Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS123K The Suydam Magnet School for STEAM

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Donna Marie Stalzer	Principal or Designee*	
Arlana Hutchinson	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Stephanie Miranda	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
n/a	District Council 37 (DC 37) Representative (staff), if applicable	
Adriana Giron	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
n/a	CBO Representative, if applicable	
Denise Tavares	Member/Teacher	
Mayra Tower	Member/Teacher	
Rafaelina Sanchez	Member/Teacher	
Adriana Giron	Member/Parent	
Vanessa Melendez	Member/Parent	
Randolf Ramirez	Member/Parent	
Anitza Dones	Member/Parent

n/a		

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

PS 123k VISION: Every Child, Every Day - Where All Leaders Are Capable Of Success, NO EXCEPTIONS!

MISSION: AT PS 123K, WE STRIVE TO PROVIDE OPPORTUNITIES THAT ENGAGE AND INSPIRE ALL STUDENTS TO RECOGNIZE AND REACH THEIR FULL POTENTIAL SO THAT THEY ARE EMPOWERED TO ACHIEVE THEIR PERSONAL AND ACADEMIC GOALS AS LIFELONG LEARNERS AND BECOME THE LEADERS THEY ARE DESTINED TO BE

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Public School 123, located in the Bushwick community of Brooklyn, serves students in 3K through grade 5. Our richly diverse student population is approximately 93% Hispanic, with a significant multilingual learner population, many of whom are newcomers. We pride ourselves on being a welcoming and affirming environment where every child is known, valued, and supported to succeed, regardless of immigration status.

Originally designated as a federally funded Magnet School for STEAM in 2017, PS 123K continues to fully integrate Science, Technology, Engineering, Arts, and Mathematics across the curriculum for all student leaders, even though federal magnet funding has since concluded. Students engage in authentic problem-based learning experiences, applying critical thinking to real-world challenges both inside and outside the classroom. Our Kids at Hope philosophy guides our mission: All leaders are capable of success — no exceptions. We encourage every child to express their individuality, build strong relationships, and develop a lifelong love of learning.

Our STEAM programming is robust and dynamic. Students benefit from our Hydroponics Science Lab, supported by NY Sun Works, and a rich music program supported through partnerships with Save the Music and Carnegie Hall, including chorus, guitar, keyboard, recorder, and music technology. We partner with Ballroom Basix to integrate ballroom dance, supporting social-emotional growth and cultural appreciation, while CHAMPS programs promote fitness through running club, soccer, and other sports. Visual arts opportunities are provided through our in-house art specialist, encouraging student creativity and self-expression.

Through Engineering is Elementary, coding, robotics, and 3D printing, students engage in design-based learning, building technical skills and collaboration. Our 1:1 technology model ensures all students develop literacy and numeracy foundations within a STEAM framework, promoting rigorous, relevant, and meaningful learning.

Family engagement is at the heart of our school. Each month, families can participate in after-school engagement events for students and parents, workshops, and Coffee and Conversations with administration to build connections,

share input, and strengthen partnerships. We also collaborate with community leaders and local elected officials who actively support our mission and advocate for opportunities that benefit our Bushwick families. Community partnerships have brought opportunities such as career fairs, resource-sharing events, and volunteer collaborations.

Our long-standing relationship with the Coalition for Hispanic Family Services supports families with programming beyond the school day, while our school-based support team connects families with resources around parenting, employment, immigration assistance, mental health, housing, and other wraparound needs. These partnerships strengthen our vision of educating the whole child while supporting the entire family.

We also promote wellness and sustainability through our Green Team and student-led initiatives, as well as Brighter Bites, which provides nutrition education and fresh produce distributions twice monthly. An in-house food pantry, supported by Stop & Shop, expands food security resources for families.

Student leadership flourishes through our Student Leadership Team, Hope Helpers, debate teams, and emerging Civics for All and Project Soapbox initiatives, empowering student voices to drive change within Bushwick and beyond.

PS 123K is proud to be a place where every child, every day, is seen as capable of success, no exceptions. We remain committed to nurturing confident, critical thinkers and community-minded leaders who are prepared to make a positive impact on their world.

Briefly summarize the key initiatives your school will implement this school year.

During this school year, we will implement key initiatives that support academic and social-emotional success through the following:
-District 32 Debate Team (We won first place in several tournaments for the past two years and are excited to show the same success this year while also introducing a bilingual Spanish team)
-Stop and Shop Food Pantry and Distribution with Food Education Program (support food insecurities in our families while incorporating nutrition and wellness lessons)
-Student Leadership Hope Helpers (Student Council with events throughout the year to impact our 123k school and Bushwick community)
-Family Engagement Workshops and Cultural Events
-Thinking Maps Integration
-Partnerships with Community
-Civics for All Project SoapBox
 -Continued Sustainability and Composting with Green/Wellness Team

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading and Writing	
Math	K-5	Illustrative Math	
ELA	K-2	Fundations and Heggerty	

ELA	3-5	FUNdations and Phonics for Reading	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
31% of students across the school are tier 3 and 40% for tier 2 and 29% of students are at tier 1 according to I-Ready end of year June diagnostic 2025; 28% of students are at tier 1 for literature comprehension and 22% of students are at tier 1 for informational comprehension	Based on the data, many students lack the prerequisite skills to access and analyze grade-level texts independently. Foundational decoding/phonics and academic vocabulary are not yet automatic for a large portion of students, and students have limited practice analyzing how characters, ideas, and events develop especially when background knowledge and language acquisition needs are present. These gaps suppress both literal and inferential comprehension, keeping a high share of students in Tiers 2–3.	increase student proficiency in ELA for literature and informational texts
35% of students across the	Schoolwide opportunity across all classes to	strengthen school wide

school are at tier 3 and 38% at tier 2 according to I-Ready for vocabulary end of year diagnostic June 2025	consistently systematize academic vocabulary instruction across classrooms. Strengthening shared routines—explicit teaching of high-utility words and morphology, multiple contextual exposures, and brief, planned review within Tier 1 can help students build and transfer word knowledge more reliably.	protocol and expectations for vocabulary instruction
24% of students across the school are at risk tier 3 (two and three or more grade levels below) according to I-Ready end of year diagnostic June 2025; Acadience data from June 2025 reveals students are still at risk for phonics and phonemic awareness in grades k-2 not making typical progress	Core instruction does not yet consistently provide systematic, explicit phonics aligned to the science of reading and tightly informed by secondary diagnostics and progress monitoring. Strengthening these Tier 1 routines and using diagnostic data to target specific skills (e.g., sound–symbol, blending, segmenting, decoding) should help close early literacy gaps.	strengthen tier 1 phonics instruction across all grades including 3-5 as well as a need to strengthen teacher understanding of the science of reading and its connection to phonics instruction; tighten progress monitoring for tier 2 and 3

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	29%	By June, 2026, literacy for All Students will improve, as measured by a 20% Increase, from 29% to 49%, of % of students scoring on grade level on the iReady diagnostic .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

MTSS Problem Solving Cycle for Phonics

Dialogic Reading Structures for Advancing Thinking

Schoolwide Protocols for Explicit Instruction and Vocabulary

Root Cause Addressed:

engaging students in systematic and explicit phonics instruction addressing gaps from secondary diagnostics and progress monitoring aligned to the science of reading

Phonics and vocabulary are important prerequisite skills in aiding in student's hiatal and inferential comprehension as well as background knowledge and language acquisition, and close reading of texts will support access

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Student leaders will be strategically grouped based on data from iready, secondary diagnostics of the Core Phonics Survey and Acadience in K-2 and iready placement for Phonics for Reading in 3-5 to ensure they receive tiered instruction in phonics with ongoing progress monitoring as we implement our MTSS plan. Students will have multiple opportunities for practice and application of phonics skills as well as exposure to use of decodable.
Teachers will engage in PL for implementation of structured protocols for vocabulary instruction so that students are

exposed to high frequency and power and critical vocabulary via Into Reading allowing students to see it, say it spell it, apply it, as well as focus wall expectations
Teachers will analyze grade, class and student level data from iready, Core Phonics and Acadience after BOY administration to group students in Flex Phonic, in addition to implementation of tier 1 phonics instruction of FUNDations and Heggerty in K-2 with science of reading aligned practices implemented and 3-5 phonics reading Teachers will continue to receive PLs on the science of reading to strengthen their knowledge.
Communicate clear alignment of the structures within MTSS (screeners, diagnostic, progress monitoring)
Ongoing data team meetings

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will progress monitor phonics via Acadience assessments for benchmark MOY and EOY, as well as structured
places across the year for secondary diagnostic of Core Phonics. Iready MOY and EOY data will also be analyzed to progress monitor.
Teachers will use data to plan forany adjustments to instruction as well as whole group, small group and one to one instruction. Teachers will progress monitor vocabulary via Iready MOY and EOY data, as well as through ongoing student
conversations as they listen for and document the use of vocabulary in their instructional discussions. Teachers will use

data to plan for any adjustments to instruction as well as whole group, small group and one to one instruction. Teachers will
analyze data from the module assessment that assess reading comprehension and meaning making for
the focused content rich unit text, as well as vocabulary and writing. Teachers will use data to plan forany
adjustments to instruction as well as whole group, small group and one to one instruction. Admin and IMPACT ILT
will analyze lesson plans for incorporation of questions for
dialogic reading. Across all of the above areas, administration alongside the IMPACT Instructional Leadership team
will
engage in focused learning walks with these lens as well as having teachers participate in intervisitations to build
their
collective efficacy,

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	10/01/2025	Data meeting with families to understand BOY ELA data	
10/13/2025	12/22/2025	Instructional showcases for families to be welcomed in and see ELA and learning in action in classrooms	
09/08/2025	06/26/2026	ongoing family workshops to support ELA learning at home	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Coach, Instructional Leadership Team, AIS and ELL providers

Instructional Resources

iready, Into Reading, Heggerty, FUNdations, Phonics for Reading, SPIRE, Sounds Sensible, Lunita

Schedule Adjustments

AIS and service providers, Teacher team data dive meetings, teacher intervisitations, teacher professional learning days, family learning showcase days

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
65% of teachers say that adults at their school recognize disruptive behavior as social emotional learning opportunities according to 24-25 NYC School Survey	Reexamination of fixed vs growth mindset as well as SEL expectations being clearly set and implemented across the school, in addition to how to address behavior triggers and CRSE practices	staff knowledge of social emotional learning opportunities that arise in their classroom due to disruptive behavior and triggers rather than going right to a consequence for the child and strengthening CRSE practices and trauma informed practices

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	65%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20% Increase, in % of teachers say that adults at their school recognize disruptive behavior as social- emotional learning opportunities from 65% to 85%, per the NYC School Survey .

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

CRSE, SEL and growth mindset opportunities

Root Cause Addressed:

re-examination of staff skillset, mindset and knowledge of CRSE, as well as re-examination of and revision of fixed vs growth mindset

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Revisit school mission and vision and individual whys as well as how being an ACE and role as treasure hunter for leaders at hope last year supported their students
Professional learning and integration of TCIS strategies
analyze OORS and DESSA data as well as anecdotal reports to identify students that may benefit from SEL clubs and/or afterschool, as well as possible at risk counseling
professional learning around CRSE and trauma informed approach as well as a day in the life of for students
Leverage knowledge of staff such as SBST team, Crisis team, and others trained in CRSE, trauma informed, TCIS, etc to support staff

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Establish a set survey and data with a focus on questions with % of adults that believe students can achieve high academic standards as well as examination of OORS and survey data with a focus on disruptive behavioras social emotional learning opportunities

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/06/2025	06/26/2026	Leader of the month celebrations	families, staff, admin
09/30/2025	05/11/2026	family SEL workshops and family engagement events	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

SEL team, Classroom teachers, Parent Coordinator, CBO , Student Hope helpers

Instructional Resources

Kids at Hope, Sanford Harmony, CRSE and Implicit Bias, Behavior Deescalation TCIS

Schedule Adjustments

as needed forat risk support, student leaders clubs, hope and SEL events

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on June 2025 iReady math, 27% are tier 1 , 54% tier 2 and 19% tier 3	Currently, 27% of students are on grade level as we see an opportunity to more consistently use progress-monitoring data and backward planning from standards so scaffolds, pacing, and Tier 1/Tier 2 supports are built into the block with greater regularity. Strengthening these routines should help more students access grade-level learning.	Math block strengthened to ensure pacing for tier 1 is tightened as well as plan for scaffolds and strengthen tier 2 small groups for access to math content and problem solving

Based on June 2025 iReady math, 27% are tier 1 , 54% tier 2 and 19% tier 3	As this is our third year of curriculum implementation, teachers are continuing to strengthen their knowledge of the units and deepen their understanding of the content to ensure more intentional and aligned instruction across classrooms.	strengthening teacher capacity and understanding of math content specific to grade and grade before and after for standards and progression of learning

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	27%	PS 123k will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students on grade level will Increase by 20% from 27% to 47%, for All Students, as measured by IReady Math .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

strengthen teacher content knowledge of grade level and progression of standards And strengthen use of data for intentional planning for tier 1 and strengthen MTSS for tier 2

Root Cause Addressed:

Optimize, scale and strengthen year 3 rollout of Illustrative math implementation for teachers to strengthen knowledge on standards and planning habits And Habits of planning and data wise strengthened for use of scaffolds and backward planning based on data as well as accountability for pacing to ensure block has time for small groups with ECAM and screener for tiered support

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Grade teams alongside coaches and admin will meet weekly for data dive planning relevant to unit and standards
Professional learning that focuses on digging deeper into progression of math learning and standards across k-5 focusing on one grade level above and below, as well as teachers and admin doing the math together to plan for misconceptions to support planning of activities and IM tasks
Incorporation of 5 mathematical practices to support planning practices and instructional moves
Administration of ECAM in k-2 and screeners in 3-5 for secondary diagnostics as part of MTSS and small group centers based on data to take place across 2nd block of math along with ongoing progress monitoring

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will progress monitor with ongoing assessments in IM with cool down as well as benchmark BOY, MOY and EOY of iReady, as well as as structured places across year for secondary diagnostic ECAM and Screeners. Teachers will use data to plan for adjustments for whole group and small group center instruction (tier 1 and tier 2). Admin and ILT will conduct ongoing learning walks and observations with a focus on content knowledge and pedagogy as well as teacher inter-visitations to build collective efficacy

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	06/01/2026	Monthly family workshops connected to current topic and unit and ways to support at home along with family facing letters and videos to share via backpack and digital messaging based on content topic	families, teachers and math consultant
10/01/2025	06/26/2026	Data conversation meetings with families to share student progress and goals connected to assessments	families, teachers , iReady team
10/01/2025	06/19/2026	Instructional showcase visits with families visiting classrooms to see learning in action and ways to support	Families and teachers

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

AIS provider, peer collaborative teacher, math consultant

Instructional Resources

iready , math-Ology

Schedule Adjustments

schedules identified for tier 2 and 3 as part of MTSS plan as well as lab site classroom and inter visitations and professional learning days

Other Resources Needed

per diem for planning days and lab site visits

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
more than 50% of students have hard time answering why they are learning something and how connects to learning outside classroom	teachers may need to strengthen consolidation and synthesis of learning and connections to authentic experiences as well as develop stronger planning habits for places in lesson to implement module essential question and have students have opportunities to discuss and write about this	Students making real world connections to ELA units and content being taught

majority of teaching 85% of unit and lesson focus is on skills and. Explicit teaching during reading	Reading is heavily skill based and not real world connections	teachers focused on resources within hMH and need to strengthen capacity for planning as enter year 3 rollout to amplify connection to big idea unit

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50%	Ps 123k will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of classrooms for teachers that embed knowledge map and HMH Inquiry Research Project across unit to connect real world learning for All Students will Increase by 35% from 50% to 85% as measured by Knowledge maps and HMH Inquiry Research Projects .

