Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Magnet School of Leadership through Engineering

District Borough Number (DBN):

32K145

Grades Served:

3-K through Grade 5

School Address:

100 Noll Street Brooklyn, NY 11206

Phone Number:

718-821-4823

Fax:

718-417-3453

School Contact Person:

Julia Hynes

School Contact Person Email Address:

jhynes@schools.nyc.gov

Principal:

Julia Hynes

United Federation of Teachers (UFT) Chapter Leader:

Leonarda Di Giglio

Parents' Association President:

Yamali Torres

SLT Chairperson:

Andrea Blackman

Title I Parent Advisory Council Chairperson (PAC):

Rosalinda Ciudad

Student Representative(s) Middle /High School:

N/A

Student Representative(s) Middle /High School:

N/A

Community Based Organization (CBO) Representative:

Erica Louis-Jean

School-Based Students in Temporary Housing (STH) Liaison:

Alejandro LaTorre

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Julia Hynes	Principal or Designee*	
Leonarda Di Giglio	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Yamali Torres	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
NA	District Council 37 (DC 37) Representative (staff), if applicable	
Miguel Aponte	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
Erica Louis-Jean	CBO Representative, if applicable	
Megan Keller	Staff, Horizon ASD Coach	
Diana Pereira	Staff, Magnet Site Coordinator	
Avery Otero	parent- PTA	
Denisse Dominguez	parent- PTA	
Vanessa Bautista	parent- PTA	
NA		
NA		
NA	NA	
N/A	N/A	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Irene Soto	ENL Teacher, Staff	
Caquandra Grace	Instructional Coach, Staff	
Natalie King	Instructional Coach, Staff	
Arlene Alamo	Parent Coordinator and Parent, Staff and Parents	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS 145, we embolden students to make an impact on our world through engagement in authentic, rigorous, culturally-relevant, student driven learning experiences. In collaboration with families, staff, and the students themselves, we empower students to become leaders in their school, their community, and the world.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 145, The Magnet School of Leadership through Engineering, has been operating as a school since 1921. Our population consists of 88% Hispanic students, 9% Black students, 1% White students, and 1% Asian students. We offer many learning pathways for diverse learners, including Horizon for students on the autism spectrum, Spanish Dual Language to promote bilingualism, 3K and PreK, 12:1:1 self-contained classrooms and other special education settings. All of our programs focus on solving community-based problems through authentic learning tasks that relate to our identities, our community and our world. With our magnet program we have been able to add new partnerships with organizations focused on STEM and engineering, such as the BEAM Center, Koko NYC, NY Sun Works, and Engineering Is Elementary. We continue to include lots of arts programming with dedicated Visual Arts, Theater, and Dance teachers and partnerships with Third Street Music and NYC Ballet. We are working to transform our classroom spaces to accommodate 21st century learning. Our brand new STEAM lab built by the organization City at Work is designed and prepared to provide opportunities for students to create, draw, build, explore, invent, and code. Additionally, with a grant from NY SunWorks we were able to open a Hydroponics Lab that will be used alongside our science program Amplify Science. In addition to being a Magnet School we are also a Community School. As a community school we partnered with the community based program New York Edge to bring additional resources to our school and community, including a dynamic after school program, community events, assemblies, attendance celebrations, residencies, and sports teams. We also partnered with NY Edge to create a Sensory and Movement room for our early childhood program and Horizon students. Finally we are incredibly proud of our enriching after school offerings including after care for 3K and Prek and clubs for K-5 such as, Engineering, Storytelling, Literacy & Arts, Newspaper Club, Digital Filmmaking Dance, Glee Club, Debate, Student Council, Bookmaking and Musical Theater with our librarian and art teacher, and more.

Briefly summarize the key initiatives your school will implement this school year.

We are transitioning into our third year as a magnet school. In that process, we will continue to provide teachers with new professional development opportunities that support our vision of problem-based learning and authentic task transfer in order to bring to life our values of creativity, community, and leadership. Additionally, we will focus on implementing strong multi-tiered systems of support in literacy and math to ensure all students are getting the

instruction they need to achieve on or above grade level. Finally, as a school we will continue our work around our schoolwide protocol of Think-Ink-Pair-Share to give our students access to the high level work we expect from our students and strengthen our approach to monitoring instruction and providing real-time feedback to students.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Into Reading/Arriba La Lectura (Dual Language)	
Math	K-5	Illustrative Math	
Social Studies	K-5	Passport/ Civics for All	
Science	K-5	Amplify	
ELA: Phonics	K-2	Really Great Reading	
ELA: Phonemic Awareness	K-2	Heggerty	
ELA	K-3	Estrellita & Lunita (Dual Language)	
Pre-K & 3K Curriculum	3k-prek	Creative Curriculum	
ELA: Phonics	3-5	Phonics for Reading	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 Iready ELA Vocabulary: 35% proficient	Students are not being given enough practice time with new words. Also, many of our students are English Language Learners.	Vocabulary
June 2025 Iready ELA Comprehension: 34% proficient	Students might be involved in an unbalanced ELA routine that is lacking in more opportunities for independent reading, book clubs and fluency practice. Also, many of our students are English Language Learners.	Reading Comprehension: (Literature and Information Text) Overall

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	35%	By June, 2026, literacy (vocabulary) for All Students will improve, as measured by a 10% Increase, from 35% to 45%, of Percentage of students scoring at level 3 or 4 on IReady on the IReady ELA diagnostic .
All Students	34%	By June, 2026, literacy (comprehension) for All Students will improve, as measured by a 10% Increase, from 34% to 44%, of students performing at or above proficiency on the iReady ELA Diagnostic.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The Instructional Leadership Team, comprised of teacher leaders, instructional coaches, and administration, will conduct literacy walk-throughs for grades K-5 during HMH instructional time with a focus on vocabulary and comprehension instruction.

Root Cause Addressed:

Students are not being given enough practice time with new words.
Students might be involved in an unbalanced ELA routine that is lacking in more opportunities for independent reading, book clubs and fluency practice.
Also, many of our students are English Language Learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PS 145 will implement Academic Monitoring during implementation time.
Increased attention to practice time with regards to vocabulary.
Decide on research-based approaches to implement with teachers that address the identified area of needs related to tier 1 literacy instruction that includes heavy emphasis on vocabulary and reading comprehension. ILT members engage in professional learning and begin implementation of protocol or strategy.
Pair teachers with teacher leaders/highly effective teachers for inter-visitations. Schedule visits to strengthen core

instruction using the Structured Literacy Planning and approaches. Coaches will support by meeting with teachers to plan.
ILT teachers conduct professional learning with staff around approaches to Tier 1 literacy instruction to increase vocabulary and reading comprehension in students. Staff members begin implementation. Inquiry teams collect data and analyze to check for impact. (Practice Clinics)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Instructional Leadership Team will complete the Assessment Calendar and input all assessment and progress monitoring dates. Then, coaches will meet with teachers, analyze data and make a plan around students who are not on track to meet their stretch growth throughout the year. We will collect Acadience data, Letter Knowledge Survey, the Core Phonics Survey, Phonics for Reading Assessment, HMH Module Assessments, Heart Words trackers, and

short responses. PD and Practice Clinics will be conducted according to teacher's and student's needs in relation to the data.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/06/2025	05/29/2026	Families are invited into classrooms during our Family Leadership Lab to observe HMH Into Reading lessons and learn instructional approaches to vocabulary & comprehension instruction.	Magnet, NY Edge
10/06/2025	06/09/2025	Open Library time every Tuesday for families with read alouds facilitated by our librarian, who models instructional strategies focused on vocabulary acquisition and comprehension	Robinhood

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Two Instructional Coaches, Literacy personnel, Two model teachers and Two collaborative teachers, AIS teacher, CF SEIT

Instructional Resources

All ELA core curriculum material, Iready, UFLI, Preventing Academic Failure

Schedule Adjustments

Professional periods with common planning and professional learning, Weekly data meetings for each grade team, schedule shifts for monthly inter-visitations, WIN period for phonics intervention

Other Resources Needed

None at this time

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
24-25 School Climate Survey: 58% Positive Response Rate	Lack of structure at lunch/recess time, lack of SEL supports available during recess, need to strengthen parent partnerships in supporting peer relationships, need to increase incentives for positive behaviors related to SEL skills, lack of consistent implementation of SEL framework	Bullying Prevention

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	58	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% increase in positive response to Bullying Prevention from 58% to 68%, per the School Survey Data.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

68%

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implementation of counseling from Rising Ground for Tier 3 students who are struggling with mental health and/or peer relationships

Implementation of SEL framework by Social Work Intern in classes where these incidences occur most

Make SEL support available during lunch periods and during breakfast

Merit based incentives for students to reward positive behaviors

Strengthen partnerships with parents through parent meetings and frequent follow up conversations

Increased implementation of SEL practices and Respect for All curriculum in classrooms

Root Cause Addressed:

Bullying Prevention

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement Rising Ground Counseling for Tier 3 students
Classroom push-ins by Social Work Intern geared to address SEL practices and Respect for All curriculum

Implement merit program for grade 5 students and host merit-based incentive events monthly
Provide staff with referral form for students demonstrating needs for counseling or SEL intervention and assign caseworkers to each student
Parent Workshops to address Bullying Prevention

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Administration and support staff will monitor number of Level 3-5 incidences in OORS. Administration and support staff will monitor closely locations where these incidences occur the most, such as the classroom and playground and provide targeted SEL supports accordingly. Administration will hold check ins monthly with grade 5 teachers to hear concerns and measure impact of merit-based program. Support staff to work with CBO's to provide parent workshops on bullying prevention. Support staff and Social Work Intern will work together to provide classroom push-ins every other week geared to address SEL practices and Respect for All curriculum. Principal will share 2 mid-year surveys with families
and staff around bullying to surface concerns and plan to address.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent Forums on Restorative Practices & Empowering Upstanders	School Social Workers, Guidance Counselors, New York Edge CBO, Rising Ground CBO
09/04/2025	06/26/2026	Parent Workshops to address Respect For All and anti-bullying practices	School Social Workers, Guidance Counselors, New York Edge CBO, Rising Ground CBO

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School Staff, BCO, Sanford Harmony, New York Edge CBO, Rising Ground CBO

Instructional Resources

CRT and the Brain text, Sanford Harmony curriculum, Restorative Practices guides, Respect For All Curriculum

Schedule Adjustments

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to EOY 2025 iReady data, 48% of students achieved grade level mastery in Numbers & Operations standards.	Lack of progress monitoring during instruction	Understanding of Numbers and Operations
According to EOY 2025 iReady data, 39% of students achieved grade level mastery in Measurement & Data.	Lack of progress monitoring during instruction, some teachers did not teach these post-standards because of pacing.	Understanding of Measurement & Data
According to EOY 2025 iReady	Lack of progress monitoring during instruction, some	Understanding

data, 33% of students achieved grade level mastery in Geometry.	teachers did not teach these post-standards because of pacing, insufficient remediation for skill gaps on these standards from grade to grade.	of Geometry

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	129	PS 145 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring level 3 or 4 will Increase by 10% from 129 to 142, for All Students, as measured by iReady Math results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Academic Monitoring system set-up

Root Cause Addressed:

Academic Monitoring walk-throughs and observation/feedback related to this

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with ILT with representatives from all priority groups.
Analyze BOY and MOY data from iReady in order to identify trends and create next steps for MTSS.
Create observation/feedback schedules between teachers and coaches
Create walk-through schedule throughout school year

Key Strategy 2 (Optional):

Pacing calendar updates in order to ensure all teachers have time to teach post-standards during the school year.

Root Cause Addressed:

Falling behind in pacing due to reteaching/slowing down instruction

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Check-ins with teachers and coaches to ensure pacing is on track
Create a plan to address students who are behind in instruction/have gaps in understanding
Continue to create teacher exemplars and use backward planning during WDM in order to ensure planning is intentional

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

ILT will continue to meet bi-weekly to discuss progress monitoring roll-out systems. Teachers will receive PD and Practice Clinics at the beginning of the year to ensure progress monitoring is manageable, effective and comfortable for teachers.

Pacing calendars will be revised during the summer months by coaches and administration to make sure all units will be taught during the year. Re-teach structures (from Relay coaching) will continue throughout the following school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
12/01/2025	12/19/2025	Host family Leadership Lab in which families visit to observe Illustrative Math instruction in action. Emphasize questions families can ask at home to check for conceptual understanding.	N/A
03/02/2026	03/27/2026	Include Math parent workshop during Women's History Month celebration with an emphasis on games/activities families can do at home to support standards.	NY Edge

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, all grades completed at least one PBL unit, with culminating student-led initiatives such as the school's Little Library and Clothing Store for Families in Need (Internal Magnet Program Reports, Student Project Logs, SY2024–2025).	Teachers and teams need support developing multi-phase PBL units that sustain problem-solving beyond a single culminating product.	Establish a consistent, schoolwide cycle of problem-solving and solution-driven project-based learning to build on successful PBL initiatives and deepen student engagement in real-world challenges.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	30	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the Percentage of grade-level teams implementing a complete multi-phase PBL unit that includes problem identification, planning, implementation, and reflection for All Students will Increase by 70 from 30 to 100 as measured by PBL unit plans, student work artifacts, and implementation checklists aligned to the PBL Works Gold Standard Rubric.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Identify experienced PBL implementers to serve as peer models and facilitators of planning and lab classrooms

Root Cause Addressed:

Need for peer modeling and scaffolded supports for novice teachers

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify 3–5 teacher leaders to serve as lab classroom models and PBL peer facilitators
Schedule and host two Lab Classroom cycles (Fall and Spring) with debriefs for grade teams

Key Strategy 2 (Optional):

Create planning structures that embed the full problem-solution cycle across all PBL units/Coordinate schoolwide career exposure opportunities aligned to STEM and leadership themes

Root Cause Addressed:

Limited structures to support full-cycle PBL planning and implementation/Uncoordinated access to real-world career experiences

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Require all PBL units to include problem identification, solution planning, implementation, and reflection components
Host a quarterly "Leadership Through Engineering Career Series" with guest speakers from CTE, STEM, and civic sectors
Schedule two career-connected field experiences per grade level aligned to project themes

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Each month, administration and Magnet coaches will conduct walkthroughs during scheduled PBL blocks to observe implementation and identify support needs. Observations will be guided by the PBL Works Gold Standard Rubric, with a focus on the inclusion of all components of the full-cycle model: problem identification, solution planning, implementation, and student reflection.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
12/12/2025	05/15/2026	PBL Culminating Event for families (December and May); students will showcase projects and reflect on their problem-solving process	New York Edge and Magnet Team
12/12/2025	05/15/2026	Career Day with connections to PBL units; includes parent volunteers and guest speakers in STEM fields	New York Edge and Magnet Team
11/03/2025	05/15/2026	Parent PBL Workshop Series: Overview of the PBL model, how projects connect to real-world skills, and ways to support students at home	New York Edge and Magnet Team

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

STEAM Teacher, Engineering Teacher, Classroom Teachers, Instructional Coaches, Magnet Staff, BEAM Center Staff, PBL Peer Facilitators, New York Edge Staff, Career Day Volunteers, Community Partners

