Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

THE WAVERLY ACADEMY OF EMPOWERED LEARNERS

District Borough Number (DBN):

31R084

Grades Served:

Kindergarten, First, Second, and Third Grade

School Address:

45 Waverly Place

Phone Number:

9295608040

Fax:

9295608041

School Contact Person:

Lauren Rainbolt

School Contact Person Email Address:

lRainbo@schools.nyc.gov

Principal:

Kamor Olayokun, Jr

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Kamor Olayokun, Jr	*Principal or Designee	
Jaimie Lamanno	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Neil Blyther	Title I Parent Advisory Council Chairperson (or alternate)

Ingrid Cooper	Parent	
Pretty Emptage	Parent	
Michelle Winfield	Parent	
Christine Lamorte	Staff	
Yasmin Yearwood	Parent	
	Staff or Parent	
	Staff or Parent	
	Staff or Parent	
	Staff or Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Kamor Olayokun	Principal	
Patricia Montana	Special Education Liaison	
Laura Nemeth	ENL Teacher	
Lauren Rainbolt	Testing Coordinator	

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

1. Analyze: Data Variation - Identification

2. Analyze: Data Variation - Share and Explore

3. Analyze: Survey Data

4. Listen: Student Interviews

5. Envision: Reflect and Synthesize

6. Plan Writing and Revision

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously.

THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd

Section 4: School Summary

Accountability Status

Accountability Status: **TSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At WAELs (Waverly Academy of Empowered Learners), we believe in empowering, challenging, and engaging our young people through a collaborative partnership with all stakeholders. WAELs is a unique Academy where teachers become students, and students become teachers. We believe that change is possible because of the uniqueness of our community as we empower students to take an active role in their learning while celebrating diverse experiences and perspectives.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

WAELs, Waverly Academy of Empowered Learners, is located in the heart of the Stapleton/ Parkhill Community of Staten Island. We foster a diverse population of students as well as teachers and staff. The student demographics are: 73% African American, 22% Hispanic, 3% Asian, 2% Other, 11% English Language Learners, 18% Special Education Students. 52% of the population are male students and 48% are female students.

Our school's area of strength is demonstrated through distributed leadership which includes teachers in the decision making process as they lead the work of the school's priorities through the following teams: Professional Development team, Instructional Leadership team, Curriculum team, Assessment team, and Equity team. Teacher teams are engaged in weekly data analysis to develop an action plan which helps students understand letters, sounds, and word patterns in ELA through our Skills Block and HMH Into Reading. Teams also analyze numbers, sequences, and their properties in Math using Savvas Envisions. Our curriculum has Culturally Responsive Education embedded into it, along with the C3 Civic Standards.

On Waverly Wednesday's the entire school meets for 30 minutes in the auditorium where staff and students take turns discussing the CREW Habits of Character: Collaboration, Respect, Perseverance, Responsibility, Citizenship, and Service. CREW is our SEL program where the school's culture is planned for, developed, and sustained through practices that bring the community together, promote shared understandings, and encourage all community members to become a crew, not passengers. The structure of CREW allows for relationship building, academic progress monitoring, and character development. Parents and families are involved through monthly principal's cafe meetings and staff is included through focus group discussions with the principal.

Our school 's benchmark assessments demonstrated areas of improvement for the following ELA standards: KRF2, KRF3. In math, K.CC.3.

Briefly summarize the key initiatives your school will implement this school year.

To improve our ELA instruction and best practices, we will schedule intervisitations with P.S.35 and P.S.13. At P.S.35 we will take a closer look at standard driven instruction. At P.S.13, we will dive deeper into the implementation of writing progressions. We will continue coaching cycles a Staff Developer. We will discuss feedback given in the Principal's group around teacher clarity and will implement accordingly.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K, 1, 2,3	HMH	Revisions based on student data
Math	K, 1, 2,3	Savvas Envisions	Revisions based on student data

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Align High School and College Courses to Increase Post-Secondary Transition Outcomes

Community Schools

Elementary School Looping

Establish an Early-Warning Intervention and Monitoring System

Evidence-Based Instruction Implementation

Expanding Access to High-Quality Out-of-School-Time Programs

High Quality Instructional Materials

High Quality Tutoring

Incoming Student Induction Programs

Increased Learning Time

Instructional Coaching

Middle School Flexible Scheduling

Multi-tiered Systems of Support – Integrated (MTSS-I)

Ongoing Job-Embedded Professional Development

Principal Leadership Development

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Data from the 2024–2025 MOY Acadience assessments indicate that only 30% of K–2 students are performing at or above benchmark in foundational literacy skills, including letter-sound correspondence, phonemic awareness, and early decoding.	Students demonstrate gaps in phonological awareness, letter-sound mastery, and fluency, which are foundational to early reading development. Beginning-of-year Letters and Sounds data showed that 92% of kindergarten students, 73% of first-grade students, and 13% of second-grade students had not yet mastered letter-sound correspondence. Without automatic letter-sound knowledge, students struggle to demonstrate mastery in First Sound Fluency, Phoneme Segmentation Fluency, and Nonsense Word Fluency, impacting overall reading development.	All students will display improvement in letters and sounds mastery in Kindergarten.

Classroom observation data and instructional walkthroughs indicate variability in the delivery of phonics instruction across classrooms, including inconsistent pacing, modeling, and opportunities for student practice.	Teachers are implementing multiple phonics strategies without consistent alignment to a shared instructional framework. This results in uneven instruction and gaps in cumulative skill development, particularly for students requiring repeated exposure and structured practice.	Strengthen instructional coherence and fidelity of foundational literacy instruction through aligned curriculum implementation, shared routines, and ongoing professional learning.
Students receiving Tier 2 and Tier 3 literacy supports show slower rates of progress toward benchmark compared to peers, particularly students with disabilities and multilingual learners.	Intervention supports are not consistently aligned to Tier 1 phonics instruction, and progress monitoring data is not always used to adjust instruction in real time. Students requiring intensive support need more frequent, targeted, and data-driven instruction.	Ensure aligned MTSS structures that provide targeted, data-driven foundational literacy interventions with frequent progress monitoring.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	35%	By June 2026, the percentage of K–2 students scoring at or above benchmark in foundational literacy skills (phonemic awareness, phonics, and early decoding) will increase by at least 5 percentage points, from 35% to 40%, as measured by Acadience Reading assessments.
Black Students	35%	By June 2026, the percentage of Black K–2 students scoring at or above benchmark in foundational literacy skills (phonemic awareness, phonics, and early decoding) will increase by at least 5 percentage points, from 35% to 40%, as measured by Acadience Reading assessments, thereby reducing disparities in early literacy outcomes.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience Reading (First Sound Fluency, Phoneme Segmentation Fluency, Nonsense Word Fluency, Oral Reading Fluency as applicable by grade)

Enter a Key Performance Indicator

Percentage of K–2 students scoring at or above benchmark in foundational literacy skills as measured by Acadience Reading.

Baseline:

35% of K–2 students scored at or above benchmark on Acadience Reading.

Enter the date for the baseline data:

October BOY 2024 , March MOY 2025, June EOY 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

33%

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

37%

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

40%

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a systematic, schoolwide foundational literacy screening and response protocol to identify student skill gaps upon enrollment and ensure immediate, targeted instructional supports aligned to NYC Reads.

Root Cause Addressed:

Inconsistent identification of foundational literacy gaps, including letter-sound correspondence, phonemic awareness, and early decoding skills, resulting in delayed or misaligned instructional support for students entering at different points in the school year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
All students entering grades K–2 will be screened using Acadience Reading within the first 10 instructional days of enrollment. Results will be reviewed by grade teams to determine immediate placement into aligned Tier 1, Tier 2, or Tier 3 foundational literacy supports.
Screening data will be used to align students to explicit, systematic phonics instruction focusing on phonemic awareness, letter-sound mastery, and decoding. Instructional groupings will be adjusted based on identified skill deficits rather than grade-level placement alone.
Students identified as below benchmark will receive targeted intervention aligned to Tier 1 instruction, with progress monitored every 2–4 weeks using Acadience progress monitoring measures to ensure responsiveness and timely instructional adjustments.

Screening and progress monitoring data will be reviewed during scheduled data meetings to evaluate instructional effectiveness, identify trends across grades, and refine instructional practices to ensure consistent implementation of foundational literacy instruction.

Key Strategy 2 (Optional):

Implement a daily, explicit phonemic awareness routine across all K–2 classrooms using Heggerty as a core instructional tool to build automaticity in phonological awareness skills aligned to foundational literacy development.

Root Cause Addressed:

Insufficient and inconsistent instruction in phonological awareness, including limited opportunities for students to practice blending, segmenting, and manipulating sounds. As a result, students lack the foundational skills necessary to develop automatic letter–sound correspondence, which negatively impacts early decoding and reading fluency.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
All K–2 teachers will implement a daily, explicit phonemic awareness routine using Heggerty during the foundational literacy block. Clear expectations for pacing, fidelity, and student engagement will be established to ensure consistent implementation across classrooms.
School leadership will provide targeted professional learning and modeling focused on effective facilitation of phonemic awareness instruction, including corrective feedback, scaffolding, and differentiation. Grade teams will engage in calibration activities to ensure consistent expectations and instructional quality.
Students scoring below benchmark on Acadience phonemic awareness measures will receive targeted Tier 2 and Tier 3 supports aligned to Tier 1 instruction. Intervention groups will be formed based on specific skill deficits rather than overall performance levels.
Acadience screening and progress monitoring data will be administered and analyzed at designated intervals. Results will be used to adjust instruction, regroup students, and refine intervention plans, ensuring timely responses to student needs.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Instructional leadership will monitor implementation through classroom walkthroughs, lesson plan reviews, and coaching feedback focused on the quality and consistency of phonemic awareness instruction. Acadience progress monitoring data will be reviewed regularly to assess student growth, effectiveness of interventions, and fidelity of implementation. Findings will inform instructional adjustments and professional learning priorities.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/12/2025	05/08/2026	Parent Workshops	Teachers will invite parents into the classroom to present the instructional expectations and routines for the students. Teachers will provide useful resources that parents can access at home. This will happen three times during the school year and the last workshop will focus on expectations for the following year's grade level.
09/04/2025	06/25/2026	Open communication with parents through the remind platform, operoo, and monthly calendars.	N/A

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School leadership team (Principal, Assistant Principal); K–2 classroom teachers; AIS teachers; Special Education teachers; ENL teachers; literacy coach or designated instructional lead supporting foundational literacy implementation and MTSS coordination.

Instructional Resources

Acadience Reading (universal screening and progress monitoring); Heggerty Phonemic Awareness curriculum; NYC Reads-aligned foundational phonics curriculum and materials; instructional planning tools and data dashboards to support analysis and instructional decision-making.

Schedule Adjustments

Protected daily instructional time for phonemic awareness and foundational literacy instruction; scheduled intervention blocks to support Tier 2 and Tier 3 instruction; designated time for professional learning, data review, and instructional coaching focused on foundational literacy practices.

Other Resources Needed

Ongoing professional learning focused on phonemic awareness, phonics instruction, and data-driven decision-making; continued access to assessment and instructional materials aligned to NYC Reads. No additional funding required beyond existing literacy and staffing allocations.

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

SIG funding will be leveraged to support the implementation of a schoolwide foundational literacy system aligned to NYC Reads and the science of reading. Funds will be used to provide explicit phonemic awareness and phonics instruction, strengthen early identification and intervention, and support professional learning and coaching for staff to ensure high-fidelity implementation.

Specifically, SIG funds will support the implementation of daily phonemic awareness instruction using Heggerty across grades K–2 to address identified gaps in phonological awareness, including blending, segmenting, and sound manipulation. This instruction will be embedded within the foundational literacy block and aligned to Acadience Reading measures (First Sound Fluency, Phoneme Segmentation Fluency).

SIG funds will also support universal screening and progress monitoring using Acadience Reading to ensure early identification of students at risk for reading difficulties. Data from these assessments will be used to inform targeted Tier 2 and Tier 3 interventions, allowing instructional staff to provide timely, skill-specific supports aligned to Tier 1 instruction.

Additionally, SIG funding will be used to provide professional learning and instructional coaching focused on phonemic awareness, phonics instruction, and data-driven instructional decision-making. Professional learning will include modeling of effective instructional practices, calibration of expectations across classrooms, and ongoing coaching to support consistency, fidelity, and sustainability of implementation.

These activities directly address the school's identified root causes related to gaps in foundational literacy skills and support the school's Priority 1 goal of increasing the percentage of K–2 students performing at or above benchmark on Acadience Reading.

