills and provides targeted instruction to improve the identified skills. This data informs instruction for AIS periods as teachers are able to provided student tailored-intervention to build reading fluency.

iReady Math data have shown that for some students, their language ability (specifically reading comprehension) impedes their abilities to carry out tasks in math, even when they have shown their ability to perform arithmetic correctly. The more complex the directions, the less able the students were to perform the tasks. This proves that academic language skills are a necessary component to any subject. Targeted academic vocabulary instruction is embedded into every lesson to address this area of need.

The NYSESLAT is also used to evaluate the effectiveness for our MLL/ELL programs. The scored modalities, Reading, Writing, Listening and Speaking identifies student strengths and weaknesses and inform instruction design by using different language modalities as a way to access the curriculum and support curriculum. These scores also help to determine class groupings and curriculum used in our Title III after school program.

State assessments in ELA and Math are essential tools in evaluating the effectiveness of our ENL and Dual Language programs. By analyzing the performance data of ELL and Dual Language students on these assessments, we monitor academic growth and language proficiency development over time. For example, if data reveals that many ELLs are struggling with academic vocabulary in reading or math word problems, teachers respond by increasing explicit vocabulary instruction and incorporating more visual supports and sentence frames during lessons. Furthermore, when assessments indicate that students struggle with writing extended responses, ENL teachers implement targeted writing workshops focused on language structures and sentence development. Meanwhile, Dual Language teachers emphasize balanced literacy strategies that integrate reading, writing, listening, and speaking in both languages. They provide opportunities for students to engage with complex texts, practice writing in both English and their home language, and use language transfer strategies to deepen understanding.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our NYSESLAT administration plan involves careful coordination among various staff members to ensure a smooth and efficient testing process for all ELLs. This plan includes the following:

1. Test Administration Team: The test administration team consists of certified ESOL/Bilingual teachers who have experience working with ELLs. They are responsible for administering the NYSESLAT according to the guidelines provided by the New York State Education Department (NYSED).

2. Test Proctors: Additional staff members, such as classroom teachers or support staff, may serve as test proctors to assist with monitoring students during testing sessions. Proctors receive training on test administration procedures and protocols to ensure the integrity of the assessment process.

3. Scoring Team: Certified ENL teachers and other qualified staff members are designated as scorers for the NYSESLAT. They undergo training to ensure consistency and accuracy in scoring student responses according to the NYSED scoring rubrics.

4. Scheduling and Logistics: Our school develops a comprehensive testing schedule that minimizes disruption to instructional time while providing adequate time for all students to complete the assessment. We coordinate with classroom teachers to ensure that students receive mandated instruction before and after testing sessions.

5. Accommodations and Supports: ELLs and former ELLs who require accommodations or supports during the NYSESLAT administration receive them in accordance with their Individualized Education Plans (IEPs) or English Language Learner Plans (ELLPs). This may include additional testing time, linguistic supports, or assistive technology.

6. Make-Up Testing: We have a plan in place to administer make-up tests for students who are absent during the initial testing window. Make-up testing sessions are scheduled promptly to ensure that all students have the opportunity to participate.

7. Communication with Stakeholders: We communicate regularly with parents, guardians, and other stakeholders to inform them about the NYSESLAT administration process, including testing dates, accommodations, and supports available to students. Parent workshop is also offered. This ensures transparency and fosters collaboration in supporting students' academic success.

By implementing this comprehensive NYSESLAT administration plan, we ensure that all ELLs and former ELLs receive the mandated instruction they need while participating in the assessment process. Our dedicated staff members work together to create a supportive testing environment that allows students to demonstrate their language proficiency accurately and fairly.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that both current and former English Language Learners (ELLs) receive necessary accommodations for state assessments through a comprehensive approach that includes:

1. Individualized Accommodation Plans: When the SBST team develops Individualized Education Plans (IEPs) for a student who is also an English Language Learner, we ensure if the student require accommodations for state assessments that they are included especially grades K-2. These plans are tailored to each student's unique needs.

We ensure ENL accommodations as outlined in the MLLs/ELLs Policy and Reference Guide are given to our students. Some of these accommodations include extended time, bilingual dictionaries, or language supports (for Math).

2. Collaborative Planning: Our team of educators, including classroom teachers, ENL specialists, special education teachers, and support staff, collaborate to identify appropriate accommodations for each student based on their language proficiency, academic needs, and any other relevant factors.

3. Training and Professional Development: We provide ongoing training and professional development for staff members involved in the assessment process to ensure they understand how to implement accommodations effectively and in accordance with state guidelines. This training covers topics such as administering accommodations, maintaining test security, and ensuring fairness for all students.

4. Communication with Stakeholders: We communicate regularly with parents, guardians, and other stakeholders to inform them about the accommodations available for state assessments and how they can support their child's participation in the assessment process. This includes providing information about the types of accommodations available, the process for requesting accommodations, and any other relevant details.

5. Monitoring and Evaluation: We monitor the implementation of accommodations during state assessments to ensure they are provided accurately and effectively.

