Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P186X, The Walter Damrosch Day Treatment School

District Borough Number (DBN):

75X186

Grades Served:

K-8

School Address:

750 Jennings Street Bronx, NY 10459

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Sarah Templeman	Principal or Designee*	
Jo Macellaro	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Jeanette Vega Brown	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Gehan Elhassan	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Erik Dorf	Elected CSA, Assistant Principal	
Daniel Leopold	Elected UFT, Teacher	
Gemma Woods	Secretary	
Nakisha Forrest	Treasurer	
Marangelis Diaz	Elected Parent	
Francia Quintana	Elected Parent	
Yankiry Rosa	Elected Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Joseph Calcagno	Assistant Principal, CSA	
Kathryn Papaccioli	Instructional Coach, UFT	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of P186X is for all students to become productive members of society through their educational experiences. Our vision is to improve students' problem-solving skills skills and view themselves as readers as a result of participation in culturally responsive and authentic reading tasks. P186X is committed to ensuring that through culturally responsive practices all members of our school community have a sense of belonging and empowerment. Our focus is on strengthening core instruction to ensure that all students are readers and are provided with equal and fair access to learning. We recognize that when our highest learning opportunities are equitably accessible, our highest human potential is limitless.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P186X is a District 75/Citywide Special Education school located in Morrisania in the Bronx with 754 students from grade K through grade 8. P186X celebrates ethnic and racial diversity with a school population comprised of 1.2% American Indian or Alaskan Native, 4.6% Asian, 31.8% Black, 58.5% Hispanic or Latinx, <1% Native Hawaiian/Pacific Islander, 1.4% multiracial, and 2.4% White. We currently have 267 ELL students which makes up 34% of our school population (October, 2025).

As of October, 2025, boys account for 72% of the students enrolled and girls account for 28%. As of October, 2025 the total student population can be categorized as having the following disabilities: Autism: 47.8% Emotional Disability: 16.3% Learning Disability: 1.5% Multiple Disabilities: 19.4%, Intellectual Disabilities: 6.3%, Other Health Impairment: 4.7%, Orthopedic Impairment: .3%, Speech or Language Impairment: 3.4%, Traumatic Brain Injury: .1%, Vision Impairment: .1%

P186X has 116 Students in Temporarily Housing who are supported by the Student in Temporary Housing (STH) Coordinator (Ms. Gehan), counselors, teachers, related service providers (RSPs), the P186X attendance team, paraprofessionals, and community based organizations (CBOs).

Our students need support in the following areas: communication, problem solving, self regulation, mobility, reading, and writing. These needs impede their ability to independently access the common core curriculum in comparison to the general education peers. P186X schedules a Strategic Reading block for literacy instruction. It is scheduled in the Alternate and Standardized Assessment classes school-wide. The block allows for an additional reading period where students are grouped homogeneously based on their reading assessment data from various quantitative and

qualitative data sources such as SANDI, WebABLLS, Fountas & Pinnell, and classroom assessments.

P186X partners with the following organizations:
NYC Parks Department, Broadway Junior, CUNY College Explorers, Part of the Solution, Morgan Library Museum, Cauldwell Enrichment Program, NYC Literacy Collaborative, 42nd Precinct (NYPD), NYPD Ambassador, Trees New York, Toys for Tots, Schubert Foundation, CHAMPS, Special Olympics, Get Ready to Learn, Creating Arts Team CUNY, District 75 Superintendent's office, IncludeNYC, Fletcher's Place, NYC Well, Help on the Way, Inc., CityParks Puppet Mobile, MBD Housing, CareDesign, NY Sun Works - Hydroponic Classroom, Children's Aide, Arthur Miller Foundation, The New Victory Theater, New York City Teaching Fellows (NYCTF), Urban Advantage, Title III, Take Two Film Academy, Better Angels of Human Nature, SEED, Urban Advantage, Department of Emergency Management, NYC Civic Engagement Commission People's Money and Billion Oyster Project, Harlem Grown, Farm to Table, and The Sylvia Center.

Briefly summarize the key initiatives your school will implement this school year.

Continued implementation of Essential for Living (EFL) program for 12:1:4 students.
Continuation of Verbal Behavior (VB) program for 6:1:1 students with increased involvement from the District 75 Office of Autism
Strategic Reading blocks
Continued/extended vocation education programs to attract student interest and expose students to the world of work during the 2025-2026 school year.
Focused parent trainings/meetings to strengthen 186X community partnership with families. Themed events planned periodically during the school year.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K - 8	TeachTown enCORE	AA
ELA	K - 8	Fundations	AA
ELA	K - 5	TeachTown Basics	AA
ELA	K - 5	Assessment of Basic Language and Learning Skills Revised (ABLLS-R)	AA (6:1:1)
ELA	K - 8	Essential for Living	AA (12:1:4)
ELA	K - 2	Fundations	SA
ELA	3 - 5	Phonics for Reading	SA
ELA	3 - 8	STARI	SA

ELA	6 - 8	Rewards	SA
ELA	K - 5	HMH: Into Reading	SA
ELA	6 - 8	Word Generation	SA
Math	K - 8	TeachTown enCORE	AA
Math	K - 8	Envision	SA

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As per end of year data (EOY) data, collected in June 2025, 80.1% of SA students achieved an increase in reading scores and 19.9% of students did not show an increase in reading scores as per Fountas and Pinnell data (June, 2025).	As students continue increasing reading levels, academic content becomes more rigorous and academically appropriate. We attribute the overal increase being lower during the 2025-2025 school year compared to the 2024-2025 school year based on the students' currently assigned reading levels.	Standardized Assessment (SA) students will observe progress in their reading levels between September 2025 and June 2026.
As per end of year (EOY) data (June, 2025), students served in alternate assessment settings observed a 17.4%	Implementation of Fundations and ongoing teacher training has added an additional layer of support for our	AA students will demonstrate an increase in Foundational Reading Skills

increase in average performance on SANDI reading tasks. However, students have not demonstrated mastery in foundational reading skills, as per average scores on the following SANDI subtest skills. RE: 50 (Labels letters) - average score = 70%; Re: 53 and Re: 54 (Label letter sounds) - Re: 53 = 70% average score, Re 54 = 67% average score; RE: 60 (Decodes C-V-C words) - 57% = average score; Re: 65 (Reads high frequency words) - 47% = average score.	students learning foundational skills to become readers. HMH implementation for 12:1:1 AA classrooms has also elevated ELA instruction and student outcomes respective to students receiving HMH instruction in their classrooms. Training new and continuing teachers in strategies to identify and utilize students' preferred mode of communication is needed to support elevated student participation/access.	as measured by the SANDI Reading Standards Report in Reading Foundations by June 2026
As per EOY 2025, data, K-5 students using ABLLS-R, majority of students have not demonstrated mastery in Section Q tasks (Foundational Reading Skills). Q1 = 27%, Q2 = 24%, Q3 = 23%, Q4 = 21%.	Students are acquiring functional communication systems. Students who are not utilizing a consistent communication system are not able to consistently practice their preferred mode of communication (PMC) during instruction and in natural environmental settings (e.g. breakfst, lunch, recess, etc.).	AA students will have a functional communication system with ample opportunities to practice their PMC in all settings. Collaboration with speech teachers will support the identification of students' PMC/communication system. This year, the speech team will launch an AAC initiative pilot to provide additional accountability surrounding the use of AAC devices in spaces other than the classroom.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	17.4% increase in average performance on SANDI reading tasks (EOY Data - June, 2025)	By June 2026, 186X will observe a 5% increase in students phonemic awareness and decoding skills for students in grades 3 - 8 as measured by SANDI Reading Foundations Level 2 items RE:65 and RE:74.
Students with Disabilities (SWD)	80.1% of students displayed an increase in F&P reading level (EOY, June 2026).	By June 2026, 186X will observe a 5% increase in students' Fountas & Pinnell reading levels for students served in standardized assessment settings.
Students with Disabilities (SWD)	N/A	By June 2026, 186X will observe an increase in students' foundational literacy skills for students in grades K-2 as measured by student performance on ABLLS section Q items: Q1, Q2, Q3, and Q4 (i.e. identifying letters, labelling letters, identifying letters with corresponding sound, and labeling letter sounds).

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

SANDI

Enter a Key Performance Indicator

Data trend for student performance on SANDI.

Baseline:

To be determined (BOY data 2025).