Evidence-Based Intervention Category

Tier 1 / Tier 2 Evidence-Based Literacy Interventions
This investment aligns with strong and moderate evidence-based practices grounded in the science of reading, including explicit phonemic awareness instruction, systematic phonics, universal screening, progress monitoring, and targeted interventions for students at risk of reading failure.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Parent survey data indicates a consistent request for clearer and more timely communication regarding school procedures, expectations, and student supports at the beginning, middle, and end of the school year. Families reported confusion around arrival/dismissal procedures, safety protocols, and points of contact. Source: Beginning/Middle/End of Year Parent Survey, 2025.	School-wide communication systems were not fully established at the start of the school year, particularly for a new and transient school community. Incomplete student information, mid-year enrollment changes, and inconsistent messaging contributed to gaps in families' understanding of safety procedures and support structures.	Establish clear, consistent, and proactive school-to-home communication systems that support student safety, routines, and emotional well-being.
School-based observations and informal feedback indicate that some students require	Inconsistent communication of behavioral expectations and limited alignment	Strengthen predictable

additional support with emotional regulation, transitions, and understanding behavioral expectations, particularly during arrival, dismissal, and unstructured times.	between school routines and family understanding contribute to student anxiety and dysregulation. Students benefit from predictable systems and shared language across school and home.	routines, expectations, and communication to promote emotional safety and a sense of belonging for all students.
Families of multilingual learners and students with disabilities reported greater difficulty accessing and understanding school safety information and support services.	Key safety and procedural communications were not consistently translated or differentiated to meet diverse linguistic and accessibility needs, limiting equitable access to information.	Provide equitable, multilingual, and accessible communication to ensure all families can support their children's physical and emotional safety.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	5	By June 2026, the percentage of families who report that school communication related to student safety, routines, and support systems is clear, timely, and accessible will increase to at least 85%, as measured by the Beginning, Middle, and End of Year Parent Survey.
English Language Learners (ELL)	85	By June 2026, the percentage of families of multilingual learners and students with disabilities who report understanding school safety procedures, routines, and points of contact will increase to at least 85%, as measured by disaggregated Parent Survey results and family feedback collected during meetings and outreach.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Beginning/Middle/End of Year Parent Survey; School-based communication logs (newsletter distribution, messaging platform analytics, and event attendance records).

Enter a Key Performance Indicator

Percentage of families who report that school communication is clear, timely, and accessible, and increased family engagement as measured by survey responses and participation in school events.

Baseline:

Baseline data indicates that a significant portion of families requested clearer communication at the beginning, middle, and end of the school year. Parent survey results show that fewer than 70% of families report consistently understanding school expectations, timelines, and procedures. Source: Beginning/Middle/End of Year Parent Survey, 2025.

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By the end of the Beginning of Year period, at least 80% of families will report that they understand school expectations, communication channels, and key procedures, as measured by BOY parent survey results and confirmation of receipt of school communications.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By the end of the Middle of Year period, at least 85% of families will report that school communication is clear, timely, and accessible, and school-based communication data (e.g., messaging platform analytics, newsletter distribution, and event attendance logs) will show increased engagement compared to BOY.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By the end of the school year, at least 90% of families will report that school communication is clear, consistent, and responsive, and school-based data will demonstrate sustained family engagement across communication platforms and school events, as evidenced by survey results and participation records.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Beginning, Middle, and End of Year Parent Survey; school-based communication logs (distribution records, messaging platform analytics); guidance and incident logs.

Enter a Key Performance Indicator

Percentage of families who report that school communication related to student safety, routines, and support systems is clear, timely, and accessible.

Baseline:

Baseline parent survey data indicates that approximately 70% of families report clear understanding of school safety procedures, routines, and points of contact.

Enter the date for the baseline data:

June 2025 (End of Year Parent Survey)

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By the end of the BOY period, at least 75% of families will report that school communication regarding safety procedures, routines, and expectations is clear and accessible.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By the MOY period, at least 80% of families will report clear and timely communication related to student safety, routines, and emotional support systems.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By the EOY period, at least 85% of families will report that school communication supports their child's physical and emotional safety, as measured by the End of Year Parent Survey.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

At the start of the school year, the school will implement a standardized, multi-platform family communication system to ensure all families clearly understand school safety procedures, routines, and points of contact. This will include verifying and updating family contact information, establishing consistent expectations for communication tools (Remind, Operoo, and Google Classroom), and explicitly onboarding families to these systems. Family feedback will be collected at the Beginning, Middle, and End of the Year to monitor effectiveness and inform adjustments.

Root Cause Addressed:

Inconsistent and unstructured communication systems, particularly at the beginning of the school year, resulting in families lacking clear information about safety procedures, routines, and points of contact.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
At the beginning of the school year, the school will conduct a family communication audit to verify contact information, preferred language, and access to Remind, Operoo, and Google Classroom for every student.
The school will implement a standardized family communication rollout during the first month of school, including clear guidance on how and when each platform will be used for safety updates, routine communication, and urgent messaging.
Teachers and staff will receive professional learning on consistent communication expectations, including response

timelines, platform use, and protocols for sharing safety-related information with families.
Beginning/Middle/End of Year Parent Surveys will be administered and reviewed by school leadership to identify gaps in communication and inform mid-year adjustments to safety messaging and outreach.
Beginning/Middle/End of Year Parent Surveys will be administered and reviewed by school leadership to identify gaps in communication and inform mid-year adjustments to safety messaging and outreach.

Key Strategy 2 (Optional):

The school will implement structured, proactive family engagement touchpoints throughout the school year to strengthen trust, predictability, and emotional safety for students. This will include scheduled family check-ins, targeted outreach to newly enrolled and transient families, and consistent follow-up for families who do not regularly engage with school communication platforms. These efforts will ensure families feel informed, supported, and connected to the school community.

Root Cause Addressed:

Limited proactive family engagement structures, particularly for newly enrolled and transient families, resulting in gaps in trust, understanding of school routines, and a sense of emotional safety within the school community.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school will establish a new student and family onboarding protocol, including a 30-day check-in for all newly enrolled and transient students to ensure families understand school routines, safety procedures, and communication systems.
The school will schedule structured family listening sessions throughout the year to gather feedback related to school climate, emotional safety, and communication effectiveness, and use this feedback to adjust practices.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

School leadership will monitor implementation through onboarding completion records, family engagement logs, attendance at listening sessions, and survey data. Progress will be reviewed regularly to assess improvements in family understanding of school procedures and perceptions of student emotional safety.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
07/30/2025	06/21/2026	The school will implement a yearlong family engagement plan beginning with Back to School Day to clearly communicate school routines, safety procedures, expectations, and key dates. Families will participate in workshops focused on curriculum, grade-level expectations, and social-emotional supports. Beginning, Middle, and End of Year Parent Surveys will be used to gather feedback and identify areas for improvement. Ongoing school and community events, as well as Student Progress Reports, will ensure consistent communication about student strengths, needs, and ways families can support learning and emotional well-being at home. These efforts will strengthen trust, transparency, and partnership across the school community.	NYCID
09/01/2025	06/21/2026	The school will provide targeted outreach and onboarding for newly enrolled, foster, and transient families to ensure timely access to communication platforms, safety information, and school supports. This will include scheduled check-ins and personalized follow-up to promote a sense of belonging and emotional safety for students and families.	NYCID, Foster Care Agencies

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School leadership team (Principal, Assistant Principal); classroom teachers; parent coordinator or designated family liaison; NYCID staff supporting family engagement, attendance outreach, and community-based programming.

Instructional Resources

Operoo (medical and family documentation), Remind (primary family communication platform), Google Classroom (academic communication and classroom updates), IXL (academic progress monitoring and home practice), Beginning/Middle/End of Year Parent Surveys (family feedback and engagement monitoring).

Schedule Adjustments

N/A – family engagement and communication strategies will be embedded into existing school structures, including arrival, dismissal, family events, and scheduled outreach times.

Other Resources Needed

N/A – existing school-based systems, community partnerships, and digital platforms will be leveraged to support implementation.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to MAP Mathematics data from the 2024–2025 school year, MOY results indicate that only 24% of students in grades K–3 are performing at Levels 3 and 4, demonstrating that a majority of students are not yet meeting grade-level expectations in mathematics. Additional review of school-based formative and unit assessment data shows persistent gaps in number sense, computation, and math fluency across grade levels.	Inconsistent implementation of high-quality Tier 1 mathematics instruction and limited opportunities for students to engage in explicit skill-building and math discourse have contributed to gaps in foundational math understanding and fluency. Additionally, instructional practices have not been consistently informed by assessment data, resulting in uneven differentiation and limited alignment between identified	Strengthen Tier 1 mathematics instruction and data-driven instructional practices to ensure all students receive explicit, standards-aligned math instruction and targeted supports that improve foundational skills, fluency, and overall MAP mathematics proficiency.

	skill gaps and daily instructional planning.	
Review of 2024–2025 MAP Mathematics and MTSS intervention data indicates that students receiving Tier 2 and Tier 3 math supports have shown limited growth, suggesting that intervention structures and progress monitoring practices require refinement to accelerate learning.	Mathematics interventions have not been implemented with consistent fidelity due to scheduling constraints, variability in instructional delivery, and limited progress monitoring to adjust supports in real time.	Establish consistent, data-driven MTSS structures for mathematics, including protected intervention time, clearly defined entry and exit criteria, and regular progress monitoring to accelerate student growth.
According to MAP Mathematics data from the 2024–2025 school year, Black and Brown students demonstrate disproportionately lower achievement in mathematics. Analysis of MOY data indicates that a significant percentage of Black and Brown students are performing in the Low and Low-Average achievement bands, while a smaller proportion are performing at or above grade-level expectations. This trend highlights persistent opportunity gaps in mathematics outcomes for Black and Brown students in grades K–3.	Opportunity gaps in mathematics achievement for Black and Brown students are influenced by inconsistent access to high-quality Tier 1 mathematics instruction, variability in the use of culturally responsive instructional practices, and limited differentiation informed by assessment data. Additionally, Tier 2 and Tier 3 math supports have not consistently targeted the specific skill gaps identified through MAP and formative assessments, resulting in slower progress for students requiring additional support.	Ensure Black and Brown students receive equitable access to rigorous, standards-aligned mathematics instruction through strengthened Tier 1 practices and targeted MTSS supports, including data-driven differentiation, culturally responsive teaching strategies, and consistent progress monitoring to accelerate math achievement and close opportunity gaps.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	33	P.S.84 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of students in grades K–3 scoring at or above grade-level expectations in mathematics will Increase by 7 from 33 to 40, for All Students, as measured by School-based mathematics screeners and standards-aligned unit assessments (BOY, MOY, EOY).
Black Students	26	P.S.84 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of Black and Brown students in grades K–3 scoring at or above grade-level expectations in mathematics will Increase by 4 from 26 to 30, for Black Students, as measured by MAP Mathematics assessments and school-based standards-aligned unit assessments (BOY, MOY, EOY).

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Action Step 1

Establish grade-level math data cycles every 6–8 weeks using MAP data to identify skill-based gaps, form flexible instructional groups, and plan targeted Tier 1 differentiation aligned to grade-level standards.

Action Step 2

Implement structured Tier 2 small-group math interventions for students identified below grade-level expectations, focusing on foundational number sense, operations, and problem-solving skills, with progress monitored at regular intervals.

Action Step 3

Provide Tier 3 math interventions for students with persistent learning gaps through intensive, skill-specific instruction informed by diagnostic data and ongoing progress monitoring.

Action Step 4

Provide professional learning and coaching for K–3 teachers on data-driven math instruction, effective small-group practices, and progress monitoring strategies to ensure consistent implementation across classrooms.

Root Cause Addressed:

Student mathematical outcomes in grades K–3 have been impacted by inconsistent implementation of data-driven Math instructional practices, limited use of progress monitoring to inform Tier 1 differentiation, and a lack of clearly defined structures for targeted Tier 2 and Tier 3 math interventions aligned to students' foundational needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish a K–3 Math Data Team that meets on a regular cycle to analyze BOY, MOY, and interim math unit data (e.g., fluency, number and operations, word problem solving skills), identify priority skills, and determine instructional and intervention groupings based on student performance trends.
Provide targeted professional learning for K–3 teachers focused on strengthening Tier 1 Math instruction, including explicit instruction in numbers and operations and foundational mathematical concepts in differentiated small-group instruction aligned to identified student needs.
Implement a structured Tier 2 and Tier 3 math intervention model with clearly defined schedules, entry and exit criteria, and aligned instructional materials to support students performing below benchmark in math.
Conduct math progress monitoring every 6–8 weeks using screeners and formative assessments to evaluate student growth and make data-informed instructional adjustments to Tier 1, Tier 2, and Tier 3 Math supports.
Utilize instructional walkthroughs, coaching cycles, and feedback protocols to monitor fidelity of Math instruction and MTSS implementation, providing targeted feedback and support to strengthen instructional practice across classrooms.

