Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Amanda Mezzatesta	*Principal or Designee	
Jacqueline Oliveras	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Quashana Baldwin	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Luisa Martin	Assistant Principal	
Linnette Arroyo	Bilingual Teacher	
Sharlene Velez	ESL Teacher	

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

1. Analyze: Data Variation - Identification

April 25, 2025

2. Analyze: Data Variation - Share and Explore

May 2, 2025

3. Analyze: Survey Data

May 16, 2025

4. Listen: Student Interviews

May 21, 2025

5. Envision: Reflect and Synthesize

May 30, 2025

6. Plan Writing and Revision

June 2, 2025

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously.

THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd
Luisa Martin	Assistant principal	4/25	5/02	5/16	5/21	5/30	6/2

Section 4: School Summary

Accountability Status

Accountability Status: **CSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

In strong collaboration with all community stakeholders, we believe all students can meet high standards of excellence within a safe and nurturing environment. We are committed to a standards-aligned curriculum in all content areas while integrating social-emotional practices. When coupled with targeted professional development, we address our community's cognitive and social-emotional growth. We believe in a culturally responsive curriculum that embraces our diversity. We provide equitable opportunities for our students to become independent, confident risk-takers by cultivating academic life skills such as foundational literacy, critical thinking, and technological competency. This will set all students on a path to becoming college and career-ready and enable them to rise to the challenges of our ever-changing society

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 20 Port Richmond is a vibrant and diverse elementary school located in the heart of the Port Richmond community on Staten Island. Our school serves a population of approximately 280 students, reflecting a rich tapestry of linguistic, cultural, and academic needs. Our student population represents families from Asia, Chile, Colombia, Ecuador, Honduras, Mexico, Peru, Venezuela, and the Middle East. Our staff consists of 2 administrators, 23 certified teachers with multiple licenses, 9 paraprofessionals, and an extensive support staff. Our School-Based Assessment Team is composed of a 4 day/week bilingual psychologist, a 2 day/week bilingual social worker, along with related-service providers in Speech, Occupational Therapy, and Physical Therapy. We also employ a full-time bilingual guidance counselor to support our students' mental health and assist with family needs and referrals. P.S. 20 maintains one full-time bilingual guidance counselor to support our students' mental health. Through short-term counseling cycles, students receive support with anxiety, trauma, friendship building, and self-regulation. We also operate a peer mediation program for students in Grades 3–5, promoting leadership and conflict resolution skills. Morningside provides training for conflict resolution and restorative Justice to promote a classroom/school climate that is safe and conducive for learning through classroom management and discipline procedures that effectively address and support all students' needs each school year is unique, we continue to refine our practices implementing the Next Generation Learning Standards, through a variety of 21st century curriculum and tools, such as intoReading and enVisions Math. In addition to academics, all students at P.S 20 receive PE, Visual Arts, STREAM and Science through our cluster program and participate in the arts through partnerships with Ballroom Basix, Inside Broadway and Music for Many. Of our student body, 142 students (50.7%) are identified as Multi-Lingual Learners (MLLs), with 82.8% of those enrolled in Spanish/English Dual Language or Transitional Bilingual Education

programs. Additionally, 92 students (32.8%) receive special education services, including 12 students in TBE settings, with the remainder participating in Integrated Co-Teaching (ICT) classrooms or receiving related services.

Our instructional focus centers on strengthening Tier 1 core instruction by cultivating teacher clarity-ensuring educators understand what they are teaching, how they are teaching it, and why it matters. We are achieving this through: engaging educators in ongoing, high-quality professional learning to refine and enhance classroom practice, creating systems for the consistent analysis of student learning data to inform small group instruction and providing structured time for teacher teams to unpack standards and develop comprehensive curriculum maps. This practice is embedded in our schedule and includes monthly PD coaching from NTN, Wilson and HMH, Morningside, Data Chats, Vertical Team Meetings and an MTSS period daily in each classroom.

All classrooms implement HMH Into Reading as the primary literacy resource, while bilingual classrooms also utilize Arriba La Lectura. Early grade teachers implement Heggerty (both in English and Spanish) and Wilson Fundations for phonics and phonemic awareness. A structured 150-minute literacy block includes explicit instruction, literacy centers, phonics, and interactive read-alouds to develop oral language and comprehension, supported by embedded questioning and student discussion. In Mathematics, all grades use Savvas enVisions which is grounded in problem-based and visual learning that enable students to gain a deeper understanding of math concepts. Supplementary strategies such as SOLVE (each step guides students through the problem-solving process, from understanding the question to verifying the solution), Number Talks, Math Talks, and Counting Routines in K–2, as well as Contexts for Learning, support fluency and deeper mathematical discourse. The enVision Mathematics curriculum serves as the cornerstone of our math pedagogy by emphasizing collaborative problem-solving and student-led exploration.

Our school is supported by 2 instructional consultants (literacy and math), who provide job-embedded professional development and assist teachers with planning, modifying the curriculum to scaffold when needed and data-driven analysis to drive instruction. Additionally, we work with a Foundational Wilson coach who has supported the refinement of our Fundations implementation. Fundations is grounded in the science of reading and guides teachers to deliver effective instruction in print concepts, phonemic awareness, phonics, word study, vocabulary, automaticity/fluency, and comprehension.We also partner with NTN, a mathematics professional development organization that specializes in providing tailored professional learning and coaching for math educators. Their support is guided by qualitative and quantitative analysis of our school's data to meet our specific instructional needs.

We collaborate with District 31 to implement language scaffolds in both bilingual and monolingual classrooms. We also work with a special education consultant to support specially designed instruction and foster strong ICT co-teaching partnerships.
In addition, teacher collaboration is a foundational element of our school's culture. Staff participate grade-level common planning with shared preps, teacher-led inquiry teams, vertical Teams, ILT, and Bilingual and Special Education teams.
Monday professional development sessions that include vertical and content-specific collaboration.

With 89% of our students classified as economically disadvantaged, we are committed to educating the whole child and supporting families holistically. We partner with organizations such as Giving Circle Center Care: Food pantry, Smile New York, Shoes That Fit, Happy Feet Program, Toys for Tots and the Theodore Atlas Foundation, which provide essential resources including food, clothing, toys, and school supplies.

Our family engagement efforts include:
Family Engagement Nights where families participate in fun and educational activities alongside their children, such as: Math Madness events, hands-on science experiments, creating board games that incorporate math and literacy skills, student Art Gallery Celebrations to showcase student artwork and creativity, ESL Classes for Adults to support family language development and communication and Meet-and-Greet Events with local youth officers and middle school principals to strengthen school-community relationships.

.
Arts and Enrichment

We partner with United Activities Unlimited to offer both after-school and summer enrichment programming that is free for our families.

Briefly summarize the key initiatives your school will implement this school year.

Professional Learning

In the area of ELA, all teachers will participate in Fundations training throughout the 2025–2026 school year to strengthen their skills as reading instructors. Fundations is grounded in the science of reading and supports effective instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension. Teachers will visit lab sites of their colleagues to improve implementation and outcomes for their students.
We will continue our partnership with NTN (National Trainig Network) to enhance and deepen curriculum mapping and data analysis practices in mathematics.
Planning and Collaboration
Grade Teams will meet once per week during common prep periods to analyze student data and plan for differentiated and small group instruction. A monthly planning meeting will be designated for special education teachers to plan for specially designed instruction (SDI) within the core curriculum, for bilingual teachers to collaboratively embed language scaffolds for MLLs. and for monolingual teachers and ENL teachers to plan scaffolds and supports for English Language Learners.
In the artea of mathematics Instruction
Teachers will continue implementing standards-based lessons using the SAVVAS enVision Mathematics curriculum.

Ongoing support will be provided to ensure that lessons include clearly defined learning intentions and success criteria aligned to the standards.

Attendance Initiatives
Student Surveys will be administered to students who are chronically absent or at risk of chronic absenteeism to determine underlying causes.

Parent Surveys will be conducted for families of at-risk or chronically absent students to identify barriers to attendance and inform interventions.

Social-Emotional Learning (SEL)
Launch of the Peer Mediation Program for students in Grades K–5 to support peer conflict resolution and emotional regulation.

Continued partnership with Morningside Center for Teaching Social Responsibility to embed SEL practices into daily classroom routines.

Multi-Tiered System of Supports (MTSS)

Monolingual, special education, and bilingual licensed teachers will provide push-in intervention services during the ELA block to support Tier 2 and Tier 3 instruction across all classrooms, ensuring targeted support based on students' individual needs.
This support will focus on reinforcing foundational skills and accelerating student growth through targeted intervention.

Support for Students with Disabilities (SWDs)
Special Education teachers will meet monthly with school leadership and IEP teams to:

Study IEP goal alignment

Develop and refine Specially Designed Instruction (SDI) strategies through a series of focused planning sessions

Support for Multilingual Learners (MLLs)
Bilingual teachers will meet monthly with leadership during common planning time to plan scaffolds and analyze student needs.

Monolingual teachers will meet monthly with leadership and ENL teachers to build understanding of language proficiency levels and incorporate appropriate scaffolds.

The Lead ENL Teacher and Lead Bilingual Teacher will facilitate monthly professional learning sessions for classroom teachers. These sessions will:

Support the analysis of English Language Learner data, such as EDAT

Focus on planning and implementing strategies that promote language acquisition and progress toward English Language Proficiency (ELP) goals

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Into Reading	
SLA	K-5	Arriba La Lectura	
ELA	K-2	Heggerty	
SLA	K-2	Heggerty	

ELA	K-3	Fundations	
Math	K-5	SAVAAS enVisions	
Math	K-5	Number Talks	

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

Key Successes Contributing to Progress:

A school-wide commitment to implementing daily tiered intervention and small group instruction in both reading and mathematics has supported measurable growth in foundational reading skills and enhanced students' problem-solving abilities in math.

Weekly grade team meetings have strengthened teacher capacity in data analysis and instructional planning, leading to more targeted and responsive instruction.

Delivery of high-quality, job-embedded professional development tailored to teacher and student needs has reinforced best instructional practices across classrooms.

Frequent classroom observations, coupled with timely, actionable feedback, have supported continuous instructional improvement through real-time coaching cycles

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

Challenges Impacting Goal Attainment:
Chronic absenteeism among a significant portion of students limited consistent access to instruction and interventions, particularly in foundational literacy and numeracy skills.

Competing instructional priorities and time constraints during scheduled planning periods occasionally hindered deep data analysis and long-term instructional planning.

Learning Environment Survey results indicate a lack of trust among colleagues, which may contribute to resistance to collaboration and inhibit the effectiveness of team-based planning and initiatives.

Some teachers demonstrated limited understanding of Danielson Framework Domain 3: Instruction, particularly Component 3b: Using Questioning and Discussion Techniques, impacting student engagement and opportunities for higher-order thinking and peer discourse

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

Insights gathered from student interviews played a valuable role in informing the development of the school improvement plan. Students expressed a desire for increased opportunities to exercise student voice, particularly in decisions related to school activities and events. They indicated that they do not always feel heard and would like to be more actively involved in the decision-making process. While some students reported feeling comfortable sharing ideas with teachers and peers, this was not consistent across all classrooms, suggesting the need to further cultivate a safe and inclusive environment where all students feel empowered to contribute.

Action Steps to Elevate Student Voice and Experience

1. Establish a Student Voice Committee
   Create a Student Advisory Council with representation from all grade levels to meet monthly with school leadership.
   Incorporate student representatives in planning committees for events and projects.

2. Embed Student Voice in Decision-Making
   Conduct regular student surveys or focus groups to gather feedback on school culture, instruction, and engagement.
   Include student suggestions when planning assemblies, clubs, family nights, and classroom projects.
   Pilot a “You Said, We Did” communication strategy to show how student input leads to action.

3. Support Classroom-Level Voice Structures
   Provide professional development to teachers on fostering inclusive and responsive classroom cultures, including strategies for
   encouraging student choice and autonomy.
   Promote practices such as:
   Student-led conferences
   Choice boards for assignments
   Peer-led discussions and feedback cycles

4. Ensure Psychological Safety
   Strengthen classroom environments where students feel safe to express their ideas without fear of judgment.
   Use SEL structures such as Morning Meetings and Restorative Circles to promote relationship-building and open dialogue.

5. Publicly Recognize Student Contributions
   Highlight student-led initiatives or ideas in school newsletters, bulletin boards, or assemblies.
   Celebrate student input that leads to positive change.

6. Integrate Student Reflections into Goal Setting
   Encourage students to set personal academic or social-emotional goals based on self-reflection and feedback.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Align High School and College Courses to Increase Post-Secondary Transition Outcomes

Civic Empowerment Projects

Every school identified for the Comprehensive Support and Improvement (CSI) support model is required to implement a Civic Empowerment Project designed to increase student and family participation in decision-making.

Schools are required to select one of the six options listed below to address the requirement AND should be prepared to report on their implementation of their selected choice throughout the year.

Indicate your school's Civic Empowerment Project selection:

Schoolwide Voting

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the Acadience EOY 2025 screener data 50% of students are performing well below. The biggest gaps are in the area of oral reading fluency with 50% of students scoring well below in that area.	Students have not fully developed their phonemic awareness skills because teachers are still developing instructional practices in foundational literacy skills.	Teachers need additional support to strengthen instructional practices around foundational literacy skills in order to increase student mastery in oral reading fluency.
Based on the ELA Map Growth EOY 2025 screener data 63% of students are performing well below. The biggest gaps are in the area of Vocabulary Aquisition and use with	Students have not fully developed their understanding of vocabulary acquisition and use because teachers are still developing their understanding of instructional practices in explicit	Teachers need additional support and coaching in strengthening instructional practices around explicit vocabulary instruction in order to

63% of students scoring well below in that area.	vocabulary instruction with the new HMH curriculum.	increase student mastery in vocabulary acquisition and use.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50	By June, 2026, literacy for All Students will improve, as measured by a 10% Decrease, from 50 to 40, of Percentage of K-2 students scoring well below in Oral Reading Fluency on the Acadience.
All Students	63	By June, 2026, literacy for All Students will improve, as measured by a 10% Decrease, from 63% to 53,% of students scoring well below in Vocabulary Acquisition and Use on the ELA Map Growth .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To strengthen foundational literacy skills in Grades K–2, we will provide teachers with on -going job embedded coaching and support, in order to strengthen teacher practices around foundational literacy skills so that teachers can provide explicit targeted phonemic instruction to students in order to increase student achievement in oral reading fluency.

TW:
To strengthen teachers' instructional practices in Grades K–2 by providing ongoing, job-embedded coaching and support that promotes the effective implementation of research-based foundational literacy skills targeting phonemic awareness and phonics, in order to increase oral reading fluency. , vocabulary, and comprehension resulting in improved student literacy outcomes.

OR

To strengthen teacher capacity and instructional effectiveness in delivering Wilson Fundations through ongoing, job-embedded, research-based professional support, ensuring high-quality, systematic, and explicit structured literacy instruction that promotes mastery of foundational reading, spelling, and handwriting skills for all students.

Root Cause Addressed:

Students have not fully developed their phonemic awareness skills because teachers are still developing instructional practices in foundational literacy skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
In July we will analyze our EOY data and create strategic professional learning opportunities for teachers to target specific phonemic awareness in order to close the instructional gap identified as oral reading fluency
In September we will provide the teachers with explicit Fundations professional learning with our Wilson Fundations coach
In October teachers who are identified by administration as well as the Wilson Fundation coach as being model teachers in Fundations will serve as lab site classrooms for their colleagues to engage in intervisitations around best practices.
Administration will hold data chats with individual teachers during BOY, MOY and EOY to analyze data and create action and improvement plans to meet the needs of students identified as well below / below as per the screener data
Teachers will progress monitor students oral reading fluency skills using the Acadience progress monitoring tool and Administration will meet with teachers on a bi- weekly basis to analyze this data and make adjustments as needed.

Key Strategy 2 (Optional):

To strengthen Vocabulary Acquisition and use in Grades 3-5 we will provide teachers with on -going coaching and support around explicit vocabulary instruction with our HMH and RPC coaches in order to strengthen teacher practices around vocabulary acquisition. This will help teachers develop and strengthen their instruction in this skill so they can increase student achievement in vocabulary acquisition and use.

TW:
Teachers will implement evidence-based, HMH Into Reading-aligned vocabulary instructional strategies through job-embedded professional learning and research to enhance students' vocabulary acquisition, comprehension, and application. The focus will be on integrating multimodal and interactive practices—such as dual coding, semantic feature analysis, sentence starters, and categorization—into daily instruction to support diverse learners in developing a deep and lasting understanding of academic vocabulary.

Root Cause Addressed:

Students have not fully developed their understanding of vocabulary acquisition and use because teachers are still developing their understanding of instructional practices in explicit vocabulary instruction with the new HMH curriculum.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
September: administration will conduct surveys and focus groups with teachers to assess current knowledge, challenges, and goals regarding vocabulary instruction.
September Profession development with our RPC coach to provide teachers with a common framework and terminology for explicit vocabulary instruction.
October: Conduct classroom walkthroughs and observations to assess the current state of vocabulary instruction.
October: Begin individualized coaching for teachers to support the implementation of explicit vocabulary strategies with our RPC coach
Novemebr: Conduct mid-point check-ins with teachers to review progress, reflect on challenges, and adjust strategies as needed.
November/December: Facilitate peer observations where teachers can observe colleagues implementing vocabulary strategies in real classrooms.
January-June: Ongoing coaching sessions for teachers, including regular check-ins, classroom observations, and collaborative lesson planning.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To progress monitor the implementation of the key strategies I will collect evidence:
By creating a walkthrough tool to look for explicit phonemic awareness instruction
Sit in during teacher team meetings in which teachers will analyze student work samples during grade team meetings and create action plans.
Monitor and analyze progress monitoring data from Acadeince every 6 weeks.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Provide a family report to support parents in understanding their child's academic progress towards meeting grade level standards	SLT, ILT, Administrators, Parents, Teachers, Parent Coordinator
09/04/2024	06/26/2026	Track parent outreach/ engagement during OPW time.	Teachers, Parents, Parent Coordinator

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, Teachers, SLT, ILT, PTA, Parent Coordinator

Instructional Resources

Heggrety, Fundations, SPIRE

Schedule Adjustments

Monday afternoon professional development time block, Monthly planning time with Fundations Coach

Other Resources Needed

Heggrety, Fundation and SPIRE KITS and FunHub subscriptions

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Funds will support the purchase or development of:

Research-backed phonemic awareness curricula aligned with state standards.
Diagnostic screening tools and progress monitoring assessments to identify students' needs and measure growth.
Supplemental intervention resources designed for small group instruction.

Evidence-Based Intervention Category

The Heggerty Phonemic Awareness Curriculum is a widely used, research-based program designed to build students' phonological and phonemic awareness skills in daily 10–12 minute lessons. It supports Tier 1 core instruction and can be adapted for Tier 2 and Tier 3 interventions in small groups.