Enter the date for the baseline data:

September, 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

BOY Data collected and analyzed by October, 2025. This will establish our baseline. Our target is a 5% increase above BOY data.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

MOY data collected and analyzed by February, 2026. Target level = 2.5% increase from baseline. Target = 5 increase from BOY%.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

EOY Data collected and analyzed by June 2026. Target level = 5% increase above baseline. Target = 5% above BOY data by EOY data.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

BOY collected and analyzed by October, 2025. This will establish our baseline. Our target is 80%.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

MOY data collected and analyzed by February, 2026. We anticipate observing a 2.5% increase from baseline (target = 80%, end of year 2026).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

EOY Data collected and analyzed by June 2026. We anticipate meeting our goal of a 5% increase from baseline (target = 80%, end of year 2026).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

186X will utilize core curriculum (HMH/TeachTown EnCORE), screeners, interventions, running records, and assessment(s) to offer cohesive literacy instruction and evidence based support to ensure positive student performance during the 2025 - 2026 school year. This will be conducted for students served in AA and SA settings. 186X will utilize the Fountas and Pinnell benchmark to level students. Additionally, progress on Fundation and HMH performance tasks will support groupings and planning for students. Students served in alternate assessment settings will be assessed via WEB-ABBLLS and SANDI. Students in 12:1:1 settings will have opportunities to engage with HMH curriculum.

Root Cause Addressed:

SA students observed an 80.1% increase in reading scores compared to an 89% increase the year prior. This is attributed to students' reading scores steadily increasing and their access to higher reading levels though we will seek to increase reading scores further by focusing on newly defined assessment tools. Students working with SANDI observed a positive trend in average performance scores across all reading tasks. However, a deep dive into student performance indicated focused intervention for students who did not progress is a priority need. Majority of tudents utilizing WEB-ABBLLS also displayed need in foundational reading skills as per scoring results on Section Q tasks.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

BOY assessments administered (AA - SANDI/WEB-ABBLSS, SA - HMH, Fundations, F&P.) September, 2025. Teachers are responsible for administering the assessments. Adminstration will confer with data team to establish baseline data and identify trends. Administration and instructional leaders will engage in data reviews during team meetings throughout the school year.
Teachers calibrate instruction and assess student learning via common planning (ongoing between September 2025 - June 2026). Administration will utilize data trends to support teachers (ongoing between September 2025 - June 2026). Data trends are tracked via school based data collection tool (google sheet).
Assistant Principals lead common planning (8:00 AM - 8:45 AM) and faciitate professional learning opportunities (extended Monday, 3:00 PM - 4:00 PM) between September 2025 - June 2026. Instructional leaders facilitate ongoing professional learning and conduct focused instructional walkthroughs to collect data on key instructional items.
MOY assessments administered (January 2026) and analyzed (by February 2026). Instructional leaders review trends, including administration. data analyst, and coaches. This is then discussed with individual cohorts of teachers.
Instructional Coaches (AA and SA) will support teachers and model instruction (ongoing between September 2025 - June 2026). Administration will meet with instructional coaches to discuss observations of instruction and collect feedback.
EOY Assessments Administered (May 2026) and analyzed (June 2026).

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Periodic assessments, digital data collection platform (Google Drive), data analyst.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Between September, 2025 and June 2026, the School Leadership team will meet monthly. Parent partners will have opportunities to provide us with pertinent information relating to their needs in supporting their child's academic and social-emotional growth.	Parent Association/SLT
09/04/2025	06/26/2026	Student progress/needs are addressed at IEP Meetings. The P186X school website offers parent resources to support families as they work with their children to meet their literacy goals. Parent Square will be used to foster communication and extend additional resources to support families with the school to home connection.	186X administration, coaches, teachers, parent coordinator, paraprofessionals,
09/04/2025	06/26/2026	The parent coordinator, Ms. Arias, will facilitate parent-focused trainings monthly between September 2025 and June 2026 based on the needs/interests of our students' families. Ms. Arias will also share academic resources aligned with 186X's curriculums to strengthen the school to home connection. Teachers will be readily available to assist families with the dissemination and utilization of these resources. Ms. Arias will also make monthly site visits to support families in accessing communication tools and instructional resources.	Teachers, Parent Coordinator

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Coaches, Data Analyst, Specialty teacher assignments for literacy, academic deans.

Instructional Resources

HMH, Fountas and Pinnell, Fundations, STARI, Phonics for Reading, SPIRE, TeachTown EnCORE

Schedule Adjustments

No adjustments will be made; ELA will continue as previously scheduled (two periods daily).

Other Resources Needed

Continued professional learning for continuing teachers and extended professional learning for new teachers. Collaboration with D75 and Teaching Lab Coaches.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
186X observed an 8.13% decrease in OORS incidents as per EOY data (June 2025 = 260 total incidents) compared to EOY data (June 2024 = 283).	186X serves students with diverse needs, including emotional disabilities. The lack of training and resources for staff sometimes exacerbates situations.	In order to continue to observe a decrease in OORS incidents, 186X will maintain a safe, healthy, and inclusive school setting for all students and staff. This need will be met for students by implementing social-emotional instruction and PBIS focused incentives.
186X observed a total of 101 bus related incidents during the 2024-2025 school	Bus related incidents stem from bus staff not having appropriate training to deescalate situations. Though training was provided to bus staff, attendance and	Increased training for bus staff as bus related incidents are an area of growth.

year, accounting for 42% of all OORS incidents.	resistance to following suggested methods has caused bus incidents to remain as a top priority to improve.	

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	260	By June 2026, the total number of OORS incidents (Categories 1–5) will be reduced by 5% from the 2024–2025 baseline, as documented in the Online Occurrence Reporting System, through consistent use of 186X's PBIS framework, targeted restorative practices, and staff training to promote positive student behavior.
Students with Disabilities (SWD)	75 total incidents (level 4 and 5)	By June 2026, the number of Level 4 and Level 5 OORS incidents will decrease by 10% from the 2024–2025 baseline, as recorded in the Online Occurrence Reporting System, through targeted restorative interventions, consistent application of schoolwide behavior supports, and staff professional development in proactive behavior management strategies.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

OORS Data

Enter a Key Performance Indicator

5% decrease in overall infractions.

Baseline:

260 total incidents, 75 Level 4 and Level 5 incidents

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Confirm baseline data by October 31, 2025. This will be used for reference at the end of the school year, 2026.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

186X anticipates a 1%-3% decrease of incidents at the middle of school year as compared to MOY, 2025.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

186X anticipates a 4%-5% decrease of incidents at the end of school year as compared to EOY, 2025.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Prevention efforts will include consistent implementation of PBIS (S.A.I.L Miles), monthly review of OORS data at safety meetings, staff training on behavior expectations, visible reminders throughout the school, access to positive reinforcement (Reward stores, Bodega Bay, field trips), and engaging, culturally responsive lessons that reduce triggers for negative behavior. Students and staff will be surveyed about interests to pinpoint specific motivators for students. Targeted interventions will focus on restorative practices such as restorative circles and mediation, small group social-emotional learning sessions for students at risk, and counselor led sessions - pairing students with supportive staff members. Staff development will be strengthened through training in de-escalation and trauma-informed practices, as well as ongoing data-informed coaching sessions to identify trends and adjust strategies. Family and community involvement will be encouraged through parent workshops on supporting positive behavior at home and partnerships with local organizations to provide counseling, after-school programs, and mentoring opportunities.

Root Cause Addressed:

Emphasizing motivators of students has benefitted student behaviors. Students are motivated by Bodega Bucks during the school day. This can be extended to all sites as needed for specific buses where appropriate. Deep dive of OORS data helps 186X identify times of day and areas for improvement relating to managing student behaviors and maintaining safety.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
All stakeholders, including, administrative cabinet, counselors, instructional crisis coaches, deans, and school safety

agents meet to analyze OORS data from 2024-2025 school year during first safety meetings of school year (September, 2025). Safety meetings are site specific and conducted with varying administrative/BRT teams. At the monthly safety meeting, the administration is responsible for updating the team with current data trends. The team members are then responsible for identifying any additional priority needs and creating solutions to issues uncovered through a review of incident data.
Instructional coaches plan SEL pacing guides around culturally responsive content (September, 2025). Administrative team/instructional leaders ensures teachers utilize SEL curricular materials. Students have access to counseling services via IEP mandates and small group opportunities in classroom activities which are sometimes led by counseling staff.
Community based opportunities to extend learning and volunteer options for students will occur during the 2025-2026 school year, beginning in the Fall, 2025 when students begin taking field trips into their communities through the PBIS incentive system. Teachers, paraprofessionals, coaches, and administrators monitor student behaviors progress and discuss trends within common planning/professional learning communities, with families, and with the data specialist as MIS recommendations are considered.
Maintenance of PBIS spaces (Reward stores, Bodega Bay, etc.) throughout the 186X organization. The administrative team ensures staff utilize the PBIS system, maintain reward stores/Bodega Bay, and has tokens (i.e. Bodega Bucks) and current data sheets (PBIS tracking via Google sheets) available for distribution and use.
Ongoing collaboration with School Safety Agents (SSA) via morning muster and safety meetings facilitated by school administration, school safety supervisors and agents throughout the school year.
Tracking of students BIP data will support MIS recommendations through improved observed behaviors of students. This is facilitated by homeroom teachers, paraprofessionals, counselors, the data specialist, and school administrators.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