By taking a proactive and collaborative approach to providing accommodations for state assessments, we ensure that both current and former ELLs have the support they need to demonstrate their knowledge and skills effectively while promoting equity and access for all students.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

To ensure families of ELLs are provided with the required meetings specified in CR Part 154, our school implements a comprehensive plan. We offer multiple avenues for families to receive information and support in their preferred language, including translation and interpretation services. We offer translation at all our parent workshops and teacher/parent meetings. The school uses GAMA and the Class Dojo platform so parents are able to see the message translated in their preferred language.

Our Language Access Coordinator has surveyed our staff to find out languages spoken by our staff. A document listing our multilingual staff available for translation is shared with the entire staff along with the information on how to use over the telephone interpretation. School staff are also made aware that translation of parent documents such as IEPs are available.

Throughout the year, the ENL Coordinator and ENL team hold informative parent workshops that inform parents on ELL identification and services their child receives, strategies that can be used in the home to support the language and literacy development of English Language Learners and a NYSESLAT information session.

We keep families engaged and informed with school events through Class Dojo where administrators, teachers and staff share all events at our school. Parents are able to read the message in their preferred language. We build strong communication with our school community as parents are able to learn about events in the school and contact teachers, administrator and parent coordinator. Our monthly family calendar is shared with all families listing

the many activities that promote engagement of families in the school community and enable families to foster high expectations.

Our school's ELL Program Orientation is designed to ensure that parents/guardians of newly identified ELLs receive comprehensive information about the available program options, regardless of whether our school currently offers them. We provide detailed explanations of Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language programs, including their goals and requirements.

During the orientation, parents have the opportunity to complete the Parent Survey where they select the ENL program that would be support their child. We also discuss school expectations specifically tailored for English Language Learners. This section aims to familiarize parents/guardians with the educational framework their children will be navigating, ensuring they have a clear understanding of the academic expectations and how their children will be supported in meeting them. Overall, our ELL Program Orientation prioritizes transparency, accessibility, and empowerment, ensuring that parents/guardians are well-equipped to make informed decisions about their children's educational journey.

We maintain detailed records of all ENL Parent Orientation meetings, including attendance, completion of the Parent Survey and any follow-up actions like the parent placement letter, etc in both CUMs and our critical documents binder. This documentation is in accordance with the NYC DOE Policy and Reference Guide for MLLs/ELLs. By prioritizing clear communication, accessibility, and record-keeping, we aim to ensure that families of MLLs/ELLs are meaningfully engaged in their children's education and receive the necessary support to navigate the ELL program effectively.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

ENL teachers are required to hold annual individual meetings in order to discuss the goals of the program, language development progress, language proficiency assessment results and development needs in all content areas. The Annual Individual Meeting provides parents/guardians of MLLs/ELLs students with the opportunity to meet with educators to discuss the specific progress and needs of their child within the ENL program. This meeting is distinct from both the ELL program orientation and regular parent-teacher conferences.

ENL teachers schedule a time to meet with parents before, during, or afterschool. Documentation of the invitation and attendance are copied and placed centrally in the school. The school has a live document of languages spoken by staff for translation services. Additionally, staff utilize the translation hotline when school staff are not available.

During this meeting, the ENL service provider reviews and discusses the goals of the ELL program in relation to the child's individual learning journey. We provide updates on the student's language development progress, sharing insights from ongoing assessments and language proficiency evaluations. Additionally, we discuss the student's language development needs across all content areas, exploring areas of strength and areas for growth.

The meeting serves as a collaborative forum where parents/guardians can actively participate in shaping their child's educational plan. We prioritize open communication, allowing parents/guardians to ask questions, share concerns, and provide input on their child's educational experience. By fostering this partnership between home and school, we aim to support the holistic development and academic success of every ELL student.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

To ensure that families receive all school communications and documents in the language they best understand, our school employs the following strategies:

1. Multilingual Staff and Resources: We have multilingual staff members who are proficient in languages commonly spoken by our school community. These staff members assist in translating documents, communicating with families, and providing language support as needed. Additionally, we utilize NYC DOE Over the telephone interpretation services when necessary to ensure accurate communication.

2. Language Preference Surveys: At the beginning of each school year or upon enrollment, we ask families to indicate their preferred language for communication. This information is captured in ATS and it allows us to tailor our communications accordingly and ensure that families receive information in the language they understand best.

3. Translation of Written Materials: All written materials, including newsletters, school notices, event flyers, and academic documents, are translated into high-incidence languages in our school community. These translations are provided alongside the original English versions to ensure accessibility for all families.

4. Multilingual Communication Channels: We utilize various communication channels such as email through the GAMA application, text messaging using the Class Dojo application, and telephone calls to reach families in their preferred language.

5. Language Access Points: We establish designated language access points within the school (Parent Coordinator and Language Access Coordinator) where families can access translation services, seek assistance in their preferred language, and receive support with understanding school communications.

6. Feedback: Families are encouraged to provide feedback on the effectiveness of our language access efforts and suggest improvements. We actively solicit input from families to ensure that our communication strategies meet their needs and preferences.