The curriculum explicitly teaches and reinforces:
Rhyming and alliteration
Phoneme isolation (initial, medial, final sounds)
Blending and segmenting
Phoneme manipulation (adding, deleting, substituting sounds)

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the EOY OORS data 32% of students have engaged in level 3 infractions specifically minor altercations.	Students have inconsistent adult modeling and systems and structures and limited access to structured conflict resolution strategies	Implement daily routines, modeled by adults, and reinforced through: Restorative conversations and Behavior modeling and guided role-play

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	64	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 30% Decrease, in Number of level 3 incidents in the classroom and at recess from 64 to 45, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement Targeted Social-Emotional Learning (SEL) Interventions Focused on Self-Regulation and Conflict Resolution
This includes:

Small group or individual SEL sessions using evidence-based curricula, Mindset: The New Psychology of Success to focused on:

Identifying emotions

Calming strategies (deep breathing, counting, using a break space)

Assertive communication skills

Step-by-step conflict resolution

Daily check-ins/check-outs with a trusted adult to monitor emotional state and reflect on choices

Use of visual tools like “Feelings Thermometers” or “Conflict Resolution Steps” posters in classrooms and common areas

Restorative practices (conflict circles, mediation) to repair harm and reinforce appropriate behavior
TW:
In order to provide students with an environment where they feel physically and emotionally safe, research-based systems and structures will be put in place to provide opportunities for students to identify their emotions, utilize calming strategies, learn assertive language stems to express their feelings, engage in step by step conflict-resolution strategies, check-in with trusted adults, use visual tools in classrooms and common areas and learn and engager in restorative practices to repair harm and reinforce appropriate behavior.

Root Cause Addressed:

Students struggle to navigate peer interactions appropriately.

Students have inconsistent adult modeling and systems and structures and limited access to structured conflict resolution strategies

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch SEL lessons school-wide with a focus on: Identifying emotions Managing frustration and anger Solving peer problems peacefully Begin daily check-ins for identified students with the guidance counselor,
Initiate small group SEL sessions for students with repeated altercations, facilitated by counselor/social worker.
Initiate peer mediation to build student leadership in conflict resolution.
Utilize Project Pivot funding to train struggling students in Compassionate Systems Curriculum to improve peer relationships and managing frustation and anger
Initiate additional tutors in the classroom to reduce adult to student ration to assist with academic tutoring and provide smaller group instruction

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly review of our guidance tracker and OORS data to track progress towards decreasing occurrences of incidents. We will disaggregate data by student, time of day, and location to identify patterns and high-need areas. Administrators will conduct informal walkthroughs to verify SEL integration in classrooms and staff will maintain records of restorative conversations including conflict summaries, student reflection responses, and agreed-upon next steps.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent workshops around SEL practices, conflict resolution and strategies to assist parents with difficult behaviors.	PC monthly workshops / on stress and reinforcing positive behaviorsDA of AI workshops for gang violence/bullying Monthly Children's Health Fund Meetings for families for SEL learning, healthy habits

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Fair student Funding, TL Specialized program Bilingual, Title I is utilized for staffing of Administration, Classroom Teachers, Consultants , Guidance Counselor, Social Worker, Parent Coordinator, SEL consultants, Paraprofessionals and School Aides.

Instructional Resources

Mindset: The New Psychology of Success book, Conflict Resolution systems, Restorative Justice Practices

Schedule Adjustments

Flexible scheduling for counselors in order to attend to crisis situations and/or family concerns. Meditation room schedule to allow for students to have opportunities to decompress when needed

Other Resources Needed

Grants that support the following initiatives: Celebrations with Harlem Magic Masters, Arts Connections, Dialed Action Sports Team, Music for Many, Inside Broadway, and partnership with Amazon which provides a food pantry for families and more.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the Math Map EOY 2025 screener data 49% of students in grades K-2 are performing well below. The biggest gaps are in the area of Geometry with 49% of students scoring well below in that area.	Students have not fully developed geometry skills because teachers are still developing instructional practices in geometry.	Teachers need additional support in strengthening instructional practices around geometry in order to increase student mastery in this area.
Based on the Math Map EOY 2025 screener data 56% of students in grades 3-5 are performing well below. The biggest gaps are in the area of Numbers and Operations with 56% of students scoring well below in that area.	Students have not fully developed numbers and operations skills because teachers are still developing instructional practices in this area.	Teachers need additional support in strengthening instructional practices around Numbers and operations in order to increase student mastery in this area.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	49	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring well below on geometry will Decrease by 10% from 49 to 39, for students in grades K-2, as measured by Math map growth EOY K-2.
All Students	56	will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students performing well below proficiency will Decrease by 16% from 56% to 40%, for All Students, as measured by EOY MAP Math in the area of Numbers and Operations.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Provide teachers with ongoing support and coaching with NTN coach around explicit instruction in geometry in order for teachers to be able to Implement Math Centers with tiered tasks (MTSS) to meet the individual needs of students based on the data trends from the MAP assessment.

Root Cause Addressed:

Students have not fully developed geometry skills because teachers are still developing instructional practices in geometry.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
July: Facilitate summer data-driven instruction PD series for Leaders and Coaches
September: Launch schoolwide daily formative assessment protocol Teachers implement daily exit tickets in Math. Data is reviewed weekly in grade teams. Deep dive into MAP Math BOY results and small group organization
October: Conduct classroom learning walks with a focus on data use Use look-fors (evidence of grouping, formative assessments posted, student work aligned to tiers). Provide feedback within 24 hours.
October: Begin monthly data meetings by grade analyzing trends and have teachers intervisitation/observe peers effectively using exit tickets and adjusting groups. Debrief sessions to reflect on strategies. Begin NTN coaching cycles for all staff around geometry instructional practice

December: Mid-year teacher reflection and feedback survey Assess teacher confidence and barriers in using data to adjust instruction. Use data to refine PD.
February: Deep dive into MAP Math MOY results and small group reorganization Teachers analyze MOY MAP Math data, compare to Fall goals, and adjust student groupings and instructional strategies.
June: End-of-year analysis, Deep dive into MAP EOY results and celebration of growth

Key Strategy 2 (Optional):

Provide teachers with ongoing support and coaching with NTN coach around explicit instruction in numbers and operations in order for teachers to be able to Implement Math Centers with tiered tasks (MTSS) to meet the individual needs of students based on the data trends from the MAP assessment.

Root Cause Addressed:

Students have not fully developed geometry skills because teachers are still developing instructional practices in Number and Operations.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
July: Facilitate summer data-driven instruction PD series for Leaders and Coaches
September: Launch schoolwide daily formative assessment protocol Teachers implement daily exit tickets in Math. Data is reviewed weekly in grade teams. Deep dive into MAP Math BOY results and small group organization
October: Conduct classroom learning walks with a focus on data use Use look-fors (evidence of grouping, formative assessments posted, student work aligned to tiers). Provide feedback within 24 hours.
October: Begin monthly data meetings by grade analyzing trends and have teachers intervisitation/observe peers effectively using exit tickets and adjusting groups. Debrief sessions to reflect on strategies. Begin NTN coaching cycles for all staff around Number and Operations
December: Mid-year teacher reflection and feedback survey Assess teacher confidence and barriers in using data to adjust instruction. Use data to refine PD.
February: Deep dive into MAP Math MOY results and small group reorganization Teachers analyze MOY MAP Math data, compare to Fall goals, and adjust student groupings and instructional strategies.

June: End-of-year analysis, Deep dive into MAP EOY results and celebration of growth

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To progress monitor implementation of key strategies and action steps I will:

Conduct targeted walkthroughs using a focused look-for tool aligned to:

- Evidence of scaffolded supports
- Use of tiered tasks aligned to conceptual goals
- Differentiated groupings and access points
- Schedule biweekly or monthly by grade or content area.
- Lesson Plan Reviews

Collect and review weekly lesson plans to monitor:

- Standards-aligned conceptual objectives
- Planned scaffolds and differentiated tasks
- Formative assessments to inform tiering
- Provide timely feedback using a rubric or checklist.

PLC/Grade Team Meeting Artifacts

Monitor collaborative planning through:

- Agendas and notes reflecting unpacked standards
- Co-planned tiered tasks
- Data analysis leading to instructional adjustments

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Math Family Nights We will host interactive math nights where families engage in hands-on activities and games that reinforce grade-level math concepts.	
09/04/2025	06/26/2026	Parent Math Workshops We will offer workshops to help families understand the math curriculum, vocabulary, and strategies (e.g., number talks, math fluency, problem-solving). Include sessions in multiple languages and with visual supports.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Fair student Funding, TL Specialized program Bilingual, Title I and Contracts for Excellence is utilized for staffing of Administration, Classroom Teachers, AIS/SETSS Providers, CUNY Tech Intern, Consultant Title 1003A TSI/CSI is scheduled for supplemental instruction for test prep afterschool program.

Instructional Resources

National Training Network will provide curriculum mapping guidance, coaching and data analysis. Savvas Envisions curriculum, IXL and I-ready test prep materials will be used for after-school programs

Schedule Adjustments

Block scheduling for mathematics components include Explore, Explicit instruction, independent work, small group, centers. Assessments scheduled weekly.

Other Resources Needed

Data Wise Training

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Data Wise Training (Harvard Graduate School of Education Model)
Activity:
Implement the Data Wise Improvement Process, a proprietary, evidence-based system developed by Harvard to help schools organize their core work around data-driven instruction and continuous improvement.

Teachers and leaders will engage in Data Wise workshops and coaching cycles to:

Build a shared understanding of the problem-solving process

Cultivate a culture of collaborative data analysis

Use protocols to identify learner-centered problems and plan effective responses
Evidence-Based Intervention Category:

Collaborative Data Inquiry and Leadership for Continuous Improvement

Evidence-Based Intervention Category

Describe Tier 2 and 3 interventions

The EnVision Mathematics MDIS is a comprehensive, research-based intervention system designed to support students who are performing below grade level in mathematics. It is an integral component of the enVision Mathematics program and serves to diagnose student understanding, target specific learning gaps, and provide strategic, differentiated intervention.
Tiered Intervention Support:

Tier 2 and Tier 3 small group intervention, with scaffolded lessons tailored to student needs.
- Step-by-step breakdown of concepts
- Use of concrete-representational-abstract (CRA) strategies
- Multiple opportunities for practice and corrective feedback
- Language supports for ELLs (visuals, vocabulary reinforcement, sentence frames)

Explicit Instruction and Scaffolding:

Each intervention lesson includes guided instruction, modeled problem solving, and gradual release to independent practice. Lessons are designed to reinforce foundational math concepts.
Data-Driven Decision-Making:
MDIS supports ongoing progress monitoring through formative checks, allowing teachers to track student growth and adjust instruction accordingly.
Built-In Differentiation:
Materials include visual supports, concrete-representational-abstract (CRA) strategies, and language supports for English Language Learners (ELLs) and students with IEPs.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
67% of Kindergarten through 2 students are below benchmark in reading foundational skills as measured by 24-25 EOY Acadience assessment.	Lack of students receiving consistent, explicit instruction in phonics and phonemic awareness across all K–2 classrooms.	Continuously provide targeted professional development on explicit phonics and phonemic awareness instruction for K–2 teachers

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	67	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students scoring well below for All Students will Decrease by 10% from 67 to 57 as measured by Acadience.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a year-long, tiered professional development plan focused on the science of reading with an emphasis on explicit phonics and phonemic awareness instruction, aligned to core instructional programs and student data.

Root Cause Addressed:

Lack of students receiving consistent, explicit instruction in phonics and phonemic awareness across all K–2 classrooms.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
September: Conduct a baseline needs assessment and analyze student data to identify instructional gaps.
October-June: Implement ongoing coaching cycles
October-June: Incorporate peer intervisitations
October: implementation with walkthroughs
October-June: conduct walthroughs

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Monthly Workshops: Host literacy and math nights to equip families with strategies to support learning at home. Regular Communication: Use newsletters, ClassDojo, and translated notices to keep families informed. Parent-Teacher Conferences: Conduct data-driven, goal-oriented conferences with interpreters as needed.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Fair student Funding, TL Specialized program Bilingual, Title I and Contracts for Excellence is utilized for staffing of Administration, Classroom Teachers, AIS/SETSS Providers, Parent Coordinator, Consultants, supplemental instruction for students, and specialized clubs for afterschool programs

Instructional Resources

STREAM, student council, lunch clubs that provide opportunities for special interests such as arts, sports etc. Financial literacy/math clubs that provide opportunities for mental math.

Schedule Adjustments

Flexible scheduling for clustering, scheduling time for lunch clubs with teachers, paraprofessionals and guidance counselors.

Other Resources Needed

N/A

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the 2025 parent engagement log data am 81% increase from 37 to 67 families	Hosting family events that were created based on	All stakeholders will continue building strong, two-way communication with families that is welcoming, culturally responsive, and encourages ongoing

participated in school events such as, family stream night, family art night, family carnival and other parent engagement events.	student voice and choice to promote a stronger school community and family engagement	involvement. By creating more opportunities for families to feel heard, valued, and connected to their child's learning, we can keep growing meaningful partnerships that support student success.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	67	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Percentage of families attending school events will Increase by 10% from 67 to 74 as measured by Parent engagement logs.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

In September we will conduct a school survey for both students and parents to obtain information about what events they would be interested in participating in.

Root Cause Addressed:

Hosting family events that were created based on student voice and choice to promote a stronger school community and family engagement

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Include interactive and culturally relevant activities that appear to families and encourage participation
Involve students and families in planning and leading events to increase ownership and commitment to the school community
Gather family feedback from events held and communicate how their input shapes future events
Provide translation services for the primary languages spoken by our families at all events to ensure accessibility for all
Digital and hand out communications regarding events will be provided in in the parents home language

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the insight dashboard eoy 2025 data 42.6% of students are identified as chronically absent. The biggest attendance gaps have been on Fridays and after an extended school break	Families facing challenges such as work schedules, lack of transportation, or unstable housing. Families are not understanding of the impact of absences.	Increase connections to social workers, housing assistance, food programs, and health services as well as educate families on the impact of attendance on academic success and provide materials and sessions in families' home languages.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	38	By June, 2026, the Percentage of chronically absent students for All Students will decrease by 8%, from 38 to 30, as measured by the NYC DOE Insight Attendance Dashboard (Chronic Absenteeism Report).

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen community partnerships to collaborate with local organizations to provide wrap- around services.

Provide home-school partnerships, particularly for at-risk families who may face challenges such as transportation, health, or housing instability.

Root Cause Addressed:

Families facing challenges such as work schedules, lack of transportation, or unstable housing. Families not understanding of the impact of absence.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
In September begin consistent communication between school and families regarding the importance of daily attendance and the impacts of chronic absenteeism.
Use multilingual, multimodal communication such as calls, texts, class DOJO to share attendance expectations and supports.
Monitor daily and monthly attendance reports, disaggregated by subgroup.

Continue with morning programs to promote students attendance
Assign Success mentors to students who present as "at risk" of becoming chronically absent to create awareness for families about the importance of attendance
Create morning Leadership Roles for Chronically absent "at risk students"
Strengthen Community Partnerships to collaborate with local organizations (e.g., shelters, housing advocates, food banks) to provide wraparound services. Have them speak to the families during PTA meeting

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly attendance team meetings, daily phone calls, success mentor meetings and monthly celebration assemblies will be implemented.

Data collected will be through Insight and the daily RDAL, attendance for the morning programs and student leadership roles.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/09/2025	06/26/2026	Regular Attendance Communication	What: Send out monthly attendance updates to families, highlighting the importance of regular attendance and celebrating improved student attendance. How: Use multiple formats (emails, Class Dojo, letters, phone blasts). Who: Attendance team and parent coordinator.
09/09/2025	06/26/2026	Parent Workshops on Attendance and Student Success	What: Host quarterly workshops focused on topics like the impact of attendance on learning, navigating NYCPS support services, and establishing morning routines. How: Partner with community organizations and school staff. Who: Parent coordinator and ENL/IEP teams.
09/09/2025	06/26/2026	Attendance Incentive Programs	What: Implement and communicate incentive programs for good and improved attendance (e.g., certificates, class rewards, family shout-outs). How: Promote schoolwide and include families in celebrations. Who: School leadership, teachers, and PTA.
09/09/2025	06/26/2026	Community Partnership Referrals	What: Connect families with external supports (mental health, housing, after-school care) through community-based organizations. ie: Seamen's Society- diverse program areas, including Family Services, Child Services, Education and more How: Establish an up-to-date referral directory and partner agreements. Who: School social worker and guidance counselor.

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Title I and FSF budgeting A.P.- Luisa Martin, Secretary- Raquel Otero, ESL Teacher-Sharlene Velez, A.I.S. Teacher-Linnette Arroyo, SEIT-Deborah Gonzales, School Aides- Lydia Montano and Marlene Casillo

Instructional Resources

Early Morning Sports Program, Early Opening Breakfast Program, Success Mentors, Student Leaders, Attendance Assemblies and Incentives for improvement, Family Attendance Workshop, PTA mtgs

Schedule Adjustments

Paraprofessional SBO for Cafeteria Early Breakfast Program

Other Resources Needed

OTPS supplies (Title I) for Incentives to increase poor attendance and reward attendance above 95%

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

The SIG funds will be utilized to work with school teachers around driving ELA instruction using high impact teaching strategies to target individual standards and increase student achievement. The purpose of the professional development is to embed targeted standards based practice into literacy instruction and scope and sequence. Funds will also be utilized to host a PD with Chad Reyes to take our teachers on a transformative professional development journey focused on building essential leadership skills and revolutionizing the mindset of educators. Through engaging workshops and insightful discussions, Chad empowers participants to unlock their full leadership potential and create lasting impact in the field of education.

This grant will also indirectly support efforts to reduce chronic absenteeism by increasing student engagement and relevance in the classroom. When instruction is intentional, personalized, and responsive to student needs—especially through the use of standards-based, high-leverage practices—students are more likely to experience academic success and a sense of belonging, both of which are key to consistent attendance. Furthermore, by equipping teachers with leadership skills and a transformative mindset, the PD with Chad Reyes will empower educators to build stronger relationships with students and families, create more inclusive learning environments, and establish classroom cultures that encourage attendance, motivation, and participation. These efforts collectively contribute to reducing the disengagement that often leads to chronic absenteeism.