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

collaborative planning and professions learning for staff to strengthen teacher capacity to utilize existing resources in HMH and understand transfer inquiry research tasks to be amplified and integrated into literacy centers as well as closing lesson with knowledge map linking back to essential question and big idea of unit

Root Cause Addressed:

students making connections to real world learning with what learning

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
teachers will collaboratively work with admin and coach to unpack units for literacy centers planning with HMH inquiry research projects across unit as well as integration of knowledge maps
teachers will engage in learning centered around use of knowledge maps with examples of what these look lke and how embed

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Admin and ILT will conduct learning walks and intervisitations for evidence of use of knowledge maps and literacy centers for inquiry and research projects across unit with staff shoutouts to build collective efficacy. class created maps will be documented and will measure impact based on student conversations that take place across ELA block to listen for connections to big unit essential question

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/10/2025	06/19/2026	Family class celebrations for project and end unit learning	families and teachers and admin
10/01/2025	06/19/2026	Learning showcases with families visiting learning in action	families and teachers and admin

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

coach/peer collaborative,

Instructional Resources

HMH into reading

Schedule Adjustments

planning days and celebration and learning showcase adjustments

Other Resources Needed

materials for tasks and authentic learning

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
94% of	expectations for parent engagement are established across staff	Strengthen family

families feel that staff regularly communicate with families about how they can help students learn as per the 2024-2025 School Survey	and systems and structures are setup for communication to be ongoing. Need to further clarify expectations for family engagement and communication to some staff to strengthen relationships with some families as well as identifying any barriers that may exist that are stopping families and/or staff from communicating such as staff better using parent engagement time, ways to communicate if having trouble getting in touch based on out of service number or not returning calls from messages	engagement and communication as although we are addressing the majority of our families to feel comfortable and know how to support learning at home and open with communicating, we still can improve further to reach as many families as possible

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	94%	PS 123k will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the the % of families that feel staff regularly communicate about how they can help students learn will Increase by 4% from 94% to 99% as measured by NYC School Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish consistent, two-way communication structures that empower families with tools, resources, and clear information to support their child's learning at home.

Root Cause Addressed:

While overall family satisfaction is high, some families report not receiving clear, consistent, or actionable information about how they can directly support their child's learning at home. Communication has sometimes focused on general updates instead of specific, practical strategies families can use to reinforce academic skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule and protect weekly family engagement outreach time to share student learning updates and partner with families on next steps.
Provide families with grade-specific resources and "at-home" learning tips tied to curriculum topics during parent–teacher conferences, workshops, and regular communications.
Use Class Dojo or similar platforms to share quick weekly updates on class goals, assignments, and ways families can help reinforce skills at home.
Incorporate "learning showcases" building authentic partnership where families can come into building and classrooms to see learning in action and learn alongside child

Conduct a midyear family feedback survey to check progress on communication practices, adjust strategies, and celebrate successes

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

PS 123K will use several primary structures to progress monitor the implementation of key strategies and action steps related to improving inclusive and responsive family engagement. The administrative team, in partnership with teacher leaders and the Parent Coordinator, will monitor staff outreach practices and communication logs during weekly family engagement periods to ensure consistency and quality of two-way communication.

The school will collect and review the following data sources:

Class Dojo or communication platform data: tracking frequency and quality of family-facing academic updates

Family participation logs: attendance at workshops, Coffee and Conversations, curriculum nights, and student-led conferences

Samples of grade-level “at-home” learning tips/resources shared with families

Midyear pulse survey results: gathering feedback from families on whether they feel staff are sharing actionable information about how to support learning at home

Teacher reflections: during grade team meetings and instructional support sessions, to discuss successes and challenges in partnering with families

End-of-year NYC School Survey results: specifically monitoring the target question on family perceptions of staff communication

Progress will be discussed during monthly ILT (Instructional Leadership Team) meetings, with adjustments made to action steps if data indicates gaps. In this way, the school can continuously monitor its efforts and ensure all families receive clear, supportive, and culturally responsive communication about how they can help their child succeed.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/09/2025	09/19/2025	Establish consistent weekly parent engagement outreach by teachers, sharing specific academic updates and suggestions for home support.	admin and staff
10/01/2025	06/19/2026	Schedule workshops focused on actionable ways families can support their child's learning at home, including literacy, math, and social-emotional strategies.	admin and teachers and parent coordinator
10/20/2025	04/30/2026	Coordinate learning showcases so families see concrete examples of their child's learning int he classroom and learn alongside and how they can reinforce skills at home.	admin and staff

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent coordinator, STH social worker and community coordinator, teachers, admin, guidance counselor

Instructional Resources

HMH into Reading, Into Writing, Foundations, Heggerty, Illustrative Math

Schedule Adjustments

coordinate blocks of time families visit classrooms grade wise for learning showcase

Other Resources Needed

family engagement supplies

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Visions June 2025 data shows CA is 32% and that of sth in shelter is 63% and doubled up 27%and primary grades of 3k through grade 1 the highest at about 35-40%	multiple factors for students absences make it challenging to understand and see trends as they vary with each student absence sometimes being transportation, other times being sick or an appt and other times the weather or not having someone to pick them up or bring them	early identification and intervention of students at risk for CA

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	32%	By June, 2026, the chronic absenteeism rate for All Students will decrease 10%, from 32% to 22% , as measured by the New Visions Chronic Absenteeism Reports .

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Tiered attendance plan with revised prevention measures

Root Cause Addressed:

early identification and intervention of students at risk for CA

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Attendance team will meet more regularly with a focus on analyzing granular data for CA to review attendance plan to include tiered measures for support and intervention as well as incentive system
Attendance team will host family workshops and events as well as staff pd around the schoolwide attendance plan and incentive system to promote perfect attendance and most improved
Students will be part of leader pep rallys with a focus on attendance incentives as well as school hosting attendance celebration with student leaders giving shoutouts an updates every morning on announcements for 100% class and most improved
Creation of Caring adults/success mentors based on at risk and CA data
Strengthen involvement of STH Community coordinator to liaison with families and STH support staff and families

Key Strategy 2 (Optional):

Caring adults / Success Mentors

Root Cause Addressed:

family engagement and support to develop strategies that actively engage families for students that do not have regular ongoing attendance

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance team will monitor daily calls to families to identify reasons for lateness and absences as well as new visions data for CA and at risk. In examination of data and as we check in on quality and impact of supports, we will look for students who have improved attendance after tiered attendance support were put in place and those who may not to see impact of this

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	daily phone calls and outreach to families who are absent and late with emphasis on those identified as CA	attendance team and families
10/13/2025	11/07/2025	family workshop start of series and success mentors identified and meet with families	attendance team and families
10/01/2025	06/26/2026	Family and student engagement events	families, students, admin, attendance team

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance team and STH Family workers and coordinators , teachers

Instructional Resources

Attendance Works website, new visions data, NYCPS resources for attendance

Schedule Adjustments

schedules may need to be adjusted for celebration events or in the event a student needs intervention such as SEL club, advisory, etc as intervention and support

Other Resources Needed

Monetary for incentives forattendance tiered plan for raffles, celebration events, before and afterschool program and outreach

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
During school year 24-25, about 85% of Teachers are writing specific IEP goals however the tasks do not always align with the IEP goal for student need and not all teachers	Understand and aware of goals with more skillset and knowledge needed with Aligning student	IEP Development

goals are specific 80% teachers are developing goals and providing instruction with a need for stronger systems to progress monitor	tasks to specific IEP goals and organization fo systems for monitoring progress	and Fidelity of Implementation
		Transition Planning and Compliance
		Referral Process and Equity
		Equity in School Discipline
		Please put data metric and year under data trend (column 1)

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Ensure program and service recommendations are appropriate for each student and provide access to the student's least restrictive environment and Develop appropriately rigorous standardsaligned annual goals

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
IEP teacher and admin will conduct PD and email with designated staff about reading and signing the Chapter 408 and Conduct ongoing professional learning with special education teachers, general education in ICT and paraprofessionals around creating IEP goal specific tasks in alignment with standards ensuring all SWDs meet or exceed their IEP goals. Incorporate use of goalbook as a tool to guide

Key Strategy 2 (Optional):

task and IEP goal analysis with progress monitoring

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
lesson study and PL for iep goals across grade levels and units and IEP Intervention teacher will work with vertical team for special education to ensure data collection tools are in place such as checklists and observational notes along with check in for analysis of performance

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Work with teachers for class observations, learning walks, data dive planning for Iep goal and task analysis as well as system for progress monitoring with setting cycles in alignment with rep reviews

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
10/06/2025	06/26/2026	Family workshops understanding rights for students and emphasis on IEP goals and ways to support	D32 special education team, Centrally funded intervention teacher , classroom teachers, parent coordinator

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

IEP Intervention Teacher, Assistant Principal (SE), Special Education teachers

Instructional Resources

Goalbook and Instructional Resources Professional learning and IEPs and ways to support within IM and HMH and FUNdations

Schedule Adjustments

As needed for PL planning sessions, IEP meetings

Other Resources Needed

n/a

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 and Tier 3	ELA iready diagnostic Data	sounds sensible or spire intervention	Small group	during school	no
Tier 2 and Tier 3	Math iready diagnostic Data with Math secondary diagnostic in K-2 for ECAM and 3-5 for computational fluency (addition and subtraction and Multiplication and division) , as well as clas data	ECAM and Screeners	Small Group	during school	no
Tier 2 and Tier 3	ELA and Math iready diagnostic Data with phonics for reading placement test	phonics for reading intervention	small group	during school	no
Tier 2 and Tier 3	K-2 Acadience and Secondary Phonics Diagnostic Assessment of Core Phonics	heggerty bridge the gap supplemental intervention	small group	during school	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 and Tier 3	OORS and classroom data	Student Leadership	small group	during school	no
Tier 2 and Tier 3	OORS and classroom data	Mindfulness, yoga and SEL groups	small group and one to one	during and after school	no
Tier 2 and Tier 3 for STH	classroom data, OORS data, family surveys	counseling	small group or one to one	during and after school	no
Tier 2 and Tier 3	OORS and classroom data	Play and Art therapy	small group or one to one	during	no
Tier 3	chronic absenteeism	mentorship	small group or one to one	during	

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

PS 123K is committed to ensuring families understand the Multi-Tiered System of Supports (MTSS) framework as an essential part of how we meet students' academic, social-emotional, and behavioral needs. Throughout the year, the core components of MTSS are explained to families during family workshops, Coffee and Conversations with school leadership, and Parent-Teacher Conferences. Teachers and staff share how Tier 1 instruction supports all learners, while Tier 2 and Tier 3 provide more targeted and intensive interventions as needed.

For students identified for Tier 2 or Tier 3 interventions, families are notified directly through phone calls, in-person meetings, and follow-up conferences to review the specific supports planned for their child. During these conversations, staff explain the reason for the additional support, the intervention strategies being used, the expected outcomes, and how progress will be monitored. Families are encouraged to ask questions, share concerns, and actively participate in decisions about their child's intervention plan.

Progress updates for students receiving interventions are provided regularly, so families remain informed about their child's growth and any needed adjustments to supports. By maintaining ongoing, clear, and personal communication including translation or interpretation services when needed. PS 123K ensures that all families are partners in supporting their child through the MTSS framework.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

At PS 123K, families of students receiving Tier 2 targeted or Tier 3 intensive interventions are kept informed through multiple, proactive communication strategies. Families receive regular updates on their child's progress during parent engagement outreach periods that are scheduled weekly for teachers to connect with families. During these outreach opportunities, teachers share updates on academic, social-emotional, or behavioral growth and review data collected through progress-monitoring tools.

In addition to weekly outreach, progress reports are sent home at key intervals summarizing the specific skills addressed, the frequency and duration of interventions, and the student's progress toward established goals. Teachers and support staff may also connect with families through phone calls, emails, or in-person conferences to discuss how the student is responding to interventions and whether any adjustments are needed.

For multilingual learner families or those needing language support, interpretation services are provided so parents can fully understand their child's intervention plan and progress. Parents are encouraged to ask questions, share insights, and actively partner with staff to support their child both at home and in school.

By maintaining consistent, clear, and family-centered communication, PS 123K ensures that families are true partners in the success of students receiving Tier 2 and Tier 3 interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At PS 123K, families are valued partners in all aspects of decision-making for students receiving Tier 3 intensive interventions. When a student is identified for Tier 3 support, school staff meet with the family to review the student's strengths, areas of need, and the specific intensive interventions being proposed. Families are invited to share their perspectives, provide background information, and discuss any concerns or priorities they feel should be considered in the intervention plan.

Throughout the intervention period, teachers and support staff maintain frequent communication with families through parent engagement outreach, follow-up phone calls, and conferences. Parents receive progress reports at regular intervals and are invited to participate in meetings to review data and discuss the student's progress toward goals. If adjustments are needed to the intervention plan, families are actively included in conversations about the type of support, its frequency, and any changes in strategies or resources.

Translation and interpretation services are provided to ensure families can fully participate in these decisions. By involving families in every step from identifying needs, to reviewing data, to adjusting supports, PS 123K ensures that Tier 3 decision-making is transparent, collaborative, and student-centered.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Of the 162 students in temporary housing, 110 are doubles=d up and 51 are in shelter and 1 is identified as other temporary living situation

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Based on 32% chronic absenteeism data for the 24-25 sy, about 63% of our students living in a shelter and 27% of doubled up fall into this category. Trends often include transportation issues when families are awaiting for bus to be setup or when they transition with housing situations for the change to take place. Other factors and trends include waking up late or another sibling being sick and all children not coming to school. As we select services aligned to need we will examine survey data as well as other sources to either set up success mentors, involve further community partnerships and resources along with ensuring families are aware of the impact of what happens when instructional time is missed out on.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

PS 123K is committed to supporting our Students in Temporary Housing (STH) through a range of academic, social-emotional, and basic needs services. The STH Bridge the Gap Social Worker, in close collaboration with teachers, administration, and the community coordinator, ensures that each STH student has at least one trusted adult (an ACE) in the building they can turn to for ongoing support. Staff maintain consistent communication with STH program personnel to monitor students' well-being and coordinate services.

Academic supports include access to after-school programs focused on academic enrichment as well as social-emotional learning. During the school day, mindfulness programming and targeted SEL activities will help address trauma and stress that STH students may experience.

STH students will be provided with all necessary school supplies and learning materials, such as notebooks, pencils, crayons, folders, backpacks, blankets, uniforms, headphones, and other resources, to ensure equitable access to the curriculum and a supportive learning environment.

Families of STH students will also receive supports to help bridge academic and social-emotional learning at home, including workshops and access to resources. Our school has developed partnerships with Stop & Shop to address food insecurity, providing non perishables to families across the year, in addition to pantry kits several times a year through a funded MWBE vendor . In addition, our Care Closet offers clothing and accessories for families to "shop" as needed, promoting dignity and stability.

These services were selected based on data gathered through the STH Title I Survey, family input collected at Coffee & Conversations, and feedback from the Parent Association, all of which identified resource gaps in academic support, social-emotional well-being, food security, and basic needs. This collaborative approach ensures our programming is responsive to the unique needs of our STH population and helps remove barriers so every child can succeed.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

At this time, PS 123K does not have any students currently identified as being in foster care. However, if a student in foster care were to enroll, PS 123K has a proactive plan to ensure their academic and social-emotional needs are fully supported. Each student would be assigned a trusted adult (ACE) to serve as a mentor and consistent point of contact, while the school counselor and social worker would provide trauma-informed counseling, mindfulness opportunities, and regular check-ins to promote well-being and a sense of belonging. Academically, the student would receive immediate enrollment without barriers to documentation, along with a thorough review of prior academic records to identify strengths and learning needs. Academic interventions through Tier 2 or Tier 3 supports would be available, as well as tutoring, access to all required school supplies, uniforms, technology, and priority participation in enrichment and after-school programs. School staff would collaborate closely with foster families, child welfare agencies, and the DOE Students in Foster Care Team to coordinate a smooth and supportive transition. Consistent communication, translation services, and a commitment to partnership would ensure a holistic, student-centered approach promoting stability and success.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

While PS 123K does not currently serve any students in foster care, our school has a proactive plan in place to ensure that if a student in foster care enrolls, they will receive immediate, targeted supports to promote stability and academic success. Upon identification, school staff would coordinate with the student's foster family, the foster care agency, and the DOE's Students in Foster Care Team to ensure a smooth transition.

Each foster care student would be assigned a caring adult within the school, an ACE (Adult Champion for Every student) to provide consistent connection, mentoring, and advocacy. The school's guidance counselor and social worker would work collaboratively with teachers and administrators to address academic, social-emotional, and

attendance needs. A coordinated team meeting would be held to review any existing records, develop an individualized support plan, and connect the student to Tier 2 or Tier 3 interventions if needed.

