Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps

and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

John J. Driscoll

District Borough Number (DBN):

31R016

Grades Served:

Pre-K through 5th Grade

School Address:

195 Daniel Low Terrace Staten Island, NY 10301

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.
Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature

Michele Ramos	Principal or Designee*	
Amy Goldman Pechter	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Berline Monroe	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Anne Marie Maresca	District Council 37 (DC 37) Representative (staff), if applicable	
Kathleen Fortin	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Jessica Vega	Member/Teacher	
Hillary Spitalieri	Member/Teacher	
Candida Hernandez	Member/Elected Parent	
Melinda Wiegard	Member/Elected Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Christine Vigliotti	Assistant Principal	
Kimberly Worsdale	Assistant Principal	
Jeanine Bush	School Social Worker	
Jennifer Colon	Guidance Counselor	
Rita Diaz	Parent Coordinator	
Susanne Stevenson	Teacher	
Sally Martinez	Teacher	
Debra Bossert	Teacher	

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

1. Analyze: Data Variation - Identification

2. Analyze: Data Variation - Share and Explore

3. Analyze: Survey Data

4. Listen: Student Interviews

5. Envision: Reflect and Synthesize

6. Plan Writing and Revision

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously.

THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd
AMY PECHTER	UFT CHAPTER CHAIR	10/08	11/12	12/10	01/14	02/25	05/12	06/02	06/10		
Jessica Vega	Teacher	09/17	10/08	12/10	01/14	06/02	06/10				
Hillary Spitalieri	Librarian / Robin Hood	10/08	03/25	05/13	06/02	6/10					
AnneMarie Maresca	D37 Rep/ SLT Chair	09/17	10/08	11/12	12/10	01/14	02/25	03/25	05/13	06/02	06/10
Berline Monroe	PTA President	09/17	10/08	11/12	12/10	01/14	02/25	03/25	05/13	06/02	06/10

Section 4: School Summary

Accountability Status

Accountability Status: **TSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission Statement:

At Public School 16, our mission is to cultivate an equitable and inclusive school community where every student's voice is empowered, affirmed, and uplifted. We are committed to delivering rigorous, student-centered, culturally responsive, and high-quality instruction to all students—regardless of ability, gender, race, culture, or identity—so they can reach their fullest potential academically, socially, and personally.
We strive to foster academic excellence, critical thinking, and a strong sense of identity, while actively challenging bias and promoting a sense of belonging. Our educators nurture the inner genius of each child by instilling essential skills and fostering a growth mindset. By embracing intellectualism, promoting joy in learning, and ensuring a safe, welcoming environment, we lay the foundation for our students to thrive in the 21st century as confident, curious, and capable learners.

Vision Statement:

At Public School 16, our collective vision of equity is rooted in the belief that every student possesses unique brilliance, voice, and the capacity to lead. We are committed to empowering each student to discover and cultivate their intellectualism, so they can think critically, engage meaningfully with the world around them, and help shape a more just and innovative future.
We envision a learning environment where all students feel a deep sense of belonging and inclusion—where their identities are affirmed, their voices are heard, and their perspectives are valued. Through this empowerment, students build the confidence to advocate for themselves and others, embrace diverse viewpoints, and develop into compassionate, collaborative problem-solvers.
Our goal is for every child to uncover their inner champion—someone who sees themselves as capable, resilient, and worthy—so they are not only prepared for post-secondary success, but inspired to contribute meaningfully to their communities and the world.
This vision reflects our unwavering commitment to VOICE—our Vision of Inclusivity & Collective Efficacy—and drives everything we do to ensure equitable outcomes for every learner at Public School 16

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 16 is located in the heart of St. George, Staten Island's civic and cultural hub, just steps from the Staten Island Ferry. The school is situated in a vibrant, mixed-use neighborhood that blends residential and commercial life, offering rich educational and cultural opportunities. Nearby landmarks include Borough Hall, the Public Library, courthouses, the Staten Island Children's Museum, Staten Island Zoo, and St. George Theatre.

Our school shares a campus with two other elementary schools, PS 10 and PS 74 fostering a collaborative learning community. The area is well-connected by public transportation and walkable streets, supporting accessibility for families and staff. With its diverse population, cultural institutions, and active community life, the neighborhood surrounding P.S. 16 provides a dynamic and supportive environment for student learning and growth.

Community and Diversity
Student Demographics:
Male: 47%, Female: 53%
English as a New Language (ENL) students: 31%
Students with Disabilities: 26%
Hispanic/LatinX: 64%
Native American 2%
Black: 22%
White: 5%
Asian: 6%
Students at or below the poverty line: 97%
Students in Temporary Housing (STH): 16%

Special Education
To improve outcomes for students with disabilities, P.S. 16 is implementing a multi-pronged approach focused on instruction, behavior supports, and staff capacity building. Key efforts include:
Collaboration with the Regional Partnership Center to strengthen the use of Specially Designed Instruction (SDI) and promote least restrictive environment (LRE) decision-making.
Reframing the literacy block in early grades to reinforce foundational reading skills.
Providing targeted professional development in evidence-based reading programs, including Fundations and Phonics for Reading.
Conducting strategic instructional sessions to enhance students' problem-solving and reading comprehension skills.
Delivering professional learning for staff in Explicit Instruction and Specially Designed Instruction to ensure all learners receive clear, structured, and accessible teaching.
Offering ongoing coaching and training for special education teachers and targeted staff in implementing SDI and Explicit Instruction with fidelity.
Providing technical assistance to the implementation team and key staff in establishing the systems and structures needed to support these goals.
Training special education teachers who support students with Behavior Intervention Plans (BIPs) in Functional Behavioral Assessment (FBA), BIP development, implementation, and data-based progress monitoring.
Delivering sustained coaching to ensure fidelity of behavior support plan implementation and effective tracking of student outcomes.
Equipping Tier 2 and Tier 3 behavior support teams with training and coaching on developing data-driven decision rules to identify students who need supports prior to initiating a BIP.
Supporting the Tier 3 behavior team with continued coaching and technical assistance in monitoring BIP fidelity and effectiveness.
These targeted actions are designed to build teacher capacity, strengthen instruction, and ensure that all students with IEPs receive high-quality, individualized support aligned to their academic and behavioral needs..

The arts are a cornerstone of the educational experience at P.S. 16, with comprehensive programs spanning all grade levels:
Pre-K to 1st Grade:
Music for Many Program: Singing, dancing, and creating musical instruments with Bobaloo.
2nd to 3rd Grade:
Illuminart Program: Writing and performing plays, creating costumes.
3D Literacy with Sundog: Engaging in 3D literacy projects.
4th to 5th Grade:

SUNDOG- Drumming and Hip Hop

Dual Language Classes: Performing their version of "The Wiz".
Special Programs:
STH and 12:1:1 Classes: Yoga classes though Sundog.

Robin Hood Library
The Robin Hood Library is a 21st-century learning environment that:
Provides tools and knowledge for information access.
Teaches information literacy skills.
Encourages lifelong learning, creativity, literature appreciation, critical thinking, and respect for others and self.

Dual Language Program
Serving Pre-K through 5th grade, this program:
Integrates native English and Spanish speakers for all content areas.
Utilizes the Estrellita program for early Spanish literacy.
Employs the K-5 Into Reading curriculum with Arriba! for Spanish language arts.
Academic and Enrichment Programs
Partnerships: Collaborations with The College of Staten Island and Touro College to prepare future teachers.

After School Programs:
ELA and Math enrichment (grades 3-5)
Title III ENL program (grades 1-4)
READ Program (grades 1-2)
Academic Intervention Services Level Literacy Program (grades 2-3)
NYCID program (grades K-5)
Robotics Grades 3-5
Urban Hope Literacy Program Grades 1 and 2
Yoga - STH

Curriculum
ELA:
Utilizes HMH Into Reading (grades K-5), Fundations & Heggerty for foundational skills.
Co-created units focusing on Priority Standards R1, R2, and R5.
Collaborative grade-level planning for curriculum maps and assessments.

Math:
Uses Envision Math 2.0 and other digital tools to support conceptual understanding.
Emphasizes problem-solving skills and mathematical practices.
Math progression of the standards for 2-3 grades below and 1 grade above each grade level.

Science and Social Studies:
Inquiry-based approach in STEAM.

NYC Social Studies Scope and Sequence with culturally diverse content.
Partnerships with The Core Collaborative and Civics For All program.

School Climate: Contributes to a positive and inclusive school climate, reducing incidents of bullying, aggression, and disciplinary issues.
Social-Emotional Learning (SEL)
SEL is integrated throughout the school day with:
Sanford Harmony and RULER Mood Meter for daily check-ins.
Check and Connect program for high-need students.
Benchmark surveys to gauge and support students' social-emotional well-being.
Restorative Justice Circles - 34% of our staff members were trained in Tier 1 training - Used regularly to build relationships, foster a sense of community, and establish norms and values within the school.

Celebration Circles: Recognize and celebrate achievements and positive behavior.
Conflict Resolution Circles: Address conflicts and disagreements between students to find mutually acceptable solutions.
Healing Circles: Help individuals or groups heal from harm or trauma by providing a space for expressing feelings and seeking support.
Reintegration Circles: Assist in the reintegration of students who have been suspended or excluded, facilitating their return to the school community.

Briefly summarize the key initiatives your school will implement this school year.

School Year: 2025–2026
For the 2025–2026 school year, Public School 16 will prioritize five strategic focus areas to strengthen instructional effectiveness and ensure student success. These initiatives are designed to create an academically rigorous, culturally responsive, and inclusive environment that fosters student voice, accountability, and long-term achievement.

Instructional Focus Areas
1. Strengthening Explicit Teaching Practices
Beginning in September 2025, P.S. 16 will reinforce the importance of explicit, systematic instruction across all classrooms. Our approach will be guided by professional development, structured lesson design, collaborative learning, and ongoing assessment.

Key Strategies:

Expert-Led Training: Engage experts such as Michele Stone from The Core Collaborative to lead workshops focused on best practices in explicit teaching.

Professional Learning Communities (PLCs): Create collaborative spaces for educators to share strategies, analyze student work, and support continuous growth.

Peer Observations: Implement a peer observation model using a schoolwide QR code linked to the District 31 “Look Fors,” encouraging professional feedback and reflection.

Instructional Components:

Clear Objectives & Success Criteria:
Every lesson will begin with clearly defined learning targets and success criteria to guide instruction and student understanding.

Structured Lesson Delivery:
Teachers will implement a structured approach that includes:

Direct Instruction

Modeling with Think-Alouds

Guided Practice with Scaffolds

Gradual Release of Responsibility

Data-Driven Instruction:
Utilize formative and summative assessments to inform instructional adjustments and ensure all learners are supported.

2. Student Accountability and Progress Monitoring
P.S. 16 is committed to developing students who are active participants in their learning. Teachers will foster a classroom environment where students are held accountable for their academic growth through clear expectations, reflective goal setting, and ongoing progress monitoring.

Instructional Practices:

Clear Learning Goals:
Communicate objectives and success criteria at the start of every unit or lesson.

Ongoing Assessment:

Formative: Exit tickets, quick writes, teacher observations

Summative: Projects, performance-based assessments, and benchmark tests

Data Tracking Tools:

Student Data Portfolios

Progress Charts and Visual Trackers

Student Feedback & Reflection:

Regular, actionable feedback from teachers

Student-led reflections and goal-setting sessions

Goal Setting and Milestone Recognition:
Teachers will support students in setting short-term and long-term goals, and celebrating academic and personal growth along the way.

3. Culturally Responsive-Sustaining Education (CRSE)
Our CRSE initiative aims to ensure that all students feel seen, valued, and academically challenged. With the guidance of Ingrid Twyman from The Core Collaborative, P.S. 16 will fully integrate CRSE into curriculum, instruction, and school culture.

Goals:

Promote equity, inclusivity, and student identity

Encourage intellectual curiosity and critical thinking

Challenge systems of bias through curriculum and practice

Implementation Strategies:

Embed the five CRSE pursuits into instructional maps:

Welcoming and affirming environments

High expectations and rigorous instruction

Inclusive curriculum and assessments

Ongoing professional learning

Family and community partnerships

Review and revise curriculum to reflect diverse voices and perspectives

Design assessments and projects that allow students to connect personally and culturally with academic content

4. Elevating Student Voice
Student voice will be a cornerstone of school culture in 2025–2026. P.S. 16 is committed to empowering students to take an active role in shaping their educational experience.

Key Actions:

Student Councils and Leadership Opportunities:
Provide structured avenues for students to engage in school decision-making.

Classroom-Level Voice:

Facilitate student-led discussions and Socratic seminars

Implement feedback tools (surveys, exit reflections) to collect student input on instructional practices and school climate

School-Wide Initiatives:
Host events, exhibitions, and assemblies that highlight student perspectives and accomplishments.

5. Explicit and Clear Vocabulary Instruction
A robust vocabulary is essential for reading comprehension and academic achievement. In the 2025–2026 school

year, P.S. 16 will implement targeted vocabulary instruction across all grades and content areas.

Objectives:

Strengthen academic vocabulary in reading, writing, math, science, and social studies

Improve performance in literacy assessments (e.g., MAP Growth, HMH Module Tests, Acadience)

Instructional Framework:

Grades K–2:
Use HMH Into Reading tools such as:

Oral Language Development

Power Words

Generative Vocabulary

Vocabulary Strategy Modeling

Grades 3–5:
Implement:

Critical Vocabulary strategies

Generative Vocabulary instruction

Direct modeling during complex text instruction

Student Outcomes:

Increase student use of academic vocabulary in both oral and written responses

Demonstrate growth on Acadience and MAP assessments

Promote deeper comprehension through intentional vocabulary practice

Collaborative Efforts & Capacity Building
Ongoing partnerships with The Core Collaborative (Michele Stone and Ingrid Twyman) will support capacity-building through embedded coaching and curriculum planning.

Instructional Coaches and Mentorship Programs will support teacher development and the fidelity of initiative implementation.

Staff will participate in ongoing professional learning, data analysis, and reflective practices to continuously refine instruction.

Expected Outcomes for 2025–2026
Increased student achievement across ELA, math, and content areas

Reduction in the number of students scoring below benchmark in reading and vocabulary assessments

Stronger classroom environments with clearly communicated expectations and equitable practices

Improved student ownership of learning and growth mindset behaviors

Enhanced collaboration between educators, students, families, and community stakeholders

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Into Reading HMH Waggle Writable Fundations	Teachers will utilize Heggerty to supplement foundational skills. Teacher created checklists for students to reflect on their progress on their end of unit assessments SPIRE and Sound Sensible for Tier 2 and 3 interventions.
Math	K-5	Envisions Math	End of unit assessments are customized by standard. Teacher created checklists for students to reflect on their progress on their end of unit assessments

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

During the 2024–2025 school year, Public School 16 maintained a steadfast student-centered focus, ensuring that all instructional decisions were driven by student outcomes. By leveraging multiple data sources—including MAP (K-5 MATH) (3-5 ELA) and ,
Acadience (K-2 ELA), and various formative and summative assessments—our leadership team and educators continuously refined instructional practices to meet the diverse needs of our learners.

A major contributor to our progress was the systematic implementation of the HMH Into Reading curriculum school-wide, combined with a rigorous, data-driven approach to literacy and mathematics instruction. Utilizing benchmark assessments and standard mastery checks via MAP and Acadience allowed for precise monitoring of student progress and targeted instructional adjustments. Further, strategic partnerships with Core Collaborative consultants in both ELA and Math provided expert guidance and tailored professional development, resulting in enhanced teacher capacity and improved student achievement.

Key strengths that supported the attainment of our goals included:

1. Strengthening Explicit Teaching Practices
Emphasis was placed on clear, direct instruction supported by systematic lesson planning and ongoing professional learning opportunities.

Teachers engaged in professional development focused on modeling, guided practice, and scaffolding to ensure students developed mastery of foundational skills.

2. Curriculum Alignment and Collaborative Planning
Grade-Level Alignment: Administration ensured all grade-level teams consistently aligned their lesson plans with the HMH Into Reading curriculum, promoting coherent skill progression and content continuity.

Vertical Collaboration: Regular vertical planning meetings facilitated cross-grade coordination, ensuring a seamless transition of reading skills and concepts from one grade to the next.

3. Differentiated Instruction
Instructional differentiation was systematically integrated, leveraging curriculum resources to address the varied needs of English Language Learners, students with special needs, and other diverse learners.

4. Data-Informed Instructional Decision-Making
MAP and Acadience Screener Data Administered at strategic intervals, these assessments provided critical insights into student mastery of grade-level standards, enabling targeted interventions.

End of unit Modular Assessments ensured ongoing alignment with state standards and curriculum goals, providing actionable data to inform instructional practices and personalize learning.

5. Expert Support and Professional Development
Engagement with Core Collaborative consultants in ELA and Math brought research-based expertise to our instructional planning and delivery. PS 16 also had 18 coaching sessions with HMH Coach, Brittney Wischart

Customized coaching supported teachers in refining curriculum implementation, enhancing instructional strategies, and improving assessment utilization.

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

During the 2024–2025 school year, Public School 16 encountered several notable challenges that impeded the full attainment of our annual goals. These obstacles affected both student learning continuity and instructional effectiveness, requiring ongoing attention and strategic planning.

Chronic Absenteeism and Lateness
Chronic absenteeism and lateness presented a substantial barrier to student progress. Frequent disruptions in attendance compromised the continuity of instruction and student engagement. The inconsistent presence of students made it difficult to maintain momentum in learning and meeting academic benchmarks, ultimately impacting overall achievement and participation levels.

Navigating the Extensive Resources within the HMH Into Reading Curriculum
While the HMH Into Reading curriculum offers a comprehensive suite of instructional materials, the sheer volume and complexity of resources posed challenges for teachers. Many educators found it difficult to fully navigate and integrate the curriculum's components given the amount of time in a school day that the program calls for educators to teach ELA, while balancing time for math, science, social studies, lunch and prep periods.

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

At P.S. 16, we deeply value our students' voices and perspectives, recognizing that they are essential to shaping a meaningful and effective educational experience. Listening to our students' insights about necessary changes and their hopes for the 2025–2026 school year has been both inspiring and illuminating. Our students have a powerful and important voice — it is a driving force behind our continuous growth and improvement. By embedding their experiences and aspirations into our school year, we are committed to building a vibrant educational environment where every student feels seen, supported, and empowered to thrive.

By prioritizing student experiences and viewpoints, we ensure that our strategies and initiatives are not only responsive but also aligned with their needs and aspirations. Student interviews have provided critical, firsthand insights that have directly informed our focus areas, guided our decision-making, and strengthened our commitment to fostering a dynamic, supportive, and inclusive learning environment.

To place the student experience at the heart of our CEP, we have integrated feedback from these conversations in several key ways:

Social-Emotional Support
Students clearly expressed a need for enhanced social-emotional support beyond the traditional Harmony periods, emphasizing the importance of support during lunch and prep times as well. In response, we have expanded our SEL initiatives, including daily check-ins using the RULER Mood Meter and Sanford Harmony programs, and broadened our mentorship offerings to ensure every student has a dedicated "check and connects" for additional guidance and encouragement.

Structured Recess
Students identified a strong need for more structured recess activities to promote positive social interaction, physical activity, and inclusive play. Recognizing this, we are committed to implementing more organized and purposeful recess

options to create a safer, more engaging environment that supports students' social and physical development during breaks.

Attendance and Engagement
Through candid student reflections, we gained a nuanced understanding of the underlying factors contributing to absenteeism and tardiness. Their perspectives on motivation and engagement were instrumental in shaping targeted strategies aimed at improving attendance and active participation. Students also voiced a strong preference for more interactive, hands-on learning opportunities. Consequently, we are committed to integrating increased project-based learning and collaborative activities across all subject areas.

After-School Programming
Student feedback provided invaluable guidance on after-school programs, identifying those that resonate most and contribute meaningfully to their development. This input has informed decisions regarding the continuation, expansion, and introduction of programs tailored to their interests and needs.

Curriculum and Instructional Relevance
Our students highlighted the importance of curriculum relevance and engagement, suggesting a desire for learning that connects to real-world applications and reflects their diverse cultural backgrounds. In direct response, we have intensified our efforts in Culturally Responsive-Sustaining Education (CRSE), collaborating with experts such as Ingrid Twyman from the Core Collaborative to ensure our curriculum and instructional practices are meaningful, inclusive, and empowering.

Elevating Student Voice in Leadership
Perhaps most importantly, student interviews underscored the critical need for meaningful student involvement in school decision-making processes. Their insights have motivated us to expand opportunities for student leadership and voice, reinforcing that their perspectives are not only heard but actively shape our school community.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
ALL STUDENTS- Acadience EOY 2025 Kindergarten- NWF-CLS At & Above- 65%% Below- 16% Well Below- 19% 1st Grade- ORF-WC At & Above- 35% Below- 12% Well Below- 52% K & 1st Grade Black Demographic Group New Visions Portal & Acadience EOY 2025 Kindergarten- NWF-CLS At & Above- 37% Below- 37% Well Below- 26%	There is currently no systematic tool in place to monitor and assess student progress in Heggerty phonological and phonemic awareness skills. Teachers require additional professional development to effectively implement progress monitoring tools and strategies for targeted student support. Opportunities for structured data analysis and collaborative planning with Impact Teams are lacking, which limits the use of data to inform and adjust instruction.	Implement a systematic tool for progress monitoring of Heggerty phonological and phonemic awareness skills to ensure consistent data collection and support targeted, data-driven instruction for all K-2 students. Provide targeted professional development for K-2 teachers on the effective implementation of progress monitoring tools and evidence-based strategies to enhance phonological and phonemic awareness instruction. Strengthen collaboration and data analysis with Impact Teams to regularly review progress monitoring data, identify student

1st Grade- ORF-WC At & Above- 47% Below- 6% Well Below- 47%		needs, and adjust instructional practices for K-2 students
MAP EOY Spring 2025 % of Students scoring Low or Low Average: All Students Instructional Areas: Understanding Key Ideas, Details and Connections: 2nd- 63% 3rd- 74% 4th- 53% Vocabulary Acquisition and Use: 2nd- 70% 3rd- 76% 4th- 56% Understanding Language, Craft , and Structure: 2nd- 70% 3rd- 80% 4th-59%	Insufficient professional development on evidence-based strategies for teaching close reading skills (e.g., annotation, questioning, theme analysis) has resulted in inconsistent implementation of these practices across 3-5 classrooms. Lack of structured data analysis protocols to assess student mastery of close reading, questioning, and summarization skills limits teachers' ability to identify and address gaps in real time. Limited opportunities for scaffolded, student-centered practice with text annotation, inference-building, and theme identification in diverse formats (digital/print) reduces independent application of these skills.	Provide comprehensive professional development for teachers on evidence-based strategies for close reading, text annotation, questioning, and theme analysis to ensure consistent and effective instruction across classrooms. Establish structured data analysis protocols to regularly assess and monitor student progress in close reading, inference-building, and summarization, enabling timely and targeted instructional adjustments. Increase opportunities for scaffolded, student-centered practice with close reading skills—including annotation, question development, and theme identification—in both digital and print formats to promote independent application and mastery.
MAP EOY Spring 2025 % of Students scoring Low or Low Average: Black Demographic Group Understanding Key Ideas, Details and Connections: Instructional Areas: Understanding Key Ideas, Details and Connections: 2nd- 46% 3rd- 80% 4th- 42% Vocabulary Acquisition and Use: 2nd- 60% 3rd- 92% 4th- 50% Understanding Language, Craft , and Structure: 2nd- 60% 3rd- 92% 4th- 57%	There is a need for targeted professional development on evidence-based fluency instruction and strategies to address gaps in students' ability to read grade-level texts with accuracy, automaticity, and expression. A lack of consistent progress monitoring tools and data analysis protocols limits the ability to identify students' fluency needs and track growth over time, resulting in missed opportunities for timely intervention. Insufficient opportunities for scaffolded, repeated student practice with fluency-focused activities (such as repeated reading, partner reading, and timed reading tasks) hinders the development of independent reading fluency and comprehension.	Provide targeted professional development for teachers on evidence-based fluency instruction strategies to ensure all students can read grade-level texts with accuracy, automaticity, and expression. Implement consistent progress monitoring tools and data analysis protocols to regularly assess student fluency, identify needs, and inform timely, data-driven interventions. Increase opportunities for scaffolded, repeated student practice with fluency-focused activities (such as repeated reading, partner reading, and timed reading tasks) to support independent reading fluency and comprehension.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	Black students K- 37% NWF-CLS and 1st- 47% ORF-WC, All students K- 65% NWF-CLS and 1st- 35% ORF-WC	By June, 2026, fluency for ALL students, including Black students, will improve, as measured by a 5% Increase, scoring at or above benchmark on the EOY Acadience NWF-CLS or ORF-WC. (Black students K- 37% NWF-CLS and 1st- 47% ORF-WC, All students K- 65% NWF-CLS and 1st- 35% ORF-WC to Black students 1st- 42% NWF-CLS and 2nd- 52% ORF-WC, ALL students 1st- 70% NWF-CLS and 2nd 40% ORF-WC)

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Adopt and Implement a Systematic Progress Monitoring Tool:
Select and roll out a new, schoolwide tool specifically designed to capture and track student progress in Heggerty phonological and phonemic awareness skills, ensuring consistent and actionable data collection across all K-2 classrooms.