Evidence-Based Intervention Category

The SIG grant funding will support the creation and strengthening of a positive school climate for all stakeholders, reinforcing consistent attendance as an established norm while building the vital sense of belonging to the school community. We will assign a trusted adult to check in regularly and create structures for checking in with students and families who are evidenced as "at risk." We will monitor attendance weekly using data from insight to be preventive in targeting students before they become chronic. Data will be tracked and daily phone calls will be made to support this initiative. We will implement MTSS improving communication to all students in Tier 1, students missing 10-19% as Tier 2 and students missing 20% (defined as chronically absent students) to address family issues and needs. In addition, we will coordinate health, mental health, transportation, and social services to remove barriers to attendance.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
1. There are no specific statements describing how progress on goals from the prior IEP inform the PLOP and goals for the current IEP. (2024-2025 IEP Review	Teachers have not fully mastered how to develop a quality IEP due to inadequate training opportunities.	IEP Development

Question) 2. Not all IEP's reflect parent/family voice. (2024-2025 IEP Review Question)		and Fidelity of Implementation
Linkages Reports: Data trend - 89.2% of mandates fully matched 2024-2025	Due to the absence of a proper placement process at the time of the student's enrollment, the student was assigned an alternate setting.	Transition Planning and Compliance
SIT team meetings agenda and minutes 2024-2025	Teachers have not fully developed and understanding of the referral process.	Referral Process and Equity
Teacher Referral Patterns 2024-2025	Teacher are not fully trained in culturally responsive classroom management has led to variability in how teachers interpret and respond to student behavior.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	50%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Writing quality IEPs by a 40% Increase, from 50% to 90%, as measured by Quality Indicators in the NYCDOE IEP Quality Rubric.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Establish a comprehensive professional learning series that includes direct instruction, modeled examples, collaborative IEP writing workshops, and individualized coaching to build teacher capacity in developing high-quality IEPs aligned to student needs and compliance requirements.

Root Cause Addressed:

Teachers have not fully mastered how to develop a quality IEP due to inadequate training opportunities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Beginning of the year: Review recent IEP compliance reports and teacher feedback to identify specific gaps in IEP development (e.g., present levels, measurable goals, accommodations).
Provide workshops covering: Components of a high-quality IEP, writing measurable goals aligned to student needs, accurately describing present levels of performance and services and include case studies and exemplars.
Throughout the year: Assign a special education coach or AP to meet with teachers individually to review drafted IEPs and provide actionable feedback and use a tracking tool to monitor teacher growth and identify additional support needs.
Monitoring that students receive the service they need as indicated on their IEP.
Monitoring that students receive no more than 2 pullout service per day in order to maintain continuity of instruction. We are emphaising support service providers to be push-in when possible.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Tier 1: General engagement – school events, newsletters, family-teacher conferences. Tier 2: Targeted engagement – workshops for specific grade levels or student needs, small-group sessions. Tier 3: Intensive engagement – personalized outreach, family action plans, home visits, and support from school-based liaisons.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Administration, IEP teacher and Special Education Teachers, SEIT provider

Instructional Resources

Schedule Adjustments

Flexible scheduling

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	Students in grades K-2 performing well below as measured by the acadience assessment	SPIRE	small group instruction	during	no
Tier 2	Students in grades K-2 performing below as measured by the acadience assessment	Fundations	Small group Instruction	during	no
Tier 3	Students in grades 3-5 performing well below as measured by the ELA MAP assessment	SPIRE, Fundations 5 day plan	Small group instruction	during	no
Tier 2	Students in grades 3-5 performing below as measured by the ELA MAP assessment	HMH targeted table top comprehension lesson	Small group instruction	during	no
Tier 3	Students in grades K-5 performing well below as measured by the MATH MAP assessment	Do the math program by Heinemann	small group instruction	during	no
Tier 2	Students in grades K-5 performing below as measured by the MATH MAP assessment	Math Diagnosis and intervention system (SAVVAS)	small group instruction	during	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
tier 2	SEL screener: concerning behaviors: disruptive, depression, anxiety	at-risk counseling w/ guidance counselor and Morningside	small group	during	no
tier 2	disruptive behavior, bullying, trouble making friends, sustaining friendships	lunch clubs with GC	small group	during	no
tier 2	students in needs of motivation for classroom tasks, improvement of behavior	behavior incentive charts with classroom teacher	individual	during	no
tier 3	continuous concerning and disruptive behaviors	individual at-risk counseling, with guidance counselors, social worker, school psychologist	individual	during	no
Tier 2	attention seeking behaviors, positive reinforcement seeking behviors	daily check-ins with gc, admin	individual	during	no
Tier 2	self-advocacy, self-confidence	participtionin weekly project-based club	small group	during	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Interventionist will contact families to report why each student will be receiving intervention as well as in what capacity such as how many days and times a week the student will be receiving the intervention. This will be communicated via phone call and letter sent home in parents home language.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Interventionist will communicate with families on a biweekly basis to discuss students progress as well as send progress reports home that indicate student specific growth and goals.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Teachers and interventionist will hold meetings with parents of students to report and explain the progress monitoring data to families so they can understand where the student is currently performing as opposed to where they need to be in order to be performing on grade level. Families will have input in the decision making process.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

2 students Living in a shelter
25 students Doubled up

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

The data from SY 24-25 show a mean of 91.28% of attendance for this population. The attendance ranges from 79%-100%. The students who fall into the chronically absent category of 17 or more absences are supported with research based interventions. Based on the attendance data the interventions provided have improved the attendance of this subgroup. These interventions include but are not limited to:
Assigning a trusted adult to check in regularly and create structures for checking in with students and familiesW
Monitoring attendance weekly using data from insight to be preventive in targeting students before they become chronic.
Tracking data and making daily phone calls to support this initiative.
Implementing MTSS to improve communication to all students in Tier 1,2 and 3 for attendance
Coordinating health, mental health, transportation, and social services to remove barriers to attendance

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Administration and parent coordinator meet each family as the student is registered and connect them with our guidance counselor, so they always have a staff member to ask for. The guidance counselor will then check in with the students consistently and regularly to assess how he/she is adjusting and establish a relationship. We provide all of our STH with a backpack if needed and all needed school supplies, uniforms, emergency food afterschool programs. We also connect our STH families with nearby food pantries and other community outreach supports.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

2 students currently in foster care

These students are provided with 1:1 counseling, special education supports and scaffolds, uniforms, supplies, emergency food and snacks as needed. In addition, they are both enrolled in afterschool, programs, which includes academic intervention, the arts and aftercare. THe foster parent meets regularly with the staff in order to increase communication and monitor and/or modify services.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Students in foster care often face unique academic, social, and emotional challenges that impact school success. Studies have identified several educational barriers that youth in foster care experience during their educational tenure. These issues include placement and school instability (Clemens et al., 2017, Fawley-King et al., 2017, Frerer et al., 2013), low academic achievement (Chen et al., 2019, Piescher et al., 2014, Pipeline to Success Report, 2019), poor adult advocacy (Wingerden et al., 2002), unmet special education needs (Zetlin et al., 2013), higher instances of absenteeism, tardiness, truancy, school discipline (detention, suspension, and expulsion), dropout rates, delinquency, (Day et al., 2013, Kothari et al., 2018, Somers et al., 2020, Torres-Garcia et al., 2019, Xorc et al., 2013), and lack of cultural sensitivities (Johnson et al., 2020). Children and youth placed in foster care have experienced recurring trauma at the hands of trusted adults. Removal from their birth homes adds to the overall traumatic experience, compounding the trauma and creating more intense feelings of confusion, fear, apprehension, loss, sadness, anxiety, and stress (Bruskas, 2008). Youth navigating trauma and the foster care system are especially vulnerable to many developmental setbacks and lower educational achievement (Child Welfare Information Gateway, 2015, Greeson et al., 2011).

At PS 20, if a child is in foster care, or transitioning into foster care, we work closely with agency, family and child to give them what they need in order to be successful in school. We have trained all of our teachers and staff in trauma informed practices in order to create safe and supportive learning environments, classroom practices supported by the 4Rs program as developed by the Morningside Center for Social Responsibility, individualized academic support embedded in our schedule daily (MTSS period), after school programs for intervention, the arts and aftercare, and social-emotional learning (SEL) programs provided by a Restorative Justice Grant, that has helped build resilience, self-regulation, and peer relationships. Strong school-family-agency collaboration is also a coordinated effort among families, staff and administration to promote stability, consistent communication, and tailored educational planning. These interventions have been shown to improve attendance, academic performance, and overall well-being for students in foster care.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

We have developed and implemented the research based interventions mentioned previously and these interventions have helped the students to maintain an attendance rate of 98% this year. We will continue to implement and strengthen these practices.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

We support the creation and strengthening of a positive school climate for all stakeholders, reinforcing consistent attendance as an established norm while building the vital sense of belonging to the school community. We assign a trusted adult to check in regularly and create structures for checking in with students and families who are evidenced as "at risk." We monitor attendance weekly using data from insight to be preventive in targeting students before they become chronic. Data is tracked and daily phone calls made to support this initiative. We implement MTSS improving communication to all students in Tier 1, students missing 10-19% as Tier 2 and students missing 20% (defined as chronically absent students) to address family issues and needs. In addition, we will coordinate health, mental health, transportation, and social services to remove barriers to attendance.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 20, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 20 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, supporting language development, building math fluency, accessing community and support services; and technology training to build parents'

capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year specifically duirng weekly parent engagement sessions;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 20 in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

ELA: ELA District 31 Instructional Lead, HMH Into Reading/Arriba La Lectura curriculum representative, Foundation, SPIRE, Heggerty, Wilson Fundations coach

Math: Math District 31 Instructional Lead, Envisions Math, NTN training
Teacher teams will participate in ongoing cycles of professional learning with consultants.

A PD committee will advise leadership in the development of a PD plan that will allocate Monday PL time for staff inquiry cycles , curriculum design and data analysis.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

PS 20 will conduct a kindergarten orientation for all kindergarten students and families in May 2025. Leadership, Parent coordinator and teachers will attend. Kindergarten teacher teams will be invited to begin planing the weeks of 8/25/25 to facilitate a smooth opening and transition for our kindergarteners. Monthly parent engagement sessions will be held by teachers to support families with understanding the kinder curriculum and how to best support their children.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, SWP	Federal	287,190	X	Section 5:Priorities 1, 2, 3, 4, 5 Attendance/Chronic Abseenteism
Title I, School Improvement 1003(a)	Federal	83,700	X	Section 5: Priorities 1, 2, 5, 6
Title II, Part A	Federal	29,394	X	Section 5:Priorities 1, 2, 3,
Title III, Part A	Federal	26,030	X	Section 5:Priorities 1 Appendix III
Tax Levy SE Specialized Program Bilingual	Local	756,876	X	Section 5:Priorities 1, 2, 3 Apendices: 1&2

TL ELA/Math Support	Local	24,053	x	Section 5: Priority 1, 2, 3 ,4

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Amanda Mezzatesta
Assistant Principal (Where Applicable)*	Luisa Martin
English as a New Language (ENL) Teacher*	Sharlene Velez
Teacher (if school has a bilingual program must be a bilingual teacher)*	Linette Arroyo
Parent/Guardian*	Quashana Baldwin
Teacher	
Parent Coordinator	Nolvia Cartagena
School Counselor	Yasmin Martinez
Related-Service Provider	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

14

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

3

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

10

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

280

Total number and percentage (%) of current ELLs:

142, 50.71%

Total number and percentage (%) of former ELLs:

Former ELLs Tested Out in 2023-24 12, 4.3% -- Former ELLs Tested Out in 2022-23 3, 1.1%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

115, 79.9%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

29, 20.1%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

Long-term ELLs (7 or More Years of Service) 0, 0.0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

SIFE 3, 2.1%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

ELLs with IEPs 48, 33.3%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	SC	Spanish	2005	.5	.5	.5	.5										2.0
TBE	ICT	Spanish	2025	1													1
TBE																	0
DLBE	ICT	Spanish	2017			1	1	1	1								4
DLBE																	0
DLBE																	0
				total: 1.5	total: 0.5	total: 1.5	total: 1.5	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL instruction is implemented to provide targeted English language development to English Language Learners (ELLs). According to CR Part 154, this model:

-Is delivered by a certified English to Speakers of Other Languages (ESOL) teacher.

-Focuses specifically on developing English language skills — including listening, speaking, reading, and writing — aligned with the New York State Next Generation English Language Arts Standards and English Language Proficiency (ELP) Standards.

-Does not include content area instruction; the main goal is English language acquisition.

-Is scheduled as a separate, dedicated ENL period during the school day, where ELLs are pulled out from their classrooms or grouped together.

-The amount of stand-alone ENL required is based on the student's English proficiency level, as defined in Part 154-2.

--The ENL teachers schedule stand alone periods to meet the needs of the Entering and Emerging students accordingly. Groupings may represent students from different classes but that share the same NYSESLAT Proficiency level.

-In some instances groupings are from the same class if students have similar levels/needs. ENL teachers ensure their instruction incorporates language acquisition strategies and scaffolds.

-Curriculum for standalone ENL lessons were developed and provided by the district and are aligned with the 5 pillars of Literacy with scaffolds and materials that support English language acquisition

Integrated ENL:

Integrated ENL combines English language development with grade-level content instruction. According to CR Part 154, this model:

Is delivered through co-teaching or collaborative instruction by:

-A certified ESOL/TESOL/ENL teacher and

-A content area teacher (e.g., ELA, math, science, social studies) by using one or more of the six co-teaching

Models.

- Instruction embeds English language development within academic subject areas, allowing ELLs to build both content knowledge and English proficiency simultaneously. Students are grouped heterogeneously.

-Aligns instruction with both the NYS Next Generation content standards and English Language Proficiency Standards.

-Is designed to support language development in context, helping students access and engage with grade-level material.

The number of integrated ENL periods a student receives also depends on their English proficiency level, as outlined in CR Part 154-2.

During this instruction, emphasis is placed on the ELLs/MLLs in addition to their English proficient peers. During integrated periods, ELLs/MLLs remain in their grade appropriate classrooms and ENL instruction is delivered via the integrated model. Each ENL teacher collaborates with classroom teachers to supplement and scaffold instruction and curriculum accordingly. Students of mixed proficiency within the same class are grouped together.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

The TBE program has three classes, one for Kindergarten ICT, one for self-contained grades K/1 and one for self-contained grades 2/3. The children are in a class with a bilingual certified teacher and a bilingual paraprofessional. Students within these classes have mixed language proficiency levels as measured by the NYSITELL and NYSESLAT which are addressed by the teacher according to student needs and instruction is adjusted accordingly throughout the school year. The language allocation in these classes is tailored to the language proficiency of the students. On average, home language instruction is taught about 40% of the instructional time.

In the TBE program, stand-alone ENL instruction is:

-Provided in English only and focuses on developing students' English language skills in listening, speaking, reading, and writing.

-Delivered by certified Bilingual Special Education teacher(s).

-Separate from bilingual content-area instruction and designed to build students' academic and social language proficiency in English.

-Scheduled as a distinct component of the student's day, in addition to home language instruction.

-Aligned with English Language Proficiency Standards and the Next Generation ELA Standards.

-In the TBE model, stand-alone ENL is essential for helping students transition to English-only instruction over time.

In the TBE program, integrated ENL instruction:

-Is provided in English within core content areas (e.g., ELA, math).

-Is taught by a dually certified teacher.

Combines English language development with academic content instruction to promote simultaneous growth in language and content knowledge.

-Is aligned with both English Language Proficiency Standards and grade-level academic standards.

-Occurs alongside bilingual instruction in the students' home language (e.g., Spanish), which continues to be used for content area instruction during the early stages of the program.

-Integrated ENL in a TBE program supports students as they begin transitioning from home language instruction to English instruction, ensuring continued academic progress during language development.

Dual Language Bilingual Education (DLBE):

The Dual Language program has four classes, one second grade ICT, one third grade ICT, one fourth grade ICT and, one fifth grade ICT.

The Dual Language Integrated Co-Teaching (ICT) program model is a specialized one-way bilingual program designed for:

English Language Learners (ELLs) who benefit from culturally and linguistically responsive instruction that addresses their cognitive, academic, and linguistic needs; and English-proficient students learning Spanish as a second language.

This model supports bilingualism, biliteracy, and high academic achievement by providing instruction in both English and Spanish. Instruction is delivered in a 50/50 roller coaster model from grades K–5, in which students receive:

50% of their instruction in English

50% of their instruction in Spanish

Students are heterogeneously grouped in each class, maintaining:

A 50/50 ratio of ELLs to non-ELLs (whenever possible), and

A 60/40 ratio of General Education to Special Education students.

Instruction is co-delivered by bilingual certified teachers, including ENL and Special Education-certified staff where required. These educators utilize a wide range of language acquisition strategies, including sentence stems, visual supports, and strategic peer partnerships, to help students access content in both languages and achieve academic success.

Stand-Alone ENL Implementation in the DLBE Program
In alignment with CR Part 154, stand-alone ENL in the DLBE model is:

Delivered in English only by a certified ESOL or bilingual teacher.

Focused specifically on developing English language proficiency across the four domains: listening, speaking, reading, and writing.

Provided in addition to bilingual content-area instruction, ensuring that ELLs build a solid foundation in English.

Aligned to English Language Proficiency Standards and the Next Generation ELA Standards.

Scheduled as a distinct period, even if delivered by the classroom bilingual teacher, to support explicit English language instruction.

In our DL program, bilingual certified teachers deliver these services within the classroom setting, ensuring they are seamlessly integrated into the student's school day.

Integrated ENL Implementation in the DLBE Program
According to CR Part 154, integrated ENL instruction in our Dual Language ICT program:

Occurs during content-area instruction delivered in English.

Is provided by bilingual-certified teachers, who may also hold ENL certification or collaborate with an ESOL teacher if necessary.

Merges English language development with grade-level academic content, allowing ELLs to build language skills while engaging with rigorous curriculum.

Aligns with both the English Language Proficiency Standards and academic content standards.

Uses differentiated instruction and supports such as:

Sentence stems

Visuals

Strategic student partnerships

Multimodal materials

This ensures all students — ELLs and English-proficient — have access to high-quality instruction in both English and Spanish, supporting equitable outcomes and bilingual development.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At P.S. 20, our staff makes thoughtful considerations and strategic scheduling adjustments to ensure full compliance with the mandated ENL service minutes outlined in Commissioner's Regulation Part 154, while also meeting the academic and linguistic needs of our English Language Learners (ELLs).

ENL Service Delivery by Proficiency Level
ENL instruction is delivered by one full-time, certified ENL teacher who provides services through a combination of push-in (integrated) and pull-out (stand-alone) models. Instruction is aligned to student English proficiency levels and scheduled to meet the following time requirements:

Entering & Emerging Levels

360 minutes per week total

180 minutes of integrated ENL (co-taught with classroom or reading teachers during the literacy block)

180 minutes of stand-alone ENL

Emerging students may also receive the full 360 minutes through integrated instruction only, based on student needs and scheduling feasibility.

Transitioning Level

180 minutes per week total

90 minutes of integrated ENL (typically in ELA)

90 minutes of stand-alone ENL or additional integrated support

Expanding Level

180 minutes per week of integrated ENL, primarily co-taught in the literacy block

Commanding Level (formerly ELLs)

90 minutes per week of integrated ENL support for two years

To meet the needs of this group, P.S. 20 implements Option A (Small Group Learning) from the state's Alternative Pathways guidance, ensuring targeted support for continued language and academic development.