Students in foster care would also have access to resources such as tutoring, trauma-informed counseling, after-school programming, and any additional school supplies or uniforms they may need to feel included and prepared. Staff would ensure priority access to social-emotional supports, mindfulness activities, and consistent check-ins to help the student adapt to their new environment and build trusting relationships.

Communication with the foster family and child welfare agency would remain ongoing to share academic progress and address any emerging challenges. Translation and interpretation supports would be provided to ensure all parties fully understand available resources and plans.

Through this collaborative and compassionate approach, PS 123K is prepared to support the academic achievement, social-emotional health, and overall well-being of students who may enter the foster care system.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After analyzing historical demographic, attendance, and achievement data, PS 123K has identified that in past years, there were students in foster care. Although the numbers were very small, our work with those families highlighted the importance of close coordination between school staff, foster care agencies, and caregivers to ensure stability, timely enrollment, and consistent social-emotional support. While no consistent trends emerged due to the low number of students in foster care, the experience underscored the value of proactive outreach, clear communication, and the assignment of a trusted adult for mentoring. These insights will continue to guide PS 123K's approach should foster care students enroll in the future, ensuring that academic, social-emotional, and resource needs are met quickly and compassionately.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

PS 123K is committed to ensuring that students in foster care, particularly those in transitional grades, receive targeted social-emotional learning (SEL) supports that promote stability and academic success. When a student in foster care enrolls, the school immediately connects them with a dedicated adult mentor (ACE) who builds a trusting, supportive relationship and serves as a consistent point of contact. The school's guidance counselor and social worker work closely with teachers to deliver trauma-informed SEL interventions tailored to the student's needs, including small-group or individual counseling, mindfulness practices, and check-ins that focus on developing coping skills, self-regulation, and resilience.

For transitional grades, staff also focus on strengthening the student's sense of belonging by facilitating peer relationships, providing orientation and transition support, and ensuring the student is familiar with routines, expectations, and opportunities for voice and leadership within the school. These strategies help address academic and behavioral challenges by building the student's confidence, reducing anxiety, and providing consistent emotional support, which in turn supports their engagement and readiness to learn. The team maintains close collaboration with foster families and child welfare agencies to monitor progress and adapt supports as needed, ensuring every foster care student has equitable access to a positive and supportive learning environment.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a clear, positive correlation between effective family engagement and improved student achievement. PS 123K, in alignment with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is committed to establishing meaningful expectations, strategies, and objectives for family engagement that strengthen the partnership between home and school and promote academic success for every student.

Our parent and family engagement policy is designed to keep families informed, actively engaged, and empowered to support their children's learning. We involve parents in planning, reviewing, and improving school programs through participation in the School Leadership Team (SLT), the Parent Association (PA), and the Title I Parent Advisory Council (PAC). These groups help guide priorities and provide valuable feedback on the Comprehensive Education Plan (CEP) and related initiatives, including academic achievement goals and improvement efforts.

PS 123K will continue to strengthen our home–school connection through monthly Coffee and Conversations with school leadership, family workshops, and after-school engagement events that offer opportunities for parents to learn about curriculum, assessment, and instructional practices. These activities will be responsive to family voice, gathered through surveys, PAC input, and ongoing conversations. Parents will also be invited to student showcases and family cultural celebrations that highlight student work and build a welcoming, affirming school climate.

In addition, the school will update the Family Handbook this year to ensure all parents have clear information on school policies, academic expectations, available resources, and community partnerships. Communications will continue to be translated into families' preferred languages, and interpretation supports will be available during all engagement events.

This year, PS 123K will also prioritize an initiative under the Dream Squad grant to strengthen resources and supports specifically for our multilingual learner (MLL) families. This initiative will include workshops and resource navigation to help MLL families better understand their educational rights, access community services, and support their children's academic growth.

PS 123K will continue to collaborate with community partners, including local elected officials, neighborhood organizations, and the Coalition for Hispanic Family Services, to connect families with resources around parenting, employment, immigration, mental health, housing, and other social supports.

The Parent Coordinator, in partnership with the Title I PAC and parent leaders, will coordinate these engagement opportunities and ensure communication reaches all families through Class Dojo, the school website, social media, flyers, and monthly calendars. The Parent and Family Engagement Policy will be reviewed annually with input from SLT, PAC, and other stakeholders to keep it aligned to our CEP priorities of advancing student achievement, supporting multilingual learners, and honoring student and family voice.

Support for Parents and Family Members of Title I Students

PS 123K is committed to supporting parents and family members of Title I students through a range of strategies and resources, including:

Providing materials and training to help parents support their children's academic achievement in literacy, mathematics, technology, and social-emotional learning.

Offering families information and training opportunities so they can actively participate in planning, decision-making, and school initiatives to support their child's education.

Fostering a caring, collaborative home–school partnership that empowers families to effectively monitor and encourage their child's academic and personal growth.

Assisting families in understanding city, state, and federal standards and assessments so they can better support their children's learning pathways.

Sharing information about school programs, parent-focused activities, meetings, and resources in clear, understandable language and in families' preferred languages.

Providing professional learning for school staff, with input from families, to strengthen outreach, communication skills, and cultural responsiveness, and to build stronger, more respectful ties between families and the entire school community.

Parental Involvement and School Quality

PS 123K's Parent and Family Engagement Policy was developed after a careful assessment of the needs of all families, including parents and guardians of multilingual learners/English language learners and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this policy in partnership with Title I parents to improve the academic quality of the school. Findings from these evaluations — gathered through school surveys, feedback forms, and collaborative discussions — will inform strategies to better meet family needs and strengthen the school's Title I program. All documentation will be maintained by the school.

In developing and updating this policy, the school actively consulted with parents of Title I participating students, members of the Parent Association, and parent members of the School Leadership Team. These groups were invited to review the policy, provide input, and survey their members to ensure broad-based representation and feedback.

To further increase parent involvement and promote high-quality school programming, PS 123K will:

Actively involve parents and family members in the planning, review, and evaluation of the Title I program, as described in the Comprehensive Education Plan (CEP), including the Parent and Family Engagement Policy.

Engage all parents in discussions and decisions related to the required Title I 1% set-aside funds allocated for parent and family engagement activities, including family literacy and parenting skills workshops.

Ensure that Title I funds allocated for parent and family engagement are used to implement meaningful activities and strategies described in the Parent and Family Engagement Policy.

Support school-level committees with parent representation, including the School Leadership Team, Parent Association, and Title I Parent Advisory Council, by providing technical support and professional learning opportunities, especially around leadership development.

Maintain a Parent Coordinator (or dedicated staff member) to serve as a liaison between the school and families, offering workshops based on identified family needs, promoting a welcoming school environment, and keeping an organized log of monthly events and activities to report to the central office.

Conduct family workshops on topics such as parenting skills, understanding educational accountability, grade-level curriculum and assessments, literacy strategies, accessing community and support services, and technology skills to help parents support their children at home.

Provide opportunities for families to understand accountability systems, including ESSA requirements, state accountability measures, student proficiency levels, the Annual School Report Card, School Quality Reports, Quality Review Reports, and Learning Environment Survey Reports.

Host the required Annual Title I Parent Meeting each year to inform families of their rights, Title I funded program(s), and family engagement requirements under Title I, Part A, Section 1116 of ESSA.

Schedule additional parent meetings, such as quarterly events, with flexible timing (morning and evening options) to share updates on the school's educational program, Chancellor's initiatives, and to gather suggestions from families.

Translate all critical school documents and provide interpretation supports during meetings and events, to ensure equitable access for all parents and family members.

Encouraging School-Level Parental Involvement

PS 123K will further encourage school-level parent and family engagement through the following strategies:

Hosting educational family events and activities during Parent-Teacher Conferences and on designated family engagement days throughout the year.

Promoting meaningful parent participation on the School Leadership Team (SLT), Parent Association (PA), and the Title I Parent Advisory Council (PAC).

Supporting and hosting Family Day events to strengthen the school community.

Establishing a Parent Resource Center to provide instructional materials and resources for parents.

Encouraging more parents to participate as trained school volunteers to support student learning and community activities.

Providing periodic written and verbal progress reports to keep parents informed about their children's academic and social-emotional growth.

Developing and distributing a school newsletter or website updates to keep families informed about school activities, initiatives, and student successes.

Supplying school planners or folders for regular written communication between home and school, ensuring these resources are provided, to the extent practicable, in families' preferred languages.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 123K in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn and keep being a leader

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

A strong Tier 1 core instructional program depends on sustained, high-quality professional learning for all stakeholders, including teachers, paraprofessionals, and school leaders. As we enter year 3 of implementing HMH Into Reading, HMH Into Writing, and Illustrative Math, we have strategically developed an action plan to build on the progress made in 2023–24 and 2024–25. Our professional learning (PL) priorities will focus on deepening planning practices through revisiting curriculum maps and strengthening instructional strategies that explicitly build background knowledge, develop academic vocabulary, and use the gradual release model to build skill mastery and comprehension of complex texts. Authentic, meaningful tasks will be emphasized to connect learning to students' lived experiences.

PL sessions will prioritize making meaning and comprehension, alongside a continued emphasis on phonemic awareness and phonics in grades K–2, and phonics reinforcement in grades 3–5, aligned with the Science of Reading. Teachers and paraprofessionals will engage in learning to support these shifts, including analyzing secondary diagnostic data to adjust and inform their instruction. The work will include lesson studies, model lessons with debriefs, data-driven backward planning, and targeted strategies for scaffolding ELLs.

In mathematics, we will continue our partnership with our K–5 math consultant, while our math teacher leader will participate in the District 32 Teacher Leader Math series. To build a shared understanding of promising and effective math practices, teachers will engage in labsite experiences, intervisitations, and collaborative inquiry to highlight best practices. Instructional routines that promote conceptual understanding and rich student discourse will be unpacked and practiced together, with teachers and paras rehearsing these routines around grade-level, standards-based math tasks. Additional professional learning will also be devoted to maximizing the use of HMH literacy centers.

Aligned to our Multi-Tiered System of Supports (MTSS) framework, professional learning will also target strategies for Tier 2 and Tier 3 intervention planning, progress monitoring, and the effective use of teacher team structures to identify students at risk, design intervention supports, and measure their effectiveness. Teachers will examine screening, benchmark, and progress-monitoring assessment data in collaborative team meetings to plan for differentiated instructional responses across all tiers. PL will support staff in using assessment tools, understanding intervention pathways, and maintaining data cycles to ensure instructional practices are continuously refined based on student growth and needs.

Through this comprehensive professional learning plan, we aim to build a cohesive and sustainable approach to high-quality instruction that empowers all staff to help every student meet or exceed state standards.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

To support the transition our early childhood leaders from 3k and PreK, we ensure that family engagement activities are inclusive of all student leader grades across the school. In addition, our 3k and prek teachers and paraprofessionals engage in shared professional learning to ensure a cohesive and shared understanding and implementation of our schools' vision, mission and instructional focus. As students transition to kindergarten, 3k and Prek teams meet with administration, the kindergarten team and the ILT to discuss SEL and academic strengths and areas for further development.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Donna Stalzer
Assistant Principal (Where Applicable)*	Samantha Spangel
English as a New Language (ENL) Teacher*	Diana Nunez
Teacher (if school has a bilingual program must be a bilingual teacher)*	Maira Almache
Parent/Guardian*	Adrianna Giron
Teacher	Alisson Guizan
Parent Coordinator	Marisol Rivera
School Counselor	Milly Canales
Related-Service Provider	Rafaelina Sanchez
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

419

Total number and percentage (%) of current ELLs:

176 and 42%

Total number and percentage (%) of former ELLs:

9 and 2.1%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

150 and 85.2%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

25 and 14.2%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

1 and 0.6%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 and 0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

27 and 15.3%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual	Spanish	2025	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

The MLL/ELL service provider uses the most recent NYSESLAT or NYSITELL data to retrieve students' proficiency levels. Stand-alone services are programmed into STARS and a schedule is drafted based on their levels and mandated minutes as per CR Part 154. Students are homogeneously grouped by level (e.g. EN/EM, TR) and by grade or grade band.

Kindergarten ELLs that are entering and emerging receive standalone instruction from certified provider.
First Grade ELLs that are entering and emerging receive standalone instruction from certified provider. First grade ELLs that are transitioning receive standalone instruction from certified provider.
Second grade ELLs that are entering and emerging receive standalone instruction from certified provider. Second grade ELLs that are transitioning receive standalone instruction from certified provider.
Third grade ELLs that are entering and emerging receive standalone instruction from certified provider. Third grade ELLs that are transitioning receive standalone instruction from certified provider.
Fifth grade ELLs that are entering and emerging receive standalone instruction from certified provider. Fifth grade ELLs that are transitioning receive standalone instruction from certified provider.

Integrated ENL:

The MLL/ELL service provider uses the most recent NYSESLAT or NYSITELL data to retrieve students' proficiency levels. Integrated services are programmed into STARS and a schedule is drafted based on their levels and mandated minutes as per CR Part 154. Depending on service style, students are grouped by level and by grade and services are provided either pushed-in to a classroom (heterogeneous), by a dually certified licensed teacher (homogenous), or collaboratively with a content area and ENL teacher (heterogenous). Instruction takes place in both ELA and Math depending on the schedule.
Integrated ENL is provided by both models: two teachers in a co-teaching partnership (classroom teacher and certified ELL provider) during math and ela, as well as provided by one dually certified teacher)

Former ELLs receive their ENL instruction through alternative pathway small group instruction.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

TBE: N/A

Dual Language Bilingual Education (DLBE):

Dual Language:

Students in the Dual Language (DL) program are placed in the program by parent choice as an alternative to a stand-alone ENL setting for our MLLs/ELLs or Spanish enrichment for our English native speakers. The Dual Language program uses two languages: English and Spanish to enrich native English and Spanish speaking students. The intended student ratio is 50:50 (50% MLLs/ELLs, 50% English native speakers). The program uses a roller coaster model. Students are taught one day in English and then alternates to Spanish the following day.

There is a DL class setting in each grade from Pre-K to 5th grade. All content areas are taught with differentiated instruction to address each student's academic, linguistic, and social emotional need whether an ELL or EP. Students are flexibly grouped according to their needs and supported to make academic and linguistic gains. Benchmarks, formative and summative assessments are used as well.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The mandates minutes of support required are indicated by the student's score on the NYSESLAT or NYSITELL exam. Once the student's level is determined, the parent choice form is reviewed. Depending on program availability and parent choice, the child is placed in their classroom setting.

If the child is placed in the Dual Language classroom, the dually certified common branch and bilingual classroom teacher provides the mandated services for the student in all content areas. If the child is placed in a General or Special Education classroom, they receive the integrated and stand-alone services by a dually TESOL/common branch certified service provider. The Service provider supports the MLL/ELL students in their language acquisition and in all 4 literacy modalities. Flexible .5 unis of study is determined based on data mentioned above and scheduling.

Student and teacher schedules are programmed into STARS by the principal and/or assistant principals after the MLL and admin team work to create intentional scheduling in alignment with number of minutes.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL instructional minutes are delivered via standalone instruction from a certified ENL provider. ELA instructional minutes are delivered via integrated ENL. Depending on service style, students are grouped by level and by grade and services are provided either pushed-in to a classroom (heterogeneous), by a dually certified licensed teacher (homogenous), or collaboratively with a content area and ENL teacher (heterogenous). Integrated ENL is provided by both models: two teachers in a co-teaching partnership (classroom teacher and certified ELL provider) during math and/or ela, as well as provided by one dually certified teacher)

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school's Dual Language model is general education. Each day is dedicated to one language and alternates every other day on a roller coaster model with a 50/50 ratio with one day instruction provided in English and the next Spanish. Content area is taught in both languages according to this model.

b. In which language(s) is each core content area taught?