Launch Targeted Professional Development on Progress Monitoring and Phonemic Instruction:
Design and deliver a new series of professional learning sessions focused on the effective use of the new monitoring tool, best practices in phonological and phonemic awareness instruction, and how to use data to inform instructional decisions.

Establish Structured Data Analysis and Collaborative Planning with Impact Teams:
Initiate new, regular Impact Team meetings dedicated to analyzing student progress data, identifying instructional gaps, and collaboratively planning responsive instructional strategies. Provide training on data protocols and collaborative inquiry cycles.

Root Cause Addressed:

There is currently no systematic tool in place to monitor and assess student progress in Heggerty phonological and phonemic awareness skills.

Teachers require additional professional development to effectively implement progress monitoring tools and strategies for targeted student support.

Opportunities for structured data analysis and collaborative planning with Impact Teams are lacking, which limits the use of data to inform and adjust instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be

introduced and rolled out.

Action Steps
Roll out the tool schoolwide, ensuring every K-2 teacher is equipped and supported.
Provide Targeted Professional Development Develop and deliver a series of workshops on: Using the new progress monitoring tool effectively. Best practices in phonological and phonemic awareness instruction. Analyzing student data to inform instruction. Offer ongoing coaching and in-class modeling to support teacher implementation.
Establish Structured Data Analysis with Impact Teams Schedule regular (e.g., bi-weekly or monthly) Impact Team meetings focused on reviewing progress monitoring data. Train Impact Teams on data analysis protocols to identify trends, student needs, and instructional next steps. Use meetings to collaboratively plan targeted interventions and instructional adjustments.
Monitor Implementation and Adjust Supports Collect ongoing feedback from teachers and Impact Teams regarding tool usability and PD effectiveness. Review student progress data to assess the impact of new practices. Adjust professional development, tool features, and data analysis protocols as needed to ensure continuous improvement.
Increase Student Time on Task for Phonological and Phonemic Awareness Integrate daily, dedicated practice sessions for phonological and phonemic awareness skills into the K-2 schedule, ensuring all students receive increased, focused instructional time and opportunities for application aligned with progress monitoring data.

Key Strategy 2 (Optional):

Launch a Targeted Professional Development Series:
Design and implement a new series of professional learning workshops and coaching cycles focused on evidence-based close reading strategies, including annotation, questioning, theme analysis, summarization, and fluency practice. These sessions will equip teachers with research-backed approaches for building students' reading fluency —such as repeated reading, choral reading, and fluency modeling—alongside other core comprehension strategies. This initiative will ensure consistent and effective instructional practices across all grades 3–5 classrooms.

Establish Structured Data Analysis Protocols:
Develop and introduce new protocols and regular meeting schedules for collaborative data analysis. Teachers will use these structures to assess student mastery of close reading and fluency skills, identify learning gaps in real time, and plan responsive instruction that targets both comprehension and fluency development.

Implement Scaffolded, Student-Centered Practice Opportunities:
Integrate new, scaffolded classroom routines that provide students with regular, structured opportunities to practice close reading and fluency skills—including text annotation, inference-building, theme identification, and fluency-focused activities such as paired reading and timed readings—across both digital and print formats. This will promote independent application and mastery of these essential skills and foster a comprehensive approach to literacy development.

Root Cause Addressed:

Insufficient professional development on evidence-based strategies for teaching close reading skills (e.g., annotation, questioning, theme analysis) has resulted in inconsistent implementation of these practices across 3-5 classrooms.

Lack of structured data analysis protocols to assess student mastery of close reading, questioning, and summarization skills limits teachers' ability to identify and address gaps in real time.

Limited opportunities for scaffolded, student-centered practice with text annotation, inference-building, and theme identification in diverse formats (digital/print) reduces independent application of these skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop a Professional Learning Calendar: Schedule a series of workshops and coaching cycles on close reading strategies (annotation, questioning, theme analysis, summarization) to be held throughout the year.
Begin the year with a schoolwide professional development day introducing the focus on close reading, the rationale, and the new instructional expectations. Provide monthly follow-up sessions and in-class coaching/modeling, with opportunities for teachers to observe model lessons and collaborate on lesson planning.
Schedule bi-weekly Impact Team meetings dedicated to analyzing close reading data, identifying trends, and planning instructional responses. Use findings from data meetings to adjust classroom instruction and targeted interventions. Progress Monitoring: Implement a system for tracking student mastery of close reading skills and share progress with staff during monthly meetings.
Introduce new classroom routines for close reading, including daily or weekly annotation exercises, text-based questioning, and theme identification activities in both digital and print formats. Embed scaffolded close reading tasks into ELA units, ensuring all students have regular, structured opportunities to practice and receive feedback.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Heggerty Progress Monitoring K & 1st grade

Acadience ORF Progress Monitoring 1st & 2nd grades

Acadience Maze 3rd, 4th, 5th grades

Impact Team/Data Team Meetings:
Regularly scheduled (bi-weekly or monthly) meetings where grade-level teams review implementation of key strategies and analyze student data related to close reading skills.

Instructional Walkthroughs and Observations:
School leaders and instructional coaches conduct targeted classroom walkthroughs using a close reading “look-for” tool to monitor fidelity of new instructional practices (e.g., annotation routines, questioning strategies).

Professional Learning Community (PLC) Reflections:
Dedicated time during PLCs for teachers to reflect on professional development, share evidence of student work, and discuss successes and challenges with new strategies.

Student Work Analysis Protocols:
Teachers and teams routinely collect and analyze samples of annotated texts, student-generated questions, and theme analyses to assess growth and consistency in close reading skills.

Instructional Impact:
Increased consistency and quality of close reading instruction as measured by walkthroughs, lesson plans, and teacher reflections.

Student Learning Impact:
Demonstrable improvement in students’ ability to annotate texts, answer text-dependent questions, and identify themes, as evidenced by student work samples and formative assessments.

Achievement Impact:
Growth in ELA benchmark assessments and increased percentage of students meeting or exceeding grade-level expectations in close reading and comprehension.

This multi-faceted monitoring approach ensures ongoing feedback, allows for mid-course adjustments, and provides clear evidence of progress and impact on both instruction and student achievement.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Principal Leadership Development:
The Principal will collaborate and participate in ongoing professional learning

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
OSYD OORS DATA, 23-25 SCHOOL YEAR (23/24 Level 2 and 3 incidents = 142. 24/25 data Level 2 and 3 is 132)	Limited structure during recess and gym. Without consistent, organized activities and clear expectations, students may struggle with peer interactions and conflict resolution during these unstructured times. Increasing structure through planned games and adult facilitation can support emotional regulation and help create a more positive and safe environment. Teachers currently lack sufficient time during Harmony periods to consistently reinforce ROAR expectations (Respect, Organization, Attitude, and Responsibility). This limits opportunities to	More structured, inclusive, and supervised activities with new and purposeful equipment during recess and thoughtful lesson planning during gym to promote positive peer interactions, support emotional regulation, and reduce behavioral incidents during unstructured times. Allocate dedicated time during Harmony periods for teachers to intentionally reinforce and

	model and review positive behaviors, which are essential for helping students make responsible choices and apply these values in real-life situations throughout the school day.	model ROAR expectations, ensuring students consistently develop positive behavior and responsible decision-making skills throughout the school day.
OSYD OORS DATA, 23-25 SCHOOL YEAR BLACK student suspensions: 22/23 = 11 23/24= 10 24/25= 9	Challenges with poor attendance, which affects consistent learning and behavior. Difficulties in achieving grade-level academic standards, leading to frustration and disengagement. Limited access to positive role models with whom students can identify, both in and outside of school.	continue to implement targeted attendance initiatives that address barriers to regular school attendance and promote consistent student engagement Continue to strengthen academic support systems, including differentiated instruction and intervention programs, to help students meet grade-level expectations. Increase and broaden our check and connect system representation and mentorship opportunities by connecting students with diverse role models within the school and the wider community.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	132	By June 2026 the number of level 2 and 3 incidents for all students will decrease from 132 to less than 115,
Black Students	9	BY June 2026, the number of suspensions for black students will decrease from 9 suspensions to 5 suspensions.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To further support student well-being, social-emotional development, and a positive school climate, P.S. 16 will implement two research-based initiatives to address the root causes of behavioral challenges—unstructured time, inconsistent expectations, and limited opportunities for social-emotional skill building. The school will enhance recess and physical education through structured, inclusive, and purposeful engagement aligned with CASEL's SEL Framework and Playworks' structured play model. Recess periods will feature organized, rotating games and supervised play zones that promote teamwork, emotional regulation, and respect. Physical education teachers will embed SEL competencies such as self-management, relationship skills, and responsible decision-making into lessons, while staff receive training on facilitating positive play and conflict resolution. These actions will create supportive, engaging environments during typically high-risk unstructured times, reducing behavioral incidents and strengthening peer connections.

Additionally, P.S. 16 will integrate its **ROAR expectations—Respect, Organization, Attitude, and Responsibility—**into daily practice through Harmony Time, using a PBIS-aligned and SEL-infused approach. Teachers will explicitly teach and model ROAR values through real-life school scenarios, daily reflections, and class discussions that connect expectations to academic and social routines. Students who demonstrate ROAR behaviors will be recognized through a schoolwide positive reinforcement system, building motivation and community pride. Professional development and planning support will help teachers embed ROAR into instruction consistently. Through these coordinated efforts, the school aims to strengthen relationships, promote responsible decision-making, and foster a safe, inclusive culture that supports student engagement and improved attendance.

Root Cause Addressed:

A review of school climate and behavioral data indicates that limited structure and inconsistent expectations during recess and physical education contribute to increased peer conflicts, reduced emotional regulation, and missed opportunities for positive relationship-building. Without consistent, organized activities and clear behavioral norms, students struggle to apply self-management and social awareness skills during unstructured times. Implementing structured, inclusive play and SEL-integrated physical education lessons will provide students with the guidance and modeling needed to strengthen teamwork, empathy, and self-control.

Additionally, insufficient time and consistency in reinforcing ROAR expectations during Harmony periods limits opportunities for students to internalize and practice positive behaviors throughout the day. Embedding ROAR

instruction and reflection into Harmony Time, aligned with PBIS and CASEL frameworks, will help students connect these values—Respect, Organization, Attitude, and Responsibility—to real-life school contexts, fostering a unified, supportive, and respectful school culture.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Action Plan for Physical Education and Classroom Teachers Develop SEL-Aligned Lesson Plans: Design weekly lesson plans that integrate structured, cooperative activities intentionally aligned with CASEL's SEL competencies, promoting teamwork, empathy, and emotional regulation. Use Purposeful, Inclusive Equipment: Select and implement recess and physical education equipment that supports collaboration, engagement, and positive peer interaction, ensuring accessibility and inclusivity for all students. Model and Reinforce Positive Behaviors: Consistently demonstrate ROAR expectations—Respect, Organization, Attitude, and Responsibility—and embed explicit instruction in self-regulation, sportsmanship, and problem-solving throughout physical activities. Collaborate Across Settings: Work with recess aides, classroom teachers, and support staff to ensure alignment of behavioral expectations and structured play activities across both classroom and unstructured environments. Provide Real-Time Feedback and Support: Offer immediate, constructive feedback that reinforces positive choices and helps students apply emotional regulation strategies in real-world interactions. Reflect, Monitor, and Adjust: Regularly review student engagement and behavior data to refine lesson plans and structured activities, ensuring continuous improvement and responsiveness to student needs.
Action Plan for Structured Recess Implement Structured, Inclusive Activities: Facilitate organized games and cooperative play using purposeful, SEL-aligned equipment to ensure all students are actively engaged and included, reducing unstructured or high-risk downtime. Reinforce ROAR Expectations: Clearly communicate and model the school's **ROAR values—Respect, Organization, Attitude, and Responsibility—**through consistent language and expectations during all recess activities. Proactively Supervise and Support: Monitor student interactions closely to identify early signs of conflict or emotional dysregulation, providing immediate redirection and guidance to promote positive peer relationships. Foster Emotional Regulation and Problem-Solving: Coach students in using self-management, communication, and conflict-resolution strategies in real time, helping them transfer these skills to classroom and social settings. Collaborate with Staff for Consistency: Partner with physical education teachers, classroom staff, and support personnel to align structured activities, behavioral expectations, and reinforcement strategies across the school day. Document and Reflect on Progress: Maintain records of behavioral trends and positive interactions during recess to inform adjustments, celebrate progress, and strengthen the overall SEL and school culture plan.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Collaborative Planning & Reflection
Weekly meetings among PE teachers, classroom teachers, and support staff will review lesson plans and student responses.
Data/Evidence: Lesson plans, reflection notes, adjustments made based on student engagement and behavior.

Walkthroughs & Checklists
Admins and coaches will conduct informal observations using checklists to ensure fidelity to strategies like modeling behavior and purposeful equipment use.
Data/Evidence: Walkthrough forms, observation notes on instruction and student interactions.

Behavior Tracking & Recess Logs
Staff will track both positive behaviors and incidents during recess and PE to identify patterns and needs.
Data/Evidence OORS incident reports, ROAR expectation assemblies and student council meetings with the school via google meet

Student Feedback & Self-Assessment
Teachers will gather student input through surveys, exit slips, and reflections on social-emotional growth.
Data/Evidence: Student surveys, self-assessments, class discussion summaries.

Mid-Cycle Review & Adjustments
Periodic data reviews will inform strategic adjustments to improve instruction, student engagement, and behavior outcomes.
Data/Evidence: Comparison of behavior data over time, lesson plan revisions, updated action steps.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/18/2025	11/13/2025	Host "ROAR into the New Year" events to introduce families to gym and recess expectations, focused on ROAR (Respect, Ownership, Attitude, Responsibility). Families will participate in gym activity stations and receive take-home resources.	NYCID/ parent coordinator/ administration / PS STAFF
11/13/2025	01/15/2026	Host a "Healthy Recess Family Workshop" where families learn and try out structured games used at recess. Focus on safe play, turn-taking, and teamwork. Families receive a list of simple games to play at home.	NYCID/ parent coordinator/ administration / PS STAFF/ school aides
02/12/2026	02/12/2026	Host "Mid-Year ROAR Reboot" event to review behavior progress, refresh ROAR expectations, and introduce wellness activities. Include role-play scenarios, breakout stations, and launch a family challenge.	NYCID/ parent coordinator/ administration / PS STAFF
03/26/2026	03/26/2026	Host "Recess Game Night" where students and families rotate through fun physical stations featuring inclusive and low-equipment games used at recess. Emphasize how positive play supports social-emotional learning.	NYCID/ parent coordinator/ administration / PS STAFF/ School Aides

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Additional days out of budget to fund Guidance Counsellor and Social Worker to suppport at risk students

Instructional Resources

Harmony/Restorative Circles/SEL foci

Schedule Adjustments

Harmony at the start of every day to ensure that everyone starts the day feeling supported and welcomed

Other Resources Needed

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
EOY 2025 MAP Growth Instructional Area: Numbers & Operations Gr 2-5 ALL students 2nd - Low-55%	Professional Development Needs Teachers require ongoing professional development in research-based strategies for building foundational number sense, including effective use of hands-on manipulatives (e.g., base-ten blocks, geoboards) and visual representations. There is a need for targeted training on how to support	Strengthen Teacher Capacity in Foundational Number Sense Instruction There is a need for targeted professional development to equip teachers with effective strategies for building students' conceptual understanding of place value, whole-number operations, rational numbers, and fact fluency, including the consistent use of manipulatives and visual models. Increase Student Engagement and Time on Task in Mathematics Students need more opportunities to

Low Average-23% Avg/HiAvg/Hi-22% 3rd-Low-44% Low Average-24% Avg/HiAvg/Hi-32% 4th-Low-42% Low Average-19% Avg/HiAvg/Hi-39% 5th-Low-28% Low Average-20% Avg/HiAvg/Hi-52%	students in mastering place value, whole-number operations, rational numbers, and basic fact fluency, as well as in teaching organizational strategies for multi-step problem solving. Student Time on Task Students are not consistently engaged in focused, hands-on mathematical activities that promote conceptual understanding and fluency. Inconsistent use of manipulatives and visual models leads to gaps in understanding place value, operations, and the organization of mathematical work. Limited sustained practice impacts students' ability to recall basic facts, accurately solve word problems, and complete multi-step tasks. Progress Monitoring Current progress monitoring practices do not consistently identify students' specific misconceptions or gaps in foundational number sense. There is a need for more frequent, targeted formative assessments and data analysis to inform instructional adjustments, provide timely interventions, and track student growth in areas such as place value understanding, fact fluency, and multi-step problem solving.	engage in hands-on, meaningful mathematical activities that promote active learning, sustained focus, and the development of organizational skills necessary for multi-step problem solving. Improve Systems for Progress Monitoring in Mathematics The school needs to implement consistent and effective progress monitoring tools and protocols to identify students' specific misconceptions in foundational number sense, track their growth, and provide timely instructional adjustments and interventions.
EOY 2025 MAP Growth Instructional Area: Numbers & Operations Gr 2-5 BLACK students 2nd - Low/LoAvg--86% Avg/HiAvg/Hi-14% 3rd-Low/LoAvg--69% Avg/HiAvg/Hi-31% 4th-Low/LoAvg--76% Avg/HiAvg/Hi-24% 5th-Low/LoAvg-71%	Gaps in Early Foundational Skills: Many Black students enter grades 3–5 without fully developed foundational skills in numbers and operations, particularly with fractions and ratios. This may be due to inconsistent early intervention, limited differentiated instruction, or insufficient opportunities for hands-on, conceptual learning in earlier grades. Limited Exposure to Conceptual Understanding: Instruction may have focused more on procedural fluency than on conceptual understanding, resulting in students struggling to apply their knowledge to more advanced topics and multi-step problems involving fractions and ratios. Challenges with Academic Stamina and Test-Taking Strategies: Data shows that students with stronger math skills require more time to complete assessments, suggesting that many students may lack the academic	Strengthen Foundational Skills in Numbers and Operations There is a need for targeted supports and instructional strategies to address gaps in foundational math skills, particularly in fractions and ratios, for Black students entering grades 3–5. Increase Opportunities for Conceptual Understanding Students need more exposure to hands-on, inquiry-based learning and visual models to deepen their conceptual understanding of numbers and operations, moving beyond procedural fluency. Build Academic Stamina and Problem-Solving Endurance Students require structured opportunities to develop stamina for sustained mathematical thinking and perseverance with multi-step, rigorous tasks, as well as explicit instruction in effective test-taking and time management strategies.