Instructional Resources

BEAM-aligned PBL Planning Toolkit, PBL Works Gold Standard Rubric, Engineering is Elementary (EiE) Curriculum, Amplify Science Units, Into Reading Curriculum (for cross-content connections), Hydroponics Lab, Student Reflection Portfolios (Grades 3–5)

Schedule Adjustments

Grades K–5 will integrate PBL through one dedicated instructional block per week, aligned to core content or thematic units (e.g., science, literacy, SEL)

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Program staff support parents/caregivers with making decisions about which schools or programs would be best for their child in the following school-year	NYC Parent Survey2024: Building Families' Capacity as their Child's Primary Advocate	Lack of outreach from school staff, lack of parent workshops

This school creates opportunities for parents to be involved in school activities and in their child's learning	NYC Parent Survey2024: Parent Involvement in School	Family leadership lab
School enrollment is dropping	Register Projection Oct 2025 loss of students predicted	gentrification, families leaving the neighborhood families going to Charter schools, families unaware of programs at PS 145

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	60	PS145K will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/ families attending at least 3 in-person events will Increase by 10% from 60 to 70 as measured by attendance sign in forms.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Survey current PreK families to gauge needs and interests when looking for Kindergarten program
Invite PreK families to Kindergarten tours in November and get feedback
Check in one on one with families to hear concerns and interests when choosing a Kindergarten program

Root Cause Addressed:

Families don't know the programs offered by PS 145
Families think a charter school will better serve their needs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide instructional support to Kindergarten teachers to ensure classrooms are warm, welcoming and rigorous
Invite PreK families in to tour Kindergarten classrooms and meet Kindergarten teachers
Survey Prek families to gauge needs and receive feedback
Check in one on one with families to hear concerns and plans
Create a subcommittee on SLT of parents to support in planning events and sharing concerns/questions from parents/caregivers

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will collect survey data around the likelihood of parents to enroll at PS 145 for Kindergarten and see how this data changes after engaging parents in visits and conversations.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Back to school BBQ	NYEdge CBO
09/04/2025	06/26/2026	Hispanic Heritage month Celebration	NYEdge CBO
09/04/2025	06/26/2026	Black History month Celebration	NYEdge CBO
09/04/2025	06/26/2026	Family Leadership Lab	
09/04/2025	06/26/2026	Engineering Expo	
09/04/2025	06/26/2026	Student performances	
09/04/2025	06/26/2026	Project based learning Showcase	
09/04/2025	06/25/2026	Weekly parent engagement	
09/04/2025	06/26/2026	Coffee chat with Administration	
09/05/2025	06/26/2026	Attendance celebrations	NYEdge CBO

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, PTA, Guidance Counselor, Social Workers, Community Associate, Family Workers, Administration, Teachers, New York Edge CBO, Magnet staff, SLT

Instructional Resources

Core curricular resources for families, Engineering Is Elementary parent-facing resources

Schedule Adjustments

N/A

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Visions Data, SY 2024–25: 32% of students with disabilities at PS 145 were chronically absent.	Challenges with busing, and inconsistent communication with families due to non-working numbers or unreturned outreach attempts.	Students with disabilities
New Visions Data, SY 2024–25: 28% of MLLs at PS 145 were chronically absent.	Language access barriers, limited culturally responsive communication, and gaps in trust or understanding of NYC public school systems due to prior experiences or immigration-related concerns	Multilingual Learners
New Visions Data, SY 2024–25: 38% of students in temporary	Housing instability, inconsistent transportation, and limited access to school-based supports such as counseling,	Students In Temporary

housing at PS 145 were chronically absent.	attendance incentives, school supplies, and family resource coordination.	Housing

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	28	By June, 2026, the Chronic Absenteeism Rate for English Language Learners (ELL) will decrease by 10, from 28 to 18, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop targeted, culturally responsive supports and systems to strengthen attendance among MLL students and their families through trust-building, communication improvements, and school connection.

*Provide culturally responsive attendance incentives and recognition for improved or consistent attendance

Root Cause Addressed:

Multilingual Learner families may feel disconnected from the school community due to language barriers, lack of trust in the school system, or limited understanding of NYC DOE expectations. Traditional attendance incentives may not feel meaningful or inclusive without cultural relevance or family engagement.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Family engagement celebrations (e.g., "Attendance Breakfasts" or Celebración de Asistencia)
Personalized certificates in students' home languages
Survey students and families in multiple languages to identify motivating incentives

Key Strategy 2 (Optional):

*Assign bilingual or culturally responsive Success Mentors to identified MLL students/Provide information sessions and resources in home languages to build understanding of the NYC school system

Root Cause Addressed:

Many MLL families experience language barriers and a lack of trust or familiarity with the NYC public school system. Some may feel disconnected due to past experiences or uncertainty around school expectations, particularly if they are new to the country or navigating the system for the first time. These factors limit consistent communication and student engagement, contributing to chronic absenteeism.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Match students with bilingual or culturally responsive Success Mentors (e.g., ENL teachers, staff from similar cultural backgrounds, parent coordinator)
Create a schedule for Success Mentors to check in weekly with assigned students and log attendance support efforts
Host monthly “Coffee & Conversation” or family workshops in home languages to explain key topics (e.g., attendance expectations, report cards, busing, after-school programs)
Conduct home visits to students who are long term absences.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Utilize bi-weekly attendance team meetings to monitor implementation of strategies targeting chronic absenteeism among Multilingual Learners (MLLs). Each meeting will include a review of subgroup data from the New Visions Chronic Absenteeism Reports, with time dedicated to tracking outreach efforts, Success Mentor logs, and student attendance patterns. The team will use structured protocols to:

*Analyze attendance trends for identified MLL students

*Review the impact of culturally responsive incentives and family engagement events

*Monitor Success Mentor check-in logs and outreach documentation

*Track attendance at monthly family workshops and “Coffee & Conversation” sessions conducted in home languages

*Assess the number of students recognized through attendance incentives and celebrations

*Monitor the number of translated materials distributed and family surveys collected

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, PTA, Guidance Counselor, Social Workers, STH Community Associate, Family Workers, Bilingual Teachers and ENL Staff, Success Mentors, Administration, Teachers, New York Edge CBO, Attendance Team

Instructional Resources

New Visions Chronic Absenteeism Reports, Translated outreach materials and attendance letters, Family engagement surveys, Attendance incentive materials (certificates, school swag), Digital communication platforms (TalkingPoints, ClassDojo)

Schedule Adjustments

Other Resources Needed

*Translation and interpretation services *Funding for attendance incentives and culturally relevant family engagement events *Support from New York Edge to co-host or participate in workshops for multilingual families

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
SESIS/ IEP compliance	Lack of training for staff	IEP Development and Fidelity of Implementation
SESIS/ IEP compliance	Lack of training for staff	Transition Planning and Compliance
Number of referrals, Data collection	Lack of targeted tier 2	Referral Process and Equity

	instruction and data tracking	
Type of Infraction, Discipline by Setting, Positive vs. Punitive Responses	Lack of fidelity and transparency of school protocol	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	40	By May, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve IEP goals will be reviewed as a team quarterly FBA and BIP progress meetings will be held every 6 weeks. by a 40% Increase, from 40 to 80, as measured by Students progress will be measured by using the goalbook progress monitoring tool..

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Parent Training	
09/08/2025	06/26/2026	SLT	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Sound Partners	Tier 3 on Acadience	Reading intervention	one-to-one	During	No
UFLI	Tiers 2 and 3 on Acadience	Reading intervention	Small group	During	No
Math AIS	Below grade level on Math I-Ready Tier 2	Math intervention	Small group	During	No
Early Childhood Assessment in Mathematics (ECAM)	Grades K-5; Tiers 2&3	Math Intervention	Small group	During	No
Preventing Academic Failure (PAF)	Tier 3	Reading Intervention	Small Group	During	No
Phonics For Reading	Grades 3-5 Tiers 2 and 3 on I-Ready Phonics	Increase Phonemic Awareness Proficiency	Small Group	During	No
High 5s Math from Bank Street	Kindergarten-Tier 2 or 3 on I-Ready Math	Math intervention	Small group	During and after	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
At-risk counseling (Guidance Counselor & Social Workers)	Tier 2 & 3 Teacher and/or family recommendation	Talk and Play therapy	One on one or small group	During	No
New York Edge-Enrichment Clubs	Tiers 2&3 Teacher and/or family referral	Social Emotional and Behavior Support; Mentorship	Small Group	During & After	No
Rising Ground Counseling	Social Worker Referral/Upon Family Request	Mental Health	One to One	During	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Parent-teacher conferences provide a more personal opportunity to discuss the student's academic needs and progress. In more specialized cases, such as students with IEPs, we may have phone calls or in-person meetings to discuss the support. School events and workshops also serve as platforms for informing families about available academic support and how they can participate. All of these approaches help ensure parents are well-informed and involved in their child's academic development.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Schools communicate with families about students receiving extra academic support through a variety of methods. Parents might first be informed through written letters or emails detailing the nature of the support, its frequency, and goals. Additionally, progress reports often include updates on the student's performance, including the impact of extra assistance. (above)

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

When a student is identified for this level of support, parents are typically invited to participate in meetings, such as problem-solving conferences or Individualized Education Plan (IEP) meetings, where educators discuss the student's progress, challenges, and next steps. Families provide valuable insights into their child's strengths and needs, and together with the school team, they collaborate on creating or adjusting intervention plans. Regular updates and progress reports ensure families are kept informed about their child's growth, and they are encouraged to share feedback or concerns to help guide future decisions. This partnership helps ensure that interventions are tailored to the student's specific needs and that families are actively involved in supporting their child's success.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

73 total number of students in temporary housing.
54 total number of students living in a Doubled up housing.
18 total number of student living in a shelter or transitional shelter.
1 total number of students living in a hotel/motel.
0 total number of students living in a car, bus or train.
0 total number of students living in a park or public place.
0 total number of students living in an abandoned building.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

STH Title I Surveys will be conducted throughout the 2025-2026 school year, upon updating our STH list with Housing Questionnaires. These surveys will provide insight into services and resources needed for our STH population. Based on analysis of the 2024-2025 school year, 37% of our students are under chronic absenteeism. STH team will provide outreach, consistent follow up, support and referrals based on the student's needs.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

There has been ongoing outreach to families with an inconsistent attendance rate for students in STH. It was determined that for the 2025-2026 school year, we want to make sure that our students in temporary housing have the support they need at the school level both in terms of material needs and emotional. We currently have two social workers and an STH Community Associate to support with maintaining close ties to families in STH and providing social emotional support as needed. For the 2025-2026 school year, housing questionnaires will be given to families quarterly to identify STH households and provide services that include distribution of items, e.g., school supplies, household necessities, food pantry and uniforms. Based on surveyed needs, STH households can be given financial support that includes but are not limited to, for hire academic tutors, senior dues, metro cards, trips and glasses. At the beginning of the school year, the STH team will host a meet and greet with families to inform them of available resources and identify staff members with whom they have trusting relationships. By the end of September, we want to make sure all families in temporary housing have a point person who will stay connected with them throughout the school year. Additionally, in terms of material goods, we have purchased care packages for all families that include academic supplies, including those to help with working at home, such as noise canceling headphones, iPad chargers, and a bluetooth keyboard. We have also purchased new uniforms and other school gear to ensure students are comfortable and ready for the day. Finally, we recognize that having unstable housing can be stressful for students and their families. Our guidance counselor and social workers meet with any student for at-risk counseling, if needed. Further, they support families with seeking mental health support in the community.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Guidance Counselors, Social Workers and Assistant Principals work closely to ensure that students in foster care, their birth parents, and foster care agency points are reached out to for all initial, annual reviews, and re-evaluation Individualized Education Program (IEP) services. Social Workers connect with agency staff to ensure that bussing services or provide metrocards. Social Workers will ensure that students are connected to CBO's such as Rising Ground for in-school therapeutic services or Marble Health for remote counseling services as well as other CBO's local to the family if needed. Birth parents or foster parents are also able to enroll their child in at-risk short term counseling with Social Workers and Guidance Counselors during this transition.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Through monthly PPT meetings, school based support staff can determine any additional academic supports that the students may need. Through these meetings we will determine any social emotional interventions, transportation accommodations and academic supports that may be needed. In these meetings, school based support team will conduct progress monitoring to ensure services are in place and adjust supports as needed.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Students in foster care tend to be chronically absent due to important appointments, transportation barriers and changes in housing. Social Workers, Guidance Counselors and Assistant Principals will work with CBO's to partner chronically absent students in foster care with a Success Mentor. These mentors will provide a safe space for

students at school, provide incentives for increased attendance and provide outreach to the family. Attendance team will also work together to identify any barriers that prevent the students from attending school regularly. In these meetings we will discuss transportation needs and identify interventions to support the student, such as bussing or metrocards. In these meetings, we will provide progress monitoring to monitor trends in absences or increased attendance.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Through monthly PPT meetings, school based support staff can determine any additional academic and behavioral supports that the students may need. SBST will determine any social emotional interventions such as in-school counseling, remote therapeutic services or referral to a local CBO for counseling. Social Workers and Guidance Counselors will provide periodic check-ins with students and guardians to monitor this transition and adjust SEL supports as needed. If family is in need of preventive services to support family at home, referral will be provided by Social Worker or Guidance Counselor.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

During the month of September 2024, all students are assessed to determine current levels in math and reading. Once these assessments are administered, students are identified within tier groups in both reading and math. The students that fall within tier 1 and 2 are deemed at risk and therefore, recommended for AIS reading and/or math, Saturday academy, at risk afterschool program or for the ENL/title 3 afterschool. These students are progress monitored using various tools throughout the year and discussed during our AIS/data meetings. Next steps are then planned for students who show no progress.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

Teachers who are responsible for delivering ELT instruction will meet at various times during the AIS/Data meetings. The teachers will make sure best practices are being implemented when delivering ELT instruction in order to ensure student success with multiple entry points. Progress monitoring throughout the year will be reviewed and adapted to ensure student's needs are being met during ELT instruction. After beginning of year assessments are administered, teachers will meet to group students and decide what teaching practices will be implemented with each group depending on levels and needs of each group.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Teachers responsible for ELT instruction are teaching during the academic day and are aware of current standards. Teachers will be designing lessons based on the group needs using the NGLS. They will be using resources that are aligned to the core academic subject areas. These teachers will meet periodically and do quality checks amongst each other to make sure that the lessons being delivered during ELT instruction are aligned with core academic subject instruction offered during the regular school day.