In addition to receiving communications in their preferred language, families are able to respond or initiate communications in languages other than English through the same channels provided for English-speaking families. Our staff members, including front office staff, teachers, and administrators, are trained to accommodate and respond to communications in multiple languages, ensuring that all families feel welcomed, included, and informed.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Beyond mandated meetings and orientations, our school actively develops activities that empower families of MLLs/ELLs by engaging them in meaningful ways. We employ various strategies to determine the needs of our community, including regular surveys, and ongoing dialogue with parents/guardians and community members. Our ENL team work closely with the parent coordinator to identify the needs and preferences of our community.

Once the needs and preferences are identified, we design activities that cater to their interests and priorities. These activities may include workshops on topics such as navigating the education system and DOE systems like NYCSA, 529 college account, Urban Advantage, enrollment to Summer Rising, etc. These activities empower families to advocate for their child's needs, and promote literacy and language development at home. We also organize cultural events that celebrate the diversity within our school community, fostering a sense of belonging and pride among families of MLs/ELLs.

Moreover, we provide resources and support networks to empower families, such as connecting them with community organizations that offer language and technology classes, immigration resources, and facilitating access to educational materials in multiple languages. By actively involving families in these initiatives, we create opportunities for them to contribute to their child's education, build connections with other families, and develop leadership skills within the community. Ultimately, our goal is to create a supportive and inclusive environment where all families feel valued, empowered, and equipped to advocate for their children's success.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

To ensure families of MLLs/ELLs are aware of family leadership opportunities such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), and others, our school implements several proactive measures:

1. Clear Communication Channels: We maintain clear communication channels through newsletters, emails, school website updates, and applications such as GAMA and Class Dojo, ensuring that information about leadership opportunities is easily accessible to all families, including MLLs/ELLs.

2. Multilingual Resources: All communication materials regarding family leadership opportunities are translated into high-incidence languages of our school community. This ensures that language barriers do not hinder families from accessing information about these opportunities.

3. Monthly Meetings with the Principals & Parent Workshops: During these meetings we share information designed to introduce families to various leadership roles within the school community. These sessions provide information about the responsibilities, benefits, and nomination processes for positions such as PA, SLT, and CEC where families of MLs/ELLs are actively encouraged to participate and learn about leadership opportunities.

By implementing these strategies, we ensure that families of MLs/ELLs are not only aware of family leadership opportunities but also feel encouraged and supported to actively participate and contribute to the school community's decision-making processes.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Currently, our school has established several culturally and linguistically responsive partnerships to support the diverse needs of our school community:

1. Community-Based Organizations: We collaborate with local community-based organizations that specialize in providing support services to diverse cultural and linguistic groups. These organizations offer resources such as language interpretation, cultural competency training, and family advocacy support.

2. Ethnic and Cultural Associations: We partner with ethnic and cultural associations within our community to celebrate and honor the rich diversity of our student body. These partnerships facilitate cultural exchange events, heritage celebrations, and educational workshops that promote understanding and appreciation of different cultures.

3. Language Learning Centers: We share with parents information on language learning centers that provide additional language support and enrichment opportunities for students and families. These partnerships may include offering language classes, tutoring services, or language immersion programs.

4. Parent and Family Engagement Organizations: Out social workers collaborate with parent and family engagement organizations that specialize in supporting immigrant, refugee, and temporary housing families. These partnerships focus on empowering families to actively engage in their children's education, navigate the school system, and advocate for their needs.

By fostering these culturally and linguistically responsive partnerships, we ensure that our school community receives comprehensive support that respects and celebrates its diversity. These collaborations strengthen our ability to meet the unique needs of every student and family, promoting equity, inclusion, and academic success for all.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Iris Ng- ENL Coordinator
Danja Xhaxhi- ENL Teacher/ Push in-Pull Out
Veronica Sosa- Dual Language Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At PS398, the ELL Identification team is responsible for each step of the ELL identification process. This begins with the home language survey. Once the home language is determined to be a language other than English, the ELL identification team assesses the child's English proficiency through a combination of the student interview and if available, samples of student work. If the child does not demonstrate sufficient English language proficiency, then the NYSITELL will be administered to determine ELL status. Any student that does not test commanding and have a home language of Spanish will be given the LAB-R to assess their Spanish Language Proficiency. If identified as an ELL, parents will attend a parent orientation to be informed about the different types of ENL services that they are entitled to, and completing the parent survey to identify which type of ENL service they would like (ie. ENL only, DL, TBE).

With students entering the school with an IEP, that has not enrolled previously in a NYC DOE school, students will complete the ELL identification process first through meeting with the Language Proficiency Team (LPT) to determine whether or not the student should be administered with the NYSITELL. After the determination, if the child will not take the NYSITELL, then determination will be made by the principal to be sent to the district to make the final decision. If the child will take the NYSITELL, then it will be administered as usual following the rest of the ELL identification process.

Students who enroll in the school placed in grades 3-5 and also score at an entering or emerging level as indicated by the NYSITELL results will be flagged to make an initial SIFE determination. This begins at the time of the completion of the Home Language Identification Survey (HLIS) when the parent/guardian is asked to indicate prior schooling. If the child is identified as a potential SIFE student, then the process of SIFE identification begins where the student will be given the SIFE Oral Interview Questionnaire, then the Multilingual Learner Screener (MLS). If the results of the MLS determines the child to be SIFE, then a writing screener will be administered in their home language.