English and Spanish for ELA and Math

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At 32K123, there are currently 176 English Language Learners (ELLs), which is 42% of our active student body. Within this group, 85.2% are classified as Newcomers (0–3 years of service), 14.2% as Developing ELLs (4–6 years of service), and 0.6% as Long-Term ELLs (7 or more years of service). Additionally, 15.3% of our ELLs are students with IEPs, and there are no students identified as SIFE at this time. For our Newcomers across grades K–5, instruction focuses on building a strong language foundation through daily explicit ENL instruction that prioritizes everyday vocabulary, simple sentence structures, and conversational skills, allowing students to communicate their needs and actively participate in class. We integrate FUNdations as well as components from the HMH Into Reading curriculum, frontloading vocabulary and background knowledge to help students access texts while bridging content and language. These resources are implemented during Standalone ENL instruction for entering and emerging multilingual learners, aligned with the Instructional Leadership Framework's emphasis on advanced literacy skills. Teachers use extensive visuals, gestures, sentence frames, and bilingual supports where possible, along with extra time and scaffolded tasks, to ensure comprehension. We also emphasize structured classroom routines and clearly taught procedures so that students feel safe and secure in a predictable learning environment. Recognizing the challenges of cultural transition, we connect students with counselors, peer buddies, and community resources to support their emotional and social well-being. Foundational literacy skills, including the alphabet, phonics, and basic reading strategies, are prioritized for those with limited prior schooling. Additionally, we will use the bilingual core phonics survey as a secondary diagnostic to gather granular data that supports L1 as a bridge to L2, strengthening students' literacy and language growth. Family engagement is a core pillar, with ongoing communication in the home language whenever possible to build trust and partnership.

For Developing ELLs (4–6 years of service), we continue the practices noted above in grades K–2 with FUNdations and HMH Into Reading. For grades 3–5, we add Phonics for Reading to target phonics and metalinguistic instruction, while still leveraging HMH Into Reading to develop vocabulary and comprehension skills. These supports are tailored based on each student's most recent NYSESLAT results, as well as benchmark assessments and iReady and Acadience diagnostics, to determine skill gaps and patterns in academic performance. Instruction is differentiated to address both academic content and language development, with a stronger focus on advanced reading comprehension strategies such as inferencing and summarizing, as well as paragraph and essay-level writing.

Developing ELLs also benefit from academic language scaffolds like graphic organizers, anchor charts, sentence starters for discourse, and interactive journals to support their engagement with complex texts and tasks. Teachers regularly progress-monitor these students in order to adapt lessons to their linguistic needs and maintain their academic growth.

For Long-Term ELLs (7+ years of service), of whom we currently have only one, our plan is to extend the above supports with more intensive small-group language interventions targeted to persistent academic gaps, focusing specifically on advanced reading and writing. We will also administer additional secondary diagnostics and use fine-grained data to identify misconceptions and address learning gaps through highly personalized instruction tailored to students' preferred learning modalities. Mentor texts, structured opportunities for academic discussions, and explicit modeling of advanced language structures will further support this subgroup.

In terms of service delivery, in both general education and special education classrooms, an ENL provider will deliver targeted services, while in dual-language classrooms, the classroom teacher will take on this role. Overall, our program is designed to help ELLs feel confident, connected, and ready to thrive academically and socially, with tailored supports across all subgroups to ensure their success as multilingual learners.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

According to our current data, 0% of our ELL population at 32K123 are identified as Students with Inconsistent or Interrupted Formal Education (SIFE). While we do not currently have any SIFE students enrolled, it is essential to plan proactively in case students with this profile enroll in the future. At our school, we recognize that students with interrupted formal education bring unique experiences and strengths, along with distinct academic needs. To support these learners effectively, we would use a comprehensive, student-centered approach that ensures equity and access to high-quality instruction. We would begin by identifying students' academic levels, language proficiency, and prior schooling through diagnostic assessments, interviews, and family collaboration, in order to build a holistic picture of their needs.

Instruction for SIFE students would be differentiated through scaffolding lessons with visuals, hands-on activities, and consistent routines to build confidence and understanding. We would provide targeted support in foundational literacy and numeracy through small-group instruction and specialized intervention programs, while also integrating language development across content areas. Flexible pacing and instructional materials would align with students' readiness levels while moving them toward grade-level standards. Additionally, we would create culturally responsive classrooms that honor students' backgrounds and promote strong relationships with peers and teachers, acknowledging that SIFE students may have experienced trauma or displacement. Educators would receive ongoing professional development on trauma-informed practices, language acquisition, and differentiated instruction so they are prepared to meet these learners' needs.

In terms of trends, while we have no current SIFE students, our data does show that 52.8% of our ELL students are living in temporary housing, and 85.2% are newcomers. These factors highlight potential vulnerabilities and signal that we should stay vigilant in identifying students who may share characteristics similar to SIFE, such as limited formal education or disrupted schooling experiences. Through frequent monitoring, collaboration among staff, and culturally responsive supports, we will ensure that all students including those who may join us in the future as SIFE are provided with a rigorous, supportive environment where they can thrive and make meaningful academic progress.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At 32K123, only 0.6% of our current ELLs which equates to one student is classified as a Long-Term ELL (defined as receiving ELL services for 7 or more years). While this is a very small percentage, it is important to proactively plan to address the needs of Long-Term ELLs, who often face persistent academic language gaps even after years in the program. Trends from our Early Warnings data show that while there are no former ELLs who are currently long-term, among the nine former ELLs tracked, there are still academic concerns, such as 55.6% who scored Level 1 or 2 on the ELA state tests in the last school year and 44.4% living in temporary housing, suggesting that some students could remain academically vulnerable even after exiting ELL status.

Effective instruction for Long-Term ELLs differs from that provided to Developing ELLs (those with 4–6 years of service) in several ways. Long-Term ELLs benefit from intensive, explicit instruction focused on closing persistent academic gaps, particularly in reading comprehension, academic writing, and sophisticated oral language. Instruction for this group should target advanced language structures and academic discourse explicitly, often through structured language interventions and frequent progress monitoring to address misunderstandings that may have fossilized over time. Long-Term ELLs also need opportunities for authentic extended language production, such as structured debates, oral presentations, and complex writing projects, to push their academic language use to higher levels.

In contrast, Developing ELLs generally require support to continue building their academic language skills while mastering grade-level content, focusing on strategies for more complex reading comprehension, writing multi-paragraph responses, and developing content-specific vocabulary. Instruction for Developing ELLs typically includes robust vocabulary instruction, scaffolded content instruction, and integration of language objectives with content objectives, but may not require as intensive intervention as for Long-Term ELLs.

Overall, while we have only one Long-Term ELL at present, these students are a high-priority group because their long-term placement in ELL programming can signal unmet instructional needs. By intentionally differentiating instruction with advanced, targeted academic language supports and regular progress checks, we can help ensure that Long-Term ELLs move successfully toward full language proficiency and academic achievement.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to April 2025 EDAT, 9 students or 2.1% are former ELLs. These students receive their maintenance service for 2 years with their content classroom teacher utilizing small group instruction as they further build their vocabulary and writing and develop deeper comprehension and discussion for content area texts and problem solving.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Examining the early warning indicators for ELLs at 32K123 reveals several important trends that could adversely affect student outcomes. Notably, while there are no students identified as SIFE (0%), a very high proportion of our ELLs 85.2% are classified as Newcomers, which signals that the majority of our multilingual learners are still in the earliest stages of language acquisition and may require significant foundational language and academic supports. Additionally, 52.8% of our ELLs are living in temporary housing, indicating a high degree of housing instability and potential associated challenges such as attendance concerns, trauma, or inconsistent access to learning resources.

Another area of concern is that 32.4% of ELLs did not demonstrate sufficient English Language Proficiency progress on the 2024 NYSESLAT, suggesting a need to intensify language support and closely monitor growth for these students.

When reviewing academic performance indicators, 24.4% of ELLs scored at Level 1 or 2 on the ELA state assessments last year, and 16.5% did so on math exams, showing a considerable group of students who are still struggling to meet grade-level expectations. Additionally, 5.1% scored at Levels 1 or 2 on both ELA and math during the 2022–23 and 2023–24 school years, indicating persistent academic challenges. The distribution of at-risk indicators also shows that more than half of the ELLs (56.3%) have two risk indicators, while 19.3% have one, and 12.5% have three indicators, meaning the majority of ELLs are contending with at least two overlapping risk factors.

The trend of many students accumulating multiple risk indicators is significant: nearly all students have at least one risk factor, and no students have zero at-risk indicators. This highlights that while many ELLs may not meet criteria for SIFE or over-age placement, they still face compound challenges linked to housing instability, language progress, and standardized test performance. These patterns point to the need for a comprehensive support system that addresses language development, academic achievement, social-emotional supports, and family engagement, ensuring ELLs can build resilience and reach their full potential.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

When examining the at-risk levels of former ELLs at 32K123, several important trends emerge. Out of nine former ELLs, one-third (33.3%) have no at-risk indicators, suggesting they are on a stable academic path post-exit. However, another third (33.3%) have three at-risk indicators, and 22.2% have two indicators, indicating that the majority of former ELLs face multiple academic or social challenges even after exiting ENL services. Specifically, 55.6% of former ELLs scored Level 1 or 2 on their most recent ELA state assessment, and the same percentage scored Level 1 or 2 in ELA over two consecutive school years, raising concerns about their literacy skills and long-term academic success. Additionally, 22.2% of former ELLs scored Level 1 or 2 on the state math assessment across consecutive years, highlighting ongoing struggles with numeracy.

Another trend of note is that 44.4% of former ELLs are currently living in temporary housing, which may contribute to instability and compound other risk factors like inconsistent attendance or lack of academic resources at home. The data also shows that none of the former ELLs were flagged for concerns about ENL programming or for being overage, which is a positive sign, but the academic performance indicators suggest that more robust follow-up is needed after students exit ENL services.

Overall, while some former ELLs appear to be progressing without additional supports, the data reveals that a significant portion still carry multiple risk factors related to academic achievement and housing instability. These patterns highlight the importance of continued monitoring, transition support, and targeted interventions to help former ELLs maintain their progress and avoid falling behind after exiting formal language services.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

According to the EDAT data (page 7), the largest representation of home languages among our current ELLs is Spanish, with 170 students across grades K–5. Other home languages present, though in much smaller numbers, include French (3 students), Haitian Creole (1 student), Fulani (1 student), and Pashto (1 student). To support communication and learning that values these home languages, our school has built a variety of structures and processes. Bilingual teachers across grade levels intentionally use translanguaging practices in their instruction to bridge home language and English, promoting stronger content and language development. In addition, Spanish-speaking staff voluntarily assist monolingual teachers with informal translation and interpretation as needed, ensuring that families can communicate effectively with the school. The entire staff has been trained on the use of Linguistica International to eliminate any language gaps between staff and students or families, ensuring access to professional interpreters for all needed languages. Furthermore, a language asset inventory is maintained and made available on a shared schoolwide document so staff members can identify colleagues with language skills who can help when needed. These structures, combined with a culture of valuing students' linguistic resources, help build trusting partnerships with families while supporting student learning in ways that honor and sustain their home languages.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At 32K123, the racial and ethnic classifications of current ELLs reflect a diverse student community. According to the most recent EDAT data, 95.5% of ELLs identify as Hispanic, while 4.5% identify as Non-Hispanic. When examining race across these groups, 48.3% of all ELLs are reported as American Indian or Alaskan Native, 0.6% as Asian, 4.5% as Black, 22.7% as Native Hawaiian or Other Pacific Islander, and 23.9% as White. Notably, 50% of Hispanic ELLs identify as American Indian or Alaskan Native, and 23.8% as Native Hawaiian or Other Pacific Islander, showing a rich diversity of heritage within the Hispanic-identified subgroup.

These demographic patterns directly inform our planning and delivery of Culturally Responsive and Sustaining Education (CR-SE). All instructional planning is done with these student demographics in mind, ensuring that we honor their cultural and linguistic identities. Teachers intentionally surface and address misconceptions that might arise from different prior schooling or cultural backgrounds, and actively build background knowledge to ensure every child can meaningfully access grade-level content. Our staff implements the Sanford Harmony program to build social-emotional skills in a culturally affirming way, while our literacy instruction, including HMH Into Reading, is supplemented with culturally relevant and authentic texts that reflect the lived experiences of our students.

Furthermore, teachers leverage student cultural assets and linguistic knowledge by making explicit connections between home languages, cultural traditions, and academic content, supporting translanguaging practices whenever appropriate. These efforts ensure that students see their cultures and languages reflected in the curriculum and feel valued as contributors to our learning community. As we continue to analyze data showing the strong presence of Hispanic ELLs with Indigenous and Native heritage backgrounds, we will prioritize professional learning to deepen staff awareness of these students' cultural histories and continue fostering a welcoming environment grounded in CR-SE principles.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

When reviewing English Language Proficiency (ELP) growth at 32K123, several key trends emerge. According to the Spring 2024 NYSESLAT data, of the 94 ELL students with sufficient exam results to measure progress, only 37 students (39.4%) met ELP sufficient progress, while 57 students (60.6%) did not meet sufficient progress. Specifically, 6 students met progress by exiting ELL status entirely, 18 met the annual progress target, and 13 achieved sufficient growth through the safe harbor cumulative growth measure.

One concerning trend is that more than half of progress-eligible ELLs did not meet sufficient English language progress expectations, suggesting a need to intensify supports in language development and progress monitoring. In addition, among all active ELLs, 44 students did not have a 2024 NYSESLAT proficiency level recorded, with 43 of these having no NYSESLAT history at all — likely due to being newcomers — and one student missing a valid 2024 assessment despite having previous results. This highlights the significant proportion of newly arrived students who have not yet built an NYSESLAT history and therefore have no longitudinal growth data to analyze, which may impact future planning for targeted interventions.

Overall, while a small portion of students successfully exited ELL status or met growth targets, the large group not meeting progress and the high number of newcomers requiring baseline data indicate a need to strengthen differentiated language supports, build robust progress monitoring systems, and ensure instructional consistency for all multilingual learners.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When examining the results of the most recent NYSESLAT, several important patterns stand out across proficiency levels and language modalities. Looking at proficiency levels overall, most students are still clustered in the Emerging (34.8%) and Transitioning (27.5%) levels, with smaller percentages at Expanding (21%) and even fewer at Former ELL status (4.3%). Only 12.3% of students remain at Entering, which shows that while many students have moved beyond the very beginning stages, a large group still has significant growth to make to achieve full proficiency.

Analyzing by modality, clear strengths emerge in speaking, with a high proportion of students across grade levels consistently scoring “high” in that domain. For example, in 2024, students in grades 2–5 showed speaking as their strongest area, with multiple grade levels exceeding 90% of questions correct in that domain. Listening also appeared as a relative strength for some grade bands, particularly grades 3 and 4. However, reading and writing continue to surface as areas of need, with low proficiency especially pronounced in grades 2, 3, and 4. For instance, in 2024, grades 2 and 4 had the highest concentrations of students scoring “low” (below 15% correct) in writing, indicating that academic language production especially in more complex written formats remains a challenge.

By grade level, grade 2 stands out with both notable strengths in speaking and listening and considerable weaknesses in writing, showing a split that suggests oral language is developing faster than literacy skills. Grade 4 demonstrates a similar pattern: strong speaking performance but significant needs in reading and writing. Grade 5 shows a slightly more balanced profile, though writing still emerges as a relative weakness.

Looking across the proficiency growth data, many students are relatively close to the next proficiency level, with the majority needing between 11 and 30 scale score points to advance, particularly at the Emerging and Transitioning levels. This indicates that with targeted interventions especially in academic writing and complex reading comprehension many students could potentially advance a proficiency level in the coming year.

These results suggest a priority for planning: to continue leveraging students’ oral language strengths in speaking and listening while designing targeted literacy supports, especially in writing, across grades 2–5. Teachers should continue to scaffold academic writing tasks, integrate writing in all content areas, and build explicit connections

between oral language strengths and written language expectations. Overall, the data tells a hopeful story of progress in oral modalities, with clear areas for continued focus on literacy to ensure students exit ELL status fully prepared for academic success.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

At our school, we've observed a clear connection between students' performance on the NYSESLAT and their achievement on the state ELA and content-area exams. For our English Language Learners (ELLs), especially those not yet meeting grade-level expectations in writing and literacy, low proficiency levels on the NYSESLAT often align with lower performance on the state assessments.
The NYSESLAT measures English language proficiency (listening, speaking, reading, and writing) which are foundational for accessing grade-level content. When students struggle to meet the higher proficiency levels, particularly in reading and writing, they face significant challenges in demonstrating their knowledge and skills on the ELA and subject-area exams, which demand strong academic language and writing ability.