Provide a description of the materials purchased to support implementation of ELT.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 145 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 145, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Staff members will receive professional learning focused on cultivating student-centered classrooms in which students are engaging in rigorous tasks and thinking, speaking, reading, and writing deeply and critically. Teachers will work with our instructional coaches to deepen their understanding of high quality literacy instruction informed by the science of reading with an emphasis on the 6 shifts. Coaches will also work with teachers on enhancing their math instruction using Illustrative Math curriculum to ensure that all students are receiving the support and challenge they need. Teachers will all receive professional learning around problem-based learning from our Magnet site director and resource specialist. All teachers will work on our instructional focus of using Think-Ink-Pair-Share to provide access to high level content and monitor students' understanding.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Our assistant principal will support early childhood teachers and our early childhood family worker with facilitating parent forums focused on this transition. Additionally early childhood teachers will have the opportunity to meet with kindergarten teachers to align their curriculum and focus, with the support of our early literacy intervention specialist.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	464443	X	5C
Title I, School Improvement 1003(a)	Federal	N/A	N/A	N/A
Title II, Part A	Federal	62242	X	5C
Title III, Part A	Federal	$12,193	X	Appendix 3
Title III, Immigrant	Federal	N/A	N/A	N/A
Title IV, Part A	Federal	N/A	X	5C
Tax Levy (Fair Student	Local	$3,530,497	X	5C

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
NY Edge	All Students	-Mental Health Supports -Increased Family Engagement -Academic Enrichment -Reduction of Chronic Absenteeism/lateness	- Chronic Absenteeism and Lateness -Family Engagement -SEL

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

PS 145-Magnet School of Leadership Through Engineering will work in partnership with New York Edge Community School Director to develop a community school program that will incorporate all of the interconnected support systems and provide a range of wellness and mental health services that will result in our school becoming more responsive to our students social, emotional, and academic needs. The Community School Director will analyze student attendance data on chronic absenteeism and lateness. Measurable outcomes include:

-Reduced chronic absenteeism.
-Increased interpersonal/social skills.
-Building a positive mindset results from immersion in programs supporting their wellness and mental health.

The Community School Director will participate in monthly SLT meetings to review school goals and recommended services. The Principal and Assistant Principals will work closely with the Community School Director weekly to discuss student needs and provide any tiered-related services.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

The Community School will provide a welcoming environment for all parents and families to voice their concerns. The Community School Director will ensure parents/families are active members and be a voice in the school by collaborating to ensure student success. The CSD will provide parents with the information and training needed to become effectively involved in planning and decision-making supporting their children's education. Parents and families will be encouraged to be part of the SLT, Community School Committee, and Title I Parent Advisory Council. The Community School Director will host parent workshops and include parents and families in all special events, such as back-to-school kickoff, the community forum, and family activities. The CSD will collect data to meet parents and families' needs. Meetings will be held in English and Spanish to meet the needs of the parents/families.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

The Community School Director will partner with a mental health provider to provide short and long-term mental health services to all students focusing on the three tiers by promoting positive mental health, targeted interventions for at-risk students, and individualized interventions for students experiencing mental health challenges in groups or individually. Students, Parents, families, and teachers will engage in various workshops throughout the school year to enhance their well-being. The Community School Director will meet with the mental health provider weekly for check-ins and provide updates related to student progress and additional support.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

The Community School Director will identify chronically absent students and pair them with a success mentor to build relationships with them and their families and support students' social-emotional development. The success mentor will encourage students to attend school daily and on time and support students and families. The Community School Director will check-ins with the success mentor weekly. The Community School Director will monitor students' progress and collaborate with the Principal, Assistant Principals, teachers, and the attendance team to monitor students' progress and implement long and short-term strategies. We will have attendance incentives and host special events for all students who improve and have excellent and perfect attendance.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

The Community School Director will commit to providing a culturally responsive school environment for all students. The CSD will inform parents and families of all services available for their child/children. Mental health support and success mentor will be available, and we will prioritize based on students' needs, such as students in temporary housing, disabilities, and ML/ELL. Translation services will be available to ML/ELL students.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Julia Hynes
Assistant Principal (Where Applicable)*	Fiordaliza Marte
English as a New Language (ENL) Teacher*	Irene Soto
Teacher (if school has a bilingual program must be a bilingual teacher)*	Genesis Henk-Coronel
Parent/Guardian*	Dennise Dominguez
Community School Director	Erica Louis-Jean

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

9

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

4

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

369

Total number and percentage (%) of current ELLs:

67, 18.2%

Total number and percentage (%) of former ELLs:

8, 2.2%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

56, 83.6%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

11, 16.4%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0, 0.0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1, 1.5%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

30, 44.8%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE				0	0	0	0	0	0								0
TBE				0	0	0	0	0	0								0
TBE				0	0	0	0	0	0								0
DLBE	GE	Spanish	2003-2004	1	1	1	1	1	0								5
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In our Stand Alone English as a New Language classes, all academic instruction during the school day is in English by licensed ENL teachers. The core content areas are taught using ENL strategies and methodologies. Stand Alone is implemented by first analyzing the students' English language development needs and then strategically outlining a plan for instruction. For example, we support the students' listening, speaking, reading, and writing needs by using multiple entry points. The objective of this program is to have ML/ELL students immersed in the English language in order for them to become fluent and literate in the new language. They also receive support in the native language; each of these classrooms have a library with Spanish books, digital libraries (Sora) in various languages, glossaries, Spanish dictionaries, sentence starters, anchor charts, graphic organizers, sentence stems, paragraph frames, child friendly rubrics and language development prompts. Stand alone services is provided by the ENL teacher by pulling them out to a separate location.

MLL/English Language Learners receive stand-alone services based on their level of English proficiency as per CR Part 154. These students at the entering and emerging levels receive 2 units of study per week (360 minutes). This include 180 minutes of stand-alone instruction. These groups will be heterogeneous with a mixture of special education ELLs as well as ELLs in the general education classes.

Integrated ENL:

In our integrated ENL program, MLL/English Language Learners receive their services based on their level of English proficiency as per CR Part 154. MLL/English Language Learners receive integrated (push-in) services based on their level of English proficiency as per CR Part 154. These students at the entering, emerging, transitioning and expanding levels receive one unit of study per week (180 minutes/4 periods). These groups will be heterogeneous with a mixture of special education ELLs as well as ELLs in the general education classes. ELL students spend most of their day in a mainstream English classroom. The integrated program is implemented through a "team teaching" and "team planning" approach that requires the regular classroom teacher and the ENL teacher to plan on a regular basis. Integrated instruction is delivered by the ENL teacher through content instruction: English language arts or math. In our ENL program content areas are delivered in English by the teacher using pictures, graphic organizers, charts with realia, computers, books in the students' native language, digital libraries, peer buddies, performance tasks, smart boards, and other proven methods to make content comprehensible to enrich language development.

During integrated ELA/ENL instruction students discuss and problem solve with peers in multiple modalities during the pre-teach, post-teach, and during the lesson with the ENL teacher and common branch teacher. This is done through pair share via platforms like Google slides or power points. Jigsaw activities are assigned, and collaborative groups are formed accordingly. Protocols that are culturally responsive and promote discussion are used, such as the Think-Ink-Pair-Share (T.I.P.S.) protocol. Students have the opportunity to build on one another's ideas, allowing them to strengthen their listening, reading, writing, and discussion skills (ex: Socratic Seminar, Number Talks).

Former ELLs receive their mandated 90 minutes through small group language support during ELA or math with the classroom teacher.

Teachers plan collaboratively during their common planning time or Monday afternoon during the professional work time. They review the lessons and create appropriate scaffolds (sentence stems, vocabulary banks/picture dictionaries). They discuss what the ENL teacher will pre-teach (build background knowledge, academic vocabulary development, providing context, reteaching prerequisite skills). The ENL teacher also post-teaches, clarifying any misconceptions, providing feedback or reteaches concepts.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

In our DLBE program, students are taught in two languages: English and Spanish by a licensed bilingual teacher. The model used in our DLBE program is a version of the roller coaster model. For example, morning instruction begins in English for the week and afternoon instruction is in Spanish for the entire week. The following week, morning instruction begins in Spanish and the afternoon instruction is conducted in English. Students receive half the instruction in English and half in the target language: Spanish. Language is taught through content areas as well as literacy. Students are grouped heterogeneously with mixed proficiencies (entering, emerging, transitioning, expanding, commanding) in this program and receive instruction in other disciplines in both languages. The MLL/English Language Learners in this program receive stand-alone and integrated services based on their level of English proficiency as per CR Part 154.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school ensures the students are provided with the mandated minutes according to their proficiency level by strategically
programming the correct number of units and the types of ENL services in STARS. Irene Soto (ML/ELL Coordinator/Provider) programs both the ENL teachers and the classroom teachers with bilingual extensions. Our DLBE and ENL programs reflect the following:
-Entering student, 360 minutes a week are provided (180 minutes of Stand-Alone ENL and 180 of Integrated ENL/ELA)
-Emerging student, 360 minutes a week (90 minutes of Stand-Alone ENL, 180 minutes of ENL/ELA and flexibility of 90 minutes Stand-Alone or integrated ENL/core content area instruction)
-Transitioning student, 180 minutes a week (90 mins integrated ENL/ELA and flexibility of 90 minutes Stand-Alone ENL or integrated ENL/core content area)
-Expanding student (180 integrated ENL/ELA or other core content area a week)
-Commanding student (90 minutes a week of integrated ENL in ELA/ core Content area or other approved former ELL service for an additional two years).

ML/ELLs in the DLBE program receive their mandated number of instructional minutes in the classroom with their bilingual licensed classroom teacher during the English portion of the day. Entering, emerging, transitioning, and expanding students receive 180 minutes during integrated instruction. Entering and emerging students receive their 180 stand alone minutes in small groups. Commanding students are serviced in a small group twice a week with the dual language teacher.

Entering, emerging, transitioning, and expanding students in the ENL program receive 180 mandated integrated minutes through the push-in model by a licensed English as a New language teacher. The entering students are pulled out of the classroom to receive 180 minutes of stand alone instruction.

The ATS reports that are used to ensure ELLs meet their mandated stand-alone and integrated ENL minutes are the RLAT and exam history. Other data sources are the monthly EDUR (ELL Data Update Report) and the Stars Classroom dashboard that alerts the school of updates that have to be made.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL program:ENL instructional minutes are delivered through stand alone instruction (180 minutes). Students are pulled out of the their homeroom class to a separate location. The TESOL certified teacher uses ENL methodologies to direct instruction.

English Language Arts instructional minutes are delivered through integrated instruction (180 minutes) with the classroom teacher and a TESOL certified teacher. The ENL provider supports with instruction by using scaffolds to help the students gain access to the grade level material.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our DLBE program is a self-contained, developmental, language-enriched, bilingual education program that integrates students who are native English language speakers with native speakers of Spanish 100% of the day. Students receive half the instruction in English and half in the target language Spanish. Language is taught through content areas as well as literacy.

In Grades K-5 we use the roller-coaster model, where half of the day's lessons are in English and half in Spanish for the entire week. The next week, the schedule is inverted. If the week before English was taught in the morning and Spanish in the afternoon, then Spanish would be taught in the morning with English in the afternoon. The roller - coaster method was put in place to accommodate the ML/ELLs mandated weekly minutes. When morning instruction begins in English, English proficient students and ELLs are integrated 50 percent of the instructional day. When morning instruction begins in Spanish, English proficient students and ELLs are integrated 50 percent of the the instructional day.

The goal is to develop bilingual and biliterate academic goals in both English and Spanish for all students.

b. In which language(s) is each core content area taught?

Core content areas are taught in both English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The composition of the ELL subgroups at P.S.145 is as follows: current ELLs (67/18.2%), former ELLs (8/2.2%), ever ELLs (2/0.5%), and never ELLs (292/79.1%).

83.6% of ELLs in our school are Newcomers. Effective services for Newcomers differ from those provided to Developing or Long-Term ELLs
because we want to create an environment of inclusion upon their initial arrival. Educators also learn about their newcomer ELL students' culture and find opportunities to include their culture in lessons. The use of cognates and bilingual glossaries are used for instruction; therefore, showing respect for the students' native language. By utilizing high-quality instructional strategies that promote language acquisition along with content knowledge, we are able to increase our newcomers' language proficiency. Service for Newcomers differs depending on the setting. In the general education setting, ENL methodologies are used with home language support as needed. Newcomers in our special education setting in a monolingual classroom are provided second language acquisition support based on their IEP goals. In the dual language class, the home language is used as a foundation to support their native language transitioning to their new language (English). After analyzing the data of the Newcomers from Renaissance Star, students will be provided the strategies they need in
small groups. Teachers will use foundational literacy programs such as Heggerty Spanish and Estrellita in Spanish to support with building foundational literacy skills in students' home language when appropriate. Based on I-Ready data, developing ELLs tend to need additional support with vocabulary acquisition and comfort with comprehending informational texts. Educators use HMH Into Reading resources to expose students to high leverage vocabulary words through frequent opportunities to use the words. Educators also stress morphology and strategies for understanding words in context so students are prepared to make sense of words as they read. Finally, educators spend time building background knowledge when working on comprehending informational texts and model comprehension strategies based on the Science of Reading

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

1.5 % of the Newcomers is a Student with Inconsistent/Interrupted Formal Education (SIFE).

We differentiate effective instruction for SIFE from other subgroups such as newcomers, developing and long-term ELLs by analyzing the students' screeners such as the Multilingual Literacy SIFE Screener and Renaissance Star. The MLS is a diagnostic tool used in the process of identifying Students with Interrupted Formal Education (SIFE). We evaluate students' abilities in their home language and view student performance reports.

The Renaissance Star tests are used to get a thorough understanding and view of a student's progress, achievement, and growth throughout the year. These screeners are used to determine the instructional needs of our students. After analyzing this data, we strategically group students based on their English proficiency as well as home language proficiency. We provide them with intervention, in addition to, core instruction with intensity determined by student need and targeted to specific skills.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0% of P.S. 145's ELLs are Long-Term ELLs. Effective services for Long-Term ELLs differ from those designed for Developing
ELLs because they are provided with Academic Intervention Services (AIS), before/after school programs, or SETTS (Special Education Teacher Support Services). ELL/SWD students who may require at-risk SETTS or SETTS are those who need support with English Language Arts. This entails vocabulary development, reading comprehension, and writing development.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

2.2% of our students are former ELLs. Our school is providing services through small group instruction with the classroom teacher (ENL, DLBE settings). Reading, writing, speaking, and listening are taught by the classroom teacher with ENL methodologies. The trends for this group is that they reached the maximum raw score in speaking. These students need more support in the writing modalities. Knowing this data along with the school's beginning of the year writing assessment, teachers will provide the skills and strategies needed to provide their maintenance services.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk factor with the highest number is the ELLs who are newcomers (56 newcomers/83.6%). The trends we notice are that the ELLs who did not demonstrate sufficient ELP progress (Spring 2024 NYSESLAT) 33/49.3% and students who are in temporary housing (24/358%). Many of these students are in temporary housing. Adapting to a new country and learning a new language can be very overwhelming for our students for students in temporary housing situations, the lack of consistency can add to the difficulty. Our number one priority is to make sure our newcomer students and families feel welcome and supported in our school community. Our community assistant, parent coordinator, and STH bilingual social worker makes sure to connect with families to provide support with basic needs and connect families to services, such as counseling or employment support, as needed. Additionally, newcomer ELLs often join our Spanish Dual Language classes, which allows them to spend half of the time learning in their home language. Finally, our newcomer ELLs participate in our Title III after school program where they get extra time to learn everyday vocabulary and phrases, along with academic vocabulary and content. A significant

percentage of our ELLs are scoring low on ELA and Math exams or have not demonstrated sufficient ELP progress. Our instructional teams have strengthened their MTSS approach to ensure we are differentiating our instruction to better address the needs of our students. Much of this work focuses on providing our students with foundational literacy remediation to ensure students are able to decode successfully. Tier 1 instruction emphasizes building background knowledge, frequent, short vocabulary instruction and frequent opportunities to think and talk to peers. Our new math curriculum, Illustrative Math, emphasizes student to student discussion, which allows ELLs to have more time to process their learning out loud and learn from their peers. Overall, in both Math and ELA, we are working to spend more time going deeper on key understandings with students rather than "covering" lots of material superficially. We know our ELLs need multiple exposures to content and opportunities to engage in learning content in different ways in order to learn and retain.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The at-risk level that adversely affects former ELLs at our school is temporary housing. Three former ELLs are in temporary housing which is 37.5%. At this moment the data does not reflect trends with other at-risk levels because temporary housing is the only indicator presented in the data, thus far.