Our school proactively plans for the ELL identification process by having ENL/Bilingual classroom teachers who provide integrated ENL lessons. When ELLs are identified, students are articulated in those classes so they will receive their mandated ENL/Bilingual instruction from the first day of enrollment. Additionally, with our K-2 and 3-5 Stand Alone push-in/pull-out teachers, identified entering and emerging students will receiving their mandated stand alone minutes.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Jordan Fitzgerald

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Jordan	Fitzgerald	Principal - Elementary	09/05/2025	Y
Iris	Ng	Teacher - Regular Grades	09/05/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,New York City Schools Account (NYCSA) Student Profile,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	1	0.12%	1	0.12%	1	1
BELORUSSIAN	0	0.00%	1	0.12%	0	0
BENGALI (BANGLA IN BANGLADESH)	67	7.91%	74	8.74%	3	5
CHINESE ANY	8	0.94%	6	0.71%	4	6
DARI/FARSI/PERSIAN	1	0.12%	1	0.12%	0	0
HINDI	1	0.12%	1	0.12%	1	4

MANDARIN	0	0.00%	2	0.24%	4	5
NEPALI	11	1.30%	11	1.30%	0	0
ENGLISH	544	64.23%	533	62.93%	65	65
PUNJABI (A.K.A. PANJABI)	1	0.12%	1	0.12%	0	2
POLISH	1	0.12%	1	0.12%	1	1
SPANISH	206	24.32%	208	24.56%	14	24
THAI	1	0.12%	1	0.12%	0	0
URDU	5	0.59%	6	0.71%	1	4

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Letters/Memos	In house personnel translate/review letters
IEPs	A request is made to the NYC DOE contracted translation vendor for IEP translations
Health Forms and Notices	We utilize the NYCPS InfoHub template(s) for covered languages. A request will be made to the translation vendor for the other languages
DOE Notification Letters	We utilize the NYCPS InfoHub template(s) for covered languages. A request will be made to the translation vendor for the other languages
Report Cards	We utilize the NYCPS InfoHub template(s) for covered languages. A request will be made to the translation vendor for the other languages

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g.	How do you plan to offer interpretation services? Please outline the procedures and

parent workshops, PTCs)	resources in place to ensure timely access to interpretation for parents.
Parent Workshops	In house personnel provides interpretation services and over the telephone interpretation services are utilized for the languages not spoken by the staff
Parent Teacher Conferences	In house personnel provides interpretation services and over the telephone interpretation services are utilized for the languages not spoken by the staff
Parent Registration	In house personnel provides interpretation services and over the telephone interpretation services are utilized for the languages not spoken by the staff
Annual Parent Meetings for ELLs	In house personnel provides interpretation services and over the telephone interpretation services are utilized for the languages not spoken by the staff
IEP Meetings	In house personnel provides interpretation services and over the telephone interpretation services are utilized for the languages not spoken by the staff
SLT, Parent Engagement Meetings	In house personnel provides interpretation services and over the telephone interpretation services are utilized for the languages not spoken by the staff

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

When communicating with parents who speak another language, there are several different ways that PS 398 communicates with parents in different language. When communicating through messaging in ClassDojo, the application automatically translates to the parents preferred language to their phone. If a parent needs to contact the school in an emergency, staff are first utilized when it comes to translation. A master list of translators identifies staff that can speak, read, and write in a language other than English is utilized. In situations where a language is needed that the school staff cannot provide, in a pinch, the PS 398 uses Pocket Talks, a device that translates oral language in real time, but preferably reaches out to DOE over-the-phone translation (Language Line Solutions) to provide translations that serves as human translation.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school will ensure that all staff members complete the require asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform by providing Monday professional learning time in the beginning of the year to complete with signed attestation. Similarly, staff will become familiar with the documents related to best practices through in-person whole staff training. Our Galaxy-designated LAC will disseminate future language access resources and updates to all staff members through both email and paper-based information throughout the year.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

To ensure limited-English Proficient parents are aware of their language access rights, our school will employ various strategies:

* Translated Signage: We will display the Multilingual Welcome Posters at the main entrance of the school and at the main office to remind visiting parents that language translation services are available. The Safety Agent as well as the Secretaries and School Aides in the main office have a Language Identification Guide to help personnel identify the language of a visiting limited-English-proficient family member.

*Brochures/Flyers/Letters: We will distribute brochures, flyers, and letters in multiple languages, informing parents of their right to receive information in their preferred language and how to request language assistance.

*Parent Engagement Events: During events like Friday's with Fitzgerald, PTA meetings, and workshops, we will emphasize language access rights and provide information in different languages. We will also encourage dialogue and feedback regarding language needs.

*Messaging Applications: We utilize GAMA and Class Dojo to communicate with parents. Parents are able to see these notifications in their preferred language to ensure all parents stay informed and engaged.

*Parent's Guide to Language Access: The new Language Access for NYCPS Families brochures were received by our school in May 2024. These brochure were shared with our families as they will be able to cut out the "I Speak" card in the brochure to request language assistance when visiting your school or any NYCPS office.