We recognize that many of our ELLs are still developing the academic vocabulary and writing structures required to perform well. This language development gap impacts their ability to fully engage with rigorous texts, respond to open-ended questions, and construct written responses skills central to success on the state assessments.

To address this, we are taking intentional steps to:

-Strengthen language development across all content areas.

-Integrate explicit writing instruction aligned to both NYSESLAT and state standards.

_Provide targeted interventions and scaffolded supports that help bridge the gap between language proficiency and academic achievement.

Improving NYSESLAT performance is not just about improving test scores it's about equipping students with the language tools they need to thrive academically. We are committed to ensuring that our instructional practices support both language acquisition and content mastery so our ELLs can succeed across all measures of achievement.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

At 32K123, the EDAT reports show 0 students identified as SIFE (Students with Interrupted or Inconsistent Formal Education), which means there are no SIFE NYSESLAT results to analyze at this time. However, there are 27 ELLs with IEPs at the school, about 15% of the ELL population. Trends from the overall NYSESLAT results indicate that the majority of ELLs are at the Emerging or Transitioning proficiency levels, with a particular weakness in academic writing and reading skills. It is reasonable to infer that ELLs with IEPs are likely overrepresented in these lower proficiency categories, as these students often experience additional challenges in language processing, working memory, and executive functioning, which impact their English language growth on the NYSESLAT.

Moreover, the modality needs analysis showed writing as a major area of struggle across grades 2–5, and ELLs with

IEPs would be especially vulnerable in this domain due to language-based learning disabilities. Speaking and listening appeared as relative strengths, which is consistent with language acquisition patterns for ELLs with disabilities who often develop social language skills faster than academic language.

Factors impacting results for these subgroups include:

-Limited exposure to grade-level academic vocabulary

--Challenges generalizing language skills across content areas

Possible gaps in decoding and encoding skills (literacy foundations)

-Less access to Tier 1 instruction due to pull-out IEP services, reducing language-rich interactions

-The compounding effect of disability-related needs and language acquisition needs

While no SIFE students are enrolled currently, planning for potential SIFE arrivals should include readiness to address gaps in foundational literacy, trauma-informed supports, and accelerated language scaffolding.

Next steps could include:
-Ensuring ELLs with IEPs receive integrated language instruction alongside their special education supports
-Strengthening co-teaching models so ENL and special education teachers collaborate
- Progress monitoring for ELLs with IEPs every six weeks using NYSESLAT-aligned formative tasks
-Continued professional development for staff on best practices for multilingual learners with disabilities

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and

are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At P.S. 123K, ELLs receive a high-quality academic experience through rigorous, data-driven instruction that is aligned to content standards and intentionally designed to support language development and deeper learning. ELLs participate in core academic subjects such as ELA and Math, while also receiving their mandated ENL services through stand-alone and/or integrated models. Instruction is personalized based on multiple data sources, including i-Ready assessments in ELA and Math, CORE Phonics, and ECAM or math screeners, which are analyzed collaboratively by classroom teachers and ENL providers to identify student needs and inform targeted planning.

To support foundational literacy and deeper comprehension, instruction incorporates systematic, explicit phonics and phonemic awareness instruction aligned with the Science of Reading, including opportunities for students to practice using decodable texts. ELLs are also exposed to content-rich texts that build academic vocabulary and background knowledge, with instruction designed around text launches, close reads, and essential questions to connect ideas across lessons and units.

Teachers use a range of instructional scaffolds to support language access and promote academic engagement, including word banks, sentence stems, vocabulary cards, accountable talk routines, translanguaging strategies, TPR (Total Physical Response), and realia. These supports are embedded across content areas to ensure ELLs not only access the curriculum but also engage in higher-order thinking, discussion, and application of skills in meaningful ways. This comprehensive approach ensures ELLs are developing both their academic content knowledge and their English language proficiency, leading to deeper learning and long-term success.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At P.S. 123K, the Instructional Leadership Team (ILT)—which includes administration, instructional coaches, ENL and bilingual educators, special education teachers, and classroom teachers—meets weekly to ensure that all students, including Multilingual Learners (MLs/ELLs), have equitable access to high-quality core instruction and curriculum. A

key focus of ILT meetings is the review and analysis of ELL-specific data, including formative, summative, diagnostic, and progress monitoring assessments. Special attention is given to newcomers and developing proficiency ELLs, with the team identifying trends, setting language development goals, and creating action plans to support students across the MTSS (Multi-Tiered System of Supports) framework.

The ILT regularly discusses learning objectives and activities that align with both academic standards and language development goals, ensuring that content instruction remains accessible to ELLs. ENL and classroom teachers are provided with common planning time to co-plan lessons that integrate grade-level content with language supports. Instructional approaches include the use of culturally responsive materials, and scaffolds such as sentence stems, visuals, word banks, realia, and interactive protocols to promote active participation and make rigorous content comprehensible.

The ILT also evaluates how ENL stand-alone instruction complements and reinforces classroom learning. ENL teachers use materials such as Decodable Readers, ReadyGEN/Into Reading supports, i-Ready, and scaffolded writing resources to target language domains while building academic skills. A recent data trend highlighted by the ILT led to a schoolwide focus on strengthening phonics and foundational literacy, especially in grades 1–3, to accelerate progress for ELLs struggling with decoding and word recognition.

Through this strategic, data-informed, and collaborative process, the ILT ensures that MLs/ELLs receive equitable access to core curriculum and rigorous instruction that meets their academic and linguistic needs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At P.S. 123K, core content is delivered through several program models designed to meet the academic and linguistic needs of Multilingual Learners/English Language Learners (MLs/ELLs), while aligning with the Next Generation Learning Standards (NGLS) and promoting biliteracy and bilingualism.

English as a New Language (ENL):
In our ENL stand-alone program, content is delivered in English, with a strong emphasis on integrating language acquisition into grade-level, standards-based instruction. ENL teachers co-plan with classroom teachers to align lessons and reinforce key content concepts, ensuring cohesion between language development and academic instruction. Teachers use a variety of instructional approaches, including scaffolded instruction, vocabulary previews, visuals, graphic organizers, sentence frames, collaborative conversations, realia, and Total Physical Response (TPR) to support comprehension and productive language use. Instruction incorporates language objectives alongside content objectives, and students receive explicit instruction in listening, speaking, reading, and writing to build proficiency across all domains. Materials and programs such as HMH Into Reading, FUNdations, Heggerty, and Illustrative Math are used, adapted with ENL methodologies.

Dual Language Bilingual Education (DLBE – English/Spanish):
In our Dual Language program, students receive 50% of instruction in English and 50% in Spanish, alternating daily. Grade-level core content (ELA, Math, Science, Social Studies) is taught in both languages, aligned with the NGLS. The curriculum in both languages is planned intentionally to support cross-linguistic transfer and biliteracy development, with lessons that build metalinguistic awareness, reinforce academic vocabulary in both languages, and promote translanguaging when appropriate. Teachers use strategies such as parallel lesson planning, anchor charts in both languages, cognate identification, language bridging, and thematic units that connect content across languages. Instructional materials include HMH Into Reading, Arriba la Lectura, Estrellita, and Illustrative Math in English and Spanish, ensuring students meet academic benchmarks while developing bilingual proficiency.

Across all programs, our state-certified and highly trained teachers use a culturally responsive approach to meet students' diverse needs. Lessons are differentiated and designed with small-group instruction, tiered supports through MTSS, and data-informed adjustments based on formative and summative assessments. Collaboration between ENL providers, general education teachers, and support staff ensures that ELLs have multiple access points to content and are continuously supported in their language and academic development.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At P.S. 123K, teachers of Multilingual Learners/English Language Learners (MLs/ELLs) use a range of instructional strategies, grade-level materials, and technology tools to ensure access to rigorous academic content while simultaneously accelerating English language development. Instruction is aligned to the Next Generation Learning Standards and tailored to meet the diverse needs of ELLs, including specific planning for subgroups such as ELLs with IEPs.

Across core content areas, teachers incorporate grade-level texts and tasks while embedding scaffolds that support language acquisition. For example, in ELA, students engage with texts from HMH Into Reading and Arriba la Lectura, which offer dual language support. Instruction is designed around the hallmarks of advanced literacy, including the development of academic vocabulary, text-based evidence gathering, and student discussion. Strategies such as language and summary frames, sentence stems, Thinking Maps, and visual supports help students access and process complex texts. Each ELA module begins with an SEL connection and a background knowledge-building component, which is essential for increasing comprehension and engagement.

In math, Illustrative Math is used in conjunction with i-Ready Math to provide scaffolded, conceptual learning. Teachers implement structured partner talk, math word walls, and visual models to support understanding of math language and problem-solving steps. Students use digital tools such as i-Ready, SORA, Raz-Kids, and Google Classroom to practice skills independently, receive feedback, and access leveled texts and assignments in both English and Spanish when available.

Translanguaging practices and the strategic use of students' home language are embedded across all subject areas. Teachers utilize bilingual resources and anchor charts, offer opportunities for students to draft or discuss ideas in their home language, and provide realia and TPR (Total Physical Response) to ensure content is comprehensible.

For ELLs with IEPs, teachers plan intentionally using both language proficiency data and IEP goals. Instruction for these students is delivered through co-teaching and small-group instruction, with both ENL and special education teachers collaborating to ensure students receive differentiated, accessible instruction. Tools such as speech-to-text, closed captioning, and interactive digital platforms like EdPuzzle and Nearpod are used to remove barriers to learning. These students also receive additional scaffolded materials, visual cues, and extended time when needed to support both language development and access to content.

Through ongoing data analysis, collaborative planning, and culturally responsive strategies, P.S. 123K ensures that all ELLs—including those with disabilities—are meaningfully engaged in grade-level learning while receiving targeted supports to grow their English language proficiency.

b. SIFE

For SIFE learners at P.S. 123K, our instructional approach is grounded in the belief that students' experiential knowledge, cultural identity, and home language are powerful assets in accelerating academic success and English language development. Instructional strategies are thoughtfully adapted to ensure access to grade-level content while bridging learning gaps resulting from interrupted education.

Teachers use diverse grade-level texts with structured background knowledge-building lessons to ensure students can connect new content to familiar experiences. Every ELA module is launched by explicitly linking the big idea to a social-emotional learning (SEL) theme and includes intentional support in building background knowledge. Teachers integrate summary frames, sentence stems, vocabulary organizers, and Thinking Maps to help students visualize and process academic vocabulary and concepts.

For SIFE learners, instruction is adapted to their unique learning profiles, often beginning with oral language development and foundational literacy, using programs such as Estrellita for Spanish-speaking students and FUNdations, Heggerty, and HMH Into Reading in English. Teachers employ translanguaging strategies, allowing students to access content in their home language when possible, and create language-rich environments using visuals, realia, TPR (Total Physical Response), and hands-on activities.

Technology tools such as i-Ready, Lalilo, Raz-Kids, SORA, and Google Classroom support independent practice, differentiated instruction, and multilingual access. These platforms allow for leveled assignments, audio support, and visual scaffolds, which are particularly beneficial for SIFE learners navigating both academic content and English acquisition.

Instruction emphasizes oral language development, writing in stages, and opportunities for meaningful communication, with teachers using small-group instruction, language modeling, and sentence-level supports. Teachers also regularly incorporate culturally responsive materials and provide flexible, trauma-informed supports based on students' histories and current academic/emotional needs.

Collaboration between ENL teachers, content area teachers, and support staff ensures SIFE learners receive individualized instruction aligned to both language development goals and grade-level standards, while building their confidence and maintaining high expectations for academic success—without exceptions.

c. Newcomers

For newcomer ELLs at P.S. 123K, we ensure a high-quality and equitable academic experience that supports both English language acquisition and access to grade-level content. These students receive their mandated ENL instruction from state-certified, well-trained ENL teachers who implement research-based ENL methodologies tailored to the linguistic and academic needs of newly arrived students.

Instructional strategies for newcomers include small group instruction, explicit modeling, visual supports, real-life connections, and the use of home language support (HLA) to build bridges to new content. Teachers consistently use scaffolded techniques such as sentence starters, visuals, repetition, and TPR (Total Physical Response) to ensure students comprehend and use academic language effectively.

Newcomers participate in authentic, meaningful academic activities that connect to real-world contexts, ensuring

language is learned in action. To build access, ENL teachers pre-teach academic vocabulary from grade-level diverse texts—including those from programs like HMH Into Reading, Arriba la Lectura, and Illustrative Math—so students encounter new concepts with confidence. Vocabulary strategies are a key part of every lesson, focusing on big idea words, generative academic terms, and multiple exposures across modalities (listening, speaking, reading, writing).

Thinking Maps are used across content areas to help students visualize thinking processes, build metacognition, and connect language to content learning. Background knowledge is intentionally developed before reading or problem-solving, with culturally relevant and linguistically responsive supports embedded throughout instruction.

We actively promote translanguaging, encouraging students to leverage their home language in class as a resource for learning. This might include bilingual dictionaries, labeled visuals, bilingual anchor charts, or allowing students to write or discuss in their first language before transitioning to English. All teachers are supported in understanding that a student's first language is an asset in learning a new language, and co-planning between ENL and content-area teachers helps align instruction.

Technology tools such as i-Ready, Raz-Kids, SORA, Lalilo, and Google Classroom provide leveled, engaging learning experiences that can be accessed in English and other languages. These platforms are used to reinforce reading and vocabulary, provide audio-visual scaffolds, and track progress in real time.

Together, these practices ensure that newcomer ELLs are supported holistically—linguistically, academically, and socially—while being held to high expectations with the right scaffolds to thrive in grade-level classrooms.

d. Long Term ELLs

N/A

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At P.S. 123K, our approach to supporting ELLs with IEPs (English Language Learners who are also Students with Disabilities) is rooted in inclusive, collaborative, and data-driven practices that prioritize instruction within the least restrictive environment while addressing both IEP goals and English language development.

All staff who work directly with an ELL-SWD—including classroom teachers, ENL providers, and related service providers—are required to read and acknowledge the student's IEP, signing off on a tracking document to ensure shared accountability and full awareness of goals, accommodations, and modifications.

Instruction is delivered in English with embedded linguistic supports, such as language and content objectives, visual aids, sentence frames/starters, graphic organizers, realia, and the use of home language (HLA) as a scaffold

when applicable. These strategies are used across all four language domains (listening, speaking, reading, and writing), and content areas, ensuring access and engagement for all learners.

Our doubly certified staff (TESOL/content or TESOL/special education) play a crucial role in both ICT and self-contained settings, where they co-plan and co-teach to ensure students' academic, linguistic, and social-emotional needs are met. They collaborate to align instruction with both IEP goals and language proficiency targets, ensuring that instruction is differentiated, culturally responsive, and standards-aligned.

Technology supports such as bilingual dictionaries, speech-to-text tools, captioned instructional videos, and visuals (via platforms like i-Ready, Lalilo, Nearpod, and Google Classroom) are used to reinforce language skills and build background knowledge, particularly in literacy and content vocabulary.

To support collaborative planning, AIS coaches, ENL teachers, SETSS providers, and related service providers are invited to participate in grade-level common planning times and data articulation meetings. These structures support tiered MTSS planning, flexible grouping, and strategic goal setting for small group instruction targeting both content and language objectives.

Service providers (e.g. speech, OT/PT, guidance, SETSS, AIS coaches, and ENL) coordinate with classroom teachers to create service schedules that respect instructional blocks and minimize disruptions to core instruction. These schedules are intentionally designed to allow for strategic co-planning of scaffolds, modifications, and individualized interventions based on ongoing progress monitoring.

Through this multi-tiered and collaborative approach, P.S. 123K ensures that ELLs with IEPs are given the appropriate supports and access to rigorous academic content and language development opportunities in inclusive settings that uphold the least restrictive environment principle.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At P.S. 123K, home language is seen as a valuable asset to student learning and is incorporated into instruction and assessment across our program models, specifically Dual Language Bilingual Education (DLBE) and English as a New Language (ENL).

In the Dual Language Bilingual Education (DLBE) model, students receive instruction in both English and Spanish, with an equal focus on developing literacy and academic language in both languages. Home language (Spanish) development is assessed through formative and summative assessments, including writing samples, student work aligned to grade-level standards, Estrellita assessments for foundational Spanish literacy, and performance-based tasks in Spanish. In addition, Renaissance STAR assessments are used to track students' progress in reading and math, with results used to inform instruction and support both English and Spanish literacy development.