Instructional Strategies and Staffing
To maximize efficiency and instructional quality:

ELLs are intentionally grouped in classrooms, facilitating consistent push-in support and minimizing fragmentation in service delivery.

ENL services are delivered through co-teaching with classroom and reading teachers, ensuring that language development is embedded in grade-level instruction.

All ENL instruction—both stand-alone and integrated—is aligned with English Language Proficiency Standards and

Next Generation ELA Standards.

Service Delivery in Bilingual Programs (TBE and DLBE)
Students in our Transitional Bilingual Education (TBE) and Dual Language Bilingual Education (DLBE) programs receive mandated ENL instruction from bilingual-certified and licensed staff, including special education teachers where applicable.

In the TBE program, students receive instruction in both English and their home language, with ENL services provided through both stand-alone and integrated models. Teachers use ENL methodologies during content-area instruction in both languages.

In the Dual Language program, students follow a 50/50 English–Spanish instructional model (rollercoaster model in grades K–5).

Instruction is delivered by bilingual-certified teachers who also provide mandated ENL services using a range of language acquisition strategies, including:

Visuals

Sentence stems

Strategic peer partnerships

Students also receive Home Language Arts (HLA) instruction in Spanish, in alignment with CR Part 154.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

At P.S. 20, instructional minutes for English as a New Language (ENL), English Language Arts (ELA), and Home Language Arts (HLA) are strategically planned to support the language development, literacy growth, and academic achievement of English Language Learners (ELLs) within our one-way Dual Language Bilingual Education (DLBE) program.

This model serves primarily ELLs and a smaller number of English-proficient students, with the goal of developing bilingualism, biliteracy, and cross-cultural competence. Students receive instruction in both English and Spanish, following a 50/50 language allocation model.

ENL Instruction
ENL instruction is provided to ELLs according to their English language proficiency level, as mandated by CR Part 154.

In the one-way dual language model:

ENL services are delivered by bilingual-certified teachers.

Services are provided through a mix of:

Stand-alone ENL instruction: Focused on explicit language development in English, including grammar, academic vocabulary, oral language, and comprehension.

Integrated ENL instruction: Embedded within ELA or content-area instruction delivered in English.

The amount and type of ENL instruction (stand-alone vs. integrated) vary by student proficiency level to meet mandated weekly service minutes.

Instructional strategies include the use of visuals, sentence stems, small-group instruction, and language scaffolds to support access to content and development of English proficiency.

English Language Arts (ELA) Instruction
ELA instruction is delivered in English to all students, regardless of home language, and focuses on:

Developing foundational and advanced literacy skills

Enhancing comprehension, writing, vocabulary, and critical thinking

Meeting grade-level Next Generation ELA Standards

In the one-way dual language model, ELA instruction typically occurs during the English portion of the day, making up 50% of the daily instruction.

Home Language Arts (HLA) Instruction
HLA instruction is delivered in Spanish, supporting the development of literacy in the home language. It is provided to all students in the program, whether Spanish is their first or second language, and includes:

Instruction in reading, writing, speaking, and listening in Spanish

Development of academic vocabulary and text comprehension in the partner language

Reinforcement of cross-linguistic skills that support biliteracy

HLA is taught during the Spanish-language portion of the day, also comprising 50% of the daily instructional time.

Summary of Instructional Time in the Two-Way Dual Language Model

Component:	Delivery Method:	Language of Instruction:	Frequency:
ENL	Stand-alone & integrated (for ELLs)	English	Based on proficiency level (CR Part 154)
ELA	Whole group & small group	English	50% of daily instruction
HLA	Whole group & small group	Spanish	50% of daily instruction

Instruction in both English and Spanish is delivered by bilingual-certified teachers using culturally responsive and scaffolded strategies, such as visuals, sentence stems, strategic grouping, and differentiated supports. This ensures that all students in the dual language program—regardless of home language—develop strong literacy skills in both languages while meeting academic standards.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At P.S. 20, we implement a one-way Dual Language Bilingual Education (DLBE) program model within Integrated Co-Teaching (ICT) classes. This model primarily serves English Language Learners (ELLs) who share the same home language (Spanish), though students may demonstrate varying levels of proficiency in both Spanish and English and come from diverse dialectal backgrounds.

Instruction is delivered equally in English and Spanish, following a 50/50 model in which each language comprises approximately 50% of the instructional day. The goal is to develop bilingualism, biliteracy, and cross-cultural competence, while also ensuring access to rigorous academic content.

In this model:

English proficient students and ELLs are fully integrated for the entire instructional day.

All students learn together in both languages, receiving content instruction, literacy instruction, and language development support in Spanish and English.

This inclusive approach ensures that both English proficient students and ELLs benefit from rich, linguistically and culturally responsive instruction, while promoting equity and academic excellence for all learners.

b. In which language(s) is each core content area taught?

At PS 20 all core subject areas are taught in both Spanish and English equally.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

In the Transitional Bilingual Education (TBE) program at P.S. 20, core content instruction is strategically designed to support English Language Learners (ELLs) in developing academic skills while transitioning to English proficiency.

English Language Arts (ELA) and Mathematics are taught exclusively in English, to support students in developing literacy and numeracy skills aligned with grade-level standards and to build English proficiency in core academic areas.

Science and Social Studies are taught bilingually, using both Spanish and English as languages of instruction. The instructional time for these subjects is distributed approximately 60% in Spanish and 40% in English.

This bilingual approach in science and social studies provides students with access to complex content in their home language (Spanish) while gradually increasing exposure to academic English, promoting content mastery and language development simultaneously. Instruction is delivered by bilingual-certified teachers, who use scaffolding strategies and language supports to ensure that students are able to participate meaningfully in both languages.

Home Language Arts is taught in accordance with CR Part 154. In cases where a student benefits from learning bilingually in more subject areas, the teacher will individualize instruction to support with more home language instruction. Language Arts, Social Studies, Science and Math are taught bilingually.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At our school, 79.9% of English Language Learners (ELLs) are classified as Newcomers, meaning they have been receiving ELL services for 0–3 years. 20.1% are Developing ELLs (4–6 years of service), and 0% are classified as Long-Term ELLs (7+ years of service).

Effective instruction for Newcomers must prioritize language acquisition, acculturation, and foundational literacy. Instruction often includes explicit vocabulary development, sheltered content instruction, and scaffolded support in listening, speaking, reading, and writing. Newcomers benefit from visual aids, bilingual supports when possible, structured routines, and ample opportunities for oral language development. Additionally, social-emotional supports are essential to help them adjust to a new cultural and educational environment.

In contrast, Developing ELLs typically have a stronger grasp of basic interpersonal communication skills, social language and are progressing in academic language. Instruction for these students focuses more on complex language structures, academic vocabulary, content-specific writing, and critical thinking tasks. Scaffolds may be less intensive, and instruction often includes language objectives integrated into grade-level content areas.

Long-Term ELLs, while not present at our school, would require a different approach that boosts academic vocabulary, and addresses potential gaps in reading comprehension and writing fluency due to prolonged underperformance in language development.

By recognizing the distinct needs of each subgroup, we ensure that instruction is both developmentally appropriate and responsive to students' language proficiency levels.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At our school, 2.1% of English Language Learners (ELLs) are identified as Students with Inconsistent/Interrupted Formal Education (SIFE).

Effective instruction for SIFE requires a multifaceted approach that addresses both academic gaps and language acquisition needs. Unlike other ELLs, SIFE students often arrive with limited literacy in their home language, gaps in content knowledge, and minimal exposure to formal schooling structures.

Key instructional strategies include:

Diagnostic assessments to identify gaps in foundational skills.

Intensive literacy instruction, often beginning with emergent reading and writing strategies.

Integrated language and content instruction, using visuals, realia, and hands-on activities to build conceptual understanding.

Small-group or one-on-one instruction to personalize learning and build confidence.

Explicit instruction in school routines, academic behaviors, and cultural norms to support social-emotional adjustment.

Use of home language when possible to support concept development and bridge learning.

Collaboration with support staff and families to create a stable, nurturing environment.

Differentiation for SIFE goes beyond language support—it must address academic acceleration, trauma-informed practices, and the development of learning-to-learn skills, ensuring students can successfully integrate into the school community and make academic progress.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At our school, 0% of English Language Learners (ELLs) are classified as Long-Term ELLs—students who have received English language services for 7 or more years without reaching proficiency.

While we currently have no Long-Term ELLs, it's important to understand how their instructional needs differ from those of Developing ELLs, who represent 20.1% of our ELL population and have received services for 4–6 years.

Developing ELLs typically continue to build academic language and content knowledge and benefit from instruction that emphasizes:

Academic vocabulary development

Complex sentence structures

Integrated language objectives across content areas

Opportunities for structured oral language practice

Continued reading and writing support aligned with grade-level standards

In contrast, Long-Term ELLs often plateau in their language development and may struggle with persistent gaps in

academic language, especially in writing and reading comprehension. Effective instruction for Long-Term ELLs focuses on:

Targeted support to address language errors

Intensive academic writing instruction, including grammar, coherence, and structure

Close reading strategies to build comprehension and analytical skills

Regular formative assessments to monitor progress and adjust instruction

Increased engagement with grade-level content through differentiated scaffolds

Understanding these distinctions ensures that if Long-Term ELLs enter our population in the future, we are prepared to implement tailored interventions that go beyond general language support to address long-standing academic and linguistic needs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At our school, 5.4% of students are classified as Former English Language Learners (ELLs). This includes:

4.3% who tested out of ELL services in the 2023–2024 school year

1.1% who exited in the 2022–2023 school year

In accordance with New York State Part 154 regulations, our school provides mandated Former ELL support during the two-year monitoring period following students' exit from ELL services. This includes:

Ongoing academic and language progress monitoring by ENL staff and classroom teachers

Push-in or pull-out academic support, as needed, to reinforce content understanding and language development

Collaboration between ENL and general education teachers to ensure appropriate scaffolds and differentiated instruction remain in place

Access to supplemental resources and small-group instruction, especially in ELA and content-area subjects

Consultation and check-ins by ENL teachers at regular intervals to identify early signs of academic difficulty

Our goal is to ensure that Former ELLs continue to thrive academically and maintain language proficiency while transitioning successfully to full mainstream instruction.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At our school, 10 students - 6.9% of English Language Learners (ELLs) are identified as Potential Long-Term ELLs, meaning they are approaching six or more years of service without meeting proficiency benchmarks. This subgroup is considered at risk of becoming Long-Term ELLs, a designation often associated with persistent academic

struggles, stagnation in language development, and increased likelihood of academic disengagement.

Additional at-risk indicators observed among our ELL population include:

A small percentage (2.1%) of Students with Inconsistent/Interrupted Formal Education (SIFE), who often face foundational academic and literacy gaps

A significant number (79.9%) of Newcomers, who may also be at risk due to limited English proficiency, recent arrival, and adjustment to a new cultural and educational environment

Trends and Implications:

Early intervention is critical. The presence of Potential Long-Term ELLs indicates a need for more targeted instruction and close monitoring of students who have not made expected progress within 4–6 years.

Newcomers dominate the population, which suggests the school's ENL services must be heavily geared toward early language acquisition and academic foundations but must also have systems in place to track progress longitudinally to prevent long-term underachievement.

A small but significant number of SIFE students highlights the need for trauma-informed instruction, bilingual supports when possible, and accelerated learning pathways that address both academic and language gaps simultaneously.

Moving forward, our school is committed to:

Implementing progress monitoring systems to identify ELLs at risk of becoming long-term

Increasing collaboration between ENL and content-area teachers to support language development across disciplines

Providing data-driven interventions and differentiated instruction for students not meeting expected benchmarks

By proactively addressing these risk factors, we aim to support all ELLs in reaching language proficiency and academic success within appropriate timeframes.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At our school, 5.4% of students are classified as Former ELLs—students who have exited ENL services within the past two years. While these students have demonstrated English proficiency on the NYSESLAT, they may still face academic challenges, particularly in mastering complex academic language and content-area vocabulary.

Potential at-risk factors for Former ELLs include:

Gaps in academic vocabulary and writing proficiency, especially as curriculum demands increase in higher grade levels

Lack of continued language support after the mandated two-year monitoring period

Over-identification for academic intervention services due to lingering language-related challenges rather than

learning disabilities

Underperformance on state assessments compared to native English speakers, particularly in ELA and content areas with high linguistic demand

Trends observed:

Former ELLs may experience a “silent struggle”—appearing fluent socially but still needing support with reading comprehension and writing in academic contexts

Some Former ELLs receive academic intervention or support services that resemble ENL strategies, indicating a continued need for scaffolded instruction even after formal exit

Few structured supports beyond the mandated monitoring period, which could result in regression or overlooked needs if not closely watched

To address these concerns, our school:

Maintains close communication between ENL staff and classroom teachers during the two-year monitoring period

Encourages the continued use of differentiated instructional strategies (e.g., visual supports, sentence frames, vocabulary previewing) for Former ELLs

Utilizes formative assessments to identify lingering language-related barriers

Provides targeted support or re-entry into ENL services if Former ELLs demonstrate academic regression due to language difficulties

By recognizing and responding to the ongoing needs of Former ELLs, our school is committed to ensuring their sustained academic success and full integration into grade-level instruction.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At our school, the home languages most commonly spoken by English Language Learners (ELLs) are:

Spanish – 137 students

Arabic – 6 students

Urdu – 1 student

English – 136 students

The majority of ELLs are Spanish speakers, making it essential that our school prioritizes culturally and linguistically responsive support for this population.

Staff and Structures to Support Communication and Learning:

Bilingual Staff and Translators: We have Spanish-speaking ENL teachers, paraprofessionals, and support staff who assist with both instruction and parent communication. For Arabic and Urdu, we utilize interpreters or translation services as needed.

Home Language Communication: All critical school communications (letters, progress reports, phone calls, parent-teacher conference forms, etc.) are translated into Spanish/Arabic/Urdu. For less commonly spoken languages, we use district translation services to ensure equitable access.

Bilingual Parent Engagement: We hold bilingual workshops and family nights that are facilitated in Spanish and English to increase accessibility and engagement for Spanish-speaking families.

Language-affirming Instruction: Teachers are trained in strategies that validate and incorporate students' home languages, such as using cognates, translanguaging, and encouraging the development of literacy in the home language alongside English.

Multilingual Resources: We provide Spanish-language books, digital platforms, and classroom libraries, and make use of bilingual dictionaries, anchor charts, and labeled visuals to support Spanish-speaking learners. We also provide culturally responsive texts that reflect the backgrounds of our students.

Monitoring and Support: ENL and classroom teachers collaborate to identify students who may benefit from language-specific scaffolds, and regularly monitor progress to ensure academic growth without loss of home language identity.

By investing in staff, systems, and instructional practices that support and honor students' home languages, especially Spanish, we aim to create a school culture that promotes equity, inclusion, and linguistic pride.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At our school, the English Language Learner (ELL) population is racially and ethnically diverse, with the majority identifying as Latino/Hispanic, primarily from Spanish-speaking backgrounds. A smaller number of ELLs identify as Middle Eastern/North African (Arabic-speaking) and South Asian (Urdu-speaking). This rich cultural and linguistic diversity informs our commitment to Culturally Responsive and Sustaining Education (CR-SE) practices across the school community.

Inclusion of ELLs in CR-SE Planning and Instruction:

Curriculum and Instruction

Teachers integrate culturally relevant content that reflects the backgrounds, histories, and experiences of our ELLs, particularly Latino/Hispanic communities.

Instruction includes multilingual texts, cultural celebrations, and student-centered projects that affirm students' identities.

Translanguaging practices are encouraged to allow students to draw on their full linguistic repertoire in learning.

Professional Learning

Staff engage in ongoing CR-SE professional development focused on equity, anti-bias education, and linguistic diversity.

ENL and general education teachers collaborate to align language instruction with culturally responsive strategies.

Student Voice, Restorative Justice and Leadership Initiatives:

ELLs are included in student councils, classroom discussions, and peer-led initiatives that value their perspectives and lived experiences.

Teachers actively seek student input when designing lessons, choosing texts, or celebrating cultural heritage events.

Family and Community Engagement:

Communication with families is conducted in their home languages whenever possible, fostering trust and inclusion.

Multiple opportunities to participate in Family Night Activities that highlight academic and content area and the Arts

Supportive Learning Environments:

Classrooms emphasize belonging, respect, and affirmation of students' identities through visuals, language displays, and inclusive routines.

Staff intentionally build positive relationships with ELLs to ensure their voices and identities are visible and valued in the learning process.

Through intentional planning, inclusive instructional practices, and strong home-school partnerships, our school works to ensure that ELLs are not only supported academically but also seen, heard, and celebrated as integral members of our learning community.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Notable Trends:

Newcomer ELLs (0–3 years of service) showed the most consistent growth, particularly at the Entering and Emerging levels. This suggests that foundational language supports and scaffolds are effective for early-stage learners.

Developing ELLs (4–6 years of service) demonstrated more varied progress. Some students advanced in speaking and listening domains, but lagged in reading and writing, especially in grades where academic demands are higher. Upon reviewing English Language Proficiency (ELP) growth at our school, we observed the following trends:

Students at risk of becoming Long-Term ELLs showed minimal or no growth, highlighting a need for intensified intervention, particularly in academic vocabulary and structured writing instruction.

Implications for Instruction:

Instructional strategies must continue to emphasize integrated language and content, especially for students who plateau in the Intermediate range.

Formative language assessments will be used more frequently to monitor progress and provide timely support.

Professional development will focus on scaffolding strategies for reading comprehension and academic writing across disciplines.

Moving forward, our school will use ELP growth data as measured by the NYSESLAT reports to adjust instructional groupings, inform ENL service delivery models, and ensure that all ELLs receive the targeted language instruction necessary to meet or exceed annual growth expectations.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Upon analyzing NYSESLAT results, including RLAT and FURBY data, several clear trends have emerged across modalities:

Receptive language skills (listening and reading) show slower and more gradual progression among students. This trend suggests that while students are exposed to English frequently, they may require additional support in building comprehension skills and processing academic language.

Expressive language skills—particularly speaking—show the strongest growth. Many students demonstrate increased confidence and fluency in oral language, especially when instruction includes structured speaking routines, partner work, and opportunities for oral academic language practice.

Writing remains the area of greatest need. Across grade levels and proficiency bands, students struggle to demonstrate growth in written expression. This may be due to challenges with academic vocabulary, sentence structure, grammar, and organizing ideas—especially in content-area writing tasks.

Instructional Implications:

Receptive skills will be strengthened through explicit vocabulary instruction, close reading routines, and comprehension strategy modeling.

Speaking will continue to be prioritized through discussion protocols, oral rehearsal before writing, and collaborative learning.

