Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Natalie L. Pérez-Hernández	Principal or Designee*	
Catrina Como	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Desines Rodriguez	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Luis Mendoza	District Council 37 (DC 37) Representative (staff), if applicable	
Katherine Kulian	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Jennifer Haig	Staff Member/Assistant Principal	
Anthony Pruett	Staff Member/	
Yolan Fisher	Parent Member/	
Karen Garay	Parent Member/	
Mariela Acosta	Parent Member/	
N/A	Member/	
N/A	Member/	
N/A	Member/	
N/A	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of Felisa Rincon de Gautier (32K376) is to engage our students by providing integrated opportunities in science, technology, engineering, the arts, and mathematics. We implement student-influenced inquiry in a transdisciplinary manner and invite our students to become risk takers, collaborative problem solvers, effective communicators, and proactive 21st century global citizens. In all contexts, students use technology as an integrated tool for discovery, collaboration and communication, allowing learners to solve problems in their community and helping them achieve essential learning goals in new ways.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 376 is a School of Technology as well as a Gifted and Talented School. Our school community is a place where learning is alive in all classrooms. At P.S. 376, we apply a transdisciplinary approach through Problem Based Learning (PBL) which focuses on authentic learning tasks while incorporating instructional technology as effective teaching and learning tools. Educators employ innovative best practices that shift learning from teacher-led instruction to student-generated inquiry. PBL provides an opportunity for students to deeply investigate a driving question. During this process, students acquire 21st century learning skills by collaborating, communicating, thinking critically, being creative, character education as well as digital citizenship. Ultimately, students are able to respond to the essential question autonomously through a presentation.

P.S. 376 embraces the notion that best practices coupled with teacher's expertise provides our students with a premier education that resides within our school building. We utilize teacher expertise to provide coaching support by partnering highly effective teachers with teachers that need additional support in the area of Planning and Preparation. (Charlotte Danielson Rubric)

For the 2025-2026 school year, we will continue to employ NYC Reads curriculum and instructional practice to strengthen reading skills across all strands of Scarborough's Rope in alignment with the Science of Reading. We will continue to utilize technology to ensure the success of Problem Based Learning in all classrooms. In addition, we will continue the practice of engaging students in the Socratic Seminar in grades 3-5, so students engage in rich discussions. By engaging in a Socratic Seminar, students are able to gain critical thinking skills and interrogate texts in order to formulate and support their point of view. Time has been allotted in the instructional day to support the development of our students' discourse in these areas.

In order to support teacher development and learning, the time has been built into the instructional program to allow teachers the opportunity to engage in collaboration through Teacher Teams and weekly data articulation sessions.

In addition, the Instructional Leadership Team (ILT) Committee and the Instructional Cabinet work to ensure our focus on strengthening core instruction is a priority. To strengthen teachers' practices we will continue to further the implementation of Thinking Maps in all subject areas in grades K-5.

PS 376 has 19% of its student population that are Students with Disabilities (SWDs). In order to support our SWDs, we continue to ensure they are receiving services in the least restrictive environment so that students have access to the general education curriculum. In order to ensure academic progress is made, special education teachers will continue to implement Specially Designed Instruction based on students' individual academic needs in all subject areas. Specially designed instruction will be based on the Present Levels of Performance of each student as well as their academic goals. To ensure that this instruction is making an impact, special education teachers will continuously monitor the progress of their IEP students, track the progress of students' IEP goals, and adjust these goals once students have demonstrated mastery.

PS 376 has 32% of its student population that are MLLs/ELLS. We are meeting the needs of our ML/ELLs by using their data from NYSITELL, NYSESLAT, and iReady to work on their strengths and weaknesses. All ML/ELLs receive the required units of study for their English Proficiency Level and correct program type. During standalone, the focus is on working with the vocabulary they will need to support them with the grade-level texts. Appropriate and varied scaffolds are used, and every lesson has a language objective. There is common planning built into the prep schedule to support vertical team planning and support. Our teachers participate in professional development with the district.

Briefly summarize the key initiatives your school will implement this school year.

In 2025 -2026 school year we will implement the following key initiatives:
* In ELA, K-5 will use Into Reading HMH curriculum.
*In HLA (Dual Language Program) K-5 will use Arriba La Lectura to build biliteracy.
* For grades K-2, Heggerty will be used to address the phonemic awareness component and Orton Gillingham will be used to address the decoding skills.
* For grades 3-5- we will use Into Reading Foundational resources to provide intensive support to students who still need help with decoding skills.
* In math, we will use Illustrative Math to strengthen Tier I core instruction and iReady Teacher Tool Box and the Bridges Math Intervention program to address AIS. The iReady Math data will be used to address student deficits in areas of mathematics that need intensive support.
* Across content areas, K-5 will use Thinking Maps to organize their thinking and make their thinking visible
* Across content areas, students in grades K-5 will continue to engage in school-wide discourse protocols like Think-Jot-Pair-Share, Socratic Seminar, etc to engage in high-quality discourse in response to higher-order thinking questions (Revised Bloom's Taxonomy levels 3+).

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Into Reading HMH	
Math	K-5	Illustrative Math	

ELA & Math	K-5	iReady	
HLA/Dual Language	K-5	Arriba La Lectura	
ELA	K-2	Orton Gillngham	
ELA	K-2	Estrellitas	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 EOY Data shows 52% of our students are reading on or above grade level	While we made a 6% increase from 2024 EOY data we still have 47% of our students are reading below grade level. (47% were proficient in comprehension of an informational text and 52% proficient in comprehension of a literal text. Higher Order Thinking Questions that reflect comprehension of informational and literal texts are not included within all lessons.	Students need to be engaged in HOT TJPS: speaking, listening and questioning
2025 iReady	Students need to continue with phonics development in	Students need more opportunities in

Assessment shows 67% of our students are on or above grade level in phonics	grades k-5	systematic phonics instruction
2025 iReady Data shows 52% of our students are on or above grade level in reading	47% of our students are reading below grade level (47% were proficient in comprehension of an informational text and 52% proficient in comprehension of a literal text. 50% of all students were proficient in vocabulary. Higher Order Thinking Questions that reflect comprehension of informational and literal texts are not included within all lessons.	Students need opportunities with different genres to build literacy knowledge: students need to engage in structured discourse by asking and answering questions that demonstrate understanding of the text during group discussions.
2025 EOY Data shows 50% of our students proficient in vocabulary	Classroom visits are not showing consistent use of vocabulary card routine and explicit vocabulary instruction	Students need more opportunities with vocabulary instruction
2025 EOY Data shows 52% of our students are reading on or above grade level	Lesson plans and classroom visits are not showing scaffolds in place in place that are specific to students needs based off data	Students need appropriate scaffolds when needed

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	52%	By June, 2026, literacy for All Students will improve, as measured by a 15% Increase, from 52% to 67%, of 67% of all students will be reading on or above grade level on the EOY iReady Data.
English Language Learners (ELL)	25%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 15% Increase, from 25% to 40%, of percentage of students reading on or above grade level on the EOY iReady Assessment.
Students with Disabilities (SWD)	35%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 15% Increase, from 35% to 50%, of percentage of students on or above grade level on the EOY iReady Assessment.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

EOY iReady Assessment

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

In June 2026, 45% of all SWDs will be on or above grade level

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Daily phonics instruction for students in K-2 and students in 3-5 who have not tested out based on Core Phonics Data
Morphology instruction in grades 2-5
Weekly Data Analysis with teachers, coach and administration

Root Cause Addressed:

Students reading on or above grade level
scaffolds in place

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review data from iReady and make recommendations to meet the needs of all accountability groups. We will use this data to create a schedule of our learning rounds and foci
Teachers ensure that TJPS with HOT questions are incorporated into each lesson within all subject areas and support vocabulary acquisition
Teachers in K-5 administer iReady Exam , Acadience in K-2 to identify the areas in need of improvement based on iReady and Acadience in Septemebr 2025
Daily Phonics instruction in K-2 and groups of students in 3-5 who have not tested out based on Core Phonics

Assessment
Academic afterschool and Saturday Academy based on iReady assessment data, formative data and end of module assessments
Students in grade 2-5 will engage in Socratic Discussion throughout each module to provide students with the opportunity and experience that allows and enforces student discourse
Provide professional development for all teachers in Socratic Discussion
2x a month teachers will meet to focus on Into Reading and Writing planning for upcoming modules. Create the goals of the modules and the needs of focus for the module
Continue our work with CSAS for grades k-2 on science of reading strategies

Key Strategy 2 (Optional):

Developing confident, evidence-based discussions about grade-level texts to improve comprehension and collaborative communication.
Socratic discussion engages students in meaningful dialogue that mirrors real-world thinking and collaboration, boosting both confidence and academic achievement.

Root Cause Addressed:

Students' challenges in deeply understanding texts and expressing their thinking clearly and collaboratively with peers.
Students struggle to reliably identify main ideas, make logical inferences, and use textual evidence during discussions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Introduce Key Discourse Skills Organize Discussions Start with teacher-led whole-class or small-group discussions to model respectful listening and thoughtful responses. Use talking pieces or turn-taking routines to ensure all voices are heard. Transition to student-led discussions as confidence grows. For grades 3–5, consider Socratic circles where inner and outer circles alternate speaking and observing roles.
Structured Peer Discussion Practice Organize students into small groups (3-4 students). Assign a grade-level text for each group to read together or individually. Provide guiding questions that require identifying main ideas, making inferences, and supporting answers with text evidence. Use a discussion rubric focusing on clarity, use of evidence, listening, and respectful responses.

Scaffolded Discourse Activities Start with teacher-led discussions to model thoughtful discourse. Gradually shift to student-led discussions using sentence stems and graphic organizers. Encourage students to ask each other questions and build on peers' ideas. Incorporate writing responses that reflect on the discussion or summarize viewpoints.

Monitor and Provide Feedback Observe group discussions regularly and use a checklist aligned with the objectives: Accuracy in identifying main ideas and details Logical inferences drawn from text Use of textual evidence during discourse Participation and respectfulness in peer interactions Offer specific, actionable feedback to students individually and in groups.

Progress Assessment and Adjustment Conduct bi-monthly quizzes and collect written responses to measure comprehension growth. Use discussion rubrics and teacher observations to track discourse skills development. Adjust texts' complexity and discussion structures based on student progress.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Focused learning walks to inform professional learning provided to all teachers data collected and based off SDC learning walks.
iReady data to inform which students will receive support from out of the classroom teachers to improve reading instruction.
In all lessons teachers will include the data used to inform the decisions that drove the instruction and the scaffolds included so that all students can interact with grade level materials
Weekly data chats to monitor the data of all students in the class and to plan out next steps using Data Analysis Sheet.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/20/2025	11/30/2025	Parent workshops: Response to text (3-5)	N/A
09/25/2025	11/30/2025	Parent workshops: Phonics Skills (k-2)	N/A
12/01/2025	02/28/2026	Parent workshops: Interacting with a text (K-2)	N/A

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional coach, K-5 Classroom teachers, instructional cabinet, administrative cabinet

Instructional Resources

Into Reading HMH, iReady, Passports, Amplify, Decodable Readers, Orton Gillingham Materials for classrooms, Heggerty, Thinking Maps Manuals, LETRS Training

Schedule Adjustments

Grade Level Common Planning period built into weekly schedule to allow for opportunities to work collaboratively designing effective instruction.