Avg/HiAvg/Hi-29%	stamina or perseverance needed for sustained problem-solving. This could be due to limited practice with rigorous, multi-step tasks or insufficient support in developing effective test-taking strategies.	
EOY 2025 MAP Growth Instructional Area: Operation and Algebraic Thinking Gr 2-5 ALL students 2nd - Low/LoAvg--79% Avg/HiAvg/Hi-22% 3rd-Low/LoAvg--58% Avg/HiAvg/Hi-42% 4th-Low/LoAvg--56% Avg/HiAvg/Hi-45% 5th-Low/LoAvg-63% Avg/HiAvg/Hi-36%	Need for Targeted Training in Foundational Arithmetic and Algebraic Concepts: Teachers require ongoing professional development focused on effective strategies for building students' foundational arithmetic skills, place value understanding, and properties of operations, which are essential for success in patterns and algebraic thinking. Support for Teaching Abstract Concepts and Mathematical Language: There is a need for training in best practices for helping students transition from concrete arithmetic to abstract reasoning with variables and symbols, as well as explicit instruction in mathematical vocabulary and language used in word problems. Student Time on Task Insufficient Practice with Algebraic Reasoning and Use of Variables: Students have limited opportunities to engage in extended, meaningful practice with algebraic thinking, including the use of letter variables and interpreting mathematical relationships, which hinders their ability to generalize and understand abstract concepts. Limited Exposure to Math Vocabulary in Context: Students need more time actively working with and applying mathematical vocabulary in various contexts, especially in interpreting word problems and understanding terms such as "twice," "more than," and "difference." Progress Monitoring Inconsistent Assessment of Conceptual Understanding and Symbol Use: Current progress monitoring does not consistently identify students' misconceptions about math symbols (e.g., the equal sign) or their understanding of algebraic relationships. Lack of Regular Checks for Math Vocabulary Comprehension: There is a need for more frequent formative assessments to monitor	Professional Development Enhance Teacher Capacity in Building Foundational Arithmetic and Algebraic Skills There is a need for targeted professional development to equip teachers with strategies for strengthening students' arithmetic skills, place value understanding, and properties of operations, as well as for effectively introducing abstract concepts such as variables and mathematical symbols. Support Teachers in Developing Students' Mathematical Language Teachers need training on best practices for teaching math vocabulary and language, especially as it appears in word problems and algebraic contexts, to help students better interpret and use mathematical terms. Student Time on Task Increase Opportunities for Practice with Algebraic Thinking and Symbol Use Students require more structured time to engage in activities that build fluency with variables, symbols, and algebraic relationships, moving beyond concrete arithmetic to abstract reasoning. Expand Student Engagement with Math Vocabulary in Context There is a need for students to spend more time actively using and applying mathematical vocabulary and language in a variety of problem-solving situations, particularly in interpreting word problems. Progress Monitoring Implement Consistent Assessment of Algebraic Understanding and Symbol Use The school needs to adopt regular formative assessments that specifically check for students' conceptual understanding of math symbols (such as the equal sign) and their ability to generalize relationships between numbers and operations. Monitor Student Mastery of Mathematical Vocabulary and Language There is a need for ongoing progress monitoring to ensure students comprehend and accurately use key math vocabulary, with timely interventions provided for those who demonstrate misunderstandings. These needs will help ensure your CEP addresses the critical instructional, engagement, and assessment challenges related to patterns and algebraic thinking for students in grades 3–5. Related What specific root causes are most impacting engagement gaps for SWD in Priority 3 How can addressing misconceptions about math symbols improve student participation in class Which family involvement strategies can reinforce confidence and stamina during math lessons How might targeted professional development help teachers better support students' foundational arithmetic skills What data

	students' grasp of math language and vocabulary, and to provide timely feedback and intervention when misunderstandings are identified.	points best indicate progress in algebraic thinking and how can they inform priority actions
EOY 2025 MAP Growth Instructional Area: Operation and Algebraic Thinking Gr 2-5 BLACK students 2nd - Low/LoAvg--73% Avg/HiAvg/Hi-27% 3rd-Low/LoAvg--84% Avg/HiAvg/Hi-16% 4th-Low/LoAvg--46% Avg/HiAvg/Hi-54% 5th-Low/LoAvg-92% Avg/HiAvg/Hi-8%	Professional Development Insufficient Training in Scaffolding and Remediation: Teachers need more professional development on identifying and addressing gaps in foundational skills from earlier grades, as well as on scaffolding instruction to support students' progression into complex operations and algebraic thinking. Student Time on Task Limited Opportunities for Sustained Problem-Solving: Students do not consistently engage in extended, rigorous mathematical tasks that build stamina and persistence. Instructional time may focus more on short, procedural problems rather than multi-step, challenging tasks that promote higher-level thinking and perseverance. Progress Monitoring Inconsistent Identification of Foundational Skill Gaps and Stamina Issues: Current progress monitoring practices do not adequately track students' mastery of foundational skills or their ability to persist through multi-step problems. There is a need for more frequent and targeted assessments to identify students who require additional support in these areas.	Professional Development Build Teacher Capacity to Address Foundational Gaps: There is a need for targeted professional development to help teachers identify and remediate gaps in foundational math skills from earlier grades and effectively scaffold instruction to support students' progression to complex operations and algebraic thinking. Student Time on Task Increase Student Engagement in Rigorous, Multi-Step Problem Solving: Students need more structured opportunities and support to engage in sustained, challenging mathematical tasks that build stamina, persistence, and higher-level problem-solving skills. Progress Monitoring Implement Systems to Track Foundational Skills and Stamina: The school needs to enhance progress monitoring practices to consistently identify students' mastery of foundational skills and their ability to persist with multi-step problems, ensuring timely interventions and supports are provided.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	2nd- 22% 3rd- 32% 4th- 39%	By June, 2026, the percentage of students performing Average and High on Numbers and Operations instructional area will Increase by 5% from 2nd- 22% 3rd- 32% 4th- 39% to 3rd- 27% 4th- 37% 5th- 44%, for All Students, as measured by EOY Math MAP Growth.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

1. Implement targeted, ongoing professional development (PD) focused on research-based strategies for building students' conceptual understanding of place value, whole-number operations, rational numbers, and fact fluency, with an emphasis on manipulatives and visual models.

2. Redesign classroom instruction to maximize hands-on, meaningful mathematical activities that promote active learning, sustained focus, and organizational skills for multi-step problem solving.

3. Develop and implement consistent, effective progress monitoring tools and protocols to identify misconceptions, track growth, and guide timely instructional adjustments and interventions.

Root Cause Addressed:

Professional Development Needs
Teachers require ongoing professional development in research-based strategies for building foundational number sense, including effective use of hands-on manipulatives (e.g., base-ten blocks, geoboards) and visual representations. There is a need for targeted training on how to support students in mastering place value, whole-number operations, rational numbers, and basic fact fluency, as well as in teaching organizational strategies for multi-step problem solving.

Student Time on Task
Students are not consistently engaged in focused, hands-on mathematical activities that promote conceptual understanding and fluency. Inconsistent use of manipulatives and visual models leads to gaps in understanding place value, operations, and the organization of mathematical work. Limited sustained practice impacts students' ability to recall basic facts, accurately solve word problems, and complete multi-step tasks.

Progress Monitoring
Current progress monitoring practices do not consistently identify students' specific misconceptions or gaps in foundational number sense. There is a need for more frequent, targeted formative assessments and data analysis to inform instructional adjustments, provide timely interventions, and track student growth in areas such as place value understanding, fact fluency, and multi-step problem solving.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a year-long PD series on foundational number sense, including sessions on effective use of manipulatives (e.g., base-ten blocks, geoboards) and visual representations. Facilitate collaborative lesson planning and peer observation cycles focused on modeling and integrating manipulatives and visual models into daily math instruction. Provide teachers with access to curated resources and exemplar lessons demonstrating the Concrete-Pictorial-Abstract (CPA) progression and number relationships strategies. Offer targeted coaching and feedback cycles for teachers implementing new strategies, with a focus on supporting students' conceptual understanding and flexibility in number sense
Integrate math stations or centers featuring hands-on activities, problem-solving tasks, and digital math games to encourage active participation and sustained engagement. Incorporate manipulatives and visual models into all relevant lessons, ensuring students have frequent opportunities to physically explore mathematical concepts. Establish routines for collaborative learning, such as Think-Pair-Share, peer teaching, and small group problem-solving, to foster discussion and deeper understanding. Embed real-world, project-based learning experiences and math challenges that require students to apply organizational strategies to multi-step problems. Regularly use math games, puzzles, and interactive challenges (e.g., escape rooms, scavenger hunts) to reinforce concepts and maintain high levels of engagement
Adopt or enhance formative assessment tools that provide real-time data on student understanding in foundational number sense areas (e.g., place value, fact fluency, multi-step problem solving). Schedule regular data meetings for grade teams to analyze assessment results, discuss student misconceptions, and plan targeted interventions. Train teachers on interpreting progress monitoring data and using it to differentiate instruction, adjust pacing, and provide immediate feedback. Implement a digital dashboard or tracker for teachers and students to monitor progress toward individual and class goals, ensuring transparency and accountability. Establish protocols for timely intervention when students are identified as struggling, including small group instruction, additional practice with manipulatives, and targeted support for organizational strategies

Key Strategy 2 (Optional):

1. Implement targeted, culturally responsive instructional strategies to address gaps in foundational math skills, with specific focus on fractions and ratios for Black students entering grades 3-5.

2. Transform classroom instruction to emphasize hands-on, inquiry-based learning experiences and visual models that deepen conceptual understanding beyond procedural fluency.

3. Develop structured opportunities for sustained mathematical thinking and perseverance through multi-step, rigorous tasks while building effective problem-solving and test-taking strategies.

4. Provide comprehensive professional development focused on effective strategies for building foundational arithmetic skills while supporting the transition to algebraic thinking.

Root Cause Addressed:

Gaps in Early Foundational Skills:
Many Black students enter grades 3–5 without fully developed foundational skills in numbers and operations, particularly with fractions and ratios. This may be due to inconsistent early intervention, limited differentiated instruction, or insufficient opportunities for hands-on, conceptual learning in earlier grades.

Limited Exposure to Conceptual Understanding:
Instruction may have focused more on procedural fluency than on conceptual understanding, resulting in students struggling to apply their knowledge to more advanced topics and multi-step problems involving fractions and ratios.

Challenges with Academic Stamina and Test-Taking Strategies:
Data shows that students with stronger math skills require more time to complete assessments, suggesting that many students may lack the academic stamina or perseverance needed for sustained problem-solving. This could be due to limited practice with rigorous, multi-step tasks or insufficient support in developing effective test-taking strategies.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and launch specialized intervention programs using research-based visual models and manipulatives specifically designed to build conceptual understanding of fractions and ratios Create culturally responsive mathematics units that connect fraction and ratio concepts to students' cultural backgrounds and real-world experiences Establish small group instruction cycles focused on foundational number sense, utilizing concrete-representational-abstract (CRA) progressions to support students transitioning from concrete understanding to abstract reasoning Implement diagnostic assessments to identify specific gaps in foundational skills and provide targeted remediation using visual fraction models, number lines, and area models
Integrate visual models systematically across all mathematics instruction, including base-10 blocks for place value, area models for multiplication, and bar models for proportional reasoning Establish mathematical discourse routines where students explain their thinking using visual representations and justify their reasoning to develop conceptual connections Create problem-based learning tasks that require students to investigate mathematical relationships using multiple representations (physical, visual, symbolic, verbal, and contextual)
Implement extended problem-solving sessions using multi-step mathematical tasks that require sustained focus and systematic approach to solution strategies Establish explicit instruction in mathematical problem-solving protocols: reading problems twice, identifying known information, estimating answers, computing solutions, and checking work Create mathematical stamina-building routines through timed practice sessions that gradually increase in duration and complexity Develop test-taking strategy instruction including time management, problem prioritization, and systematic checking procedures
Launch year-long professional development series on teaching fractions and rational numbers using research-based approaches and visual models Establish coaching cycles focused on implementing inquiry-based instruction and facilitating mathematical discourse in the classroom Create teacher learning communities to collaborate on developing

culturally responsive mathematics lessons that address foundational skills gaps Provide training on diagnostic assessment tools and data analysis to identify and address specific student misconceptions in number operations

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Impact Team/Data Team Meetings:
Regularly scheduled (bi-weekly or monthly) meetings where grade-level teams review implementation of key strategies and analyze student data related to close reading skills.

Instructional Walkthroughs and Observations:
School leaders and instructional coaches conduct targeted classroom walkthroughs using a close reading "look-for" tool to monitor fidelity of new instructional practices.

Professional Learning Community (PLC) Reflections:
Dedicated time during PLCs for teachers to reflect on professional development, share evidence of student work, and discuss successes and challenges with new strategies.

Student Work Analysis Protocols:
Teachers and teams routinely collect and analyze samples of student work

Instructional Impact:
Increased consistency and quality of problem-solving sessions using multi-step mathematical tasks that require sustained focus and systematic approach to solution strategies

Student Learning Impact:
Demonstrable improvement for explicit instruction in mathematical problem-solving protocols: reading problems twice, identifying known information, estimating answers, computing solutions, and checking work

Achievement Impact:
Growth in ELA benchmark assessments and increased percentage of students meeting or exceeding grade-level expectations

This multi-faceted monitoring approach ensures ongoing feedback, allows for mid-course adjustments, and provides clear evidence of progress and impact on both instruction and student achievement.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/20/2025	06/20/2026	Host bi-monthly "Math Open Houses" where families explore manipulatives and games . During these visits, staff will distribute "Math Toolkits" with manipulatives and activity guides for home use.	CBO NYCID
09/20/2025	06/20/2025	Organize "Family Math Nights" with stations for solving real-world problems. Invite student ambassadors to help co-facilitate and lead the stations.	CBO NYCID
09/20/2025	06/20/2025	Share student growth data with families via portfolios and goal-setting conferences. Focus on a beginning of the year, mid year and end of year student.	CBO NYCID

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Math Instructional/Job-embedded Coaching, TCC Coach

Instructional Resources

Math progress monitoring tools

Schedule Adjustments

WIN Groups to support target students

Other Resources Needed

N/A

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

SIG funding will support Professional learning cycles, including Impact Team sessions and inter-visitations to develop cohesive, coherent instruction.
OTPS will support TCC Math Coaching for this work
Per Diem funding will support coverages for professional learning and cycles of support

1. Implement targeted, ongoing professional development (PD) focused on research-based strategies for building students' conceptual understanding of place value, whole-number operations, rational numbers, and fact fluency, with an emphasis on manipulatives and visual models.

2. Redesign classroom instruction to maximize hands-on, meaningful mathematical activities that promote active learning, sustained focus, and organizational skills for multi-step problem solving.

3. Develop and implement consistent, effective progress monitoring tools and protocols to identify misconceptions, track growth, and guide timely instructional adjustments and interventions.

Evidence-Based Intervention Category

Multi-Tiered Systems of Support - Integrated (MTSS):
Use of WIN Period and targeted RTI for support to develop identified areas aligned with our key strategies

Ongoing Job-Embedded Professional Development:
The Core Collaborative ELA Coach, Michelle STone, will provide in-class coaching, Professional Learning Cycles and data driven curriculum shift support

Principal Leadership Development:
The Principal will collaborate and participate in ongoing professional learning

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on responses from the 2025 school-created survey,	Units of study in ELA and Math may not consistently integrate college and career readiness instruction across grade levels and subject areas, resulting in limited exposure to post-secondary planning skills. For some students, especially those who may be the first in their families to	Increase student exposure to college and career pathways by providing more in-school opportunities for exploration and guidance, particularly for students who may

students have limited access to resources about college and career options both at home and at school.	attend college, this process is entirely new, and they may lack outside support and background knowledge. Additionally, limited access to transportation off Staten Island can prevent students from attending college and career fairs, further reducing exposure to real-world post-secondary opportunities.	not have college or career-related discussions or support at home.
Based on responses from the 2025 school-created survey, Black students who felt that going to college is not very important also expressed concerns that college would be difficult, challenging, and expensive.	Despite the identity and equity work already taking place at PS 16, there remains a significant need for both in-school and after-school programming, as well as access to information at home, to support students and families in post-secondary planning. Black students may not be receiving consistent, culturally responsive exposure to college pathways and success stories that reflect their identities and lived experiences. As a result, some students internalize beliefs that college is not for them or view it as too difficult, expensive, or inaccessible. These perceptions are often influenced by limited representation, financial concerns, and a lack of early, affirming messaging around college and career readiness.	Provide more in-school and after-school programs focused on college and career readiness for Black students. Increase culturally responsive materials and messaging that reflect students' identities and experiences. Offer accessible workshops and resources for families to support college and career conversations at home. Strengthen partnerships with community organizations to expand students' exposure to diverse college and career pathways.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	85%	P.S. 16 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the the Percentage of students' responses about their knowledge of college and career options after graduation for All Students will Increase by 3% from 85% to 88% as measured by our School created College and Career Readiness Survey.
Black Students	69%	P.S. 16 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the the Percentage of black students' responses in grades 3-5 about how important they think it is to go to college will Increase by 6% from 69% to 75% as measured by our School created College and Career Readiness Survey.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Students knowledge of college and career options after graduation.

Root Cause Addressed:

There is a critical need to provide all students with comprehensive exposure to a wide range of college and career options available to them after graduation. This exposure will help broaden their understanding of potential pathways and empower them to make informed decisions about their futures. By increasing students' knowledge of diverse post-secondary opportunities, the school can better support their academic motivation and long-term success. Providing consistent, engaging, and accessible college and career exploration experiences is essential to prepare students for life beyond high school and to ensure equitable access to information for all learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
September – November: Students complete the school created college and career interest survey to assess their knowledge of college and career choices after graduation. Introduction to Career Awareness: Teachers will introduce the concept of career exploration, explaining how various careers require different skills, education, and pathways. Guest Speaker Series Begins: The first set of guest speakers from diverse professions visit classrooms to discuss their careers and answer questions based on the students' survey results. Parent Storytelling Circle: Invite parents to speak to students about their own careers and educational experiences to build cultural capital and representation.
November – February: Students will retake the school created college and career survey at the end of November, to reassess their knowledge of college and career choices after graduation. Introduction to Colleges: Local college visits will be conducted with visitors that attend the colleges to speak with students about college choices, college life, and the benefits of attending college.

February-May: At the end of February students will retake the school created college and career survey. Guest Speaker Series Continued: A career day will be held for all students. They will dress up as a career they would like in the future and also here from more guest speakers from various career backgrounds. College Week: In May students will participate in college week. Throughout the week there will be various themed days that students can participate in and learn more about college after graduation. Themed days will include “College Day” where students and staff can wear attire that supports a college of their choice. Students will also be introduced to college choices and take virtual tours. “College Prep Day” will be a day for students to learn about different types of colleges and what is needed to get into college. “College Bulletin Board” Each class will choose a college and create a bulletin board in the hallway to tell everyone about that college. Students will write creatively to express what they learned about the college, including the mascot, and other facts about their college. All classes will go on a college tour around the building to view all the bulletin boards.
May-June: Students will take the school created college and career survey for the final time in June to assess what they have learned throughout the year about college and careers.

Key Strategy 2 (Optional):

Black students' responses in grades 3-5 about how important they think it is to go to college.

Root Cause Addressed:

Provide clear, accessible information about the benefits of college attendance to all students by hosting family fun nights, info sessions, and school events.

Increase student and family knowledge about financial aid options, scholarships, and affordable ways to pay for college by partnering with community-based organizations (CBOs) and offering workshops.

Develop culturally relevant and age-appropriate materials and workshops on college financing by collaborating with educators, counselors, and cultural liaisons.

Enhance partnerships with community organizations and financial aid experts to support families in navigating college costs by organizing regular outreach events and information sessions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
September – November: College and Career Interest Survey: All students, with a focus group of Black students previously identified, complete the school-created college and career interest survey. Staff will analyze responses with an equity lens to identify any gaps in access or aspirations. Culturally Responsive Career Awareness: Teachers introduce the concept of career exploration while incorporating examples of successful Black professionals across various fields to inspire students and build relatability. Guest Speaker Series Begins: Priority will be given to inviting

Black professionals across diverse career paths who can speak to their personal and educational journeys. Sessions will highlight pathways such as HBCUs (Historically Black Colleges and Universities), entrepreneurship, and careers in underrepresented fields. Kick-off “Family Career Night” (virtual or in-person): Black parents and caregivers are invited to participate, hear about the goals for the year, and learn how to support career readiness at home.
November – February: Reassessment Survey: At the end of November, students will retake the college and career survey. Responses from Black students will be reviewed to tailor follow-up opportunities Local College Visits with Representation: Visits with Black college students or alumni, especially from HBCUs or local institutions with strong Black student support networks. February – May: Survey Retake in February. Career Day – Identity & Aspirations: Students dress as their future careers. There will be a focus on showcasing Black leaders in various fields College Week Highlights: “Black College Excellence Day” will be added where students will learn specifically about HBCUs, prominent Black college graduates, and unique HBCU traditions. College Bulletin Board displays will include HBCUs.
May – June: Final Survey in June: Students reflect on how their college and career understanding has evolved.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will utilize the data from our School created College and Career Readiness Survey that students will take 3 times a year. Students will take the survey in the beginning of the school year to determine what they know about college and career options available to them after graduation. Action steps for the beginning of the year will be implemented school wide and within their classrooms. Students will revisit the survey to determine progress made towards reaching our year end goal. Further action steps will be implemented school wide and within classrooms and students will be surveyed again at the end of the year to see if the goal has been reached.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	11/28/2025	Families will be invited to speak to students about their own careers and educational experiences to help build cultural capital and representation. Guest speakers from diverse professions will also visit classrooms to discuss their careers and answer questions students may have about their careers.	Families, community members
02/02/2026	05/29/2026	During a school wide career day guests will invited in to share their careers and speak with students again about the roles they have in their careers.	Families, community members

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Family members, community workers

Instructional Resources

Research on various colleges including, local, universities, CUNY, SUNY, Ivy League and HBCUs

Schedule Adjustments

schedules will be adjusted as needed in order for classes to participate in all activities.

Other Resources Needed

Community guest volunteers to come in and speak with students.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs

NYC SCHOOL SURVEY 24/25	Limited alignment between the opportunities offered and the varied needs, schedules, and preferences of families. While efforts may be made to engage families, certain barriers such as time constraints, work obligations, or other responsibilities may make participation challenging. With the many demands on instructional time and responsibilities, it can be challenging for teachers to consistently create and sustain interactive opportunities that actively involve families in student learning. There may also be a need for more structured support or collaborative planning to integrate family partnerships into classroom routines and curriculum in a way that is manageable and impactful.	Increase the variety and flexibility of family engagement opportunities, including offering events at different times (morning, evening, virtual) to better match families' schedules and availability. Provide teachers with time, tools, and support to plan and implement consistent, manageable strategies for involving families in student learning, such as take-home activities or regular classroom updates. Establish structured time for teachers to collaborate and plan family engagement activities that align with classroom instruction and are easy to implement throughout the year.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	94%	By June, 2026, the percentage of parents/families who answered the following question on the NYC School Survey, 'This school creates opportunities for parents to be involved in school activities and in their child's learning (Element : Strong family ties) will increase from 94% to 96% as measured by NYC SCHOOL SURVEY RESULTS.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Diversify and flexibly schedule family engagement opportunities

Root Cause Addressed:

Directly addresses the root cause of limited alignment between engagement opportunities and families' diverse schedules, needs, and preferences.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Survey families annually by gathering input on preferred event formats (virtual/in-person), times (morning/evening/weekend), and topics of interest.
Create a "Flexible Engagement Calendar beginning in the Winter of 2025. It will be a school-wide calendar that offers at least one monthly event across varied formats and times.
Create a Family Engagement Committee that involves parents, teachers, and support staff to co-design and evaluate engagement efforts quarterly.

Key Strategy 2 (Optional):

Establish a systematic structure for teacher collaboration on family engagement.