Writing will be a major focus area moving forward, with an emphasis on:

Sentence-level instruction

Writing scaffolds and models

Genre-specific writing tasks

Cross-curricular writing opportunities

By aligning instruction with these trends, our school aims to support balanced language development and ensure that all ELLs show growth across all four NYSESLAT modalities.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

An analysis of the Spring 2024 NYSESLAT alongside the New York State ELA and Math assessments reveals a consistent pattern:

Students who scored higher on the NYSESLAT (Expanding or Commanding levels) were more likely to score at or above Level 3 on the ELA and Math assessments, meeting grade-level expectations.

Conversely, students who remained at Entering or Emerging levels on the NYSESLAT predominantly scored at Level 1 or 2 on both the ELA and Math assessments, indicating below-grade-level performance.

Key Observations:
For ELA, students who met the exit criteria on the NYSESLAT (Commanding or Expanding with a 3+ on ELA) were clearly more likely to demonstrate proficiency on state ELA assessments. This confirms the interdependence between English language proficiency and literacy performance.

For Math, while some students with lower English proficiency (e.g., Emerging or Transitioning) showed stronger performance, especially those with stronger numeracy skills, most still scored lower if they had not yet reached higher NYSESLAT levels—suggesting that language demands still impact math performance, particularly in word problems and reasoning tasks.

Instructional Implications:

These trends underscore the importance of aligning language instruction with content instruction—especially in reading and math—to support ELLs in both assessments.

For students in the Emerging/Transitioning range, targeted interventions in academic vocabulary, reading comprehension, and writing are essential to help bridge the gap.

Math instruction for ELLs should continue to integrate visual supports, sentence frames, and scaffolded word problems to reduce language barriers.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Trends for ELLs with IEPs:

At P.S. 020, 33.3% of ELLs (48 students) are also classified as having an Individualized Education Program (IEP).

According to the NYSESLAT results, students in this subgroup are less likely to meet English Language Proficiency (ELP) growth expectations. Many ELLs with IEPs remain at the Entering or Emerging proficiency levels, and a large portion were part of the 64.1% of ELLs who did not meet sufficient ELP progress in Spring 2024.

Modality analysis reveals that ELLs with IEPs show particular struggles in writing and reading, which aligns with common areas of academic difficulty for students with disabilities.

Factors Impacting ELLs with IEPs:

Dual learning needs: These students must simultaneously build language proficiency and receive supports for cognitive, behavioral, or academic challenges.

Reduced exposure to core ENL instruction due to pull-outs for related services (i.e: SETSS, speech).

Instructional strategies may not be fully integrated to address both language development and IEP goals, leading to fragmented support.

Trends for SIFE (Students with Inconsistent/Interrupted Formal Education):

Only 3 students (2.1%) at P.S. 020 are identified as SIFE.

Despite the small number, SIFE students are disproportionately represented among those not making sufficient ELP progress. They are generally clustered at the Entering and Emerging levels, with slower gains across modalities, particularly in reading and writing.

Factors Impacting SIFE:

Limited prior literacy exposure in their home language often delays acquisition of English literacy skills.

Trauma, mobility, or gaps in foundational knowledge make it more difficult to engage with grade-level content.

Instructional pacing in general education settings may not match their learning trajectory, even with ENL support.

Instructional Implications for Both Subgroups:

Implement intensive, small-group intervention that integrates ENL and IEP strategies.

Increase use of scaffolded writing supports, graphic organizers, and visual learning tools.

Leverage progress monitoring to adjust instruction frequently and respond to stalled language growth.

Provide trauma-informed practices and routines for SIFE students to build academic confidence and consistency.

By addressing these factors through tailored instruction, collaboration between ENL and special education teachers, and strategic scheduling, we can better support both ELLs with IEPs and SIFE in achieving meaningful language and academic progress.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At our school, we are deeply committed to ensuring that English Language Learners (ELLs) receive a rigorous, inclusive academic experience that promotes both language development and content mastery. We achieve this through a comprehensive, student-centered approach built on data-driven instruction, differentiated small-group learning, and integrated supports that foster deep, sustained learning.

Data-Driven Instruction
Instructional decisions are informed by continuous, intentional analysis of student performance and language proficiency data. We use a range of assessment tools to identify students' strengths and areas for growth, then tailor instruction accordingly. This targeted approach enables teachers to deliver responsive, meaningful lessons and adjust instruction in real time to support ongoing academic progress.

Differentiated Small Group Instruction
Recognizing the importance of individualized attention, we prioritize small group instruction for our ELLs. These groups allow for tailored support, increased student engagement, and consistent opportunities to practice language in a low-stakes, interactive setting. Teachers can more effectively differentiate instruction, focusing on specific linguistic and academic goals that accelerate both English acquisition and content learning.

Integrated Language and Content Instruction
We take an integrated approach across all subject areas—ELA, math, science, and social studies—ensuring that language development is embedded within content instruction. Classroom teachers collaborate closely with ENL specialists to co-plan lessons that include language objectives, scaffolds, and vocabulary development strategies. This promotes access to rigorous curriculum while building the academic language needed for success.

Ongoing Professional Development
Our educators participate in continuous professional learning focused on best practices for teaching multilingual learners. Training topics include scaffolding techniques, sheltered instruction, use of visual supports, and culturally responsive teaching. This ensures that teachers are equipped to meet the diverse needs of our ELLs and create learning environments where all students feel valued and supported.

Technology Integration
We strategically use technology to personalize and extend learning for ELLs. Digital tools such as language apps, interactive platforms, and adaptive learning programs provide differentiated practice and reinforce classroom instruction. These resources offer additional support outside the classroom and are especially effective in addressing varied proficiency levels within the same classroom.

By combining these elements into a cohesive system of support, we provide ELLs with the foundation they need to achieve deep understanding, academic confidence, and long-term success. Our goal is to ensure that every multilingual learner is empowered to thrive in both language and content learning.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At our school, the Instructional Leadership Team (ILT) and Language Allocation Policy (LAP) team meet monthly to review ELL student data, monitor service delivery, and ensure that all English Language Learners (ELLs) are receiving mandated supports aligned with their NYSITELL/NYSESLAT proficiency levels. These meetings are focused on maintaining equitable access to core instruction for all multilingual learners.

In addition, Grade Leaders meet regularly with administration, their grade teams, and across grade levels to review how content is being adapted to meet the diverse linguistic needs of students. Bilingual, ENL, and key support personnel also meet monthly with grade-level teams to align practices, ensure consistency, and promote academic achievement across instructional settings.

Discussions and decisions typically focus on the following priorities:

Designing and delivering instruction that is culturally and linguistically responsive, with a focus on inclusive practices for ELLs and students with IEPs

Reviewing the integration of language and content objectives to ensure that instruction supports both academic development and English language acquisition

Selecting and implementing age- and grade-appropriate materials that are aligned to the Next Generation Learning Standards and support multilingual learners' access to core curriculum

Collaborating with school-based support teams and community-based organizations to address the academic, social-emotional, and linguistic needs of ELLs/MLLs holistically

Additionally, ENL teachers work closely with the data specialist at the beginning of the school year to analyze proficiency levels and adjust instructional groupings, schedules, and service delivery plans accordingly. This data-driven approach ensures that each ELL receives instruction and support that is both aligned to their language proficiency and integrated within the core content areas.

Through this collaborative and strategic structure, our leadership team maintains a consistent focus on equity, access, and excellence for all English Language Learners.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At our school, core content instruction is delivered through a stand-alone and integrated ENL program model that ensures English Language Learners (ELLs) have equitable access to rigorous, standards-aligned instruction while developing proficiency in English. Instruction is delivered in English, with strategic supports and scaffolds that foster language acquisition and academic achievement.

Instructional Approach:
Based on NYSESLAT and NYSITELL data, our ELLs demonstrate typical second language acquisition patterns, progressing more rapidly in listening and speaking, while reading comprehension and writing remain areas requiring additional support.

2024 NYSESLAT results confirm that while students are generally more proficient in oral language modalities, they often score lower in reading and writing, contributing to lower overall proficiency levels.

Kindergarten NYSITELL data shows most students enter with Emerging or Transitioning English skills, while students in grades 1–5 fall primarily within the Transitioning and Expanding proficiency bands.

As a result, our instructional focus has shifted intentionally toward strengthening reading comprehension and written expression, while continuing to support oral language development.

Core Instruction Across Program Models:
Stand-Alone ENL Instruction:
Delivered by certified ENL teachers in a small group setting, these lessons focus on explicit language instruction that integrates:

Vocabulary development

Reading comprehension strategies

Structured oral language practice

Sentence-level and extended writing tasks

Lessons are scaffolded using visual aids, sentence frames, anchor charts, and leveled texts, and are closely aligned with the Next Generation Learning Standards.

Integrated ENL/Content Instruction:
In the integrated model, ENL teachers collaborate with general education teachers to embed language objectives into core content lessons (ELA, Math, Science, Social Studies). Instructional strategies include:

Sheltered instruction techniques (e.g., visuals, modeling, cooperative learning)

Translanguaging practices, where appropriate, to draw on students' full linguistic repertoire

Text-dependent questioning to support comprehension

Gradual release of responsibility (I do, we do, you do) to scaffold student independence

Language and Literacy Focus:
Instruction is aligned to both language acquisition stages and grade-level content expectations, with a specific emphasis on:

Explicit vocabulary instruction across subject areas

Reading comprehension strategies, including inferencing, summarizing, and using textual evidence

Written language development, from sentence construction to paragraph-level response writing

Opportunities for discourse that connect oral language with reading and writing tasks

Data-Driven Support:
Teachers use formative assessments, NYSESLAT/NYSITELL data, Map/Acadience screeners and classroom observations to group students, differentiate instruction, and adjust pacing. Student growth in each modality (listening, speaking, reading, writing) is tracked and used to inform targeted interventions.

By combining language-focused instructional strategies with standards-based academic content, our school ensures that ELLs receive high-quality, rigorous instruction that supports both English proficiency and academic success.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At our school, we use a strategic combination of research-based instructional strategies, grade-level aligned materials, and integrated technology to provide Multilingual Learners (MLs)/English Language Learners (ELLs) with equitable access to academic content while accelerating English language development. Our approach is differentiated by student need and responsive to the unique challenges faced by specific ELL subgroups.

Core Instructional Programs and Strategies
ELA and Biliteracy Development:

HMH Into Reading (English) and HMH ¡Arriba la Lectura! (Spanish) provide comprehensive, standards-aligned literacy instruction. These resources allow teachers to scaffold instruction based on language proficiency, using parallel resources across languages to support dual language development. Additionally, HMH Into Reading offers a comprehensive tabletop English Language Development program, designed to support students' language acquisition in all four modalities

Fundations offers systematic, multisensory phonics instruction. It is especially effective for ELLs, including Spanish-speaking students learning to decode and encode in English.

Heggerty provides daily, structured phonemic awareness routines that build foundational listening and pronunciation skills essential for reading development.

SPIRE is used school-wide as a tiered intervention for struggling readers, including ELLs. It emphasizes explicit phonics, fluency, and comprehension in a highly structured, multisensory format.

Math Instruction:

Investigations Math supports ELLs with a hands-on, inquiry-based approach. Teachers use visual aids, manipulatives, and real-life problem-solving to make abstract concepts concrete and language-accessible.

Digital math platforms and apps (e.g., interactive tutorials and practice tools) allow for language adaptation, provide visual explanations, and support self-paced learning across proficiency levels.

Science and Social Studies:

Amplify Science and Passport to Social Studies provide engaging, inquiry-driven units aligned with standards. Teachers utilize leveled texts, audio supports, and bilingual resources to ensure content accessibility for ELLs.

1:1 device access allows students to explore virtual simulations, multimedia resources, and text-to-speech tools to deepen content understanding.

Instructional Technology Tools
Voice-to-text and text-to-speech tools support students with writing and comprehension.

Language accessibility settings on student devices allow content to be translated or adapted as needed.

Students use bilingual dictionaries, glossaries, and visual supports across content areas.

b. SIFE

Currently, our school serves three identified SIFE (Students with Interrupted/Inconsistent Formal Education). Instructional approaches for these students are differentiated based on individual factors, including native language, native language literacy levels, prior schooling experiences, and socio-emotional needs.

Instructional Approaches for SIFE Students
Strengths-Based and Culturally Responsive Instruction:
Instruction begins with identifying and building upon what students can do, including their background knowledge, cultural assets, and oral language strengths. This creates a foundation of trust, affirmation, and engagement, which is critical for students with interrupted educational histories.

Native Language Supports:
When possible, students are encouraged to use their home language to support learning and self-expression. Bilingual materials, dictionaries, and peer support are used to reinforce comprehension and conceptual development while they build proficiency in English.

Modified Grade-Level Content:
SIFE students are exposed to grade-level content adapted to their instructional level. Teachers use scaffolded tasks, visuals, graphic organizers, sentence stems, and hands-on activities to bridge conceptual understanding while developing academic language.

Explicit Vocabulary and Literacy Development:
A major focus is placed on building foundational literacy through targeted instruction in phonics, phonemic awareness, vocabulary, and reading comprehension. Programs like Fundations, SPIRE, and Heggerty provide structured routines that support decoding and oral language development.

Multisensory and Experiential Learning:

Instruction incorporates visuals, manipulatives, real-life context, and project-based learning to enhance understanding of abstract concepts. These strategies also support engagement and retention for students who have limited formal academic experiences.

Trauma-Informed Practices:
Given the possibility of displacement, trauma, or instability, instruction includes predictable routines, social-emotional check-ins, and a supportive classroom climate that emphasizes safety, consistency, and relationship-building.

Use of Technology:
Tools such as voice-to-text, text-to-speech, and interactive learning platforms allow students to engage with content in multiple modalities and at their own pace. These tools also help students practice English in low-stress, personalized ways.

Ongoing Assessment and Flexible Grouping:
Teachers use formative assessments and language progress data to monitor growth and adjust instruction. Students are grouped flexibly for targeted instruction, allowing for personalized support and integration with peers when appropriate.

By combining trauma-sensitive, linguistically inclusive, and academically rigorous instruction, our school provides SIFE students with the tools they need to accelerate language development and successfully access grade-level content. Our goal is to ensure that every SIFE student feels seen, supported, and capable of academic success.

c. Newcomers

At our school, we serve a significant population of Newcomer ELLs, defined as students who have been in U.S. schools for three years or less. These students are in the earliest stages of English language acquisition and require a strategic, supportive, and language-rich learning environment that addresses both their academic and social-emotional needs.

Instructional Approaches for Newcomer ELLs
Language Acquisition Stage-Aligned Instruction:
Instruction is aligned to students’ stages of language development, using resources such as Shelley Fairbairn’s Differentiator Flip Chart to scaffold tasks according to students' expressive and receptive language levels. Activities are designed to move students through the silent period, early production, speech emergence, and fluency stages.

Choral Repetition and Modeled Language:
Teachers use choral repetition, sentence frames, and modeled dialogue to provide repeated, supported exposure to academic English. This encourages risk-taking in speaking and builds confidence.

Scaffolded Access to Grade-Level Content:
Newcomer students receive modified grade-level instruction, where tasks are scaffolded with visual aids, graphic organizers, hands-on materials, bilingual glossaries, and anchor charts. Core programs such as HMH Into Reading, Fundations, SPIRE, and Investigations Math are adapted to meet their language development needs.

Native Language Support:
Students are encouraged to draw upon their home language to aid comprehension and expression. Teachers incorporate cognates, bilingual dictionaries, and peer support from bilingual classmates to reinforce meaning and lower the linguistic barrier to learning.

Vocabulary Development and Oral Language Practice:
A strong emphasis is placed on explicit vocabulary instruction and oral language development across content areas. Teachers provide daily opportunities for structured talk, collaborative learning, and peer interaction to promote verbal fluency.

Integrated Technology Use:
1:1 devices support Newcomers through interactive apps, text-to-speech, translation tools, and voice-to-text software. These tools support independent learning, reinforce content understanding, and reduce language-related frustration.

Social-Emotional and Cultural Support:
Recognizing the transitional challenges Newcomers may face, we foster a welcoming, culturally responsive classroom environment. Teachers use social-emotional check-ins, multicultural literature, and clear routines to build safety, belonging, and engagement.

Flexible Grouping and Progress Monitoring:
Newcomers are grouped by language proficiency and learning needs, allowing for targeted instruction while integrating with peers when appropriate. Teachers use formative language assessments and NYSESLAT data to track progress and adjust instruction.

Through a combination of intentional language instruction, culturally responsive teaching, and scaffolded academic support, our school ensures that Newcomer ELLs receive the foundation they need to succeed both linguistically and academically. Our goal is to provide these students with equitable access to grade-level content while fostering rapid and meaningful English language development.

d. Long Term ELLs

At our school, although we currently have no students formally classified as Long-Term ELLs, we serve a small group of students identified as Potential Long-Term ELLs, based on their length of time receiving services (4–6 years) and their limited progress in reading and writing. These students typically plateau in their language development and require targeted, high-impact instructional approaches to re-engage them academically and support their movement toward proficiency.

Instructional Approaches for Long-Term ELLs
Explicit Academic Language Instruction:
Long Term ELLs benefit from structured instruction in academic vocabulary, grammar, syntax, and discourse patterns. Teachers are expected to integrate language objectives into all core content instruction and provide explicit instruction in complex sentence structures, transitions, and text-based responses.

Oracy Development and Structured Talk:
To support students in organizing their thinking and developing more sophisticated responses, teachers integrate oracy routines, including partner discussions, sentence frames, Socratic seminars, and academic discussion protocols. This builds verbal reasoning and supports written expression.

Writing-Focused Interventions:
Writing is often the area of greatest need for LTELLs. Teachers emphasize structured writing instruction, including:

Modeled and shared writing

Genre-specific instruction

Paragraph frames and outlines

Revising/editing routines using mentor texts
Programs like HMH Into Reading, Fundations (for foundational gaps), and SPIRE (for literacy intervention) support writing fluency and structure.

Use of Shelley Fairbairn's Differentiator Flip Chart:
This tool helps teachers scaffold tasks to meet the needs of LTELLs who may be conversationally fluent but still struggle with academic language.

Technology Integration:
LTELLs benefit from technology tools such as:

Voice-to-text to develop fluency in written expression

Digital graphic organizers for planning

Multilingual glossaries and online translators for vocabulary reinforcement

Interactive reading tools to build comprehension and vocabulary

Increased Exposure to Complex Texts:
Long Term ELLs are provided access to grade-level complex texts, supported by previewing vocabulary, building background knowledge, and scaffolded comprehension tasks. Leveled support materials from HMH Into Reading and Amplify Science aid this process.

Formative Assessment and Data-Driven Grouping:
Teachers use ongoing formative assessments, screeners and NYSESLAT data to monitor progress and group students strategically for language instruction.

Engagement and Motivation Strategies:
Long Term ELLs may become disengaged due to years of support without exit. Teachers use interest-based texts and student choice to increase motivation and investment in their learning.