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
37 instances of levels 3 and 4 infractions as reported in OORS based on the incident level & infraction summary for 2024-2025	Inconsistent/limited time spent on SEL core competencies (i.e., HMH's IntoReading/¡arriba la lectura! "Focusing on the Whole Child") across grades	Decrease the number of Level 3, 4, & 5 OORS incidents of disruptive behavior and intimidation for all students (K-5).

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	37 infractions (or 60%).	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 3% decrease, in the number of Level 3, 4, and 5 infractions reported. from 37 infractions (or 60%). to 2 less infractions (level 3-5)., per the OORS Reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers will utilize HMH SEL literature/text selections (per module) to embed SEL instruction in instruction
SEL instruction will be captured and memorialized through anchor charts (per core competency)

Root Cause Addressed:

Inconsistent/limited time spent on SEL core competencies (i.e., HMH's IntoReading/¡arriba la lectura! "Focusing on the Whole Child" lesson component) across grades.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
SEL-embedded workshops (developed by CASEL) on explicitly integrating SEL core competencies using the "Focusing on the Whole Child" components and relevant SEL text selections within HMH's IntoReading/¡arriba la lectura! Curriculum (for each Module) during Monday Professional Development time.
Teachers have been provided with SEL Monthly Focus which includes SEL literature/text selection options (HMH Curriculum), SEL anchor charts (CATSEL Framework Core Competencies) and reflection activities for students to complete with classroom teachers during Module opening lesson, i.e., a monthly published response-to-text (on in-class bulletin).

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Review OORS reports monthly in "OORS Check-In" meetings with the assistant principal and dean.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	01/30/2026	Parent SEL Workshop (developed by CASEL): 1. "Building Social Emotional Competencies in Students" (Tools and Basic interventions based on Core Competencies)	NY Edge
02/02/2026	06/19/2026	Parent SEL Workshops (developed by CASEL): 1. Self-Awareness - "Decoding Feelings (Challenging Behavior Stems from Unmet Needs) 2. Self-Management - "Teaching Emotional Regulation & Impulse Control" (Teaching Tools for Self-Control) 3. Social Awareness - "Building Empathy to End Intimidation" (Teaching Empathy and Perspective-Taking) 4. Relationship Skills - "Coaching Kids Through Conflict" (Constructive Conflict Resolution Skills) 5. Responsibility Decision-Making - "Making Positive Choices in the Heat of the Moment" (Consequence-Awareness and Impulse Control)	N/A

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Overall K-5 EOY iReady Math 46% of students K-5 on or above grade level	Students are experiencing difficulty in current grade-level math content because they lack mastery of foundational skills necessary for understanding, and applying new concepts. Students are not using models to represent their thinking.	Students in Grades K-5 need foundational math support. Teachers will adjust lessons to plan targeted small groups during station teaching. Pre/post assessments and biweekly section checkpoints will progress monitor toward grade level proficiency in prerequisite math skills.
Lowest performing	These domains are taught towards the end of the school year, and do not include priority	Teachers need to ensure that they utilize iReady Teacher Assigned lessons to assign

domain on EOY iReady are Measurement and Data and Geometry at 26% of students overall on or above grade level in these domains	standards to be taught, therefore less time is spent on these concepts	lessons to students in these domains throughout the schoolyear to provide more time addressing skills in these domains.
Illustrative Math Data analysis showed that one of the 5 lowest standards assessed was NBT.1 with 48% of the students in K-5 mastering this standard.	The IM curriculum only focuses on this standard during one or 2 units K-5 that are taught later in the school year. However, this standard addresses necessary skills needed to add, subtract, and round numbers in the upper grades. This impacts students ability to solve addition and subtraction word problems.	Strengthen students' conceptual understanding of place value (NBT.1) by ensuring consistent, intentional use of visual models, manipulatives, and multiple representations across all K–5 classrooms, supported by collaborative data driven planning and targeted scaffolding.
Overall EOY iReady Math data shows that only 25% of our ELLs K-5 are performing on grade level	Teachers are not consistently embedding targeted scaffolds and supports into their IM lessons, limiting access to grade-level curriculum for ELL varying proficiency levels. Additionally, students need more frequent and intentional exposure to academic language and math discourse to build conceptual understanding and confidence.	K-5 teachers need to utilize their ELL data, iReady data, and Illustrative Math data to design scaffolds and supports for these students to access grade level content. K-5 teachers also need to utilize their math stations time to plan targeted teacher-led small groups and track student progress to determine the efficacy of the small group instruction.
Overall EOY iReady Math data shows that only 36% of SWDs K-5 are performing on one grade level below in Math	Teachers are not consistently disaggregating their SWD data to identify the SWDs who are one grade level below in math and progress monitoring these students IEP goals in math, adding additional supports needed for students in math based on student management needs in students PLOP, and planning for targeted instruction (SDIs) in math for their SWDs	Teachers need to utilize their iReady data to identify the SWD students that are one grade level below, plan targeted small groups, and progress monitor these students IEP goals, and these students progress during small group instruction.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	46% of students on Grade Level	PS 376 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students performing on or above grade level will Increase by 15% from 46% of students on Grade Level to 61% of students on Grade Level, for All Students, as measured by iReady Math.
English Language Learners (ELL)	25% of ELLs in K-5	PS 376 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students performing on or above grade level will Increase by 15% from 25% of ELLs in K-5 to 40% of ELLs K-5 on Grade Level, for English Language Learners (ELL), as measured by iReady Math .
Students with Disabilities (SWD)	36%	PS 376 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of SWDs performing one grade level below in Math will Decrease by 15% from 36% to 21% , for Students with Disabilities (SWD), as measured by iReady Math .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers in grades K–5 will engage in collaborative teacher teams (e.g., during PLCs and planning meetings) to embed and plan the use of mathematical models aligned to grade-level standards. This strategy addresses the need for students to use and understand multiple representations—such as visual models, number lines, equations, and manipulatives,to strengthen their conceptual understanding and meet the Standards for Mathematical Practice.

Root Cause Addressed:

Students in grades K–5 are not consistently using a variety of mathematical models to represent their thinking, which limits their ability to fully understand and apply grade-level standards. This lack of exposure and practice limits their ability to fully understand Standards for Mathematical Practice.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will receive training on using different math models aligned to grade-level standards. This will take place during grade meetings and ongoing professional learning sessions.
Teachers will meet regularly in grade-level teams to plan lessons that include multiple representations. Planning will happen during PLCs and school-wide sessions.

Teachers will use a data analysis tool to review student work and assessment results, identifying trends and patterns in how students use math models. Teachers will hold weekly, data chats aligned to the pacing calendar to review pre-biweekly and post-assessments. These discussions will inform planning for small group instruction and math stations, ensuring lessons are responsive to student needs.

Key Strategy 2 (Optional):

Teachers need to progress monitor the students by tracking the specific skills their students are missing, and immediately adjust their lessons to plan for targeted small groups during math station time.

Root Cause Addressed:

Students in Grades 1-5 are entering far below grade level and even though they are making progress, they are already very far behind to meet the grade level expectations.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
All K–5 students will complete Illustrative Math Unit Checkpoints and End-of-Unit Assessments online. Assessments will be built into the math pacing calendar and supported by instructional staff.
Teachers will receive professional development on how to use the Illustrative Math platform to review student progress by standard. Training will begin in the fall and continue through grade-level meetings and coaching.
Teachers will reteach math skills where students showed low performance using focused instruction informed by data analysis to identify trends and patterns in student understanding. Reteaching will take place shortly after each assessment cycle, supported by grade planning meetings and instructional coaching.
Teachers will gather data to check if students improved after reteaching. Data will be collected using exit tickets, quick checks, and shared during grade planning meetings.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly data articulation meeting with teachers to analyze pre unit assessments, biweekly assessments or post unit assessments using a data analysis tool . During data team meetings, teachers will have the support from the instructional coaches and admin . Teachers will use the data analysis tool to create an action plan to address the lowest performing math standards during whole class instruction, teacher led small group instructions and during stations.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/30/2025	Parent Workshop will be held on the NYC SOLVES Math Shifts and how they aligns to the IM Curriculum	N/A

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2024-2025 campus visit parent consent forms, 70% of students in grades 3-5 visited a middle school, high school, and college campus.	Many students in 3rd and 4th grade did not attend events or visit campuses because of scheduling conflicts/logistical barriers. However, all 5th grade students did participate.	Increase the number of students exposed to middle school (outside the district), high school, and college campuses.
100% of students engaged in Authentic	Many teachers were unable to develop	Increase the number of

Learning Task (ALT) projects based on the 2025 STEAM Expo class projects submission form; Only 75% addressed an audience outside the school community.	ALT projects that meaningfully engaged audiences outside the school community.	class ALT projects addressing an outside audience.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	162 students	By June 2026, the number of events/trips to Middle schools, High School, and College campuses will increase by 5%, from 70% to 75%, as evidenced by the New York State Education Department Career Plan survey.
All Students	340 students	By June 2026, the percentage of students engaging in Authentic Learning Tasks (ALTs) with an authentic audience outside the school community will increase by 3%, from 75% to 78%, as measured by the end-of-unit Transfer Tasks.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Career Readiness Visitors (Community Members)
Career Day
Self-Guided Virtual Tour (360º)

Root Cause Addressed:

Many students did not attend events/campus trips; A significant number of students did not submit their Career survey.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will provide students (grades 3-5) with the opportunity to explore careers within their community. - In May, we have a Career Day planned where over 20 adults in different careers come to present to the students. Additionally, all ALT projects will have an audience outside of the building this year. This will give teachers a more concrete way to connect their projects to the possible career connections.
Teachers will engage students (grades 3-5) in virtual tours and visits to middle school, high school, and college campuses. On November 12th and 17th, we are inviting middle schools to come to our school to present to the 3rd, 4th, and 5th graders. Additionally, in April we will provide grades 3-5 teachers with a period a week to engage in virtual tours of colleges. This will be in addition to the in-person tours we already have set up.

Key Strategy 2 (Optional):

Neighborhood Walks/Community Mapping
Virtual Trips (Community Spaces)

Root Cause Addressed:

Many classes did not submit ALT projects that engaged/connected with an external audience (i.e., an audience outside of the school community); Many teachers did not expose students to local/community issues.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will have students explore their community (i.e., via walks, mapping). - All classes will go on a minimum of 8 field trips throughout the year. Additionally, students will have walking trips related to their ALT projects/ authentic audience.
Teachers will engage students in virtual trips to places within their community. - 100% of classes will present their ALT project to their authentic community audience (these presentations can take place through Zoom or in person).

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to 2025 PS 376 school survey 85.4% of parents agree that the school makes an effort to reach out to the parents to engage them directly in	Identifying parents preferred method of communication in order to streamline across the entire school while	Parent communication and

the process of strengthening their students learning. We would like to see that increase to 90% for the 2026 school year.	accounting inclusivity and getting parents to participate more in school wide events and workshops	involvement within the school communication
According to the PS 376 parent survey, PS 376 creates an inclusive environment that makes families feel valued, included and welcomed into our school community.	Identifying inclusivity in our school community	Parents and families feeling welcomed and included in the school community

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	85.4	PS 376 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By May, 2026, the percentage of parents/ families completing parent survey will Increase by 5% from 85.4 to 90 as measured by PS 376 Parent survey .