Root Cause Addressed:

Responds to the identified barrier of insufficient time and collaboration space for planning sustainable family involvement activities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Incorporate family engagement goals into instructional planning cycles by including a connected family engagement component such as an at-home reflection, shared reading, or learning task into each unit.
Create a shared Google Drive folder that teachers can contribute and access which includes classroom-aligned, plug-and-play family engagement materials.
Monitor and reflect on progress by using teacher feedback and family responses to amend the strategy quarterly.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The Family Engagement Committee will conduct monthly reviews to discuss new ideas being implemented and looking at the shared Google Drive folder to see where the monthly focus should be for parent engagement. There will be feedback surveys given to families after each event and reviewed by the committee to monitor what is working and the needs of the parents in future engagement activities. Event timing, formats, or support based on the data and participation trends will be adjusted and the flexible engagement calendar will be amended.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	09/12/2025	Launch family engagement survey to gather input on preferred times, formats, and topics families would prefer to have family engagement activities occur.	Parent Coordinator, administration, families
09/02/2025	09/05/2025	Set up monthly planning time for teachers to create family engagement activities.	Administration
10/01/2025	10/31/2025	Teachers plan 1 take-home activity linked to current unit	teachers
11/03/2025	11/04/2025	Send monthly classroom newsletter or update (email/paper)	Teachers, Admin
12/12/2025	12/12/2025	Have a virtual “Coffee & Conversation” to share a winter break learning toolkit for families	Parent Coordinator, Teachers
01/05/2026	01/09/2026	Midyear review of family engagement feedback	Admin, Parent Coordinator
02/20/2026	02/20/2026	Teachers share take-home activity #2	Teachers
03/17/2026	03/17/2026	Hold another in person/virtual family session about testing	Parent Coordinator, testing coordinator
04/13/2026	04/13/2026	Hold another in person/virtual family Spring session for planting in the school greenhouse	Parent Coordinator, school librarian
05/04/2026	05/08/2026	Teachers send final classroom update/newsletter	Teachers
06/15/2026	06/15/2026	Re-administer preference survey for next year planning	Admin, Parent Coordinator

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Administration, Family Engagement Committee (teachers, parents, admin), teachers/staff

Instructional Resources

Unit Plans, Lesson plans

Schedule Adjustments

Common planning time for teachers to develop engagement activities, specific monthly time for Family Engagement Committee to meet

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Chronically Absent and Severely Chronically absent for all students (New Visions June 2025) In the past three years, chronic absenteeism	Chronic absenteeism is partly driven by transportation-related barriers. General education students who live under one mile from school are not eligible for yellow bus service, and eligibility significantly decreases after 2nd grade. This creates challenges for families with younger children, multiple drop-offs, or limited transportation options. Additionally, the school's "walking	Increase transportation supports for students not eligible for DOE busing, particularly general education students living under one mile from school, to improve consistent daily attendance. Strengthen arrival procedures and staffing for the "walking school bus" and morning supervision to ensure more students can access safe, reliable routes to school, especially those who face travel challenges. While the attendance team conducts extensive outreach, additional efforts are needed to strengthen family understanding of how chronic absenteeism — even for medical appointments or partial-day absences — impacts student success.

has remained higher than the city average between 39% and 35%. Although we are on the downward trend. As of June 2025, (136 students, 36% are still missing more than 10% of the school year as compared to 29% of NYC.	school bus" initiative helps support some students but stretches staffing capacity during morning arrival, limiting broader support. Families often schedule medical appointments during school hours due to work conflicts or lack of access to after-hours care, further contributing to time lost from instruction. These structural and logistical issues result in inconsistent attendance, particularly for students who require more support to get to school regularly.	Continue to support our Students in Temporary Housing (STH) liaison, Ms. Bush, by providing opportunities to attend workshops and professional development sessions that strengthen her capacity to coordinate services and supports for students in temporary housing, foster care, or experiencing housing instability, who face unique attendance challenges. Continue to implement and refine systems for early identification and intervention for students showing signs of attendance risk (e.g., late arrivals, frequent early dismissals, sporadic absences), with particular focus on students in lower grades, building on the strong work already done by the attendance team.
Chronically Absent and Severely Chronically for Black Students (New Visions June 2025) In the past three years, chronic absenteeism has remained higher than the city average between 47% and 38%. Although we are on the downward trend. As of June 2025, 47% (43 out of 92 black students) are still missing more than 10% of the school year.	While the attendance team conducts significant outreach to families, there may still be limited awareness of how missing 10% or more of the school year can negatively affect a child's academic performance and social-emotional development, particularly in reading and math. Some students in this demographic group are in foster care or shelter placement, which can lead to emotional distress, disrupted routines, and inconsistent engagement with school. Students in temporary housing often face frequent school changes, further impacting their attendance and academic progress. Unstable housing can also contribute to mental health challenges, poor sleep, and other health-related issues that interfere with regular school attendance.	Despite the attendance team's strong outreach, we still need to: Improve family engagement to raise awareness about how missing school affects learning and well-being. Work with local CBOs and Parent Coordinator to create easy-to-understand, culturally relevant materials and workshops about the importance of attendance. Increase family engagement by hosting celebrations that recognize students who improve attendance and punctuality. Continue to strengthen communication with families by regularly sharing attendance data and explaining its impact on student achievement.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	43.6%	By June, 2026, the Percentage of Chronically Absent Students for All Students will increase by 2%, from 43.6% to 41.6%, as measured by the NYC DOE INSIGHT PLATFORM .
Black Students	38%	By June, 2026, the Percentage of Severely Chronic and Chronically Absent Students for Black Students will decrease by 3%, from 47% to 44%, as measured by the NYC DOE INSIGHT PLATFORM, .

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To improve consistent daily attendance and reduce chronic absenteeism, PS 16 will implement the following strategic actions:

Enhance Transportation Supports:
Expand transportation options for students not eligible for DOE busing, focusing on general education students living within one mile of the school. This will provide more reliable access to school and remove barriers that contribute to inconsistent attendance.

Strengthen Arrival Procedures and Supervision:
Improve staffing and coordination of the “walking school bus” program and morning supervision to ensure safe, dependable routes for students. This will particularly benefit those facing travel challenges and encourage timely arrival.

Increase Family Engagement and Awareness:

At the beginning of the school year, the attendance team will partner with parents and guardians to review the previous year’s attendance data and discuss any concerns related to chronic absenteeism. During these meetings, families of students identified as chronically absent in the previous year will receive individualized support plans that include setting attendance goals, identifying barriers, and connecting families with appropriate school and community-based resources.

In addition, the team will proactively identify students who are at risk of becoming chronically absent based on early attendance patterns within the first few weeks of school. These students will be assigned a Success Mentor who will serve as a consistent point of contact, conducting daily outreach, monitoring attendance progress, and engaging both the student and family in problem-solving and encouragement.

This partnership approach ensures that families are included as active collaborators in improving attendance outcomes, and that each identified student has a dedicated support system designed to foster consistent attendance and school engagement.

Support for Students in Temporary Housing:
Continue to invest in the capacity-building of our Students in Temporary Housing (STH) liaison, Ms. Bush, through targeted workshops and professional development. Strengthening her expertise will enhance coordination of services

for students facing housing instability, a population with unique attendance challenges.

Refine Early Identification and Intervention Systems:
Build upon the attendance team's existing work by enhancing systems that flag early warning signs such as late arrivals, frequent early dismissals, and sporadic absences. Interventions will focus especially on younger students to prevent the development of chronic absenteeism patterns.

Implement Attendance Incentive Programs:
Launch engaging attendance incentives such as raffles, games, prize giveaways, Field Days, and special trips to recognize and motivate consistent attendance. These rewarding experiences will promote enthusiasm for school participation and reinforce the importance of daily attendance.

Root Cause Addressed:

The root causes addressed by the action steps above include:

Although the attendance team conducts extensive outreach to families, there remains a need to increase awareness about the impact of chronic absenteeism—defined as missing 10% or more of the school year—on students' academic achievement and social-emotional well-being, particularly in foundational areas such as reading and math.

Additionally, many students affected by chronic absenteeism experience housing instability, including foster care or shelter placement, which can cause emotional distress, disrupted routines, and inconsistent school engagement. Frequent school changes common among students in temporary housing further hinder consistent attendance and academic progress.

Moreover, unstable housing often contributes to mental health challenges, sleep difficulties, and other health-related barriers that negatively affect students' ability to attend school regularly.
transportation-related barriers that contribute to chronic absenteeism. General education students living within one mile of the school are ineligible for yellow bus service, and eligibility notably decreases after second grade. This limitation poses challenges for families with younger children, multiple drop-offs, or limited transportation options. While the school's "walking school bus" program provides valuable support during morning arrival, staffing constraints limit its capacity to assist all students effectively.

Additionally, many families must schedule medical appointments during school hours due to work commitments or limited access to after-hours healthcare, resulting in missed instructional time. These structural and logistical challenges contribute to inconsistent attendance, particularly among students who require additional support to attend school regularly.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Expand transportation supports for general education students who live less than one mile from school and are not eligible for DOE busing, to promote consistent daily attendance.

Enhance arrival procedures by increasing staffing and supervision for the “walking school bus” program and morning arrival times, ensuring safe and reliable routes for all students, especially those facing transportation challenges.
Develop and implement targeted family engagement initiatives to deepen understanding of the impact of chronic absenteeism—including absences for medical appointments or partial days—on student academic and social-emotional success.
Provide ongoing professional development and workshop opportunities for the Students in Temporary Housing (STH) liaison to strengthen her ability to coordinate comprehensive support services for students experiencing housing instability, foster care, or related challenges.
Continue refining early warning systems and intervention protocols to identify and support students at risk of attendance issues, with a focus on lower grade levels, building on existing attendance team efforts.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor progress toward improving daily attendance and reducing chronic absenteeism, PS 16 will use the following four methods:

Regular Attendance Data Review

The Attendance Team will review daily and weekly attendance reports, focusing on chronic absenteeism trends, late arrivals, and early dismissals.

Data will be disaggregated by grade, demographic group (e.g., Students in Temporary Housing), and individual students.

Family Outreach and Intervention Logs

All family outreach efforts (calls, letters, home visits, conferences) will be documented and reviewed monthly.

The team will track which interventions lead to improved attendance to inform future outreach strategies.

Participation Tracking for Supports and Incentives

Monitor student use of transportation supports and attendance in programs like the walking school bus.

Track student participation in attendance incentive programs (raffles, field days, etc.) and compare with attendance outcomes.

Staff Feedback and Observations

Gather feedback from staff supervising morning arrival and feedback on attendance incentives.

Use observational data and short staff surveys to assess consistency and identify areas for improvement in arrival procedures and support systems.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/18/2025	09/18/2025	Host a Back-to-School Attendance Kickoff to educate families about the impact of chronic absenteeism. Share school attendance goals, routines, and supports. Provide tips for establishing strong attendance habits from day one.	NYCID/ ATTENDANCE TEAM
11/13/2025	11/13/2025	Host an "Every Day Counts" Family Workshop focused on recognizing early warning signs (frequent tardiness, partial absences). Offer strategies for building morning routines and handling common attendance barriers.	NYCID/ ATTENDANCE TEAM
01/15/2026	01/15/2026	Host a Mid-Year Attendance Check-In Night where families receive personalized updates on their child's attendance, learn about intervention supports, and set goals for the remainder of the year.	NYCID/ ATTENDANCE TEAM
04/16/2026	04/16/2026	Host an Attendance Celebration & Resource Fair for families of students who have shown improved or consistent attendance. Share community resources, reinforce the link between attendance and success, and celebrate progress.	NYCID/ ATTENDANCE TEAM

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
There is a demonstrated need to strengthen the integration of Specially Designed Instruction (SDI) within the Present Levels of Performance (PLOP) section of Individualized Education Programs (IEPs). SDI is not consistently articulated in PLOPs, leading to	When developing the Present Levels of Performance (PLOP) and Annual Goals within an IEP,	IEP Development and Fidelity of Implementation

challenges in accurately identifying and implementing instructional strategies with fidelity. This inconsistency directly affects the alignment between a student's current performance, the impact of their disability, and their access to the general education curriculum. Currently, the connection between how a student is performing and how their disability affects access to instruction is often insufficiently explained within the PLOP. As a result, the design of instructional supports lacks coherence and consistency, limiting the effectiveness of SDI in promoting student progress and achievement of annual goals. This represents a high-priority area for improvement. It is essential that the PLOP clearly and accurately reflects each student's strengths and needs, grounded in a thorough understanding of the impact of their disability. A more consistent and intentional approach to developing SDI is necessary to ensure instructional practices effectively support individualized learning. IEP Review Data (Question 24): "Does this IEP identify the specially designed instruction required to address missing skills, concepts or strategies that will assist the student in accessing and progressing within the general education curriculum? " Only 22% of IEPs specifically addressed this component, highlighting the urgency of addressing this gap.	special education teachers document a student's current progress and identify next steps for continued growth. However, descriptions related to the student's disability classification are often generalized, lacking specificity or applied inconsistently. Moreover, the incorporation of explicit Specially Designed Instruction (SDI) within both the PLOP and the instructional design process is inconsistent. This inconsistency contributes to uneven student progress and may lead to recommendations for more restrictive educational environments than may otherwise be necessary.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

The Special Education Department will utilize a cycle of SIT Team IEP Reviews, using the District IEP Review Questions, specifically number 24, to inform the necessary cycle of monthly Professional Development and support needed for the Special Education Department, as well as cycles of differentiated Professional Development. The IEP Teacher and Core SIT members will be available daily on a rotating schedule for staff to sign up for 1:1 coaching and feedback support in addition to the PD cycles. The SIT team will focus on targeted support and then provide individualized feedback and coaching support for the improvement of PLOP inclusive of an explicit description of the student's impact of their disability and the design of Specially Designed Instruction for student access to general education curriculum. Through the schoolwide Progress Monitoring for individual students, we will track both student achievement in closing the achievement gap and the impact of the design and delivery of Specially Designed Instruction.

Root Cause Addressed:

Strengthening the systems and structures in place for the Special Education Department and the SIT team to ensure we are enhancing our PLOPs to include individualized SDI and Impact of Disability through cycle of PD and 1:1 coaching support for our Special Education Teachers. This will provide a more concise and evidence-based support of our students' specific disabilities to ensure they continue to make adequate progress and access the general education curriculum.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure “impact of disability” statements reflect the effect of the student's disability on access, participation and progress in the general education curriculum: Special Education Department meetings are offered for the Special Education teachers to attend Professional Development and collaborate with their colleagues on implementing best practices in designing quality individualized "impact of disability" statements and the design and implementation of SDI. Review IEPs for these indicators. Provide feedback to teachers upon IEP reviews.
Ensure and adjust that programs and services mandated on each student's IEP are delivered: Continue to implement the PS 16 RTI Tiered procedure to implement the varied level of tiered support, based on progress monitoring of student data within the identified area. After implementing a variety of student-specific interventions, as well as the Tier 1 and

Tier 2 support services, students are reviewed at the PPT meeting to discuss the students' progress to make an appropriate determination for a special education evaluation.
Identify key stakeholders for SIT Team Monthly Meetings. During these meetings, coordinate monthly PD calendar, priority training topics, weekly/monthly staff meeting dates/times. Establish coaching cycles for 1:1 support in strengthening the understanding of the students impact of disability to design and implement individualized Specially Designed Instruction. Sustain existing and prioritize potential new initiatives to maximize access and impact of this initiative.
Developing cohesion between the needs identified in the PLOP and aligned SDI while providing the system for goal development that addresses academic needs through SDI.
Systematize protocol and practices to establish schoolwide implementation and utilization of the locally developed new teacher report to promote and design the implementation of SDI for students with disabilities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Through the support of monthly SIT Team Meetings and IEP Reviews data will be collected about the inclusion of individualized SDI, which will be used to identify differentiated professional development topics, target coaching topics for staff, and student progress towards annual goals.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Parent Workshops on the following topics; IEP process, Demystifying Special Education: Service not a Place, Parent rights and Due Process, 504 accommodations, Continuum of Services: Most restrictive to Least restrictive environments, Community Supports and Intervention, scaffolding and supporting your child with their work at home, etc.	FACE Center/ Include NYC NYCID

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs. Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

All staff including School Assessment Team, District Support Staff, AP of Special Education

Instructional Resources

SESIS, ATS USPE Report, Infohub, SAT Assessments/Testing, Teacher/Provider Observations, PPT Forms and Referrals, Quality IEP Tool, Specially Designed Instruction Fidelity Tool and District IEP Reviews.

Schedule Adjustments

Meetings are scheduled on a flexible basis to ensure all key stakeholders and members are available to participate. SIT Team will meet monthly for IEP reviews and to plan for monthly cycles of Professional Development.

Other Resources Needed

n/a

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Foundational Skills Tier 2	Students performing below 40% on Acadience Screener- in need of reading/ language support in Phonological & Phonemic Awareness	Sound Sensible	Group of 6	During school	No
Foundational Skills Tier 3	Students performing below 16% on Acadience Screener- Students in need of reading/ language support in Phonological & Phonemic Awareness	Sound Sensible	Group of 3	During school	No
Foundation and Reading Comp Tier 2	Students performing below 40% on Acadience Screener- Performing below grade level in Phonics, High Frequency Words, Vocabulary and Comprehension	S.P.I.R.E	Group of 6	During school	Yes
Foundation and Reading Comp Tier 3	Students performing below 16% on Acadience Screener- Performing below grade level in area of Phonics, Decoding and Encoding multisyllabic words, Fluency, and Comprehension	S.P.I.R.E	Group of 1-3	During school	No
AIS Reading Gr 3-5 Tier 2	Students performing below 40% on MAP Growth ELA Screener- & Phonics For Reading Placement Test- Performing below grade level in area of Phonics, Decoding and Encoding multisyllabic words, Fluency, and Comprehension	Phonics for Reading	Group 5-10	During and after school	No

AIS Reading/ Math Gr K-5 Tier 2	Performing on or below grade level	Edmentum Exact Path Remediation/Enrichment for ELA/Math with Individual Learning Path	One to one	During and after school	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Harmony (Tier 1)	All students participate	SEL	Whole class	During school	No
SAPIS (Substance Abuse Prevention and Intervention Specialists) (Tier 1)	All students participate	Substance Abuse Prevention	Whole class	During school	No
My Brother's Keeper (Tier 2)	At-risk boys of color	Mentor/Leadership	Small Group	During school	No
Peer Mediation (Tier 3)	Students experiencing conflict in school	SEL	Peer support	During school	No
Classroom Push-in from Guidance Counselor or Social Worker (Tier 2)	As requested by teacher	SEL	Whole class	During school	No
Counseling for Students in Temporary Housing (Tier 3)	Students in Temporary Housing (STH)	Assistance in coping with trauma and/or transition	One-to-one	During school	No
My Sister's Keeper (Tier 2)	All 5th grade girls	Mentor/Leadership	Small group	During school	No
Restorative Justice Training (Tier 2)	Nominated by classroom teachers	SEL/ Leadership	Small group	During school	No
Behavior Intervention Plans (Tier 3)	Identified students	SEL	One-to-one	During school	No

	through FBA's				
Check and Connect (Tier 3)	Attendance; Teacher Referral; OORS Reports	SEL	One-to-one	During School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

As part of our commitment to continuous improvement and equity, our school implements a Multi-Tiered System of Supports (MTSS) to address the academic, behavioral, and social-emotional needs of all students. The essential components of MTSS—including universal screening, data-driven decision making, tiered interventions, and regular progress monitoring—are shared with families through multiple, accessible channels to foster transparency and partnership.

Communication and Awareness:
Families receive information about MTSS through school newsletters, the parent portal, and at school events such as parent-teacher conferences and workshops. Materials are provided in multiple languages to ensure all families can access and understand our approach.

Engagement and Collaboration:
The School Leadership Team (SLT) includes parent representatives who help shape our CEP and MTSS strategies, ensuring family perspectives are integrated into school planning and decision-making.
Families are invited to participate in discussions about intervention supports and to review progress monitoring data, with opportunities for feedback and questions.

Support and Resources:
Our school provides resources and guidance to help families support their child's learning at home, including strategies for reinforcing foundational skills and promoting positive behavior.
Special efforts are made to connect families with additional supports and community resources as needed, especially for students receiving targeted or intensive interventions.

Culturally Responsive Practices:
Communication and engagement strategies are adapted to respect the diversity of our school community, with attention to language, culture, and family needs.
Through these efforts, our school ensures that families are informed, empowered, and active partners in the MTSS process, supporting the success and well-being of every student.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive regular and clear updates on the progress of their child(ren) who are receiving Tier 2 targeted or Tier 3 intensive interventions through a variety of accessible and culturally responsive communication methods.

Direct Communication:
Families are promptly informed when their child is identified for Tier 2 or Tier 3 supports, with a description of the intervention plan, goals, and expected outcomes provided in their preferred language. Ongoing progress monitoring results are shared with families through parent-teacher conferences, individual support meetings, phone calls, or written updates (such as emails or letters), ensuring that families understand how their child is progressing and what next steps may be needed.

Accessible Information:
All communication is available in multiple languages to ensure accessibility for all families, and interpretation services

are provided as needed. Progress updates are presented in a user-friendly format, explaining what the data means and how it informs instruction and intervention adjustments.

Opportunities for Feedback and Collaboration:
Families are invited to ask questions, provide input, and collaborate with school staff on intervention plans and progress monitoring.
They may also be invited to participate in guidance conferences or support team meetings, where they can discuss their child's needs and help shape the intervention process.

Documentation and Transparency:
Schools maintain clear documentation of all communications and interventions, ensuring that families have access to records and can track their child's progress over time.

This approach ensures that families are informed partners in the MTSS process and can actively support their child's growth and success.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are actively involved in decision-making regarding the progress of students receiving Tier 3 intensive intervention through a collaborative, individualized, and transparent process. In line with NYC DOE and best practice expectations, this involvement is structured to ensure families are true partners in their child's educational journey.

Joint Goal Setting and Intervention Planning:
Families participate in the development of individualized intervention plans, working alongside teachers, specialists, and support staff to set clear, meaningful goals tailored to the student's unique needs and the family's aspirations for their child.

Regular, Meaningful Meetings:
Schools schedule frequent meetings (such as IEP meetings, support team meetings, or home visits) where families are invited to share insights, ask questions, and contribute to ongoing discussions about their child's progress and intervention strategies.

Collaborative Problem-Solving:
Families are included in the analysis of progress monitoring data and are provided with understandable, actionable information about their child's growth and areas of need. This allows families to be active participants in identifying next steps and adjusting intervention plans as needed.

Access to Resources and Support:
Schools provide families with targeted resources and guidance to help support intervention strategies at home, ensuring that families are equipped to reinforce learning and development outside of school hours.

Two-Way Communication:
Communication is ongoing, culturally responsive, and available in multiple languages. Families can always reach out to school staff for updates, clarifications, or to provide feedback on intervention plans.
Through these practices, families are empowered to play a central role in shaping and monitoring the intensive support their child receives, fostering strong partnerships between home and school.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Doubled up (with friends or relatives because they cannot find or afford housing): 44
Living in a shelter or transitional shelter: 8
Living in a hotel/motel: s
Living in a car, bus, or train: s
Living in a park or public place: s
Living in an abandoned building s

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

The trends observed for some STH students is chronic absenteeism. Factors that contribute to student's absenteeism range from parents needing to take their children on appointments, not having clean clothes or school supplies, lack of knowledge about the school system, transportation, language barrier and other stressors that take priority such as housing and food insecurity. Absenteeism has a direct impact on the students' academics.

We use the STH Title I Survey to inquire about the needs of our STH families. We call families using the form as a guide to inquire about their needs. During the 2025/2026 school year, we will send the form out to families using the appropriate home language. The STH Tile 1 Survey supports us in knowing how to spend the STH funds for our families. Examples of some items we purchase to support families are uniforms, toiletries, backpacks, blankets,

emergency food, laundry detergent (we also now have a washer and dryer in the school building) trips, class pictures and eyeglasses.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

During the 2025-2026 school year, we will assess our STH Family's needs through a parent survey and build working relationships by speaking with families. Families will have an opportunity to attend a workshop that will inform them of the services available through the McKinney Vento Act. Various resources will be provided to families such as but not limited to medical, school supplies, food pantries, uniforms, transportation, housing, attendance support, academic achievement, mental health facilities and other community assets.

Individual and/or group counseling will be provided to STH students with a specific focus on trauma. Students will have an opportunity to learn skills to address his or her social emotional needs by learning mindful breathing practices, grounding activities and other SEL tools. In addition, when applicable classroom push-ins will be provided as an additional layer of SEL support. To encourage family bonding families will be afforded the opportunity to take part in SEL workshops, be provided newsletters with the most up to date information and resources.

The social worker will provide case management, including monitoring student progress and making referrals to additional supports available in the school and the community. The social worker will act as a liaison between schools and agencies such as shelters, social services, court services and other institutional partners to coordinate assistance for families. Additionally, visits to shelters will be made as needed to further understand the home environment.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We currently have five students in foster care.