Key Strategy 2 (Optional):

Strengthen K–3 Tier 1 math instruction by intentionally embedding culturally responsive, knowledge-building texts and structured academic discourse routines to increase student engagement, comprehension, and writing stamina across content areas.

Root Cause Addressed:

Student performance in K–3 mathematics has been impacted by limited opportunities for students to engage in structured mathematical discourse, explain their thinking, and connect mathematical concepts to culturally relevant and meaningful contexts. Inconsistent integration of language-rich instructional practices within Tier 1 math instruction has reduced student engagement, conceptual understanding, and the ability to articulate mathematical reasoning across content areas.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Provide professional learning for K–3 teachers on facilitating structured academic discourse routines (e.g., turn-and-talks, sentence frames, accountable talk) to support comprehension, problem solving skills, development, and written response.
Integrate explicit opportunities for mathematical discourse across Tier 1 math instruction by embedding consistent discussion protocols (e.g., explain-your-thinking, partner justification, math talk moves) during whole-group and small-group instruction.
Monitor implementation through instructional walkthroughs, coaching cycles, and analysis of student work to ensure consistent use of discourse routines and alignment to instructional expectations.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of Priority 3 strategies will be monitored through established instructional leadership structures and ongoing review of qualitative and quantitative data. Progress will be tracked through regular K–3 Math Data Team meetings, instructional walkthroughs, coaching cycles, and analysis of student work and assessment data.

Specific evidence collected will include BOY, MOY, and EOY literacy screener data; interim progress monitoring results for students receiving Tier 2 and Tier 3 supports; and formative assessment data related to foundational math skills. Data will be reviewed every 6–8 weeks to evaluate the effectiveness of Tier 1 instruction and targeted interventions, and to inform instructional adjustments.

Fidelity of implementation will be monitored through classroom walkthroughs using Math look-fors aligned to small-group instruction, academic discourse routines, and use of mathematical language. Additional evidence will include lesson plans, intervention schedules, student work samples, and coaching feedback notes.

Findings from progress monitoring will be used to refine instructional practices, adjust intervention groupings, and provide targeted professional learning and coaching to ensure continuous improvement in Math instruction and student outcomes across grades K–3.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/10/2025	06/10/2026	Host K–3 Family Literacy Workshops focused on foundational math skills, word problem strategies, and fluency. Workshops will provide families with practical tools to support math at home. Materials and sessions will be offered in families' home languages to ensure accessibility.	School-Based Parent Coordinator
09/15/2025	06/15/2026	Implement ongoing, two-way communication with families to support math development, including regular updates on grade-level Math expectations, progress monitoring information, and strategies families can use at home. Teachers will share math goals, celebrate student progress, and provide guidance aligned to classroom instruction to strengthen the home–school math connection.	School-Based Parent Coordinator; Classroom Teachers; Translation and Interpretation Services

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School leadership team, K–3 classroom teachers, math coach/ specialist, interventionists, special education teachers, ENL teachers, paraprofessionals, and the school-based parent coordinator will collaboratively support the implementation of Priority 3 strategies through instruction, intervention, professional learning, and family engagemen

Instructional Resources

Instructional materials, foundational math assessments and screeners, intervention programs aligned to structured mathematical practices, culturally responsive text sets, and digital platforms used to support literacy instruction and progress monitoring.

Schedule Adjustments

Adjustments to the master schedule will be made to ensure protected Math instructional blocks, dedicated time for Tier 2 and Tier 3 math interventions, and scheduled data team meetings and professional learning opportunities to support implementation and progress monitoring.

Other Resources Needed

Translation and interpretation services for family engagement activities, professional learning supports related to structured literacy and culturally responsive instruction, and time for collaborative planning and coaching cycles to strengthen ELA instruction across grades K–3.

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

School Improvement Grant (SIG) funding will be leveraged to strengthen K–3 mathematics instruction through the implementation of evidence-based instructional practices and targeted professional learning aligned to a Multi-Tiered System of Supports (MTSS) framework. SIG funds will support Tier 2 and Tier 3 math intervention services for students performing below benchmark, including small-group instruction focused on math fluency, number sense, operations, problem-solving, and early algebraic reasoning.

SIG funding will also be used to provide job-embedded professional learning and instructional coaching for teachers and interventionists to improve the quality and consistency of Tier 1 math instruction. This includes training on explicit, systematic math instruction, the use of structured academic discourse routines within math lessons, and progress monitoring practices to inform instructional decision-making and increase student engagement and conceptual understanding.

Additionally, SIG resources will support the purchase and implementation of instructional materials and assessment tools, as well as dedicated time for collaborative data analysis and instructional planning. These resources will ensure that math interventions are responsive to student needs, aligned across tiers, and continuously monitored for effectiveness.

Evidence-Based Intervention Category

Strong Evidence

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024–2025 EOY Student Data: Acadience Reading and internal literacy assessments show that a significant portion of students in early grades are below benchmark in foundational reading skills, particularly phonics and	Curriculum revision is needed to ensure alignment with the Next Generation Learning Standards and to address gaps in phonics instruction. Limited explicit fluency-	Full implementation of HMH Into Reading with embedded phonics routines and fluency practice to strengthen foundational reading skills. Strategic use of Envisions Mathematics to improve conceptual

decoding. 2024–2025 EOY Student Data: Math assessments (Envisions unit tests and internal benchmarks) reveal gaps in conceptual understanding and application of mathematical problem-solving strategies.	building opportunities embedded in daily instruction. Inconsistent implementation of targeted small-group interventions due to scheduling and staffing constraints.	understanding, with an emphasis on problem-solving and real-world application. Professional learning for teachers focused on integrating goal-setting and student self-reflection into core instruction.
2024 2025 EOY Student Data	Curriculum revision, improving fluency	Envisions

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50	All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June 2026, 95% of all students will be able to articulate how they have grown as learners and identify at least one career or college readiness pathway, as measured by student goal assessment surveys, portfolio presentations, and goal-setting conferences. This represents a 45% increase from the baseline of 50% in September 2024.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

At the start of the school year, students will participate in a structured academic interview designed to elevate student voice, self-reflection, and goal setting. During this interview, students will articulate what they recall learning in their previous grade, reflect on their strengths, and express goals for their current grade level. Student responses will be assessed using a developmentally appropriate rubric aligned to NYS Next Generation Learning Standards Speaking and Listening (SL.4 and SL.6).

This strategy will establish a baseline of students' oral language skills, confidence in academic discourse, and ability to reflect on learning, while fostering a culture in which students see themselves as active participants in their educational journey.

Root Cause Addressed:

Students have limited, structured opportunities to engage in purposeful academic discourse, self-reflection, and goal setting. As a result, student voice is inconsistently leveraged to inform instruction, build confidence, and promote ownership of learning, particularly for students who may struggle to express their thinking in whole-group academic settings.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and norm a grade-band–appropriate student interview protocol and rubric aligned to NYS Speaking and Listening Standards (SL.4 and SL.6) to ensure consistent expectations across classrooms.

Provide professional learning for teachers on facilitating student academic interviews, including strategies for prompting, scaffolding responses, and creating a supportive environment that encourages student voice.
Administer student interviews at the beginning of the school year and analyze results to identify trends in oral language development, confidence, and self-reflection skills across grade levels.
Use interview data to inform instructional planning, classroom discourse routines, and targeted supports for students who require additional scaffolding in academic language and communication.
Revisit student goals midyear and end-of-year through reflection activities to reinforce growth, monitor progress, and strengthen student ownership of learning.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
02/11/2026	05/07/2026	Based on mid-year student interview responses and rubric data aligned to NYS Speaking and Listening Standards, the school will identify areas of strength and growth in student oral language, confidence, and self-reflection. Families will be engaged through student-led sharing opportunities (e.g., conferences, showcases, or reflections) where students articulate their learning progress and goals. These opportunities will support families in understanding their child's academic development while reinforcing student voice, ownership, and confidence.	ILT
03/15/2026	06/10/2026	Families will receive guidance and resources on how to support students' oral language development and academic discourse at home. This will include family-facing communication, sentence stems, and reflection prompts aligned to classroom discourse routines. Feedback from families will be collected to inform continued refinement of student voice initiatives and strengthen home–school connections.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School leadership team (Principal and Assistant Principal); Instructional Leadership Team (ILT); classroom teachers; speech/language providers (as applicable); and support staff facilitating student interviews, rubric scoring, and family engagement activities.

Instructional Resources

NYS Speaking and Listening Standards–aligned rubrics; student interview protocols; reflection prompts; sentence stems and discourse tools; Google Classroom and Google Forms for collection and analysis of student responses; existing curriculum materials to support oral language and academic discourse.

Schedule Adjustments

Time embedded within existing instructional blocks and professional learning structures to administer student interviews, analyze results, and plan student-led sharing opportunities with families. No additional schedule adjustments required.

Other Resources Needed

n/a

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 NYC School Survey results indicate 95% of parents feel the school conducts positive parent outreach. 94% of parents feel involved within the school.	Lack of designated parent outreach and engagement time. Schedule conflicts with parents and school hours.	Structured parent

		engagement time.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	94%	P.S.84 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/families indicating that they are satisfied with parent involvement in school will Increase by 4 from 94% to 98% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a standardized protocol to track and analyze parent attendance at school events in order to identify participation trends and barriers. Attendance data will be analyzed by event type, time of day, time of year, and location to inform more responsive and accessible family engagement opportunities.

Root Cause Addressed:

Family participation in school events has been inconsistent due to the absence of a systematic method for tracking attendance and analyzing participation trends. Without reliable data, the school has been limited in its ability to identify barriers related to timing, accessibility, and communication, resulting in engagement opportunities that may not fully align with family needs and availability.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and implement a standardized sign-in process (digital and/or paper) for all school-wide family events to consistently document parent attendance.
Collect and analyze attendance data after each major family event, disaggregating by time of day, event type, and season to identify participation patterns and barriers.
Survey parents about events they would be interested in attending.
Use attendance and survey data to adjust future family engagement opportunities, including offering varied times,

formats (in-person/virtual), and locations when appropriate.
Share trends and next steps with the Instructional Leadership Team (ILT) to ensure family engagement decisions are data-informed and aligned to school priorities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025-2026 Insight Attendance Data indicates that 36% of students are currently identified as chronically absent (missing 10% or more of instructional days).	Inconsistent parent engagement around the importance of daily attendance in early grades. Over-reliance on automated notification systems without sufficient personal follow-up. Transportation challenges for families in temporary housing or with complex childcare needs.	Implement an early-warning attendance monitoring system and targeted family engagement plan to reduce chronic absenteeism rates by addressing barriers proactively. Expand direct outreach strategies, including attendance mentor assignments and home visits, to ensure early and personalized intervention for students with emerging absenteeism patterns.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 6%, from 36% to 30%, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a multi-tiered attendance intervention system that integrates early-warning monitoring, personalized family engagement, and community partner support to proactively address emerging absenteeism and reduce chronic absenteeism rates.

Root Cause Addressed:

Inconsistent follow-up with families of students showing early attendance concerns.

Over-reliance on automated notifications without personalized outreach.

Barriers to attendance such as transportation, family scheduling challenges, and lack of coordinated support for students with disabilities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch an early-warning system by monitoring ATS data weekly to identify students with 3 or more absences in a month, triggering immediate outreach.
Assign each at-risk student an attendance mentor (teacher, counselor, or paraprofessional) to provide personalized check-ins and problem-solving support.
Conduct monthly attendance workshops for families to address barriers, share resources, and reinforce the

importance of daily attendance.
Partner with CBOs to provide transportation assistance, afterschool programming, and wraparound services for families in temporary housing or with high absenteeism risk.
Implement schoolwide and classroom-based attendance incentives, recognizing both individual and group improvements in attendance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/09/2025	05/27/2026	Host monthly "Attendance Matters" workshops for families to address barriers, share strategies, and connect them to community resources. Provide translation services, child care during meetings, and flexible scheduling (morning/evening sessions) to increase participation.	Parent Coordinator, NYCID Afterschool Program, Staten Island Family Resource Center, INCLUDEnyc, local translation/interpretation providers.
09/10/2025	05/20/2026	Implement a "Family Attendance Liaison" program where staff make personalized outreach calls, conduct home visits, and collaborate with community partners to provide transportation support, housing referrals, and social services for families of chronically absent students.	Attendance Team, District 31 Family Support Coordinator, NYC Department of Homeless Services, local faith-based organizations, transportation assistance programs.

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Team members, Parent Coordinator, Social Worker, Guidance Counselors, NYCID Afterschool staff, Bilingual Family Support Liaisons, Community School Director, and Attendance Mentors.