In the ENL model, instruction is delivered in English, but students’ home languages are acknowledged and supported to help build comprehension and access to grade-level content. While students are not formally assessed in their home language academically, informal tools such as oral interviews, parent surveys (HLIS), classroom observations, and student self-expression in their home language help teachers identify language strengths and plan effective scaffolds.

Across both models, strategies such as cognate walls, bilingual dictionaries, labeled classroom visuals in multiple

languages, word banks, and opportunities for translanguaging are used to make content accessible. Teachers leverage students' linguistic backgrounds and create inclusive environments that affirm students' identities and promote academic growth.

By consistently integrating home language support into classroom practice and using appropriate assessments like STAR and Estrellita, P.S. 123K ensures that multilingual learners are both supported in their language development and provided access to high-quality academic content.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

To support collaboration as well as integrated services, MLL providers attend weekly data/common planning meetings as well as professional learning with the grade teams they service. In addition, the Bilingual/MLL coordinator supports teachers across the grades with modeling, co-planning, examining data, meeting with families as well as servicing. Professional learning on Mondays is scheduled so that 1x a month at least there are vertical meetings with DL and ELL teams.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Teachers undergo intentionally planned professional learning utilized resources from the ILT tool and in alignment with MTss during staff development days, Monday professional learning, and common planning sessions with the purpose to build teacher capacity and ensure a shared understanding for coherence across the school for instructional strategies and pedagogical practices that support MLLs.
Teachers are provided with ENL strategies and resources they can use to assist and support our ELLs in language acquisition. Articles and professional texts are made available to all teachers during the year. Such information consists of the various needs of our ELLs such as understanding new language development, specific strategies needed to support the development of listening, speaking, reading and writing skills, the various types of ELLs such as long term ELLs, newly incoming ELLs, and SIFE, multiple entry points, vocabulary development such as Tier I, II, III, and cognates, scaffolding techniques and developing vocabulary, and Language Allocation Policy discussions and planning. Teachers take part in inter-visitation visits across grades and classes. A follow up debriefing always takes place where best practices are discussed as well as next steps. Teachers turnkey information to other staff members during various times in the year and at grade meetings. The ENL providers are invited to participate in the grade's common planning period to align classroom and service provider support connected to student data for tier 1 core instruction, as well as tier 2 and 3 supports.
All members of our staff are involved in weekly teacher teams meetings where student work is analyzed . Team discussions are also gathered around the needs and learning trends of their students such as English Language Learners. They discuss successful and effective techniques that support the teaching of ELLs in developing skills in

reading, writing and math critical thinking skills as well as supporting our ELLs in all four modalities (reading, speaking, writing, and listening).
All the teachers in our school are encouraged to seek PD opportunities offered from NYSED, the District, the DOE, and other organizations.
Our PL plan ensures that all staff receive their CR Part 154 CTLE Mandated hours as we document the topics, dates, facilitator and have sign in for all topics including those that address ML/ELL instructional strategies and language acquisition supports, etc.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The Monday PL sessions and common planning embed ELL specific topics for all staff, as well as, provide cycles of differentiated learning connected to ELL strategies and methodologies. In addition, ELL instructional coaches from the District will utilized to provide support for our staff members both during professional learning, in-house, and through their offerings. Topics will include: making thinking visible via speaking and writing, intentional scaffolds and differentiation, explicit vocabulary instruction, use of word walls and sound walls and cognates to make meaning for learning, background knowledge development, reading/writing connections, use of decodables and explicit phonics, and understanding language deficiencies.

In addition to in-house opportunities, as a school we are always seeking opportunities for PLs outside of the school and teachers are encouraged to attend whether it be to be part of a task force with the district, attend central based sessions for CTLE or per session, etc, or with the UFT.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The following assessment is used to guide instructional planning for ELLs across all grades is the iReady diagnostic for ELA and Math. In grades K-2, Acadience is also used. For students in grades K-5, a phonics secondary diagnostic of CORE PHONICS, and Phonics for Reading when applicable is also utilized. The data is used to address targeted academic supports in conjunction with NYSESLAT, NYSITELL and classroom data. ELLs may be provided additional academic support through A.I.S. or MTSS tiered supports.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Data is used to guide and intentionally plan instruction for ELLS while incorporating resources from the ILT tool and MTSS guide to ensure tiered instruction and supports are in place. As a school we have....

A.I.S. For ELA and Math: language of instruction is English.
Tier 2 and 3 for ELA & Math: language of instruction is English. All ELL subgroups targeted.
Tier 2 and Tier 3: Sounds Sensible, SPIRE, Reading Ready, Reading Rescue and Illustrative Math adaptation packs and K-5 math ECAM and Screeners .
After-School Academy for ELA & Math: language of instruction is English. All ELL subgroups targeted.
Title III After-School Academy: language of instruction is English. All ELL subgroups targeted.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

As part of the MTSS plan, students are assessed using a secondary diagnostic of Core phonics for ELA as well as ECAM in K-2 and Screeners in 3-5 for math. This data is used to plan for and create intentional tier 2 groups in which instruction takes places for Flex Phonics Fun in ELA and for small groups and centers in math using K-5 math. Data is examined across the problem solving cycle with set progress monitoring benchmarks where students are assessed for an adjustment and refinements to groups and/or instruction.
Throughout this process, as well as throughout the year, the school has a protocol in place for PPT referral to ensure that data is examined and the team can further discuss and plan for at risk or tier 3 interventions to take place as well as considerations for possible referral.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Each grade band uses curriculum-embedded (HMH Into Reading, HMH Arriba Lectura, FUNdations in k-2, Phonics for Reading 3-5, Illustrative Math) ongoing assessments (both formal and summative) to analyze, plan, inform their instruction, flexibly grouping their English Language Learners according to their linguistic and academic needs, and effectively support their ELL students. In addition, ongoing formal class discussions are utilized as an important data source to see a window to their learning, as well as Thinking Maps that illustrate students' critical thinking in their home language and English. All grades integrate an Inquiry and Research Project ALT task in ELA in which students gain knowledge and skills by working for an extended period of time to investigate and respond to an authentic, engaging and question, problem, challenge or topic related to SEL component and big idea of their ELA unit. Grades K-2 teachers are receiving support from the Universal Literacy Coach providing class and grade specific support to help children (including ELLs) in their literacy acquisition. In addition, all grades receive constant support from the A.I.S. Literacy and math, as well as, the MLL/Dual Language program coordinator.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Upon enrollment and during the ELL identification process, students are provided a questionnaire in both languages. If it is determined that the child is an ELL, they are given a teacher-made assessment that varies depending on the students age/grade.
This is to help assess the child's native language skills and measure their level in the 4 modalities if possible. If the child is indeed deemed as an ELL with a home language of Spanish, they also take the Spanish Lab which is another measurement.
ELLs in Dual Language classes are evaluated in their native language using STAR Renaissance to assess language proficiency levels. Throughout the academic school year, students are provided both formative and summative assessments to monitor the levels, progress, and needs of the students.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At P.S. 123K, home language is seen as a valuable asset to student learning and is incorporated into instruction and assessment across our program models, specifically Dual Language Bilingual Education (DLBE) and English as a New Language (ENL).

In the Dual Language Bilingual Education (DLBE) model, students receive instruction in both English and Spanish, with an equal focus on developing literacy and academic language in both languages. Home language (Spanish) development is assessed through formative and summative assessments, including writing samples, student work aligned to grade-level standards, Estrellita assessments for foundational Spanish literacy, and performance-based tasks in Spanish. In addition, Renaissance STAR assessments are used to track students' progress in reading and math, with results used to inform instruction and support both English and Spanish literacy development.

In the ENL model, instruction is delivered in English, but students' home languages are acknowledged and supported to help build comprehension and access to grade-level content. While students are not formally assessed in their home language academically, informal tools such as oral interviews, parent surveys (HLIS), classroom observations, and student self-expression in their home language help teachers identify language strengths and plan effective scaffolds.

Across both models, strategies such as cognate walls, bilingual dictionaries, labeled classroom visuals in multiple languages, word banks, and opportunities for translanguaging are used to make content accessible. Teachers leverage students' linguistic backgrounds and create inclusive environments that affirm students' identities and promote academic growth.

By consistently integrating home language support into classroom practice and using appropriate assessments like STAR and Estrellita, P.S. 123K ensures that multilingual learners are both supported in their language development and provided access to high-quality academic content.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

At P.S. 123K, the ELL/Bilingual Coordinator, in collaboration with the Testing Coordinator and school administration, develops and implements a comprehensive NYSESLAT administration plan to ensure that all ELLs are assessed annually in accordance with NYSED guidelines.

To ensure full participation, the ELL/Bilingual Coordinator cross-references ELL rosters in ATS and coordinates with ENL service providers, ICT teachers, and classroom teachers to confirm the eligibility and accommodations for each student, including those who are ELLs with IEPs. The testing team, which includes the ELL/Bilingual Coordinator, Testing Coordinator, Assistant Principal, ENL Teachers, and selected classroom teachers, meets to organize logistics and create a detailed testing schedule.

Administration and Scoring Staff:
The following staff members are trained to administer and/or score the NYSESLAT:
Diana Nunez, ELL/Bilingual Coordinator – Administers and scores

Samantha spangel Testing Coordinator – Oversees logistics,

Ania Luebcka, Alison GuizanENL Teacher – Administers, Scores

Donna yaipen, Clarice Yellen, Delia Mine, Teresa Ruiz, Lynn Pepe, Delia Mine, Rachel Bickett, Ashely Caprinello ,Classroom Teacher – Administers

Note: Staff who administer the NYSESLAT do not score their own students, in compliance with DOE regulations. All scorers participate in NYSESLAT scoring professional development prior to the scoring window.

Instruction During Testing:
To ensure mandated ENL services continue during the testing period, the schedule is built to allow ENL providers to conduct instruction before or after testing sessions. Additional staff support, including push-in services, is provided where necessary. If an ENL teacher is pulled to administer the assessment, service schedules are adjusted to ensure all ELLs still receive their required ENL minutes weekly, without disruption.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The testing coordinator and Bilingual/MLL coordinator review all students' IEPs who are ELLS and their accomdations to include in testing pans such as a scribe, seperate location, etc.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our school ensures that families of newly identified ELLs receive the required ELL Program Orientation in accordance with CR Part 154. Families are invited to an annual orientation held in early October, where the ELL identification process is reviewed, and we explain what each English proficiency level means in terms of the instructional hours their child will receive to meet their English Language Proficiency (ELP) goals. We also provide an overview of the Next Generation Learning Standards (NGLS) and how they relate to classroom instruction. Families receive brochures and explanations of the NYSITELL and NYSESLAT assessments. In addition, we review the three ELL program models recognized in New York State—Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language (ENL)—regardless of whether our school currently offers all of them, so that families understand their options and rights. To support meaningful engagement, translation and interpretation services are provided in families' preferred languages, and materials are distributed in multiple languages. We offer the orientation at accessible times and formats (including evening and virtual options when needed) to support attendance. All evidence of compliance, including sign-in sheets, agendas, and presentation materials, is maintained in the MLL/Bilingual Coordinator's office. This process ensures that families are well-informed and that students are placed appropriately in language instruction programs.
These meetings as well as all meetings are translated in Spanish by bilingual staff and are conducted by MLL/Bilingual Coordinator and MLL providers.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

P.S. 123K values and respects parental involvement in all aspects of their children's education. To meet the requirements of the Annual Individual Meeting (distinct from the ELL Program Orientation and DOE parent-teacher conferences), our school uses Parent Engagement Tuesdays and other flexible scheduling options to hold one-on-one meetings with families of ELLs. These meetings are led by the ENL/Bilingual Coordinator and ENL teachers, who review each student's language proficiency assessment results (NYSITELL/NYSESLAT), language development goals, and progress across the four domains of language (listening, speaking, reading, and writing) in all content areas. Teachers also share strategies for supporting language development at home. Meetings are conducted in person, by phone, or virtually (Google Meet) to accommodate family needs, and records of all meetings are maintained by the teacher or coordinator, including dates, notes, and attendance logs. Translation and interpretation services are provided through the DOE Language Line or bilingual staff using our internal interpreter/translator list to ensure families can meaningfully participate in their preferred language. These individualized meetings strengthen the home-school connection and ensure families are fully informed partners in their child's language development.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

At P.S. 123K, we prioritize strong family partnerships by ensuring that all school communications and documents are provided in the language families best understand. Upon registration, the school secretary records each family's preferred language in ATS, and this information is regularly reviewed by the ENL/Bilingual Coordinator to ensure accuracy and to generate ATS reports that guide our communication efforts. All written communications—including flyers, letters, and digital messages—are translated into the home languages of our families and shared through multiple channels, such as backpack mail, Class Dojo, Google Classroom, and school-wide emails. Families can respond or initiate communication in their home language either in writing or verbally. To support this, we use bilingual staff members, our school's internal interpreter/translator list, or the DOE's Translation and Interpretation Unit (Language Line) when needed, including during meetings, workshops, and phone calls. The Parent Coordinator and ENL/Bilingual Coordinator work together to ensure all families, regardless of language background, are actively included in school life and can fully engage in their child's education. We also provide free ENL classes for parents through a partnership with District 79 Adult Education, and host regular family workshops on topics like digital literacy, SEL, foundational literacy skills, and cultural celebrations. Events are offered in person and virtually, during and after school hours, to accommodate diverse family schedules. This inclusive approach ensures that all families feel heard, respected, and able to meaningfully engage with our school community, regardless of their English proficiency.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At P.S. 123K, we are committed to empowering the families of Multilingual Learners (MLLs) through monthly "Coffee and Conversations" and a range of family workshops led by the MLL/Bilingual Coordinator, school leadership, and instructional staff. These sessions provide opportunities for families to connect directly with the school team, ask questions, and engage in learning that supports their child's English Language Proficiency (ELP) and academic growth at home. Workshop topics include: modeling FUNdations routines for early literacy, read-aloud strategies and questioning techniques, math strategies such as counting collections and problem-solving, a breakdown of the Next Generation Learning Standards (NGLS), and how to use digital tools like SORA, Raz-Kids, and i-Ready. School-wide family events such as Career and Leadership Day, STEAM Expo, publishing parties, and holiday celebrations further strengthen the home-school connection. To ensure equitable participation, all events and workshops include interpretation through bilingual staff or the DOE's Translation and Interpretation Unit (Language Line), and materials are shared in families' preferred languages. MLL families are intentionally invited and encouraged to attend, with outreach done through translated flyers, digital platforms, and phone calls. We regularly assess family needs through parent surveys, and input is gathered through our School Leadership Team (SLT) and Parent Association (PA), both of which include family voices and serve as platforms for parents to express what types of engagement, support, and communication they value most. This feedback guides our planning and helps ensure that all engagement opportunities are relevant, accessible, and responsive to the needs of our diverse community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At P.S. 123K, we actively ensure that families of Multilingual Learners (MLs/ELLs) are aware of and encouraged to participate in family leadership opportunities such as the Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC). Both the PA and SLT are designed to serve as important platforms where families can voice their concerns, share ideas, and collaborate with school leadership to improve the school community. To increase accessibility and transparency, we share the names and photos of all PA members on a digital platform that is accessible to all families, so everyone knows who represents them. The election process for these leadership positions is conducted with equity and inclusivity in mind: all communications about nominations, voting procedures, and meeting dates are translated into families' home languages and shared through multiple channels, including digital messaging, printed flyers sent home, and phone outreach. Elections follow a clear, democratic process based on votes from all interested families, ensuring that every family has a fair opportunity to participate regardless of language or background. By maintaining this open, multilingual approach, we ensure that all families of MLs/ELLs can actively engage in school governance and leadership roles.

All meetings are also shared on monthly calendar that goes home via backpack and dojo and translated with reminders.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At P.S. 123K, we value strong culturally and linguistically responsive partnerships that support the diverse needs of our school community. Our ongoing collaboration with the Coalition for Hispanic Families provides afterschool programming that integrates academics, social-emotional learning, and the arts, while also involving families in monthly cultural celebrations that honor diversity and build community. The Coalition's staff works closely with our School-Based Support Team (SBST) to identify and respond to family needs related to housing, employment, referrals, and mental health, ensuring families receive comprehensive, culturally sensitive support.