6. **NYC Public School Guidebook:** We'll include information about language access rights and resources in the NYC Public School Guidebook, ensuring it reaches a wide audience of parents across the city.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

To gather feedback from limited-English-proficient parents on the language services they receive, our school will use the following mechanisms:

*Multilingual Surveys: We will design surveys in multiple languages to gather feedback from parents regarding their experiences with language services. These surveys will be distributed through various channels, including GAMA, Class Dojo, PS398Q website ensuring accessibility to all parents.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Based on the feedback received from limited-English-proficient parents, our school has implemented several improvements to enhance language services:

*Increased Language Availability: As new staff were hired, we have expanded the range of languages available for translation and interpretation services based on the feedback indicating a need for more language options. Teachers are able to access the staff translation list and sign up for in-house translation services during parent teacher conference, and reach out to staff to translate on a daily basis.

*Improved Communication Channels: We enhanced our communication channels to ensure that translated materials and information reach parents in a timely and accessible manner.

*Enhanced Staff Training: Teachers will be mandated next year to complete the NYCPS Language Access Training for School-based Staff.

*Community Outreach: We increased our outreach efforts to engage with limited-English-proficient parents through community events, workshops, and informational sessions conducted in their native languages.

For the next school year, we plan to further improve language services based on ongoing feedback:

*Continuous Feedback Collection: We will continue to gather feedback from parents through surveys and individual interviews to assess the effectiveness of our language services and identify areas for further improvement.

*Tailored Support: We aim to provide more personalized support to meet the specific needs of different language communities within our school population. This may include offering language-specific workshops or providing targeted resources for parents in languages with higher representation.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

131

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

10

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

After-School Program
- Timing: The program will take place after school hours Tuesdays and Wednesdays from 2:45pm - 4:15pm.
- Activities: ELLs will engage in small group language development activities, including reading comprehension exercises, vocabulary building, and conversation practice. These activities will enhance instructional opportunities by providing targeted support tailored to the language needs of ELLs in speaking, listening, reading and writing skills necessary for academic success.
- Grouping: The program is intended to support students based on enrollment by grade and proficiency level. In grades where there is enough enrollment, students are groups by proficiency level (EN/EM) and (TR/EX), and groups where grade enrollment is low, students are grouped heterogeneously (EN-EX), with classes no larger than 15
- Instruction Delivery: Instruction will be delivered through a combination of whole group, centers and small group instruction, with TESOL or Bilingual certified teachers, with training on curriculum and coaching by the ENL coordinator. Some classes with heterogeneous students with a variety of needs have a second teacher to provide additional support using a team teaching or parallel teaching model.
- Supervision: The program will be supervised by administration and the ENL coordinator. The ENL Coordinator's regular work hours are 8:20am - 2:40pm, with per session starting from 2:45pm to 4:15pm.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:
- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The After School Program will support the development of foundational reading, writing, listening, and speaking skills among Newcomers, Developing, at-risk Long-Term and ELL/SWIEP students.

Students will benefit from targeted small group instruction after school in addition to the services and differentiated instruction of the day program.

- Qualitative/Quantitative Analysis: Teacher observations reveal that ELLs struggle a variety of factors.

Lower Grade (K-2): mClass data demonstrates the gap between below and well-below standards for letter naming recognition and decoding for ELLs compared to English-proficient peers, where as majority of ELLs fall in the lower performance range.

Upper grades (3-5): Teacher formative data, mClass, and HMH assessments demonstrate the need for additional support in reading comprehension (academic content comprehension) and writing during regular class time.

- Data Sources: 2024/2025 NYSESLAT Proficiency levels, mClass data, HMH assessments, and teacher formative data

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

SUBGROUPS AND GRADE LEVELS OF STUDENTS TO BE SERVED:

According to the Spring 2024 NYSESLAT and Fall 2025 NYSITELL data, 35% of the 2024-2025 student population are ELLs/MLLs. Out of all students who were enrolled in this time, and also accepted placement, the proficiency is broken down per grade level as follows:

Grade	ENTERING	EMERGING	TRANSITIONING	EXPANDING	Grand Total
K	7	4	4	8	23
01	7	4	6	10	27
02	1	3	2	4	10
03	6	0	4	5	15
04	1	1	7	4	13
05	5	4	2	6	17
Grand Total	27	16	25	37	105

This is subject to change pending Spring 2025 NYSESLAT results.

The subgroups of students that are served are based on grades and ELP level. ELLs with IEPs are also included in the program. There is a total of 8 classes, being: Kindergarten EN/EM, Kindergarten TR/EX, 1st EN/EM, 1st TR/EX, 2nd (All proficiencies), 3rd (All proficiencies), 4th (All Proficiencies), and 5th (All Proficiencies).

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

For the upcoming 2025-2026, the anticipated program will begin in January 2026 and end in March 2026. This program will follow the schedule listed below on Tuesdays and Wednesdays.

The After School program offers 1.5 hours (2:45 PM – 4:15 PM) of instruction. Students will be placed in small classes with teachers who have been selected based on their skills and experience in teaching with priority given to TESOL and Bilingual certified teachers. The program will also be offered to MLLs/ELLs .