Instructional Resources

ATS and STARS attendance tracking systems, Monthly Attendance Team Tracker, family engagement toolkits, communication templates for outreach, translation/interpretation services, and attendance incentive materials (certificates, recognition boards, small rewards).

Schedule Adjustments

Weekly attendance review meetings for staff, protected time for outreach calls and home visits, monthly family engagement workshops scheduled for both daytime and evening, and flexible meeting times to accommodate family availability.

Other Resources Needed

Funding for transportation assistance for families in temporary housing, printing and mailing of attendance letters in multiple languages, technology support for virtual attendance conferences, and community partner stipends for providing wraparound services.

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

SIG funding will be used to support the implementation of a multi-tiered attendance intervention system aimed at reducing chronic absenteeism. This will include:

Hiring part-time Attendance Mentors to conduct daily check-ins with at-risk students and maintain communication with families.

Partnering with community-based organizations to provide wraparound services, including transportation assistance and social service referrals.

Hosting monthly family workshops and attendance celebrations to build a positive school culture around consistent attendance.

Purchasing attendance incentive materials (certificates, small prizes, classroom celebrations) to recognize and encourage improved attendance.

Providing professional learning for staff on effective family engagement and strategies for addressing attendance barriers.

Evidence-Based Intervention Category

Tier 2 – Targeted Assistance for At-Risk Students (Every Student Succeeds Act, ESSA)
Evidence-based approach supported by research demonstrating that targeted attendance monitoring, personalized mentoring, and family engagement lead to reductions in chronic absenteeism and improvements in student achievement.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
2024–2025 SESIS Review Report indicates that 42% of reviewed IEPs were missing clearly measurable annual goals aligned to student needs,	Inconsistent professional development on IEP goal writing and progress monitoring. Limited collaborative planning time	IEP Development

and 36% lacked documentation of progress-monitoring strategies.	between general education and special education teachers.	and Fidelity of Implementation
2024–2025 Quality Compliance Review shows that 58% of IEPs for students turning 14 did not have fully developed postsecondary goals and transition activities aligned to assessments.	Insufficient training on transition requirements for IEP teams. Lack of a structured process for incorporating student input and assessment results into transition planning	Transition Planning and Compliance
2024–2025 School-Based Referral Data reveals a 22% increase in initial referrals for special education evaluations for students in grades K–2, with 68% of referrals for male students and 55% for Black and Latino students.	Limited implementation of Tier 2 and Tier 3 supports prior to referral. Implicit bias and inconsistent use of culturally responsive intervention strategies.	Referral Process and Equity
2024–2025 OORS (Online Occurrence Reporting System) data indicates that Black male students, representing 18% of the school population, account for 42% of classroom removals and suspensions.	Lack of consistent use of restorative practices and de-escalation strategies. Gaps in culturally responsive classroom management training for staff.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	65	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve The alignment and quality of IEPs across present levels of performance (PLOPs), goals, and recommended programs and services, with a specific focus on improving implementation fidelity and access to grade-level mathematics instruction for students with disabilities. by a 20 Increase, from 65 to 85, as measured by IEP progress monitoring reports, SESIS compliance data, instructional observation tools, and MAP Mathematics assessments.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

SESIS Progress Monitoring Reports & MAP Math Benchmark Assessments (2025-2026)

Enter a Key Performance Indicator

Increase the percentage of students with disabilities meeting their IEP Goals and math MAP Growth.

Baseline:

65% of students with disabilities met or exceeded their annual IEP during the 2024-2025 school year.

Enter the date for the baseline data:

September 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By November 2025, at least 70% of students with disabilities will demonstrate measurable progress toward meeting IEP annual goals as evidenced by SESIS progress reports and interim assessment data.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By March 2026, at least 75% of students with disabilities will demonstrate measurable progress toward meeting IEP annual goals as evidenced by SESIS progress reports and interim assessment data.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By June 2026, at least 85% of students with disabilities will meet or exceed their annual IEP goals in ELA and Math as evidenced by SESIS progress reports and end-of-year assessment data.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement a schoolwide, data-driven progress monitoring system for students with disabilities that integrates IEP goal tracking, targeted small-group instruction, and professional learning for staff to ensure fidelity of implementation.

Root Cause Addressed:

Inconsistent use of data to inform instructional decisions and insufficient collaborative planning time between general education and special education staff, leading to gaps in IEP goal alignment and progress monitoring.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct monthly SESIS data reviews and Acadience benchmark analysis to identify student progress toward IEP goals and adjust instruction accordingly.
Provide bi-monthly professional learning for teachers and paraprofessionals on evidence-based strategies for supporting students with disabilities, including differentiation, accommodations, and progress documentation.
Schedule structured weekly co-planning sessions between general education and special education teachers to align lesson objectives with IEP goals.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct monthly SESIS and Acadience data reviews to track student progress toward IEP goals.
Provide bi-monthly professional learning sessions on evidence-based instructional strategies and progress monitoring for students with disabilities.Schedule weekly co-planning sessions between general education and special education teachers to align instruction with IEP goals.
Schedule weekly co-planning sessions between general education and special education teachers to align instruction with IEP goals.
Implement targeted small-group interventions for students below progress benchmarks, monitored bi-weekly.
Communicate progress to families quarterly with actionable at-home support strategies.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress will be monitored through monthly administrative reviews of SESIS progress reports, Acadience benchmark results, and teacher lesson plans. Co-planning meeting logs will be collected to ensure collaboration occurs consistently. Intervention rosters and student work samples will be reviewed bi-weekly to confirm instructional adjustments are aligned with data. Quarterly family communication logs will be analyzed to verify timely sharing of progress and strategies. Findings will be discussed during ILT meetings, and adjustments will be made based on data trends to ensure continuous improvement in student learning and achievement.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/09/2025	06/19/2026	Host quarterly "Family IEP and Progress Nights" to review student progress toward IEP goals, provide parent-friendly training on accommodations, and connect families to available resources. Provide simultaneous interpretation and translated materials for families with limited English proficiency.	Parent Coordinator, District 31 Family Support Coordinator, INCLUDEnyc, local translation/interpretation services.
09/09/2025	06/19/2026	Implement a structured communication protocol where teachers send home monthly progress updates and intervention summaries via multiple formats (email, phone, paper) and invite families to participate in co-planning for next steps. Include family voice in IEP meetings through pre-meeting surveys and post-meeting feedback forms.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education teachers, paraprofessionals, related service providers (Speech, OT, PT, Counseling), Parent Coordinator, Academic Intervention Service (AIS) staff, NYCID Afterschool Program staff, and contracted interpreters/translators for families with limited English proficiency.

Instructional Resources

HMH Into Reading and Into Math (with embedded intervention supports), Orton-Gillingham phonics materials, leveled libraries, adaptive technology (iPads, Chromebooks with accessibility features), manipulatives for math and literacy, Boardmaker visual supports, and access to SESIS and Acadience for progress monitoring.

Schedule Adjustments

Dedicated weekly co-planning periods for ICT and special education staff; bi-weekly intervention blocks for small-group instruction; monthly professional learning sessions during staff meetings focused on differentiation and progress monitoring; protected time for IEP meetings and family engagement events.

Other Resources Needed

Funding for sensory tools and flexible seating to support regulation and focus; professional development with external consultants specializing in inclusive practices; summer bridge program for SWDs transitioning between grades; translation of all family-facing documents into home languages.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Sound Sensible and SPIRE level 1 and 2 Tier 3	Based on the needs of the learners, and student data	Instructional Approach for students who need extra support in reading, spelling and writing.	small group	During school	No
Scaffolding of instruction - Tiers 2 and 3	Based on student's learning needs and student data	The teachers will break down instruction so they are providing through models and explicit instruction that meet student's needs.	small group, one-to-one	During school	Yes
IXL - Tiers 2 and 3	Based on students learning needs and student data	Students will complete a screener and be provided lessons based on their learning needs. Teachers can assign specific lessons to target specific skills.	small group and one-to-one	During school	Yes
SPIRE Level 3 - Tier 2	Students are selected based on a reading screener	Phonemic awareness and phonics, then spelling, vocabulary, comprehension, and fluency - instilling and reinforcing every stage of reading development.	Small group	During school	No
Counseling Support	Guidance Counselor	Restorative practices and behavior management on social awareness, relationship building and managing emotions	Small group and one-to-one	During the day	No
CREW	Guidance Counselor, Teachers		Whole group	During the day	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Counseling Support - Tiers 2 and 3	Guidance counselor evaluation, classroom observations, parent and teacher concern and input, student need	Restorative practices and behavior management on social awareness, relationship building and managing emotions	Small group and one-to-one	During the day	No
CREW - Tier 2	Whole School	Crew- CREW is our SEL program	Whole group	During school day	No
Behavior Intervention Plans - Tier 3	Student data, parent and teacher concern, student need	An individualized plan for a student that targets a specific area of behavior concern.	One-to-one	During school day	Yes
Student/Teacher Conferences - Tier 3	Student need	Teachers and students meet to discuss student's interests and behavior goals	One-to-one	During school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Parents receive updates every 3 weeks via letter sent home regarding progress monitoring updates.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

1

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students who are placed in temporary housing are offered school supplies, backpacks, busing and support with their transitions from our guidance counselor. Our partnership with Northwell Health is available when needed and provides students with addition school supplies, uniforms, extra-curricular activities, vision (eyeglasses) if not available through insurance or Medicaid. Special bus arrangements are made to ensure access to school daily.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

[School Name] will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

[School Name], in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

All teachers are participating in Demystifying MTSS in book clubs between October and March. In October, Grade level teams will develop an inquiry blueprint that will guide their grade level team meetings. The Instructional Leadership Team
also developed an inquiry blueprint to guide our work. We have a professional development committee that meets three times a
year to ensure teacher's voice and needs are being met. Four of our paraprofessionals are trained in OG and provide one to one tutoring for students who are at risk.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Kamorudeen Olayokun
Assistant Principal (Where Applicable)*	Erica Padin
English as a New Language (ENL) Teacher*	Laura Nemeth
Teacher (if school has a bilingual program must be a bilingual teacher)*	
Parent/Guardian*	Mara Bautista
Teacher	Lauren Rainbolt
Parent Coordinator	Diana Bowen
School Counselor	Jaimie Lamanno
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

159

Total number and percentage (%) of current ELLs:

35/22%

Total number and percentage (%) of former ELLs:

0

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

35/22%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

0

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

16/45%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	ICT	Spanish	2023-2024	1	1	1											3
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

All Entering and Emerging ELLs receive stand-alone English as a New language instruction four periods (180 minutes) per week taught by a certified ESOL teacher. All Transitioning students receive stand-alone English as a New Language instruction two periods (90 minutes) per week taught by a certified ESOL teacher. Our stand-alone instruction focuses on
developing students' English skills in the four language modalities; listening, speaking, reading and writing with home language supports. Students can acquire the English language skills needed for success in core content areas. In kindergarten, first and second grades, all mainstream ENL students are placed into one class which allows ENL teachers to plan, co-teach and collaborate closely with the classroom teacher to provide instruction that will enable students to develop English language skills to meet rigorous standards. Our stand-alone program adheres to the instructional mandates as per CR Part 154 while embedding NYS Blueprint for ELLs/MLLs Success framework. Students are grouped based on level as determined by the NYSTILL and NYSESLAT testing. Flexible groups are created and based on student needs.

Integrated ENL:

All Entering and Emerging ELLs receive Integrated ENL instruction four periods (180 minutes) per week in English with home
language supports, Transitioning and Expanding ELLs receive two periods (90 minutes) per week in English with home language supports. In grades kindergarten, first, and second, all mainstream ELL/MLLs are placed into one class per grade heterogeneously grouped with non ELLs and former ELLs to foster opportunities for students to learn alongside their English speaking peers while receiving ENL/ELA instructional support. This ensures our integrated ENL/ELA instructional program is maximized and effective. Integrated ENL instruction is co-taught by a certified ENL teacher and a common branch-certified teacher. In collaboration with the
classroom teacher, the ENL teacher works with small groups consisting of ELL/non-ELL students during English Language Arts and/or core content area periods. Our Integrated program adheres to the instructional mandates as per CR Part 154 and utilizes the NYS Blueprint for ELL/MLL Success framework as an instructional guide when co-planning and implementing lessons/curriculum aligned to Next Generation Learning Standards.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

We have kindergarten and first grade Dual Language Spanish ICT classrooms. Next year, we will have a second grade Dual Language ICT as well. They are two way, 50-50 model. We have two teachers, one who has the bilingual extension. Half of the day is taught in English and half is in Spanish. Our English proficient students learn Spanish alongside our ELL Spanish speakers, and each has the chance to be a model for the other group. The teachers in this class use language proficiency data from the New York State English as a Second Language Achievement Test (NYSESLAT) and the New York State Identification Test for English Language Learners (NYSITELL) to understand where ELLs/MLLs are along the continuum of language development and how to provide appropriate scaffolds for them according to their proficiency level.