Through this focused and layered instructional approach, we aim to break through the language plateau often experienced by Long-Term ELLs. By emphasizing academic language development, writing fluency, and student engagement, we work to accelerate progress and support these students in achieving proficiency and long-term academic success.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At our school, we are committed to providing English Language Learners (ELLs) with disabilities the support necessary to meet both their IEP goals and attain English language proficiency within the least restrictive environment (LRE). All students are programmed in alignment with their mandated IEP services, and instruction is delivered in a way that ensures full access to the general education curriculum and ENL services.

Compliance with IEP Mandates:

All ELLs with IEPs are programmed according to their individualized plans. If a required service is unavailable within the building, Related Service Authorizations (RSAs) are issued to ensure students receive the services to which they are entitled.

Instructional Staffing and Program Placement:
Depending on the IEP recommendations and the student's language proficiency level, ELLs receive instruction from either an ENL-certified or bilingual-certified teacher. When a student is recommended for a bilingual program that is not offered in the school, alternate placement paraprofessionals are assigned to provide language and instructional support throughout the day.

Service Delivery and Scheduling:
Services are aligned with the continuum of special education services, and students are reviewed on an individual basis to determine the most appropriate placement and scheduling flexibility, including mainstreaming opportunities where appropriate. Creative scheduling allows for co-planning, intervention, and real-time instructional support across content areas.

Integrated Support During Core Instruction:
ELLs with IEPs receive push-in and/or pull-out support based on academic need, particularly during ELA and core content instruction. These services ensure that students can access grade-level material while receiving targeted support tailored to both their language and learning needs.

Collaboration with Related Service Providers:
Related service providers (e.g., speech, OT, counseling) utilize pacing calendars to align therapeutic instruction with classroom content and language development goals. Ongoing collaboration between ENL teachers, special education staff, and service providers ensures consistent, targeted intervention.

Bilingual Assessments and Equity in Evaluation:
When appropriate, bilingual evaluations are conducted by the School Assessment Team to ensure an accurate understanding of students' needs. ELL status does not hinder or delay any special education evaluations or services. All recommendations are made in accordance with student needs, not language status.

Full Participation and Access to Curriculum:
ELLs with IEPs participate fully in all school-wide academic and enrichment activities. Instructional supports, accommodations, and modifications are in place to ensure equitable access to Next Generation Learning Standards and to promote both language and academic growth.

Our goal is to ensure that all ELLs with disabilities are supported through a coordinated, inclusive, and student-centered approach that honors their linguistic and learning needs while maximizing their participation alongside non-disabled peers.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Dual Language Program:
Arriba La Lectura
MAP (Spanish)
Acadience (Spanish)
Cognates chart,
Bilingual dictionaries,

Communication to parents in both languages,
Multicultural and dual language libraries
Visual aides
Scaffold instruction
Instruction in the home language is provided home language every other day
small group reading instruction is provided to students not reading on grade level in their home language until the student reads proficiently in that language and then will receive small group instruction in both

TBE Program:
Cognates chart,
Bilingual dictionaries,
Communication to parents in both languages,
Multicultural and dual language libraries
Visual aides
Scaffold instruction
small group reading instruction is provided to students not reading on grade level in their home language until the student reads proficiently in that language and then will receive small group instruction in both

ENL Program:
Bilingual glossaries
Provide repetition and establish routines
Scaffold instruction
Use of manipulatives, visuals, realia, props, games, TPR, gestures
Hands on activities
Emphasize/frontload key vocabulary
Allow students to use L1 when appropriate
Provide meaningful/actionable feedback to support student goal setting
Build on students prior knowledge
Provide more opportunities for student interaction

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

To support co-teaching and collaboration among teachers for all ELL program models available at our school, we have implemented a robust system and structured approach. Our classroom models include Integrated Co-Teaching (ICT) classes and Transitional Bilingual Education (TBE).

1. ICT Classes:
- Dual Language Spanish: Approximately 50% of our ICT classes are Dual Language Spanish, with two bilingual teachers who both hold bilingual extensions. This model ensures that students receive instruction in both English and Spanish, fostering bilingualism and biliteracy.
- Training: ICT teachers receive training on ICT co-teaching models. These professional development sessions

equip teachers with the necessary skills and strategies to effectively co-teach and meet the diverse needs of their students.

2. TBE Classes:
- Bilingual Teachers: All TBE classes are led by bilingual teachers who hold bilingual extensions, ensuring that instruction is provided in both the student's native language and English, facilitating a smoother transition to English proficiency.

3. Collaboration Structures:
- Common Planning Time: All grades are given common prep periods to support collaboration across the grades. This practice encourages consistency and continuity in instruction, as teachers can coordinate lesson plans, share resources, and discuss student progress.
- Non-Dual Language Support: Non-dual language classes are supported by ENL (English as a New Language) teachers. These teachers are also given common prep times to plan together with their respective classes, ensuring cohesive instructional strategies and support for ELL students.

4. Professional Development:
- We provide ongoing professional development focused on pacing and curriculum mapping. This ensures that all teacher teams have access to well-structured plans, promoting uniformity in teaching practices and helping teachers stay aligned with the curriculum goals.

These systems and structures foster a collaborative environment where teachers can share expertise, plan effectively, and provide high-quality instruction to meet the needs of all ELL students in our school.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our comprehensive annual professional learning plan is designed to address the academic and social-emotional needs of Multilingual Learners (MLs) and English Language Learners (ELLs) by providing targeted professional development to all staff members, including administrators, teachers, and non-pedagogical staff. The plan ensures that each group receives specialized training that equips them with the skills and knowledge necessary to support MLs/ELLs effectively.

Professional Learning Topics and Providers

1. Co-Teaching Strategies and Integrating Language and Content Instruction
- Target Audience: Teachers, Instructional Coaches
- Providers: Shelley Fairbairn, Professors from Fordham University
- Content: Training on the FURBY Tool, focusing on effective co-teaching strategies and methods for integrating language and content instruction to enhance learning outcomes for MLs/ELLs.

2. Social-Emotional Learning (SEL)
- Target Audience: All Staff (Teachers, Administrators, Support Staff)
- Providers: Morning Side
- Content: SEL training sessions that cover strategies to support the social-emotional development of MLs/ELLs, emphasizing conflict resolution, empathy, and effective communication.

3. English Language Arts (ELA) Professional Development

- Target Audience: All Teachers
- Providers: HMH Into Reading, LETRS
- Content: Comprehensive ELA professional development to enhance literacy instruction, with a focus on research-based strategies to support reading and writing skills in MLs/ELLs.

4. SPIRE Training
- Target Audience: Teachers, Support Staff
- Providers: Specialized Consultants
- Content: Training on the SPIRE program, a multisensory reading intervention that helps struggling readers, including MLs/ELLs, develop essential literacy skills.

5. Solved Data Dashboard Training
- Target Audience: Teachers and Administrators
- Providers: External Data Specialists
- Content: Professional development on utilizing the Solved Data Dashboard to make informed instructional decisions, track student progress, and tailor instruction to meet the specific needs of MLs/ELLs.

6. Culturally Responsive and Sustaining Education Framework
- Target Audience: Cluster Teacher and Support Staff
- Providers: Diversity and Inclusion Experts
- Content: Training on the principles of culturally responsive and sustaining education, helping support staff understand and implement practices that respect and value the diverse cultural backgrounds of MLs/ELLs.

7. Explicit Instruction Techniques
- Target Audience: Classroom Teachers
- Providers: Julia Satt
- Content: Professional development on explicit instruction techniques, focusing on clear, direct teaching methods that enhance comprehension and learning for MLs/ELLs.

8. Curriculum Mapping
- Target Audience: Classroom Teachers
- Providers: NTN
- Content: Workshops on curriculum mapping to align instructional materials and assessments with learning standards, ensuring that the curriculum meets the needs of MLs/ELLs.

Implementation and Impact

This annual professional learning plan is implemented through a series of workshops, training sessions, and ongoing support throughout the school year. The impact of this plan is monitored through regular feedback from participants, student performance data, and observation of classroom practices. By addressing the academic and social-emotional needs of MLs/ELLs through targeted professional development, we aim to create an inclusive, supportive, and effective learning environment for all students.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

15% of total hours for all teachers and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development includes Professional Development items and instruction on the identification process; ELL data analysis; inter-visitations, instruction on methodologies, strategies and best practices. Participants also attend workshops outside the building and are issued certificates with the number of hours completed for each Professional Development activity. These certificates are copied and placed in teachers files. Teachers are responsible for maintaining their own records and ensuring that appropriate documentation is provided to the school for placement in their personnel files.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We utilize a combination of screening assessments to guide instructional planning for our English Language Learners (ELLs). These assessments include the New York State Identification Test for English Language Learners (NYSITELL), the Spanish Language Assessment Battery (Spanish LAB), MAP Growth, HMH Growth Measure, Acadience, SPIRE, and Amira. These tools help us identify students' strengths and areas for growth, allowing us to tailor instruction to meet their specific needs.

The New York State Identification Test for English Language Learners (NYSITELL) is administered to all students whose parents indicate on the home language survey that a language other than English is spoken in the home. NYSITELL helps us determine the initial English language proficiency of these students and guides our placement and instructional planning.

For students who have been identified as Spanish-only ELLs, we administer the Spanish Language Assessment Battery (Spanish LAB). This assessment helps us gauge their proficiency in Spanish, which informs our instruction and supports bilingual education strategies.

MAP Growth assessments provide data on students' academic progress in reading and mathematics which is particularly valuable for understanding where each ELL student is in their learning journey. This allows us to set personalized goals and monitor their progress over time. The data from MAP Growth informs our instructional planning by highlighting areas where ELLs may need additional support or enrichment.

The HMH Growth Measure assesses students' reading and math skills, providing insights into their proficiency levels. For our ELLs, this measure helps us identify specific language and content area skills that require targeted instruction, guiding our differentiation strategies and interventions.

Acadience, focuses on early literacy skills and is used to identify reading difficulties in younger ELL students. The data from Acadience helps us implement phonemic awareness, phonics, and fluency interventions, ensuring that our ELLs develop the critical skills needed for reading success.

SPIRE is used as both a screening and intervention tool to identify students who need additional support in reading. The program's structured, multisensory approach is highly effective for ELLs, helping them build essential literacy skills through explicit instruction and practice.

Amira, evaluates students' reading abilities and provides feedback. Its tutoring sessions are valuable for our ELLs, offering feedback and targeted practice in reading. The insights gained from Amira help teachers adjust instruction to address language and literacy needs.

By using these comprehensive screening assessments, we can effectively monitor the progress of our ELL students,

identify areas requiring additional support, and tailor our instructional strategies to promote their academic growth and English language development.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

In grades K-5 Tier 1 intervention is provided through data informed small group reading and writing instruction that is individualized to meet the students' unique needs.
Individualized scaffolds are provided to support reading and writing growth and independence. All materials directly coincide with phonics, word study and comprehension skills being taught to the class.
Math materials in Spanish are used along with Math Intervention kits (Savvas Investigations), ELL Investigations supports are used and reinforced. Other resources used for content areas are Passport to Social Studies (Social Studies), and Amplify Science, all which have support in Spanish as well. All interventions are provided based upon student's performance on regular in classroom progress checks, performance task and end of unit assessments.
When warranted, AIS services are provided to ELLs at-risk to improve both reading and math skills.
Data-driven small group instruction (within the classroom) occurs daily.
Classroom and ENL teachers meet to discuss students' summative data and plan differentiated instruction within the classroom to meet student needs. In the event that more assistance/guidance is needed, the students are discussed at the Student Intervention Team meeting and possible interventions are discussed and planned. Our school has 2 bilingual speech therapists to assist students with language processing needs, a bilingual OT to address fine motor needs. They are currently servicing students in person and remotely. We have a bilingual Psychologist, and a bilingual Social Worker to perform bilingual assessments.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

To effectively guide instruction for English Language Learners (ELLs) within a Multi-Tiered System of Supports (MTSS) across all grades, we employ a comprehensive approach utilizing a variety of data-driven tools. This approach is designed to ensure that instruction is tailored to meet the diverse needs of our ELL students, promoting both language acquisition and academic success. Below, I describe how our school integrates specific assessment tools and frameworks to support ELLs:

Multi-Tiered System of Supports (MTSS) Framework for ELLs
Tier 1:
HMH into Reading Growth Measure: Administered universally to monitor reading development, this tool helps in identifying the reading levels and progress of ELL students. It provides data on students' proficiency in English reading skills, allowing for targeted support within the general education classroom.

Tier 2: Targeted Interventions
-Acadience: This tool is used for regular progress monitoring to identify students who are not making adequate progress in reading. Acadience assessments help in diagnosing specific skill deficits, enabling educators to provide targeted interventions focused on phonemic awareness, phonics, fluency, and comprehension.
- MAP Growth: The MAP Growth assessments in reading and math are used to measure academic progress over time. For ELLs, this data is crucial in identifying specific areas where they might need additional support, allowing for

more precise interventions that address both content knowledge and language development.

Tier 3: Intensive Interventions
- SOLVED: This tool supports intensive intervention by providing a detailed analysis of student performance in various domains, including language proficiency, academic achievement, and social-emotional development. SOLVED helps in creating individualized intervention plans that address the unique needs of ELLs who require the most intensive support.
- FURBY Tool: The FURBY Tool is used for in-depth analysis of student behavior and academic data. For ELLs, this tool helps in identifying patterns and root causes of learning difficulties, enabling educators to design personalized and intensive intervention strategies that go beyond academic support, addressing behavioral and social-emotional needs as well.

Implementation Process

1. Data Collection and Analysis:
  - Initial Assessment: Upon enrollment, ELL students are assessed using the HMH into Reading Growth Measure and MAP Growth to establish baseline data.
  - Ongoing Monitoring: Regular assessments using Acadience and MAP Growth are conducted to monitor progress and identify students who may need additional support.
  - In-Depth Analysis: For students not responding to Tier 2 interventions, SOLVED and the FURBY Tool are used for a comprehensive evaluation.

2. Instructional Planning:
  - Tier 1: General education teachers use data from HMH into Reading Growth Measure and the Instructional Leadership Tool to inform whole-class instruction, ensuring that language development strategies are integrated.
  - Tier 2: Students identified as needing additional support receive targeted interventions based on Acadience and MAP Growth data. Instructional strategies are adjusted based on the specific needs of the students.
  - Tier 3: Intensive interventions are designed using insights from SOLVED and the FURBY Tool. These interventions are highly personalized and may include one-on-one instruction, small group sessions, and specialized programs addressing both academic and non-academic barriers.

3. Progress Monitoring and Adjustments:
  - Continuous monitoring through frequent assessments ensures that interventions are effective and adjustments are made as needed. The cyclical process of assessment, intervention, and reassessment ensures that instruction remains responsive to the evolving needs of ELL students.

By integrating these data-driven tools within the MTSS framework, our school ensures that instruction for ELLs is both effective and equitable. The combination of targeted interventions, and intensive support allows us to address the diverse needs of ELL students at all levels, fostering their academic growth and language proficiency. This holistic approach not only supports ELLs in their current academic pursuits but also equips them with the skills needed for long-term success.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Amira: Amira helps teachers identify specific areas where students need improvement and provides personalized practice to support reading development.

Teacher-Created Assessments: These can include quizzes, tests, and projects that are specifically designed to align with the curriculum and standards being taught. Teacher-created assessments allow for flexibility and are tailored to address specific classroom needs and learning objectives.

Exit Slips: These are brief written responses that students complete at the end of a lesson. They provide immediate feedback on what students have learned and what areas may need further clarification. Exit slips can inform the next day's instruction.

Teacher-Created Standards-Based Checklists: These checklists are used to track students' progress toward meeting specific standards in all subject areas. They help teachers ensure that all necessary content and skills are being covered and mastered.

Conference Notes for Reading, Writing, and Math: During one-on-one or small group conferences, teachers take notes on students' performance and understanding. These notes help teachers personalize instruction and provide targeted support in reading, writing, and math.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

The staff at PS 20 administers the following assessments in the students' home languages:

SPANISH LAB

NYS ASSESSMENTS IN MATHEMATICS and SCIENCE (In Spanish)

MLS SCREENER TO DETERMINE LITERACY IN THE NATIVE LANGUAGE

ESTRELLITA/LUNITA

Savvas INVESTIGATION ASSESSMENTS (IN SPANISH)

TEACHER CREATED ASSESSMENTS (IN SPANISH)

ELL students are also provided with content specific glossaries provided by the New York State Education Department.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At PS 20, we evaluate the success of our ENL program by measuring student progress toward English proficiency.

NYSESLAT - student language proficiency levels drive tiered instruction and curriculum design using differentiator/

stages of language acquisition

ELA New York State Exam- proficiency levels drive tiered instruction/ rule out screen for SPIRE/ intense ELA instruction- goal setting
Math New York State Exam- proficiency levels drive tiered instruction- goal setting

MAP MATH- proficiency levels drive tiered instruction- goal setting

MAP ELA - proficiency levels drive tiered instruction/ rule out screen for

SPIRE or intense ELA instruction; proficiency levels can be compared to

FURBY tool to drive instruction to meet english language support needs, additional support, and/or enrichment needs. Data from map growth informs instructional planning by highlighting areas where ELLS may need continued support.

MAP SLA- proficiency levels drive instruction/ curriculum designed to match overall language ability not only english proficiency level to personalize goals and monitor progress

ELL Periodic Assessment- We administer the ELL Periodic Assessment to ELLs in grades 3-5 to collect baseline assessment data.

Math Assessments: Assess understanding of math concepts and problem-solving skills. Identifies areas needing language support in math.

HMH Growth Measure: Measures student growth in reading and math.
Informs personalized learning goals and instructional adjustments.

HMH End of Module Assessments: Evaluate understanding of instructional modules. Assesses module effectiveness and informs necessary adjustments.

Foundations End of Unit Assessments: Assess mastery of foundational skills at the end of each unit. Guides instructional planning and addresses skill gaps.

Acadience: Benchmark and progress monitoring for reading skills. Provides real-time data for timely interventions and progress tracking.

During inquiry periods and common planning time, teachers discuss pertinent data, analyze for trends across the grade, and develop an implementation plan to revisit and re-teach any skills or strategies that will strengthen students understanding.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The testing coordinator will execute the NYSESLAT administration in a timely manner and adhere to all test security protocols.

NYSESLAT will be administered during the administration window by certified ENL teachers and/or Bilingual classrooms teachers.
All testing protocols are adhered to as per the NYSESLAT School Administrator Manual.
Students in TBE and DL classes continue to receive services with their bilingual certified teachers.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Current/Former ELLs - NYS ASSESSMENTS IN MATHEMATICS and SCIENCE (In Spanish). ELL students are also provided with content specific glossaries provided by the New York State Education Department.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The Parent Orientation by ENL Teachers and is designed to provide parents and guardians of newly identified English Language Learners (ELLs) with comprehensive information about the ELL program options available, including program goals, requirements, and expectations. The NYS Parent Orientation Video is played for parents of ELLs to help inform them of the Bilingual Programs available. Parents are also given the opportunity to ask clarifying questions.