There are 5 (62.5%) former ELLs who scored level 1 or 2 in ELA last school year. Two former ELLs or 25% scored level 1 or 2 in school year 2022-23 and 2023-2024. For math, there were four (50%) former ELLs who scored level 1 or 2 in ELA last school year. In school year 2022-23 and 2023-2024 two (25%) former ELLs scored at a level 1 or 2.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language of ELLs with the largest representation at P.S.145 is Spanish which is 65 of our ELLs. There is a large number of staff members (office staff, teachers, administration, parent coordinator, ENL teacher/coordinator) who speak Spanish and are able to communicate with parents and MLLs/ELLs. In addition, there are several staff members who can interpret for our French speaking family. For our Chinese speaking family, the Office of Language Access is utilized as well as translation/communication applications, such as Kinvolved and Google translate. The NYCPS' contracted interpretation service Language Line will be dialed at 929-552-7103 when connecting with an over-the-phone interpreter. The staff has been trained in using this free service that is available year-round to all members who engage families.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of ELLs at your school are American Indian or Alaskan Native, Asian, Black, multiracial, Native Hawaiian or other Pacific Islander, and white.

Culturally Responsive and Sustaining Education is currently in place to support the value of our Spanish, Chinese, and French speaking students.

At P.S. 145, cultural awareness, curriculum representation, language support and community/parent engagement are crucial to the planning and delivery of CR-SE. By using this framework, teachers are trained to understand and appreciate the cultural backgrounds of ELLs, which helps them tailor instruction to be more culturally responsive.

This is essential to providing an inclusive curriculum, and having high expectations along with rigorous instruction. We also make an effort to include diverse perspectives and content in the curriculum to reflect the backgrounds and experiences of ELLs. Educators collaborate with ELL families to understand their needs and involve them in decision-making processes.

In order to maintain this framework, ongoing professional learning and support is provided. By incorporating these strategies, CRSE aims to create an inclusive and supportive learning environment that meets the needs of ELLs while celebrating their diverse cultural backgrounds.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The trends that we notice in reviewing English Language Proficiency growth at our school are that a higher number of ELLs met Progress by exiting ELL status (Method 1) and the second highest number of students are 3 in two methods: Method 2: Met Annual Progress Target and method 3: Met Safe Harbor Cumulative Growth.

The most difficult method used to show growth is Meeting Progress by Exiting ELL Status (Method 1) because students have to score commanding on the NYSESLAT or expanding on the NYSESLAT and either 3 or above on the York State English Language Arts Exam.

13 students met ELP sufficient progress at our school through the following methods: Method 1: Met progress by Exiting ELL status (7 students, 15.2%), Method 2: Met Annual Progress Target (3 students, 6.5%), and Method 3: Met Safe harbor Cumulative Growth (3 students, 6.5%).

33 students or 71.7% did not meet ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When analyzing the results of the 2024 NYSESLAT, what stands out are the students that scored high in speaking. The trend is that the number of students who answered more than 90% of the questions correctly increased as the students moved up from first to fifth grade on the 2022 NYSESLAT. On the other hand, for the 2023 NYSESLAT, the students showed growth in the speaking modality from second to fifth grade.

After analyzing all modalities for 2024, fifth grade had the highest number of students who answered 90% of the questions correctly in writing (4) and speaking (7). First grade had the highest number in reading (3) and three ELLs in fourth grade answered 90% or more of the questions correctly in listening.

These trends suggest that students need more instruction to develop their listening, reading and writing skills in English. To close these gaps, teachers will continue to give students ample time to engage in discussion but will ensure that they are providing more time for text-based discussions based on read alouds and independent reading passages. Teachers will also ask students to write short responses or reflections after engaging in text-based discussions. Students will use transitional words and conjunctions to develop compound, expanded and complex sentences. The T.I.P.S. (Think-Ink-Pair-Share) strategy will continue to be implemented to allow for multiple entry points and discussions. ELLS who struggled with foundational literacy will be grouped in Tier 2 and Tier 3 programs,

such as Phonics for Reading in order to close foundational literacy gaps and prepare students to read and write with fluency.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The Spring 2024 ELA, Math and NYSESLAT show that more ELLs were at level 1 for math and ELA. 11 students were at level 1 in ELA and 14 students were at level 1 in Math. Three commanding students were at level 2 in ELA and math. One commanding student performed at a level three in math. When comparing the students' performance on the NYSESLAT to the state ELA and Math state exams (Grades 3-5) the majority of the ELLs scored a 1. Their performance on the NYSESLAT influences their performance on the state exams. If a student is struggling with reading comprehension and close reading skills it is evident that students will score low on the ELA exam. This is also evident when it comes to vocabulary development because it is needed to make gains in the NYSESLAT, ELA and math exams (unpacking the question and math terms). Teachers will implement multi-tiered system of supports to provide intervention around foundational literacy skill gaps for ELLs in grades 3-5 using Phonics for Reading small group instruction. Teachers on each grade and ENL teachers will work together to group students based on their level across the grade and provide dedicated small group instruction each day according to students' needs. Teachers will focus on strengthening vocabulary instruction and emphasizing the building of background knowledge during Tier 1 instruction, as well, to support students' ability to understand texts and build content understanding.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

We currently have 30/44.8% students with IEPs who took the NYSESLAT in 2024. 1 of these students is entering, 9 are emerging, 7 students are transitioning, 10 students are expanding, and one is commanding. The trends show that more students with IEPs were at the expanding level and emerging levels. These students are from all of our special education settings, including general education with related services, ICT, self-contained, and Horizon, and there are no trends according to settings. Nearly all of our ELLs with IEPs receive speech-language therapy and many of them are classified as a speech and language impaired. As such, these students may have a difficult time in acquiring proficiency in all modalities of the English language. Our instructional approaches to meet the needs of these students includes small group instruction tailored to their needs as per assessments (NYSESLAT, ELA/Math, IReady, Acadience, Renaissance Star) along with their IEP goals. This instruction will include frequent opportunities to practice their receptive and expressive language skills. We will ensure that all educators who work with our ELLs with IEPs work collaboratively to ensure all goals are met, including the classroom teachers, speech & language providers, and ENL providers.
There are no SIFE students who took the NYSESLAT in 2024.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school provides English Language Learners with a high-quality experience that leads to deeper learning by implementing various strategies:

-Language Support: Offering language support in our Dual language Bilingual Education and English as a New Language programs in students' home language is essential to deeper learning. Cognates, picture glossaries, word walls, and Think-Ink-Pair-Share are used to develop language.

-Cultural Integration: Incorporating cultural elements into the curriculum to help ELLs feel connected and valued within the school community. The students' cultural experiences, prior knowledge, and background knowledge and used to build instruction.

-Diverse Instructional Approaches: Implementing a variety of teaching methods such as scaffolds, visual aids, hands-on activities, and peer collaboration to accommodate different learning styles. Students will act as peer mentors, incorporating their home language to support their peers.

-Professional Development: Providing ongoing training for teachers on effective strategies for teaching ELLs, including differentiation, scaffolding, and culturally responsive teaching. Providing professional development around the Keys to Advance Language and Literacy Development for Multilingual Learners.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's Instructional Leadership Team design instructional plans focused on cultivating student-centered classrooms in which students are engaging in rigorous tasks which allows thinking, speaking, reading, and writing deeply and critically. Our MLLs and ELLs gain language skills from frequently practicing using language with their peers. Students have the opportunity to express their thinking and discuss with peers throughout each lesson,

resulting in rich student-led discussions. We adjusted our “Think-Pair-Share” talk-routine to “Think-Ink-Pair-Share” (T.I.P.S.) to help our MLLs/ELLs and students with IEPs have more time to process, think, and write/draw their response. This ensures they can contribute to the discussion with their peers/whole class. The Instructional Leadership Team shares ideas about strategies and language scaffolds to help support our MLLs and ELLs in all subject areas.

MLs/ELLs are also considered in the school's instructional design because teachers access the ELA, math, science, and social studies curriculum in Spanish. ¡Arriba la Lectura! has anchor charts and mini-lessons that help our ELLs make gains in literacy.

As mentioned in our Data Analysis section, all of our students tend to struggle with vocabulary acquisition and information comprehension, as per I-Ready data. This is especially true for our ELLs, who are learning an immense amount of vocabulary and may have difficulty making sense of information texts that include reference to content-specific vocabulary and understandings. In order to address this need, our teachers have increased the amount of time they spend each module on building background knowledge, and they give frequent opportunities to students to engage with a small group of high leverage vocabulary words in a variety of ways.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Stand-Alone ENL-The students receive instruction in English and are heterogeneously grouped in their classrooms. Each lesson targets learning objective and language objective. The lessons are Tiered to reflect multiple access points inclusive of verbal, instructional and procedural scaffolds. The teachers utilize strategies/materials such as realia, visuals and multi-media. Lessons include close interactive read alouds, collaborative discussions and language frames for speaking and writing.

Integrated ENL-The teacher plans in conjunction with the classroom teacher. The teacher scaffolds activities according to our mandated school curriculum and material; Into Reading, Amplify Science, Passport to Social Studies, and Illustrative math. The ENL teachers push in and use strategies such as TPR, deconstruction and reconstruction of complex text, shades of meaning, graphic organizers, thinking maps, discussion prompts, and open-ended questioning and teacher created Spanish materials and authentic literature in Spanish. Science, social studies content, technology and the Spanish Illustrative math program is also used.

DLBE- The teacher scaffolds activities according to the school's ELA curriculum. The material is aligned in Spanish with a combination of teacher created Spanish materials and authentic literature in Spanish. Science, social studies content, technology and the Spanish Illustrative math program is also used. Teachers identify cognates for each HMH module, text, and math unit. Teachers build background knowledge before beginning a new story/text. Students use provided bilingual glossaries for ELA and Math.

The strategies used include the following:
ENL: Thinking maps, graphic organizers, R.A.C.E. strategy, summarizing, annotating, looking for text evidence, jigsaw activities while reading texts, think aloud and predicting, close reading strategies, note-taking, use of word banks, developing anchor charts and exemplar texts.

Resources being used include the following:

Engage NY released questions, on-line ELA curriculum (Into Reading), NYS NYSESLAT samplers with anchor charts.

Dual Language Bilingual Education: Thinking maps, graphic organizers, R.A.C.E. strategy, summarizing, annotating, looking for text evidence, jigsaw activities while reading texts, think aloud and predicting, close reading strategies, note-taking, use of word banks, developing anchor charts and exemplar texts, visualizing and making predictions, developing and asking questions, vocabulary development, audio versions of read-alouds, video presentations of read-alouds, T.I.P.S. (Think- Ink-Pair- Share), and sentence stems.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers at P.S. 145 provide many instructional strategies and grade-level materials, as well as technology to advance our students' English language development.

For students at the entering and emerging level as well as ELLs with IEPs the following strategies are being used in English Language Arts: Stretching words/sentences, building juicy sentences (use of adjectives, 5 W's, shades of meaning), echo reading and choral reading, use of visuals and realia, anchor charts with vocabulary and visuals.

The resources being used include the following: Into Reading, i-Ready

Students at the transitioning, expanding, and commanding levels are taught to use the following strategies in ELA: Graphic organizers, thinking maps, R.A.C.E. (Restate-Answer-Cite Evidence-Explain) strategy, summarizing, annotating, looking for text evidence, jigsaw activities while reading texts, chunking, think alouds and predicting, close reading strategies, note-taking, use of word banks, development of anchor charts and exemplar text, Frayer Model, and discussion protocol, T.I.P.S.

Resources being used include the following: Into Reading and Sora digital library program.

For math, strategies that are being utilized to support our students include the following: use of manipulatives (Subitizing cards, counters, base ten blocks, digital manipulatives etc.), use of addition/ multiplication table, frontloading of math vocabulary, math talks discussion prompts, 3 Read strategy for word problems, 5 practices approach for discussion, physical and digital math centers, development of anchor charts with visuals. Students engage in T.I.P.S. (Think-Ink-Partner-Share), which gives them time to think, write, and discuss their ideas.

Resources being used include the following: Illustrative Math digital resources, Math Stories, Number Talks, Engage NY released questions and online the curriculum.

b. SIFE

In order to identify SIFE students, we use a variety of resources, including information provided on the Home Language survey regarding educational history and including SIFE interview questions and the multilingual literacy SIFE screener.

Typically, our SIFE students have gaps in their foundational literacy skills in their home language. If the student is

Spanish speaking, we will use the Renaissance Early Literacy screener to identify these gaps and provide instruction accordingly with the intention of bridging their literacy skills in their home language with the English language. In all cases, we will use tier 2 and 3 literacy intervention programs, such as, UFLI Foundations and Phonics for Reading to address students' foundational literacy needs.

c. Newcomers

ELL students with less than three years receive differentiated instruction by proficiency level through both whole group and individualized instruction. Provisions for modeling and demonstrations are provided. Materials include books on tape, laptop listening centers, visuals, and SmartBoard lessons. These students have priority for the after-school program. Lesson plans include specific differentiation including, verbal, instructional, and procedural scaffolds.

83.6% of our ELLs are newcomers, and the data illustrates that they need remediation in foundational literacy, both in their home language and English. As such, students are seen in small groups and provided with explicit literacy instruction using interventions, such as UFLI and Phonics for Reading. The majority of these students are in the Dual Language program, where they also receive foundational literacy instruction in their home language of Spanish, using programs such as Heggerty and Estrellita.

d. Long Term ELLs

These students are provided with Tier III interventions and academic intervention service support. They are also discussed in the AIS meetings and recommended for the ELL after school program.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The school uses curricular, instructional, and scheduling flexibility to enable ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment. They follow this flexible schedule when they are reaching their goals. Teachers plan SDI (specially designed instruction) allowing for multiple entry points. They also use IEP goals as a drive to teach, modify, and adapt instruction throughout the curriculum. Checklists with goals, dates, and interventions are used as a tool to track student progress.

Currently, we have one ELL with an IEP who receives flexible programming. The student went from a Horizon setting to an ICT setting to receive English Language Arts and math instruction. The data used to track the child's progress was the i-Ready assessments, end of the unit ELA tests and student work. The child was monitored with feedback from all teachers to determine if the least restrictive environment is appropriate for the student.

We have five ML/ELL SWDs with IEPs who receive SETSS.