Daily Schedule
2:45 - 3: 00 PM- Group Meeting
3:00 - 3:30 PM-Listening and Speaking Activities
3:30 - 4:15 PM-Reading & Writing Activities
4:15 PM Dismissal

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The Title III After School program will be instructed in English where teachers will prepare lessons to reinforce listening speaking, reading and writing skills in English. Home language support is provided through our bilingual teachers, and use of translation and trans-languaging during instruction to support English language development.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Title III After School Program Certified Teachers:
ESOL and Common Branch: 8
Bilingual, ESOL, and Common Branch: 1
Bilingual: 1

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

MATERIALS NEEDED

- RALLY! NYSESLAT - These materials will be purchased using Title III funds and they will be exclusively used for this program and is distinct from materials used during school-day teaching.

- Continental Press Teaching ELs for Academic Language Mastery - These materials will be purchased using Title III funds and they will be exclusively used for this program and is distinct from materials used during school-day teaching.

- Finishline New York ELLs - These materials will be purchased using Title III funds and they will be exclusively used for this program and is distinct from materials used during school-day teaching.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parents of ELLs will be notified of the program in December with the anticipated start date beginning after winter break. Parents and guardians will be notified about the program through paper correspondence from the school and ClassDojo. Teachers will individually message parents informing them that their child is eligible to participate in the after school program to support their English language acquisition, with the right to attend or decline.

PS 398 aims to maintain records of the school's Title III funded program with evidence of parent notification both on paper and utilization of a centralized Google Drive database. The database indicates pertinent information to the student including student home languages, English proficiency levels, and attendance records. This includes a pacing calendar for curriculum and supports for different learners. Additionally, located with all other paper-based ENL essential documents, parent notification permission slips indicating acceptance or decline are housed centrally.

To further support the implementation of the program, students are given pre, mid and post assessments which are also located on the central database. Teachers are able to identify language standards to further support individual needs.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

PS398Q is committed to developing teachers by providing them professional development utilizing research-based ENL and bilingual instructional strategies and best practices for meeting the diverse needs of ELLs in integrating language development instruction into content-area teaching to support academic language proficiency across subject areas. Some topics include analyzing data using the FURBY tool, creating language objectives, differentiation, scaffolding and instructional strategies.

After staff and the ENL coordinator attend professional development, they turnkey learnings in-house on during Mondays PL time. Teachers are also notified and encouraged to sign up for external Professional Development advertised by the Division of Multilingual Language Learners.

By investing in targeted professional development initiatives, our school aims to build the capacity of educators to effectively support the academic success of English language learners, ultimately promoting equitable outcomes for all students. The above mentioned professional development will not be covered by Title III ELL funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Teachers of ELLs/MLLs support the English language development and literacy of students. In bilingual classrooms, the teacher support both the native language and literacy development and English language development. Thus,

teachers need to know how to create classrooms that are supportive of using and learning language. Such classrooms benefit all students and are essential for ELLs. Collaborative work and Professional Development are essential to prepare our teachers with the tools and resources necessary to support our growing population of ELLs/MLLs.

Our qualitative data analysis includes analysis and trends identified during ILT, Advance Teacher Observation feedback, and walkthroughs with the focus of identifying skill gaps or areas for improvement.

Quantitative data involve metrics like teachers Measure Of Teacher Performance (MOTP) ratings using the Danielson Framework for teaching, teacher surveys, district initiatives, NYSESLAT, mClass/Boost, iReady Math, and NYS Assessments which point to the skills and standards our students need support.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers receive training in the the curriculum and are encouraged to participate in Professional Development offered by the district and organizations outside the school.

All teachers working in the Title III ELL program will participate in an Orientation Meeting and they will receive ongoing professional development related to the Title III ELL program's curriculum and NYSESLAT rubrics. All teachers involved will participate in ongoing training sessions tailored specifically to the needs of English Language Learners (ELLs) under Title III. This could professional learning covering language acquisition strategies, culturally responsive teaching methods, and effective instructional techniques for ELLs.

Additionally, individualized coaching and mentoring will be provided to support teachers who implement new strategies in their classrooms. Collaborative opportunities, such as common preps included in their programs, facilitate the sharing of best practices and the collective growth of educators within the program.

Furthermore, access to resources like instructional materials, research articles, and online modules will be provided to supplement and reinforce the professional development experience. Regular feedback and student's progress monitoring will ensure that the training is meeting the needs of teachers and students alike, allowing for continuous improvement and refinement of the program.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Our Monthly Professional Learning Mondays take place every Monday for 60 minutes after school. Some of the potential topics are listed below:

1. ELL Bootcamp:
   - Start Date: October 2025
   - Total Number of Sessions: 1

2. Culturally Responsive Teaching Seminars:
   - Start Date: November 3, 2025
   - End Date: November 24, 2025
   - Total Number of Sessions: 2

3. Instructional Techniques for ELLs:
   - Start Date: December 1, 2025
   - End Date: January 26, 2026
   - Total Number of Sessions: 3

These sessions are designed to provide comprehensive professional development over the course of the academic year, addressing various aspects of teaching ELL students under Title III. As the year progresses and additional information become available, professional development will be adjusted for the remainder of the school year.