ELL Program Models
Dual Language Bilingual Education (DLBE)

Program Goals: The goal is to develop bilingualism, biliteracy, academic achievement, and cross-cultural competencies in both English and the Spanish.
Program Requirements: Students receive instruction in both English and Spanish, with the aim of achieving high levels of proficiency in both languages.

Transitional Bilingual Education (TBE)

Program Goals: The goal is to support students in developing English proficiency while maintaining their native language to ensure they meet academic standards.
Program Requirements: Instruction begins in the student's native language and gradually transitions to English. The

native language is used to support English language development.
English as a New Language (ENL)

Program Goals: The goal is to help students achieve English language proficiency as quickly as possible to participate fully in academic content areas.
Program Requirements: Students receive instruction solely in English, with strategies and support tailored to their language development needs.

The parent coordinator and assistant principal hold monthly parent workshops to keep parents informed about school-wide news and events.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

ENL Teachers coordinate annual meetings with parents of ELLs. Teachers offer flexible scheduling options, including evenings and virtual options, to accommodate different availability.

Language Support: Teachers ensure that language support services (interpreters) are available for parents who prefer communication in their native language.

Teachers prepare a summary document of the meeting that includes discussed points, set goals, and agreed-upon actions.

Benefits of Individual Meetings
-Personalized Attention: Allows for in-depth discussion tailored to the individual needs of the student.
-Strengthened Collaboration: Fosters a strong partnership between parents and school staff to support the student's success.
-Proactive Problem Solving: Provides an opportunity to address issues early and develop strategies to overcome challenges.
-Enhanced Communication: Promotes clear and open communication between parents and teachers, ensuring everyone is aligned in supporting the student's development.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Ensuring families receive all school communications and documents in the language they best understand is a critical component of fostering an inclusive and supportive school environment. Here's ate P.S. 20 we address this need and facilitate effective communication with:

Bilingual Office Staff and Parent Coordinator: We have dedicated bilingual office staff and a bilingual parent coordinator. They are responsible for translating all notices, memos, and other school communications to ensure families fully understand the information provided. These team members are also available to assist families directly, answering questions and providing support in their preferred language.

Translation and Interpretation Services: We offer comprehensive translation and interpretation services. This ensures that families can communicate with school staff in their home language, both in written and verbal formats. Whether it's during parent-teacher conferences, school meetings, or day-to-day interactions, we ensure language is not a barrier.

Pocket Talk Translators for Monolingual Staff: To further support communication, we have equipped our monolingual staff with pocket talk translators. These devices facilitate real-time translation, enabling staff members to engage with non-English speaking families effectively. This technology helps bridge communication gaps and ensures that every family feels heard and understood.

Parent Square and Class Dojo: We use Parent Square and Class Dojo, two robust communication platforms that allow all messages to be automatically translated into the family's home language. These platforms support multilingual communication, ensuring that families receive updates, announcements, and classroom information in a language they can understand and respond to comfortably.

By employing these strategies, we not only ensure that families receive all school communications and documents in their preferred language but also empower them to respond and initiate communications effectively. This comprehensive approach fosters an inclusive community where every family feels connected and engaged with the school.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Assessing Community Needs

School Climate Survey: Distribute a comprehensive survey to all parents, including MLs/ELLs families.
Key areas covered:
- Preferred communication methods (email, text, phone, in-person, virtual meetings).
- Perceptions of their role as partners in the educational process.
- Opinions on the school's environment and inclusivity.
- Interest in participating in a parent focus group.

- Options for virtual participation to accommodate diverse schedules.

Empowerment Activities
Monthly Meetings and Open Discussions:
- we host monthly meetings where parents can engage in open discussions about school initiatives, classroom activities, and their children's progress. Ensure interpreters are available for non-English-speaking parents.
- Share successes and address any concerns parents may have, fostering a transparent and collaborative environment.

Classroom Visits:
- Invite parents to visit classrooms monthly to observe and interact with their children in the learning environment. This not only helps parents understand the curriculum but also shows students that their education is valued by their families.

Open Door Policy:
- We maintain an open door policy that encourages parents to visit the school at their convenience. This helps build trust and a sense of belonging within the school community.

Virtual Participation Options:
- We offer virtual meeting options for school events, and meetings to ensure all parents can participate, regardless of their physical location or schedule constraints.

Weekly Parent Engagement:
- time is allocated each week for teachers to reach out to parents. This happens via phone calls, virtual or in person meetings depending on what parents prefer. Teachers log these interactions via Shared Google Spreadsheet and are strongly encouraged to log these interactions as per their Union Contract.

During these interactions, teachers:
- Listen to parents' concerns and suggestions.
- Collaborate on strategies to support student learning at home.
- Provide updates on student progress and address any issues early on.

By integrating these strategies and continuously adapting based on community feedback, we strive to foster a supportive and empowering environment for MLs/ELLs families, enhancing both parental involvement and student success.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

To ensure that families of our PS 20 students are aware of family leadership opportunities like the Parent Teacher Association (PTA) and School Leadership Team (SLT) we provide information about these opportunities in multiple languages spoken by the families we serve. This includes translated documents, multilingual websites, and interpretation services during meetings and events. Additionally, we utilize existing communication channels such as newsletters, school websites, social media platforms (Instagram), and automated phone calls to regularly promote and remind families about upcoming leadership opportunities.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At PS 20, we' are culturally and linguistically responsive practices that cater to the diverse needs of our community. One such partnership involves our cluster teachers working closely together to implement the Culturally Responsive and Sustaining Education (CRSE) Framework. This collaboration has been instrumental in ensuring that our instructional practices are inclusive and responsive to the cultural and linguistic backgrounds of our students.

In the 2025-2026, our goal is to expand these practices to involve classroom teachers, aiming to build their capacity in implementing the CRSE Framework effectively. We believe this plan will help foster an environment where all students feel valued, respected, and supported in their learning journey, regardless of their cultural or linguistic backgrounds. This collaborative effort will support our commitment to creating an inclusive school community that celebrates diversity and promotes equity in education.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Amanda Mezzatesta-Principal
Luisa Martin - Assistant Principal
Sharlene Velez - ENL Teacher
Linette Arroyo - Bilingual Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school follows the NYC DOE Policy & Reference Guide for MLs/ELLs to ensure the timely and compliant identification of English Language Learners (ELLs) throughout the school year. The ELL identification process is structured, proactive, and designed to avoid interruptions to mandated instruction for current, former, and potential ELLs.

Year-Round ELL Identification Process
We have systems in place to identify ELLs throughout the year, including during the summer and at various enrollment points. As required, the NYS Home Language Identification Survey (HLIS) is administered to all newly enrolled students. If a language other than English is indicated, the student is flagged for further screening using the NYSITELL assessment to determine eligibility for ENL services.

School Identification Plan for Incoming Students with IEPs
For any newly enrolled student who has an Individualized Education Plan (IEP) and is flagged as a potential ELL, we convene a Language Proficiency Team (LPT). This multidisciplinary team includes the ENL/MLL Compliance Coordinator, special education staff, and other relevant stakeholders. The LPT reviews the IEP, academic history, and HLIS responses, and determines the appropriate steps for language screening and service alignment based on

NYSED guidelines.

Roles and Responsibilities
Sharlene Velez, ENL/MLL Compliance Coordinator, is responsible for overseeing each step of the ELL identification process, including:

Reviewing HLIS responses for all new enrollees

Coordinating administration of the NYSITELL when required

Ensuring that documentation is entered in ATS and aligned with DOE protocols

Convening and facilitating Language Proficiency Team meetings for students with IEPs

Communicating outcomes with families in their preferred language

Ensuring timely and accurate programming of ELLs and Former ELLs

Collaborating with central offices when necessary for clarification or support

Proactive Planning to Avoid Interruptions to Mandated Instruction
To ensure that the identification process does not disrupt mandated ENL or bilingual instruction:

We maintain a weekly review process of newly enrolled students in collaboration with our school registrar and pupil accounting secretary.

Potential ELLs are prioritized for HLIS review and NYSITELL testing within the required 10 school days of enrollment.

Our ENL teaching schedule is flexible and reviewed regularly to ensure coverage for both new and current ELLs.

Our ELL programming plan includes coverage for Former ELLs to ensure they continue to receive supports per state guidelines, including monitoring and targeted instruction as needed.

Ongoing Support for Current and Former ELLs
Current ELLs receive ENL instruction aligned to their proficiency level in accordance with CR Part 154.

Former ELLs are closely monitored for four years post-exit, and we provide continued academic and linguistic support through push-in, pull-out, and/or integrated co-teaching (ICT) models.

Data from formative assessments, NYSESLAT scores, and classroom performance is used to refine supports and ensure equitable access to the curriculum.

By maintaining a clear process and assigning responsibility to a dedicated coordinator, our school ensures that all ELLs, including those with IEPs, are promptly identified and receive their mandated services without delay or disruption.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Amanda Mezzatesta

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Nolvia	Cartagena	Parent Coordinator - Annual	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

When a new student registers at the school, a trained pedagogue holding a bilingual or TESOL license meets with the parent and child to complete the Home Language Identification Survey (HLIS). During this meeting, the parent is asked to indicate their preferred language for both written and spoken communication.

This language preference information is then entered into the ATS system by the pupil accounting secretary to ensure accurate communication and integration with other school systems.

In September, when new student emergency contact cards are sent home, parents have another opportunity to review and update their preferred language. Once the completed cards are returned, the pupil accounting secretary verifies that the language preferences match those recorded in ATS. If any updates are needed, the system is updated accordingly.

Furthermore, during Parent-Teacher Conferences in November and March, teachers are provided with parent language preference information from the RCPL report in ATS. They are asked to confirm the accuracy of this information and report any changes that may be necessary to ensure ongoing, effective communication with families.

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation

ARABIC	6	1.52%	6	1.52%	0	0
ENGLISH	164	41.41%	163	41.16%	68	68
SPANISH	226	57.07%	227	57.32%	23	34

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Flyers	Flyers are translated in-house by bilingual staff members into parents preferred written and spoken language
School Calendar/Parent Newsletter	Translated in-house by bilingual staff members in parents preferred written and spoken language
IEPs	Translated in-house by bilingual staff members in parents preferred written and spoken language
report cards	Translated in-house by bilingual staff members in parents preferred written and spoken language

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Workshops	Translated in-house by bilingual staff members in parents preferred language and/ or Translation and Interpretation Hotline is utilized.
PTA Meetings	Translated in-house by bilingual staff members in parents preferred language and/ or Translation and Interpretation Hotline is utilized.
Parent Teacher Conferences	Translated in-house by bilingual staff members in parents preferred language and/ or Translation and Interpretation Hotline is utilized.
Classroom Celebrations	Translated in-house by bilingual staff members in parents preferred language and/ or Translation and Interpretation Hotline is utilized.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

The school utilizes multiple platforms to ensure effective communication with families in their preferred languages. Specifically, both Operoo and ClassDojo are used to disseminate important school information. These platforms support automatic translation features, allowing families to receive communications in their designated language of preference.

To further support equitable access, staff members who communicate with families by phone are either bilingual or utilize the NYC DOE Interpretation Hotline to ensure language access. Additionally, bilingual personnel are assigned to the main office to assist parents who contact the school directly.

Parents and guardians are also provided with information about the NYC DOE Translation and Interpretation Services, including instructions on how to request support. These practices align with the school's commitment to language access and compliance with federal and citywide regulations, ensuring all families are able to engage fully with the school community.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

During the September opening day presentation, all staff members will be reminded of Chancellor's Regulation A-663 and the available resources to support compliance. Additionally, the school's Language Access Coordinator (LAC) will lead a dedicated staff meeting to distribute language identification cards and provide comprehensive information on translation and interpretation services. Staff will also receive guidance on building protocols to ensure that families' language preferences are respected and consistently honored.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Upon entering the building, limited-English proficient (LEP) parents will be warmly welcomed with clear language signage and the availability of "I Speak" cards to indicate their preferred language. In addition, parents will be informed about the language assistance services offered to them through the Parent Handbook and the distribution of the Parent's Guide to Language Access. These services will also be highlighted during PTA meetings and when confirming language preferences at Parent-Teacher Conferences, ensuring parents are fully aware of the resources available to them. School website has translation preferences for all languages.
.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

The school will use both the Panorama School Survey and internally developed parent needs assessments to gather feedback from parents with limited English proficiency. These surveys will be provided in each parent's preferred language and will include questions specifically focused on the quality and effectiveness of the language services they receive.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Based on parent survey responses, ESL classes were offered to families this year to support English language development. In response to continued interest expressed in the surveys, GED preparation classes will be offered next year to further support our families' educational goals.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,After School

Total number of ELLs to be served in this program:

60

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Eligibility determination will be made based upon data analysis including but not limited to, portfolio work, NYSESLAT results, performance on the ELL Periodic assessment, Benchmark testing and teacher made assessments. Historically, the majority of ELL's in the school are in the early grades therefore, ELL's and ELL SWD's falling in the Expanding ranges in grades 1, 2, 3, 4 and 5 will receive targeted differentiated small group instruction in an After School Program. Approximately 60 students, falling in the expanding levels of proficiency, will be serviced in 6 classes of approximately 10 students per class, meeting twice a week for 1 1/2 hour each session. Each class will be facilitated by one teacher. This will run on Wednesdays and Thursdays for 15/30 sessions weeks beginning in November 2025 and ending in March 2026.

Classes will be created by NYSESLAT grade bands and small group instruction will be appropriately differentiated based on the students' level of English Language Proficiency on the most current NYSESLAT administered. ESL and bilingually certified teachers will provide student instruction through collaboration with common branch certified teachers as required. Comprehensible input, opportunities for verbal discussion, use of contextualized language, and opportunities for involvement in the classroom will be included as part of instruction. Second language learning will be facilitated by teachers using Big Books, songs and guided reading books that are distinct instructional materials from daily instruction and incorporate the following:
- Modeled talk- teachers will use cognates, gestures, visuals, artifacts and demonstrations
-Vocabulary and reading- students will read extensively in English supplemented by text in native language where needed. Lessons will include read alouds, echo reading, choral reading, guided reading, native language literature and open book discussion. Students will also engage in role play activities and readers' theater to expand their oral language and fluency skills. In addition, teachers will utilize content area materials provided by Scholastic that explore science, social studies and support with video and graphic scaffolds. This is a supplemental program to aid comprehension, build academic vocabulary, and strengthen language skills.
-Students will develop grapho-phonemic awareness which contributes greatly to children's ability to read words both in isolation and connected texts.
A culminating performance of shorts skits will take place to celebrate students' work with parents.
Notices regarding program eligibility will be sent home to parents in their preferred language. Parents will be required to submit a tear-off indicating whether or not they will enroll their children in the program. Enrollment records will be maintained by administration. Teachers will take daily attendance and submit it to the administrator in charge.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

It was noted through use of the FURBY tool that there was noted regression for students in grades 1-5 performing at the Expanding Level as determined by the NYSESLAT. 50% of the students scoring expanding on the NYSESLAT have scored at this level for at least two years.
For this reason, the program would be designed around these students. The instruction would be tailored to the needs of these learners within this range. Writing practice would be emphasized as this is an overwhelming need as indicated from NYSESLAT 2025 results.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

ELL's and ELL SWD's falling in the Expanding ranges in grades 1-5 will receive targeted differentiated small group instruction in an After School Program. Approximately 60 students, falling in the expanding level of proficiency, will be serviced in 6 classes of approximately 10 students per class.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Groups will be meeting twice a week for 1 1/2 hour each session. Each class will be facilitated by one teacher. This will run on Wednesdays and Thursdays for approximately 13 weeks beginning in January and ending in April. The program will run after school (2:30-4:00PM) .

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Students receiving ENL instruction during the school day will continue to receive ENL instruction in the after school program. Select students within our bilingual program will receive English language instruction with the support of the home language through the use of cognates and translanguaging as needed during the after school program.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

TESOL and bilingually certified teachers will provide student instruction through collaboration with common branch certified teachers as required. 6 teachers are required.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Lexile leveled books matched to readers in sets to allow for discussion. Read aloud texts above the reading levels of students
discussion prompts, questions to guide students discussions.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Rosters and attendance records will be collected and maintained as well as progress monitoring data to determine the effectiveness of the program.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Topics will include:
Best Practices in ENL Pedagogy presented by S. Velez - 80 minute session
Vocabulary and Language Development presented by S. Velez- 80 minute session
Comprehension Strategies presented by S. Velez- 80 minute session
Writing presented by S. Velez - 80 minute session
Attendance sheets and agendas for in-house PD's will be maintained in the administrative data binder.
All teachers including those providing in-house PD, will also be sent to Professional Development works hops presented by our district ELL Specialists and to citywide workshops as opportunities arise.
Administrators will also engage in short, frequent cycles of observation with immediate teacher feedback.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Current trends indicate that the number of ELLs is increasing amongst the early grade levels. Data analysis and school needs assessment indicates a need for increased Professional Development to improve teacher effectiveness. Due to heterogeneous class configurations, professional development is needed for both Title III program teachers and instructional staff across all grades and curriculum areas. Professional Development opportunities will be provided once a month, in-house at P.S. 20 Monday Professional learning time and during

grade meetings . PD's will continue to go further in depth as to meet the continued instructional foci of the school as well as the needs of new teachers.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All classroom teachers, cluster teachers and intervention teachers

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Once a month during Monday PD time 2:30- 3:30 (60 minutes) totaling 10 sessions

September 29, 2025 - Demonstration of FURBY 2025
October 27, 2025 - Creating quality language objectives and embedding them in HMH Writing Modules
November 24, 2025 - Distinguishing between Language Differences and Language Disabilities
December 2025-Writing instruction for ELLs and how to scaffold appropriately
January 2026- Explicit Vocabulary instruction
February 2026- Discussion and Questioning techniques and scaffolds for language learners
March 2026 -Understanding NYSESLAT levels and needs of students at those levels
In the spring of 2025, we will conduct a needs assessment to determine topics that are of high interest to teachers to support the needs of their English Language Learners.
April 2026-TBD
May 2026 -TBD
June 2026 - TBD

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Demonstration of FURBY 2025
Creating quality language objectives and embedding them in HMH Writing Modules

Distinguishing between Language Differences and Language Disabilities
Writing instruction for ELLs and how to scaffold appropriately
Explicit Vocabulary instruction
Discussion and Questioning techniques and scaffolds for language learners
Understanding NYSESLAT levels and needs of students at those levels

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

ENL teacher

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Agendas and Sign-in are kept in the main office file maintained by Jacqueline Otero.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Through the use of school data analysis, needs assessment surveys and the feedback from the School Environmental Parent Survey the need to continually increase opportunities of increased parental involvement was identified. All written communication will be translated into the parents communication language of preference to inform parents of al l meetings a nd events. The bilingual Parent Coordinator will maintain records (invitations, agenda, and attendance sheets) of programs offered in the Parent Coordinator's master binder as well as facilitate works hops along with members of different Community Based Organizations a nd P.S. 20 faculty members.
The following workshops will be provided to parents both during school:
September - Parent Portal presented by N. Cartagena - 40 minutes
October - Helping Your Child With Homework presented by N. Cartagena and A. Pacheco - 40 minutes
November- Special Education and the ELL child presented by, A. Pacheco - 40 minutes
December- Student Assessment presented by A. Pacheco - 40 minutes
January- State Assessments (ELA) presented by L. Martin- 40 minutes
February- State Assessments (Math) presented by L. Martin- 40 minutes
March- NYSESLAT presented by L. Arroyo and S. Velez - 40 minutes
April- Developing Vocabulary presented by S. Velez - 40 minutes
May- Language Acquisition presented by I. Lescano and C. Herrera - 40 minutes
June- Getting Ready for the next Grade presented by Grade Leaders - 40 minutes
Additional workshops will be scheduled as opportunities arise including topics such as Financial Literacy, Health and Family Issues, Special Education and Parental Rights. Workshops will be responsive to the parent survey responses. These workshops will be facilitated by our Parent Coordinator and ESL/bilingual teachers as well as visitors from community based organizations including HealthPlus, El Centro de Hospitalidad, Make the Road, and Wagner College. Curriculum Conferences will be held during the year as well as Parent Teacher Conferences. The Parent Coordinator will send a monthly calendar of events to parents in their preferred language, as well as reminder letters of events. In addition, meetings, works hops and events will be outlined in the school 's monthly newsletter and posted on the school 's website in English and Spanish. All workshops will be offered to all parents including parents of Title III and ENL students.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Families will be invited to workshops to support them with understanding their childrens' learning and language needs as well as how instructional and curricular decisions are intended to support those needs. The rationale behind the content of these workshops is to support families with understanding their children's progression of a language acquisition so they can meaningfully and reasonably support them at home. Parents will learn strategies to try at home to build language with their children that can complement what they are learning at school.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Monthly during the school day as well as monthly during Family Friday events for 40 minutes each session for a minimum of 10 sessions.