186X utilizes a data focused program to track student behavior. Students earn PBIS Miles, in alignment with our S.A.I.L. focus, to monitor their progress towards individualized behavior goals. 186X desires to create a safe and supportive learning environment where students feel accepted. Students are charged with becoming independent leaders through their educational experience. Student placement in more inclusive settings (MIS) is dependent on student behavior data. PBIS data tracking is a key metric used to identify a students' readiness for entering a more inclusive setting.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Families are invited to the parent coordinators' monthly workshops and have access to their child's counselor. The administration confirms parent visits with the parent coordinator and extends open lines of communication to ensure parents can communicate with counselors and classroom staff as it relates to student achievement.	School counselors, administrators, teachers, school safety agents.
09/04/2025	06/26/2026	186X will facilitate Town Hall events in the during the 2025 - 2026 school year at each site to welcome parents and discuss safety concerns and provide updates about the physical spaces their children are learning in. Off-sites partner with their colocated colleagues to welcome families of all school communities sharing space on campus. Families are partners in the educaitona process and their input is crucial in maintaining safe and welcoming spaces for students.	Administration, Parent coordinator, 186X families.
10/03/2025	06/26/2026	186X works with the local police precinct (42nd) to maintain open lines of communication and engage the community in events to foster strong relationships. 186X coordinates with NYPD partners to facilitate neighborhood events that welcomes the community and offers educational and informational resources for those who participate. The 42nd precinct also engages local schools in weekly meetings which 186X attends.	NYPD and 186X administration

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Counselors, SEL Specialty Teachers, instructional crisis coaches, deans

Instructional Resources

SEL Curricula (TeachTown enCORE Social Skills, Meta-Play).

Schedule Adjustments

Dedicated SEL period for all students (via TeachTown/EnCORE curriculum)

Other Resources Needed

Bodega Bay (PBIS System), PBIS reward stores, PBIS Trips/Events

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As per the 186X more inclusive setting tracker, 186X observed 63 out of 765 students move towards a more inclusive setting (MIS) during the 2024-2025 school year. This represented 8% of the student population.	186X utilizes team based meetings to identify students who are candidates for MIS. Students move into SETSS programs and/or community school settings as a result of their ongoing progress and close monitoring by their supporting teams. The use of data tracking tools which are monitored by the data specialist supports data based decision making regarding MIS placements.	Increase movement of students to more inclusive settings (MIS).

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	63 students entered MIS last school year (2024-2025).	By June 2026, 186X will achieve a 5% increase in students with disabilities (SWD) entering more inclusive settings, as measured by end-of-year (EOY) MIS data. This goal reflects an increase from 63 students in the 2024–2025 school year to 67 students in 2025–2026, defined as students transitioning into settings with fewer supports, such as SETSS or a community school.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

186X will set dedicated MIS meetings, held bi-monthly, to review MIS candidates and confirm updates to student's programs. This will include the pupil accounting secretary, administrative team, teachers/SETSS teachers, instructional crisis coaches, instructional coaches, deans, counselors, and when possible, members of the school based support team (SBST). This will comprise the MIS Team. 186X staff will also engage in ongoing and frequent communication with the families of our students as we consider MIS placements.

Root Cause Addressed:

Confirming student placements through organized and well planned IEP meetings is paramount. Ongoing communication with teachers, parents, and SBSTs is essential. Dedicated MIS meetings need to occur; a schedule will be created for the start of school year 2025-2026.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify MIS candidates and confirm dates for MIS meetings, Fall 2025. This is the responsibility of the administration in partnership with the data specialist, instructional coaches, and SETSS teachers.
Continue to track MIS movement by between BOY and MOY. This is facilitated by the data specialist who shares this information with the administration. Teachers are responsible for updating the 186X data tracking system with consistent and accurate data relating to students academic progress and behavior progress (Fall 2025 - Winter 2026).

MIS Team will update and reflect on the "look fors" criteria when considering students for MIS (Fall, 2025). The following are considered in addition to a student's academic achievement/completion of IEP goals: behavior data (PBIS/OORS), attendance, parent voice, student voice. This is the responsibility of the 186X administration team and instructional coaches.
BOY Data collected and analyzed (MIS candidates, November 2025).
MIS committee will continue meeting during school year. Parent outreach will continue through marking periods 2 and 3 and MIS is considered for identified students and newly identified candidates. This is facilitated by homeroom teachers.
BOY Data collected and analyzed (MIS candidates, February 2026). Analyzed by data specialist and administration which is then shared with instructional coaches and SETSS teachers. The homeroom teachers of potential MIS candidates are also included in the conversation.
MIS meetings will begin to be scheduled for anticipated MIS movement during the 2026 - 2027 school year by the Spring, 2026. This is the responsibility of the administration, homeroom teachers, SBST, and SETSS teachers.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Ongoing outreach regarding MIS movement before meetings are scheduled with SBST. Parent workshops/trainings, parent coordinator, school website (parent resources).	186X administrative cabinet, data specialist, MIS team.
09/04/2025	06/26/2026	186X has strong relationships with our colocated partners offering SETSS programming for students, specifically at X146, X140, East Bronx Academy, X88, and Bronx Studio. 186X administration and the parent coordinator confirms dates for family tours at sits where students are being considered for MIS placement during the 2026 - 2027 school year.	186X administration, administration at colocated schools, parent coordinator, data specialist, MIS team.
09/04/2025	06/26/2026	Teachers leverage relationships with neighboring high schools to facilitate field trips for 8th grade students to observe high school settings in consideration of their upcoming transition to high school in the 2026 - 2027 school year.	Homeroom teachers, instructional crisis coaches, deans, community schools.

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Data specialist, teachers/SETSS teachers, attendance teachers, school psychologists/SBST, instructional coaches, instructional crisis coaches

Instructional Resources

Assessment data, IEP progress monitoring, attendance data, PBIS

Schedule Adjustments

Bi-monthly team meetings.

Other Resources Needed

Visits to community schools/SETSS programs, parent workshops regarding MIS/SETSS placements.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Our data suggested that students expressed consistent interest in the world of work and seeking post-secondary education/training per student surveys conducted periodically during the 2024-2025 school year.	Student surveys and access to vocational/post-secondary/MIS focused trips/events.	186X's goal is to prepare our students for the world as independent and literate individuals. We offer students an opportunity to identify potential career pathways, or areas of interest in general, through extended learning opportunities for upper elementary and middle school students.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	To be determined (BOY 2025)	By June 2026, the percentage of Students with Disabilities (SWD) expressing interest in career pathways or areas of study as they prepare to enter middle or high school will increase by 7% from the beginning-of-year (BOY 2025) baseline, as measured by Student Perception Surveys.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Student perception survey (conducted three times, BOY, MOY, EOY).

Enter a Key Performance Indicator

Students expressing interest in trainings and/or post-secondary opportunities steadily increasing over the school year as a result of access to in-school and community based experiences.

Baseline:

83% of middle school students being served in standardized settings expressed interest in post-secondary opportunities at the end of the 2024 - 2025 school year.

Enter the date for the baseline data:

To be determined (November, 2025)

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Collect baseline data (November 2025), our target for the 2025 - 2026 school year is observing 90% of students expressing interest in post-secondary experiences.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

MOY Compared to BOY (February, 2026), we anticipate an increase in student interest between BOY and MOY surveys with our target being 90% for the 2025 - 2026 school year.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

EOY (June 2026) Compared to BOY (September, 2025), our target is 90% of students expressing interest in post-secondary opportunities as a result of their community-based and vocational focused experiences during the 2025 - 2026 school year at 186X.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Offer college and career readiness events for middle school students, offer students a chance to complete perception surveys (extended to upper elementary students in grade 5). Engage families in college and career events and trainings in school and in the community if possible. Provide information about tuition, acceptance rates, and scholarships. Provide opportunities for middle school students to experience the world of work.

Root Cause Addressed:

186X has reference data from the 2024-2025 school year that suggests students are interested in entering the world of work. We will leverage this interest by refocusing our approach to include more students and extend opportunities for students to experience the world of work. This will be accomplished through community trips and school based vocational experiences. Partnerships with Harlem Grown and Farm to Table, for example, offer students with a chance to engage in culinary arts. We believe our students need experience in career specific tasks to help them associate their educational experiences with their lives as independent adults in the future.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Adminsitrative team, deans, instructional crisis coaches, instructional coaches, classroom teachers, and specialty teachers collaborate to identify high priority needs relating to college and career readiness. For example, teachers are responsible for informing students about tuition, scholarships, acceptance rates, admittance rates, career pathways, hands-on trainings, etc. The administration is responsible for conduct BOY assessment via google form survey (Fall, 2025).

Homeroom teachers will partner with instructional coaches and instructional crisis coaches to coordinate in-school vocational focused events (Fall, 2025 - Spring 2026). The administration is responsible for ensuring the students have access to the events (i.e. bussing if needed) and appropriate permission slips completed to attend outside partners' spaces.
The parent coordinator is responsible for confirming community focused events to engage students in different learning settings (community high schools or more inclusive learning settings) during the 2025 - 2026 school year.
Conduct MOY assessment via survey and analyze with data specialist (Winter, 2026).
The instructional leadership team is responsible for facilitating vocational and community focused events during the school year, totaling at least 3 at minimum (Fall 2025 - Spring 2026).
Conduct EOY (Spring, 2026) assessment via google form survey and compare EOY with BOY. Data specialist will analyze the results with the administration and instructional leaders.
186X has created a new and fully functioning vocational space for students to use throughout the organization. Located at our main site, students of all ages are able to participate in various vocational focused tasks at strategically planned work stations to practice various vocational skills such as meal preparation, organization, cleaning/housekeeping, and restaurant focused skills like hosting, serving, and setting tables (opening Winter 2026)!