To support their social-emotional well-being, the following services are available:
Individual Therapy: Students have access to therapy with the STH social worker, focusing on trauma-related issues such as neglect, abuse, or separation from family.
Regular Check-ins: Ongoing check-ins between students and teachers help monitor emotional well-being and support the development of social skills.
Social Skills Groups: Small group sessions are offered to help students build peer relationships, improve emotional regulation, and develop problem-solving skills.
Individualized Education Plans (IEPs) can also be developed as needed to assess and support the student's academic needs.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Individual Therapy: Students have access to therapy with the STH social worker, focusing on trauma-related issues such as neglect, abuse, or separation from family.
Regular Check-ins: Ongoing check-ins between students and teachers help monitor emotional well-being and support the development of social skills.
Social Skills Groups: Small group sessions are offered to help students build peer relationships, improve emotional regulation, and develop problem-solving skills.
Individualized Education Plans (IEPs) can also be developed as needed to assess and support the student's academic needs.

To ensure the academic success and well-being of students in foster care, the following targeted supports are

provided: close collaboration with child welfare agencies and caregivers to coordinate educational planning; immediate enrollment assistance to facilitate seamless school placement; and transportation services to support consistent access to educational programs.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Our school ensures that students receive the necessary interventions to promote stability and success by identifying foster youth and connecting them with the STH social worker for support in accessing resources. We track attendance and grades by regularly checking in with teachers to spot issues early and provide appropriate supports. Additionally, we maintain consistent communication with caregivers and social service agencies to coordinate care and resources effectively.

Children in foster care often experience an increased likelihood of being placed in multiple schools due to frequent changes in their living situations. This instability can disrupt their academic progress and social connections. Additionally, many children in foster care require special education plans to address learning needs that may arise from trauma or developmental delays.
Behavioral issues can be more common among foster care children, often stemming from the emotional and psychological impacts of separation from their biological families. Inconsistent transportation to and from school can lead to lower attendance rates, which negatively affect their academics.

To improve services and supports for foster care youth, several strategies can be implemented such as continuing to provide transportation and flexible enrollment options to remain in their school of origin when appropriate, which can support stability and academic continuity. Early identification of academic struggles, along with prompt intervention, ensures that students receive the support they need.
Monitoring attendance closely and conducting outreach when issues arise can help address problems early and maintain student and caregiver engagement. It is also important to support students with their mental health by coordinating in-school counseling services and community mental health providers.
Maintaining ongoing communication with the foster family and caseworker is important for monitoring the student's academic performance and attendance, and for addressing concerns collaboratively. Lastly, training educators on the unique needs and challenges faced by foster care youth can increase awareness, improve sensitivity, and promote better educational outcomes for these students.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

The STH social worker is the designated foster care point person responsible for coordinating services and monitoring academic and emotional progress. Staff is trained in trauma informed practices to recognize trauma triggers. We use CICO system to reflect on goals and behavior, collaborate with outside agencies such as child welfare services, therapists, and community-based organizations for wraparound services.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Public School 16 will leverage Expanded Learning Time Support (ELT) in two proposed settings, for after-school and Saturdays to encompass more students and improve upon student achievement data.

The students who would benefit from additional support in learning the English language, English Language Arts or Math are offered the opportunity to participate in extended learning time in a variety of settings and days. After school and weekend programs will continue to be offered to support and enrich our student population. As a community school, one strategy employed is to integrate into academic instruction through various services. Select students will be given Extra Learning Time classes with additional help from New York Center for Interpersonal Development, our CBO, and Mental Health Counselors. Students will be offered the opportunity to participate in extra curricular activities such as: Homework Help, Art and Anime, Media, Game Room, Soccer, Dance, READ Alliance, Grant Partner SunDog Story-Telling and Book Making, and CHAMPS Basketball, facilitated by CBO specialist or PS 16 licensed staff.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

All PS16 teachers are certified

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Targeted focus standards will be part of ELT, extending upon daytime learning. Use of data will support the determination of targeted groups of students, whether in ELA or Math. The data will implicate ELT instruction as a means to further develop students ability to master targeted skills while embedded strategic instructional practices during ELT.
Classroom teacher will support the process and teach the ELT programs ensuring alignment and consistency

Provide a description of the materials purchased to support implementation of ELT.

Materials will include:
- Evidenced based invention resources and tools for assigned groups
- Standards based practice materials

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 16, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 16 will support parents and family members of Title I students by:
1. Communication:
- Provide multilingual communication through newsletters, Operoo, and the school website.
- Ensure translation and interpretation services are available for all school events and documents.

2. Family Workshops:
- Host regular workshops focused on literacy, numeracy, and social-emotional learning.
- Offer sessions that support families of English Language Learners (ELLs).

3. Decision-Making:
- Encourage family participation in the School Leadership Team (SLT) and Title I Parent Advisory Council.
- Conduct annual Title I Parent Meetings to review and revise engagement policies.

4. Cultural Responsiveness:
- Organize events that celebrate the cultural diversity of the school community.
- Incorporate culturally relevant materials and practices in family engagement activities.

5. Accessibility:
- Ensure all engagement materials are accessible to families with disabilities.
- Provide digital and paper formats of all communications.

Parental Involvement and School Quality

The school's Parent/Guardian and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents/guardians and family members, will conduct an annual evaluation of the content and effectiveness of this parent/guardian and family engagement policy with Title I parents/guardians to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents/guardians and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents/guardians of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent/guardian members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

actively involve and engage parents/guardians and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
engage all parents/guardians in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
support school-level committees that include parents/guardians who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent/guardian workshops based on the assessed needs

of the parents/guardians of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents/guardians The Parent Coordinator will also maintain a log of events and activities planned for parents/guardians each month and file a report with the central office.;
conduct parent/guardian workshops with topics that may include: parenting skills/wellness, attendance matters, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents'/guardians' capacity to help their children at home;
provide opportunities for parents/guardians to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
host the required Annual Title I Parent Meeting each school year to advise parents/guardians of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
schedule additional parent/guardians meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents/guardians to provide suggestions;
translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
encouraging meaningful parent/guardian participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
supporting or hosting Family Day and evening events;
establishing a Family Resource Center/Area and provide instructional materials for parents/guardians;
encouraging more parents/guardians to become trained school volunteers;
providing written and verbal progress reports that are periodically given to keep parents/guardians informed of their children's progress;
developing and distributing a school newsletter or web publication designed to keep parents/guardians informed about school activities and student progress;
providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents/guardians can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S.16, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:
using academic learning time efficiently;
respecting cultural, racial and ethnic differences;
implementing a curriculum aligned to the State Learning Standards;
offering high quality instruction in all content areas;
providing instruction by highly qualified teachers and when this does not occur, notifying parents/guardians as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:
conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
convening an Annual Title I Parent Meeting each school year for parents/guardians and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents/guardians who cannot attend a regular meeting;
respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
providing information related to school and parent programs, meetings and other activities is sent to parents/guardians of participating children in a format and to the extent practicable in a language that parents can understand;
involving parents/guardians in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
providing parents/guardians with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents/guardians;
- notifying parents/guardians of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents/guardians to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents/guardians;
- during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents/guardians in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents/guardians can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting family engagement activities as requested by parents/guardians and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents/guardians of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- inform a trusted adult in school if I need help with something related to my school or home life;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

High-quality professional learning stands as a cornerstone for the professional growth of our educators, principals, staff, and paraprofessionals. We have strategic initiatives and activities aimed at equipping our educational workforce with the knowledge, skills, and resources necessary to effectively guide all students towards meeting state standards. Through targeted workshops, ongoing coaching, collaborative learning communities, and access to current research and best practices, we ensure that our educators are empowered to deliver impactful instruction that meets the diverse needs of every learner. By fostering a culture of continuous improvement and innovation in teaching practices, we uphold our commitment to academic excellence and student success. In order to provide access and opportunities for all students to meet state standards, the following Professional Learning will be provided:

- ELA and Math Learning Progressions - standards based progressions across grade level bands to ensure a greater level of expectations for learning. Standard based progressions will allow students an entry point to the standard with specific strategies to build from where they are to access the grade level standard. This also allows students who have mastered grade level standards to see the next level as a means to enrich and/or extend learning. Use of the learning progressions benefits teachers, paraprofessionals and students due to the clear expectations for learning across grades as well as specific activities and strategies to clearly articulate student mastery across standards. Students also benefit from progressions as means to elevate self and peer assessment.

- Impact Teams are created to analyze standard based work in order to create a clear indication of strategic next steps so that teachers pinpoint student strengths and needs. Data analysis serves as a strategic professional learning experience for teachers and paraprofessionals to identify and prescribe based on student strength and need.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

As part of a transition plan from Prek to Kindergarten, students visit kindergarten classrooms at various times of the day throughout May and June. Students have the opportunity to experience aspects of the instructional day. In addition, Kindergarten orientation, school visits and walkthroughs are offered to families. These are scheduled at varying times to accommodate families as they prepare for their child's transition. During family workshops, parents are invited to experience aspects of the curriculum as well as varying programs including SEL and the arts. Our Special Education supervisor sets up learning sessions and visits for families of SWDs to inform and offer support as needed. Our ENL team and Parent Coordinator collaborate to support families of second language learners to ensure support and clarity around instructional practices. Each of these subgroups, all subgroups, are provided with opportunities to learn about the school day, resources, supports and structures provided to meet the needs of all learners as they enter Kindergarten and beyond.
Our transition plans for preschool children from early childhood programs to the elementary school program are meticulously designed to ensure a seamless and supportive progression. Central to this effort is the alignment of curriculum between early childhood and elementary levels, ensuring continuity and building upon foundational skills. We prioritize joint professional development opportunities for educators across both stages, fostering collaboration and shared pedagogical approaches. Engaging parents is integral through informative sessions and involvement activities that facilitate their understanding and support of their child's educational journey. Furthermore, we implement robust systems for sharing records and information between programs, ensuring that pertinent insights about each child's development and needs are effectively communicated. Early intervention services are readily available to provide targeted support where necessary, ensuring that every child receives the individualized attention required for optimal growth and readiness as they transition into elementary school.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated. For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	448,094	x	Section 5/Priority 3
Title I, School Improvement 1003(a)	Federal	47,400	x	Section 5/Priority 2, 3, 5
Title II, Part A	Federal	81,331	x	Section 5/Priority 4
Title III, Part A	Federal	14,993	x	Section 5/Priority 3 Appendix 1
Tax Levy (Fair Student Funding)	Local	3,146,118	x	Section 5/Priority 3, Section 5/Priority 1

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
NYCID	Chronic Absenteeism, Parent Engagement, MBK, Behavioral Support Team Mentors, Family nights	Mentor program, home visits, incentives, assemblies, trips, family fun nights, school visits for MBK, Workshops, Courses/Classes/Training, Family Events, Mentoring at risk, Social Work Counseling	Attendance, Family Engagement, student experience trips, behavioral support , at risk counseling

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

Our CBO is committed to fostering a dynamic partnership with the Community School, actively engaging in shared leadership and collaborative planning to advance the school's annual objectives. This commitment is exemplified through our regular participation in weekly cabinet meetings, where we integrate our expertise and resources to align with the Community School's core priorities. Furthermore, our dedicated involvement in weekly behavioral support team meetings ensures a unified approach to promoting students' social-emotional growth and development, emphasizing continuity and collaboration across all support initiatives. Additionally, our CBO director plays a pivotal role in School Leadership Team meetings, actively contributing to the formulation and execution of school-wide goals. By cultivating these multifaceted connections with staff and families, we aim to comprehensively address student and community needs, fostering a supportive and thriving educational environment.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

Our Community School is dedicated to cultivating authentic and robust partnerships with families, empowering them to play integral roles in decision-making and driving meaningful school change. Central to this commitment is our active participation in School Leadership Team meetings, where we collaborate closely with families to ensure their voices are heard and their perspectives are valued in shaping school-wide initiatives. We prioritize building strong relationships through various avenues, including workshops, home visits, and fostering a continuous home-to-school connection that supports both attendance and the social-emotional growth of our students.

To amplify family and student engagement, we employ diverse strategies such as surveys, workshops, and training sessions aimed at enhancing collaborative decision-making processes and addressing community needs effectively. These efforts not only strengthen our school-family partnerships but also enable families to take on leadership roles that drive positive changes within our educational community. Additionally, we provide opportunities for families to understand and participate in our mentorship programs, empowering them to directly impact student achievement and attendance outcomes.

Recognizing the critical role of mental health in holistic student development, we have established comprehensive support structures that not only nurture student well-being but also provide tailored resources and assistance to families based on their specific needs. By fostering a culture of inclusion, transparency, and mutual respect, our Community School strives to create an environment where families and community members are valued as true partners in the holistic development and success of every student.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

Our Community School is committed to addressing out-of-school barriers to learning by forging strong partnerships with social and health service agencies and providers. Through collaborative efforts with mentors and social workers, we establish structured systems aimed at significantly improving student attendance. Each student is paired with a dedicated mentor who conducts regular check-ins and designs incentive programs tailored to individual needs and interests, fostering a supportive relationship bolstered by ongoing communication with families. Weekly home visits further strengthen the home-to-school connection, enabling us to build meaningful relationships and provide families with essential resources and support.

In addition to these efforts, our Community School places a strong emphasis on promoting social-emotional development through conflict resolution and restorative justice practices. These initiatives are integrated within our CBO hub, serving as a focal point for enhancing peer interactions and fostering a positive school climate. Collaboratively extending our services with partner organizations ensures that the diverse needs of students and families are comprehensively addressed, facilitating regular school attendance and active engagement in learning. By leveraging these partnerships and programs, our Community School strives to create a nurturing environment where all students can thrive academically, socially, and emotionally.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Our Community School is dedicated to leveraging partnerships with CBOs to implement a comprehensive approach to improving attendance through data-driven strategies. At our weekly cabinet meetings, we analyze attendance data, focusing on chronic absenteeism and at-risk trends provided by DOE systems and New Visions for Public Schools. These insights guide our collaborative efforts in designing personalized interventions, such as the deployment of Success Mentors, who play a crucial role in supporting chronically absent students. Mentors not only engage directly with students but also foster meaningful relationships with families, establishing a strong home-school partnership essential for student success.

Through surveys administered to both students and families, we gather invaluable input that informs our decision-making processes, ensuring interventions are aligned with their specific needs and interests. This feedback serves as a driving force behind our efforts to implement targeted supports and incentives aimed at improving attendance and overall student achievement. Additionally, we tap into community resources to address barriers hindering attendance,

thereby creating a supportive environment conducive to learning and student well-being.

To deepen our understanding of attendance challenges, we emphasize ongoing connections with families through regular home visits and continuous dialogue. By nurturing these relationships and utilizing robust data analysis, our Community School strives to foster a culture of engagement, accountability, and collaboration that positively impacts student attendance and enhances overall educational outcomes.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for <u>all</u> students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Our Community School is committed to providing differentiated and culturally responsive supports to ensure the success of all students, including those in temporary housing, Multilingual Learners/English Language Learners (ML/ELL), and Students with Disabilities (SWDs). A cornerstone of our approach is the deliberate collaboration with our partners to recruit highly qualified staff who reflect the diversity of our school community, ensuring that students and families receive personalized support that respects their cultural backgrounds and individual needs.

Central to this effort is our partnership with a dedicated Language Access Coordinator, who facilitates effective communication with families in their preferred language. This ensures that information about school programs, services, and student progress is accessible and understandable to all families, regardless of language proficiency.

Our Community School's systems and structures are optimized to cater to the diverse needs of our student body. Through strategic collaborations with community-based organizations (CBOs), we develop and implement resources and opportunities that benefit all students, including specialized supports for ELLs and SWDs. These initiatives encompass a range of activities, from family workshops focused on accessing community resources and navigating attendance incentives, to arts and cultural activities that celebrate diversity and promote inclusivity. Additionally, our school prioritizes mental health resources and support services, ensuring that every family has access to resources that strengthen their child's academic experience and overall well-being.

By fostering an inclusive and supportive environment, our Community School is dedicated to equipping every student with the tools and opportunities they need to thrive academically, socially, and emotionally, regardless of their background or individual challenges..

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Michele Ramos
Assistant Principal (Where Applicable)*	Kimberly Worsdale
English as a New Language (ENL) Teacher*	Lara Scaringella
Teacher (if school has a bilingual program must be a bilingual teacher)*	Sally Martinez
Parent/Guardian*	Candida Avendano
Teacher	Sue Stevenson
Parent Coordinator	Rita Diaz
School Counselor	Jennifer Colon
Related-Service Provider	Kathleen Gomez-Rodriguez
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

335

Total number and percentage (%) of current ELLs:

105 and 31.3%

Total number and percentage (%) of former ELLs:

18 and 5.4%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

85 and 81%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

20 and 19%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 and 0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 and 0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

20 and 19%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2004-2005	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone instruction is planned and delivered to entering and emerging ELL students by a New York State certified ESOL teacher. It is implemented separate from the integrated model. Our goal is to develop the foundational language skills, vocabulary acquisition, and language structure needed to achieve academic success in the core content areas.

The required amount of stand-alone ENL instruction depends on the grade/English proficiency level of each student. The minimum amount of increments programmed for stand-alone instruction, as per CR 154, for Entering students is 1 unit of study for stand-alone at 180 minutes and Emerging students to receive their .5 units of study with at least 90 minutes of stand-alone instruction and the remaining 90 in either integrated or stand-alone. Students are grouped in two grade bands with the exception of students who receive special education services. Students who are required to receive stand-alone instruction in dual language receive their minutes from their dual language classroom teacher.

Students are grouped heterogeneously with different proficiency levels for programming within their general, dual language and special education classrooms for daily instruction. While working in the standalone block students are grouped homogeneously for small group instruction with a target.

Integrated ENL:

Integrated ENL/ELA instruction is provided by a New York State certified ESOL teacher in coordination with the content ELA teacher to English Language Learners. Instruction is delivered within the ELA literacy block inside the classroom. Entering and Emerging Level students receive 1 unit of study in ENL/ELA for an integrated 180 minutes. Transitioning students receive 180 minutes of integrated instruction with at least .5 units of ELA/ENL study to be programmed for either stand-alone or Integrated. Expanding students receive 180 minutes of ENL/ELA or content area instruction. Commanding students receive 90 minutes of .5 units of integrated ELA/ENL instruction, or other approved former ELL program for 2 or more years following their test out date. Students who are required to receive integrated instruction in dual language receive their minutes from their dual language classroom teacher.

Students are grouped heterogeneously with different proficiency levels for programming within their general, dual language and special education classrooms for daily instruction. While working in the integrated block, students can be grouped homogeneously according to language proficiency level or heterogeneously according to the target skill or strategy being taught.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

We currently do not have a TBE program.

Dual Language Bilingual Education (DLBE):

Licensed bilingual teachers provide ENL services in the Dual Language classrooms. Students in the Dual Language Program are mixed and placed heterogeneously. During small group instruction, students are grouped homogeneously according to their English Proficiency levels and areas of academic need. Instruction is designed to include both languages equally daily. Instruction is delivered in a 50/50 model with emergent literacy taught simultaneously; half the day is provided in English and the other half in Spanish.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

According to the Chancellor's Regulation CR-Part 154 students are serviced based on their proficiency level scored on the NYSESLAT. Based on the 2025 NYSESLAT we currently have 31 students who are Expanding Ells, 21students who are Transitioning, 23 who are Emerging and 4 who are Entering.
Students in the ENL program who are Entering and Emerging level of proficiency are eligible to receive 360 minutes of ENL instruction 180 of which are delivered in the core content ENL/ELA, and the other 180 minutes are delivered solely in stand-alone ENL. Students in the ENL program who are Transitioning and Expanding level of English proficiency are programmed to receive 180 minutes of instruction in the core content ELA/ENL, 90 of which can be stand-alone.
The Dual Language program is available for students in Pre-Kindergarten through Fifth grade. ENL students in Dual Language classrooms are programmed under the mandates of CR 154. ENL services in the Dual Language classrooms are implemented by licensed bilingual teachers. They use a self contained 50:50 weekly model in which they alternate literacy and content in both languages. The Dual Language program consists of students who are proficient in both English and Spanish. Bilingual certified teachers ensure all Limited English Proficient students receive their mandated instruction in English through support and utilization of ENL strategies and techniques to meet their language needs.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The required amount of stand-alone ENL instruction depends on the grade/English proficiency level of each student. The minimum amount of increments programmed for stand-alone instruction, as per CR 154, for Entering students is 1 unit of study for stand-alone at 180 minutes and Emerging students to receive their .5 units of study with at least 90 minutes of stand-alone instruction and the remaining 90 in either integrated or stand-alone (with built in flexibility for programming when applicable). Students are grouped in two grade bands with the exception of students who receive special education services.

Integrated ENL/ELA- Instruction is delivered within the ELA literacy block inside the classroom by a certified TESOL/ENL teacher.. Entering and Emerging Level students receive 1 extra unit of study in ENL/ELA for an integrated 180 minutes outside the classroom. Transitioning students receive 180 minutes of integrated instruction with at least .5 units of ELA/ENL study to be programmed for either Stand-alone or Integrated and Expanding students receive 180 of sole ENL/ELA instruction, Commanding students are those students who tested proficient, They receive 90 minutes of integrated instruction or .5 units of integrated ELA/ENL instruction within the classroom, or other former ELL program for 2 or more years following their test out date.

Our Dual Language program is a 50/50 dual language program with weekly language rotation, home language instruction is delivered through a balanced and systematic approach that ensures students receive equal exposure to both English and Spanish across all content areas.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language program is a self-contained 50:50 model for grades Pre-K through 5. Students in the Dual Language Program are mixed and placed heterogeneously in a self-contained model. The students receive explicit ENL & SSL instruction daily guided by a curriculum map. English proficient students and ELLs are integrated 100% of the instructional day.

b. In which language(s) is each core content area taught?

Instruction is designed to include both languages equally daily. Instruction is delivered in a 50/50 model in which language is switched weekly for the content areas. During Week A, students learn ELA and Social Studies in English and Math and Science in Spanish. During Week B, students learn Math and Science in English and ELA and Social Studies in Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

P.S. 16 has 85 or 81% newcomers, 20 or 19% developing ELLS, 0 Long Term ELLs, 0 SIFE, 20 or 19% of our ELLs have IEPs, and 18 or 5.4% Former ELLs.

81% of ELL students are newcomers. While both Newcomers and Developing ELLs maintain the same foci for building language proficiency in each modality, Newcomers receive a strong base in early foundational skills with a focus on Phonics, and decodable reading as the primary intervention for language activities. In contrast, our Developing ELLs receive a more contextualized approach with a stronger emphasis on bridging language strategies for real world application. Developing ELLs focus on learning by delving into vocabulary, discussion, and comprehension.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

We currently have No SIFE students at P.S16.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We have 0% Long Term ELLs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Currently, 2.4% (8) of students are former ELLs. Former Ells receive 90 minutes of Integrated service for two or more years after testing proficiently. Instruction is provided to former ELLs through small group instruction within the classroom, as well as continuing to support former ELLs with ELL strategies (sentence stems, vocabulary, visuals, etc.) during whole group and small group instruction.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At P.S. 016, an analysis of at-risk indicators for English Language Learners (ELLs) reveals several important trends that inform how we support our multilingual learners. A significant majority of our ELL population—81%—are newcomers, meaning they have been receiving ELL services for three years or less. This indicates that many of our students are still in the initial stages of English language acquisition and may require intensive language support and scaffolding to access grade-level content.