September 30 , 2025 - Parent Portal presented by N. Cartagena - 40 minutes
October - Helping Your Child With Homework presented by N. Cartagena and A. Pacheco - 40 minutes
November- Special Education and the ELL child presented by, A. Pacheco - 40 minutes
December- Student Assessment presented by A. Pacheco - 40 minutes
January- State Assessments (ELA) presented by L. Martin- 40 minutes
February- State Assessments (Math) presented by L. Martin- 40 minutes
March- NYSESLAT presented by L. Arroyo and S. Velez - 40 minutes
April- Developing Vocabulary presented by S. Velez - 40 minutes
May- Language Acquisition presented by I. Lescano and C. Herrera - 40 minutes
June- Getting Ready for the next Grade presented by Grade Leaders - 40 minutes

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Instructional practices and curricular decisions to support MLLs and MLLs with disabilities.
The learning and language needs of MLLs and MLLs with disabilities.
These topics are devised to support parents of MLLs with a disability with deepening their understanding of their childrens' needs. Our bilingual school psychologist and select bilingual special education teachers will facilitate these sessions to guide parents to understanding how their childrens' behaviors and learning profiles can be

supported with certain practices.
Topics such as read alouds and vocabulary development are intended to support parents with understanding their children's learning experiences so they can supplement at home. Bilingual teachers can model instructional strategies for families that they can readily implement at home.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Bilingual teachers
ENL teachers
Parent coordinator
Bilingual School Psychologist
Bilingual Social Worker
School Administrators

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Monthly calendar (translated and sent home in all languages)
Electronic newsletters/messaging (digital platform translates all correspondence)
All communication is sent home in parents' preferred language.
Bilingual staff members such as secretary and parent coordinator translate all correspondence to be sent home to families.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Attendance records and copies of flyers and notifications will be kept by the parent coordinator.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

TOTAL	$26,030	

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,K,1,2

Total number of teachers in this program:

3

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Title III Immigrant Program Summary – SY 2025–2026

The Title III Immigrant after-school program will run on Wednesdays and Thursdays from 2:30–4:00 p.m. for eight weeks. The program will serve 30 immigrant students in grades K–2. Students will be grouped using Acadience Literacy Screener data to identify instructional needs and ensure targeted supports. Three instructional groups will be formed—one each for Kindergarten, Grade 1, and Grade 2—with a maximum of 10 students per group.

The program's goal is to strengthen students' proficiency across the four language modalities—listening, speaking, reading, and writing—with a focus on foundational literacy development. Instruction will target the five pillars of

literacy (phonemic awareness, phonics, fluency, vocabulary, and comprehension), as well as key comprehension strategies such as asking and answering questions, monitoring understanding, recognizing text structure, identifying academic vocabulary, and summarizing. Writing instruction will emphasize using content vocabulary, applying revision skills, and developing students' ability to self-assess their work.

Instruction will be delivered in small groups by TESOL- or Bilingual-certified teachers, using modeling, guided practice, and opportunities for independent application of skills. Students will participate in literacy-rich activities that build academic language, promote confidence, and support accelerated progress aligned to grade-level expectations.

The program will be supervised by the Assistant Principal or Principal at no cost to the Title III Immigrant budget. Teachers will maintain daily attendance rosters and document student progress through ongoing review of student work and performance tasks.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Rationale for Title III Immigrant Funded Program – SY 2025–2026

The rationale for the Title III Immigrant after-school program is grounded in an analysis of both quantitative and qualitative data demonstrating a clear need for supplemental literacy and language-development supports for immigrant students in grades K–2.

Quantitative Data Analysis:
Review of Acadience Literacy Screener results from Fall 2024 indicates that a majority of participating immigrant students are performing below benchmark expectations in foundational literacy skills. Specifically, data show consistent needs in phonemic awareness, phonics, and oral reading fluency, with many students scoring in the Well Below Benchmark range. Classroom writing samples further reveal limited mastery of key comprehension skills, including identifying main ideas, asking/answering questions, and using academic vocabulary in written responses. These trends indicate that students require targeted, small-group intervention to accelerate growth in the four modalities—listening, speaking, reading, and writing.

Qualitative Data Analysis:
Teacher observations, student conferences, and family feedback indicate that many immigrant students are still acclimating to U.S. school expectations and benefit from additional structured opportunities to develop academic language. Teachers report that students need more time to practice oral language, strengthen confidence in participating in classroom discussions, and engage in guided literacy-based activities in a smaller setting. Families have also expressed a desire for additional support for their children's early literacy development and access to programs that reinforce foundational reading and writing skills.

Data Sources Used:

Acadience Literacy Screener

Classroom reading assessments

Student writing samples and performance tasks

Teacher observation logs

Family feedback gathered through parent-teacher meetings and informal communication

This combined data set clearly demonstrates the need for a structured, small-group after-school program that provides targeted instruction to support immigrant students' academic language development, foundational literacy growth, and successful integration into the school community.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

This program will consist of 30 immigrant students in three groups: one K, one 1st grade, and one 2nd Grade group consisting of no more than 10 (newcomers) in each group.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

This program will begin in January 2026 and run for 8 weeks for 3 hours/week in each group from 2:30-4:00PM on Wednesdays and Thursdays for a total of sixteen 1 1/2 hour sessions per group.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

Instruction will be provided in English with Spanish/Home Language supports as needed.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

3 TESOL and/or Bilingually certified teachers will teach this afterschool program.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Heggerty, Fundations, and (Readers) will be utilized to teach foundational literacy skills. In addition, teachers will utilize HMH Into Reading ENL tabletop mini lessons for ELLs/MLLs. All materials are available in house at no cost to the Title III Immigrant funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Attendance rosters will be maintained in our school Google Drive file. The school will use screener data from MOY and EOY to
support teachers with planning for target instruction during after school in literacy. ENL, Bilingual
teachers, and AIS specialist, will track and monitor student progress.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Our school's Title III Immigrant program includes a targeted professional development (PD) plan designed to build teacher capacity in meeting the academic, linguistic, and social-emotional needs of newly arrived immigrant students.

Professional Development to Be Provided

The plan focuses on strengthening instructional practices for multilingual learners and supporting teachers in implementing culturally responsive, language-rich learning environments. PD will address:

Strategies for supporting recently arrived immigrant students in accessing grade-level content

Culturally responsive and sustaining education (CRSE) practices

Social-emotional supports for immigrant and refugee students

Effective family engagement strategies for newcomer families

Understanding language acquisition and scaffolds for newcomers

Tools and resources for differentiation and sheltered instruction

Activities Teachers Will Engage With (By Topic)

1. Newcomer Support & Language Development

Analyze newcomer profiles and language data

Practice scaffolding strategies for entering/emerging level students
2. Culturally Responsive Practices

Examine cultural backgrounds and experiences of immigrant students

Develop inclusive routines and classroom norms

Adapt lesson plans to include students' cultural and linguistic assets

3. Social-Emotional Learning for Immigrant Students

Identify trauma-informed practices

Learn strategies to support adjustment, belonging, and engagement

Collaboratively develop SEL check-ins and supports for newcomers

4. Family & Community Engagement

Explore strategies for communicating with families with limited English proficiency

Develop outreach plans and newcomer family orientation materials

Participate in role-play scenarios for culturally sensitive communication

5. Instructional Tools & Resources

Engage with digital and print tools that support language acquisition

Internally facilitated PD:
Sessions led by school staff will be provided at no cost to Title III Immigrant funds unless per-session compensation is required.

Rationale for Professional Development
Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The professional development activities in the Title III Immigrant plan are based on school data showing that teachers need additional support to meet the academic, linguistic, and social-emotional needs of newly arrived immigrant students.

Rationale for Professional Development

The professional development activities in the Title III Immigrant plan are based on school data showing that teachers need additional support to meet the academic, linguistic, and social-emotional needs of newly arrived immigrant students.

Newcomer Support & Language Development

Data Findings:

Increased enrollment of newly arrived immigrant students, most at entering/emerging proficiency levels (NYSITELL/NYSESLAT).

Classroom assessments and observations show gaps in vocabulary, comprehension, and access to grade-level content.

Data Sources:

NYSITELL/NYSESLAT, classroom diagnostics, teacher observation notes, teacher needs survey.
Rationale:
Teachers need training on scaffolding, language supports, and newcomer-specific strategies.

Culturally Responsive Teaching (CRSE)

Data Findings:

Attendance and engagement data show greater challenges for newcomers.

Data Sources:

attendance reports, family engagement logs, staff surveys.
Rationale:

Teachers can benefit from strategies to create inclusive, culturally responsive environments that promote belonging.

Family Engagement & Communication

Data Findings:

Low newcomer family participation and high demand for interpretation services.

Data Sources:

Event attendance logs, translation/interpretation data, parent survey feedback.

Rationale:
PD is needed on effective newcomer family outreach and culturally responsive communication.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Ms. Pellach
Ms. Coffey
Ms. Defazio
Ms. Oliveras
Ms. Perullo
Ms. Hidraj
Ms. Sanchez
Ms. Lambaren
Ms. Calandra
Ms. Fried
Ms. Auslander
Ms. Guarda
Ms. Lauro
Ms, Caswell
Ms, Lodewyks
Mainly, all teachers in the building have classes comprised of immigrant students and therefore will receive the professional development.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Monthly during the school day for 50 minutes a session.

December- Newcomer Support & Language Development PD - 50 minutes
January- Culturally Responsive and Sustaining Education (CRSE) PD - 50 minutes
February- Trauma-Informed & SEL Support for Immigrant Students 50 minutes
March- NYSESLAT presented by L. Arroyo and S. Velez - 50 minutes
April- Developing Vocabulary presented by S. Velez - 50 minutes
May- Language Acquisition presented by I. Lescano and C. Herrera - 50 minutes
June- Preparing student families for the upcoming school year by S. Velez - 50 minutes

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Topics such as,

December- Newcomer Support & Language Development PD - 50 minutes
January- Culturally Responsive and Sustaining Education (CRSE) PD - 50 minutes
February- Trauma-Informed & SEL Support for Immigrant Students 50 minutes
March- NYSESLAT presented by L. Arroyo and S. Velez - 50 minutes
April- Developing Vocabulary presented by S. Velez - 50 minutes
May- Language Acquisition presented by I. Lescano and C. Herrera - 50 minutes
June- Preparing student families for the upcoming school year by S. Velez - 50 minutes

will provide teachers with the skill set needed to support students.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Sharlene Velez- ENL provider
Nolvia Cartagena- Parent Coordinator
Linette Arroyo- Literacy Interventionist
Lescano and Hererra- Speech Therapists

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

For each Professional development session the school will collect and store:

Agendas and presentation materials

Attendance sheets or sign-in forms

Copies of all notifications sent to families (flyers, emails, text messages, phone logs)

Translated materials and interpretation requests

Records of interpreters or translation services used

Record Maintenance

All documentation will be maintained by the Parent Coordinator, who will:

Collect materials from each activity

Organize digital and hard-copy files

Maintain a secure, centralized folder for Title III Immigrant documentation

Ensure documents are available for review during monitoring or auditing

Items that will be funded by Title III immigration funds include but are not limited to:
-Translation
- Interpretation
-Materials such as presentations, handouts, etc

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Our school's Title III Immigrant program includes targeted family engagement activities designed to strengthen communication, support newcomer adjustment, and increase family participation in the school community.

Family Engagement Activities (By Topic)

1. Newcomer Family Orientation Sessions

Families learn about school expectations, grading, ENL services, attendance, and available supports.

Interpreters are provided as needed.
Funding: May be supported by Title III Immigrant funds (translation/interpretation and materials).

2. Workshops on Supporting Learning at Home

Topics include literacy strategies, navigating online learning platforms, and understanding language development.

Families receive take-home resources in their home language.
Funding: May be funded by Title III Immigrant funds for materials and per-session.

3. Community Resources & Immigration Support Night

Families receive information about health, legal aid, housing assistance, and immigrant community organizations.

School partners with local agencies to connect families to services.
Funding: If external presenters/vendors are used, costs may be funded by Title III Immigrant funds (within allowable limits).

4. Culturally Responsive Family Events

Events celebrate cultural heritage, traditions, and languages represented in the school community.

Families participate in sharing activities, student showcases, and community-building sessions.
Funding: Typically offered at no cost to Title III Immigrant funds unless materials or interpretation are needed.

5. Parent Leadership & Advocacy Sessions

Sessions help families understand their rights, ENL programming, and how to advocate for their children's needs.

Families learn how to communicate with teachers and access school supports.
Funding: May be supported with Title III Immigrant funds (translation, printed materials).

Funding Summary

Activities requiring translation, interpretation, materials, or per-session compensation may be supported by Title III Immigrant funds within allowable percentages.

Activities led by school staff during regular hours are offered at no cost to Title III Immigrant funds unless additional materials or interpretation are needed.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

The family engagement activities included in the Title III Immigrant plan are based on school data showing that newly arrived immigrant families need additional support navigating the school system, accessing resources, and engaging in their children's learning

Workshops on Learning at Home

Rationale:
Teacher surveys and classroom data indicate that many newcomer families need support understanding how to help their children with literacy, homework, and digital learning platforms. Families report wanting more concrete strategies and materials in their home languages.
Community Resource & Immigrant Support Sessions

Rationale:
Counseling referrals and social worker reports show that many immigrant families face challenges related to housing, healthcare access, and legal concerns. Providing access to community-based organizations helps families address these barriers, which directly impact student attendance and academic success.

Culturally Responsive Family Events

Rationale:
School survey data show that families value cultural representation and feel more connected when their home languages and traditions are acknowledged. Newcomer families often report feeling isolated; culturally responsive events increase trust, belonging, and participation in school life.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Monthly during the school day as well as monthly during Family Friday events for 40 minutes each session for a minimum of 10 sessions.

September 30 , 2025 - Parent Portal presented by N. Cartagena - 40 minutes
October - Helping Your Child With Homework presented by N. Cartagena and A. Pacheco - 40 minutes
November- Special Education and the ELL child presented by, A. Pacheco - 40 minutes
December- Student Assessment presented by A. Pacheco - 40 minutes
January- State Assessments (ELA) presented by L. Martin- 40 minutes
February- State Assessments (Math) presented by L. Martin- 40 minutes
March- NYSESLAT presented by L. Arroyo and S. Velez - 40 minutes
April- Developing Vocabulary presented by S. Velez - 40 minutes
May- Language Acquisition presented by I. Lescano and C. Herrera - 40 minutes
June- Getting Ready for the next Grade presented by Grade Leaders - 40 minutes

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Newcomer Family Orientation Sessions

Topics Covered:

Overview of school expectations, grading, and promotion policies

Explanation of ENL services and supports for immigrant students

Attendance requirements and communication procedures

How to use school platforms (NYC Schools Account, Google Classroom, etc.)

Available academic, SEL, and community-based supports
Funding: May be supported by Title III Immigrant funds (interpretation, materials).

Workshops on Supporting Learning at Home

Topics Covered:

Strategies for helping children with reading, writing, and vocabulary development

Understanding language acquisition and supporting bilingualism

How to monitor student progress and homework

Navigating digital tools used in the classroom

Creating routines that support learning at home
Funding: May be funded by Title III Immigrant funds (materials, per-session compensation).

Community Resource & Immigrant Support Night

Topics Covered:

Accessing health, housing, legal aid, and immigrant support services

Mental health and wellness resources for families

How to obtain interpretation/translation assistance

Connecting with community organizations serving immigrant populations
Funding: May be supported by Title III Immigrant funds if external presenters/vendors are used.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parent Coordinator - Nolvia Cartagena
ENL, Dual Language & TBE Teachers

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families of immigrant students will receive timely and accessible communication about all Title III Immigrant family engagement activities.

Notification of Activities

Families will be notified using multiple communication methods to ensure full access, including:

Phone calls and text messages through the school's communication system

Emails and digital flyers

Paper flyers sent home with students

Posts on the school website and parent communication platforms

Personal outreach during arrival, dismissal, and family conferences

Translation of Notifications

All notifications will be translated into families' preferred languages using:

NYC DOE Translation & Interpretation Unit services

Bilingual staff members

Translation features built into school communication platforms

Translated materials, handouts, and presentations for all sessions

These supports ensure that immigrant families can fully access all information, engage in activities, and participate meaningfully in school-community events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

For each family engagement event, the school will collect and store:

Agendas and presentation materials

Attendance sheets or sign-in forms

Copies of all notifications sent to families (flyers, emails, text messages, phone logs)

Translated materials and interpretation requests

Records of interpreters or translation services used

Record Maintenance

All documentation will be maintained by the Parent Coordinator, who will:

Collect materials from each activity

Organize digital and hard-copy files

Maintain a secure, centralized folder for Title III Immigrant documentation

Ensure documents are available for review during monitoring or auditing

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$5266

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	$5266	Teacher per session for afterschool program for 72 hours
Purchased services -High quality staff and curriculum development contracts.	0	
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	0	
Educational Software (Object Code 199)	0	
Travel	0	
Other	0	
TOTAL	0