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Student survey, via Google Form, data analysis of survey results (google sheet), parent feedback, surveys for parents, student feedback, staff feedback, Review of student progress on standardized exams/classroom assessments compared to survey results, collaboration with data specialist.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	In-house and community based events to support students in accessing vocational focused activities and trainings facilitated by homeroom teachers during the school year.	High schools, community schools, SETSS programs, local businesses, farm-to-school, billion oyster project.
09/04/2025	09/30/2025	The parent coordinator, Ms. Arias, facilitates various events to bring our families together to meet 186X staff which strengthens our relationships. To kick off the school year, events included the Back-To-School Bash held on September 6, 2025, Back-To-School BBQ held on September 19, 2025. These events included access to external services to support our students and provide them with what they need to succeed.	Parent coordinator and administration
10/19/2025	10/19/2025	Disability Pride Parade! This event will showcase our school spirt and once again bring 186X staff and families together as we walk the streets of Manhattan in celebration of Disability Pride!	Administration, parent coordinator, instructional crisis coaches, instructional coaches, District 75 office.
10/01/2025	06/26/2026	School-based workshops with external partners to offer families with information about services and post-secondary options for students.	Parent Coordinator, OPWDD

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers, coaches, CBOs

Instructional Resources

College Access for All Curriculum, Financial Literacy, content specialties (Science, math, etc.).

Schedule Adjustments

Confirmed events will allow for students to participate. Students will also be programmed for vocational focused trainings through their regular programs.

Other Resources Needed

Strong community partnerships.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Family engagement data (2024-2025) was collected by the school's parent coordinator, know as parent coordinator activity reports (PCAR). The data was collected by totaling	Ongoing transportation hardships impact our students'	Strong and lasting relationships with our families is a foundational need to strengthen the 186X school community. To accomplish this, 186X is exploring ways to provide

family interactions throughout the 2024 - 2025 school year including families participating in parent teacher conferences, culminating events like holiday and multi-cultural shows, parent training workshops, and celebrations. The data showed an increase in family engagement during the 2024 - 2025 school year compared to the 2023 - 2024 school year.	families from actively participating in school based events. Families also work and have difficulty engaging with events as it overlaps with their work schedule.	transportation assistance to families to participate in events. Organizing in convenient locations and offering bus service when possible are some of the ways we can increase family engagement, especially when. Furthermore, identifying alternative times and days to facilitate family focused events is something to explore as well.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of Students with Disabilities (SWD)	1200	By June 2026, family engagement will increase by 10% from 1,200 participants in EOY 2025 to a total of 1,320 by EOY 2026, as measured by Parent Coordinator Activity Reports (PCAR) which tracks family engagement data.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

SESIS time for teachers to make family outeacher, identify needs of families to plan targeted trainings/workshops, host family focused events, create a themed event calendar for all organization.

Root Cause Addressed:

Low attendance at events limits family engagement. Identifying community locations that are closer to our families will improve family engagement. Transportation is an ongoing concern for our families which hinders participation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ongoing communication between administrative team and 186X Parent Coordinator. PC, administrative team, and all stakeholders confirm event calendar for organization in September 2025 for distribution to families. Events should begin promptly.
PC collects engagement data for BOY baseline (October, 2025). Review NYCSA account creation data. Offer training to sign up families.
Family workshops, culminating events (holiday shows, multicultural shows), and ongoing review of family engagement (MOY data).
Review family feedback and plan additional workshops/trainings for families.

EOY Data (June 2026) for comparison against 2024-2025 totals.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Ms. Arias, 186X parent coordinator, will track family engagement during school events, community events, parent teacher conferences, and parent focused trainings. The information will be tracked and shared via google drive.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	09/12/2025	Review school surveys to identify needs, plan themed events.	Parent Coordinator and administration.
09/15/2025	09/30/2025	Schedule family events by the end of September 2025. Begin identifying community based partners. Offer school survey to identify how to better support transportation needs of families (i.e. best time to schedule events, location of events, buses when possible, etc.).	Parent coordinator and administration.
10/01/2025	10/31/2025	Facilitate open house(s), schedule events with community based organizations/community based partners.	Parent coordinator, teachers, coaches and administration.
11/01/2025	06/26/2026	Ongoing family engagement events/workshops scheduled throughout the school year. Family engagement events are facilitated by the parent coordinator, teachers, related service providers, and when possible, community based partners. The parent coordinator utilizes digital messaging to communicate important information with families, like parent teacher conferences and upcoming shows/activities in the school.	Parent coordinator, teachers, coaches and administration, CBOs.
11/03/2025	06/26/2026	186X is launching ParentSquare to support communication between families and 186X staff. The use of ParentSquare is slated to streamline communication so that we can add another layer of accountability relating to outreach and correspondence made between our families.	Parent coordinator, teachers, coaches and administration,

Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, parent coordinator, coaches, deans, related service providers, teachers, paraprofessionals

Instructional Resources

Remind App for outreach

Schedule Adjustments

Family outreach will be conducted in accordance with contractual obligations.

Other Resources Needed

Community partnerships (ongoing).

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
186X observed an 82% attendance rate during the 2024-2025 school year, as per Insight attendance data (2024-2025) which is a 2% increase from the 2023-2024 school year.	Chronic absenteeism occurs for various reasons that hinder students' attendance at school. Students who are not in school regularly are at risk of regression and not meeting their goals.	Students need to be in school regularly and avoid being considered chronically absent (present less than 90% of the time). Attendance team meets weekly to review 407 reports and identify outreach made and when home visits are required.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	82	By June, 2026, the Chronic Absenteeism Percentage Rate for Students with Disabilities (SWD) will decrease by 3%, from 82% to 85%, as measured by Insight attendance data.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Weekly attendance meetings which are led by administration and includes the attendance teacher, pupil accounting secretary, instructional crisis coaches, deans, teachers, and the data specialist. Utilization of SESIS outreach time by teachers. Utilization of attendance teacher.

Root Cause Addressed:

In order to mitigate chronic absenteeism, all stakeholders are included in managing and monitoring student attendance. Increasing student attendance is a team effort that is facilitated with a school wide system for accountability.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Attendance team meets immediately in September, 2025 to review EOY data and identify current attendance issues.
Attendance team identifies incentives to increase attendance
Ongoing communication with the Office of Pupil Transportation (OPT) home instruction and hospital schools liaisons. 186X works with OPT specifically to identify transportation needs that are hindering student attendance.
186X staff are trained in attendance protocols and follow established protocols throughout the school year. Guidance counselors assist teachers with outreach as needed. Attendance teachers also assists.

The attendance team updates a rolling data sheet weekly to track student attendance issues, identify the need for outreach/home visits, and to provide real-time updates to confirm action is taken or where more attention is needed. The team reviews the tracker at weekly meetings though it is a live document for ongoing and daily communication. The pupil accounting secretary has access to this document.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Attendance team meets in September 2025 to review previous data and begin tracking needs of at risk students. Attendance team creates incentives to increase attendance. Attendance team ensures communication between OPT and individual bus routes is happening and ongoing.
All staff trained in attendance protocols. Staff are trained on how to proceed if they are unsuccessful in their attempts to making parent outreach.
Weekly attendance tracker completed by attendance team meeting (weekly)
Attendance teacher shares 407 report weekly. Pupil accounting secretary informed of chronic absenteeism, students moving schools, or moving in general.
Attendance team meets weekly to review 407s, confirm outreach made, update tracker with action taken, and confirm when home visits are needed. Attendance team works with outside agencies as needed to address chronic absenteeism.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Attendance team meets weekly to review 407 report and identify actionable steps for contacting and supporting families.	Attendance team (composed of administration, attendance teacher, deans, instructional crisis coaches, counselors, pupil accounting secretary, parent coordinator, and students in temporary housing liaison).
09/04/2025	06/26/2026	The attendance teacher, Mr. Cordero, engages in home visits as needed during the school year to ensure students that are not attending school regularly are safe and to support families in getting students back to school.	Attendance teacher.
09/02/2025	06/26/2026	The bussing liaison and pupil accounting secretary work with teachers and families to ensure all bussing issues or bussing updates (i.e. bussing accommodations added or removed to an IEP or route changes), are addressed promptly to promote smooth transitions for students to and from school.	Pupil accounting secretary, bussing liaison, teachers, administration.
09/04/2025	06/26/2026	Teachers incentive attendance trends by utilizing school-based events, like celebrations and field trips, to spark student interest.	Teachers

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, Attendance teacher, STH Coordinator, school counselor, pupil accounting secretary, teachers, paraprofessionls

Instructional Resources

N/A

Schedule Adjustments

Weekly attendance meeting for attendance team.