Technology is being used instructionally to support this demographic of students by using the read aloud feature in Into Reading. They are exposed to audiobooks along with the print version of their books. This supports the listening and reading modalities. To support students who have difficulty writing, they use Chromebooks to publish their writing. They also speak into the microphone feature on the computer to assist with research, spelling, and overall writing. Really Great Reading has the Playground feature where the students read into the tablet and as the audio is recorded the teacher can monitor the child's reading. The teacher listens to the audio to figure out if, for

example sight words and cvc words are being read correctly. Really Great Reading also has a program where the students can move colored tiles on the tablet/smartboard to represent initial, medial, and final sounds. The questions and choices read on i-Ready are also utilized. The Illustrative Math center has audio in which the directions and tasks are read to the student. These centers are organized according to units and are color coordinated. The students also utilize real life math tools through the application.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the Dual Language Bilingual program, home language support is assessed through the Into Reading, Arriba La Lectura's online assessment tool and Renaissance Star. The Multilingual Literacy Screener will be used for Grades 3-5. The results are used to guide instruction. Appropriate scaffolds are then put in place to guide students' learning in their home language.

TBE- Not applicable

In the ENL program, the students' home language is assessed by using the language to build background knowledge on a topic. It's also used to build vocabulary development by using cognates, picture support, glossaries and translanguaging. If the students' home language is other than Spanish, their prior knowledge is utilized to support access to instruction. With the assistance of an interpreter, students participate in sharing artifacts and contributions from their culture to make connections with the curriculum. The assessment tools used are NYSESLAT mock assessments and formative assessments.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

P.S.145 has systems and structures in place for supporting co-teaching and collaboration between classroom teachers and ENL teachers to support ELLs within the classroom setting. Here are some systems and structures to support co-teaching and collaboration:

Data Analysis and Progress Monitoring: Teachers utilize data analysis and progress monitoring tools to track the academic performance and language development of ELLs. They also collaborate on data review meetings to identify areas of growth and areas needing additional support. This includes NYSESLAT data, iReady, Renaissance Star.

Planning Meetings: Planning meetings are scheduled between general education and ENL teachers to discuss curriculum alignment, instructional strategies, and student progress. These meetings allow teachers to share

expertise and resources.

Co-Teaching Models: We implement various co-teaching models such as parallel teaching, team teaching, and grouping students to accommodate different instructional needs and preferences.

Shared Resources and Materials: Curriculum maps are shared along with resources, materials, and lesson plans between general education and ENL teachers. This ensures consistency in instruction and promotes a cohesive learning experience for ELLs.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our overall, annual professional learning plan is meticulously designed to ensure that all staff members, including administrators, teachers, and non-pedagogical staff, receive targeted professional development that addresses the academic and social-emotional needs of Multilingual Learners (MLs) and English Language Learners (ELLs). Recognizing the diverse needs of our student population, our professional learning plan incorporates strategies that promote both language development and content mastery, fostering an inclusive and supportive learning environment.

For the upcoming academic year, our instructional focus is on academic monitoring, with a particular emphasis on utilizing the T.I.P.S. (Think-Ink-Pair-Share) protocol to engage all students in active learning. This protocol encourages students to think critically, articulate their thoughts in writing, and engage in meaningful discussions with peers, thereby enhancing both their language and content understanding.

To ensure the effectiveness of this approach, we have developed a structured monthly professional learning plan that aligns with our instructional goals and leverages data from the New York State English as a Second Language Achievement Test (NYSESLAT). The Keys to Advance Language and Literacy Development for Multilingual Learners will be integrated to the plan. This plan outlines specific professional development topics and activities that address key areas of need for MLs/ELLs throughout the 2025-2026 school year. Our commitment to continuous improvement and targeted support is reflected in the following monthly plan:

Monthly Professional Learning Plan: (Specific dates to be determined)
October: Analyzing Overall ELLs in the Class and Their Level of Proficiency (Key 6: Prioritize Growth and Progress, Key 1: Recognize and Build on What MLs/ELLs Bring)
Objective: To understand the proficiency levels of MLs/ELLs in each classroom and tailor instruction accordingly.
Activities:
Review NYSESLAT data to identify proficiency levels.
Workshop on interpreting and utilizing data to inform instruction.
Collaborative planning sessions to differentiate lessons based on proficiency levels.
Outcome: Teachers will have a clear understanding of their students' proficiency levels and will be equipped with strategies to meet their diverse needs.

November: Targeting Listening and Speaking Skills (Key 3: Integrate Language Development Across Subjects and Units)

Objective: To enhance listening and speaking skills in MLs/ELLs during the T.I.P.S. protocol.
Activities:
Training on effective listening and speaking strategies.
Focused sessions on supporting ELLs during the 'Inking' and 'Partner Sharing' phases.
Role-playing activities to practice and refine these strategies.
Outcome: Teachers will implement targeted listening and speaking supports, improving student engagement and comprehension.

December: Differentiating Instruction (Key 2: Engage MLs/ELLs in Grade-Level Content)
Objective: To differentiate instruction to meet the varying needs of MLs/ELLs.
Activities:
Workshop on differentiation techniques.
Collaborative lesson planning with a focus on differentiation.
Case studies and discussions on successful differentiation practices.
Outcome: Teachers will develop and apply differentiation strategies, ensuring all students can access and engage with the curriculum.

January: Integrating Language and Content Instruction (Key 3: Integrate Language Development Across Subjects and Units)
Objective: To integrate language development seamlessly into content instruction.
Activities:
Training on incorporating academic vocabulary and language objectives into lessons.
Co-teaching strategies to blend language and content instruction.
Lesson planning sessions focused on integration.
Outcome: Teachers will create lessons that address both language and content objectives, enhancing overall student understanding.

February: Enhancing Reading and Writing Skills (Key 2: Engage MLs/ELLs in Grade-Level Content)
Objective: To improve the reading and writing skills of MLs/ELLs.
Activities:
Workshop on scaffolding reading and writing tasks.
Strategies for supporting ELLs during the 'Inking' phase of T.I.P.S.
Peer review sessions to assess and improve student work.
Outcome: Teachers will employ strategies to enhance reading and writing, leading to improved student performance.

March: Utilizing Formative Assessment (Key 6: Prioritize Growth and Progress)
Objective: To use formative assessments to monitor and support MLs/ELLs' progress.
Activities:
Training on formative assessment techniques.
Developing and implementing formative assessment tools for MLs/ELLs.
Data analysis sessions to inform instructional decisions.
Outcome: Teachers will use formative assessments to provide targeted feedback and support, promoting student growth.

April: Supporting Social-Emotional Needs (Key 4: Strategically Partner and Group MLs/ELLs)
Objective: To address the social-emotional needs of MLs/ELLs.
Activities:
Workshop on culturally responsive teaching and social-emotional learning (SEL).
Sharing best practices and success stories.
Role-playing scenarios to practice SEL strategies.
Outcome: Teachers will create a supportive and inclusive learning environment that addresses students' social-

emotional needs.

May: Reflecting on Practices and Planning for Next Year (Key 6: Prioritize Growth and Progress)
Objective: To reflect on the year's practices and plan for the upcoming year.
Activities:
Review and analysis of student progress and outcomes.
Reflective discussions on successes and areas for improvement.
Planning sessions to set goals and strategies for the next academic year.
Outcome: Teachers will gain insights into their practices and prepare for continuous improvement.

June: Celebrating Success and Sharing Best Practices (Key 5: Collaborate for ML/ELL Success)
Objective: To celebrate achievements and share best practices.
Activities:
Showcase successful projects and student work.
Teacher presentations on effective strategies and lessons learned.
Celebration event to recognize efforts and progress.
Outcome: A sense of accomplishment and a collaborative spirit, with shared knowledge enriching the learning community.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

To meet the Part 154.2/.3 mandates, our school has designed a comprehensive series of workshops that ensure 50% of professional development for TESOL/Bilingually certified teachers and 15% for non-TESOL/Bilingual teachers. These workshops will encompass effective practices to support language development, including techniques such as "chunking" and "webbing" to make information manageable. The sessions will feature cooperative and interactive activities, multiple access points, and low-risk environment practices to promote high self-esteem and improve student outcomes.

Professional Development Topics and Implementation
The professional development topics covered will include:
-Culturally Responsive-Sustaining Education (CRSE)
-i-Ready, Acadience, Renaissance Star Data Analysis
-Multi-Tiered System of Supports (MTSS) for MLs/ELLs
-Supporting Newcomers
-Long-term ELLs and Students with Interrupted/Inconsistent Formal Education (SIFE/SLIFE)
-Translanguaging
-The Keys to Advance Language and Literacy Development for Multilingual Learners

These topics will be integrated into P.S. 145's professional learning plan for the 2025-2026 school year. Resources and support will be provided by Teresa Vera, ML/ELL Services Administrator, along with other district staff (October 2025-June 2026). Specific dates for these sessions are to be determined.

Empowering Staff and Building Capacity
Responsibilities will be delegated to empower teachers and other staff members, fostering capacity building and sustaining best practices throughout the year. School leaders will establish a common lens and language to provide feedback through informal and formal observations. Data collected from these frequent observation cycles will be used to plan additional professional development sessions designed by teachers for teachers.

Continuous Improvement and Collaboration
“Try and Share” follow-up sessions will be scheduled to consolidate new initiatives, ensuring that all voices are heard and that new and best practices are gauged effectively. This collaborative approach will help refine and adapt instructional strategies to meet the evolving needs of MLs/ELLs.

Record Keeping and Accountability
Records of all professional development activities will be maintained in a school-wide PD binder and a digital folder, ensuring transparency and accountability.

This robust professional development plan not only meets the CTLE ELL-specific hours requirement but also enhances the instructional and social-emotional support for MLs/ELLs, fostering a cohesive and inclusive educational environment.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

i-Ready is a screening assessment that tests skills in the following areas in reading:
– Phonological Awareness
– Phonics
– High-Frequency Words
– Vocabulary
– Comprehension: Literature
– Comprehension: Informational Text

Students are also given the i-Ready diagnostic in mathematics. ELLs receive recommended levels of i-Ready personalized instruction in mathematics after the results are tallied.

This data is used to guide the teacher's instruction. Teachers can choose to assign and select i-Ready lessons for their ELLs. Students are also automatically assigned lessons that provide the right amount of scaffolded support to help English Learners build on their existing knowledge. i-Ready offers multiple opportunities for English Learners to acquire and use language that increases in complexity. Through culturally responsive grade-level content, i-Ready ensures English Learners acquire content knowledge while also acquiring language.

Acadience is used with grades kindergarten, 1 and 2. Acadience Reading Assessments consists of
-First Sound Fluency (FSF)- Kindergarten
-Letter Naming Fluency (LNF)-Grades K-Early 1st
-Phoneme Segmentation Fluency (PSF)- Grades K-Early 1st
-Nonsense Word Fluency (NWF)-Grades K-Early 2nd
-Oral Reading Fluency (ORF)-Grades 1-2

Renaissance Star Early Literacy and Reading Assessment is used with students in the Dual Language program.

The data is used to progress monitor and to determine the appropriate supports for each student. All assessments are administered 3 times per year (beginning, middle, end), and teacher teams review this data after each administration to plan for MTSS.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Teachers create small strategy groups based on data from i-Ready diagnostic results from both ELA and Math. In addition to formative assessments, teachers group students based on informal observations and their language

proficiency levels.

AIS (Academic Intervention Services) is provided for ELLs with and without disabilities in English. MTSS is also implemented at our school. The Orton Gillingham approach is utilized by Ms. Vasquez, Special Education Intervention Teacher as well as, Preventing Academic Failure (PAF). PAF is a comprehensive structured language program for teaching reading, spelling, and handwriting using multisensory techniques. It is an effective beginning reading program for all children and incorporates practices supported by scientific research. Phonics for Reading and University of Florida Literacy Institute Foundations (UFLI) are used during our MTSS periods. Phonics for Reading is designed for students with identified needs in foundational skills—including students with dyslexia and English Learners—the program uses research-backed instruction to deliver effective and efficient intervention. UFLI is an explicit and systematic program that teaches students the foundational skills necessary for proficient reading.

Number talks is a math routine built into the instructional day as a whole class or small group, that fosters mathematical thinking by sharing mental math strategies orally and through written representations. Using number talks helps ELLs learn and use target mathematical vocabulary, therefore enhancing their understanding of math concepts. Math Stories is also utilized in ELL classrooms. This is a problem-solving structure that promotes sense making and rich discourse. Math stories provide structured language stems to help ENL students engage in mathematical discourse with peers on different language levels. Students have the opportunity to demonstrate their understanding in multiple ways, such as representing a problem by drawing, verbally, and/or written form. Illustrative math resource folders are utilized to support English Language Learners.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school uses data such as i-ready, Acadience, NYSESLAT, ELA NYS assessments, Math NYS Assessments, Renaissance, and other
performance tasks to determine which Tier of instructional support to provide our ELLs. Students identified for more support receive
supplemental intervention. The students who fall into Tier II receive additional small group instruction using research-based
intervention programs by the classroom teacher. Students in Tier III are enrolled in the after school program or are provided instruction
within MTSS during the school day with an AIS provider using research-based programs, such as Phonics for Reading or University of Florida Literacy Institute Foundations (UFLI) are used during our MTSS periods. Phonics for Reading is designed for students with identified needs in foundational skills—including. Students' strengths and needs in their home language and in English are considered when they are in these groups. Interventions are targeted specifically to identified student needs based on data. Teachers progress monitor every 6 weeks to check and see if students are making progress and ready to move up a tier.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The tools our school uses to assess the literacy skills of our ELLs are Into Reading, I-Ready, Acadience, and MOSL (periodic assessments). These tools test decoding, word recognition, comprehension and writing. We use this data to create action plans for our students in order to strengthen small group instruction. We utilize Estrellita, Heggerty, and Arriba la Lectura, specifically in the Dual Language program, to gauge reading skills and decoding in Spanish. These assessments are utilized for flexible grouping in an action plan. Writing is assessed via Spanish/English writing performance tasks. Based on this data, ELL students are grouped accordingly during small group instruction. ELL students receive AIS support during the school day as well as instruction during the Title III program.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

School administrators collect benchmark assessments three or more times a year. Progress is tracked and teachers and administrators discuss action plans and next steps by looking at formative assessments, small group instruction, grouping sheets, and conference notes. Progress is monitored via the Spanish Writing Performance Tasks and Math unit tests. Students are assessed by using Arriba la Lectura! and Renaissance Star.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

To evaluate the success of our ELLs, we look at several factors, standardized ELA, math, and NYSESLAT results. We analyze how many students moved up a level, “Mock” tests to see growth, the New York City ELA Performance task, and the EDAT.

We review the data after assessment administration in teacher teams and make decisions regarding which standards to revisit and what elements of the curriculum should be strengthened (e.g. vocabulary instruction). We also revise MTSS structures based on the data.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan for our school is for the ENL teachers to conduct training on the administration of the NYSESLAT by using the SAM. The speaking and writing scoring team (SETSS teacher, ENL teachers, Special Education Intervention Teacher) train by using the training scoring sets and online link provided by Metritech.

The team that administers the NYSESLAT consists of ENL teachers, DL teachers, and special education teachers.