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

- Combining PSA and school events to support student and parent learning
- Use data from parent survey to design parent workshops based on parent interest

Root Cause Addressed:

- Parent involvement by sending out monthly calendars, GAMA messages, emails, back packing flyers, creating banners outside and displaying the images on the LED screen, community message boards each egress with current and upcoming workshop and event offerings, announcements during PSA and Title I PAC meetings.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Releasing survey simultaneously to well attended event such as holiday performances to increase participation.
Having a survey response event to help parent complete the surveys, and have printed version and have an I-pad available for their use.
Creating classroom incentives to the first class to have 100 percent completion.

Key Strategy 2 (Optional):

- Building connections between families and staff by creating events based on time preferences and having hands on family events where the parents can interact with the children.

Root Cause Addressed:

- Welcoming in parents for open conversations, help with surveys and assistance with applying for the summer program.
- Having events where parents can interact and do team building activities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Planning events around parents schedules
Scheduling parent engagement in the school

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

PS 376 school survey will be conducted across the school year to gather data in order to better understand parent needs and meet parents needs.
After all parent events incorporate "Parent Connect" (parents write a review based on their experience at events) shared on PS 376 Social Media and all media

Priority 5 Family and Community Engagement

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, 24% (112) of students are chronically absent based on New Visions Portal	Overall attendance in November and December decreased as compared to September & October	Teachers need to utilize their parent engagement time to address student attendance.
As of June 2025, 29% (32 students) of chronically	Parents are not aware of how poor attendance impacts student academic achievement. Some of these students may	Staff needs to communicate to the parents of SWDs and MLLs about how improved attendance can positively impact student performance.

absent students are SWDs or MLLs	not want to come to school because they are struggling academically	
30% of all students (142 students) are considered at-risk of being chronically absent	Parents are not aware of how many days their children have been absent	Monthly attendance needs to be tracked on all students who are at risk of becoming chronic absentees and this needs to be communicated to parents prior to students becoming chronically absent

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	24%	By June, 2026, the Chronic Absenteeism Rate for All Students will decrease by 10%, from 24% to 14%, as measured by the New Visions Chronic Absenteeism Reports.
All Students	30%	By June, 2026, the Percentage of students at risk of becoming chronically absent for All Students will decrease by 20%, from 30% to 10%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement Monthly Attendance Incentives for November and December.

Communicate to parents in September that 100% attendance celebration will be held in December 2025 and in March 2026

Root Cause Addressed:

Overall attendance in November 2024 and December 2024 decreased as compared to September and October

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
An annual calendar will be created with the attendance team for monthly incentives to take place during October, November, and after each break throughout the school year
The dates of the 100% attendance celebrations in December and March will be shared with parents at the start of the school year, so that the parents and students can set attendance goals for themselves
In September, teachers will receive professional development on the expectations for tracking student attendance and immediately communicating to parents when students are absent
At each parent teacher conference, teachers will discuss individual student attendance with parents and provide

stratgies to them for how to improve their attendance and lateness.

Key Strategy 2 (Optional):

Every month, the attendance team will download the individual attendance for students at- risk of being chronically absent and this will be backpacked and mailed home with a letter to parents.

Root Cause Addressed:

Parents are not aware of how many days their children have been absent.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
During bi-weekly attendance meetings attendance committee members will be assigned to specific grades to track students who are at risk of becoming chronically absent
All attendance team members need to have access to New Visions Portal to view student attendance data
Each month, the list of students who are at risk of becoming chronically absent in each class will be emailed to the teachers
Teachers will be reminded of the importance of accurate attendance documentation and their responsibility to correct attendance errors at the end of each month
Paraprofessionals will be assigned to specific grades to support outreach to parents of absent students, and submit their log weekly.
Rewards for high attendance will be given to the parents as well as the students.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEP Progress Monitoring Data from may 2025 shows that only 88% of our students IEP goals were progress monitored	Teachers are not entering the last progress monitoring for the student prior to opening the annual review.	IEP Development and Fidelity of Implementation

Annual Review IEP Compliance data showed we were at 93% of IEPs completed by the annual review dates	Teachers were waiting for re-evaluations to be complete, and could not open the annual review	Transition Planning and Compliance
Initial IEP data shows that as of June 2025, 3 initial IEPs have not been completed by the compliance date	Evaluations were awaiting outside providers to complete them, and meeting could not be held	Referral Process and Equity
OORs reports disaggregated for students with disabilities show that 31 out of 80 (39%) OORs incidents reported involved students with IEPs being the accused party.	Behavior of Students with Disabilities is not being progress monitored	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	88%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve The amount of IEPs that are progress monitored in SESIS by a 12% Increase, from 88% to 100%, as measured by IEP progress monitoring reports.
Students with Disabilities (SWD)	93%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve The percentage of IEPs that are finalized prior to the annual review date. by a 7% Increase, from 93% to 100%, as measured by SESIS compliance data.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Special ed teachers will meet in September to set up their progress monitoring binder, and the exoectations for completion of progress monitoring before opening up a new IEP

Root Cause Addressed:

Teachers are not entering the last progress monitoring for the student prior to opening the annual review.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Part of Regular Common Planning meetings with Special Education teachers will be reviewing IEP goal progress monitoring data
Special Education teachers will be given time one time a month to input their progress monitoring into their Goal Tracker, and update IEP Goal Progress in SESIS
Special education teachers will received the special education teacher handbook that included the systems and structures that will be implemented to ensure 100% compliance with IEP Goal Progress Monitoring

Key Strategy 2 (Optional):

The special education liaison will create the case manager spreadsheet in the beginning of the school year to set up the system for providers to schedule hold, and finalize IEPs at least a week in advance of annual review due date.

Root Cause Addressed:

Teachers were waiting for re-evaluations to be complete, and could not open the annual reviews within time to meet the deadline of the finalized annual review.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Special education teachers will meet with the supervisor of special ed in September and set up their case management that includes the dates of the annual IEP meetings, and when they will send out the notice of IEP meeting
AP in charge of special education will meet bi-weekly with the school psychologist to follow up on any open re-evaluations that may impact the annual review compliance data.
The special education teachers and related service providers will receive the special education teacher handbook in September and expectations and systems will be reviewed with these teachers.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly Special Education Common Planning Periods
Weekly check-ins by special education liaison on status of annual reviews.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent workshop will be held on understanding your child's IEP, so parents understand the timeline for the annual reviews	N/A
09/04/2025	06/26/2026	Parent workshops will be held on how to support their child with an IEP at home	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 intervention	Level 1 or 2 on ELA Ready Assessment	Afterschool	small group instruction	afterschool	No
Tier 2 Intervention	Level 1 or 2 on Math Ready Assessment	Afterschool	small group instruction	afterschool	No
Tier 2 Intervention	Students performing far below grade level based on Acadience	Push in/pull out support	small group instruction	during school day	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Sanford Harmony Tier 2	Classroom Behavior and Student Incident	Buddy Ups	small groups	during school	yes
Sanford Harmony Tier 2	Classroom Behavior and Student Incidents in OORS	Conversation Cards	small groups	during school	yes
At risk counseling session	Repeated incidents in OORs	1:1 meetings with counselor	one to one	during school	yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

To effectively share the MTSS (Multi-Tiered System of Supports) plan with families of students in Tier 2 and Tier 3, we will use a multi-channel, clear, and supportive communication strategy. Here's a concise plan that respects educators' time and engages families meaningfully:
1. Written Communication

Parent Letters/Emails:
Send personalized letters or emails explaining:
What MTSS is and its purpose
What Tier 2 and Tier 3 supports mean for their child
How the school is partnering with them
Contact info for questions or concerns
Use straightforward, jargon-free language and translate if needed.

2. Virtual or In-Person Meetings
Scheduled Family Conferences or Workshops:
Offer sessions where educators explain the MTSS framework, specific interventions, and how families can support learning at home.
Use visuals or simple diagrams to clarify tiers and supports.

3. Digital Resources
School Website or Parent Portal:
Post MTSS overviews, FAQs, and contact info.

4. Ongoing Communication
Regular Updates:
Share progress reports or notes on intervention adjustments via phone calls, emails, or digital apps.
Encourage two-way communication for questions and feedback.

5. Accessibility & Cultural Sensitivity
Provide materials in families' home languages.
Make sure communications respect cultural values and are easy to understand.
Offer interpreter services for meetings if needed.

6. Clear Documentation
Share copies of the MTSS plan or intervention goals related to their child.
Include an answer key or glossary for any technical terms.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Progress updates for students receiving Tier 2 and Tier 3 interventions will be shared every 6-8 weeks, but this can vary based on the school's MTSS protocol and the student's individual needs.

Tier 2 (Targeted Support): Updates often occur monthly or bi-monthly to monitor small group progress and adjust supports as needed.
Tier 3 (Intensive Support): Updates may be more frequent—about every 3 to 4 weeks—due to the individualized and intensive nature of the support.
Teachers or intervention specialists usually share these updates through parent-teacher conferences, phone calls, emails, or written progress reports. The goal is to keep families informed regularly without overwhelming them, ensuring timely collaboration to best support the student. For example, the progress report will have the Date, Skill Practiced, Observation/Notes, and Next Steps.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

In order to keep are families involved in the decision making process, some effective family engagement strategies to use as we share Tier 3 intervention:

Collaborative Goal-Setting Meetings
Invite families to co-create specific, measurable goals for their child. Use clear language and visuals to ensure shared understanding and ownership.

Regular, Scheduled Check-Ins
Set consistent dates for progress meetings—virtual or in-person—so families know when to expect updates and can prepare questions or share observations.

Two-Way Communication Channels
Encourage families to share insights from home through notes, emails, or communication logs. Validate their input and incorporate it into decision-making.

Use of Visual Progress Tools
Present growth charts or simple data visuals during meetings to make progress easy to understand and discuss.

Culturally Responsive Practices
Provide materials and interpreters as needed, and respect family values and preferences to build trust and meaningful participation.

Resource Sharing
Offer families videos, guides, or workshops that explain strategies used in interventions, so they feel confident supporting their child at home.

Celebrating Successes Together
Highlight and celebrate even small improvements with families to build motivation and positive relationships.

Flexible Meeting Options
Provide options for meeting times, locations, or virtual attendance to accommodate family schedules and needs.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

104 students are in temporary housing as of June 2025

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

27 % of the Chronically Absent Students are STH students.
In the beginning of the school year, the STH liaison will share the STh population data with cluster teachers as they form their before and afterschool enrichment clubs to ensure that we prioritize the STH students who are chronically absent. In addition, we will use our partnership with CBOs: NY Edge and Riseboro to provide afterschool support to the families of STH students.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

PS 376 will provide afterschool programs using Title 1 funding as well as individualized support for our STH population. We will educate our staff on the McKenney Vinto Homeless Act so they are aware of these students

rights in our school. Teachers will be informed about the warning signs of homeless children to ensure staff is sensitive to their needs. A daily check-in will be provided for these students both at the start and at the end of the school day to ensure these students feel comfortable and socially and emotionally supported. We will assign new students a buddy to eat lunch with and to ensure this student familiarizes with the school. In addition, we frequently host coat drives, food drives, and clothing drives to collect donations from the school community for the students in need.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

These students meet with the STh Liaison at the start of the school year.
The students are provided with bussing based on need.
Upon immediate enrollment these students meet with our mental health providers to conduct a needs assessment to provide necessary ssupport

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Once we become aware of students who have newly been placed in foster care, the guidance counselor reaches out to the case manager to ensure that these students are provided with any necessary interventions based on student needs. These students are brought up to the School-Based Support Team to discuss how the school can support the students both social emotionally and academically.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support

provided to this population?