Other Resources Needed

Partnerships with families, OPT, home instruction, and hospital schools.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Per EOY report (June 2025), 186X observed 97% annual review compliance. 67% of three-year	Though 97% of annual reviews were completed, there is room for growth with students being reevaluated via parent	IEP Development and Fidelity of Implementation

mandated reviews and reevaluations, however, were completed within compliance.	request or through three-year mandate review processes.	
		Transition Planning and Compliance
		Referral Process and Equity
186X observed a decrease in OORs incidents. Suspensions were minimal, with only 10 suspensions for the 2024-2025 school year. This showed a decrease from 26 during the 2023 - 2024 school year.	PBIS/SEL focus supports students. Improvement of behavior on bus is ongoing.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	97%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD),186X will improve timeliness of IEP completion of annual reviews by increasing annual review compliance completion 3% from 97% to 100%, as measured by SESIS Report: Summary of IEPs Not Completed.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Although 186X observed 97% compliance for annual reviews, overall compliance was 67% as 33% of all open cases were those in progress by the school based support team. Through reflection, it is evident that more communication and collaboration is needed between the administration and the SBSTs to help resolve obstacles that prevent timely completion of such cases. The administration will work with our teachers and families to better communicate the process when students are considered for MRE/MIS.

Root Cause Addressed:

Some cases are opened late in the year, causing the cases to go out of compliance as the Summer teams are not available to complete reevaluations. More communication with home instruction with help finalization of annuals.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with SBSTs in September; review open case; identify needs of SBSTS. The 186X administration is responsible for conferring with the SBST and supporting teachers in the completion of IEPS.
Administration will communicate with home instruction administration and home instruction teachers to ensure data for students is current and prepared in a timely fashion so that annual reviews can occur on time.
Review BOY/MOY data (winter, 2026) and ensure ongoing communication with SBST occurs. Monthly meetings are recommended. Maintain data tracking for goals/encounter attendance. Teachers are responsible for updating IEP annual goals periodically and sharing this information with families. Administration is responsible for ensuring this information is shared with families in a timely fashion.
Offer ongoing office hours/support for teachers to review IEP process. Offer trainings for staff and review MIS/MRE process. Administration and instructional coaches are responsible for offering IEP support and providing resources needed to foster specially designed instruction for students.
EOY, review data and plan for 2026-2027. Administration is responsible for meeting target of IEP compliance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Review of SESIS data, monthly meetings with SBST, meetings with home instruction (periodic around report card compliance and changes between marking periods).

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Offer parent workshops on IEP process.	SBST, D75 IEP support, SESIS
09/04/2025	06/26/2026	Offer families information on services available to their child through the office of OPWDD.	Parent Coordinator
	06/26/2026	Support families in communicating with their child's related service provider during the school year.	Related service providers, teachers, families

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Administration, teachers, coaches, SBST

Instructional Resources

SESIS Resources

Schedule Adjustments

Teachers/providers have time slated for parent outreach and SESIS/IEP compliance.

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Formal and informal assessments, IEP progress monitoring	Individualized supports depending upon the academic needs of the student	small-group instruction based upon student level	During the school day	Yes
Tier 3	Formal and informal assessments, IEP progress monitoring	Individualized supports depending upon the academic needs of the student	one-to-one instruction	During the school day	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Students who are: ~Adult attention seeking ~Problem behavior throughout multiple settings ~Mild acting out	Check In Check Out (CICO)	One to One	Before and During School	No
Tier 2	~Due to lack of knowledge acquisition deficits the child does not know the skills or does not discriminate when a skill is appropriate.	Intervention Behavioral Contract	One to One	During School	No
Tier 2	~Consistently despite knowledge performance deficits the child knows how to perform the skills but fails to do so consistently or at an acceptable level of competence.	Teaching Social Skills	Small Group 3-5 Students	During School	Yes
Tier 3	~Families that are in need of additional supports for their children outside of school ~students with chronic and intensive emotional/behavior problems	Wrap Around Planning	One on One	During School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

During parent workshops and parent reacher conferences, student progress is discussed, and student needs are also discussed. This allows teachers an opportunity to explain the students' areas for gowth and strength while also detailing their approach to supporting students with specially designed instruction. Students work in small groups, receive 1:1 support from the teacher, and have access to content with multiple entry points which is made possible through the teacher's planning. The teacher also meets with families annually, at minimum, to create the student's individualized education program.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Progress is received at the time of report cards for both academic progress and progress on individualized education program (IEP) goals. Student progress in related services is also delivered at the time of report cards periodically during the school year. Families are welcome to meet with teachers throughout the school year, however, 186X engages families specifically in parent teacher conferences twice a year, once in the fall and once in the spring.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are our partners at 186X and collaboration supports planning for each individual student to provide the supports and resources needed for every student to succeed. At IEP meetings, parent teacher conferences, and through consistent communication (i.e. email, communication books, phone calls, etc.) teachers gain insight into the perceptions of how families view a student's progress and, in turn, have an opportunity to offer their own suggestions about next steps for their child.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

During the 2024 - 2025 school year, our school served and supported 124 students in the STH Population. Currently, 186X serves 116 students in temporary housing. We are planning to use human and budgetary sources to support P186X STH.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

As per the STH coordinator, our families are in need of supplies (toiletries, metrocards, etc) and in-person training to gain access to technology resources for better communication between themselves and the school community. P186X offers STH events at all sites (on a rotating basis).

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Our STH program seeks to identify students at risk or living with homelessness to coordinate tailored, data-driven, culturally relevant, trauma-informed strategies and supports. Students have access to a Bridging the Gap social

worker on site offering students and families advocacy and counseling services related to homeless issues that are impeding learning as needed and if accepted. These Social Workers are school based and provide social emotional and trauma informed counseling and supports to students.
Our teams works to resolve escalated student or family challenges, particularly regarding student transportation, school placement and registration, mid-year transfers, documentation of housing status, and other related issues and advocate on family's behalf as needed. Supports for our STH population include:
- Remote learning devices such as laptop/tablet and replacements as needed
- Set-up and activation of learning devices and program log-ins, etc.
- Personal school supplies such as backpacks, notebooks
- Items of clothing and shoes necessary for participation in classes
- Hygiene packets
- Blankets
- Parental involvement/ metro cards and workshops
- Referral to food pantry
- Referral to medical services
- Referral to community organizations for family services

We have created partnerships and relationships to support the needs of STH families including partnerships with key shelter and DOE STH staff to:

- Connect with the shelters' staff to best support our students living in shelters.
- Explore options for our STH students whose families may be facing eviction or need other housing support.
- Provide LimoSys service for our STH student whose don't have bus or bus para.
- Provide the STH families with recourses such as food pantry, cloth pantry.
- Referral the STH families with the Floating Hospital that provides free medical, dental, and mental health services.
- Referral STH students to free eye examination and free glasses.
- Weekly call the STH parents for wellness check.
- Provide the STH families with unlimited 30 days metro card monthly.
- Sent the STH families flyers on special occasions such as Thanksgiving, Christmas, etc.
- Provide STH students with Items of clothing (sweatshirts, sweatpants, T-shirts, shorts, under wears, socks, Sweaters with zipper and other with hoodie, coats) , etc.
- Provide STH students with shoes and sneakers.
- Provide STH students with school supplies such as backpacks, Pens, Pencils, colored pencils, crayons, markers, rulers, erasers, notebooks, fiction, and nonfiction books etc.
- Provide STH students with hygiene packets included shampoo, conditioner, deodorant, lotion, brush and comb, toothbrush and toothpaste, napkin, wipes, etc.
- Provide the STH families with recourse for HRA, EBT-benefit, etc.
- Contacting the OPT representative for our STH students that have bus issues.
- Working on raise the STH student's attendance rate by calling weekly and find out the reason for the student's obstruction from attendance and work hardly to solve the obstacles.
- Provide the STH student whose raised their attendance rate by Target's gift card provided by the STH regional manager.
- Collect and synthesize information on assets and needs of the school and the STH Families.
- Coordinate with shelter-based family assistants and conduct shelter, hotel or home site visits with families as needed to share information about important services and supports and ensure that basic necessities (e.g., school material, hygiene kits)
- Work with Parent Coordinators to attend and facilitate presentations to families at PTA meetings, school forums, parent teacher nights and other events so families are aware of available STH resources.
- Record and monitor information in relevant data systems to ensure accurate transmittal and to improve referral to tailored support.
- Participate in school meetings as appropriate to inform staff of the Community Coordinator role and provide supports to STH students.

- Prioritizes relationship building.
- Provide attendance Support.