Teachers are committed to designing and delivering instruction that is culturally and linguistically appropriate for all diverse learners, including those with Individualized Education Programs (IEP). Students are provided integrated language and content instruction to support language development through language-focused scaffolds. Bilingual, ENL, and other content-area teachers must collaborate purposefully and consistently to promote academic achievement in all content areas. Teachers in this program plan alongside their grade level peers to ensure all students are exposed to the same content and to ensure a rigorous Bilingual Education program for ELLs/MLLs as well as English proficient students, aimed at maintaining and developing the home language and attaining English/Spanish proficiency as well as biliteracy.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

We ensure ELLs are receiving the mandated number of instructional ENL minutes that is required as per Part 154 based on students English proficiency level as determined by the result of the NYSITELL and the NYSESLAT exams. When implementing the ENL program model, our ENL teachers program their schedules to ensure each student is receiving the required minutes of stand-alone, integrated, and ELA units of instruction. Transitioning and Expanding students receive 180 minutes per week in integrated ENL/ELA or ENL/ content area. All ENL pedagogue schedules are reviewed and approved by District 31 ENL specialist team and by our internal school leadership.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In our stand alone ENL program, students are grouped according to their mandated minutes according to levels as determined by NYSTILL and NYSESLAT assessments. Our ENL teacher works and the classroom teacher to plan together to support students when she pushes in.
Students in the dual language class receive ELA instruction in both English and Spanish-each language in 50% of the time.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our Dual Language kindergarten, first, and second grade are a roller coaster ICT model. Teachers teach in English in the morning and Spanish in the afternoon; it is reversed the next day. Because it is a two-way model, English proficient students and ELLs are integrated all day. This enables all students to be both second language learners, as well as models for other students learning the language they are proficient in.

b. In which language(s) is each core content area taught?

Each core content area is taught equally in Spanish and English, 50% of the time in each language.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The percentage of ELL newcomers is 100%. For the 2024-2025 school year, 48.5% of ELLs also had IEPs. 82.9% of ELLs had a home language of Spanish. The other languages were Arabic, Chinese, and Haitian Creole.

Our school ensures that the mandated number of minutes is provided according to proficiency levels. Standards based instruction is implemented in the four modalities of language skills: listening, reading, speaking, and writing. For newcomers, an emphasis is placed on literacy and phonics during instruction. Newcomers in the Dual Language classes receive content in both English and their home language to support their language development. Newcomers are also given supports such as dual language books, bilingual glossaries, picture dictionary, individual word walls. Students are given ample opportunities to engage in group and partner work to help with the speaking and listening modalities. The ENL teacher pulls small groups both during integrated and stand alone instruction to provide additional supports to students. All classrooms have a teacher trained in Orton-Gillingham to support reading, writing, and spelling. When we have developing or long-term ELLs, we would utilize a research based, explicit reading intervention such as Spire and Sound Sensible to help ELLs progress.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Currently, we do not have any SIFE students. If we enrolled any SIFE students in the future, we would be prepared to meet their needs. Our teachers administer benchmark assessments in math and ELA, including components such as decoding, spelling, and phonemic awareness. Students are also given the acadience screener and the MAP assessment. Teachers can then use the data from these assessments to determine areas of need and to differentiate instruction. SIFE students can often times struggle in in foundational areas and skills, so this would enable teachers to plan instruction to strengthen these skills, while still provide access to grade level standards through whole class lessons. Teachers would also create routines which allows students to participate more fully in the classroom setting. PS 84 uses iXL, which can be personalized for each student. Teachers are able to assign specific lessons to individual students based upon their needs. Students will receive targeted instruction through these study plans.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Since we are entering only our fourth year as a school, we do not have an long-term ELLS at this time. As we continue to grow, we recognize the possibility of having long-term ELLS. Long term ELLs would be included in our MTSS cycles. Students are placed in these groups according to their needs. Teachers are trained in programs such as Orton-Gillingham, Spire and Sound Sensible which can address specific foundational skills that can help long term ELLs make progress. The use of turn and talks and small group during classroom instruction can be used to help long term ELLS build upon and expand their vocabulary. Students can also be given individual word walls with picture support to help increase their vocabulary and the students' ability to use language.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At PS 84, 0% of our students are former ELLs. We are still a relatively new school, having only been open for three years, with kindergarten, first and second grade students only. If we had former ELLs, they would receive 90 minutes of integrated ENL/ELA enrichment instruction per week. Also, students would get additional small group support with their classroom teachers, or with the ENL teacher during push-in minutes.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

This past year, our ELLs attendance rates overall was 88%. Our kindergarten attendance for ELLs was the lowest at only 80%. We work closely with our attendance teacher to be sure that our students' attendance remains strong. We notice that as the students progress to the older grades attendance rates improve. We will start targeting our kindergarten students attendance earlier within the year. This year our school started attendance incentives in February for students with 90% attendance. Next year we plan on starting the incentive earlier in the year as well as parent outreach to our younger students on the importance of attendance.
We also use screeners and benchmark assessments, which are given three times a year, to help identify struggling students, including ELLS and their areas of need. Additionally, data is analyzed by our Instructional Leadership Team, after each math unit and ELA module. This
helps us identify which students need Tier 1, 2 or 3 level supports. Our ELL students are placed into MTSS groups to help
strengthen and support the foundational skills.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At PS 84, we do not have any former ELLs. We currently only have 3 grades in our school. When the NYSESLAT data is released, we will see if any of our students scored commanding.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values

these home languages?

There are four home languages in our school, Arabic, Haitian Creole, Chinese, and Spanish. 82.9% of our students are Spanish speaking, 8.5% are Arabic, 5.7% Chinese, 2.87% are Haitian Creole. The majority of the students that speak Spanish are in an ICT classroom with a bilingual teacher. 2 of the students that speak Arabic are in an ICT classroom and work closely with an Arabic speaking paraprofessional. We also have a teacher within our building that speaks Chinese. The only language that a staff member does not speak is Haitian Creole which we only have one student speaker. We have staff that can translate for 97% of our students home languages.
All newsletters that go home are translated from English into all home languages. These newsletters are also posted on all applications used to communicate with families electronically.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At Public School 84, 29 of our ELLs are Hispanic, 3 are Arabic, 2 are Chinese, and 1 is Haitian.
In order to meet the needs of our students, our classroom libraries are frequently updated and our instruction is modified to
meet the needs of all learners and diverse backgrounds. In order to be culturally responsive in sustaining education, we believe our students see themselves in the stories we read so we keep our libraries and media that we expose the students to up to date and ensure that we are highlighting all cultures and nationalities. All students are encouraged to share their cultural beliefs, language and
customs during various lessons along with conversations that happen during our CREW time daily. We ensure that all cultures are valued by having conversations that empower students to talk about their lives at home and family traditions. As we develop future leaders, we also want students to recognize that it's important to understand and respect cultural differences and
we can do this through listening to each other, asking questions and sharing our stories.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Last year was only our second year we administered the NYSESLAT exam to a total of 14 students. 5 students stayed on the same level, 2 students went down one level and 7 students moved up one or more levels. Next year with a full time ENL teacher we hope to see more progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The NYSESLAT 2023-2024 results show that our students show strength in speaking. Throughout the school day students are given many opportunities to speak within all subjects. Students continuously participate in turn and talk, partner work and small group work where they are speaking and listening to one another. An area where students showed weakness was in writing. This year was out first year using HMH Into Reading. Into Reading has a Spanish component to support their reading and writing which our prior curriculum Expeditionary Learning did not have. We hope the switch will show positive progress for our ELL students. We were also able to work with a HMH Literacy Coach this year. Next year our school will staff a literacy coach to work with teachers including the ENL teacher to continue to strengthen all modalities.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

PS 84 is a new school, only servicing kindergarten, first and second grade. We do not have any students who took the ELA or Math assessments.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

At PS 84 0% of our students are SIFE. In the 2023-2024 ten out of 14 ELLs were students with disabilities which was 71% of the population. This school year the percentage of ELLs with IEPs reduced to 48.5% which was seventeen out of thirty five students. Within those ten students 2 of them were placed in self-contained classes. These students showed a weakness in writing as well as listening. We have several strategies in place to meet the needs of these students. All teachers are trained in Orton-Gillingham, which can support struggling learners in need of additional supports in reading and writing. The switch toHMH Into reading should show a positive growth because it has lessons which feature teacher read alouds to strengthen the listening modality and allows for ample opportunity for peer interactions with student turn and talks and group work, to help with the Speaking modality. Teachers differentiate instruction in math and ELA, where students' individual needs are met using such tools as graphic organizers, sentence stems, manipulatives, anchor charts and word walls.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

We provide high quality academic experiences to all students, including ELLs. One thing we do is to plan field trips throughout the year. These trips are aligned to the current unit of study and allow students to collaborate with their peers, explore new environments, and make connections to the world around them. Students get real world experiences and students are more engaged in learning. We also bring in community experts to talk with the students on topics they are learning about. It provides students opportunities to practice language and use vocabulary words in real world contexts. Another way we provide ELLs with high quality academic experiences is through our CREW. We begin each day with a CREW check-in. Students are encouraged to discuss how they are feeling, bring questions to the meeting and teachers plan activities that strengthen students' social emotional learning. Daily CREW meetings help students make sense of their environment and develop empathy for others. It allows for discussions both in a large group and in smaller partnerships.
Additionally, we use periodic assessments and progress monitoring to monitor where students are at instructionally and see how they are progressing. Using this data, we place students into small groups to ensure they are given instruction that addresses their strengthens and weaknesses. We also use this for our MTSS planning, which our entire school participates in daily.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's Instructional Leadership Team designs ML/ELL instruction using results from NYSTILL to determine student's levels. They use the instructional coordination time to review data, including BOY, MOY, and EOY benchmarks, and devise a plan to strategically work with students on their individual needs.
The team works using small group instruction and peer-activities. The Instructional Leadership Team provides direct instruction which allows students to self-assess and evaluate how they feel they are doing on tasks and discussions that take place in the classroom. The team monitors ML/ELL progress as their progress is discussed at team meetings to further identify strategies to enhance student learning. Our ENL teacher meets with the ILT frequently to help them makes sense of the needs of our ML/ELLs and gives supports that can be used throughout the day to enable students to engage fully in lessons. Culturally and linguistically appropriate instruction is designed and delivered to MLs/ELLs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The ENL program at P.S.84 delivers instruction in English 100% of the time by a New York State certified ENL teacher. New
York State Next Generation Learning standards are used to teach English in a content-based, cross-curricular format, using ENL methodologies and scaffolding strategies to support the ELLs as needed. Standards-based instruction is implemented in the four modalities of language: speaking, listening, reading, and writing in English with the support of the ENL Bilingual Learning Progressions.
The ENL teacher pushes in to the designated class on the grade to support the classroom teacher(s) in meeting the needs of
the ELL students in an integrated, co-teaching model using scaffolding techniques such as; modeling, accessing prior
knowledge, explicit and immediate peer-and-teacher feedback, bridging, peer guidance, small groups, visual supports,
metacognition and self-assessment checklists and rubrics. The ENL teachers also pull students out of the classroom for
standalone periods in small group instructional settings to meet the mandated minutes. The focus is on language development. The areas in need of improvement are identified during common planning periods with the grade team and ENL teacher.

All Entering and Emerging ELLs receive standalone instruction for at least 4 periods per week and at least 4 periods per week of integrated ENL. All Transitioning and Expanding ELL students receive at least 4 periods per week of integrated ENL. Integrated ENL is
either co-taught by a certified ENL teacher and a common branch-certified teacher, or taught by a classroom teacher dual-certified in ENL and common branches. Students are grouped in heterogeneously with other ELLs and also with non-ELLs and former ELLs.

PS 84 uses the following curricula for core content, Into Reading for our structured literacy component and Envision math, as well as EL for our skills block, which is the phonics instruction.