Further analysis shows that 68.3% of ELLs did not meet expected English language proficiency (ELP) progress on the 2024 NYSESLAT. This is a critical finding, as it suggests that a large portion of our students are not progressing in language development at the rate needed to successfully transition out of ELL services.

Academic performance is also a concern, with 42% of ELLs scoring at Level 1 or 2 on the ELA State Exam, and 35.2% scoring similarly on the Math State Exam. These results highlight the impact of language barriers on students' ability to demonstrate content knowledge and underscore the importance of language-integrated instruction in core academic areas.

Additionally, 19% of our ELLs have Individualized Education Programs (IEPs), requiring a dual focus on both language acquisition and special education services. This group faces compounded challenges and needs coordinated support from both ENL and special education teams.

Finally, data shows that 41% of ELLs have three or more at-risk indicators, placing them in a high-priority group for targeted intervention. These students may struggle with academic achievement, language proficiency, and other factors such as promotion, attendance, or access to services.

These trends emphasize the need for strategic instructional planning, differentiated support, and consistent progress monitoring. By addressing the layered needs of our ELLs—particularly newcomers, students with IEPs, and those with multiple risk factors—P.S. 016 can better support language development, close achievement gaps, and ensure equitable learning opportunities for all multilingual learners.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At P.S. 016, a review of at-risk indicators for former English Language Learners (ELLs) reveals that while these students have met the criteria to exit ELL services, many continue to face academic challenges that warrant attention and support. Of the 18 former ELLs currently enrolled, 50% scored at Level 1 or 2 on the most recent ELA State Exam, and 27.8% scored at Level 1 or 2 in Math, indicating that a significant portion of these students are still struggling to meet grade-level expectations.

The data also show that 16.7% of former ELLs were not promoted within the last three years, and another 16.7% were not fully programmed for ENL instruction in STARS with a certified teacher, which may impact their continued academic progress. These students are identified students with a disability who have a recommendation for a Bilingual Special Education Program. Due to limited availabiilty across Staten Island for this program, as well as the parent

choice to accept a seat in this program, many students who are given this recommendation remain at PS 16 and receive the support of an Alternate Language Paraprofessional to support the linguistic need/recommendation. Additionally, 16.7% scored Level 1 or 2 on the ELA exam in both the 2022–23 and 2023–24 school years, pointing to persistent academic difficulties that extend beyond their time as current ELLs.

While the school does not report any former ELLs as overaged or under-credited, the presence of multiple academic risk factors suggests that these students require ongoing monitoring and differentiated instructional support.

These trends emphasize the importance of maintaining a system of transitional supports for former ELLs to ensure their continued success. This includes collaboration between classroom teachers and ENL specialists, regular progress checks, and academic scaffolding in core content areas. By proactively addressing these needs, P.S. 016 can help former ELLs thrive academically beyond their years in language support services.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish is the largest home language represented with 89 of our ELL student population. Arabic and Bengali are the second largest population represented with a total of 5 students for each.

Our parent coordinator speaks fluent Spanish and is able to translate during intake and engagement activities. P.S 16 also has a Bengali speaking para who is available for translation and support upon intake. We use Operoo as a mode of parent communication. The system translates all notices and communications into the parents' home language.

Our Dual Language program is in Spanish and learning occurs 50/50 in Spanish and English with curriculum materials that are supported.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

30 of our total ELLs or 28.6% identify as Native American or Alaskan heritage, 10 or 9.5% identify as Asian, 28 or 26.7% identify as Black,5 or 4.8%, 32 or 30.5% of Ell students identify as White, and 5 or 4.8% of students identify as Hawaiian.

Of our non-Hispanic ELL population 8 students or 53.3% identify as Asian, 5 students or 33% identify as white, 1 student identifies as black and 1 student is American Indian or Alaskan.

Among the student population who identify as Hispanic 27 or 30% are white, 27 or 30% identify as Black, 29 or 32.2% identify as Native American/Alaskan, 2 or 2.2% identify as Asian, and 5 or 28.6 % identify as American Indian/Hawaiian or Pacific Islander.

Culturally responsive education emphasizes the importance of acknowledging and celebrating the diversity of student cultures, and language experiences. Students' cultural experiences are honored and celebrated through literature, cultural activities, and engagement like cultural food and holiday celebrations.

Culturally Responsive Education also includes using materials and resources that reflect the diverse backgrounds of students in order to make learning more accessible. All program materials in grades K-5 dual language program have HMH curriculum resources in Spanish. Multiple cultural perspectives are shared through literature in the HMH program which celebrates the diversity of cultures through tales, stories and nonfiction information.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

We had 63 total students eligible to meet progress. Of the 63 students, 8 students or 12.7% have met progress by Exiting ELL status, 7 students or 11.1% met annual progress target, and 5 or 7.9 % met Safe Harbor Cumulative Growth. There were 43 students or 68.3% who did not meet ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The results of the 2024 NYSESLAT revealed that a majority of our ELLs are at Expanding and Transitioning Levels, with 32 Expanding and 22 Transitioning. We have a smaller amount of Emerging and Entering leveled ELLs, with 20 Emerging and 7 Entering ELLs. There are a total of 54 ELLs who have a higher language proficiency (Expanding and Transitioning) compared to only 27 ELLs who have a lower language proficiency level.
Some areas of strength that can be highlighted from the 2024 NYSESLAT results, are “high” scores in reading, listening, and speaking in grades 1,2,3, and 5. For grade 4, there were “high” scores in listening and speaking. According to the EDAT, grade 5 had “high” scores in all modalities.
Some areas of need that are apparent from the 2024 NYSESLAT scoring are “low” scores in all grades for the writing modality.

8. What is the relationship between students’ performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Our ELL students show more progress on the NYSESLAT than they do on the NY State ELA and Math Exams.
With a total of 28 ELL students in grades 3-5 who were tested on ELA state exams:
Level 4: 1 Commanding student scored a Level 4
Level 3: 2 Commanding ELLs scored a Level 3
Level 2: 2 Commanding, 8 Expanding with a total of 10 scored a Level 2
Level 1: 1 Commanding, 8 Expanding, 5 Transitioning, and 1 Emerging with a total of 15 ELLs scored a Level 1 on the NYS ELA Exam.

There is no significant correlation between the NYS ELA exam and the NYSESLAT when compared to our Expanding language learner. Expanding learners show evidence of displaying more strength on the NYSESLAT, when compared with the language complexity involved in the NYS ELA exam. Expanding ELLs need to be monitored closer for more precise measurements of growth. Commanding students show a consistency in achieving language barriers on both exams.

Of 35 ELL students in grades 3-5, Test takers who took the 2024 NYS Math Exam:
Level 1- 2 Expanding, 4 Transitioning, 4 Emerging, 1 Entering scored a Level 1. This is a total of 11 students scoring a Level 1 in Math.
Level 2- 7 Expanding students , 3 Transitioning, 2 Commanding students received a Level 2. This is a total of 12 students scoring a Level 2 in Math.1
Level 3- 1 Emerging student, 7 Expanding , 4 Commanding student scored a Level 3. This is a total of 12 students scoring a Level 3 in Math.
Level 4- 0 students scored a Level 4.
Commanding students remain consistent in their ability to achieve language expectations in the core content areas.

Surprisingly Expanding students who are close to proficiency, experience more trouble with the language complexity and processes for Math content.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

There were a total of 22 ELL students with IEPs, who tested on the NYS ELA exam. Of the 22 ELL students , 3 tested Commanding, 4 tested Expanding, 8 scored Transitioning, 6 scored Emerging, and 1 scored Entering. There are 0 ELL students who are SIFE.

The disparity of scores between ELL students with IEPs and ELL students without IEPs is about 2 to 1, with ELL students without IEPs performing about halfway better than students with IEPS. For every 16 students with IEPs, about 8 or half of students with IEPS scored the same. The group with the most disparity was the expanding level, with 4 students with IEPs who scored expanding in comparison to 28 students without IEPS who also scored Expanding. The group with the least disparity was Commanding, with 3 students with IEPS who tested Commanding in comparison to 5 students without IEPS, who also scored Commanding. This shows that the closer students are to reaching English Language proficiency, the less disparity exists for students with special needs as they are able to reach the same levels as their general education counterparts.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school uses the Science of Reading approach to teaching. Science of Reading fosters and supports foundational language development through phonemic awareness, phonics, fluency, vocabulary, and comprehension. We work to support our ELLs in building foundational skills through direct phonics instruction by giving them the tools they need to decode unfamiliar words independently to build cognitive automaticity. In grades K-5, we use HMH Into Reading program to provide high-quality, scaffolded instruction for our ELLs. Lessons and resources are assigned to students based on baseline assessments (beginning and middle). In addition, we use HMH resources to implement rigorous instruction in small groups. This includes vocabulary support, graphic organizers, differentiated texts, projects, and skill/strategy groups. We also work to support our ELLs by building their academic vocabulary by strategically choosing words within texts that will aid in comprehension. Instruction is delivered through multi-tiered grouping formats using interventional materials from HMH. Students are grouped homogeneously according to proficiency level. Computer driven assessments from HMH are given periodically to measure growth. The data is used to help us design appropriate cycles of instruction based on student needs.

In Dual Language classrooms, during reading and math, students are provided with scaffolded instruction and Spanish books. We are also implementing HMH with the 8 Literary Shifts, which focuses more on explicit instruction for all students. This will give greater support to our ENL population by giving them multiple entry points to the learning material.

This year, we began the WIN (What I Need) period as part of our MTSS Structures. WIN groups were formed by one-on-one testing. Students were given small group instruction based on their needs in accordance with the testing. Progress monitoring was done every 2 weeks to ensure students were properly placed. When students show mastery in their group, they switch to a group on their level.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The leadership team uses a variety of school-wide assessments at the beginning, middle and end of the year as a comprehensive system to inform student needs. The data gathered from these assessments drive our instruction. During data collection, teams look at each subgroup, including our ELLs/MLLs in comparison to the other subgroups,

to determine how to move forward with designing the instructional task within our theory of action.

PS 16 uses HMH for reading and writing instruction in grades k-5. In order to ensure ELLs have access to core instruction/ curriculum, each module begins with building background knowledge of the topics essential question through the use of videos, visuals, vocabulary and graphic organizers. Embedded in each lesson of HMH are entry points into the standard based lesson to support English language learners. Some examples are vocabulary support, and differentiation for reading comprehension. Each module supports language development by having students engage in collaborative discussions, such as turn and talks and think-pair-share. Furthermore, HMH provides tabletop minilessons to support language development to go along with most reading lessons.

In the dual language classrooms, students are provided with English and Spanish materials in the core subjects; Into Reading curriculum and Envision materials. After assessing students are given ELA and Math standard based assignments based on their proficiency in English and Spanish.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core Content is delivered in each program model through the following ways:

Stand-alone

Stand-alone ENL is delivered in a separate time devoted to English Language development, and taught by a New York State certified ESOL teacher in a small group setting. Students are grouped according to similar language proficiency levels of Entering and Emerging. ESOL teachers help students acquire the basic English language and foundational skills needed for success in core content areas. Lessons are aligned to core instruction and include exposure to basic language structures, various formats of written, and spoken expressions used to teach phonics, vocabulary, and structures. Phonological awareness is explicitly taught with Heggerty. Every skill is practiced in each modality of language. Practice is scaffolded with group work to help reach their independent goals. Resources used during stand-alone instruction include culturally relevant texts, visuals, student checklists , glossaries, anchor charts, sentence starters, decodable books, writing responses, strategy groups and student discussion. Students always have an opportunity to practice with the teacher before independently applying the skills. (English Language Arts, Social Studies, Science, and/or Mathematics). Stand-alone time is delivered in addition to the 180 minutes of Integrated instruction received inside the classroom during the literacy block.

Lessons are implemented in a To- With-By model, focused on explicit instruction.

Integrated Model:

During Integrated, students learn to apply English through a focus on language objectives that are embedded into the content of each integrated lesson. Lessons are co constructed and delivered with the ELA/ENL teacher and supported by the ENL teacher through explicit instruction during the whole and small group. During student collaboration language skills are fostered through student-to-student discussion, peer-to-peer evaluations, and small group work. PS16 currently uses HMH to plan, implement and deliver Core ELA instructional content and language goals through thematic units within the integrated model for instruction. These units are banded together to incorporate socio emotional and culturally relevant themes in its collection of children's literature and anchor text selections. These texts include vocabulary strategies , as well as, phonics, reading, writing, and opportunities for student discussion. Each lesson in HMH is aligned to skills and strategies from the core ELA next generation learning standards and link opportunities to use all the modalities listening, reading, writing, speaking during each lesson.

Teachers provide accessible literacy and math stations for ELLs to meet their needs. Teachers created stations based on their current classroom ELA and Math data. Each station is carefully planned to be accessible for all students including task cards with visuals, vocabulary cards with visuals, language stems for rich discussions, toolkits with manipulatives for math stations, and checklists for self-monitoring.

Dual Language:

Students in a DL setting are programmed to receive their ENL integrated minutes and stand-alone instruction by their dual language teacher. Dual language program is carried out 50% in English and 50% in Spanish, instruction in both languages alternates bi-weekly. Bilingual programs have a core literacy approach that is coherent and aligned across languages of instruction.

Dual Language programs use HMH and Arriba La Lectura to plan, implement and deliver Core ELA instructional content and language goals through thematic units within the integrated model for instruction in both languages. The texts include vocabulary strategies, as well as, grammar, reading, writing, and opportunities for student discussion. Each lesson is aligned to skills and strategies from the core ELA next generation learning standards and link opportunities to use all the modalities listening, reading, writing, speaking during each lesson.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELL's with IEP are monitored to ensure their IEP goals are carried out within the core content and alongside the language proficiency objectives. Special education teachers provide a "snapshot" of their students' IEP goals and strategies to ensure goals are being met across all content area. ENL teachers collaborate with special education teachers and special service providers regularly to monitor student performance and process for individual student achievement of goals.

Our students with IEPS are using the same HMH curriculum resources that their general education counterparts use. This curriculum is well balanced between fiction and nonfiction and blends culturally responsive topics into instruction. Students use the HMH technology "Writable" to write. Supplemental technology for phonics is provided through Waggle. These students also benefit from small group instruction using modified activities from Orton Gillingham, Heggerty and Fundations, as well as visual supports and language opportunities to help boost oral language and vocabulary development.

During Integrated minutes content is delivered using HMH Tabletop Minilessons: English Language Development to support language acquisition and use in listening, speaking, reading, writing, and collaborative problem-solving. HMH Language Graphic Organizers support students as they apply language skills to texts. Each module focuses on 2-3 language functions.

In addition, instructional strategies such as explicit modeling, behavioral process approaches, Think Aloud, Think Pair Share, Turn and Talk and total physical response. Content and language objectives are supported using visuals, pictures, anchor/strategy charts, checklists, rhyme and repetition. Students practice skills using support from language frames, sentence starters, self monitoring checklists. Students work in blended spaces around the classroom using adaptive digital applications such as WAGGLE, and Imagine Learning to frequently assess student growth and progress monitor all areas. Other digital applications include Padlet, which is used in some classrooms, help students share their voices and lead student self and peer assessment discussions.

b. SIFE

Currently, PS16 does not have any students who are SIFE.

c. Newcomers

Our Newcomer students use the same HMH curriculum resources that their non-English counterparts use except they have the language support from the ENL teacher. Newcomers in Dual Language have access to the HMH curriculum in Spanish . Supplemental resources for building foundational language skills is provided during small group instruction using Haggarty, Fundations, and supported through visuals. Vocabulary is supported through thematic exposure with concepts related to HMH curriculum. The small group instruction occurring during the stand-alone units is supported with supplemental resources from, Orton Gillingham, Heggerty, and Fundations when needed.

During the Integrated model Newcomer ELLs, are provided with extensive academic language support, as well as social emotional learning (SEL) reinforcements. Goals are being established, implemented and monitored through the multi tiered level of support.

During Integrated minutes content is delivered using HMH Tabletop Minilessons: English Language Development to support language acquisition and use in listening, speaking, reading, writing, and collaborative problem-solving. HMH Language Graphic Organizers support students as they apply language skills to texts. Each module focuses on 2-3 language functions. Teachers frequently monitor and assess student performance using data collected through various assessments to evaluate student progress through ongoing screening and progress monitoring conducted on WAGGLE , MAP, and through formative and summative assessments.

During Stand Alone instruction, basic phonics, strategy reading, decodable reading and vocabulary instruction helps build the foundational skills required to progress and develop a new language. Newcomers receive extra support and practice in phonics daily during literacy stations. some programs we use to build foundational reading skills are Heggerty, Sounds sensible, and SPIRE. Heggerty builds phonemic awareness. Some tasks students are asked to do during this instruction are rhyme words, blend sounds together when given sounds, identify the beginning, medial, or final sounds in words, identify syllables, and change sounds in different parts of a word. The program uses hand signals to aid students in each auditory drill. Sound Sensible focuses on Letter Sound relationships and decoding. The SPIRE program uses phonological awareness, phonics, and spelling to build fluency, vocabulary, and comprehension.

As an extra layer of support to those students identified as newcomers, these students are also included in our AIS grouping compositions, as well as our Title 3 afterschool program.

d. Long Term ELLs

Currently, there are no Long-term ELLs at P.S16.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At P.S. 16, English Language Learners (ELLs) with disabilities have Individualized Education Programs (IEPs) that outline specific learning goals, recommended interventions, and ensure access to the general education curriculum. At the start of the school year, the Special Education Teacher, IEP Teacher, and ENL Teacher collaboratively review each ELL's IEP to fulfill Chapter 408 requirements for both returning and newly enrolled students.
To support these students, the school offers a wide range of services delivered by a team of specialists, including a

bilingual psychologist, bilingual social worker, bilingual guidance counselor, speech therapists (bilingual and monolingual), occupational and physical therapists, and bilingual paraprofessionals when needed. If a bilingual special education placement is unavailable, students receive language and academic support from a bilingual classroom paraprofessional to ensure access to instruction and content.
Language acquisition is central to each student's plan and requires ongoing collaboration between ENL, Special Education, and General Education teachers. These educators meet regularly as part of the school's leadership and support teams to review student progress and adjust instruction accordingly.
ENL teachers deliver mandated services in settings aligned with students' proficiency levels and IEPs. Additional services may include SETSS, speech therapy, occupational or physical therapy, counseling, or placement in ICT or specialized classes. All services are scheduled to minimize disruption and maximize inclusion in general education settings, in accordance with the least restrictive environment requirements. These placements are monitored by the School Assessment Team, Special Education administrators, and the DOE via SESIS.
Placement decisions—such as whether a student should be in an ICT setting or a specialized program—are based on evaluations conducted in the student's home language by the bilingual school psychologist and social worker. This ensures that language proficiency is not mistaken for a learning disability.
For new students entering the DOE with an IEP, the Language Proficiency Team (LPT) supports academic and language placement. This team includes the Assistant Principal of Special Education, bilingual specialists, ENL teachers, the Reading Recovery teacher, the Bilingual Parent Coordinator, the student's guardian, and a qualified interpreter. The LPT ensures that all services align with the student's IEP and are delivered in the least restrictive environment.
Instruction is driven by measurable IEP goals, which guide daily planning and small group instruction. Students are encouraged to understand and monitor their own goals through self- and peer-assessment. Special Education and ENL teachers meet regularly to review progress, align goals with student performance, and make adjustments as needed. IEP goal snapshots are readily accessible in classrooms for all service providers to support continuity and consistency in instruction.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

The students who are eligible for ENL services and whose native language is Spanish are administered interviews given in both English and the child's native language. The Spanish LAB-R is administered to Spanish speaking students upon initial intake. In all other languages students are informally assessed in a conference translated in the student's home language to assess basic native language skills. Upon admittance into the ENL program and when deemed appropriate, the MLS screener is given in the child's native language to determine students current level of academic performance in the contents of their home language. This screener offers the classroom, and ENL teacher a baseline from which to launch instructional goals.

Dual Language - ELL students in the dual language program have access to Native Language Arts materials, and multicultural text themes within their classroom. Other native language texts are all available in our PS.16 Robin Hood Library and housed in classroom libraries. There are books, audio, videos etc. in many different languages spoken on this program. Through HMH, Dual language teachers utilize WAGGLE to support and assess student's home language. WAGGLE is offered in both English and Spanish with resources for teachers to differentiate and adjust their assignments to meet the needs of each individual student. For state assessment purposes, other than measuring ELA proficiency, students will be offered to take the exam in their native language when possible, or through the use of a translator. Additionally, for mathematics, bilingual glossaries are available for the students to support their conceptual understanding of mathematical concepts through academic language in both languages.

ENL program- ELL students in the ENL program are not assessed in their native language following intake because ELL instruction is given solely in English. In the event a student is showing evidence of below level academic performance upon registration, they are given the MLL screener in their home language, in order to determine a baseline level of academic performance demonstrated in their native language.

TBE- Transitional Bilingual Education- Currently we do not have a Transitional Bilingual Education Program at P.S16.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

We are a K-5 Elementary School; therefore not applicable.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

ENL Push-in teachers work together creatively with co teachers to accommodate the language proficiencies, cultural diversity and educational backgrounds of the students in their class. They overcome instructional challenges constructively by initiating the 6 Integrated Collaborative Teaching Models during integrated ENL instruction inside the literacy block. These models include , One to One, One Teach One Assist, during whole group instruction and Station Teaching, Parallel Teaching, Alternative and Reteach teaching models during small group instruction. A co-teaching model aligns with an inclusive education model, keeping students who need additional support within the classroom for core instruction. Co-teaching allows for a lower student-to-teacher ratio and attention for students requiring intensive interventions.

Administration carefully selects the partnerships for co teaching models and provides the appropriate training for all teachers involved. Common planning time is provided weekly for ENL teachers to meet with their co teacher to facilitate planning. Full administrative support and collaboration at both the district and building levels is provided throughout the year with Professional Development. This year we received district level professional development to enrich our work about academic vocabulary. We also use voluntary partnerships with schools within our own campus, school building and local district to help establish common expectations and shared accountability for outcomes. Administration provides adequate resources and expectations for planning and sharing of all resources. It is reinforced and monitored periodically to modify and ensure successful implementation.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Professional Development is provided to all teachers and administrators on the key foci and targeted goals for curriculum instruction, data collection and social emotional learning. We have localized partnerships with P.S 10 and P.S 74 within our own campus, as well as with teams of teachers in our building and support from the local district to help establish common expectations and shared accountability for student outcomes through professional development. We periodically plan parent engagement meetings with these local schools to inform parents of NYSESLAT test taking strategies as well as current instructional areas of focus for the students. This year we held parent engagement workshops on decoding phonics for Newcomer ELLs, and vocabulary strategies for developing ELLs in grades 3-5.
Administration provides adequate resources and expectations for the planning, execution and sharing of all resources through professional development opportunities. It is reinforced and monitored periodically to modify and ensure successful implementation. Through all sessions of Professional Development, teachers are asked to reflect on their student populations (specifically ENL students) and determine how this new learning not only applies to them as

teachers of language learners but also the impact of this learning on student outcomes and expectations.
Our Culturally Responsive Social-Emotional schoolwide team has been established and begun to do some of the curriculum audit to ensure students and their culture/traditions are reflected in our school community and classroom materials. A particular focus on SEL or Social Emotional Learning fosters positive outcomes and has fueled the focus of general assembly's schoolwide.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

At P.S. 16, all teachers have access to professional learning, coaching, and feedback aligned to the school's curriculum and instructional goals, with a strong focus on supporting Multilingual Learners (MLs) and English Language Learners (ELLs). The instructional core reflects consistent, schoolwide practices rooted in best strategies for MLs/ELLs, reinforced by a coherent professional development plan.