Our STH coordinator for school year 2025-2026 will continue to provide all services as stated above, in addition we are collaborating to provide:
- Funding for all or part of the homeless liaison's salary even if that person has no Title I duties.
- Food on site: Starting a pantry to include clothes as well
- Immunizations, Medical and dental services : community partnership
- Eyeglasses and hearing aids : community partnerships
- The acquisition of birth certificates : if the family has lost these items in the loss of permanent housing ; part of parent survey
- Outreach services : community partnerships with major stores like target or supermarkets for donations.
- Extended learning time (before and after school, Saturday, summer) to link with liaison salary uses.
- Extra-curricular activity fees
- Tutoring services, especially in shelters or other locations where homeless students are residing.
- Buy and install washer and dryer machine at P186x School to serv the STH students.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

186X currently has 24 students in foster care enrolled. To ensure students in foster care are enrolled, attending school regularly, and getting to school without issue, the parent coordinator, pupil accounting secretary, and students in temporary housing liaison collaborate. We have strong relationships with OPT to streamline bussing services for students. Students in foster care have access to their special program, inclusive of related services like speech, occupational therapy, physical therapy, and counseling. Students with counseling mandates receive regular support from their counselor, though all students in general have access to a counselor as needed.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Students have access to IEP mandated counseling or at-risk counseling to support their transition into foster care. 186X utilizes the TeachTown SEL curriculum to support social emotional growth and provide students with tools to communicate their needs and feelings. Homeroom teachers are charged with establishing strong relationships with their students and making frequent outreach to guardians which helps all student flourish.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

In addition to accessing the SEL curriculum via TeachTown, students work with their counselors to identify their academic and behavioral needs. Students also work with agencies for additional support outside of school. Outside agencies can monitor the use of strategies students learn in school at home. 186X works in partnership with students' agencies address academic and behavioral challenges by finding solutions through attainable goal making and sustainable planning.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P186X, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association,, and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P186X will support parents and family members of Title I students by:
-providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math, social-emotional learning, vocational skills, and use of technology;
-providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association, as well as parent members of the School Leadership Team (SLT), were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State

accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association and Title I Parent Association;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P186X, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:
- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);
- planning specially designed lessons with strategic supports to promote access and inclusivity for all students.

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:
- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- - convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs;
-providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
-ensuring that the Parent and Family Engagement Policy and School-Parent Compact are discussed with parents each year.

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences, open houses, parent workshops.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and inclusive learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities;
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs.

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate in the decisions relating to my child's education;
- communicate with my child's teacher and related service provider(s) about educational needs and stay informed about their education by reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child relating to individualized education goals and academic goals.

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.
- practice Safety, Acceptance, Independence, and Leadership (S.A.I.L).

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Sarah Templeman
Assistant Principal (Where Applicable)*	Cynthia Hendrickson
English as a New Language (ENL) Teacher*	Zulenny Vasquuez
Teacher (if school has a bilingual program must be a bilingual teacher)*	Sandy Pena
Parent/Guardian*	Fatou Seck
Teacher	Daniel Leopold
Parent Coordinator	Alima Doumbia
School Counselor	Nicholas Famoso
Related-Service Provider	Jill Mauro
English as a New Language (ENL)/Bilingual Teacher	Jorge Negron
English as a New Language (ENL)/Bilingual Teacher	Hoda Helal

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

7

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

5

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

758

Total number and percentage (%) of current ELLs:

252 students/33.2%

Total number and percentage (%) of former ELLs:

0/0%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

175/69.4%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

55/21.8%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

22/8.7%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

3/1.2%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

248/98.4%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	MSG	SP	2016-2017		.33	.33											0.66
TBE	MSG	SP	2016-2017				.33	.33	.33								0.99
TBE	SC	SP	2016-2017							.33	.33	.33					0.99
DLBE	MSG	SP	2016-2017						.33								0.33
DLBE	MSG	SP							.33								0.33
DLBE																	0
				total: 0	total: 0.33	total: 0.33	total: 0.33	total: 0.33	total: 0.99	total: 0.33	total: 0.33	total: 0.33	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone English as New Language (ENL)
Seven ENL teachers provide standalone ENL instruction to develop and build English language skills. Within the standalone ENL classes, the ENL teachers provide stand - alone services to ELLs in a separate location for ENL instruction. ELLs work intensively (individually or in small groups) on the targeted language and content goals with the use of Culturally Responsive-Sustaining Education (CR-SE). The ENL Instruction is provided in English language concentrating on social emotional and academic vocabulary development with the use of Culturally Responsive-Sustaining Education (CR-SE). Standalone groups are organized based on students' unique learning needs, learning styles, language backgrounds, behavioral needs, and IEP goals. Standalone groups are organized heterogeneously (mixed proficiency levels). When planning the ENL stand-alone schedule the ENL teachers consider the students' classification on the Individualized Educational Program (IEP) student-staffing ratio, students' age and the CR Part 154.2 mandate. The schedule is planned to provide the ELLs with the required number of ENL mandated units.

Integrated ENL:

Within the integrated ENL classes, the ENL teacher co-teaches with the classroom teacher in all content areas. In collaboration with the content teacher, during the instructional coordination period, co-teachers co-plan lessons together for the weeks and implement co-teaching strategies. ENL Teachers provide small group instruction and parallel teaching in the integrated setting. Bilingual students in monolingual classrooms receive language support from Alternate Placement Paraprofessionals who speak their native language, in order to facilitate full access to the content areas.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

P186X has one TBE 12:1:1 Middle School Alternate Assessment Spanish class taught by a certified Bilingual Education teacher. The certified bilingual teacher provides 540 minutes of ENL instruction per week. The instruction is provided in Spanish on Mondays, Wednesdays and alternate Fridays, and in English on Tuesdays, Thursdays and alternate Fridays. All content areas are taught in both, English and Spanish Art/music/phys. ed are taught in English (using ENL methodologies) for 45 minutes each per week. Differentiated instruction in ENL, HLA and in the content areas (math, social studies, science) is provided throughout the week. Students are grouped by level of language proficiency and academic and functional level for instruction.

P186X has two 8:1:1 elementary Alternate Assessment Spanish Mixed Group classes. At least one student in this classroom has bilingual mandates in IEP. Students in the MGC classes receive four periods of Home Language Arts

(HLA), and two different content areas taught in the Home Language (e.g., math/science; math/social studies; science/social studies) by the classroom teacher. For these students, a certified ENL teacher provides the ENL component of the required CR Part 154 Units of Study (i.e., minutes).

P186X has one 12:1:1 elementary Alternate Assessment Spanish Mixed Group classes. At least one student in this classroom has bilingual mandates in IEP. Students in the MGC classes receive four periods of Home Language Arts (HLA), and two different content areas taught in the Home Language (e.g., math/science; math/social studies; science/social studies) by the classroom teacher. For these students, a certified ENL teacher provides the ENL component of the required CR Part 154 Units of Study (i.e., minutes).

Dual Language Bilingual Education (DLBE):

N/A

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The ENL/Bilingual Liaison (in collaboration with the assistant principals) creates schedules for TBE, Self-Contained ENL, and Freestanding ENL (integrated/standalone) based on language proficiency levels, IEP mandates, and the grade levels. The assistant principals and the ENL/Bilingual Liaison ensure that the mandated number of units are provided for the students (according to CR Part 154.2) during the school day.

Students' mandated minutes of instruction are programmed in STARS and the teachers comply with these schedules, providing the necessary number of minutes. ENL Data Update Report, ENL Data Analysis Tool, STARS Programming for ELL are reviewed, updated and entered as needed in order to ensure that the mandated number of minutes are provided according to proficiency levels of each program model. This ENL Data Report is disseminated to all ENL/Bilingual Teachers and discussed in order to determine what supports are needed in order to help each student move to the next level of proficiency. Grouping and pacing are considered based on this data, as well as the types of instructional scaffolds which will meet the needs of the students.

In order to maintain compliance with all mandates regarding ENL and Bilingual services, P186X holds regularly scheduled meetings each Monday during the school's dedicated professional learning time in order to address necessary scheduling adjustments and also to review the discharge and new admission reports from ATS. These reports are used to quickly identify students in need of testing and/or services and to alert ENL/Bilingual Teachers of students joining their classrooms/caseloads as well as those who have left to another educational setting.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The ENL/Bilingual Liaison (in collaboration with the assistant principals) creates schedules for TBE, Self-Contained ENL, and Freestanding ENL (integrated/standalone) based on language proficiency levels, IEP mandates, and the grade levels. The assistant principals and the ENL/Bilingual Liaison ensure that the mandated number of units are provided for the students (according to CR Part 154.2) during the school day. Students' mandated minutes of instruction are programmed in STARS and the teachers comply with these schedules, providing the necessary number of minutes. ENL Data Update Report, ENL Data Analysis Tool, STARS Programming for ELL are reviewed, updated and entered as needed in order to ensure that the mandated number of minutes are provided according to proficiency levels of each program model. This ENL Data Report is disseminated to all ENL/Bilingual Teachers and discussed in order to determine what supports are needed in order to help each student move to the next level of proficiency. Grouping and pacing are considered based on this data, as well as the types of instructional scaffolds which will meet the needs of the students. In order to maintain compliance with all mandates regarding ENL and Bilingual services, P186X holds regularly scheduled meetings each Monday during the school's dedicated professional learning time in order to address necessary scheduling adjustments and also to review the discharge and new admission reports from ATS. These reports are used to quickly identify students in need of testing and/or services and to alert ENL/Bilingual Teachers of students joining their classrooms/caseloads as well as those who have left to another educational setting.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

N/A

b. In which language(s) is each core content area taught?