In addition, our partnership with District 79 Adult Education offers English language classes for parents, empowering families to enhance their own learning and better support their children's academic growth. Our Parent Coordinator connects families to Make the Road New York, a community organization that provides vital education, health, and legal services in families' home languages. The school's STH social worker collaborates with Floating Hospital to link families to necessary medical and mental health resources tailored to community needs.

To address food insecurity and promote healthy lifestyles, we partner with Brighter Bites, which supplies free fruits and vegetables twice monthly, alongside CATCH lessons for students on nutrition and wellness. Additionally, we work with Stop & Shop to operate an in-house HOPE Pantry and Boutique, offering food, clothing, and toys to families in need.

These partnerships collectively create a welcoming, affirming environment for our multilingual learners and their families while providing vital academic, social-emotional, health, and basic needs supports that reflect the cultural and linguistic diversity of our school community. We continually seek to expand and strengthen such collaborations to meet evolving family needs in a responsive and inclusive manner.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

As we further build teacher capacity, teachers and bilingual certified teachers are in the process or looking at receiving their TESOL certification. Teachers are also participating in district or central led PL on topics such as translanguaging and the science of reading, as well as language keys for MLLs.
Our school has been selected to apply for the Bilingual Teacher Leader Capacity Building Initiative from the Office of Multilingual Learners. This opportunity will support our work with Multilingual Learners by strengthening bilingual instruction through teacher leadership, coaching, and access to expert professional development. If selected, the school will receive funding for coverage and per session time to support these activities. This initiative highlights our commitment to building strong programs that help MLLs thrive academically and linguistically.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

MLL/Bilingual Programs Coordinator
ENL Providers also support with the process

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At our school, the ELL identification process is a coordinated, year-round effort that ensures all multilingual learners, including those with Individualized Education Plans (IEPs), are accurately identified and receive timely, mandated services. During student intake, the registration secretary and the MLL/Bilingual Programs Coordinator collaborate to ensure families complete the Home Language Identification Survey (HLIS). The MLL Coordinator reviews the HLIS and, if a language other than English is indicated, the student is referred to the school's Language Proficiency Team (LPT). The LPT determines eligibility for the New York State Identification Test for English Language Learners (NYSITELL), which is administered within 10 school days by either the MLL/Dual Language Programs Coordinator or a certified ENL provider. If the student's home language is Spanish, they also receive a Spanish Lab assessment to better inform instructional planning.

Following assessment, parents are invited to a meeting where results and program options—ENL or bilingual, where available—are explained in the family's preferred language. Parent choice is documented at this stage, and students are then programmed for appropriate services in ATS and STARS Classroom. Services begin immediately after placement. For students with IEPs, the Committee on Special Education (CSE) works closely with the ENL and special education staff to align language services with special education supports, ensuring full compliance without overlap or interruption. Additionally, newly arrived students in grades 3 and above are screened for SIFE status using the SIFE Oral Interview Questionnaire. If identified as SIFE, the student takes the MLS Screener, and results are shared with classroom teachers and ENL providers to inform targeted support.

To prevent service disruption for current and incoming ELLs, the school proactively plans staffing and scheduling each term. The intake team is trained to meet identification timelines, and services are adapted swiftly as students enroll. Bilingual staff and translated communication tools ensure families are fully engaged throughout the process. Once identified, ELLs receive instruction matched to their proficiency level, delivered through stand-alone or integrated ENL models. Providers coordinate closely with classroom teachers to mirror academic content and use language development strategies. Former ELLs are monitored for two years, with additional support offered as needed. SIFE students receive extra academic and social-emotional supports, and all families are connected to trusted adults through the ACE model. Our broader support team—which includes the guidance counselor, parent coordinator, social worker, and administrators—ensures that multilingual learners and their families are welcomed, informed, and well-supported.

This comprehensive process ensures compliance with all 10 steps of the NYC DOE's ELL identification policy while prioritizing timely instruction and individualized support for all current, former, and incoming ELLs, including those with IEPs.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Donna Stalzer

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Diana	Nunez	Teacher - Bilingual	12/05/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	1	0.13%	0	0.00%	0	0
CHINESE ANY	2	0.26%	2	0.26%	0	0
FRENCH	6	0.77%	6	0.77%	0	1
FULANI	0	0.00%	1	0.13%	0	0
KRIO	1	0.13%	1	0.13%	0	0
ENGLISH	238	30.71%	238	30.71%	80	80
SPANISH	526	67.87%	527	68.00%	40	46

SETSWANA	1	0.13%	0	0.00%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly class/grade newsletters	To ensure timely translation of documents for families, we identify language needs using HLIS, ATS data, NYSCA, Emergency card info, etc and review all outgoing communications in advance to plan for translation. We utilize qualified bilingual staff in-house to complete translations, which are reviewed for accuracy and clarity before being sent out. When in-house resources are not sufficient, we submit requests to the Office of Language Access. Translated documents are sent home via backpacks, shared through platforms like Class Dojo or posted on the school website as needed.
Monthly school calendar	To ensure timely translation of documents for families, we identify language needs using HLIS, ATS data, NYSCA, Emergency card info, etc and review all outgoing communications in advance to plan for translation. We utilize qualified bilingual staff in-house to complete translations, which are reviewed for accuracy and clarity before being sent out. When in-house resources are not sufficient, we submit requests to the Office of Language Access. Translated documents are sent home via backpacks, shared through platforms like Class Dojo or posted on the school website as needed.
Family Event Flyers from School or District	To ensure timely translation of documents for families, we identify language needs using HLIS, ATS data, NYSCA, Emergency card info, etc and review all outgoing communications in advance to plan for translation. We utilize qualified bilingual staff in-house to complete translations, which are reviewed for accuracy and clarity before being sent out. When in-house resources are not sufficient, we submit requests to the Office of Language Access. Translated documents are sent home via backpacks, shared through platforms like Class Dojo or posted on the school website as needed.
IEPs and special ed documents	A Google form is completed by the teacher at parent request and meetings are scheduled in advance. Any psychoeducational reports are managed by the SBST team and coordinate with admin to work with a vendor for translation and utilize funds accordingly at parent request

Family letters	To ensure timely translation of documents for families, we identify language needs using HLIS, ATS data, NYSCA, Emergency card info, etc and review all outgoing communications in advance to plan for translation. We utilize qualified bilingual staff in-house to complete translations, which are reviewed for accuracy and clarity before being sent out. When in-house resources are not sufficient, we submit requests to the Office of Language Access. Translated documents are sent home via backpacks, shared through platforms like Class Dojo or posted on the school website as needed.
School Posts Socia Media	To ensure timely translation of documents for families, we identify language needs using HLIS, ATS data, NYSCA, Emergency card info, etc and review all outgoing communications in advance to plan for translation. We utilize qualified bilingual staff in-house to complete translations, which are reviewed for accuracy and clarity before being sent out. When in-house resources are not sufficient, we submit requests to the Office of Language Access. Translated documents are sent home via backpacks, shared through platforms like Class Dojo or posted on the school website as needed.
In person or virtual documents	If a parent's preferred language falls outside OLA's scope or capacity, PS 123K will identify the language (using 'I Speak' tools) and immediately request a qualified interpreter/translator through DOE-contracted telephonic/video services. If still unavailable, we will reschedule as needed to secure professional support from vetted community-based partners/embassies (never students or untrained staff) and document the assistance provided

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Association	We provide interpretation for family meetings by utilizing qualified in-house bilingual staff, including administrators, teachers, and the parent coordinator, to ensure families can fully participate and understand important information. When needed the language interpretation line is used.
Coffee and Conversations with Admin	We provide interpretation for family meetings by utilizing qualified in-house bilingual staff, including administrators, teachers, and the parent coordinator, to ensure families can fully participate and understand important information. When needed the language interpretation line is used.
Family Workshops	We provide interpretation for family workshops by utilizing qualified in-house bilingual staff, including administrators, teachers, and the parent coordinator, to ensure families can fully participate and understand important information. When needed the language interpretation line is used.
Family Engagement Events	We provide interpretation for family meetings by utilizing qualified in-house bilingual staff, including administrators, teachers, and the parent coordinator, to ensure families can fully participate and understand important information. When needed the language interpretation line is used.

PTC	We provide interpretation for family meetings by utilizing qualified in-house bilingual staff, including administrators, teachers, and the parent coordinator, to ensure families can fully participate and understand important information. When needed the language interpretation line is used.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of an emergency, our school uses multiple resources to communicate with families in their preferred language. We utilize bilingual staff members, including administrators, teachers, and the parent coordinator, to assist with urgent communication when available. When needed , we use the DOE's over-the-phone interpretation service to ensure accurate, real-time communication for languages we do not have staff available for. Emergency notifications, such as lockdowns or urgent health concerns, are also sent through translated messages on platforms like Class Dojo and via direct phone calls. When parents contact the school in an emergency, we use the same methods to ensure they are understood and supported in their home language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC platform by setting clear deadlines and monitoring completion through internal tracking. Reminders and follow-ups will be sent via email and during staff meetings to ensure full participation. During professional development sessions, we will review the Best Practices for When to Provide Translation of Critical Written Communications and Interpretation for Critical Oral Communications to ensure all staff are familiar with their responsibilities. This information will also be posted on the staff digital infohub. Our Galaxy-designated Language Access Coordinator (LAC) will share future language access updates and resources with staff through staff meetings, email communications, and a shared digital folder to ensure continued awareness and compliance across the school community.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our school informs parents about available language assistance services in their preferred language through multiple methods. Translated signage is posted in main areas of the school, including the main lobby, main office and parent coordinator's office, to clearly communicate the availability of interpretation and translation services. We distribute the Language Access for NYC Public Schools Families brochure and other translated flyers and letters at the start of the year and during key events. Language assistance services are also highlighted during parent engagement events such as PA meetings, family events, and in house parent meetings and workshops. In addition, we use messaging platforms like Class Dojo to share information with families in their home language, ensuring ongoing access and awareness.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the feedback collected through OLA's Translation & Interpretation Feedback Survey, our school gathers input from parents regarding language assistance services through informal check-ins with the parent coordinator, feedback available at family events, and discussions during PA and SLT meetings. We also use short surveys distributed in families' preferred languages during parent-teacher conferences and other engagement opportunities to assess the effectiveness of translation and interpretation support. This ongoing feedback helps us identify areas for improvement and ensures we are meeting the language access needs of all families.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our school has worked to improve its language assistance services by increasing staff awareness of available DOE translation and interpretation resources and ensuring more consistent use of these services when communicating with families. Based on parent feedback and informal conversations during school events, we learned that families appreciate receiving information in their home language both for in person communication and with translated materials. For the upcoming school year, we plan to strengthen our procedures by continuing to provide staff training to ensure language access remains a priority across all school interactions. We will also be exploring the DOE family communication operations system as we currently use Dojo.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Total number of ELLs to be served in this program:

120

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

5

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

1

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Rationale: In order to support learning and foster community involvement, we use a portion of our Title III, funding to create supplementary programs for ELLs and their families.
The direct instruction component: Before and After School Program (in person)
Subgroups and grade levels of students to be served:
Each test band will have one teacher. All classes will be done in person. Each teacher will service about 15-20 ELL students with mixed language progression levels. The students will be instructed by a certified teacher in Bilingual and/or ENL or a highly qualified common branch teacher who coplans with a tesol or bilingual teacher on Fridays in afterschool from 2:30pm-4pm, as well as other students 2 mornings a week in the morning from 7:14am-7:59m.

Schedule and duration:
1x a week Fridays. 2:30pm-4:00pm from november 7, 2025 - May 9, 2026 or 2x morning a week 7:14am-7:59am from November 4, 2025- May 9, 2026
Language of instruction: English with Spanish used as a scaffold for support.
and types of certified teachers: 5 ENL and/or bilingual teacher
Types of materials: Language Power, Phonics to Reading, and NYSESLAT Test prep materials for all domains including use of thinking maps
Instruction: Flexible grouping
Description: We have developed a before and after school program with the goal to assist the newcomer MLL/ELL students in acquiring Basic Interpersonal communication Skills (BICS) and assist in adapting to the new culture, as well as support our developing ELLs in strengthening their listening, speaking, reading and writing while acquiring language acquisition.
In order to provide these students with an equitable education and an opportunity to be academically successful, the program is designed to support our ELLs in their linguistic and cultural adaptation of either a new country/new learning style, surroundings, and ultimately acquiring language and attaining proficiency across all domains of reading, writing, listening and speaking.
Up to 6 groups consisting of grade K, 1, 2, 3, 4 and 5 will be offered to service students identified as MLL/ELL. Pending parent and pedagogue interest, there will be one class for Kindergarten, one classes 1st grade, one class for 2nd grade, one class for a 3rd grade, one for 4th grade, and one 5th grade class.
Five bilingual/TESOL certified teachers and one highly qualified common branch teacher who coplans with tesol certified teacher will be selected to teach the program. This will provide the MLLs/ELLs with an additional 1.5 hours of explicit instruction in English in addition to their already scheduled and provided ELL services during the school day. The language of instruction will be mainly English with Spanish as a scaffold/support to bridge cultural and linguistic similarities and make comparisons and connections between the languages. Teachers will use the NYS Bilingual New & Home Language Arts Progressions as a guide along with Language Power, From Phonics to Reading and NYSESLAT materials. Differentiated lessons to build language skills through activities that focus on reading, writing, listening, and speaking will take place each week with thematically grouped texts that are accompanied by essential questions, videos, and other visual inputs that build academic language, content-area literacy, and critical-thinking skills, as well as provide ample opportunities for students to produce language and make personal connections to self, family, and language by sharing their experiences and celebrating their home cultures and languages. The program will also incorporate curriculum resources such as Finish Line, Language Power or TEAM to

further support the 4 modalities. These materials may be at cost to the program but not to exceed 20% of the total allocation.

The in person program will be supervised by administration at cost to the program for the hours of 2:46pm-4:16pm to support the program as well as closure and safe student dismissal. The supervisor's regular schedule is during the instructional workday from 6:45am-2:45pm.
Students Attendance will be taken either via a digital or paper document.

Each session's lesson will have a summative tool (e.g. quick test, exit slip, task to complete, and etc.) Teachers will review the
child's attendance, participation, progress, and product to adjust future lessons and plan accordingly to support the children's academic and linguistic needs.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Rationale: The Title III ELL instructional program at PS 123K is designed to provide targeted before- and after-school language development supports for multilingual learners, the majority of whom are newcomers performing at Entering, Emerging, and Transitioning proficiency levels. According to Spring 2024 NYSESLAT data, only 39% of tested ELLs achieved sufficient progress, leaving over 60% without adequate gains in English proficiency. Reading and writing, in particular, surfaced as significant areas of weakness across grades 2–5, while speaking skills showed relative strength.

These patterns demonstrate a critical need for structured, extended-time opportunities beyond the regular school day to focus on foundational literacy, academic vocabulary, and complex language production, especially in writing. With 85% of our ELLs identified as newcomers and more than half living in temporary housing, consistent academic language enrichment outside core hours is essential to accelerate their language development and close achievement gaps.

Title III-funded before- and after-school instructional supports will provide small-group targeted language instruction and opportunities to build academic vocabulary, strengthen reading comprehension, and improve writing skills in a safe, culturally responsive setting. These supports will directly address the literacy skill gaps highlighted by NYSESLAT trends and support students in progressing to higher levels of English proficiency.

Data sources used to justify these instructional services include:

2024 NYSESLAT proficiency and growth data

NYCPS ELL Early Warning Indicators

ELL enrollment data on newcomer status and temporary housing

In-house formative literacy progress monitoring

This approach ensures our Title III resources are aligned to the most urgent instructional needs of our multilingual

learners.