These Next Generation learning standards aligned programs provide various resources, scaffolding and differentiation options for our diverse learners. They focus on domain-specific vocabulary and math language development. Teachers are able to provide small group instruction within the framework of the programs. In ENL push-in and standalone instruction is delivered in English. The teacher may provide native language support as needed through
translated texts or tools, and students may choose to read books in their home languages. Our Dual Language program delivers instruction in a 50/50 rollercoaster model using both English and Spanish. In DL classrooms, the environment is print-rich in both the
home languages and English, and classroom libraries include a range of books in the home languages.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

The instructional strategies and grade level materials that teachers use in our school are Into Reading and Envisions. Orton Gillingham is used for struggling learners in need of support in reading, spelling and writing. There programs lend themselves to tiered academic support in addition to English Language development. These programs have listening-strand lessons comprised of read alouds with extensive activities and ample opportunities for peer-interaction and group work with peer supports, graphic organizers, checklists, rubrics, manipulatives, visuals, charts, anchor charts, student reference sheets, and teachers directions which are all differentiated to check for understanding, self-assessments, peer-assessments and explicit and immediate feedback. Teachers adapt our school programs to meet the needs of all learners. We utilize Acadience Reading and MAP testing along with Into Reading assessments, Expeditionary Learning checklists as diagnostic assessments in regard to student's literacy and math skills. This allows teachers a more in depth understanding of individualized students reading needs to help them progress.

b. SIFE

As of now, we do not have any SIFE students. Should we have SIFE students in the future, we would be prepared to meet their needs. Teachers begin by administering benchmark assessments in math and ELA, including components such as decoding, spelling and phonemic awareness. Students are also given the Acadience screener. By using these, teachers would be able to determine the areas of need and differentiate lessons for SIFE students. SIFE students typically can be lacking in foundational skills so in this way, teachers would be sure to strengthen these while also providing access to grade level standards through whole class mini-lessons. PS 84 uses iXL, which can be personalized for each student. Teachers can assign specific lessons to individual students based upon their needs. By creating study plans for students, they will receive targeted instruction.

c. Newcomers

Newcomers receive their mandated minutes per week of ENL instruction during the school day, based on their proficiency level as determined by the NYSTILL. The ENL teacher works closely with the classroom teacher to ensure students' language needs are met. The ENL teacher differentiates instruction for newcomers by providing visual/audio supports such as picture dictionaries, bilingual glossaries, beginning English reader books, audio storybooks, books in the home language, picture support for words around the room, etc. Newcomers have access to I-pads, laptops and learning programs such as iXL. Students continue to receive scaffolded instruction to activate prior knowledge and build on schema and new language experiences. Daily, each lesson in both ELA and Math begins with a whole class mini-lesson, which all students are a part of. This ensures that students are exposed to grade level standards. After this, students go into differentiated groups based on their needs. In this way, students are both given targeted, differentiated instruction, as well as having access to grade level standards.

d. Long Term ELLs

As a new school, PS 84 does not have any long term ELLs at this time. In the future, as we grow as a school, it is possible we will have long term ELLs. Long term ELLs will be included in our MTSS cycles. Students are placed in these groups according to their needs and teaches are trained in and use programs such as Orton-Gillingham, Sound Sensible and Spire, which can address specific foundational skills that can help long term ELLs make progress. also, teachers will create individualized study plans in iXL.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The ENL teacher co-plans with the classroom teachers and IEP teachers during common planning times, which is embedded
into the school day schedule. This includes the special education teacher who teaches the ELL SWDs. There are ample
opportunities to meet throughout the week. The least restrictive program for ELL SWDs is the integrated co-teaching model,
where the ENL teacher co-teaches with the general education and special education teachers. The ENL teacher's schedule is
collaboratively designed to align with the classroom teachers schedule, so that content delivered in the integrated model is
aligned with the ELL-SWDs areas in need of improvement and IEP goals. All work is aligned with Next Generation Learning
Standards. It is scaffolded to support language development in addition to the goals of ELL SWD IEPs. Our Dual Language classes are ICTs, so any ELLs with IEPs can be placed in this setting to ensure their IEP is being fully implemented. We also have a bilingual speech teacher who is able to service those students who have a language of instruction of Spanish.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language support is assessed and delivered in the ENL model during stand-alone and Integrated units by the ENL teacher as needed and accessible. Lessons, activities and assessments are translated orally or written by the bilingual/multilingual staff member in the student's home language as needed and when available. Classrooms have bilingual libraries that include Spanish and Arabic literature which are the main home languages of our students. We provide bilingual dictionaries, photo libraries, and content area glossaries.

In our DL classroom, we follow the roller-coaster model, and during each day, 50% of instruction is in English and 50% of instruction is in Spanish. Anchor charts hung around the classroom are in both English and Spanish, and resources, such as ABC charts are in both languages. Students are assessed both formally and informally by teachers, and summative assessments are in both languages. Our DL classrooms also make use of Estrellitas and Arriba La Lectura curriculum.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

AT PS 84, we value collaboration between teachers and build in planning time thoughtfully to allow for cooperation and coordination. Each grade level has a common prep once a week and the ENL teacher is able to co-plan with them. We have ILT teams that meet once a week and has teacher representatives from each grade. The ENL teacher is able to meet with ILT members and use this information to plan lessons. She is also able to help teachers add in differentiation strategies that will benefit their ELL students in all subject areas throughout the school day.

Additionally, our entire staff meets together on Mondays for an hour. This time is used for a variety of purposes, including data analysis which helps plan lessons that will meet the needs of all students, including ELLs.

In both Dual language and ICT classrooms teachers plan collaboratively so they can develop instructional strategies and differentiated supports for all students including our ELL students. In DL classrooms, teachers pay careful attention during planning time to ensure academic content and language acquisition is being met equitably in both languages.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

PS 84 provides ongoing professional development for all ELL personnel throughout the year. Our ELL teacher(s) will conduct a series of monthly professional development workshops to train and turn-key relevant ELL related information to administration and teachers of ELLs. ENL teachers will continue to develop their expertise and pedagogical practices by attending ongoing citywide and district/borough learning lessons to be shared and disseminated with school staff. Our Dual language and ENL teachers also take advantage of the district's weekly BSE team meetings, office hours, and professional development opportunities. They can also interact with DL and ENL teachers from other boroughs to improve their practice. Additionally, they are members of the D31 ELL Support Classroom in google classroom.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

As mandated per CR Part 154.2, our school meets the professional development requirements by providing ongoing ELL professional learning opportunities for all teachers throughout the year. Teachers are encouraged to participate in CTLE accredited courses. Invites to these courses are sent through email notifications from administration and the ENL department. ELL professional learning sessions will be facilitated in-person or remotely by administrators and/or ENL pedagogues (15% ENL workshops for teachers of ELL and 50% for bilingual education/ENL teachers). The ENL department will facilitate staff-wide professional development sessions throughout the year, as well as informational sessions for teachers of ELLs. Professional development will address ELL-specific topics such as stages of language acquisition, best practices for meeting students linguistic and academic needs, effective co-teaching approaches, help develop and enhance content knowledge/vocabulary. The payroll secretary will maintain the ELL PD agendas and attendance for all teachers in the school.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use Acadience screeners to guide our instructional planning. Students are given the Acadience and Math Map screeners three times a year, beginning, middle and end of year. Teachers analyze the data to determine students' strengths and areas of need. Teachers create small groups which are differentiated based on screener data. Teacher meet with these groups and have students work in center rotations which have activities that are specially planned for a student's needs. Additionally, we give benchmark assessment three times a year in both math and phonics instruction, which teachers also use to determine what each student needs. This data can also be used to determine if students need additional interventions, such as MTSS groups.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

P.S.84 classroom teachers use Into Reading for structured literacy and Expeditionary Learning Skills block for phonics within the ELA Curriculum. Interventions include small group instruction and peer-activities. Other targeted intervention programs for ELLs/MLLs in ELA include Orton Gillingham, which supports students in literacy development in all grades. Envisions Math includes remedial work , reteach and enrichment activities to support ELLs/MLLs with math instruction. As needed, SETTS teachers pull students for additional small group support when applicable. Teachers pull skills block groups daily which are differentiated based on student's goals. MTSS groups are pulled five days a week, alternating between ELA and Math, and are planned to target students' needs and provide explicit data-based instruction that is reassessed every three weeks in order to determine if interventions are working or need to be replanned and reorganized.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Benchmark assessments and screeners are administered 3 times a year in ELA and Math. Teachers and staff analyze the data and identify at0risk students. Tier 1 interventions are provided by the classroom teachers for those students who need minimal support. Students who need more support are given tier 2 and tier 3 interventions. MTSS cycles are 6 weeks; at the mid-point of the cycle, teachers progress monitor to see how students are progressing. At the end of 6 weeks, students are re-assessed and students are cycled out of they have made significant progress and groups are reformed based on the most updated data.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At Public School 84, we use teacher-made assessments as well as assessments made by Into Reading and Envisions. We also administer the Performance Tasks in ELA and Math to all students. The rubrics are standards based, and provide information to the teachers on strengths and areas of need. Students refer to reading and writing checklists to assess their understanding. Checklists use appropriate colors and pictures to support ELL students use. Acadience Reading is used to identify reading struggles for each student with the ability to provide individualized interventions to enhance reading skills. Envisions Math K-5, pre/end unit assessments, as well as on-going teacher created assessments are administered throughout the year. The MAP screener is administered three times a year, BOY, MOY, and EOY, provides teachers with data on areas of strength as well as need on a variety of topics in math. Students can be grouped based on the data, and teachers can determine whole class areas of strengths and weaknesses, which can then be used to plan lesson which might need extra time to teach, as well as topics where enrichment can be added into the curriculum map.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

P.S.84 ensures that all ELLs/MLLs are appropriately evaluated in their home languages throughout the year. Upon admittance,
students are given an assessment in their home language and in English, to assess language and content proficiency. The
NYSITELL is administered when applicable. Bilingual staff members are utilized whenever possible to conduct oral assessments, and to translate written assessments when applicable. Translators and translated materials are provided as needed to further support the assessment pieces. For students who speak Spanish, the MAP screener, which is administered 3 times a year, can be given in Spanish. Many classroom assessments including unit assessments, performance assessments, rubrics and checklists are given to students in their home language in addition to English. ELLs have the opportunity to complete assessments in their home language, as well as completing the assessments in English to the best of their ability. Quarterly portfolio reviews are conducted by classroom teachers, the ENL teachers, administration, and specific teacher teams (when necessary) to assess student progress and determine appropriate interventions and programming for ELLs.

Our Dual Language program follows a 50/50 rollercoaster. Students are evaluated in both English and Spanish.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Some summative assessments and baseline/benchmark assessments we use to evaluate the effectiveness of the ELL programs
are NYSITELL, NYSESLAT, Acadience, MAP data, Into Reading and Math Envisions. We believe using a variety of data will help ensure the highest level of social, culturally responsive and academic success. Once we receive the

data from the NYSITELL scores in the beginning of each school year, we use the data to identify, serve and group our students according to their proficiency levels. The classroom and ELL/MLL providers frequently analyze data to monitor student progress and guide instruction towards next steps. After administering the NYSESLAT, we noticed that our ELL students struggled most with the writing modality. In order to support students in this area, we will use a variety if intervention supports, like sentence stems, graphic organizers, picture cues. Teachers will also analyze the data from the Expeditionary Learning (EL) phonics benchmark assessments, which place students in microphases based on spelling, decoding, encoding and phonemic awareness to provide targeted, small group instruction to help them progress in their writing. Teachers also use writing progressions to show students what good writing looks like and students self assess where they are and conference with the teacher about how they can move along the progression.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

At PS 84 we have expanded our testing team to include all certified pedagogues alongside the ENL teachers. The team has been
trained to administer and score the NYSESLAT. The NYSESLAT is administered and scored by the ENL Teacher, and the Testing Coordinator. When the window for administering and scoring opens, the test coordinator is the primary pedagogue who will administer the assessment, so as to reduce disruption of students mandated ENL services as little as possible. ENL providers and trained pedagogues designate first and second periods n the mornings for testing. If there are any missed mandated ENL minutes, they are made up in the afternoon.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

As a school that only has lower grades, the only state assessment they take is the NYSESLAT. The test coordinator runs the test accommodation report from sesis and creates a spreadsheet which details all test accommodations. Teachers are instructed to notify the test coordinator of any finalized IEPs that have changes to test accommodations. Prior to administering assessments, a memo is emailed out to all classroom teachers and teachers who are proctoring. This memo details all accommodations and teachers review it for accuracy. If any errors are noted, the test coordinator is notified and changes can be made prior to assessments being administered. Next year will be our first year administering the NYS ELA and Math assessments. The testing coordinator will follow the same steps to ensure that current ELLs receive the necessary accommodations.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

When students are enrolled, every parent/guardian completes a HLIS. A trained ENL pedagogue helps parents fill out the form. ENL teacher conducts both parent and student interview to determine the home language is correctly identified and eligibility for NYSITELL is determined. From then, we begin tracking students who need to be given the NYSITELL assessment. NYSITELL is administered to those who qualify. If it is determined a student qualifies for ELL services, we complete the qualification letter. Copies are made and placed into our data binder. We compile a list and send letters out regarding the orientation meeting. Using the DOE website, we make sure to send the letter home in the home language that the family prefers. That is followed up by a phone call to schedule the meeting. Using the DOE website, we show the parents the ELLs orientation video in their preferred language. In house staff members are used to translate and if none are available, we use the DOE Translation and Interpretation unit over the phone. After the meeting is held, we again record to on our list to ensure no one is missed. All papers are copied and placed into the data binder.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At PS 84, our ENL teacher in collaboration with other teachers of ELLs will remotely meet with parents/guardians of ELL students via zoom and/or google meet to discuss the goals of the program and each student's language development progress and needs in all the content areas. We schedule an annual individual appointment with each family of our ELLs/MLLs. To help monitor and keep track of our meetings, we created an excel spreadsheet uploaded to google drive to be used and shared by all teachers of ELLs. We provide interpretation and translation services utilizing our in-house multilingual staff as well as NYC DOE's translation and interpretation unit services