N/A

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

P186X has one TBE 12:1:1 Middle School Alternate Assessment Spanish class taught by a certified Bilingual Education Teacher where all content areas are taught in English. The following core content areas are taught bilingually: Math, science, and social studies.

LT is committed to maintaining the MGC/TBE program through promoting professional development to the school community about bilingual education. LAP proposed the following bilingual education related professional development: Best Practices for Bilingual Education, Keys to Biliteracy, Bilingual Students in the Specialty Classroom: How can we best support students? SLT is also committed to maintaining the MGC/TBE program by sharing information with families through parent informational letters and flyers and family outreach. Family outreach is planned in the LAP. Data analyzes discussing is taking place to see if there are the possibilities of opening additional TBE, DL or MGC classes.

Students have access to an array of specially designed instruction both printed and digital materials. To ensure that students meet the Next Generation Learning Standards, ENL instruction follows the New York State New Language Arts Progressions and incorporates ENL methodologies such as Cooperative Learning, and the Whole Language Approach. ENL methodologies (e.g. Total Physical Response, the Natural Approach, Language Experience Approach and Whole Language) are used with students with various and multiple disabilities.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Newcomer students make up 69.4% of our school's English Language Learner (ELL) population. To effectively differentiate instruction for these students, educators at P186X begin by identifying each newcomer's prior knowledge and educational experiences.

Initial assessments focus on the student's familiarity with the Roman alphabet, as well as determining their level of literacy emergent or pre-emergent and evaluating their numeracy and mathematical skills. Based on this data, individualized support is provided through one to one instruction and targeted independent practice.

Instruction is scaffolded to build on students' prior knowledge, with careful consideration of their cultural, linguistic, and educational backgrounds. Newcomer students are intentionally paired with English-proficient peers to foster comfort, reduce affective filters, and increase access to comprehensible input.

A key strategy in developing literacy is reading aloud to newcomer students daily, which supports language acquisition and vocabulary development.

ENL and Bilingual Teachers also implement Tier III RTI (Response to Intervention) strategies to provide intensive support tailored to the unique needs of our newcomer students.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Currently, P186X has three Students with Interrupted Formal Education (SIFE), representing 0.8% of our student population. When we have SIFE students, instruction is differentiated to meet their unique needs.

P186X educators begin by identifying each student's prior knowledge and educational experiences. ENL teachers regularly adjust interventions to address the evolving academic, social, emotional, and cultural needs of SIFE students.

The instructional focus is on developing literacy, numeracy, arithmetic, and operational skills. Teachers also build on students' interests and strengths to increase motivation and activate prior knowledge.

To support comprehension and language acquisition, intense scaffolding strategies such as modeling, contextualization, use of realia, and visual supports—are employed. These strategies help make content accessible and assist SIFE students in acquiring academic and social vocabulary at an accelerated pace.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At P186X, 22 students, or 8.7% of our English Language Learners (ELLs), are identified as Long-Term ELLs. To differentiate instruction for these students, staff first assess each student's knowledge level across subject areas.

Standardized test scores, student work samples, and student records 135 out of 205 available are reviewed to gather this information. Effective differentiation involves ongoing evaluation of student needs and deliberate planning of instructional activities and assessments tailored to those needs.

Content is adapted specifically for Long-Term ELLs. ENL and Bilingual teachers employ varied instructional strategies to support students' comprehension of key material and allow them to demonstrate understanding in multiple ways, aligned with their language proficiency levels.

Ongoing assessments guide instructional decisions, enabling teachers to track and analyze student progress effectively. Small group instruction is used extensively to ensure all students access essential content. Keeping groups flexible allows teachers to pair students with different peers and tailor activities to their needs.

Providing Long-Term ELLs with alternative ways to access key content such as charts, books in their home language, adapted texts created by teachers, discussions, culturally relevant materials, bilingual libraries, dictionaries, and digital curriculum components ensures they can learn the same material as their peers while continuing to develop their English skills.

The primary focus for Long-Term ELLs is on re-contextualizing information that has been previously introduced but not yet mastered, reinforcing understanding and skill development.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At this time P186 X has 0% of former ELLS.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

P186X will use EDAT as a basis to design targeted support for specific subgroups of ELLs who were identified by their at- risk indicators. Based on the RTI framework, 100% of our students have been identified as at-risk. Among our English Language Learners (ELLs), 72.2% exhibit at least one or two early warning at-risk indicators. Additionally, 91.8% of our ELLs did not demonstrate any growth on the 2024 NYSESLAT assessment. Many of these

risk indicators can be partially explained by the fact that all of our ELLs have Individualized Education Programs (IEPs), and nearly 90% of them are alternatively assessed students.

The subgroup where our school can most effectively intervene to reduce the number of at-risk ELLs consists of 51 students (20.2%) who were identified by the EDAT but were either not programmed correctly in STARS or are not receiving compliant ENL services.

Student attendance is the most significant factor influencing academic success. Data from June 2025 indicates an attendance rate of 82%. At P186X, we have a dedicated attendance teacher who actively works to improve student consistency in attending school. Additionally, our school benefits from several social workers, an active PTA, and a family liaison who maintain communication with parents and encourage attendance.

The ENL department places strong emphasis on parental involvement, recognizing that the relationships we build with families are crucial in driving positive change for students. We offer a series of workshops designed to empower parents by enhancing their English language skills, computer and technology literacy, and knowledge about the American education system, including special education. These bonds with families are lasting and have proven to improve both student engagement and attendance.

Currently, P186X has 3 Students with Interrupted Formal Education (SIFE), representing 1.2% of the student population. When we have SIFE students, we differentiate instruction to meet their unique needs. Educators begin by identifying each student's prior knowledge and educational background. ENL teachers regularly adjust interventions to reflect changing academic, social, emotional, and cultural needs.

Our focus for SIFE students includes literacy, numeracy, arithmetic, and operational skills. Teachers reinforce students' interests and strengths to increase motivation and activate prior knowledge. Intensive scaffolding such as modeling, contextualization, use of realia, and visual supports is provided to make content more comprehensible and to accelerate the acquisition of academic and social vocabulary.

An important strategy to improve literacy is daily reading to SIFE students. ENL teachers also implement Tier III RTI interventions to provide targeted support tailored to the needs of SIFE students.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Our organization currently has 0% of former ELLs

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish is the home language of the largest group of English Language Learners (ELLs) at our school, with a population of 198 students. The second largest group consists of 13 ELLs whose home language is Bengali. To support these students, P186X employs Spanish and Bengali-speaking staff members, including teachers, paraprofessionals, psychologists, social workers, and family liaisons.

P186X actively supports communication and learning that values students' home languages through various initiatives. ENL and Bilingual teachers provide professional development opportunities for classroom teachers, educating them on effective educational strategies and ENL methodologies to assist students in monolingual

settings. Additionally, bilingual libraries are available in classrooms to support students' learning in their home languages.

Culturally responsive social-emotional learning (Culturally Responsive-SE) is implemented school-wide and aligned with instruction in all classrooms, both monolingual and bilingual. Some specific ways P186X honors and supports home languages include displaying world maps, using culturally relevant pictures and content, creating welcoming classroom environments where all students feel included, and surveying students, parents/guardians, and staff about how to incorporate cultural elements into the school community.

Throughout the year, P186X hosts virtual tours of different countries, multicultural shows, and events to celebrate and support the diverse backgrounds of our students.

To further support parents of multilingual learners, ENL and bilingual teachers offer a series of workshops designed to empower families. These workshops provide essential information, including how academic language skills acquired in the home language can facilitate the transfer of skills to English. We also provide home language resources for parents and inform them about the multilingual lending library available through the department.

To enhance communication between the school and families, P186X uses the Remind School Communication App. Interpreters and translators are also provided as needed to ensure clear and effective communication.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

According to EDAT data, 190 of our ELLs identify as Hispanic. Among Hispanic ELL families, 55.8% identify as Black, while 24.7% identify as White. Within the non-Hispanic ELL population, 61.3% identify as Black, 27.4% as Asian, and 8.1% as White.

P186X celebrates the rich ethnic and racial diversity of our ELL community. We actively include ELL students and families in the planning and delivery of Culturally Responsive and Sustaining Education. P186X takes pride in recognizing all students and families as experts in their own lived experiences, cultures, languages, dialects, and communities.

Parental involvement is a key priority. Surveys and open-ended requests for suggestions play a significant role in gathering family input. Our principal fosters an "open door" policy, welcoming parents to share their ideas and perspectives at any time. Additionally, our Parent Teacher Association (PTA) and parent coordinators work diligently to communicate that families hold a unique and valuable role in their child's success, and that P186X is committed to partnering with them to incorporate their voices.