Trends that have emerged are that these students tend to have more frequent incidents reported in OORs.

This tells up that these students need preventative support to address their social emotional needs before incidents occurring.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

We will utilize the support in the HMH Into Reading program to address competencies for individual students.
We meet with the School-based Support Team and crisis team to discuss behavioral and academic support.
We progress monitor these students' attendance data, academic data, and behavior data trens to plan for adjustments to the support plan.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 376 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 376,, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA)

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams

- share responsibility for the improved academic achievement of my child

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I Conceptual Consolidated Program

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teachers K-5 will receive professional development in ELA to support their refinement of the Into Reading curriculum and increase students achievement through professional learning centered on utilizing data to drive instruction. Teachers K-5 will receive professional development in the area of math to support their refinement of the Illustrative math curriculum and increase students achievement through professional learning centered on utilizing data to drive instruction. Teachers not trained in the use of Thinking Maps will receive training in using Thinking Maps to implement the maps across all content areas. Teachers not trained in Orton Gillingham Phonics program will receive Orton Gillingham certification training. Teachers will receive professional learning to strengthen their implementation of problem-based learning.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Meet and greet before school year begins
Creating phonics packet for incoming Kindergarten students (hard copy, school website, Ms. Chavarria's Google Classroom)

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	520,984	N/A	N/A
Title I, School Improvement 1003(a)	Federal	N/A	N/A	N/A
Title II, Part A	Federal	61,621	N/A	N/A
Title III, Part A	Federal	17,093	N/A	N/A
Title III, Immigrant	Federal	7,147	N/A	N/A
Title IV, Part A	Federal	2,891	N/A	N/A
Tax Levy (Fair Student	state	3,950,071	N/A	N/A

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Natalie Perez-Hernandez
Assistant Principal (Where Applicable)*	Jennifer Haig
English as a New Language (ENL) Teacher*	Stephanie Mendoza
Teacher (if school has a bilingual program must be a bilingual teacher)*	Amanda Hamerman
Parent/Guardian*	Josue Marin
Teacher	n/a
Parent Coordinator	n/a
School Counselor	n/a
Related-Service Provider	n/a
Instructional Coach	Cassandra Chavarria
Other (Name and Title)	n/a

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

466

Total number and percentage (%) of current ELLs:

130 (27.9%)

Total number and percentage (%) of former ELLs:

20 (4.3%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

112 (86.2%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

18 (13.8%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

19 (14.6%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	General Education	Spanish	2017-2018	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

ML/ELLs that receive stand-alone minutes are pulled out by an ENL service provider and serviced through homogeneous and heterogeneous groups (i.e., within two proficiency levels such as entering and emerging) based on their English proficiency level based on their grade level. If necessary students would be grouped by proficiency level in grade bands, not to exceed two consecutive grades (i.e. grade 1 and grade 2 students of emerging English proficiency level). ML/ELLs that are in a general education classes with a teacher that is dually certified in ESOL/TESOL and Common Branches/B-2/1-6 classroom certification that require stand-alone, receive their required units of study from their classroom teacher within their classroom in small group instruction. Entering students receive ENL instruction within two units a week. 180 minutes of stand-alone ENL instruction and 180 minutes of integrated ENL and English Language Arts instruction. Emerging students receive ENL instruction within two units a week. Students are entitled to have the flexibility of 90 minutes of stand-alone ENL instruction and 180 minutes of integrated ENL / ELA services. Emerging students also receive 90 minutes of either stand alone ENL services or integrated English Language Arts instruction/ core instruction.Transitioning students receive ENL instruction within one unit a week. The ENL students can receive 90 minutes of integrated ENL/ELA services, and 90 minutes of either stand alone ENL services or English Language Arts / core content instruction.

Integrated ENL:

ENL service providers plan with the grade teams they service to ensure appropriate and varied supports and scaffolds are in the curriculum maps to support ML/ELLs of all proficiency levels access to grade level content. The ENL service provider pushes into the classroom to service the ML/ELLs with their required units of integrated ENL; if the classroom teacher is dually certified, they are provided the integrated minutes for their ML/ELLs.

Students receive their integrated minutes by proficiency level as follows:

Entering (beginning): 360 minutes per week (180 Stand-alone ENL, 180 Integrated ENL/ELA).

Emerging (low intermediate): 360 minutes per week (Required: 90 minutes stand-alone ENL, 180 minutes integrated ENL/ELA; flexible 90 minutes stand-alone ENL or 90 minutes integrated ENL/Core Content Area).

Transitioning (intermediate): 180 minutes per week (Required: 90 minutes integrated ENL/ELA; flexible: 90 minutes stand-alone ENL or 90 minutes integrated ENL/Core Content Area).

Expanding (advanced): 180 minutes per week (Required: Integrated, 180 minutes ENL/ELA or other Core Content Area).

Commanding (proficient): 90 minutes per week integrated ENL in ELA/Core Content Area or other approved former ELL services for 2 additional years (option a, c, or d; see policy guide pages 70-72 for description; provided by

classroom teacher.

English as New Language (ENL) - Strong Tier 1 instruction aligned to Next Generation Standard, hallmarks of advanced literacies, and the New York State Literacy Initiative Briefs on Science of Reading (SoR) is at the heart of all instruction MLLs receive. Teachers engage in purposeful professional development to support language and literacy development. The instructional cabinet closely monitors data from each teacher/grade to reflect on strengths and areas of growth, which determines next steps and action plans to provide teachers with support. Teachers administer end-of-module assessments and analyze the results in order to determine if there is a need to reteach a standard or skill as well as to embed scaffolded supports that targets the needs of ML/ELLs. Teacher grade teams meet weekly during a common planning period to discuss the various strategies that will be implemented to improve student performance. MLLs' performance is compared to that of their peers in each grade and interventions are designed accordingly. Learning styles, home characteristics, and classroom practices are some of the parameters that are analyzed through a language acquisition lens in order to design supplemental interventions. Some examples of these interventions may include: cultural and linguistic considerations, connecting learning experiences to students' background knowledge, scaffolded student tasks aligned to MLLs' proficiency levels, and allowing MLLs to complete tasks in their native languages. Additionally, ENL providers, including dually certified classroom teachers, have a weekly common planning prep to discuss strategies, practices, and routines that can be implemented in their classrooms.

Oral language development has been linked to academic achievement in English. For this reason, ample opportunities are provided for ELLs to study and practice academic vocabulary. Teachers build background knowledge by previewing key concepts and content-specific vocabulary. The use of Socratic Seminar and Think, Jot, Pair, Share promote collaborative discussions and the opportunity to utilize vocabulary learned during instruction. ENL teachers provide scaffolds for students participating in classroom discussions who need extra support. Additionally, students engage in purposeful student discourse as a way to negotiate meaning by creating an idea, clarifying the idea, supporting the idea, and finally evaluating and comparing (argue and decide).

Students who need more targeted intervention outside of the classroom as identified by the MTSS team, receive tier 2 and/or tier 3 RTI.

Students who are SIFE receive all interventions the school can offer including working with classroom teachers and using computer programs that can help them acquire foundational skills.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

The Dual Language Program (English/Spanish) is designed to develop biliterate and bilingual students. The program is a two-way program that follows a 50-50 model where half the instruction is in English and the other half is in Spanish using the alternate week model. The program is composed of English proficient students and ML/ELL students that have a native language of Spanish. Heterogeneous grouping provides the perfect setting to allow students to learn from each other. Literacy instruction in both languages occurs simultaneously. All content areas are taught in English and Spanish with the exception of the Writing block which is English only. Response to text writing is expected to be done in the language of instruction for that day (English/Spanish). English literacy

instruction is taught using HMH Into Reading and its Spanish companion Arriba La Lectura is used for Spanish literacy instruction.

MLLs in the bilingual program receive their required number of integrated and standalone ENL minutes by their bilingual certified classroom teacher.

There is a phonics period scheduled daily. The language of which students receive phonics is dependent upon the language of instruction for that day.

The Spanish phonics program used in K-2 is Estrellita and in grades 3-5 phonics intervention will focus on morphology/etymology using HMH's Arriba La Lectura generative vocabulary lessons and provide support through vocabulary card routine.

The English phonics program used in K-2 is Orton-Gillingham and in grades 3-5, HMH's Arriba La Lectura generative vocabulary.
ML/ELLs in the DL that are entitled to standalone units of study, receive them on English instruction days in small groups. To meet the required integrated units of study, all lessons are designed with the appropriate supports using the Targets of Measure for all proficiency levels to meet the needs of all ML/ELLs.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The school ensures that the mandated number of instructional minutes is provided to each ML/ELL student based on their English Proficiency Level by planning and scheduling ENL students' mandated instructional minutes with their classroom teacher and/or ENL provider. During the weekly ENL planning period administration reviews scheduling in relation to students that are new admits, scheduling NYSITELL and LAB-R exams and providing parents with orientation meetings to inform them of the ENL program offerings in New York and the programs available in our school. The ENL services provider is given time in their schedule that allows them to support registration, testing, and parent orientation when necessary without interfering with their servicing schedule.

Explicit ENL and ELA minutes are delivered by either the classroom teacher or a service provider. During the literacy block teachers provide mandated Integrated ENL time using a structured Literacy approach where teachers include both content and language objectives. In addition, the students are instructed across the content areas through Authentic Learning Tasks (ALT) aligned to the Next Generation Standards and Hallmarks of Advanced Literacies to support language and literacy development. ALT incorporates problem based learning (PBL) and allows students to use a transdisciplinary approach that integrates content knowledge, reading, writing, and technology education. Entering and emerging students receive Standalone ENL instruction in targeted small groups from their classroom teacher. Entering and Emerging ELLs receive 360 minutes of ENL time a week, while students who are Transitioning and Expanding receive 180 minutes of ENL instruction. Students at the Commanding level receive their 90 minutes of ENL instruction through the alternative pathways for former ELLs model of Problem Based Learning.

MLLs are programmed in Stars Classroom by Ms. Hamerman, the ENL Coordinator. All students in the dual language program (MLL and non-MLLs) are also programmed in the bilingual tracker in Stars Admin. To properly program students the RLER and RLAT reports are used.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The school ensures that the mandated number of instructional minutes is provided to each MLL student based on their English Proficiency Level by planning and scheduling ENL students' mandated instructional minutes with their classroom teacher and/or ENL provider.

Explicit ENL and ELA minutes are delivered by either the classroom teacher or a service provider. During the literacy block teachers provide mandated Integrated ENL time using a Structured Literacy approach where teachers include both content and language objectives. In addition, the students are instructed across the content areas through Authentic Learning Tasks Project Based Learning aligned to the Next Generation Standards and Hallmarks of Advanced Literacies to support language and literacy development. During PBL students use a transdisciplinary approach that integrates content knowledge, reading, writing, and technology education. Entering and emerging students receive Standalone ENL instruction in targeted small groups from their classroom teacher or from a service provider using a push-in or pull-out model. Entering and Emerging ELLs receive 360 minutes of ENL time a week, while students who are Transitioning and Expanding receive 180 minutes of ENL instruction. Students at the Commanding level receive their 90 minutes of ENL instruction through the alternative pathways for former ELLs model of Project Based Learning.