All ELLs continue receiving their mandated services during the testing period. This will be done by conducting mini lessons with students, posting asynchronous lessons, activities, and exit tickets on Google Classroom.

Former ELLs continue to receive their services in small groups with their classroom teachers.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

To ensure that current and former ELLs receive necessary accommodations for state assessments our school gathers data from the RLAT and SESIS to ensure the ELLS and former ELLs with IEPs receive the 504 and IEP accommodations that are written on their IEP. After analyzing their accommodations, the students are grouped accordingly, for example Groups of 2 -12 or less, Scribe, Test Read by Human Reader, Use of Aids/Assistive Technology, Verbal Redirection/Focusing Prompts as Needed, Non-Verbal Focusing Prompts as Needed, Frequent Breaks as Needed, Directions Read/Reread Aloud, and glossaries in their home language and English. The students then test with a trained pedagogue that is knowledgeable in how to implement the accommodations.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our school provides ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.
The orientation is scheduled by the ENL providers, Brenda Crespo and Irene Soto. Students are sent home with a First Entitlement Letter and follow up telephone calls. Parents are provided with an agenda in English and their native language which bullets each area of discussion. The agenda includes:

I. Introduction-Office of English Language Learners and NYC Dept. of Ed
· Why am I here?
· All parents or guardians of newly enrolled students are required to complete a Home Language Identification Survey-HLIS
· The HLIS indicates that your child uses a language other than English, and he/she is administered an English proficiency test (NYSITELL)
II. Performance on this NYSITELL determines your child's entitlement to English language development support services

· Information regarding the three programs available to support your child's language development

· Transitional Bilingual Education (TBE), Dual Language and English as a New Language (ENL)
· Goals/Expectations of the programs and grade
· When will my child enter a monolingual English program? After your child scores a certain level of proficiency in English on the NYSESLAT-Achievement test
III. Presentation of Video
· Discussion-question and answers
· ELL parent survey and program agreement

Evidence of these meeting are kept in and ELL compliance binder.

Parents receive necessary translation/interpretation supports to meaningfully engage in these meetings by receiving support from he parent coordinator, community associate as well as bilingual paraprofessionals. All letters and notices are sent home in both English and Spanish. For the Mandarin speaking family, the Over the phone Interpretation unit is used. For parents who cannot attend scheduled meetings, teachers reach out on Kinvolved and schedule individual meetings at the parent's convenience. The parent coordinator, Arlene Alamo or ML/ELL Coordinator, Irene Soto coordinates with the Office of Language Access to provide support as needed.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Teachers use their 55 minutes parent engagement time to schedule meetings with individual parents in order to discuss the goals
of the program, student's progress, language proficiency results (NYSESLAT), language development needs, and explain the content
that is being taught during the school day. The goals are discussed as follows: The goal of each program is to attain language
proficiency and to meet the standards the state has set forth. In addition, the programs to strive that all students' individual educational needs and social-emotional needs are met in multiple languages, leading them to college and career readiness.

Transitional Bilingual Program- N/A

Dual Language Bilingual Education- The goal is to be bilingual, biliterate, and bicultural while improving their academic ability. Parents
are informed that students are taught in English and their home language. Students receive 50% of their instruction in their home
language and 50% in the target language.

English as a New Language- The goal of the program is to read, write, and speak English in all content areas. This is done with a certified teacher that uses ENL theories and strategies. Teachers use their primary language to learn English. Language development progress and needs are discussed by using the NYSESLAT data. The teacher will explain the student's strengths and deficiencies in each modality: reading, writing, listening, and speaking.

The parent coordinator, community associate as well as bilingual paraprofessionals are available to help with translation and interpretation needs. All letters and notices are sent home in both English and Spanish. For the Mandarin speaking family, the Over the phone Interpretation unit is used. For parents who cannot attend scheduled meetings, teachers reach out on Kinvolved and schedule individual meetings at the parent's convenience. The parent coordinator, Arlene Alamo or ML/ELL Coordinator, Irene Soto coordinates with the Office of Language Access

to provide support as needed.

Evidence of these meetings is documented on a Google spreadsheet and hard copies of parent letters are kept in the ELL compliance binder.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Beyond the mandated meetings and orientations, the school ensures all parents regardless of language preference receive school communications and documents. The parent coordinator, community associate, teachers, guidance counselor, as well as bilingual paraprofessionals are available to help with translation needs. All letters and notices are sent home in both English and Spanish. For other languages, the Over the phone Interpretation unit is used. Parents who cannot attend scheduled meetings are sent a message by the teacher or another point person through Kinvolved which translates messages to the parents' preferred language. At this time communication is made clear through this message application. This family engagement app strengthens the school–home connection by equipping educators, parents, and students with the information they need to be active participants in preventing student disengagement. The parent coordinator, Arlene Alamo or ML/ELL Coordinator, Irene Soto coordinates with the Office of Language Access to provide support as needed if the parent does not respond to messages through Kinvolved.

Families are able to respond by using a school interpreter or OLA interpreter. The parents who speak a language other than English, such as Spanish or French have formed a relationship with interpreters that are available to assist them. They are able to initiate communication because they come to school and communicate concerns or questions with those interpreters.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

We develop activities that foster empowerment for families of MLs/ELLs by learning about our ELL population and integrating their cultural traditions. By doing so we create a welcoming environment for families, make a personal connection with them and show that our school values families' native languages. ML/ELL families are empowered because their culture is represented through school events. For example, last school year we had a Hispanic heritage community celebration in the school yard that included games, food, and entertainment. We also had a dance group that performed for the entire school during school assemblies. The students were able to learn about Diwali and what certain dance gestures mean. We also have an annual multicultural event in May, where families partake in arts in crafts, activities, food and dancing from various countries.

Our school determines the needs of our community through discussions at Parent Teacher Association meetings, ELL program orientation, and individual parent teacher meetings.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

We ensure families of MLs/ELLs are aware of family leadership opportunities such as Parent Association (PA) and the School Leadership Team (SLT). This is done by sending messages through Kinvolved, displaying school posters

around the outside and entryway of the school, sending hard copies of letters with the students and through our social media platforms (Facebook and Instagram).

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

The culturally and linguistic responsive partnerships we currently have in place are:
- Rising Ground which focuses on addressing academic, emotional, and social-emotional needs, as well as providing resources for families facing challenges like poverty, mental health issues, or substance abuse.
-NY Edge (CBO) assesses the needs of the community and provides resources and enrichment programs for our school community
-Kindergarten will participate in "High 5s", a small group math games program, New York Edge afterschool program will serve grades K-2 that emphasizes enrichment through the arts and sports
-Parent workshops on topics of interest to the school community, such as nutrition, child abuse prevention, bullying prevention
-Attendance initiatives will be supported by the program
-Monthly celebrations, including Hispanic Heritage Celebration, Magnet Theme Night, Black History month celebration, and more to be determined
-District 79/ School 7 Adult Education Program-ESL Classes
-Family Literacy Night
-Multilingual Family Engagement Nights: Events with interpreters where families learn about school initiatives and share input.
-Partnership with Immigrant Support Centers: Collaborating with groups like Make the Road offer services in families' home languages—like legal aid, housing, or mental health support.

Workshops and celebrations are provided in English and Spanish. Interpreters will be available for families who speak French, Mandarin or another language other than English.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of your ELL identification team are Irene Soto, ML/ELL Coordinator/Provider and Brenda Crespo, ML/ELL Provider, Natalie King, Coach, and Diana Periera, Magnet Site Coordinator.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The structures and process in place for identification of ELLs year- round are as follows:
- The pupil accountant secretary, Aurora Melo sets up appointments with incoming students for registration and emails/shares Excel spreadsheet with Irene Soto, ML/ELL Coordinator/Provider and Brenda Crespo, ML/ELL Provider.
-A registration schedule is created at the beginning of the school year. This helps the office staff know who is available during the school day and it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs.
- Ms. Soto, Ms. Crespo, or another team member is contacted according to the set schedule and interviews the parent and student. A Home Language Identification Survey (HLIS) is administered, and an individual student interview is conducted followed by an in-depth interview of the student if necessary.
-Based on the interviews and HLIS, Ms. Soto determines the student's OTELE (Other than English Language Exposure) code.
-This code is then put into ATS by Ms. Melo.
-Ms. Soto and Ms. Crespo administer the NYSITELL (New York State Identification Test for English Language Learners) during compliance periods if the OTELE code is other than English. The Spanish Lab is then administered to those students whose home language is Spanish and did not receive a commanding score on the NYSITELL (with 10 school days of enrollment).
-At this point, students are scheduled into STARS classroom (Push-in, Pull-out) by Irene Soto according to their

proficiency levels (entering 360 min, emerging 360 min, transitioning 180 min, expanding 180 min). They are served by a licensed bilingual teacher in the Dual language setting and an ESOL certified teacher in the ENL program.
-An entitlement or non-entitlement letter is sent home to parents within 5 days of ELL determination.
-The Language Proficiency Team decides if students with an OTELE code other than English and an IEP should take the NYSITELL. If the decision is yes, the test is administered, but if the decision is no, the superintendent makes the final decision (within 20 days of school enrollment).
-Ms. Soto, Ms. Crespo or another team member conducts a parent orientation with the parents of newly identified ELLS. The ELL is placed in the program that the parent selected before the 10th day of school. The parent completes the Parent Survey and Program Agreement Form by selecting the program they would like for their child and is placed in the program by the 10th day of school. Afterwards, the parent is given the program placement letter.
-The ELPC, BNDC, ELLO ATS screens are completed by either Ms. Melo or Ms. Soto.
-SIFE are identified after a pedagogue conducts the Home Language Identification Survey, student interview and the SIFE Oral Interview. If the team finds that students have interrupted formal education then the SIFE writing Screener is administered. The Multilingual Literacy SIFE Screener is administered online. After the results the team decides if the students are SIFE. We take into consideration if the test results show the students are two or more grade levels below in math and literacy.

Our school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs by coordinating schedules. A registration/ ELL identification schedule is shared via Google Docs and is used to inform the availability of team members.

Newly enrolled students, current ELLs, and former ELLs will continue to receive their mandated services while these activities (identification process, scheduling) are being conducted because it is being completed during specific periods set aside for registration and compliance.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Julia Hynes

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Arlene	Alamo	Parent Coordinator - Annual	10/30/2024	Y
Alejandro	Latorre	School Social Worker	9/2025	Y
Veronica	Mejia	Community Assistant Annual	10/30/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
AMHARIC (AKA ETHIOPIAN)	1	0.20%	1	0.20%	0	0
CHINESE ANY	2	0.39%	0	0.00%	0	0
FRENCH	1	0.20%	1	0.20%	4	4
JAPANESE	0	0.00%	1	0.20%	0	0
MANDARIN	0	0.00%	2	0.40%	0	0
ENGLISH	277	54.21%	272	54.08%	87	87

SPANISH	230	45.01%	226	44.93%	30	36

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Welcome Back Newsletter	The majority of our families speak Spanish and all Spanish written translations are done by our bilingual staff members. Translations for the Mandarin, French, Haitian Creole, Japanese and Amharic families are sent to the Translation and Interpretation Unit. For translations that cannot be done in house, the school will use the contracted vendor or the Office of Language Access.
Monthly School Calendar	Spanish written translations are done by our bilingual staff members. Translations for the Mandarin, French, Japanese and Amharic families are sent to the Translation and Interpretation Unit. For translations that cannot be done in house, the school will use the contracted vendor or the Office of Language Access.
Letters from school administration Throughout the school year	NYCPS parent letter templates are used. Spanish written translations are done by our bilingual staff members. Translations for the Mandarin, French, Japanese and Amharic families are sent to the Translation and Interpretation Unit. For translations that cannot be done in house, the school will use the contracted vendor or the Office of Language Access.
IEPs	IEPs will be translated by the Office of Language Access.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Workshops	Staff members who speak Spanish, and French interpret during these conferences. Over the phone interpretation (OPI) unit is used for our Amharic, Mandarin, and Japanese speaking families.
Parent Engagement Events	Staff members who speak Spanish, and French interpret during these conferences. Over the phone interpretation (OPI) unit is used for our Amharic, Mandarin, and Japanese speaking families.
Parent Teacher Conferences	Staff members who speak Spanish,and French interpret during these conferences. Over the phone interpretation (OPI) unit is used for our Amharic, Mandarin and Japanese speaking families.
IEP Meetings	Staff members who speak Spanish, and French interpret during these conferences. Over the phone interpretation (OPI) unit is used for our Mandarin speaking family.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

The resources and processes P.S.145 will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language are as follows: notifications are posted on our school website, ClassDojo, and Kinolved. This messaging program automatically translates messages to families in their preferred language. The school uses our social media platforms, such as Facebook and Instagram to communicate with parents. We also use the NYCPS messaging system through TeachHub.

In the case of a student specific event, such as attendance or illness, a bilingual school staff member such as the health aide, school psychologist, social worker, parent coordinator, community associate, family workers or administrators will contact the parent by phone to discuss the issue at hand. A translated letter concerning the issue will also be sent home.

If a parent has an emergency and needs to contact the school, the office staff will be available to communicate with parents in Spanish and French. For the Mandarin, Amharic and Japanese speaking families, the Over-the-Phone Interpretation (OPI) services unit will be called to participate in a conference call with the family. The family also has English speaking family members that will communicate with the school.
Parents use their own translation application when needed.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents by scheduling time during professional development days. We will follow up with emails on providing the translation and interpretation phone numbers, links, and resources.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

PS 145 will inform parents about available language assistance services in their preferred language by fulfilling Section V11 of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation service by sending home all notices and letters in both Spanish and English. Notices will be sent home in Mandarin, French, English and other languages to our families whose preference is other than English. We will also communicate to parents during parent workshops, PTA meetings, Parent Engagement, parent teacher conferences and special events in both English and Spanish. The over the phone translation unit will be used for our Chinese, Ethiopian, and Japanese families. In addition, current information will be displayed on the school website, Kinvolved, and ClassDojo in all home languages. The brochures and Language "I speak..." Cards will be introduced and information disseminated to the teachers at the September welcome back conference and before the two parent teacher conference days so that parents can be made aware of over the phone translation and interpretation assistance. The cards are also kept in the main office. Parents' Bill of Rights are disseminated to parents at Parent Teacher Conferences throughout the year in Spanish, English, Mandarin, Amharic, French, and Japanese. Parents are given access to the New York City Public Schools website which provides information in each of the covered languages concerning the rights of parents, translation and interpretation services and how to access the services.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

The methods P.S. 145 will use to gather feedback from parents regarding the language assistance services they receive in their preferred language is through our Parent Teacher Association and School Leadership Team meetings. Information is also gathered from verbal feedback during our parent workshops. We will create a digital parent survey to gather feedback from parents/guardians.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our school has improved its language assistance services by having interpreters available at school events, parent teacher conferences and IEP meetings. We have also posted notices that are made into posters in the students' home language. These notices consist of calendars, schedules, meetings, and any urgent letters. They are posted at the entrance/exit doors, near the main entryway, the main office, and throughout the school building. For the next school year, we will continue to have interpreters available for these families when necessary.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

60 Students

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,K

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

5

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

At P.S. 145, Title III ELL funds will be used primarily to provide a Direct Instruction program to support our ML/ELLs of all proficiency levels. Instruction will take place through problem/project-based learning. These classes will target reading, writing, listening, and speaking to support student growth as measured by the NYSESLAT. Teachers will have clear parameters for building on student language development needs. They will receive student profiles and assessments from their classroom teachers to help support student goal setting.