Additionally, teachers signup for professional development throughout of the school year and coverage is provided accordingly to facilitate teachers attending these important sessions.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Some of the potential topics are listed below:

1. ELL Bootcamp:
   - ELL Terminology
   - NYSESLAT Overview
   - Minutes of Service

2. Culturally Responsive Teaching Seminars:
   - Overview of CRSE
   - CRSE Scorecard
   - CRSE alignment to Danielson

3. Instructional Techniques for ELLs:
   - Language Objectives
   - Leveraging Language Modality Strengths
   - Scaffolding and Differentiation

These sessions are designed to provide comprehensive professional development over the course of the academic year, addressing various aspects of teaching ELL students under Title III. As the year progresses and additional information become available, professional development will be adjusted for the remainder of the school year.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Provides for these workshops include in house staff, District 30, Division of Multilingual Language Learners, Office of Bilingual Education & World Languages, NYC DOE professional learning, and external organizations.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

In addition to the outlined professional development schedule, our school will maintain detailed documentation of all activities provided through Title III ELL funds. This documentation will include:

1. Attendance Records: Records of teacher attendance at each professional development session, including sign-in sheets or electronic records.

2. Session Agendas and Materials: Copies of agendas, presentation slides, handouts, and any other materials distributed during each professional development session to be uploaded to a central drive

3. Participant Feedback: Feedback forms or surveys collected from participants to assess the effectiveness of each session and gather suggestions for improvement.

4. Individual Professional Development Plans: Individualized plans outlining specific areas for growth and goals for each teacher participating in the Title III ELL professional development activities.

5. Reflections and Action Plans: Teacher reflections on the learning acquired during professional development sessions, as well as action plans outlining how they will apply new knowledge and skills in their classrooms.

6. Budget Expenditures: Documentation of how Title III ELL funds were utilized to support professional development activities, including expenses related to facilitators, materials, and resources.

By maintaining thorough documentation, our school ensures accountability, transparency, and the effective utilization of Title III ELL funds to support the ongoing growth and development of our educators in serving English Language Learners.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

PS398Q is committed to promoting parent engagement and literacy of ENL families. These family engagement activities are integral to creating a supportive and inclusive school environment that empowers families to actively participate in their children's education and fosters the academic success of ELL students. Some of our school's family engagement activities will include:

1. Parent Workshops on Supporting ELL Success: We will host workshops focusing on strategies and resources for parents to support their children's English language development and academic success. Topics will include creating a conducive home environment for language learning, understanding school expectations, and accessing community resources. These workshops will not be funded by Title III funds and will be held throughout the school year.

2. NYSESLAT Workshops: We will host workshops reviewing ELL terminology, minutes of service and what the NYSESLAT is and entails. These workshops inform parents on what the NYSESLAT is, and what will be covered on the assessment. Parents will also have an opportunity to learn best practices on how to support their child at home for this examination. These workshops will be funded by Title III funds and will be held after school by the ENL Coordinator.

3. Building Background Knowledge Events - Activities: We will coordinate with community organizations to bring opportunities for parents and students to build background knowledge that students might not have otherwise. Such activities include field trips, science demos, and art nights. These activities will be funded by other school funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**

- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

As a growing school we are committed to partnering with our families in ensuring a strong home school connection. As MLLs/ELLs are a growing population of our school, we want to ensure systems in place that promote success. This calls for the strengthening of a home-school connection, where we are able to provide parents with best practices on how to academically support their child. Additionally, parents have voiced to the parent coordinator the wants for different hands-on parent-child events. To address the needs and wants of our parent body we send out surveys for them to indicate their needs. and workshops they are interested in.

By grounding our family engagement activities in both qualitative and quantitative data analysis, we ensure that our efforts are responsive to the needs and preferences of our ELL families, ultimately supporting the academic achievement and well-being of all students in our school community. The rationale for the family engagement activities provided, along with the data analysis and sources used to justify each activity are as follows:

1. Parent Workshops on Supporting ELL Success:
 - Rationale: These workshops aim to empower parents with knowledge and skills to support their children's English language development and academic success.
 - Data Analysis: Qualitative analysis of parent feedback, indicating a desire for resources and guidance on how to assist their ELL children. Quantitative analysis of student performance data, showing areas where parental involvement can positively impact academic outcomes.
 - Data Sources: Parent surveys, teacher feedback and parent interviews. Student academic performance data, including 2025 NYSESLAT proficiency scores, grades, and benchmark/diagnostic assessments like mClass, iReady Math, and NYS standardized test results for students in grades 3-5.

2. NYSESLAT Workshops:
 - Rationale: These events promote parents with the ENL services that are provided to their child, and how they are provided. It also informs parents on what the NYSESLAT is, and why it is given every year and how to support their child for this test.
 - Data Analysis: Qualitative analysis of parent feedback and teacher feedback determining the importance of informing parents on how their child is receiving support from the school, and the expectations of the NYSESLAT
 - Data Sources: Parent and teacher surveys/feedback, community demographics, observations of cultural dynamics within the school community.