In the dual language program, students receive HLA instruction every other day based on the alternate day model.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language model is self-contained. The program follows a 50-50 model using the alternate day model of instruction with one day in English and the other day in Spanish. English proficient students and ELLs are integrated 100% of the day.

b. In which language(s) is each core content area taught?

Each core content area is taught in English and Spanish. All subject areas are taught in English and Spanish. Instruction starts in the strongest language of the class. Concepts are then reinforced in the second language allowing the two languages and the content to build off of each other as opposed to direct translation of every lesson. When necessary, teachers translate materials into Spanish that align to the standards and skills being covered. Purposefully planned routines, supports and scaffolds are used to support the multilingual learners (ML/ELLs) and Spanish Language Learners (SLLs

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

(112) of ELLs are newcomers.
Effective services for newcomers differ from those provided to developing or long term ELLs is that progress monitoring structures of school-wide data have been put in place to analyze the ELLs performance in comparison to their grade-level peers. Based on these results, the students will receive RTI instruction. Additionally, newcomers that have a native language other than English are able to use their native language to make connections to English. These students will receive instruction in Academic Intervention Services (AIS) in order to build a stronger base for English language proficiency. With time, these students will be instructed in English only, with support in their home language. These students will need scaffolds in both English and Spanish to help them transition into English only instruction.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0% of ELLs of students are students with Inconsistent/Interrupted Formal Education (SIFE). Students identified as SIFE, the results of their screener will be used to identify areas of need and instruction will be provided to bridge the gaps in their learning.
Teachers will provide SIFE students with Bridges-NYSED ENL/ELA Curriculum with Developing Literacy. This curriculum provides students with the necessary content, language, and literacy necessary for achieving academic progress and success.
Students will receive SEL support via at-risk counseling due to possible traumatic migration experiences, frustrations with their academic delays, a lack of familiarity with the school's culture, and feelings of isolation within the school.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At this time, 0% of our ELLs are long term ELLs.
Teachers would use the data to identify the specific needs of the students within each modality for students identified as long-term ELLs. Once, identifying where the students are struggling, we provide rigorous instruction tailored to each of the students' needs. Teachers would use SPIRE (reading intervention) and Heggerty (phonemic awareness) and to assess and monitor progress. Students who are at risk for becoming long-term ELLs often struggle with all four language modalities which we embed in school wide protocols. Our goal is to provide all students with scaffolds and differentiated tasks in order to help them move to the next level. The ENL and General Education teachers will plan together to design cohesive instruction with scaffolds and resources.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

2.4% (11) of students have been identified as former ELLs. Students are programmed in STARS Classroom as receiving services through project based learning in their homeroom classes. Students engage in authentic learning tasks which are transdisciplinary and allow them to collaborate with their peers to solve real world problems related to their community. The design of the tasks engages students in all four language modalities.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk levels that might adversely affect our apart from the high number of Newcomers (0-3 years of ELL service): 86.2% (112), are ELLs in temporary housing: 50% (65) and ELLs who did not demonstrate sufficient ELP progress (Spring 2023 NYSESLAT): 40% (52). Additionally, 51.5%% (67) students have 2 at-risk indicators.
One trend we noticed was that we have had the same three at-risk factors (i.e., newcomers, temporary housing, insufficient ELP progress) three years in a row.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The risk factors that adversely affect the former ELLs is the scoring of 1 or 2 on the state ELA and Math assessments, and students in temporary housing.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

All registered ELLs have a home language of Spanish (129 students) and Bengali (1 student). The staff structures and processes that the school has to support communication and learning that values these home languages is creating a welcoming environment that showcases the languages that make-up the school community. When you walk in the front door, the Safety Agent has a Pocket Talk translation device to support her communication with parents that need that translation. Many of the staff members are fluent Spanish speakers. Teachers that need Spanish translators can easily ask a Spanish speaking staff member to assist them in communicating with parents and students. We also have staff members that speak Arabic, Korean, and Italian.

During parent- teacher conferences, in-house translators are available as well as Pocket Talk translation devices. In

addition, we have access to translators from the Ofifice of Language Access for NYCPS. All notices are sent home to parents in English and Spanish. When applicable, a link is provided for parents to access translated versions in other languages. Having staff that speak multiple languages makes information accessible to all families

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of the total number of ELLs at our school are as follows: 76 American Indian or Alaskan Native identify as Hispanic, 1 American Indian or Alaskan Native identify as non-hispanic, 5 Black identify as hispanic, 3 multiracial identify as hispanic, 2 Native Hawaiian or Pacific Islander identify as hispanic, 2 White identify as non-hispanic, and 41 White identify as hispanic.

ELLs are being included in planning and delivery of Culturally Responsive and Sustaining Education. The school upholds the 4 Principles of Culturally Responsive Sustaining Education, which are as follows: welcoming and affirming environment, high expectations and rigorous instruction, inclusive curriculum and assessment and ongoing professional learning and support. Our school is committed to delivering Culturally Responsive and Sustaining Education in planning and delivering education to ELLs in the following ways.

Welcoming and Affirming Environment: Our school staff makes every effort to maintain a welcoming and affirming school and classroom environment. The staff makes sure to have close relationships with students and families. The parent coordinator plans workshops throughout the year to engage parents in student learning and to inform parents of school activities. The parents coordinator plans workshops with teachers to help support parent and child relationships such as the superhero program which fosters parent child activities inside and outside the classroom. For example, parents and children complete stem and readers theater activities together, they also participate in completing crafts together. Teachers also make sure to teach about student cultures and communities. Teachers and students learn about the community by interviewing school staff such as the safety agents and cooks. Teachers also tie in learning about student cultures by using diverse read alouds and through PBL instruction.

Our school fosters high expectations and rigorous instruction by providing students with daily lessons and tasks that help students achieve their ultimate potential. Teachers provide students with goals for instruction based on assessments and informal conference notes. Teachers provide students with tailored scaffolds that help students achieve daily tasks. Students also engage in student led socratic discussions and think jot pair share. Students discuss topics that relate to the past and the present. Students are also able to involve themselves in student leadership opportunities, students can run for student council president, vice president, treasurer and secretary. This lends to student leadership, students meet with teachers and administration to discuss change and exchange ideas for bettering the school. Students in the student council are encouraged to share their ideas and ideas shared by their peers. Project based learning also gives students the opportunity to perform investigations about topics that relate to the past and the present. The students present their projects to their school during the school's STEAM fair.

Additionally our school staff also incorporates inclusive curriculum and assessment. The resources used by teachers are written and developed by racially, culturally, and linguistically diverse perspectives. Instructional strategies used by teachers adapt to diverse student learning styles. Teachers use data driven instruction and small group instruction to tailor to the needs of their students. Teachers translate exams if needed with the help of an ENL provider. Students are assessed both informally and formally by their teachers in a variety of ways. Teachers use their daily conference notes for student monitoring.

Lastly, teachers are provided with ongoing professional learning and support, teachers are sent links to professional learning opportunities and also complete professional learning opportunities in house that provide insights to diversity, equity, and inclusion training.Teachers use what they learn during these professional learning sessions to

align curriculum and instruction to the histories, languages, and experiences of students and families in our school community.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

We noticed that a high percentage of students are not making sufficient progress/growth 70.3% (52).
The majority of students making progress are doing so through Method 1: Met Progress by Exiting ELL Status 12.2% (9) and Method 2: Met Annual Progress Target 10.8% (8).
Specifically, 8 students met ELP sufficient progress, and 52 students did not make ELP sufficient progress, according to the EDAT.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

In analyzing the 2024 NYSESLAT data, the Transitioning (29 students) and Emerging (25 students) Proficiency Levels have the most number of students (58 students).
Listening was an area of strength for 3rd grade. Speaking was an area of strength for grades 3 and 5.
Reading and writing continues to be an area of need schoolwide; significantly in 2nd and 5th grade. Speaking was an area of strength schoolwide.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

For the Grade 3-5 NYS ELA, the students who scored 3 or 4 were commanding level students (2). Exp anding ELLs (5) scored a level 2. Emerging (1), Transitioning (1), and Expanding (5) level students scored a 1. It is concerning to us that so many Expanding level ELLs would score a level 1.
For the Grade 3-5 NYS Math, the students (14) who scored a level 3 were of all proficiency levels (entering (2), emerging (2), transitioning (2), expanding (7), and commanding level (1)). The students (7) who scored a level 2 were at the entering (2), expanding (3), and commanding (2) level. The students (7) who scored a level 1 were at the entering (1), emerging (1), transitioning (4), and expanding (1) level.
It is concerning that 4 transitioning level students scored a 1 on the math State test when they are provided a translated version and a bilingual glossary.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

There are ELLs with IEPs in the following proficiency levels: Entering (1), Emerging (7), Transitioning (4), Expanding (7), and Commanding (2). These students are receiving support with their IEP and ENL mandated services. The students are receiving support according to their needs but they also might need more time to process the support provided and use scaffolds and language supports to help them with their tasks and IEP and language goals.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At the core of instruction is Principle 1 of the NYSED Blueprint for English Language Learner/Multilingual Learners (ELL/MLL) Success: All teachers are teachers of English Language Learners/Multilingual Learners and need to plan accordingly.
Our instructional focus of providing rigorous instruction leads to high quality discourse, critical thinking, and embeds the 4 modalities of language which gives students daily opportunities to practice.
Our school engages students in authentic learning tasks (ALT) providing ELLs with opportunities for deeper learning by students solving real world problems. Additionally, content units begin by building background knowledge which allows access to all students and allows them to contribute what they know. We focus on an asset-based mindset as opposed to looking for student deficits. Although students are encouraged to speak in English, students are also able to use their home language if needed.

Phonemic awareness and phonics instruction play important roles in language development. In Grades K-2 teachers use Orton- Gillingham along with songs, poems and word games to promote students' phonemic awareness. Spelling patterns, letter combinations, and sight words are taught with familiar texts and are visible in the classrooms' word walls. In grades 3-5 phonics intervention will focus on morphology/etymology using HMH's Into Reading generative vocabulary lessons and provide support through vocabulary card routine.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Cabinet (IC) considers MLs/ELLs in the school's instructional design by focusing on hallmarks that focus on vocabulary and discourse. The IC consists of the principal, the two assistant principals, MLL coordinator, Instructional Coach, and MTSS specialist. Members of IC decide on strategies and protocols that would benefit and support students.
They also evaluate and consider supplementary instructional materials that can be used in conjunction with our core curriculum.
.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

development and meet the demands of the Next Generation Learning Standards.
K-2- In grades K-2 core content should include oral language development to support language comprehension. One way to do this work is through interactive read alouds. The teacher will use the data along with the curriculum to select priority standards as a focus. Teachers will explicitly model how to answer the question through a think aloud. In doing so, all students would benefit from building on oral language development. Another instructional approach would be discourse. In K-2 classes, teachers need to use TJPS as an entry point for all students to engage with on grade level texts.
Phonics is a key factor to help students interact with sounds and words that will also support language skills. Students are provided with tier 1 phonics instruction through a multisensory approach (IMSE-OG)

3-5- In grades 3-5 core content should include oral language development to support language comprehension through discourse. Students need multiple opportunities to engage in discourse. The teacher will use the data along with the curriculum to select priority standards as a focus. In addition to this, teachers can build background knowledge to help support students' understanding of the content.