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Utilizing the RAPL and additional forms such as Emergency Blue Cards, where parents indicate their preferred language, we monitor which language we need to send letters home in. We send notices home in the requested languages. We have several staff members who speak Spanish, as well staff who speak Arabic and Chinese, they are able to communicate with families. They are always available at arrival and dismissal and can be scheduled to be utilized throughout the day as needed. If a parent needs a language not spoken by a staff member, we use over the phone translations. In the lobby of our school is the welcome banner in multiple languages, which parents can use to indicate what language they need. Our school safety agent also has the card provide by the DOE to the Language Access Coordinator, which can also be sued for parents to indicate the langue they would prefer to speak. All classroom staff are attached to the Remind APP where they can send group or individualized messages, parents are able to translate messages in their preferred language.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

PS 84 offers our ELL families various opportunities to attend ongoing workshops, training, programs and activities that are specifically tailored to meet the interests and needs of our parents of MLLs/ELLs. Our ELL coordinator alongside our Parent Coordinator conduct ELL parent surveys to better assess and monitor the needs of our parents and help guide our decision making for planning future opportunities and support for our families. Based on collected data and feedback, we offer and encourage parents to attend ELL programs orientations, PTA meetings, school leadership team meetings, parent teacher conferences, Title I and Title III workshops, family fun nights. At the beginning of the year, we held a Welcome Pizza Party, where there were ice breakers and parents got to learn more about our school and meet staff members. They were given contact information so they always knew who they could reach out to. Families were also invited to attend a Cultural celebration midway through the year led by our Dual Language teachers. Families were able to come to work through different projects with their students centered around the cultures within the school community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Notices of meetings are sent out to our families in a variety of ways. Teachers utilize the Remind app, our school uses Operoo and paper notices are sent home via students backpacks. All of these are translated. We also have staff greeting parents daily at arrival and dismissal, reminding parents of upcoming events. All of our meetings have translators available. As part of these meetings, various leadership roles are explained. The Parent Coordinator also does outreach to families to be sure they are aware of meeting and leadership opportunities.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We have a partnership with Sundog Theatre, which is working with our students in both Chorus and Dance residencies. In these residencies, the teaching artists expose our students to a variety of songs and movements that are reflective of many diverse cultures. We also have a partnership with Inside Broadway, which had students act out folktales from different cultures. This year our Dual Language class sang a song in both English and Spanish. The theme of the performance was celebrating diversity.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Our Dual Language program continues to grow. For the 2025-2026 school year, we will have a dual language ICT on kindergarten, first, and second grade. We are excited to expand this program, as we have seen a great deal of interest in it from our families. We received positive feedback and have seen tremendous growth from our ELLs in this class, in not just language acquisition but in socialization and confidence.

Our ILTs meet weekly and use this time to plan and analyze data. They pay careful attention to ML/ELLs to ensure they take into consideration their specific learning needs. They incorporate strategies that would benefit them, and all students, to provide for improvements in teaching practices and student outcomes.

Our teachers are invited to attend weekly BSE office hours. During this time, they can connect with BSE teams citywide to ask questions and discuss best practices. The BSE team also hosts PDs which are beneficial to our staff members.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

We have established an ML/ELL identification team consisting of 3 licensed pedagogies trained in the ELL identification process, consisting of administering the Home Language Identification Survey (HLIS), NYSTILL, Spanish LAB, and Parent Orientation.
The team members are:
ENL teacher Laura Nemeth, Dual Language Teacher (also ESOL certified) Gabriela Rosales, and Common Branch teacher and Testing Coordinator Lauren Rainbolt.
Additionally, our school secretary, parent coordinator, and assistant principal are all able bilingual and able to assist as needed.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

To ensure we have a strong plan to identify newly enrolled and current ELLs year round, our identification team is comprised of 3 pedagogues who have been trained in administering the HLIS, NYSTILL, Spanish Lab, and the parent orientation meeting. By having multiple pedagogues trained, we eliminate any interruptions to current mandated ELL students. The same team members are also trained in administering the NYSESLAT assessment. During the testing window, our ELLs continue to receive their mandated minutes while testing is occurring because we do not need to rely on one teacher and pull them from their program.
The structures and process in place for identification of ELLs year-round is as follows:
All newly enrolled students are administered the HLIS by a licensed trained pedagogue. Next, a verbal interview with both the parent and student is conducted and a language screener is administered. During the student interview, a specific set of questions is used to ensure consistency and accuracy. The trained pedagogue determines the language code on the HLIS. If the home language is other than English, the NYSTILL and Spanish Lab (if needed) is administered within 10 school days. ID a student has an IEP, the Language Proficiency Team (LPT)

will convene and review the student's case and IEP to see if the student should be administered the NYSTILL, or if the language delay is a result of the student's disability. If it is determined the students should take the NYSTILL, this will be administered within 20 school days.
Parents/guardians are notified within 5 days of the results of the NYSTILL and the ELL status using NYCPS parent notification letters in the parent's preferred language. Families are invited to attend a parent orientation meeting, where the NYSED video is shown to learn about the three ELL programs offered at NYCPS schools. Translation and Interpretation services are provided by bilingual staff or by utilizing the DOE Interpretation and Translation unit. Tine is provided for questions. Parents are given the Parent Survey and Program Agreement form to complete within 5 days and efforts are made to place the child in the parent's preferred ELL program choice.
The ENL teacher completes a digital program card which is shared with all team members, and which is updated and reviewed as new students are enrolled to ensure students are receiving their mandated minutes.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Diana	Bowen Youssef	Parent Coordinator - Annual		
Lauren	Rainbolt	Teacher - Regular Grades	02/26/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	2	1.54%	2	1.59%	1	1
CHINESE ANY	3	2.31%	3	2.38%	1	1
MOSSI (MOORE/MORE)	0	0.00%	0	0.0%	0	0
ENGLISH	97	74.62%	92	73.02%	42	42
RUSSIAN	1	0.77%	1	0.79%	0	0
SPANISH	27	20.77%	27	21.43%	11	11

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Registration Packet, including 504 student and family guide	Available on NYCPS DOE website
Family event flyers, school closure notices	Internal staff who speak languages other than English, Translated templates on DOE InfoHub, utilize the office of language access general document translations request form.
Progress reports, Report cards, Parent Teacher Conferences notices IEPs	Documents are translated on the families' language needs and preferences. The Pupil Accounting Secretary submits the preferred language or report cards so they can be generated in the appropriate languages. Teachers can submit a request for other documents, such as IEPs and Parent Teacher Announcements and Notices with the Language Access Coordinator, IEPs are also translated using the Office of Language Access
School Calendars	Documents are translated utilizing the NYCPS DOE's Translations Unit, or executed internally by a staff member who can write in the preferred language.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
PTCs	Internal Staff including Parent Coordinator who speak languages other than English NYCPS DOE Translation and interpretation Unit, Over-the-Phone Interpretation, SAM funds used for bilingual per session translation outside of work hours.
Parent workshops	Internal Staff including Parent Coordinator who speak languages other than English NYCPS DOE Translation and interpretation Unit, Over-the-Phone Interpretation, SAM funds used for bilingual per session translation outside of work hours.
PTA/SLT meetings	Internal Staff including Parent Coordinator who speak languages other than English NYCPS DOE Translation and interpretation Unit, Over-the-Phone Interpretation
Family Events	Internal Staff including Parent Coordinator who speak languages other than English NYCPS DOE Translation and interpretation Unit, Over-the-Phone Interpretation
IEP meetings	Internal Staff including Parent Coordinator who speak languages other than English NYCPS DOE Translation and interpretation Unit, Over-the-Phone Interpretation

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Designated multilingual staff members are readily available for parent outreach and interpretation, including our secretary and Parent coordinator, who both speak Spanish. We have staff members fluent in Arabic and Chinese who communicate with families. If the emergency is not immediate, notices will be translated and distributed to the families as soon as possible. NYCPS DOE Translation Unit Over-the -Phone serviced will be utilized to assist with

over-the-phone communication as needed. All classroom teachers are connected to REMIND APP that can send out whole class or individual messages that parents can translate into desired language on the app. Teachers have access to Pocket-talk devices to use for translation for low incident languages.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

In the beginning of the school year, all staff will attend a PD led by the the LAC to inform teachers on Chancellors Regulations and on how to access the WeLearn NYC learning Platform. The LAC coordinator will continue throughout the year to disseminate information to staff as necessary. Additional time will be provided for staff to complete the required asynchronous NYCPS Language Access Training for School- Based Staff. Our LAC will continue to attend district and citywide training on translation and oral interpretation services to turnkey best practices on improving our school communication with families that prefer a language other than English. Our principal holds monthly staff meetings to disseminate important information. Weekly notes are sent to the entire staff with important information and links for staff to further their knowledge.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our school displays the DOE "Welcome " banner and Language Access brochures by the front entrance next to the safety agent's desk and the main office. The school safety agent and the main office also have the Language Identification card which can be presented to non-English speaking parents so they can identify their preferred language. Upon new student registration, each parent who speaks a language other than English is made aware that translated versions of documents are available and that there are staff members who can speak to them in their preferred language. All written communication is translated into the parents' preferred language. Interpretation is offered at all meetings and events. Parents are given the Parent's Guide to Language Access. Additionally, our school utilizes the Remind app, which parents can view messages in their preferred languages.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parents are welcome to voice questions, suggestions, and concerns to the school. The Parent Coordinator can direct the parents to the appropriate person(s) and/or necessary resources. The PTA and SLT meetings also allow a space for parents to voice concerns. Staff often engages with our families at our monthly family events to gather feedback. All of these have staff members who speak families' home language or use over the phone translation. After events such as PTC, information sessions and other events, we will survey the staff to gain information on the language needs for families.

In the 2024 NYC School survey for families 97% responded favorably to the question my child's school communicates with me in a language that I can understand. This is a one percent increase from the previous year. 93% responded favorably to the question language translation and interpretation are readily available at the family events.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

We have implemented the feedback which has resulted in a one percent increase in the NYC school survey for families stating that the school communicates with me in a language that I can understand. We now have two Dual language classes in our school. We continue to make sure the teacher write ups about why the students were chosen for the Knight of the Month are written in both English and the students home language. We have made changes to our Kindergarten stepping up ceremony. Students are signing and making announcements in both English and Spanish as well as sign language. This year we will send out the Language Access Parent Survey that was provided through the Language Translation & Interpretation (LTI) Plan Professional Learning to gather information to improve our language assistance services.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

25

Grades to be served in this program. Select all that apply.

,K,1,2

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

6

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Program 1: After-School ENL Literacy & Language Lab

When: After school, Tue/Thu, Room 203 & Library.
Activities & enhancement: Small-group guided reading/writing; vocabulary and morphology routines; academic discussion with sentence frames; decodable practice (for Entering/Emerging); language-rich tasks tied to grade-level science/SS texts (for Transitioning/Expanding). These activities accelerate reading fluency, background knowledge, and domain-specific language while reinforcing grade-level standards.
Grouping & numbers: Grouped by proficiency band (Entering/Emerging; Transitioning; Expanding). 6 groups total; 8–10 ELLs per group (approx. 52–60 ELLs served).
Delivery: Station rotation with team teaching (ENL + content teacher).
Supervision & funding: ENL AP/Coordinator provides fidelity checks and reviews data. Supervision funded by Title III? Yes. Regular day: 8:00–2:50; per-session supervision: T/Th 2:50–4:20 (1.5 hrs x 2/wk) for observation, coaching, attendance audit, and safety.

Program 2: Saturday Newcomer & SLIFE Academy

When: Saturdays, 9:00–12:00, Rooms 305–307 (quiet wing).
Activities & enhancement: Newcomer onboarding to U.S. schooling routines; survival/academic English; foundational literacy (phonemic awareness/phonics for older SLIFE with decodables); math language routines; digital literacy; acculturation mini-workshops for families last 30 minutes of each session. Targets rapid language acquisition and school navigation.
Grouping & numbers: 4 groups by age/grade cluster and literacy profile (K–1, 2–3, 4–5, SLIFE). 6–12 ELLs per group (approx. 32–40 ELLs).
Delivery: Parallel teaching (two teachers split groups); periodic pull-out mini-lessons for intensive decoding.
Supervision & funding: Site supervisor (ENL lead teacher). Funded by Title III: Yes. Regular day 8:00–2:50; Saturday per-session 8:30–12:30 (4 hrs) for setup, observations, debrief, attendance.