3. Building Background Knowledge Events:
 - Rationale: These events provide students with the necessary background knowledge to access curriculum that some students otherwise would not have the opportunity to do so. As a school, we aim to provide students with the necessary support to deepen their understanding of content learning and that includes experiencing different out of school activities.
 - Data Analysis: Qualitative analysis of parent and teacher feedback.
 - Data Sources: Student academic performance data on specific thematic units including HMH benchmark assessments, and NYS standardized test results for students in grades 3-5 (ELA and Science)

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Workshops will be hosted throughout the school year that will take place alternating morning and/or afternoon to accommodate parent/guardians. Below is a proposed schedule for the Title III ELL family engagement activities:

1. Parent Workshops on Supporting ELL Success:
   - Start Date: September 15, 2025
   - End Date: April 30, 2026
   - Total Number of Sessions: 4

2. NYSESLAT Workshops:
   - Start Date: February 1, 2025
   - End Date: March 30, 2025
   - Total Number of Sessions: 2

3. Building Background Knowledge Events:
   - Start Date: December 15, 2024
   - End Date: June 10, 2025
   - Total Number of Sessions: TBD - Contingent on available community partnerships

The following workshops will be offered to all parents:
- How to open a NYCSA Account (September/October)
- How to use Class Dojo (September/October)
- Friday's with Fitzgerald (every month)

These sessions are designed to accommodate the schedules of our ELL families and provide meaningful opportunities for engagement throughout the academic year.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topics are carefully selected to empower ELL families with the knowledge, skills, and resources to actively support their children's education and success in school. Some of the topics to be covered for the Title III ELL family engagement activity include:

1. Parent Workshops on Supporting ELL Success:
   - Understanding the U.S. Education System: Navigating school policies, procedures, and expectations.
   - Language Development at Home: Strategies for promoting English language learning and literacy skills.
   - Homework Support: Tips and resources for assisting children with homework assignments.
   - Building a Supportive Home Environment: Creating routines and structures to support academic success.

2. NYSESLAT Workshops:
   - NYSESLAT 101: Providing the basics of what the NYSITELL/NYSESLAT is, mandated minutes, and what the exam covers

- NYSESLAT at Home Support: Deeper look at what is in the NYSESLAT and strategies on how to support English language acquisition

3. Building Background Knowledge Events:
- Community Field Trips: Provide parents information about community and district events that they can attend to provide students with real life experiences
- After school Cultural Celebrations: Give parents and students opportunities to celebrate and learn more about holidays by immersing themselves with different cultural activities and experiences
- Fun Nights: Give parents and students opportunities to participate in different activities regarding different topics such as read alouds, science experiments, art activities

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The family engagement activities will be facilitated by school staff in collaboration with school administration and community-based organizations (TBD for the 25-26 SY) to ensure effective engagement and support for ELL families. Some of the providers for each Title III ELL family engagement activity include:

1. Parent Workshops on Supporting ELL Success:
- Provider: ENL Team/School Based Staff

2. NYSESLAT Workshops:
- Provider: ENL Team/School Based Staff

3. Building Background Knowledge Events
- Provider: School Based Staff, CBOS (TBD)

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified of Title III ELL family engagement activities through various communication channels to ensure widespread awareness and participation. Notification methods may include:

1. Emails and Messaging: Sending email announcements to parents/guardians, providing details about upcoming activities, dates, times, and topics covered through GAMA and Class Dojo.

2. School Website and Newsletters: Posting information about upcoming activities on the school website, calendar, social media, and school newsletters distributed to families.

4. Flyers and Notices: Sending home physical flyers and notices with students to ensure families without internet access are also informed.

To accommodate families with diverse language preferences, all notifications and materials related to Title III ELL family engagement activities will be translated into the preferred language of each parent/guardian. This translation will be facilitated by the school's language support services or by bilingual staff members.

Additionally, interpretation supports will be provided at events to ensure that non-English speaking families can fully participate. Qualified interpreters will be available to provide language assistance during workshops, cultural events, family literacy nights, and parent-teacher conferences. This ensures that language barriers are minimized, and all families feel welcomed and included in school activities.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

In addition to ensuring effective communication and language access, our school will maintain thorough documentation of family engagement activities and notifications to families. By maintaining comprehensive documentation, our school ensures accountability, transparency, and continuous improvement in our efforts to engage and support families of English Language Learners through Title III ELL family engagement activities. This documentation will include:

1. Record of Notifications: Keeping a record of all notifications sent to families regarding Title III ELL family engagement activities, including dates, methods of communication (emails, phone calls, etc.), and languages in which the notifications were provided.

2. Attendance Records: Documenting attendance at each family engagement activity, including the names of participating families, dates of attendance, and any feedback or comments provided by attendees.

3. Translation Logs: Maintaining logs of all materials translated into different languages for family engagement activities, including the original document, translated versions, and the languages in which they were translated.

4. Interpreter Logs: Keeping records of interpreter services provided at events, including the names of interpreters, languages interpreted, and duration of interpretation services.

5. Feedback and Surveys: Collecting feedback and conducting surveys from participating families to assess the effectiveness of family engagement activities, gather suggestions for improvement, and measure the impact on family involvement and student outcomes.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$24,422

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