The school uses HMH's Into Reading. The units/ modules are theme based and they incorporate content into the literacy lessons , especially Social Studies content. ENL students in all grades have science with a specialty teacher in a state of the art lab that allows for students to have hands-on experiences on science concepts that match their grade level standards. The hands-on approach fosters clear understanding and application of science related academic language and allows for the ELLs to acquire content knowledge and language simultaneously. Thinking Maps are incorporated into the curriculum and used throughout the day for students to organize their thinking. Illustrative Math emphasizes experiential learning. Students learn by engaging in the math problems and using the hands-on manipulatives. The math books are available in Spanish for students that feel they need the native language support and they work side by side with their English version. Students are also equipped with bilingual math glossaries to assist with translations.

ENL methods are used to deliver instruction in all areas to the ELL students. Realia are used whenever possible so students can experience the language by interacting with it. Oral language is used as a bridge for reading and writing acquisition in English. Students are provided with resources that support language acquisition and that build on their native languages, such as bilingual picture dictionaries and cognate word lists. There are an abundance of Shared Reading and interactive Writing opportunities in ENL classrooms. When students co-construct products with the teacher, they become familiar with how to work towards independence in completing tasks that would be challenging without the explicit modeling and engagement in the target language that shared experiences provide. The students also do group work and partner work that incorporate the Speaking and Listening strand of the Next Generation Learning Standards, which is a vital part of lesson delivery for ELLs. Teachers also use technology to enhance instruction. The smartboard and document cameras allow ELLs to see what they are learning in a motivating manner. Teachers show clips of videos that relate to the content being studied in order to build students' background knowledge and vocabulary in the content area. Students also get short mini lessons through a workshop style approach where the teacher works with the whole class to teach specific skills and then students break into independent work groups to practice the introduced skill. Students work in small groups with the teacher in which the teacher strategizes and tailors lessons that coincide with next generation standards to assist students in learning needed to help students become successful in the classroom. Oral language activities are brought into ENL classes to help with English fluency practice and to present content in an interesting, interactive manner. Think, jot, pair, share and socratic discussions help engage students in using academic language to share their thinking. During phonics instruction chants and content related songs are taught to the students. Skills are pulled out of those songs and chants so that the students can use these skills to aid their reading. The kindergarten ENL classes also utilize center learning. Students get practice with skills such as sentence structure by manipulating sentences, using

task cards, using the listening center to improve reading and English fluency, and using the technology center to practice newly acquired skills in engaging ways. Incorporating all of these programs and instructional strategies will be useful in supporting ELLs as they simultaneously acquire content and language, which is the ultimate goal.

DL Language model- In the Dual Language model for Spanish phonics program used in K-2 is Estrellita and in grades 3-5 phonics intervention will focus on morphology/etymology using HMH's Arriba La Lectura generative vocabulary lessons and provide support through vocabulary card routine. depending on their intervention needs. The English phonics program used in K-2 is Orton-Gillingham and grades 3-5 phonics intervention will focus on morphology/etymology using HMH's Into Reading generative vocabulary lessons and provide support through vocabulary card routine.. All phonics programs include stand alone phonics instruction, shared reading, and phonics activities that support the concepts taught for each week. In kindergarten to fifth grade all subjects are taught in both English and Spanish, students are taught reading skills and strategies in both languages in order to aid them in fluency, comprehension, and to address the next generation standards. The literacy program used is called Arriba la Lectura. As mentioned above, Illustrative Math does have a Spanish Workbook. All students in the Dual Language Classroom are provided with an English and Spanish edition. Social Studies and Science are taught in Spanish and English using Passport and Amplify.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Depending on the IEP accommodations, students could use an immersive reader to help translate digital texts/activities as found on Newsela, Nearpod, and on google applications; adjust size of font; find grade level content at a lower reading level; audio of text.

b. SIFE

Instruction for SIFE students provides them with opportunities to fill in their learning gaps. SIFE students participate in the schoolwide Fundations or Orton Gillingham block which focuses on the phonics and phonemic awareness development that is the precursor to reading in English. There are designated classrooms to host the students during this period of instruction. The teachers are certified ENL teachers or certified Special Education teachers. Students are also set up with computer programs that can foster more foundational skills. The school has classroom libraries that are appropriate for SIFE students with books that are high interest but low level. Additionally there are some ENL programs that have books, books with CDS, CD roms / technology, songs, phonics and word study components that integrate all the skills SIFE students need. A certified ENL Teacher works one on one with each SIFE student.

c. Newcomers

Newcomers are identified for targeted ENL instruction. The teacher uses the Next Generation Standards, the New Language Arts Progressions and hallmarks of advanced literacy to plan lessons that are based on student data and support academic language development. Teachers focus on building academic vocabulary and making sure the students feel comfortable and motivated to use English. Newcomers also use the online program Imagine Learning Language and Literacy to assist with their English language acquisition. Additionally, they are invited to attend after school supplementary instructional programs taught by an ESOL licensed teacher which gives them more time to

engage in language instruction. The students are provided with resources that aid with language acquisition and make content comprehensible such as picture dictionaries, personal word walls, bilingual glossaries, sentence starters, and translated texts.

d. Long Term ELLs

If we were to have long term ELLs, in addition to the process followed for developing ELLs, long Term ELLs would be closely monitored by the classroom teacher and the ENL provider.. The NYSESLAT, ELA, Math, and science standardized tests will be analyzed by the school staff to formulate an appropriate educational plan. Data from these assessments would drive instruction in class, AIS groups, and in supplemental programs so that learning can be aligned. Students would receive targeted small group instruction with a focus on explicit language instruction to target comprehension, vocabulary development, and grammatical structures. Specific language objectives will guide activities to allow access to grade level content.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Special education teachers, general education teachers, ENL teachers, related service providers, and administrators, meet regularly as the School implementation team to review IEPs to determine how to deliver instruction to individual students in the least restrictive environment. This includes the consideration of flexible programming on a case by case basis.

All teachers, including those teachers of ELL SWDs utilize thinking maps to scaffold material across all subject areas. This instructional tool supports ELL SWDs to access the demands of the Next Generation Standards and achieve their academic goals. For instance, thinking maps are used before, during, and after reading instruction to support students in organizing key details about texts they've read. Additionally, during writing instruction, thinking maps are used as a planning tool to support ELL SWDs that have writing goals about improved organization as well as improved elaboration. Teachers also use visuals and small group instruction to support students to attain English proficiency within the least restrictive environment.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

P.S. 376 recognizes the importance of incorporating native language into instruction for ELLs. Students receive native language support through a number of resources .
Bilingual dictionaries(Spanish / English and Arabic/English), native language literature in the classroom library. Additionally, teachers have bilingual content glossaries (Science, Social Studies, and Math) that are utilized in the upper grades. Teachers also instruct students on cognates where applicable and capture their teaching with Cognates Word Walls. Many teachers speak the students' native languages and incorporate them when it is necessary and useful for the students. Students are encouraged to speak and write in their native languages when they are working on completing classroom tasks. The use of native language as a bridge between new learning and prior learning is welcome and valued.
In the Dual Language program, students receive instruction in Spanish and English in all content areas. All students are assessed in all content areas in both languages through end-of-module assessments.

Additionally, the Star Renaissance Spanish Early Literacy (K-2) and Star Renaissance Spanish Reading (3-5) is used

as a benchmark to evaluate students' Spanish language. Spanish speaking students who arrive in between testing windows are administered the appropriate Star Spanish assessment for the grade as a screener.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

There are weekly common planning preparation periods for the Dual Language Teacher Cohort and the ENL dually certified/ENL Service provider Cohort with the ENL Coordinator and Assistant Principal in charge of ML/ELLs and Dual language. Depending on data and teacher needs, meetings consist of MESA visits to support data analysis and instruction, professional development turn-key from the ENL Coordinator, instructional strategies using the core curriculum, and/or planning time to work as a vertical team with thought partners in their cohort.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

To meet the academic and social-emotional needs of our ML/ELLs, the school provides staff with professional development presentations on the SEL core competencies, which are already integrated into our ELA curriculum. Within both the IntoReading and ¡arriba la lectura! ELA curricula, the "Focusing on the Whole Child" component provides SEL literature and anchor charts that address each of the SEL core competencies per module. A variety of social-emotional resources are available on HMH's website for teachers to use and integrate into their classroom instruction.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

According to the CR, all teachers servicing ML/ELL students are required to receive professional development that specifically addresses the need of English Language Learners. All professionals involved in the academic development of MLLs should understand their role as teachers of English Language Learners. It is vital that educators recognize the characteristics of the ML/ELL population (culture, learning styles, levels of acquisition, and the process of learning a new language), the Federal and state mandates regarding the ML/ELLs and the resources and strategies available to ML/ELLs meet the benchmarks and improve language acquisition. Professional development on best practices for ML/ELLs will continue to be the heart of the school's planning.These learning

sessions include:I focus on understanding that all teachers are teachers of ML/ELLs, scaffolds to support the different proficiency levels, importance of supporting language and content, QTEL activities, and ENL look-fors. A calendar with all professional development workshops will be kept in the main office.

ENL/Dual Language teachers meet weekly to discuss specific strategies and protocols. This will fulfill the 50% MLLs specific professional development requirement for the ENL/Bilingual teachers. At these meetings, the ENL and DL teachers use the NYCPS Instructional Leadership Framework based on the Advanced Literacy Hallmarks to adjust unit and lesson plans. This work began with a focus on Hallmark 4 (Academic Vocabulary) and progressed to include Hallmark 2 (Academic Conversations).

During professional development, we also focus on the Four Pillars for Building Trust in New York City Public Schools. While all four pillars are discussed, for the ML/ELLs we hone in on Pillar 1: Reimagining the Student Experience and Pillar 2: Scaling, sustaining, and restoring what works to ensure a welcoming environment for all students and recognize how the immigrant experience affects migrant students.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessments we use are iReady K-5 ELA and math, Acadience Reading Grades K-2, and in the Dual Language Class and newly arrived ELLs, the Star Spanish Early Literacy (K-2) and Star Spanish Reading (3-5). These assessments are used to guide instruction planning for ELLs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The following targeted intervention programs are used to support Entering, Emerging, and lower-level Transitioning ELLs in English: SPIRE, HMH's AMIRA, Orton Gillingham, Sound-Spelling Transfer Kit. For Entering, Emerging, and lower-level Transitioning ELLs, the following programs are used: Estrellita, and the Sound-Spelling Transfer Kit. Assessment results from screeners are used to plan small guided reading groups and to work on skills and strategies needed to succeed.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

The aforementioned assessments (i.e.,SPIRE, HMH's AMIRA, Orton Gillingham, Sound-Spelling Transfer Kit, Estrellita, Fugaces, Escaleras, Istation) are used to identify ELLs needs for RTI based on the results of their screeners and students will receive targeted intervention based on their needs.
The results of the screeners are used to inform phonics grouping K-5, including vertical DL phonics.
Additionally, the assessment results are used to plan small group instruction and whole class instruction. Teachers plan by using the standards and phonetic concepts that students struggle with the most to plan skill/strategy targeted lessons to fit the needs of the ELLs in their classes.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessments used to inform and drive instruction are: exit tickets, student self-assessment (e.g., levels of understanding, fist-to-five, thumbs up-thumb down, socratic seminar, peer reflections/feedback, think-jot-pair-share/think-pair-share, checklist, conference notes linked to success criteria, and retrievals using thinking maps.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

First year ML/ELLs and ML/ELLs in DL are appropriately evaluated in their Home Language via Star Renaissance Spanish Early Literacy and Spanish Reading.ML/ELL in DL are assessed using the Spanish phonics program in their grade. Additionally, ML/ELLs in general education programs that need translated assessments in their home language are provided.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The NYSESLAT and NYS ELA and Math State exams are used to evaluate the effectiveness of our ML/ELLs.The results of the State tests are cross-analyzed and triangulated evaluated for trends.
The NYSESLAT is administered to ELLs at the end of the school year to determine each student's English proficiency level and determines continued eligibility. The NYSESLAT results are also used for programming purposes and to schedule servicing from providers.
The NYS ELA and NYS Math assessments and item analysis are used to determine student's strengths and areas of improvement relative to Next Generation Learning Standards.
The results of the aforementioned summative assessments inform our use of supplemental intervention programs to support core curriculum and guide any revisions that need to be made to our title lll plans.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The ENL Coordinator will organize the administration of the NYSESLAT. To assist in the planning for the administration the Special Education Liaison will provide a list of all students with IEP testing accommodations to ensure that the ML/ELLs receive the proper testing accommodations. Students will be grouped by grade (or grade bands) and proficiency levels (e.g. grade 3/4 entering/emerging, grade 3/4 transitioning/expanding) and based on testing accommodations (e.g. test read aloud, directions read and read, separate location).