The students will be divided into three groups by grade bands (kindergarten–grade 1, grades 2–3, and grades 4–5) in the following proficiency levels: entering, emergent, transitional, and expanding. The groups will meet on Tuesdays and Wednesdays after school from 2:30 p.m.–4:00 p.m. Kindergarten/grade 1 will have 20 students, grades 2–3 will also have 20 students, and grades 4–5 will have 20 students. The program will begin the week of October 7, 2025, and end the week of February 11, 2026.

The language of instruction will be English with Spanish support. Instruction will be provided by three certified ENL or bilingual teachers. Teachers will use the National Geographic Reach NYC: Language, Literacy and Content for K–6 ENL Students program, which is grounded in current research and integrates listening, speaking, reading, writing, and content instruction. They will also use content-based resources from Civics for All, a New York City initiative that supports ELLs through culturally responsive resources and teaching methods.

In addition, P.S. 145 will provide a Spanish Language Learners (SLL) component of the afterschool program. This will be open to students enrolled in the dual language program who are interested in further developing their Spanish language skills. The program will include two groups, one for grades K–2 and another for grades 3–5, and will be taught by two certified bilingual teachers. Instruction will focus on deepening students' reading, writing, listening, and speaking skills in Spanish while reinforcing their biliteracy development.

Both the Title III ELL and SLL afterschool programs will be supervised by an administrator and will not be at no cost to the Title III ELL funds. Student attendance and snack count will be kept in the Record Binder along with consent forms and contact information. Student work will be stored in folders and filed in a basket labeled "Title III ELL Program or Title III SLL Program." Parent letters will be distributed in both Spanish and English, with one student receiving notices in French and English.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The rationale for implementing Title III ELL-funded programs in our school is based on a thorough analysis of both qualitative and quantitative data that highlight the need to support entering and emergent English Language Learners (ELLs) across grades K-5. Our data reveals a significant population of 60 students who require enhanced language support to progress toward English proficiency and achieve academic success. This group includes 20 students in grades K-1, 20 in grades 2-3, and 20 in grades 4-5, each of whom falls into either the entering, emerging, transitioning or expanding proficiency levels.

Qualitative and Quantitative Data Analysis Supporting Program Need:
Quantitative Data:
Student Numbers and Proficiency Levels: A total of 60 students in the school require support in English as a New Language to meet the linguistic and academic demands of their grade levels. Divided by grades, we have observed that the largest concentration is in the early grades (K-1 and 2-3), indicating a need for foundational language support that will scaffold students' learning trajectories.
We have also observed a need in Spanish language development for our SLLs in grades K-5 (30 students).

Academic Assessments: Standardized assessments, classroom-based evaluations, and progress monitoring data for these students demonstrate that they struggle with essential language skills necessary to access grade-level content. This difficulty is consistent across multiple content areas, emphasizing the importance of targeted ELL programs.

Qualitative Data:
Teacher Observations and Classroom Engagement: Teachers report that students in the entering and emerging categories frequently require structured language scaffolds, such as sentence starters and visual aids, to understand and participate in classroom discussions and activities. Students show a strong motivation to engage but often lack the language tools to express their thoughts comprehensively.

Social-Emotional Development: Educators have noted that ELL students at these levels may experience challenges with social integration and self-confidence in academic settings due to limited language proficiency. Programs that build language skills while supporting social-emotional growth are essential for fostering a welcoming and inclusive learning environment.

Data Sources Used to Justify the Need for the Program:
The data sources supporting the need for Title III funded programs include:
NY State ELL Proficiency Data: English Language Proficiency assessments identify each student's language level, revealing ongoing needs for additional support to reach proficiency benchmarks.
Progress Monitoring Tools: Regular assessments throughout the school year (including formative and summative assessments) reveal trends in language acquisition and areas where students continue to struggle.

Classroom Observations and Teacher Feedback: Teachers provide insights into daily student interactions, highlighting both language progress and specific language gaps that impede content comprehension and participation.

By addressing the needs of our entering and emergent ELL students through Title III-funded programs, we aim to provide structured language support that enables academic and social integration within the school community, helping students build both linguistic skills and academic confidence.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Students and Grade Levels to be Served

Title III Direct Instruction Program
For the MLL/ELL component of the Title III program, students will be divided into three grade bands: kindergarten–grade 1, grades 2–3, and grades 4–5. Each group will include a mixture of language proficiency levels (Entering, Emerging, Transitioning, and Expanding). The subgroups to be served include newcomers and one SIFE (Students with Interrupted/Inconsistent Formal Education) student.

Total Number of ELLs: Up to 60 students
Grade Levels: Kindergarten through Grade 5
ELL Subgroups/Proficiency Levels: Entering, Emerging, Transitioning, Expanding; Newcomers
Group Size: Maximum of 20 students per group
This group includes 20 students in grades K-1, 20 in grades 2-3, and 20 in grades 4-5, each of whom falls into either the entering, emerging, transitioning or expanding proficiency levels.

Schedule: Tuesdays and Wednesdays, 2:30 p.m.–4:00 p.m.

Program Dates: Week of October 7, 2025 through Week of February 11, 2026

Supervision: The program will be supervised by an administrator and will be provided at no cost to students, with full funding through Title III ELL funds.

Spanish Language Learners (SLL) Afterschool Program
In addition to the Title III Direct Instruction program, P.S. 145 will offer a Spanish Language Learners (SLL) component of the afterschool program for students enrolled in the Dual Language program who wish to further develop their Spanish language skills. Students will work on reading, writing, listening, and speaking in Spanish to support biliteracy development.

Total Number of Students: Up to 30 students

Grade Levels: Kindergarten through Grade 5

ELL Subgroups/Proficiency Levels: Dual Language program students at all proficiency levels (Entering through Expanding)

Group Size:
Grades K–2: up to 15 students
Grades 3–5: up to 15 students
Schedule: Tuesdays and Wednesdays, 2:30 p.m.–4:00 p.m.
Program Dates: Week of October 7, 2025 through Week of February 11, 2026

Supervision: The program will be supervised by an administrator and will be provided at no cost to students, with full funding through Title III ELL funds.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Title III Direct Instruction Program
The program will run from 2:30 p.m.–4:00 p.m. for a duration of one hour and a half per session on Tuesdays and Wednesdays. The program will begin the week of October 7, 2025 and end the week of February 11, 2026, with a total of two sessions per week. Over the course of the program, students will participate in approximately 36 sessions.

Spanish Language Learners (SLL) Afterschool Program
The Spanish Language Learners (SLL) program will follow the same schedule as the Title III Direct Instruction program. Sessions will run from 2:30 p.m.–4:00 p.m. for a duration of one hour and a half per session on Tuesdays and Wednesdays. The program will begin the week of October 7, 2025 and end the week of February 11, 2026, with a total of two sessions per week. Students in the SLL program will also participate in approximately 36 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Language of Instruction and Home Language Support

Title III Direct Instruction Program
The language of instruction for the problem/project-based learning afterschool Title III program will be English. Home language support will be provided to students through the use of English/home language dictionaries and glossaries, videos in students' home languages, and reading apps such as PebbleGo and Sora. In addition, teachers will incorporate bilingual scaffolds, visuals, and sentence stems to ensure that students at all proficiency levels, including newcomers and the SIFE student, are able to access grade-level content and language objectives.

Spanish Language Learners (SLL) Afterschool Program
The language of instruction for the Spanish Language Learners (SLL) program will be Spanish. Instruction will focus on building literacy and oral language skills in Spanish to deepen biliteracy for Dual Language program students. Home language support will be provided by connecting Spanish instruction to students' English classroom learning through parallel texts, bilingual graphic organizers, and resources that allow students to make cross-linguistic connections between Spanish and English.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Title III Direct Instruction Program
Instruction will be provided by three (3) ENL or bilingual certified teachers. These teachers will deliver targeted instruction aligned to students' proficiency levels (Entering, Emerging, Transitioning, Expanding) and provide home language support as needed.

Spanish Language Learners (SLL) Afterschool Program
Instruction will be provided by two (2) bilingual certified teachers. These teachers will focus on Spanish literacy and oral language development to strengthen biliteracy for students in the Dual Language program

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Title III Direct Instruction Program
Teachers will use Scholastic News (Scholastic Inc.) as the primary supplemental material to support literacy, language development, and content-area connections. Scholastic News provides leveled nonfiction texts that build background knowledge and vocabulary, support comprehension, and engage students in meaningful reading, writing, listening, and speaking tasks. In addition, teachers will utilize content-based resources from Civics for All, a New York City initiative that supports ELLs with culturally responsive and relevant teaching methods and materials.

Spanish Language Learners (SLL) Afterschool Program
Teachers will use Scholastic News en Español (Scholastic Inc.) and other authentic Spanish-language literacy resources to strengthen students' biliteracy development. Materials will focus on reading, writing, listening, and speaking in Spanish, with culturally relevant topics that connect to students' lives and classroom learning.

Storage and Funding
All purchased or supplemental materials will be stored in classrooms used for the Title III afterschool program in clearly labeled Title III bins/folders. The materials will be provided at no cost to Title III ELL funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records,**

evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.

Student attendance and snack count will be kept in the Record Binder along with consent forms and contact information. Student work will be kept in folders and filed in a basket labeled Title III ELL Program. The parent letters will be printed in both Spanish and English. One student will receive notices in French and English.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The Professional Development plan for the 2025-2026 school year for teachers of ELLs and SLLs will include the following:

-PD on providing access to all students using protocols from Relay as it relates to data analysis and observation and feedback.

-PD focused around academic monitoring, specifically through the use of the T.I.P.S. protocol with emphasis on adaptation for ELLs as they may require more extensive background knowledge and opportunities to revise their thinking before transitioning to independent practice.

-PD incorporating the Keys to Advance Language and Literacy Development for Multilingual Learners

-supporting ELLs to achieve the Next Generation Learning Standards.

-new teachers of ELLs will also receive additional support from their mentors focusing on creating rigorous content and language objectives.

-planning with language objectives in mind for Dual Language teachers and learning how they are framed.

-sharing best practices and resources around how to help newcomer students who are part of a SLIFE/SIFE group.

Professional development for teachers of all MLs/ELLs will be conducted by administrators, ML/ELL providers Irene Soto and Brenda Crespo and consultants from the Brooklyn North NYC DOE Borough Office (remote or in person). Professional development activities will include demonstration lessons, inter-visitations, workshops and conferences. Scaffolding activities will be developed and shared. The PD is geared to increase student discussions that lead organically to increasing students' reading and writing skills. The ongoing professional development will also include exposure to NYSESLAT assessment and strategies to help advance students at all levels of language proficiency. These PDs will take place on Mondays from 2:30 p.m.-3:30 p.m. These sessions will begin November

17, 2025, and the Mondays to follow. Teachers will participate in data-based PD and will have their Class Profile to plan for their subgroups. In the class profile, students' language proficiency is identified. ENL teachers will co-facilitate part of the PD to make connections between language proficiency and the Next Generation Learning Standards. Teachers will make continuous connections to their subgroups as we analyze data and next steps.

Teresa Vera, Multilingual Learners/English Language Learners Services Administrator will support the school in professional development tailored to supporting Entering and Emerging ELLs. Dates to be determined.

The Professional Development component will be at no cost to Title III ELL funds.

All agendas will be distributed via hard copy or digitally. Attendance will be taken and kept via hard copy or digitally. These documents will be kept in the PS145 shared Google Drive.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Rationale for Professional Development

This professional development plan is grounded in both teacher input and student performance data. Administrators identified patterns through classroom observations, teacher surveys, and Advance ratings. Teachers demonstrated consistent needs in Domain 1 (Planning and Preparation) and Domain 3 (Designing Coherent Instruction) of the Advance Framework, particularly in the areas of lesson design that supports vocabulary acquisition and scaffolds for diverse proficiency levels. Teachers themselves also expressed a need for additional strategies to strengthen language and literacy instruction for Multilingual Learners (MLLs).

Quantitative Data – NYSESLAT RLAT Results
Analysis of the 2024 NYSESLAT RLAT results shows clear trends:

A majority of students remain at the Emerging (15 students) or Transitioning (11 students) levels, with only 9 students reaching Expanding and 2 students at Entering. Fourteen students did not receive a proficiency determination due to incomplete or missing data.

Average Listening (12.9), Speaking (11.5), and Reading (12.3) scores suggest moderate progress, but Writing scores remain significantly lower (average 3.9), indicating a schoolwide need for explicit writing and vocabulary development.

Students showed an overall gain of approximately 5.7 points in total NYSESLAT scores from 2023 to 2024, but the limited growth in writing proficiency continues to impact students’ ability to advance to higher proficiency bands.

Qualitative Data – Teacher Practice and Student Needs
Observation data reveal that while teachers are incorporating strategies for engagement, there are gaps in

scaffolding academic vocabulary and in designing coherent lessons that address all four language modalities. Teacher surveys confirm that staff are seeking targeted strategies for supporting writing and vocabulary instruction within content lessons.

Alignment to Instructional Focus
The professional development plan aligns to the schoolwide instructional focus on academic monitoring and the T.I.P.S. (Think–Ink–Partner–Share) protocol, ensuring that strategies learned in PD are directly connected to classroom practice.

Professional Development Framework
To address these identified needs, PD will implement The Keys to Advance Language and Literacy Development for Multilingual Learners. This framework directly supports teacher growth in designing coherent instruction, planning language objectives, and integrating scaffolds that will improve outcomes in listening, speaking, reading, and especially writing for MLLs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers to Receive Professional Development

All Dual Language teachers (6 teachers, PreK–5) and ENL teachers (5 teachers) will receive ongoing professional development directly connected to the Title III ELL program. Professional development will take place on Mondays during the regularly scheduled school PD time and Professional Period (PP) time, ensuring consistent participation without adding to teachers' schedules.

Teachers of the Title III Direct Instruction program and the Spanish Language Learners (SLL) program will engage in targeted sessions aligned to The Keys to Advance Language and Literacy Development for Multilingual Learners, with a focus on scaffolding instruction for Entering through Expanding students, newcomers, and SIFE students.

Professional development will be ongoing and job-embedded, with teachers expected to:

Participate in weekly PD sessions throughout the school year,

Turnkey best practices to colleagues during grade team meetings,

Apply strategies in their Title III afterschool classrooms and reflect on implementation, and

Use student performance data (NYSESLAT, I-Ready, classroom assessments) to set goals and monitor progress in language and literacy development.

This ensures that all teachers working in the Title III ELL program receive systematic, year-long support to strengthen their instructional practices for Multilingual Learners.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and Duration – Professional Development Activities

Professional Development for Title III Teachers
The professional development activities for teachers supporting the Title III ELL programs will be embedded into the school's professional learning structures. Sessions will take place on Mondays during the regularly scheduled school PD time and during Professional Period (PP) time throughout the school year. This structure ensures ongoing, consistent support for teachers working with MLL/ELLs.