ENL teachers will complete at least 15% of their required professional learning hours in ENL-specific training. Staff members participate in ongoing professional development sessions throughout the year, which address how ELLs can meet the Next Generation Learning Standards. Training participation is documented and tracked to ensure all staff meet ENL training requirements.

The ENL department collaborates with school-based staff to design and lead interactive workshops, which are delivered during Monday PD sessions and designated professional learning times. Topics include lesson planning that integrates ELLs, understanding NYS testing mandates, and preparing for the upcoming school year.

In partnership with the Staten Island Borough Office, P.S. 16 ensures staff access to borough-wide ENL/MLL professional development. The ENL Coordinator attends these sessions and shares key takeaways with the school staff. Additionally, the ENL team will lead a Culturally Responsive Book Club to deepen staff understanding of student identity and promote inclusive, equity-driven practices. Teachers are also encouraged to pursue further learning opportunities through the Learning Stream Network.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school administers Map Growth (K-5 ELA and Math) and Acadience (K-2) screeners BOY, MOY, and EOY to guide instructional planning for our ELLs. Data is collected and used to guide our individual and small- group work and instruction.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Sound Sensible for Newcomers ELLs students - provides multisensory instruction in phonological awareness, alphabet knowledge, and understanding letter-sound relationships, as well as handwriting for beginning or striving readers.

SPIRE for Developing ELLs students - provides multisensory instruction in phonological awareness, phonics, spelling, fluency, vocabulary, and comprehension in systematic 10-step teacher-led lessons.

Phonics for Reading for Developing and Former ELLs students- delivers intervention for phonemic awareness, phonics, word recognition, high-frequency words, and encoding while working to build stamina for reading with decodable texts that increase in length and complexity, with support for comprehension.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our MTSS instruction includes Tier 1, Tier 2, and Tier 3 support. Tier 1 HMH Into Reading schoolwide core curriculum is used for teaching and learning objectives. During Tier 1 instruction, at PS 16 teaching and learning are well articulated within and across grade levels so that all students have highly similar instructional and linguistic targets which follow a progression of learning from grades K-5.
Our Tier 1 instruction literacy begins with the selection of targeted goal for instruction within core content, met alongside a targeted linguistic goal for language acquisition and delivery within the content. Reading block instruction is delivered using the HMH curriculum which attends universally to the instructional, linguistic and cultural needs of all students along a continuum, across grade levels K-5. Teachers use a progression of targets related to content and language objectives to differentiate instruction within HMH curriculum. HMH curriculum also provides English Learners with Substantial, Moderate or Light support for all skills within each Module. The Tier 1 lesson is delivered in a To-With-By approach, teachers are able to distinguish the students who need extra support and group them accordingly. The success criteria serves as a checklist for the prerequisite skills involved, in the process of each skill, before target

mastery. Students use the success criteria like a checklist, or rubric to assess and articulate their own level of mastery. Tasks are then set to meet students, on, above, or below grade level, depending the level of mastery the student is at when meeting the design of each new intended target. Students then work in their group by either level, language proficiency or skill readiness and supported in small groups depending on each instructional target of the lesson.

Targeted Tier 2 supplemental small group instruction in addition to the literacy block. Skills are directly and explicitly taught, practiced, scaffolded and reviewed. Scaffolds are used as resources within the lesson, as well as other tools which aid in language mastery such as, use of cognates, sentence starters, language frames, flashcards, visuals supports, oral language supports, vocabulary aids, differentiated tasks, checklists, and or rubrics to help students articulate and apply critical new skills. Several language Check-ins during the independent practice part of small group instruction are used to gauge their mastery of the skill being taught.

Tier 2 and Tier 3 interventions are embedded within the schoolwide WIN (What I Need) Period five times per week. Screener and Core Phonics Survey data determine which intervention students will receive. Sound Sensible, SPIRE, and Phonics for Reading have program specific progress monitoring to drive instruction. In addition CORE Phonics progress monitoring is administered every three weeks to determine growth and any need for adjustments. Students participating in Phonics for Reading are assessed with Acadience ORF to monitor progress.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

P.S 16 uses a combination of formative assessments to guide and inform instruction during and throughout the implementation of core content units, in reading, math and writing. Classroom teachers and ENL teachers use data collected from the NYC Performance Tasks, Home Language Assessment, HMH ELA Assessments, and Envision assessments to target the individual needs of our language learners.
In grades K-5 students are taught and assessed on standards based core content taught from HMH Program. Reading Units are rolled out alongside an instructional and linguistic alignment using umbrella themes which encompass culturally relevant topics. HMH Module Assessments and Exit Tickets measure students' reading comprehension, vocabulary, and written response. Student data is then tracked according to their individual strengths and weaknesses in each core standard area. Using this approach goals can be easily monitored, and achieved while new ones are set. Students are able to track, monitor and articulate these goals themselves, therefore making them agents of their own learning.
Students in K-5 utilize HMH Waggle, digital platform. Waggle's skill-based artificial intelligence (AI) engine provides targeted practice to drive mastery. Waggle ensures students receive personalized and focused practice, fostering deeper understanding and expertise in each ELA and Math.
Pre tests are rolled out both before (pre) and after (post) the end of a unit. Pretests assess prior student knowledge and help teachers plan accordingly to anticipate challenges, before the unit begins. During the unit students are also assessed with informal observations and check ins for understanding, in order to plan for actionable steps which lead to student progress. Dual Language teachers also assess the acquisition of the Spanish language with students in End of Unit tests in Spanish.
ENL Teachers in all grades K-5 use NYSESLAT proficiency levels to help group students during instruction in programming and whole group work during integrated instruction. During small group instruction more skill-centered language based targets are established. Students are grouped and goals are established through data collected from the end of unit tests which are aligned to each standard. Formative checklists aligned to the Targets of Measurement (TOMS) are also used to guide language goals and monitor student performance and growth in every indicator, for each grade level. ENL students use text based academic language and written response structures, embedded into our literacy and Math block on a focus to improve in the areas of reading, listening and writing.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

The students who are eligible for ENL services and whose native language is Spanish are administered the Spanish LAB-R upon initial registration. In the Dual Language program teachers administer formal and informal assessments both in English and in Spanish.
Throughout the year students take a variety of unit assessments in content area (Reading, Math and Writing) tests in Spanish.

Dual Language Teachers in grades K-2 use the Spanish HMH component Arriba la Lectura, to assess student comprehension in reading Spanish texts. The assessment determines independent and instructional reading comprehension for our Dual Language students.

ENL and Dual Language Teachers engage in critical thinking and thought-provoking conversations using turn and talks and conferencing that go beyond retelling and make informed decisions that connect assessment to instruction based on the progress of one to one formative and summative assessments.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At P.S. 016, the effectiveness of Multilingual Learner/English Language Learner (ML/ELL) programs is evaluated using several key summative assessments, including the NYSESLAT, ELA and Math State Assessments (Grades 3–8), and the Classroom ELA HMH Module Assessments and the Math Envision Assessments.

Through unit tests, digital assessments for the HMH program and the WIN period progress monitoring we are able to establish student goals that are aligned to each standard. Students articulate these goals and teachers monitor goal progress using formative checklists aligned to the Targets of Measurement (TOMS), which are also used to guide language goals and to monitor student performance and growth in every indicator, at each grade level. End of unit assessments are also given in Math and articulated by students the same way. Dual language teachers also provide students with math unit assessments in Spanish.

The NYSESLAT serves as the primary measure of English language proficiency, providing insight into students' progress across listening, speaking, reading, and writing. Results from this assessment guide decisions around language supports, instructional grouping, and service levels.

Comparisons between NYSESLAT and ELA/Math results help identify discrepancies between students' language proficiency and academic content mastery, informing targeted instructional adjustments and curriculum supports, such as embedding language scaffolds into content areas.

Altogether, these assessments inform the development and revision of our Language Allocation Policy (LAP) and ensure data-driven decisions that align curriculum and instruction to the diverse needs of the ML/ELL population.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

For the 2025 NYSESLAT testing period, we have used our NYSESLAT team which consists of 3 ENL teachers, the testing coordinator, the school librarian, and the assistant principal. These pedagogues were trained to administer and score both the Speaking, and the Listening, Reading, and Writing, which are administered separately from each other. The Test Coordinator and ENL Coordinator/Assistant Principal run necessary ATS reports to ensure eligibility based on entry date and test history. The tests are then prepared into packets according to the proper grade bands and IEP accommodations. The Test Coordinator develops the testing schedule to be administered by trained pedagogues.

NYSESLAT team members are trained together on how to administer and score the assessment. The NYSESLAT is scored by a team of 5 trained pedagogues in the writing and speaking scoring guides and training sets to facilitate their scoring to ensure fidelity. Students are administered the speaking test by a certified pedagogue on a one- to- one basis starting with Kindergarten and progressing through 5th grade. Once the testing window for listening, reading, and writing opens, we administer the test in groups based on the students' grade bands and proficiency levels. Students with IEPs are grouped based on their grade bands and their IEP recommendations. Classroom teachers with a high concentration of ENL students, and large groups of ELLs within their classrooms, will also participate in training and administration of the NYSESLAT. Upon completion of testing and within the scoring window, selected staff will utilize the NYSESLAT Writing Scoring Guide and training sets to facilitate scoring. ENL teachers attended the NYSESLAT Administration and scored presentations offered from the district. ENL teachers have continued to service and support the students during the testing window to ensure that students were receiving the support needed to excel in all subject areas. Our NYSESLAT team consists of the following: Kimberly Worsdale, Assistant Principal, Suzanne Stevenson, Testing Coordinator, Lara Scaringella, Alexandra Scribani, and Tara Kempf, ENL teachers. Additional Support Staff include Dual Language Teachers.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

All ENL students are entitled to test accommodations for up to two years after testing out of ENL services. Teachers of Language Learners continue to monitor these identified students throughout the school year to offer accommodations and ensure students are matched to supportive accommodations. These are then shared with our Test Coordinator and scheduled for implementation during any state assessment.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Family support begins with assistance in completing the necessary paperwork to ensure a smooth and effective ELL intake interview. Staff guide both students and parents toward academic pathways that align with their needs, including language preferences.

Within 10 days for General Education students and within 20 days for ELL w/IEPs intake, families attend an ELL program orientation in their preferred language, as indicated on the HLIS form. The session includes a brief presentation from the ENL teacher and translator, outlining student eligibility and program options. Parents also view the NYC ELL Programs video and have the opportunity to ask questions before selecting the most appropriate program for their child.

To further support families, ELL Parent Engagement Workshops are held annually to update parents on curriculum, teaching strategies, and to provide resources that help promote language development at home.

All documentation is kept on file in the main office. This is maintained by the ENL team.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this

meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual individual Parent meetings are held once annually, in addition to the 4-city wide mandated Parent Teacher conferences. Individual parent meetings can be held remotely, in person, or by the phone and with a translator who speaks in the parent's preferred language for communication. The program model, student performance as well as goals and objectives are discussed with the parent to ensure ongoing continued support for secondary language acquisition.
This documentation is kept on file in the main office.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All written notices are backpacked, mailed and delivered in the parent's preferred language of communication, as requested on their Home Language and Identification Survey. PS 16 also uses Operoo to communicate with our parents in their language of choice. Blasts, email reminders and communications are conveyed through Operoo which translates all messages into the parents preferred language for communication. Phone calls and verbal communications are assisted and delivered through a translator either at P.S16 when available, or at the Department of Education office of Translation and Interpretation Services. Operoo offers the opportunity for families to communicate in their home language and get translated into English for the school staff to read.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

PS 16 holds a series of Parent Workshops aligned to our school wide target goals. This year we held, "Word Wizard". The Word Wizard Workshop reviews many strategies parents can use for decoding phonics and vocabulary. These workshops align with our schoolwide target goals of focusing on phonics for newcomers and students in grades K-2 , as well as, delving deeper into vocabulary in grades 3-5.

Spring Workshops feature a K–5 NYSESLAT Preparation session, giving parents insight into expectations across each language modality, exemplar writing samples, and practice questions. In response to the growing need for community outreach, we also introduced a Newcomer Family Toolkit Workshop. This session connected newly arrived families with vital resources—including support with immigration challenges, healthcare, housing, financial aid, and food assistance—empowering them to navigate life in their new communities. Newcomer Ell families are also invited to multicultural school events that their children participate in like trips, shows, sporting events, holiday, and multicultural celebrations that help build bridges and foster a partnership with families.

Parent surveys (google forms), student data and teacher input support decisions around what families need and how to best support their needs. We also elicit this information during Title 1, SLT and PTA meetings

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

All family partnerships are communicated through the Operoo System to notify parents of upcoming events and opportunities hosted by the school and local community. Operoo provides translation in their home language of choice. Family meetings are held bi-monthly by the Parent Coordinator, in conjunction with either NYCID, the ENL teachers, the PTA, the leadership team or the classroom teachers.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

The ENL specialists support the staff of PS 16 to assist the families of our ELLs by holding workshops with the Parent Coordinator and the Assistant Principal. The support the families receive begins as minimally as filling out the necessary paperwork to support and ensure quality interview and intake into NYC public schools. The staff members are also available to guide students and parents in the direction that will best meet their academic needs, especially when informing parents of their native language. The guidance counselor also receives professional development to assist ELLs as they transition from elementary to middle school.
We also partner with several outside organizations such as NYCID, Canvas Institute

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

n/a

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Identification team members:
Tara Kempf, ENL Teacher
Lara Scaringella, ENL Teacher
Ali Scribani, ENL Teacher
Hillary Spitalieri, Common Branch Teacher
Sue Stevenson, Common Branch Teacher/Test Coordinator
Lorraine Vazquez, Dual Language Teacher (Spanish Lab)
Miriam Borras-Pena, Dual Language Teacher (Spanish Lab)
Jackie Santiago, Dual Language Teacher (Spanish Lab)
Mayda Umana, Dual Language Teacher (Spanish Lab)
Caroline Castro, Dual Language Teacher (Spanish Lab)
Sally Martinez, Dual Language Teacher (Spanish Lab)
Lisa Barbosa, Bilingual Paraprofessional (Spanish)
Miah Tashlima, Bilingual Paraprofessional (Bengali)
Aferdita Qjoisa, Bilingual Paraprofessional (Albanian)
Rita Diaz, Parent Coordinator/Language Access Coordinator/Translator (Spanish)
Kimberly Worsdale, Assistant Principal/Coordinator

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our ELL Identification team consists of five licensed and trained pedagogues, bilingual paraprofessionals who are fluent speakers, readers, and writers of Spanish, Bengali, and Albanian and the bilingual parent coordinator. We have six certified bilingual teachers who administer the Spanish Lab as needed. When a new student enrolls in our school, the parent coordinator informs the identification team immediately, and the intake process is initiated based upon our

ELL Identification Staff Schedule. A teacher meets and greets the family and administers the HLIS (Home Language Identification Survey) with the help of a bilingual paraprofessional or the parent coordinator for translations and interpretations. The teacher then interviews the student using our interview questions that are appropriate for the students' age and grade level. After the interview, we use a grade appropriate screener that was prepared by qualified grade level teachers, is grade level standards-based and assesses the four modalities of the NYSESLAT, to measure the students' literacy and linguistic skills. If the student is determined to be a potential language learner, the teacher enters the appropriate HLC (Home Language Code) into ATS and administers the NYSITELL. If the student has an IEP, the Language Proficiency Team (LPT) meets to determine if the student qualifies for the NYSITELL. If the student's home language is Spanish, we administer the Spanish Lab the following day after the NYSITELL scores are shown on the RLAT report.

Once the student's NYSITELL scores show on the RLAT we inform the parents/ guardians of the student's entitlement to ELL/MLL services. We send an entitlement letter home and invite the parents to the ELL's Parents' Orientation. The (in-person) parents' orientation consists of two parts. The first part is the agenda, explanation of services, and the NYS video in the family's preferred language. The second part is for answering the parents' questions and guiding and assisting them in filling the parents' choice form and signing it. During the identification process the students receive provisional ENL services until the parents decide and choose a bilingual program for their child. If the parent is non-responsive after a minimum of 4 logged outreaches by the ELL department, the student is defaulted into ENL services based upon their proficiency level. Once the parents/ guardians sign the forms and choose a program, the child gets placed in the chosen program and the family receives a placement letter. All the paperwork is scanned and saved in our virtual ENL binder, and the original copy is secured in the student's cumulative records. The ATS ELPC screen is updated within the compliance period 20 days for Parent Program Choice and BNDC screen adjusted if there is a change in program from the original placement.

Identification team members:
Tara Kempf, ENL Teacher
Lara Scaringella, ENL Teacher
Ali Scribani, ENL Teacher
Hillary Spitalieri, Common Branch Teacher
Sue Stevenson, Common Branch Teacher/Test Coordinator
Lorraine Vazquez, Dual Language Teacher (Spanish Lab)
Miriam Borras-Pena, Dual Language Teacher (Spanish Lab)
Jackie Santiago, Dual Language Teacher (Spanish Lab)
Mayda Umana, Dual Language Teacher (Spanish Lab)
Caroline Castro, Dual Language Teacher (Spanish Lab)
Sally Martinez, Dual Language Teacher (Spanish Lab)
Lisa Barbosa, Bilingual Paraprofessional (Spanish)
Miah Tashlima, Bilingual Paraprofessional (Bengali)
Aferdita Qjoisa, Bilingual Paraprofessional (Albanian)
Rita Diaz, Parent Coordinator (Spanish)
Kimberly Worsdale, Assistant Principal/Coordinator

One of our ENL teachers, our Spanish Speaking Parent Coordinator, Administration and Office staff greets the newly enrolled students upon enrollment. This activity happens before the beginning of the school year, as well as, new registrants who enroll in our school throughout the year. Students are given a tour of the school building to include important locations such as the Gymnasium, the Cafeteria, Bathrooms located on all floors, the Main Office and the Schoolyard. All newly enrolled students are paired with another student who can act as a buddy/translator and help acclimate them to our school community, which is facilitated by the Guidance Counselor and Parent Coordinator. Typically this is arranged within the same class or grade level where possible. This helps the newcomers adjust and feel welcomed to their new surroundings. If the student is in a temporary housing situation or in need of other critical assistance, the school social worker provides uniforms and school supplies, as well as other helpful medical, health, linguistic and financial resources that parents need to help them become settled into their new community.

The school guidance counselor, who speaks Spanish, is always available to help students transition into their new school and our Bilingual Parent Coordinator. Our Bilingual staff, particularly our School Psychologist, Social Worker, Guidance Counselor and Speech and Language Pathologist will host a variety of workshops throughout the year, supporting the whole child. Topics include but are not limited to: Transitioning to My New School Community, Parents as Learning Partners: Supporting my Language Learners At Home, Building Academic Language at Home, Homework Help!, The Special Education Process: Services, Support and Next Steps for ENL SWD, etc.

To ensure that ELLs and former ELLs continue to receive mandated instruction throughout the identification and onboarding process, the school has implemented a proactive and structured plan. All newly enrolled students identified as potential ELLs begin receiving provisional ENL services immediately upon registration, delivered by certified ENL and bilingual teachers. These services are aligned with grade-level standards and tailored to the student's assessed proficiency level. Former ELLs are monitored through scheduled progress checks and receive targeted academic and linguistic support as needed. Instructional teams collaborate to ensure that no interruption occurs in mandated services, and that all students, regardless of identification status, have access to appropriate language development instruction during this transitional period.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they

attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Rita	Diaz	Parent Coordinator - Annual	02/26/2025	y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	1	0.28%	1	0.24%	1	1
ARABIC	5	1.38%	6	1.67%	0	0
BENGALI (BANGLA IN BANGLADESH)	6	1.65%	6	1.67%	1	1
ENGLISH	202	55.65%	200	55.71%	80	80
SPANISH	149	41.05%	146	40.67%	15	15

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Parent Newsletters	Use of staff and DOE translation and interpretation office, as needed
Notices	Use of staff and DOE translation and interpretation office, as needed
Report Card Comments	Use of staff and DOE translation and interpretation office, as needed
DOE protocols and procedures	Use of staff and DOE translation and interpretation office, as needed
School-specific protocols and procedures	Use of staff and DOE translation and interpretation office, as needed
Parent Workshop Notices	Use of staff and DOE translation and interpretation office, as needed
Announcements	Use of staff and DOE translation and interpretation office, as needed
Progress Reports	Use of staff and DOE translation and interpretation office, as needed
PTA Meetings: Invitations, Minutes, Events	Use of staff and DOE translation and interpretation office, as needed
IEP Meetings and	Use of staff and DOE translation and interpretation office, as needed

Related Testing Documents	
Parent Teacher Conferences	Use of staff and DOE translation and interpretation office, as needed
Curriculum Night	Use of staff and DOE translation and interpretation office, as needed
Individual Parent Meetings	Use of staff and DOE translation and interpretation office, as needed
Orientation	Use of staff and DOE translation and interpretation office, as needed
Registration	Use of staff and DOE translation and interpretation office, as needed
Communication from the Nurse	Use of staff and DOE translation and interpretation office, as needed

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Welcome Back September Conference	Use of staff and DOE translation and interpretation office, as needed
Registration	Use of staff and DOE translation and interpretation office, as needed
Parent Workshops	Use of staff and DOE translation and interpretation office, as needed
Parent Teacher Conferences	Use of staff and DOE translation and interpretation office, as needed
Individual Parent Meetings	Use of staff and DOE translation and interpretation office, as needed
IEP Meetings	Use of staff and DOE translation and interpretation office, as needed
May Parent Conference	Use of staff and DOE translation and interpretation office, as needed

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance,

nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Based on parent language preference, we utilize school staff to support communication as much as possible. We also use
Robocalls, text messages, and emails. If needed, we will use the translation and interpretation unit to communicate with
families who we do not have a staff member who can speaks in their language of preference. In the event of an emergency
and the likely inability to get support from the translation and interpretation unit, we will use DOE resources, and Microsoft
Translator.
Parents can call the school at any time and as needed, staff members speaking their language of preference will support.
Furthermore, we will use the translation and interpretation unit.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At our opening faculty conference and in our staff handbook we outline translation and interpretation supports and resources for our school community. Our Language Access Coordinator, Rita Diaz, ensures staff has a comprehensive understanding of the resources available as translation and interpretation are needed.