During the administration of the NYSESLAT, ML/ELLs continue to receive their services. Where possible, the ENL providers' schedules are adjusted so that students can be serviced at a different time. MLLs in the dual language

classes continue to receive their services from their bilingual certified teacher. ENL providers, classroom teachers of ML/ELLs, and special education teachers serve as proctors after attending training. The former ML/ELLs receive support from their classroom teacher in Problem Based Learning (PBL).

The NYSESLAT is scored by service providers, bilingual teachers, and teachers of ML/ELLs after receiving turn-key training from the ENL Coordinator. During the training, there is a norming process

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The ENL Coordinator will organize the administration of the NYSESLAT. To assist in the planning for the administration the Special Education Liaison will provide a list of all students with IEP testing accommodations to ensure that the ML/ELLs receive the proper testing accommodations. Students will be grouped by grade (or grade bands) and proficiency levels (e.g. grade 3/4 entering/emerging, grade 3/4 transitioning/expanding) and based on testing accommodations (e.g. test read aloud, directions read and read, separate location).

During the administration of the NYSESLAT, ML/ELLs continue to receive their services. Where possible, the ENL providers' schedules are adjusted so that students can be serviced at a different time. MLLs in the dual language classes continue to receive their services from their bilingual certified teacher. ENL providers, classroom teachers of ML/ELLs, and special education teachers serve as proctors after attending training. The former ML/ELLs receive support from their classroom teacher in Problem Based Learning (PBL).

The NYSESLAT is scored by service providers, bilingual teachers, and teachers of ML/ELLs after receiving turn-key training from the ENL Coordinator. During the training, there is a norming process

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Following the completion of the intake process, if a student is deemed as an ELLs based on their NYSITELL score, the student receives a letter of entitlement which includes setting up an appointment for their parent(s)/guardian(s) to come in for the ENL parent orientation. If after the first scheduled date, the parent doesn't show, a second request for the meeting is sent; if the parent(s)/guardian(s) still doesn't show, we reach out by phone in an attempt to arrange an in-person or virtual meeting. When a parent/guardian attends the orientation, we have the parents sign an attendance sheet which gets stored with the agenda in the ELL Critical Document binder which includes a copy of the HLIS and the entitlement letter. After parents complete the Program Preference a copy of that is added to the student's profile (stored in the ELL Critical Document binder) along with a copy of the placement letter.

The ENL Parent Orientations are conducted by Ms. Hamerman, ENL Coordinator, throughout the school year at a date and time that doesn't impede on her service schedule to ensure there is no interruption of instruction. If a parent requires translation in a language other than a language a staff member speaks the translation line is called to support. During the orientation, parents are shown a presentation that includes an overview of the ELL identification process, the three program options, and the NYSED Parent Orientation Video in the language of the parent(s) in attendance. In addition, we review NYSESLAT, next generation learning standards, school policies, the parent bill of rights. and programs that are offered to students throughout the year.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The annual individual meeting is scheduled to take place in the months of January and February to allow teachers/providers time to meet with each parent to discuss their ML/ELLs language development progress and set goals to support them through the rest of the school year including reviewing NYSESLAT score report, discussing language development progress using iReady diagnostic tests results, the goals of the ELL program, and student performance within the literacy block. Teachers have access to Pocket Talk translation device to communicate with parents that need translation aside from Spanish which allows them to talk back and forth with the parent. Teachers may provide parents with resources to bridge the gap in students' learning based on assessment results. Parents that attend in person sign an attendance sheet; for parents that meet virtually, a copy of the virtual meeting is attached to the attendance. The documents are stored in a folder within the ELL Critical Document binder.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Our school ensures that our families receive all school communications and documents in their preferred language based on their responses during the registration process where they are asked which language they would prefer to receive verbal and written communications.
Families are able to respond or initiate communications in languages other than English during the registration process or at any time throughout via phone call, e-mail, or virtual meetings, in-person meetings. If any parent/guardian needs interpretation services they can request services by various members of our staff including teachers and secretaries. Additionally, interpretation for low-incident languages are facilitated by the Language Access for NYCPS Families service or with the use of tech assistance (i.e., Pocketalk).

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Based on PS 376 parent survey results workshops and activities are developed to foster empowerment for families. All communications from the school are sent in English and Spanish. We created a welcoming environment from the onset of walking into the building with signage in the languages represented by all students and families. There is a multi-cultural night where students and families share their culture through visual arts and food. We provide workshops to support families with using technology, adult ESL classes, and food and nutrition.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Paper Fliers and GAMA messages are sent to the families to announce upcoming events to ensure families of ML/ELLs are aware of family leadership opportunities. Outside the school building egresses, the monthly student calendar is posted to inform families of upcoming events.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

The culturally and linguistically responsive partnerships we currently have that support the needs of your school community include BrighterBites which provides fresh produce to families bi-weekly.
Additionally, our physical education teacher has partnered with multiple organizations that fund students and their families to engage in activities within the greater community. The collaboration partners are: New York CIty Football Club (NYCFC), Boy Club of NY, Black Players for Change, United States Tennis Association (USTA), NY Rangers, NY Islanders, and Road Runners.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Ms. Hamerman, ENL Coordinator
Ms. Mendoza, ENL teacher
Ms. Chavarria, Instructional Coach
Ms. Munoz, teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The school creates a master of schedule that shows the availability of the ELL Identification Team to support the registration process based on the pedagogues' schedules. The pupil accounting secretary has this schedule so she knows who she can call on a given day and period. The schedule was created to ensure no mandated instruction is interrupted.

The pedagogue interviewing the parent and child writes the parent's responses on the Home Language Identification Survey (HLIS) that is in the parent's preferred language. The parent signs and dates the form. The student is then interviewed in English and their home language If applicable. The pedagogue reviews documents, prior assessments, and academic experience. Teachers that assist with this process are: Ms. Hamerman, Ms Mendoza, Ms. Chavarria, and Ms. Muñoz.

If the newly enrolled student is entering with an IEP and has a home language other than English, the school's Language Proficiency Team (LPT) meets to determine the student's NYSITELL eligibility. The LPT is composed of Ms. Hamerman, ELL Coordinator, Ms. Falk, speech therapist, Ms. Auclair, Special Education Liaison, and the student's parents. The LPT sends their recommendation to the Principal, who then sends it to the Superintendent.

If a student is determined to be NYSITELL eligible they are administered the NYSITELL. If the NYSITELL indicates the student needs ENL services, parent notification letters are sent to the parent in the parent's preferred language notification of their child's ELL status and results of the NYSITELL.If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish LAB. Student with interrupted/inconsistent formal education (SIFE) status is determined using New York State's resources available on NYSED's website. If a student is an ELL, the parent is invited to the parent orientation meeting.

Parent orientation meeting provides parents with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.If the ELL program that the parent selected is not available, the parent is offered a transfer to a school with that program in accordance with DOE transfer policies. The default program placement is bilingual. If a parent's choice is ENL the student is moved to the correct class. Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process). If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months. Copies of letters and parent notifications regarding ELL identification are kept in the students' cumulative files and in the ELL Critical Documents Binder.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Doris	Amador	School Secretary	11/15/2023	Y
Jennifer	Haig	Assistant Principal 10 Month		Y
Amanda	Hamerman	Teacher - Bilingual		Y
Felicita	Ortiz	Parent Coordinator - Annual		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

n/a

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BENGALI (BANGLA IN BANGLADESH)	1	0.16%	1	0.16%	0	0
ENGLISH	304	47.80%	300	47.32%	30	30
SPANISH	328	51.57%	330	52.05%	23	23
VIETNAMESE	1	0.16%	1	0.16%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School Monthly Calendar	The translated edition is shared with other bilingual staff to review for language accuracy. The calendar is back packed, emailed, and sent through GAMA. For languages that are not spoken by staff members we reach out to translation unit to provide language support we also have Pocket Talk translation devices that can support with verbal/written translation.
Cell Phone Policy	School translates the cell phone policy after it is revised by SLT after their first meeting of the school year. For languages that are not spoken by staff members we reach out to translation unit to provide language support we also have Pocket Talk translation devices that can support with verbal/written translation.
IEP	NYCPS translation unit. For languages that are not spoken by staff members we reach out to translation unit to provide language support we also have Pocket Talk translation devices that can support with verbal/written translation.
Meeting/Event Flyers	Translated flyers based on language of families within PS 376. For languages that are not spoken by staff members we reach out to translation unit to provide language support we also have Pocket Talk translation devices that can support with verbal/written translation.
Meeting/Presentations	Translated meeting presentations based on language of families within PS 376. For languages that are not spoken by staff members we reach out to translation unit to provide language support we also have Pocket Talk translation devices that can support with verbal/written translation.
Permission Slips	Translated permission slips based on language of families within PS 376. For languages that are not spoken by staff members we reach out to translation unit to provide language

	support we also have Pocket Talk translation devices that can support with verbal/written translation.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
parent workshops	interpretation devices, staff personnel
PTCs/Parent engagement	Staff Personnel, NYCPS Contracted vendor
School Performance	interpretation devices

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

NYCPS GAMA
Translated flyers and school letters in preferred language.
school has pocket talk translator devices to support with communication with families that have language not spoken by staff members

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Monday PD time will be used to share this asynchronous NYCPS Language Access Training for School Staff training Using staff outlook distribution list Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Flyers
GAMA
Robo Calls
emails
Posters/Banners outside school building
Parent engagement events with language assistance devices
Safety Agent translation device

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parent survey asks families about the communication they receive from school. Parent language preferences are also indicated on the HLIS at time of registration and noted on then emergency contact card. Parent language preferences are also on the BIO screen of ATS.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Pocket talk
Translation devices
Over the phone translation

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

95

Grades to be served in this program. Select all that apply.