Start and End Dates: October 2025 – February 2026
Total Number of Sessions: Approximately 20 sessions (weekly sessions during Monday PD and PP time across the school year)

Days of Sessions: Mondays

Time and Duration: Sessions will take place during the established PD block and PP time, for a total of one hour per session.

The professional development will center on The Keys to Advance Language and Literacy Development for Multilingual Learners, with teachers engaging in:

Building knowledge of research-based practices for language and literacy development,

Applying strategies to support listening, speaking, reading, and writing,

Planning and implementing scaffolds for different proficiency levels (Entering, Emerging, Transitioning, Expanding), and

Reflecting on student progress and refining practice across the year.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics to Be Covered – Professional Development Activities

Professional development sessions will focus on building teacher capacity to support Multilingual Learners (MLLs) across all proficiency levels, with an emphasis on advancing literacy, vocabulary, and biliteracy. The following topics will be addressed:

The Keys to Advance Language and Literacy Development for Multilingual Learners
Embedding language objectives in lesson planning.

Designing coherent instruction that integrates listening, speaking, reading, and writing.
Scaffolding strategies for Entering, Emerging, Transitioning, and Expanding students.

Vocabulary and Writing Development
Strategies for explicit vocabulary instruction across content areas.
Building writing stamina and structure for MLLs, with a focus on narrative, informative, and opinion writing.
Using sentence stems, word banks, and graphic organizers to support writing in both English and Spanish.

Academic Monitoring and Engagement Strategies
Implementing the T.I.P.S. (Think–Ink–Partner–Share) protocol to ensure equitable participation.
Using checks for understanding to monitor student progress during instruction.
Differentiating based on real-time student responses.

Biliteracy Development in Dual Language Programs
Strengthening cross-linguistic connections between English and Spanish.
Using resources such as Scholastic News and Scholastic News en Español to support biliteracy.

Promoting transfer of skills across languages.
Culturally Responsive and Relevant Pedagogy
Incorporating Civics for All resources to connect instruction to students' lived experiences.
Building a classroom environment that validates and leverages home language and culture.

Data-Driven Instruction
Using NYSESLAT, RLAT, and I-Ready data to identify trends and set language development goals.
Monitoring newcomer and SIFE progress with targeted interventions.
Adjusting instruction based on formative assessment results.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The providers that will conduct Title III ELL professional development activities are:

ENL Teachers: Irene Soto, Brenda Crespo, and Ana Mora (all ESOL certified)

Multilingual Learners/English Language Learners Services Administrator (MESA): Teresa Vera

Dual Language Teachers (Bilingual Licensed): Christina Sanquiche, Oneyda Aguilar, Genesis Henk-Coronel, Franchesca Araujo, Caroline Rivas, Jennifer Giraldo, and Esmelina Zampieri

These providers will design and deliver professional development aligned to The Keys to Advance Language and Literacy Development for Multilingual Learners. They will also turnkey best practices during Monday PD and Professional Period (PP) sessions to ensure ongoing, job-embedded support for all teachers.

All professional development providers are current members of the P.S. 145 staff, and the professional development will be conducted at no cost to Title III ELL funds.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All professional development sessions related to the Title III ELL plan will have agendas distributed either digitally or in hard copy prior to the session. Attendance will be recorded at every session through sign-in sheets (hard copy) or digital attendance forms.

Agendas and Attendance Records: Copies will be uploaded and maintained in the P.S. 145 shared Google Drive, organized by date and topic. Hard copies will also be stored in the Title III Record Binder for reference.

Professional Development Materials: Copies of slide decks, handouts, and turnkey materials will be collected and saved in the shared drive to ensure accessibility for all staff.

Certification of Participation: For staff turnkeying sessions, evidence of delivery (e.g., teacher notes, lesson plans, or reflection logs) will be filed alongside attendance records.

Title III ELL Funding Identification: All PD activities aligned to the Title III ELL plan will be clearly labeled as such in the agenda and attendance records. Activities conducted at no cost to Title III ELL funds will be noted accordingly, ensuring transparency and compliance with funding regulations.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

As part of the Title III ELL program, P.S. 145 will provide targeted family engagement activities to ensure that parents and guardians of Multilingual Learners (MLLs/ELLs) are equipped to support their children's academic and language development.

Parent Workshops

How to Prepare for the NYSESLAT – Facilitated by Ms. Brenda Crespo (ML/ELL Service Provider) and Ms. Irene Soto (ML/ELL Coordinator Service Provider) during Winter 2025–2026. These workshops will focus on test format, strategies for supporting students at home, and understanding how the NYSESLAT measures English language growth.

Additional workshops will provide parents with information on supporting vocabulary development, accessing online resources (PebbleGo, Sora), and promoting biliteracy at home.

Communication with Families

Parents will be notified about the Title III program through school letters printed in English and the student's home language.

Engagement activities will be offered in person or via Zoom to maximize participation and accessibility.

Spanish-speaking parents will have access to on-site translation by bilingual staff members. For other languages, the school will provide access to the over-the-phone translation unit at (929) 552-7103.

Families will also receive the Parent's Guide to Language Access pamphlets to increase awareness of their rights and available supports.

Recordkeeping

Hard copy and digital copies of parent invitation flyers, agendas, and attendance sheets will be maintained by Ms. Alamo, Parent Coordinator, as evidence of family engagement.

Funding
All family engagement activities will be conducted at no cost to Title III ELL funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Rationale for Family Engagement Activities

The rationale for the family engagement activities at P.S. 145 is grounded in both qualitative and quantitative data, highlighting the importance of equipping families of Multilingual Learners (MLLs/ELLs) with the tools and knowledge to support their children's academic and linguistic growth.

Quantitative Data

NYSESLAT RLAT Results (2024): Analysis showed that the majority of students remain at the Emerging or Transitioning levels, with writing identified as the lowest-performing domain. Families will therefore benefit from workshops on how to support literacy and writing at home, as well as how to prepare students for the NYSESLAT assessment.

I-Ready Data: Trends indicate that students need additional reinforcement in vocabulary and reading comprehension. Parent workshops will address how families can build vocabulary and literacy skills at home using accessible resources such as PebbleGo and Sora.

Qualitative Data
Parent Survey Feedback: Families expressed a desire for more concrete strategies to help children with reading and writing in both English and Spanish, as well as clarity on the NYSESLAT assessment.

PTA/PA Requests: Parent leaders have requested that engagement activities be offered in multiple formats (Zoom and in person) and at different times to maximize participation.

Teacher Observations: Classroom teachers and ENL staff noted that newcomer families, in particular, need more guidance on navigating assessments and understanding program goals.

Alignment to School Needs
Workshops such as How to Prepare for the NYSESLAT are intentionally scheduled for Winter 2025–2026, aligning with the assessment window and allowing families to provide timely support to their children.

Additional workshops on biliteracy development and vocabulary building respond to both classroom data and parent feedback, ensuring that families can reinforce the instructional focus at home.

By grounding family engagement activities in both data and parent voice, P.S. 145 ensures that families are active

partners in their children's education. These activities are designed to address identified gaps, build trust between school and home, and strengthen outcomes for Multilingual Learners.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and Duration – Family Engagement Activities

Duration: Monthly sessions from October 2025 – June 2026
Frequency: One session per month, with additional targeted literacy workshops in Fall, Winter, and Spring
Total Number of Sessions: 9 monthly sessions + 3 seasonal literacy workshops + additional sessions as needed for specific topics
Session Duration: 45 minutes each (unless otherwise noted)
Platform: In-person at school or via Zoom (depending on the topic and parent preference)

Month-by-Month Plan

October 2025
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Accessing NYC Schools Accounts & Parent Portal for ELL Progress Tracking
Facilitators: Arlene Alamo, Veronica Mejia
Mode: Zoom/In-Person

Fall 2025 (Dates TBD, 45–60 mins each)
Topic: Literacy Workshops aligned to NYSESLAT scores, with sentence starters for supporting reading at home
Facilitators: Ms. Henk, Ms. Vasquez, Ms. Crespo, Ms. Soto
Mode: Zoom/In-Person

November 2025
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Attendance Focus for ELL Students: How Regular Attendance Supports Language Growth
Facilitators: Arlene Alamo, Julia Almodovar
Mode: Zoom/In-Person

December 2025
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Respect for All: Social-Emotional Learning for ELL Students
Facilitator: Julia Almodovar
Mode: Zoom/In-Person

Winter 2026 (Dates TBD, 45–60 mins each)
Topic: Literacy Workshops focusing on vocabulary development, using NYSESLAT sentence frames for home

practice
Facilitators: Ms. Henk, Ms. Vasquez, Ms. Crespo, Ms. Soto
Mode: Zoom/In-Person

January 2026
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Horizon Support Group for ELL Families: Building Connections and Supporting Home Language
Facilitator: Megan Keller
Mode: Zoom/In-Person

February 2026
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Preparing for the NYSESLAT: Tips for Home Practice with Sentence Starters and Key Vocabulary
Facilitators: Ms. Crespo, Ms. Soto
Mode: Zoom/In-Person

March 2026
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Horizon Support Group for ELL Families: Strategies for Reading in Both Languages
Facilitator: Veronica Mejia
Mode: Zoom/In-Person

Spring 2026 (Dates TBD, 45–60 mins each)
Topic: Literacy Workshops: Scaffolding Techniques for ELLs (sentence starters, vocabulary building)
Facilitators: Ms. Henk, Ms. Vasquez, Ms. Crespo, Ms. Soto
Mode: Zoom/In-Person

April 2026
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Attendance Focus: Ensuring Consistent Engagement for ELL Academic Growth
Facilitators: Arlene Alamo, Julia Almodovar
Mode: Zoom/In-Person

May 2026
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: Transitioning to Middle School: Supporting ELLs with Sentence Starters and Key Transition Terms
Facilitator: Guidance Counselor
Mode: Zoom/In-Person

June 2026
Date/Time: 2nd Wednesday, 9:00–9:45 AM
Topic: End-of-Year Wrap-Up & Review of Summer Resources for Language Maintenance
Facilitators: Arlene Alamo, Veronica Mejia
Mode: Zoom/In-Person

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topics to Be Covered – Family Engagement Activities
The Title III ELL family engagement activities at P.S. 145 will cover the following topics, aligned to identified student and family needs:
Accessing NYC Schools Accounts and Parent Portal
How to monitor student progress, including NYSESLAT and other assessment results.
Facilitators: Arlene Alamo (Parent Coordinator), Veronica Mejia (Community Associate).

Date: October 2025.
Literacy Workshops (Fall 2025, Winter 2026, Spring 2026)
Supporting reading at home through sentence starters, vocabulary-building strategies, and biliteracy supports.
Using NYSESLAT data to guide home literacy practice.
Facilitators: Ms. Henk (Dual Language Teacher), Ms. Vasquez (Literacy Intervention Specialist), Ms. Brenda Crespo (ML/ELL Service Provider), Ms. Irene Soto (ML/ELL Coordinator Service Provider).

Attendance Focus on Chronic Absenteeism
Understanding how consistent attendance impacts language growth and achievement.
Strategies for supporting families in maintaining regular attendance.
Facilitators: Arlene Alamo (Parent Coordinator), Julia Almodovar (Health Aide).
Monthly focus integrated into family sessions (November 2025 & April 2026 highlighted).

Respect for All and Social-Emotional Learning
Building safe and supportive environments for ELLs.
Supporting children's social-emotional health in school and at home.
Facilitator: Julia Almodovar (Social Worker).

Date: December 2025 (with additional sessions as needed).
Horizon Support Group for ELL Families
Building connections among ELL families.
Encouraging home language development and family advocacy.
Facilitator: Veronica Mejia (Community Associate).

Monthly sessions (January and March 2026 highlighted).
Preparing for the NYSESLAT
Strategies for supporting practice at home with sentence starters and key vocabulary.
Facilitators: Ms. Brenda Crespo (ML/ELL Service Provider), Ms. Irene Soto (ML/ELL Coordinator Service Provider).
Date: February 2026.

Transitioning to Middle School
Preparing students and families for academic, social, and language transitions to secondary school.
Facilitator: School Guidance Counselor.
Date: May 2026.

End-of-Year Wrap-Up & Summer Resources
Review of progress, celebration of family engagement, and distribution of summer learning resources to maintain language growth.

Facilitators: Arlene Alamo (Parent Coordinator), Veronica Mejia (Community Associate).
Date: June 2026.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The following school staff members will facilitate the Title III ELL family engagement activities:
Parent Coordinator: Arlene Alamo
Social Worker: Julia Almodovar
Community Associate: Veronica Mejia
Dual Language Teacher: Genesis Henk
Literacy Intervention Specialist: E. Vasquez
ML/ELL Service Provider: Brenda Crespo
ML/ELL Coordinator Service Provider: Irene Soto
Guidance Counselor: (Middle school transition session, May 2026)

All providers are school-based staff members. Family engagement activities will be conducted at no cost to Title III ELL funds.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Notification of Activities
Families will be notified of all Title III ELL family engagement activities through multiple communication channels, including Kinvolved messages, flyers, the school website, email, ClassDojo, and social media platforms. Notification will begin at least two weeks prior to each session, with reminders sent closer to the date.

Translation of Notifications

All flyers, website postings, and electronic messages will be provided in English and the student's home language. The Kinvolved application automatically translates messages into families' preferred languages as indicated in the student information system.

One family in the school community receives notices in French and English, while all other home languages are supported in Spanish or through translation services.

Interpretation at Events
Spanish interpretation will be provided on site by bilingual staff members (e.g., ENL and Dual Language teachers, parent coordinator, community associate).

For families who speak languages other than Spanish, real-time interpretation support will be available through the DOE's Translation & Interpretation Unit at (929) 552-7103.

Families will also receive the Parent's Guide to Language Access pamphlet, ensuring awareness of their rights to translation and interpretation services.

This comprehensive notification and translation/interpretation plan ensures that all families of Multilingual Learners (MLLs/ELLs) have equitable access to Title III family engagement opportunities.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Maintaining Documentation of Family Engagement Activities and Notifications

All Title III ELL family engagement activities will be documented systematically to ensure accountability and transparency.

Agendas and Invitations: Distributed in hard copy and digitally (via Kinvolved, email, and ClassDojo). Copies of all agendas and invitations—including those translated into families' preferred languages—will be saved in the P.S. 145 shared Google Drive and in the Title III Family Engagement Binder.

Attendance Records: Collected at each session using hard copy sign-in sheets and/or digital attendance forms. These will be scanned and stored in the shared drive.

Parent Notifications: Copies of flyers, emails, and Kinvolved messages will be maintained as evidence of family notification. Notifications in English and home languages will also be archived digitally.

Supporting Materials: Copies of slide decks, handouts, and resource packets shared with families will be uploaded to the shared drive for recordkeeping and future reference.

Oversight: The Parent Coordinator (Arlene Alamo) will be responsible for organizing and maintaining all documentation, ensuring that both hard copy and digital files are complete and up to date.

This system ensures that all family engagement activities and notifications are fully documented, accessible, and audit-ready.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):