Program 3: Before-School Speaking & Listening Club ("Breakfast Talk")

When: Before school, Mon/Wed, 7:20–8:00, Cafeteria alcove.
Activities & enhancement: Structured oral language practice—show-and-tell with academic frames, retell routines, debate corners, phonological warm-ups, pronunciation, and read-alouds with choral response—to boost ACCESS Speaking/Listening domains and classroom participation.
Grouping & numbers: 3 groups by grade band (K–1, 2–3, 4–5), 10–12 ELLs per group (approx. 30–36 ELLs).
Delivery: Team teaching (ENL + paraprofessional bilingual support); stations with visuals and translanguaging supports.
Supervision & funding: Supervised by ENL Coordinator. Funded by Title III: No (covered by school ops).

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Program 1 – After-School ENL Literacy & Language Lab

Need: Spring 2025 NYSESLAT indicates a concentration at Entering/Emerging in Reading/Writing; classroom CFAs show gaps in morphology and academic vocabulary; K–2 screeners (e.g., Acadience) show deficits in phonemic awareness/decoding for ELLs relative to peers.

Sources: NYSESLAT domain reports (2024–25), Acadience/Running Records, unit writing rubrics, teacher feedback, attendance/participation data.

Program 2 – Saturday Newcomer & SLIFE Academy

Need: Increased newcomer enrollment (mid-year arrivals) and SLIFE students with interrupted formal education; ACCESS screener oral scores low; family interviews highlight acculturation/communication needs.

Sources: Home Language Surveys, initial ELL screenings, intake interviews, classroom observations, attendance records.

Program 3 – Before-School Speaking & Listening Club

Need: ACCESS Speaking/Listening lag behind Reading gains; teachers report limited whole-class participation and oral output for Entering/Emerging ELLs.

Sources: NYSESLAT domain trends, teacher anecdotal notes, oral language rubrics, unit discussion checks.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Program 1: ~52–60 ELLs; Grades K–3; Subgroups: Entering/Emerging/Transitioning/Expanding; ELLs with disabilities included.
Program 2: ~32–40 ELLs; Grades K–3; Subgroups: Newcomer and SLIFE priority.
Program 3: ~30–36 ELLs; Grades K–3; Subgroups: Entering/Emerging focus; bilingual support available.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Program 1: 10/07/2025–05/28/2026; 60 sessions (2/week); Tue/Thu 2:50–4:20 (90 min).
Program 2: 10/18/2025–05/30/2026; 24 sessions; Saturdays 9:00–12:00 (3 hrs).
Program 3: 10/06/2025–05/27/2026; 56 sessions (2/week); Mon/Wed 7:20–8:00 (40 min).

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Program 1: English as a New Language with home language supports (Spanish/other as needed): bilingual glossaries, translated directions, visuals/realia, strategic translanguaging, bilingual para support.
Program 2: ENL + bilingual support; Spanish/other L1 peer supports; newcomer survival vocabulary provided bilingually.
Program 3: ENL with targeted pronunciation and discourse frames; bilingual scaffolds for entry and exit tickets.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Program 1: 2 ENL-certified teachers; 1 content-area teacher; 1 bilingual paraprofessional.
Program 2: 2 ENL-certified teachers; 1 bilingual-extension teacher; 1 bilingual paraprofessional.
Program 3: 1 ENL-certified teacher; 1 bilingual paraprofessional.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Program 1: Leveled readers/decodables; morphology/vocabulary cards; bilingual glossaries; headphones.

Titles/Publishers: e.g., Great Leaps Decodables, Wit & Wisdom Listening/Speaking Cards, Oxford Picture Dictionary for Kids.

Storage: Room 203 locked cabinet; Library ENL shelf.

Title III purchase? Yes—kept =20% of allocation.

Program 2: Newcomer survival language kits; bilingual picture books; math language sentence frames; manipulatives.

Titles/Publishers: e.g., National Geographic Newcomer Toolkit, Benchmark Hola/Hello!

Storage: 3rd-floor ENL closet.

Title III purchase? Yes—subset only (=20%).

Program 3: Conversation cubes; discourse frame cards; fluency passages; portable PA for choral/echo reading.

Titles/Publishers: e.g., EL Achieve Talk Moves Cards, Colorín Colorado resources (printables).

Storage: Cafeteria ENL bin (locked).

Title III purchase? No (existing school supply).

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Implementation:

Multilingual parent letters, texts, and robocalls sent two weeks before start; rolling invitations for newcomers (letters in preferred languages on file). Program calendars posted on school site and lobby board. Consent/opt-in forms collected.

Records & compliance:

Parent notification: copies of letters/translations, distribution logs.

Attendance: daily sign-in sheets by group; session counts; per-session staff timesheets.

Staff credentials: ENL/bilingual/content licenses printed and filed.

Instructional artifacts: unit plans, lesson plans, progress monitoring (e.g., oral language rubrics, running records, writing samples).

Parent engagement & PD: agendas, sign-ins, handouts.

Purchasing: POs/invoices; inventory list with storage location; tracker to ensure Title III materials stay =20%.

Data monitoring: baseline/interim/post measures; summary reports each marking period with adjustments based on results.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Our Title III ELL professional development plan for SY 2025–26 will focus on strengthening teacher capacity to deliver high-quality instruction to multilingual learners. The professional development (PD) will emphasize:

Scaffolding strategies for Entering and Emerging ELLs,

Implementation of the Science of Reading practices for multilingual learners,

Content-language integration to support academic vocabulary and discourse in math, science, and social studies,

Culturally responsive-sustaining education (CR-SE) practices for diverse ELL backgrounds, and

Data-driven instructional planning using NYSESLAT and interim assessments.

Teachers will engage in workshops, guided planning sessions, peer observations, and collaborative reflection protocols.

Funding: A portion of this PD will be funded by Title III ELL. Vendor-provided PD will be calculated as OTPS and will not exceed 20% of the allocation. Teacher per-session compensation for after-school PD sessions will not exceed 10% of the allocation.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The rationale for each professional development strand is grounded in both qualitative and quantitative data:

Language Proficiency Trends: 2024–25 NYSESLAT results show ELLs are advancing in Listening/Speaking at higher rates than in Reading/Writing, indicating a need for targeted literacy PD.

Observation Data: Danielson-aligned observations revealed that teachers need stronger scaffolding practices for ELL participation during core instruction (Domain 3b & 3c).

Teacher Feedback: In-house teacher surveys and NYC School Survey responses indicate a desire for more strategies on differentiating instruction for newcomers and SLIFE students.

Student Outcomes: Early literacy benchmarks (Acadience/i-Ready) highlight gaps in phonics and vocabulary for ELL subgroups compared to their peers.

Data Sources: NYSESLAT 2024–25 results, Acadience/i-Ready, teacher observation reports, in-house teacher surveys, and NYC School Survey teacher responses.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers working in Title III ELL programs (ENL teachers, bilingual extension teachers, content-area teachers, and paraprofessionals supporting programs) will participate in ongoing PD. Classroom teachers who serve ELLs will also be included to ensure consistency across core and supplemental instruction. Teachers will receive PD through:

Whole-staff workshops (ENL and content integration),

Targeted small-group sessions for teachers directly leading Title III programs, and

Coaching cycles led by ENL coordinators or external providers.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Activity 1: Scaffolding for ELLs in Core Instruction

Dates: October 2025 – May 2026

Sessions: 6 total (monthly)

Days: Thursdays after school

Time/Duration: 2:50–4:20 (90 min)

Activity 2: Science of Reading for Multilingual Learners

Dates: November 2025 – March 2026

Sessions: 4 total (quarterly)

Days: Wednesdays after school

Time/Duration: 2:50–4:20 (90 min)

Activity 3: Data-Driven Planning & NYSESLAT Prep

Dates: January – April 2026

Sessions: 3 total

Days: Tuesdays after school

Time/Duration: 2:50–4:20 (90 min)

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Using scaffolds such as sentence frames, visuals, and translanguaging to support ELLs.

Integrating phonemic awareness, phonics, and vocabulary instruction into ENL and content lessons.

Building academic language across math, science, and social studies.

Differentiating instruction for newcomers and SLIFE students.

Analyzing NYSESLAT and interim assessments to plan targeted supports.

Embedding CR-SE practices to affirm student identity and promote engagement.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Ms. Nemeth, ENL teacher

Maria Gonzalez, Bilingual Instructional Specialist- Duran

Ms. Padin- Administrator

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

The school will maintain complete documentation of all Title III ELL PD activities, including:

Copies of agendas, sign-in sheets, and presentation slides,

Attendance records with per-session hours (for teachers compensated under Title III funds),

Documentation of teacher feedback and exit tickets,

Copies of contracts, invoices, and purchase orders for vendor-provided PD (Title III funded),

Archived records in both paper and digital formats (Google Drive Title III ELL folder).

Records will clearly indicate which activities were funded by Title III ELL and which were provided through other sources.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

During SY 2025–26, our Title III ELL family engagement plan will create opportunities for families to actively participate in their children's language and academic development. Activities include:

Family Literacy Nights – Families and children engage in shared reading, vocabulary games, and strategies for supporting literacy at home.

Workshops on Navigating the U.S. School System – Sessions for newcomer families on understanding grading, assessments, and communication with teachers.

Bilingual Technology & Digital Literacy Workshops – Training for families on using Google Classroom, iReady, TalkingPoints, and translation apps to support learning.

Culturally Responsive Family Celebrations – Interactive events highlighting cultural traditions and storytelling, building stronger home-school connections.

Funding: Literacy nights and technology workshops will be funded by Title III ELL (per-session teacher compensation and bilingual vendor support). Cultural celebrations and system navigation workshops will be provided by in-house staff and community partners at no Title III cost.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The rationale for the above activities is based on both data and direct family feedback:

Parent Surveys (2024–25): Families indicated they want strategies to help children at home, especially in literacy and technology use.

Attendance/Engagement Trends: Families of newcomers and SLIFE students have had lower engagement at traditional PTA meetings, suggesting a need for targeted sessions at flexible times.

Qualitative Feedback: Parents frequently requested help with navigating assessments, understanding report cards, and accessing translation tools.

Data Sources: In-house family surveys, NYC School Survey parent responses, and feedback from Title III parent meetings.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and Duration

Activity 1: Family Literacy Nights

Dates: October 2025 – April 2026

Sessions: 4 (once per quarter)

Days/Times: Evenings, Thursday 5:30–7:00 pm

Activity 2: Navigating the U.S. School System Workshops

Dates: November 2025 – March 2026

Sessions: 3

Days/Times: Saturday mornings, 9:30–11:00 am

Activity 3: Bilingual Technology Workshops

Dates: January – May 2026

Sessions: 3

Days/Times: Wednesdays after school, 3:00–4:30 pm

Activity 4: Culturally Responsive Celebrations

Dates: December 2025 and June 2026

Sessions: 2

Days/Times: Friday evenings, 5:30–7:30 pm

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Strategies for supporting reading and vocabulary at home (bilingual resources).

Understanding NYSESLAT, report cards, and curriculum expectations.

Using technology tools (Google Classroom, iReady, TalkingPoints, translation apps).

Culturally sustaining practices: affirming identity and building bridges between home culture and school.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Maria Gonzalez, ENL Teacher/Parent Coordinator (Family Literacy Nights)

Ms. Padin, Assistant Principal of ENL

Vendor TBD – Bilingual Digital Literacy Trainer (Technology Workshops; funded by Title III ELL)

Community Cultural Partner (CBO staff, no Title III cost) – Cultural Celebrations

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified via translated backpack letters, TalkingPoints text messages, robocalls, and email at least two weeks prior to each activity.

All notifications will be translated into parents' preferred languages (per Home Language Survey and ATS).

Interpretation will be available at events through bilingual staff, translation headsets, and DOE-contracted interpretation services as needed.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The school will maintain clear documentation for all family engagement activities, including:

Agendas, flyers, and copies of translations used for parent notifications,

Sign-in sheets/attendance logs for all sessions,

Parent feedback forms collected after each event,

Invoices and POs for Title III-funded vendors,

Digital archiving of materials, agendas, and attendance in the Title III Family Engagement folder (Google Drive).

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Allocation Amount ($):

$20000

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		ENL academy
Purchased services -High quality staff and curriculum development contracts.		Multi cultural activities
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.		Lunita program
Educational Software (Object Code 199)		Raz kids
Travel		
Other		
TOTAL	20000