,2,3,4,5,1,K

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Rationale:
The Title III program at P.S. 376 serves to enhance the daily instruction that Multilingual Learners (MLLs) receive during the regular school day. The focus of the program is to work on students' English development in all four modalities.

The students who are determined to need additional academic intervention based on this data, will receive targeted instruction through HMH English 3D (grades K-3 entering, emerging, and transitioning students), HMH Language Language Launch (grades 4-5 entering, emerging, and transitioning students), and HMH English 3D Course A (grades 4-5 expanding and commanding students). The programs provide a high level of self- and teacher-directed personalized learning . The programs integrate speaking, listening, reading and writing components including grammar across content areas.

Grade levels to be served:
Grades K-5

Total number of groups:
6

Grade level per group:
After-school
Group 1: Kindergarten Entering, emerging, and transitioning: 15 students
Group 2: Grade 1 Entering, emerging, and transitioning: 15 students
Group 3: Grade 2 Entering, emerging, and transitioning: 20 students
Group 4: Grade 3 Entering, emerging, and transitioning: 20 students
Group 5: Grade 4-5 Entering, emerging, and transitioning: 15 students
Group 6: Grade 4-5 Expanding and Commanding: 10

Total number of students: 95

Schedule and duration:
The 2025-2026 Title III after school program will be on Tuesday and Thursday from 2:20 p.m. to 4:00 p.m. The program will being on December 2, 2025 and end on May 7, 2026. There will be 36 sessions.

Number and types of certified teachers:
The Title III program is taught by a total of 3 bilingual, 1 bilingual/ESOL, and 2 ESOL certified teachers.

Supervision:
The assistant principal supervising all of the school's Academic after school program will supervise the Title III program. Her work hours are from 7:30 am - 3:30 pm. Monday through Friday. The additional time for supervising the program is at no cost to the Title III as she is already supervising during the same time the Title III will be taking place.

Subgroups and grade levels of students to be served
Grade levels to be served: Grades K-5

Language of instruction:
The language of instruction will be English. However when needed, native language support will be provided. Online platforms that provide native language support will be available so that students build the habit of utilizing their native language to help them bridge their English learning.

Types of materials:

The materials that will be used are: HMH English 3D (grades K-3 entering, emerging, and transitioning students), HMH Language Language Launch (grades 4-5 entering, emerging, and transitioning students), and HMH English 3D Course A (grades 4-5 expanding and commanding students).

Materials that will be used will be at cost to Title III ELL funds and will not exceed 20% of total allocation. The materials will only be used for the current Title III ELL program and not during the instructional day.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Title III program at P.S. 376 serves to enhance the daily instruction that Multilingual Learners (MLLs) receive during the regular school day. The program will target students based on the 2025 NYSESLAT (grades 1-5) or NYSITELL (students in Kindergarten or those students in grade 1-5 who are in their first year of school) English Language Proficiencies . The program focus on English Language Acquisition and Development that stems from the data analysis of the 2025 NYSESLAT scores and the beginning of the year EDUR reports which indicated which ELLs are not making sufficient progress and the need for support in all four modalities.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Newcomer and Developing ELLs in grades K-5 will participate in this program.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

.
The 2025-2026 Title III after school program will be on Tuesday and Thursday from 2:20 p.m. to 4:00 p.m. The program will being on December 2, 2025 and end on May 7, 2026. There will be 36 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction will be English. However when needed, native language support will be provided. Online platforms that provide native language support will be available so that students build the habit of utilizing their native language to help them bridge their English learning.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The Title III program is taught by a total of 3 bilingual, 1 bilingual/ESOL, and 2 ESOL certified teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The materials that will be used are: HMH English 3D (grades K-3 entering, emerging, and transitioning students), HMH Language Language Launch (grades 4-5 entering, emerging, and transitioning students), and HMH English 3D Course A (grades 4-5 expanding and commanding students).

Materials that will be used will be at cost to Title III ELL funds and will not exceed 20% of total allocation. The materials will only be used for the current Title III ELL program and not during the instructional day.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Students will receive a permission slip to participate in the program. The returned permission slips are placed in a binder and filed by homeroom class. This binder is stored in the main office during the program. Attendance is taken during each session and is kept in the main office. After the duration of the programs, the binder and attendance are stored in the ENL Coordinator's Office. Student progress during the program will be measured using benchmark assessments that are built in. Overall, progress will be measured looking at the sufficient growth of English Proficiency using the EDAT.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

ENL and Dual Language teachers meet in their cohort weekly during a common prep for 50 minutes. During this weekly meeting, ENL and Dual Language supports and strategies are covered. This will fulfill the 50% ELL-specific professional development requirement for ENL/bilingual teachers.
Additionally, licensed common branch teachers with a high population of ELLs engage in weekly inquiry teams with a focus on academic vocabulary development. This meeting takes place on Mondays Professional Development period. During these professional learning periods, teachers analyze student work and share strategies to implement based on the proficiency levels of their students. They also engage in Action Research. Professional development is at no cost Title III.

All teachers with ML/ELL students in their classroom receive professional development that specifically addresses the need of English Language Learners. It is vital that educators recognize the characteristics of the ML/ELL population (culture, learning styles, levels of acquisition, and the process of learning a new language), the Federal and state mandates regarding the ML/ELLs and the resources and strategies available to ML/ELLs meet the benchmarks and improve language acquisition. Professional development on best practices for ML/ELLs will continue to be the heart of the school's planning.These learning sessions include: understanding that all teachers are teachers of ML/ELLs (NYS Blueprint for English Language Learner Success), writing language objectives, scaffolds/differentiated stems to support the different English Language Proficiency levels, importance of supporting language and content, and QTEL activities. A calendar with all professional development workshops will be kept in the main office.

Topics to be covered specifically for Title III program teachers: Using the Spelling Sound Transfer Kit and the program that will be used during the program which is focused around English Language Acquisition.
The teacher providing training: Amanda Hamerman, ENL Coordinator.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The rationale behind the Professional Development plan is to improve teacher practice to provide effective language instruction for MLLs. The topics are determined by the data from: iReady, Core Phonics data, NYSESLAT scores, and NYS ELA.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All classroom teachers with ML/ELLs and those teaching the after school Title III programs will participate in the training.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Professional development during common planning periods:

October 7, 2025 9:00 am.-9:50 a.m. and 12:25 p.m-1:20 p.m. Using the DML Support Scaffolds and Formative Assessment Documents; AcademicLinguistic Demands

October 14, 2025 9:00 a.m.-9:50 a.m. and 12:25 p.m-1:20 p.m. Understanding the Performance Level Descriptors and Targets of Measure in Speaking and Writing

October 21, 2025 9:00 a.m.-9:50 a.m. and 12:25 p.m-1:20 p.m. Triangulating Data to inform Small-Group Instruction

October 28, 2025 9:00 a.m.-9:50 a.m. and 12:25 p.m-1:20 p.m. Understanding the Performance Level Descriptors and Targets of Measure in Reading and Listening

November 18, 2025 9:00-9:50 a.m. and 12:25 p.m-1:20 p.m. Preparing for Annual MLL Parent Meeting

Planning for Title III (ELL) afterschool program:

November 20 and November 25, 2:20-4:00 p.m Using English 3D and Language Launch and Instructional Planning

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

QTEL, Writing Language Objectives, Differentiated scaffolds and stems, triangulating data to inform instruction, using the performance level descriptors,

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Amanda Hamerman, ENL Coordinator
Teresa Vera, D32 MESA
Stephanie Mendoza, ENL service provider

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Add additional details here, including your school's plan for maintaining documentation of professional development provided using Title III ELL funds
Teachers sign an attendance sheet at the beginning of each professional development. The attendance sheets with the agenda for the session are kept in a binder labeled "Professional Development" in the main office.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Rationale:
Parents of MLLs play a vital part in their children's success in school. Therefore, creating a strong partnership will ensure their children's educational growth towards achieving success in school. In doing so we will pay special attention to the anxiety of parents of MLLs experience when they are invited to workshops at our school. It is for this reason we will take special care in designing workshops that will make them feel comfortable and welcomed. It is our goal to empower parents of MLLs to feel confident about themselves and towards helping their children achieve in school. In addition, our school is focused on current research and data that support best practices in promoting the educational welfare of MLLs in our school.

Schedule and Duration:
Parental/guardian meetings/workshops will be held during the school day and evenings in collaboration with the Parent Coordinator so that all parents have the ability to attend depending on their work schedule. ENL and Dual language teachers Create monthly newsletters for their parents to inform them of monthly units of study, to share resources, and highlights from the past month. Additionally, specific workshops to support students' academic progress are planned by the ENL/Dual Language teacher team. All of workshops are conducted in both English and Spanish; if a low-incident language translator is need; the translation unit will be contacted.

no more than 10% of the total allocation can be used for parent engagement component.

Schedule and Duration:

Topics to be covered:
Strategies to support MLLs at home, understanding problem based learning, how to purposefully use technology at home.

Name of provider:
Amanda Hamerman
Stephanie Mendoza

How parents will be notified of these activities:
During the 2025-2026 school year, parents will receive invitations to join these workshops by school email from the parent coordinator, backpacked flyers, notifications on GAMA, parent monthly calendar, and information posted on the school website.

Translation during these workshops will be provided by school based staff.

This component is at no cost to the title III funds.

The agendas, presentation, handouts, and sign-in sheets will be maintained in the 2025-2026 ENL Binder as well as in the digital ENL folder on the PS 376 google drive.

Include any additional details here:
n/a

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parents of MLLs play a vital part in their children's success in school. Therefore, creating a strong partnership will ensure their children's educational growth towards achieving success in school. In doing so we will pay special attention to the anxiety of parents of MLLs experience when they are invited to workshops at our school. It is for this reason we will take special care in designing workshops that will make them feel comfortable and welcomed. It is our goal to empower parents of MLLs to feel confident about themselves and towards helping their children achieve in school. In addition, our school is focused on current research and data that support best practices in promoting the educational welfare of MLLs in our school. Topics to be covered are based on the PS 376 parent survey.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Date:	Time	Title
Facilitator		

October 7, 205 9:00 a.m. Understanding the Technology Platforms
Valdez, Mendoza

December 9, 2025 2: 30 p.m. Preparing for MLL Annual Parent Meeting: What to ask and expect
Hamerman, Mendoza

December 17, 2025 9:00 a.m. and 5:00 p.m. Practicing Conversational Speaking at Home
Mendoza

January 29, 2026 5:00 p.m. Preparing for NYSESLAT
Haig, Hamerman, Mendoza

February 2026 5:30 p.m. Multicultural Fair: Celebrating Out Diversity
Haig, Vallee, Andon

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Strategies to support MLLs at home, talking with the teacher, how to purposefully use technology at home, understanding NYSESLAT; Visual Arts

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Amanda Hamerman, ENL Coordinator
Stephanie Mendoza, ENL Service Provider
Lisbeth Vallee, Guidance Counselor
Yesenia Valdez, Parent Coordinator

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**

- **How interpretation supports will be provided at events.**

Parents will receive invitations to join these workshops by school email from the parent coordinator, backpacked flyers, notifications on GAMA, parent monthly calendar, and information posted on the school website.

Translation during these workshops will be provided by school based staff.

This component is at no cost to the title III funds.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The agendas, presentation, handouts, and sign-in sheets will be maintained in the 2024-20245 ENL Binder as well as in the digital ENL folder on the DOE google drive.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):