Iready data will continue to be looked at to drill down to the root cause as well as secondary diagnostics for foundational phonemic awareness and phonics from core phonics.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The program will focus on the priority subgroups including Newcomers (0-3 years of service) and Developing ELLs (4-6 years of service) with Up to 6 groups consisting of grade K, 1, 2, 3, 4 and 5 will be offered to service students. Pending parent and pedagogue interest, there will be one class for Kindergarten, one classes 1st grade, one class for 2nd grade, one class for a 3rd grade, once class for 4th grade, and one 5th grade class.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The students will be instructed by a certified teacher in Bilingual and/or ENL or highly certified common branch on Fridays in afterschool from 2:30pm-4pm or 2 mornings a week from 7:14am-7:59am
Schedule and duration:

1x a week Fridays. 2:30pm-4:00pm from november 7, 2025 - May 9, 2026 or 2x morning a week 7:14am-7:59am from November 4, 2025- May 9, 2026

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction will be mainly English with Spanish as a scaffold/support to bridge cultural and linguistic similarities and make comparisons and connections between the languages.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Five bilingual/TESOL trained teachers and at least one common branch certified teacher who will coplan with TESOL or bilingual certified teacher that will be selected to teach the program.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Types of materials:
Teachers will use the NYS Bilingual New & Home Language Arts Progressions as a guide along with Language Power, From Phonics to Reading and NYSESLAT materials.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The school will maintain records of ELLS served in the program via signed permissions slips and student rosters and attendance from program sessions, as well as via work samples for progress monitoring as teachers include in each lesson a summative tool (e.g. quick test, exit slip, task to complete, and etc.) Teachers will review the child's attendance, participation, progress, and product to adjust future lessons and plan accordingly to support the children's academic and linguistic needs.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Rationale: The professional development program will equip educators with the understanding and tools necessary to provide high-quality, culturally and linguistically responsive instruction with an emphasis on "Keys to Advance Language and Literacy Development for Multilingual Learners". The focus will be to address common misconceptions and outline key actions and asset-based strategies applicable across all subjects, grades, and various instructional programs for our 123k MLL leaders.

Teachers to receive training: All teachers.
Schedule and duration: 2025-2026 Professional Development will take place one Monday a month from 2:20pm-3:20pm as well as being consistently integrated throughout all PLs and data based common planning that teachers across grades engage in 1x a week. In addition, teachers whom will be teaching in the program will be provided days of planning time at no cost to the program.
For planning and PD time, they will become familiar with Language Power, From Phonics to Reading and NYSESLAT Test materials, learn how to use it, and pace lessons used during the instructional sessions, get to know their who their students are and do family outreach.

Record Maintenance: Staff will sign paper based or via digital form used to capture attendance.
Name(s) of provider: PD sessions are conducted by the administrators, MLL/Dual Language Coordinator, Coach, Teacher leads, District 32 team leads and other invited guests. The providers are highly-qualified and experienced in accommodating ELL students' needs and fostering learning for progress.
Expectations (Impact): It is expected that all staff internalize and put into practice skills and strategies learned at PD sessions. This will enable the staff members to enrich their craft and tailor their instruction to the needs of the individual student. In turn, student performance will improve.

Professional development activities will not be funded by Title III funds.

Series Topics to be covered for Multilingual Learner & ELL Professional Learning Series 2025–2026

Session Time: Mondays, 2:20–3:20 pm

Facilitators: Admin + Instructional Coach
Audience: Teachers (general education, ENL, bilingual, and special education) + paraprofessionals

September – Data Launch & ELL Landscape

Focus:
-Review NYSESLAT, iReady, formative assessments, and enrollment data
-Identify ELL subgroups (newcomers, developing, LTELLs, ELLs with IEPs)
-Establish schoolwide ELL goals
- Orient staff to the *Keys to Advance Language and Literacy Development* framework

October – Key 1: Recognize and Build on What MLs/ELLs Bring

Focus:
-Asset-based approaches
-Funds of knowledge
-Building learner profiles
-Using home language strategically

Interwoven Data:
* Teachers bring learner profiles and data from September
* Teams examine student strengths and cultural assets

November – Key 2: Engage MLs/ELLs in Grade-Level Content

Focus:
- Dismantling the “simplify for ELLs” myth
- Grade-level rigor with scaffolds
-Pre-teaching vocabulary
-Meaningful text access

Interwoven Data:

* Analyze unit-level performance data
* Identify content gaps that ELLs face

December – Key 3: Integrate Language Across Subjects and Units

Focus:
-Embedding language objectives in unit planning
-Integrating speaking, listening, reading, and writing
-Modeling metacognitive strategies

Interwoven Data:

* Use student writing samples to identify language patterns
* Teams plan cross-curricular language supports

January – Midyear Data Review & Progress Monitoring

Focus:
-Revisit student progress on NYSESLAT interim goals, iReady, or benchmarks
-Update priority lists
-Adjust supports based on midyear data

Interwoven with Keys:

* Revisit Keys 1–3
* Identify which strategies have been successful

February – Key 4: Strategically Partner and Group MLs/ELLs

Focus:
-Flexible grouping
-Peer interactions
-Partner talk structures

Interwoven Data:

* Grouping strategies targeted for students with slow progress
* Use language proficiency data to adjust grouping

March – Key 5: Collaborate for ML/ELL Success

Focus:
-Co-planning and co-teaching models
-Shared routines and structures
-Communication across roles

Interwoven Data:

* Review progress by subgroup (newcomers, developing, LTELLs, ELLs with IEPs)
* Identify students needing more integrated supports

April – Key 6: Prioritize Growth and Progress

Focus:
- Growth mindsets
-Using multiple measures
-Reflecting on instructional adjustments

Interwoven Data:

* Plan for upcoming NYSESLAT
* Use mock writing and oral tasks to identify immediate student needs

May – Showcase & Reflect

Focus:
-Teachers and paras share successes
-Highlight student progress stories
-Revisit key data
-Identify remaining gaps

Interwoven Data:

* Share NYSESLAT practice data
* Look for final intervention opportunities

June – Celebration & Next Steps

Focus:
-Celebrate growth
-Reflect on teacher learning
-Identify next year's professional priorities
-Capture lessons learned

Interwoven Data:

* Final student progress celebration
* Staff survey to shape future ELL/ML PD

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Rationale: The professional development program will equip educators with the understanding and tools necessary to provide high-quality, culturally and linguistically responsive instruction with an emphasis on "Keys to Advance Language and Literacy Development for Multilingual Learners". The focus will be to address common misconceptions and outline key actions and asset-based strategies applicable across all subjects, grades, and various instructional programs for our 123k MLL leaders.

The sessions will be designed to support staff as they plan, develop, and deliver lessons and units using evidence-based scaffolds and practices to strengthen instruction for multilingual learners and English language learners

(MLs/ELLs) based on teacher data from evaluative observations, learning walks, as well as from an analysis of data from NYSESLAT and screeners and secondary diagnostics in which these were trends noted for additional support needed, as well as from teacher responses from in house and feedback conversations for further areas of growth wanted/needed.

Monthly 2025-2026 Series: Keys to Advance Language and Literacy Development for Multilingual Learners

September – ELL Data Landscape & Goal Setting

October – Key 1: Recognizing and Building on What MLs/ELLs Bring

November – Key 2: Engaging MLs/ELLs in Grade-Level Content

December – Key 3: Integrating Language Across Subjects and Units

January – Midyear Data Review & Progress Monitoring

February – Key 4: Strategic Partnering and Grouping for MLs/ELLs

March – Key 5: Collaborating for ML/ELL Success

April – Key 6: Prioritizing Growth and Progress for MLs/ELLs

May – Showcase & Reflection on Practices

June – Celebrating Successes and Planning Ahead

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers and paraprofessionals will receive PD during designated PL times on Monday afternoons from 2:20pm-3:20pm in addition to having information embedded/interwoven in weekly grade and MLL data dive planning with admin and coaches.

Professional development activities will not be funded by Title III funds.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**

- **Time and duration of sessions.**

1x a month on Mondays from 2:20pm-3:20pm across the 2025-2026 school year beginning September 2025-June 2026 for 10 sessions

Professional development activities will not be funded by Title III funds.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The professional development will equip educators with the understanding and tools necessary to provide high-quality, culturally and linguistically responsive instruction with an emphasis on "Keys to Advance Language and Literacy Development for Multilingual Learners". The focus will be to address common misconceptions and outline key actions and asset-based strategies applicable across all subjects, grades, and various instructional programs for our 123k MLL leaders.

The sessions will be designed to support staff so that they plan, develop, and deliver lessons and units using evidence-based scaffolds and practices to strengthen instruction for multilingual learners and English language learners (MLs/ELLs).

Monthly 2025-2026 Series: Keys to Advance Language and Literacy Development for Multilingual Learners

September – ELL Data Landscape & Goal Setting

October – Key 1: Recognizing and Building on What MLs/ELLs Bring

November – Key 2: Engaging MLs/ELLs in Grade-Level Content

December – Key 3: Integrating Language Across Subjects and Units

January – Midyear Data Review & Progress Monitoring

February – Key 4: Strategic Partnering and Grouping for MLs/ELLs

March – Key 5: Collaborating for ML/ELL Success

April – Key 6: Prioritizing Growth and Progress for MLs/ELLs

May – Showcase & Reflection on Practices

June – Celebrating Successes and Planning Ahead

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The following with support professional Development planning and facilitation :

Ms. Nunez (MLL Coordinator)
Ms. Lubecka, Ms. Guizan (ELL certified Teachers)
Ms. Almache, Ms. Rivas, Ms. Chaudhary, Mr. Aviles (Bilingual Certified Team)
Ms. Walters (Peer Collaborative Coach)

Mrs. Stalzer, Ms. Spangel and Mrs. Martinez (Admin)

Teresa Vera and Amanda Pisino (D32 Coaches)

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

As mentioned above, documentation will be maintained via digital or paper based sheets for attendance with teachers/staff attendance, date, time and duration, as well as resource being maintained

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

In order to strengthen partnerships with families of multilingual learners and support students' language and academic growth, PS 123K will offer a series of monthly family engagement activities aligned to the needs of our newcomer and developing ELLs, across language proficiency levels. These workshops will be provided through in-person sessions as well as virtual meetings to ensure accessibility for all families. Topics will focus on equipping families with tools and resources to support language development and content-area learning at home, while building confidence in navigating the school system.

All workshops will be promoted through Class Dojo, the school website, monthly calendars, flyers in home languages, and social media. In addition, our Language Access Coordinator will continue to work with staff and parents to eliminate language barriers, providing interpretation services in Spanish and other languages upon request. Workshops will be delivered in English and Spanish, with additional language support available as needed.

Title III ELL funds will support a portion of these activities, including teacher and admin per-session costs for evening workshops, and limited vendor esources for materials. All costs will comply with Title III requirements, with no more than 10% allocated for family engagement allocated at about $1824 and no more than 20% of the allocation at $3648 reserved for OTPS.

Monthly Topics (5:00 pm, Title III funded)

* September: Supporting a Smooth Transition Back to School – Academic and Social-Emotional Strategies for Newcomer Families
* October: Understanding the NYC School System – Your Rights and Your Child's Language Services
* November: Homework Help and Language-Rich Home Routines
* December: Building Academic Vocabulary and Oral Language at Home
* January: Foundations of Literacy – Supporting Early Reading in Any Language
* February: Supporting Reading Comprehension at Home with Limited English
* March: Helping Your Child With Math in a Multilingual Household
* April: Understanding the NYSESLAT and Supporting Test Readiness
* May: Bilingualism and Biliteracy – Raising Confident Multilingual Learners
* June: Preventing Summer Slide – Literacy and Language Activities for the Summer

Ongoing Engagement Structures

* Monthly Coffee & Conversations with administration and families to build trust and strengthen partnerships (not Title III funded).
* Monthly ENL Parent Orientations led by the ENL/DL coordinator to inform parents about identification, services, and program options.
* Parent Coordinator-led community resource workshops (citizenship, know your rights, nutrition, mental health) offered monthly.
* ENL Parent ESL classes (5 days per week, 8:30–11:42 am) to develop adult English skills and cultural competencies (not Title III funded).
* Monthly cultural and academic celebrations, including student showcases in literacy, math, art, and cultural heritage, to build family pride and understanding of academic growth.
* Ongoing translated communication of all policies and resources for critical documents such as the Family Handbook, ENL Entitlement Letters, and program descriptions.

Implementation Details

* Workshops scheduled monthly throughout the year
* Sessions held at varying times (9:00 am and 5:00 pm) to accommodate family work schedules
* Evening workshops (5:00 pm) will use Title III per-session funding
* Attendance tracked through Google Forms and/or paper sign in sheets
* Notifications in home languages
* Supported by Principal Mrs. Stalzer, APs Ms. Martinez, and Ms. Spangel and various staff members including but not limited to MLL Coordinator Diana Nunez, ELL teachers and various bilingual staff and Parent Coordinator Ms. Marisol Rivera

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

PS 123K is committed to providing family engagement activities that address the specific needs of our multilingual learner families, most of whom are newcomers and speak little or no English. Our rationale is rooted in both qualitative and quantitative data that highlight the importance of equipping families with tools to support their children’s language acquisition and academic growth at home.

Our quantitative data shows that the majority of our ELLs are performing at Entering, Emerging, or Transitioning levels on the NYSESLAT, and over 85% are newcomers to the U.S. school system. Many of these students come from homes where English is not spoken, and families themselves are often unfamiliar with the NYC public school system, curriculum expectations, and strategies to support language development. In addition, a significant percentage of our ELL students live in temporary housing, adding to the complexity of their needs and making targeted family engagement critical.

Our qualitative data sources include feedback from monthly Coffee and Conversations, in-house parent surveys, and input from our Parent Association (PA) and SLT families. Parents consistently express the need for:

-Help understanding the NYC school system and their rights regarding language services

-Strategies to assist with homework and language-rich home routines despite limited English proficiency

-Guidance on how to support literacy and math development at home in practical, manageable ways

-Clear explanations of assessments like the NYSESLAT and how to help their children prepare

-Flexible meeting times that accommodate work schedules, leading to the inclusion of both morning and evening sessions

We use these data points to design workshops that are practical, culturally responsive, and relevant. Sessions are offered at 9:00 am (no cost to Title III) and 6:00 pm (Title III per-session funded) to maximize family participation, based on family feedback indicating these are the most convenient times. All topics and formats are directly responsive to family voice, student data, and our schoolwide focus on supporting newcomer ELLs in both academic and language growth.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Title III ELL Family Engagement Activities Schedule

Activity Title: Monthly Family Engagement Workshops for ELL Families

Start Date: September 2025

End Date: June 2026

Total Number of Sessions: 10

Days of Sessions: One Tuesday or Wednesday per month (to align with family feedback on preferred days and avoid conflicts with other school events)

Time and Duration of Sessions:

Morning Session: 9:00 am – 10:00 am (no cost to Title III)

Evening Session: 5:00 pm – 6:00 pm (Title III per-session funded)

Location: In-person at PS 123K and virtually via Google Meet, based on family preference and language access needs. Teachers receiving per session will be in person at PS 123K.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topic: Supporting Reading Comprehension at Home with Limited English

March
Topic: Helping Your Child With Math in a Multilingual Household

April
Topic: Understanding the NYSESLAT and Supporting Test Readiness

May
Topic: Bilingualism and Biliteracy – Raising Confident Multilingual Learners

June
Topic: Preventing Summer Slide – Literacy and Language Activities for the Summer

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Supported by Principal Mrs. Stalzer, APs Ms. Martinez, and Ms. Spangel and various staff members including but not limited to MLL Coordinator Diana Nunez, ELL teachers and various bilingual staff and Parent Coordinator Ms. Marisol Rivera

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified of Title III ELL family engagement activities through multiple communication methods to ensure equitable access and wide reach. Notifications will be sent via letters home in student backpacks, posted on the school's website and social media accounts (such as Instagram), shared through the school's digital messaging system Class Dojo or NYCPS system, and included on monthly school calendars.

All communication regarding these activities will be translated into parents' or guardians' preferred languages, as recorded in the school's student information system, to ensure accessibility for all families. Notifications will be provided in both English and the family's preferred language.

During the family engagement events themselves, interpretation services will be made available to parents upon request. Spanish-speaking staff will provide live interpretation for Spanish-speaking families, while additional interpretation in other languages will be secured through the school's Language Access Coordinator or contracted services as needed. These supports will ensure all parents are able to fully participate, understand, and engage in the activities and workshops offered under the Title III ELL program.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Documentation will be maintained of these family engagement activities via flyers/invitations in families' preferred language and with coordinated sign in sheets from families and kept in office. Agendas and presentation information will be maintained in binder and/or digitally via google or canva slides

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)