Staff are given time during opening Professional Development sessions to view and complete the NYCPS Language Access Training and must provide Administration with the completed certificate or email confirmation to track completion.

Throughout the year and as needed, our LAC, Ms. Diaz also ensures any changes to a parent's preferred language (oral or written) as well as newly admitted families are communicated with Classroom teachers, office staff and updated on our inhouse log of family preferred languages. All communication with staff is done through the Google Shared Drive and emails.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

To the best of our ability, we will communicate to ensure our families have the information necessary to have a safe and successful school year. Through use of DOE website resources, the translation and interpretation unit, purchase of bilingual and multi-lingual resources, we will ensure the following are provided in the language of preference, including, but not limited to:
- Multi-lingual signage
- All flyers and family letters
- All Family engagement events
- Family handbook
- School Messenger Robo Calls and texts
- Ongoing notices
- Operoo which translates every notice to the parents' preferred language. - Bilingual staff members

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Through the use of google form surveys, we will request feedback and guidance to ensure we are supporting parents in their language of preference. We plan to celebrate Identity throughout the year and during those scheduled time, we will engage families to learn more about them and how they prefer to communicate, engage and interact with the school.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Based on survey results we have continued to monitor and raise awareness about ensuring clear and preferable communication with families. Staff is in constant communication with families and at any time,if there's a change in preferred language, it will be communicated with the LAC, pertinent staff and the main office.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

48

Grades to be served in this program. Select all that apply.

,2,3,4,1,5

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**

- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

We are implementing an ENL Newcomers program that will enhance our entering and emerging ELL population from grades 1-4. These students also qualify to be serviced under our Immigrant Funding. This after school program will run for 10 weeks starting in January 2025 and ending in April 2026.

The program will be instructed by our ENL teachers, and will run from 3:00pm -4:30pm. There will be two sessions, running simultaenously on Wednesdays and Thursdays after school.

The language of instruction will be English and there will be two classes with 10-15 students in each group. We will be using the research-based supplemental program Finish Line. On Wednesdays and Thursdays the program will be divided into the two sessions, with one hour of instruction in Reading/Writing using Finish Line program. The program supervisor will regularly observe instruction and provide timely and effective feedback to the staff, to enhance instructional practices in the classroom. The program supervisor will support the staff with implementation of instructional initiatives and necessary training or support.

All students in Grades 1-5 will also receive additional support using intervention supplemental programs such as Sound Sensible and SPIRE, which are whole language, phonemic development program emerging students in expanding their phonemic development.

Also, Teachers will also utilize Focus in on Reading to build language acquisition as well as practice ELA strategies. These programs help students acquire the English Language through content driven lessons and standard based learning incorporated into each lesson. All four modalities of English Language acquisition will be incorporated into each lesson. These programs are additional supplemental programs. The materials aforementioned, are supplemental and distinct from those used for daily instruction.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

In order to support and enhance second language acquisition, students need opportunities beyond daily classroom support and imbedded practices to continue growing. By having students work with language learning peers in small groups, with a focusing on the use of discussion and cooperative learning, supports building language and peer-to-peer collaboration. Giving students more time to explore language within these extracurricular blocks further enhances the strong foundation they will receive during the school day.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Entering and Emerging Students from 1-5, with a focus on our Hispanic students as a subgroup.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Two Cohort sessions; total of 2 classes
Session 1 Wednesdays, two teachers, two student groups
Session 2 Thursday, two teachers, two student groups

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

In order to enhance our students' acquisition of the English Language, instruction will be provided in English with appropriate supports and modifications to support students' individual needs and path.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

2 teachers, all TESOL or Bilingual Certification

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Finishline New York ELLs and Imagine Learning Platform

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Collaboration with Administration, the Language Access Coordinator and the ENL Teachers will enhance language and literacy through school day and after school opportunities. The documentation of communication, invitations to any workshops or partners in learning and attendance will be documented and tracked through the Google Drive.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

With close to 31% of our student population identified as English Language Learners, school-wide pedagogical support continues to be a priority at PS16. In order to support school-wide goals our school 's professional development program for Title III teachers emphasizes collaboration between the classroom teacher and ENL teacher. Providing consistency and coherence among our push-in ENL teachers and their colleagues is vital to the success of students.

The collaboration allows for continuity of expectations and implementation of instruction. This is accomplished through having two common preparation periods each week. During this time, ENL teachers meet with classroom teachers in order to identify student needs to plan multiple entry points for all learners in order to maximize the teaching and learning during their work sessions. Collaboratively, the teachers will plan scaffolding of questions, tasks and visually engaging learning opportunities for ELL students.
As part of our Title III plan, we will conduct a book study with the ENL Teachers and Dual Language teachers. The teachers will be paid from the 10% of the Professional Development monies in the Title I I I budget. Our Dual Language and ENL Model Teachers, Sally Martinez and Alexandra Scribani, will facilitate the book study on developing vocabulary skills. We currently have 6 licensed Bilingual teachers in grades K-5. This book study will be 6 sessions, on Wednesdays in November and December for 1hr. After the book study is completed, these 6 teachers will turnkey the strategies to our general education teachers during the required Professional Development morning sessions in January. Professional Development will be held on Monday afternoon from 2:40-3:20 for approximately 10 sessions from September 2025- May 2026.

Our ENL team will turn key topics related to language learners and the Science of Reading, implementation and compliance of CR 154, planning and implementing instructional ESL strategies driven by goals retrieved from the NYSESLAT data and our school wide Learning Focus Area, as well as, an introduction to the use of SIOP in ENL lessons.

Our ENL teachers will attend district workshop learning series sessions from September 2025- June of 2026, as available. We will collaborate with district support to increase language proficiency goals, creating language objectives when designing instruction and progress monitor to ensure that instructional practices align to students' strength and needs. Teachers will attend professional development workshops offered throughout the district as well as offered

from DML-Division of Multilingual Learners. We will actively seek workshops which will strengthen instructional strategies and pedagogical models maximizing teaching and learning for all ELLs. We will identify various opportunities throughout the school year.

The principal will maintain all records in her office in a secure file cabinet. Agendas will be made for each turnkey workshop and held in a binder. Sign in sheets will be kept tracking regular classroom teachers and ENL/Bilingual teachers' participation and attendance.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Ongoing participation and turn-key of district level professional development sessions builds collaboration of teamwork and ownership of language needs for our students. By providing time for teachers to discuss ways to support of language learners, sharing and developing best practices is enhanced.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers will receive training on how to support and build language skills, as this is an important skill that teachers need. This will be done through common planning time, peer collaborative sessions, and professional development sessions.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

After-School during Monday PD time, from 2:40-3:40 (one hour), and a minimum of 10 sessions from September 2025 to April 2026.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Language Acquisition, Advanced Literacy and the Science of Reading: tools, modifications and supports to enhance students English Language Proficiency.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

TESOL Teachers and ENL Coordinator/Assistant Principal

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

The principal will maintain all records in her office in a secure file cabinet. Agendas will be made for each turnkey workshop and held in a binder. Sign in sheets will be kept tracking regular classroom teachers and ENL/Bilingual teachers' participation and attendance.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Our school offers many activities focused on parent engagement, specifically for parents of our second language learners in order to promote academic achievement among ELLs. P.S. 16 has a full service parent center, in which families can attend workshops, by attending scheduled Google Meets and in-person. These workshops are provided in English and Spanish.
Our school employs a full-time bilingual Parent coordinator, and part-time Bilingual school social worker, part-time Bilingual psychologist and a full-time Bilingual Guidance Counselor to support the linguistic needs of our students and families. We utilize our bilingual staff to assist teachers in making contact with parents concerning their children's academic and social and emotional progress, needs or concerns at parent / teacher conferences, ENL annual parent meetings, Special Education IEP meetings, as well as during any meetings the parents might have with the teachers that require language support.

Parents will attend workshops during the school day that are held once a month beginning in September and running through June, held in-person. There are 20 parent sessions a year, for 1 hour each session. Based on feedback from the PTA, SLT, and a parent survey, some of the parent requested topics include; Welcome Back: an informational meeting for Ell parents to learn about the curriculum, specific academic strategies and skills used support language acquisition and proficiency.
There are also informational sessions pertaining to the State Exams: NYSESLAT, ELA, Math testing and the modifications for ELL students, support in understanding the writing process and the progressions of reading as indicated by the standards. In addition, we will provide opportunities with methodologies to support the extension of learning at home and through local venues in our community.
We look forward to inviting our parents into the classrooms to share in their child's learning monthly, during our parents as learning partners events which are in-person. Parents are invited to in-person and virtual visits for our Writer's Celebrations, ensuring parents still have access to their child's learning and classroom environment.
Educational Workshops on Health and Nutrition are conducted three times throughout the school year, coordinated with the Parent Teacher Nights. These works hops include: Asthma, Flu and germ prevention, stress management and lead poisoning. As part of our Respect For All program, there are bi-monthly works hops on bullying and cyber-bullying. These workshops are facilitated by Rita Diaz, our bilingual parent coordinator and our Respect for All liaison, Bilingual Guidance Counselor Jen Colon. Additionally, during the Middle School Application process, our Parent Coordinator will host information sessions supporting the parents in accessing, completing and submitting their application through virtual parent meetings.

PTA meetings are held once a month, on the third Wednesday, with alternating day/ evening times. Al l of these meetings are conducted in both English and Spanish. Following each day time PTA meeting, bi-monthly there s a

Family Literacy works hop provided for parents, with home language interpreters present, hosted by the Bilingual Parent Coordinator.

All home/school connection information and events are provided in both English and Spanish in both physically in the building as well as virtually on our Google platform. Flyers and school calendars are sent home with students, shared digitally through email, posted on dismissal and arrival doors, posted on the bulletin board outside the parent center, and placed on our school website.

Our Parent Coordinator will maintain all records in a Title 3 binder with attendance, agendas and materials shared. All communication will be provided in the parents' preferred language of choice, through available bilingual staff members or through the use of the Translation Unit.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parents are a vital partner in the process of advancing our students' academically, socially and emotionally. Parents need support and by partnering with the school and their child's teachers, we are bridging the home and school connection. By continuously surveying our families, we are able to provide and adjust our monthly workshops to ensure we are meeting the needs of our school community.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Twice a month at minimum, one hour sessions evenings and afternoons during the week.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

*Welcome Back: an informational meeting for Ell parents to learn about the curriculum, specific academic strategies and skills used support language acquisition and proficiency.

*Academic and social and emotional progress support the linguistic needs of our students and families
*Supporting Students with Disabilities and Language Learners: Understanding Your Child's Disability and Ways to Support at Home
*There are also informational sessions pertaining to the State Exams: NYSESLAT, ELA, Math testing and the modifications for ELL students, support in understanding the writing process and the progressions of reading as indicated by the standards.
*In addition, we will provide opportunities with methodologies to support the extension of learning at home and through local venues in our community.
*Educational Workshops on Health and Nutrition are conducted three times throughout the school year, coordinated with the Parent Teacher Nights. These works hops include: Asthma, Flu and germ prevention, stress management and lead poisoning

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ENL Teachers
Classroom Teachers
Parent Coordinator
DOH Nurse
Administration

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Operoo, RoboCalls, Flyers, Google Classroom Notification and Backpacked Flyers

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The Parent Coordinator will maintain all records in her office in a secure file cabinet. Agendas will be made for each turnkey workshop and held in a binder. Sign in sheets will be kept tracking staff and family's participation and attendance.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$21,742

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,2,3

Total number of teachers in this program:

2

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Program Name:
"Language & Literacy Enrichment Club"
When the Program Takes Place:
After school, twice a week (Tuesdays & Thursdays), 2:45 PM– 4:45PM, December – March.

Activities & Instructional Enhancement:

Interactive Read-Alouds & Shared Reading: Builds listening comprehension and vocabulary.
Writing Workshops: Students create short narratives and informational texts, reinforcing academic language.
Cultural Heritage Projects: Students research and present about their home countries, promoting identity and oral language development.

Digital Literacy Stations: Use language-learning apps for phonics and vocabulary practice.
These activities provide extended opportunities for ELLs to practice English in meaningful contexts, aligned with grade-level standards.

Student Grouping:
Students grouped by grade and language proficiency.
Grade 2: 15 students (10 ELLs)
Grade 3: 15 students (10 ELLs)
Total: 2 groups, 30 students, 20 ELLs.

Instruction Delivery Model:
Small-group instruction with team teaching (one ESL teacher and one classroom teacher per session). Teachers rotate between groups for targeted language support.
Supervision Details:

Supervisor: Site Coordinator (Assistant Principal/Principal).
Funded by Title III Immigrant: Yes.
Regular Work hours: 7:00- 3:00
Paid Per-Session Hours: 3:00 PM–5:00 PM (2 hours per session).

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Key Findings from Data

Grade 2:
Many students started at EN and moved to EM or TR, but several remain EN/EM in 2025.
Example: (EN ? EN ? EM), (EN ? EM ? TR).

Grade 3:
Similar pattern: multiple students remain EN/EM after two years.
Example: (EN ? EM ? EM), (EN ? EN ? EM).

Quantitative Summary:

Grade 2:
EN/EM in 2025: ~12 students (out of 18).

Grade 3:
EN/EM in 2025: ~14 students (out of 22).

Persistent low proficiency indicates need for extended language support.

Qualitative Observations:

Students with EN/EM status often show slow progression despite classroom instruction.
Teachers report these students struggle with academic vocabulary and reading comprehension.
Families request additional language opportunities beyond school hours.

Rationale:
Quantitative Data:
RLAT shows X% of 2nd graders and Y% of 3rd graders remain EN/EM in 2025.
Many students show minimal movement across three assessment cycles.

Qualitative Data:
Classroom observations: EN/EM students need targeted oral language and literacy support.
Parent feedback: desire for culturally responsive, language-rich activities.

Data Sources:
RLAT 2023–2025 proficiency data (columns LBR/NYTL DEC, LAT 2024 DEC, LAT 2025 DEC).
Teacher anecdotal notes and family surveys.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Grade 2: 15 students (10 ELLs)
Grade 3: 15 students (10 ELLs)
Total: 2 groups, 30 students, 20 ELLs (Entering and Emerging)

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The program will run January through March (1/7 - 3/12)
18 sessuib
Wednesday and Thursday
2:45 - 4:45

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

English instruction, translation through digital tools, staff, translation unit as needed.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

2 certified ENL/Bilingual teachers

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

ENL extension materials from HMH Into Reading

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Parent info session and permission slip outlining program
File in the main office with hold all records

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The PD will focus on enhancing instructional practices for immigrant students and ELLs, specifically targeting Entering and Emerging proficiency levels identified in RLAT data. Topics include:

Scaffolding Academic Language for EN/EM students.
Culturally Responsive Teaching Strategies to support immigrant families.
Integrating Language Objectives into Content Areas (ELA, Math, Science).
Using Formative Assessment Tools to monitor language growth.

Activities Teachers Will Engage With by Topic:

- Scaffolding Academic Language

- Analyze RLAT data to identify language gaps.
- Practice sentence frames and structured oral language routines.
- Develop lesson plans with embedded language supports.

Culturally Responsive Teaching
- Create classroom activities that reflect students' cultural backgrounds.
- Role-play family engagement strategies.

Language Objectives in Content Areas

- Collaborate in grade-level teams to design integrated lessons.
- Use station rotation models for language practice.
- Apply strategies for vocabulary development in math and science.

Formative Assessment
- Learn to use language rubrics.
- Practice analyzing student work samples for language progress.
- Plan interventions based on assessment data.

Funding Details
Partially funded by Title III Immigrant funds and partially by other school funds

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Activity: Scaffolding Academic Language for EN/EM Students

Quantitative Analysis:
RLAT data shows that over 60% of 2nd graders and 65% of 3rd graders remain at Entering or Emerging levels in 2025. Many students progressed only one level across three assessment cycles (LBR/NYTL DEC ? LAT 2024 DEC ? LAT 2025 DEC).

Qualitative Analysis:
Teacher observations indicate EN/EM students struggle with oral participation and academic vocabulary.
In-house surveys reveal teachers feel underprepared to integrate language objectives into lessons.

Data Sources:
RLAT proficiency trends (2023–2025).
Teacher observation logs and school-based PD needs survey.

Activity 2: Culturally Responsive Teaching Strategies
Quantitative Analysis:
Family engagement surveys show 40% of immigrant families report limited communication with teachers due to language barriers.

Qualitative Analysis:
Teachers report difficulty connecting curriculum to students' cultural backgrounds.
Parent feedback highlights need for culturally relevant materials.

Data Sources:
Family engagement survey results.
Teacher focus group notes.

Activity 3: Integrating Language Objectives into Content Areas

Quantitative Analysis:
RLAT data indicates reading and writing scores for EN/EM students remain significantly below grade-level expectations.

Qualitative Analysis:
Classroom walkthroughs show limited use of language objectives in math and science lessons.

Data Sources:
RLAT domain scores (Reading/Writing).
Instructional leadership team observation data.

Activity 4: Formative Assessment for Language Growth
Quantitative Analysis:
RLAT progression data shows slow movement from EN to TR, suggesting need for targeted monitoring.

Qualitative Analysis:
Teacher feedback indicates uncertainty in using language rubrics and interpreting assessment data.

Data Sources:
RLAT longitudinal data.
Teacher PD needs assessment survey.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Teachers to Receive Professional Development
All teachers working with immigrant students and ELLs in the Title III Immigrant program will receive ongoing, targeted PD aligned to program goals and student needs identified through RLAT data.

How Teachers Will Receive Ongoing PD

Initial Training:
Kick-off session before program launch to introduce strategies for scaffolding academic language and integrating language objectives into content areas.

Monthly PD Cycles:
After-school workshops focused on specific topics (e.g., culturally responsive teaching, formative assessment for language growth).

Embedded Coaching:
Instructional coaches will provide classroom-based support and model lessons during the school day.

Collaborative Planning Sessions:
Teachers will meet in grade-level teams to design lessons incorporating language supports for EN/EM students.

Topics and Activities:
- Academic Language Development:
- Teachers analyze RLAT trends and create sentence frames for EN/EM students.

Culturally Responsive Practices:
- Teachers engage in case studies and design culturally relevant activities.

Language Objectives in Content Areas:
Teachers develop integrated lesson plans for ELA, Math, and Science.

Formative Assessment:
Teachers practice using language rubrics and interpreting student work samples.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

5 sessions
Start date: January 5 ,
(February 23, March 23, April 13,)
End Date: May 25
Mondays 2:40 - 3:40 (1 hour)

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Activity 1: Scaffolding Academic Language for EN/EM Students
Topics:
- Understanding RLAT data and language proficiency levels.
- Strategies for oral language development (sentence frames, structured conversations).
- Building academic vocabulary across subjects.
- Differentiating instruction for Entering and Emerging ELLs.

Activity 2: Culturally Responsive Teaching
Topics:
- Principles of culturally responsive pedagogy.
- Connecting curriculum to students' cultural backgrounds.
- Family engagement strategies for immigrant families.
- Creating inclusive classroom environments.

Activity 3: Integrating Language Objectives into Content Areas
Topics:
- Writing language objectives aligned to grade-level standards.
- Embedding language supports in ELA, Math, and Science lessons.
- Using station rotation and cooperative learning for language practice.
- Designing tasks that promote speaking, reading, and writing.

Activity 4: Formative Assessment for Language Growth
Topics:
- Using language rubrics for Listening, Speaking, Reading, Writing.
- Analyzing RLAT trends to inform instruction.
- Collecting and interpreting student work samples.
Planning targeted interventions based on assessment data.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

To be determined

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

In the main office Title 3 file

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Family Engagement Activities Summary
Purpose:
To strengthen partnerships between school and families of immigrant students (including ELLs) by providing resources, language support, and culturally responsive opportunities that empower families to support student learning.

Activities and Topics

Family Orientation & Resource Workshop

Topics:
Understanding Title III Immigrant program supports.
Navigating school systems and academic expectations.
Accessing translation and interpretation services.

Format: In-person workshop with multilingual materials.
Funded by Title III Immigrant? No
Literacy at Home Sessions

Topics:
Strategies for supporting reading and writing in English and home language.
Using bilingual resources and digital tools.

Format: Interactive sessions with take-home literacy kits.
Funded by Title III Immigrant? No

Cultural Heritage Celebration

Topics:
Sharing cultural traditions and stories.
Building community connections among immigrant families.

Format: Evening event with student performances and family presentations.
Funded by Title III Immigrant? No

Parent Leadership & Advocacy Training

Topics:
Understanding rights and responsibilities in education.
Advocating for language access and academic support.

Format: Series of workshops led by bilingual facilitators.
Funded by Title III Immigrant? No

Funding Compliance

All activities funded by Title III Immigrant will adhere to allowable costs:

OTPS for materials and translation services.
Per-session compensation for facilitators within budget limits.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Rationale for Family Engagement Activities
Activity 1: Family Orientation & Resource Workshop

Quantitative Analysis:
Parent survey data shows 45% of immigrant families report difficulty understanding school systems and available supports.

Qualitative Analysis:
PTA/PA meeting notes indicate families request more information on translation services and academic expectations.

Data Sources:
Parent engagement survey, PTA/PA requests, school-based family feedback.

Activity 2: Literacy at Home Sessions

Quantitative Analysis:
RLAT data shows over 60% of EN/EM students in Grades 2 and 3 score below proficiency in reading and writing, indicating need for home literacy support.

Qualitative Analysis:

Parent focus groups reveal families want strategies to help children read in English and home language.

Data Sources
RLAT 2025 scores, parent focus group notes, teacher anecdotal reports.

Activity 3: Cultural Heritage Celebration

Quantitative Analysis:
School climate survey indicates 30% of families feel disconnected from school culture.

Qualitative Analysis:
Parent advisory council requests more opportunities to share cultural traditions.

Data Sources:
School climate survey, PA meeting minutes.

Activity 4: Parent Leadership & Advocacy Training

Quantitative Analysis:
Family engagement survey shows low participation in school decision-making among immigrant families.

Qualitative Analysis:
Parents express need for training on navigating educational rights and advocating for language access.

Data Sources:
Family engagement survey, parent interviews.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Monthly November through May
7 sessions
Thursday afternoons, 2:45 - 4:00

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Family Orientation & Resource Workshop

Overview of Title III Immigrant program supports.
How to access translation and interpretation services.
Understanding school systems, grading, and academic expectations.
Navigating digital platforms for communication and learning.

Literacy at Home Sessions

Strategies for supporting reading and writing in English and home language.
Using bilingual resources and digital literacy tools.
Building routines for language-rich home environments.
Encouraging oral language development through family conversations.

Cultural Heritage Celebration

Sharing cultural traditions and stories with the school community.
Promoting student identity and pride in heritage.
Building connections among immigrant families and staff.
Highlighting multilingualism as an asset.

Parent Leadership & Advocacy Training

Understanding educational rights and responsibilities.
Advocating for language access and academic support.
Participating in school decision-making processes.
Building leadership skills for parent advisory roles.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Bilingual, ENL Staff, Parent coordinator

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Flyers, phone calls, emails
Translation unit as needed, otherwise school staff, Operoo/GAMA
School staff will provide translation, digital translation tools

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

In the main off MLL file

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$5,097

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