We celebrate the diversity of our school community through the books we read, the songs we sing, the creators we highlight, and the videos we watch, ensuring that all students see themselves reflected and valued in their learning environment.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the EDAT Spring 2024 NYSESLAT results overview, 12 of our ELL students met their annual progress targets, representing 8.2% of the ELL population. No students met the Safe Harbor community growth benchmarks,

while 135 students (91.8%) did not meet the expected progress.

Although NYSAA students do not typically participate in standard state assessments, their reading and writing scores on the NYSESLAT often correlate with their performance as measured by the NYSAA. A comparison of the EDAT Spring 2024 NYSESLAT results with the Spring 2024 Grades 3–8 ELA assessment revealed that 12 students scored at Level 1 on the ELA exam, and only one student scored at Level 2.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

An analysis of our students' 2024 NYSESLAT scores indicates a need for improvement across all four language modalities: listening, speaking, reading, and writing. One key limitation in using this data to inform instruction is the absence of an assessment specifically designed for ELL students with special needs. This gap reduces the accuracy and usefulness of the data for instructional planning.

Overall, the data trend shows that students tend to perform better in the listening modality. According to the EDAT, speaking emerged as the strongest area for our ELLs in the 2024 NYSESLAT. In contrast, writing was identified as the area most in need of improvement.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

NYSAA students do not typically participate in state assessments; however, their reading and writing scores on the NYSESLAT often correlate with performance measured by the NYSAA. A comparison of the EDAT Spring 2024 NYSESLAT results and the Spring 2024 Grades 3–8 ELA assessment showed that 12 students scored at Level 1 on the ELA exam, while one student scored at Level 2.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

All ELL students at P186X have Individualized Education Programs (IEPs). Since the NYSESLAT is designed for standardized assessment populations, it does not accurately reflect the abilities or progress of the majority of our students, who are classified as Alternate Assessment students. To address this gap, we supplement NYSESLAT data with in-house assessments, such as benchmark portfolios, to better capture student growth and performance.

Currently, P186X has 3 Students with Interrupted Formal Education (SIFE), representing 1.2% of the student population. For SIFE students, NYSESLAT results may be further impacted due to their disrupted educational backgrounds, making it even more essential to use multiple measures when assessing their progress.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

0

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

0

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

To support English Language Learners (ELLs) who are currently off-track to graduate in four years, P186X has implemented a range of targeted strategies and interventions tailored to their academic, linguistic, and socio-emotional needs. These include:

1. Individualized Academic Support
-Differentiated Instruction: Lessons are adapted based on students' English proficiency levels and IEP goals to ensure content accessibility.
-Small Group Instruction: ENL and content-area teachers provide targeted small group sessions focused on foundational literacy, reading comprehension, writing, and academic vocabulary.
-Tiered RTI Interventions: Students receive Tier II and Tier III support based on data from NYSESLAT, in-house assessments, and teacher observations. These interventions are delivered by ENL teachers and intervention specialists.

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

In our school we use the following core curriculum:

Standardized Assessment:
ELA- MHM (K-5)
Math- Envision (K-8)
Social Studies- Passport (K-8)
Science- Amplify (K-8)
SEL - TeachTown (K-8)
AIS- Fundations (K-5)

Alternate Assessment:
TeachTown
ABLLS-R Curriculum Guide
Essential for Living
AIS- Fundations

1. Differentiated Instruction:
- Tailor lessons to meet the diverse needs of ELL students by using differentiated instruction techniques. This includes providing varied materials and activities that cater to different language proficiency levels and learning styles.

2. Language Support Services:
- Offer dedicated language support services such as ESL (English as a Second Language) classes, bilingual education programs, and language labs that focus on improving English proficiency alongside academic content.

3. Culturally Responsive Teaching:
- Integrate culturally responsive teaching practices by incorporating students' cultural backgrounds and experiences into the curriculum, making learning more relevant and engaging for ELL students.

4. Use of Technology:
- Utilize technology tools and resources that support language development and enhance learning experiences. This includes language learning apps, online dictionaries, interactive activities, and digital storytelling.

5. Scaffolded Instruction:
- Provide scaffolded instruction by breaking down complex tasks into manageable steps, using visual aids, graphic organizers, and other supports to help ELL students understand and master new concepts.

6. Assessment and Feedback:
- Use formative assessments to monitor ELL students' progress and provide timely feedback. Adjust instruction based on assessment results to address individual learning needs and ensure continuous improvement.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team and the English as a New Language (ENL) Team hold collaborative meetings on a monthly basis. These meetings serve as a platform for in-depth discussions focused on curricular planning, instructional strategies, and necessary modifications to ensure that the academic and language development needs of Multilingual Learners (MLs) and English Language Learners (ELLs) are being effectively addressed. During these sessions, team members analyze student data, review current classroom practices, and share resources and best practices to support differentiated instruction. The goal of these meetings is to promote equitable access to grade-level content for all ML/ELL students by ensuring that instruction is both linguistically appropriate and culturally responsive.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

ENL and Bilingual teachers provide appropriate instructional support to make grade-level coursework comprehensible and accessible for ELLs participating in Self-Contained ENL, Freestanding Integrated/Stand Alone ENL, TBE, and Dual Language Programs. These teachers use modified and adapted assessments that allow ELLs to demonstrate their content knowledge. ELLs are provided with additional time to complete tasks and assessments. P186X ENL/Bilingual teachers are creating opportunities for ELLs to interact with proficient English speakers, and for ELLs to build on their strengths, prior experiences, and background knowledge.

Academic language is a vital part of content-area instruction; the goal is to improve academic vocabulary use and comprehension across all four language modalities (listening, writing, reading and speaking). Instructional approaches and methods used to make content comprehensive to foster language development and meet the demands of the Next Generation Learning Standards and/or the Dynamic Learning Maps/DLP are as following: scaffolding, task-based language learning, immersion, and community language learning. All content areas are taught in both English and Spanish languages during the school day (50% English/50% Spanish). DLP uses the academically rigorous Estrellita (Spanish), Palabras a su Paso, Maravillas (Spanish)/Wonders (English), and Words Their Way (English) curricula which is aligned with Next Generation Learning Standards for ELA/HLA, Social Studies, and Science.

DLP students have access to the curriculum aligned to Bilingual libraries to provide home language support. Teachers in our TBE programs use the following strategies: scaffolding, task-based language learning, immersion and community language learning. All content areas are taught in both English and Spanish languages during the school day. TBE uses the academically rigorous Estrellita (Spanish)/ Maravillas (Spanish)/ Palabras a Su Paso

(Spanish), Wonders (English)/Words Their Way (English) curricula which is aligned Next Generation Learning Standards and New/home Language Arts Progressions for ELA/HLA, Social Studies and Science.

TBE students have the use of curriculum aligned to Bilingual libraries to provide native language support. Freestanding Integrated/standalone ENL: scaffolding, the natural approach, task-based language learning, native language support and all instruction is provided in English with the support of Alternate Placement Paraprofessionals for Bilingual students. Home language support in the content areas is provided through collaboration with the content area teachers to teach academic and content vocabulary while simultaneously providing language acquisition support. ENL Teachers incorporate multilingual posters, labels, multimedia presentations and dictionaries (picture and word) to help make core content accessible and comprehensible. ENL Teachers support the Next Generation Learning Standards aligned curriculum utilized by the classroom Teachers. English is used as the instructional language.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At P186X, 100% of English Language Learners (ELLs) are students with Individualized Education Programs (IEPs). ENL and Bilingual teachers provide targeted instructional support to ensure that grade-level content is accessible and comprehensible across various program models, including Self-Contained ENL, Freestanding Integrated/Standalone ENL, Transitional Bilingual Education (TBE), and Dual Language Programs (DLP). Teachers modify and adapt assessments to allow ELLs to demonstrate their understanding while offering accommodations such as extended time for task completion. Instruction is designed to build on students' strengths, prior experiences, and background knowledge, while also fostering meaningful interaction with proficient English speakers. Academic language development across listening, speaking, reading, and writing is a key focus, supported by instructional strategies such as scaffolding, task-based learning, immersion, and community language learning. In both DLP and TBE programs, content instruction is delivered in English and Spanish (50/50), using rigorous, standards-aligned curricula such as Estrellita, Palabras a Su Paso, Maravillas/Wonders, and Words Their Way. Students also benefit from bilingual libraries that support literacy in both languages. In Freestanding ENL programs, instruction is delivered in English with native language support provided through collaboration with content area teachers and the use of visual aids, multimedia, and multilingual resources. Across all settings, ENL and Bilingual teachers work to ensure that ELLs receive high-quality, inclusive instruction aligned with the Next Generation Learning Standards and the Dynamic Learning Maps.

b. SIFE

In order to effectively differentiate instruction for Students with Interrupted Formal Education (SIFE), P186X begins by conducting a comprehensive assessment of each student's prior knowledge, background, and educational experiences. This initial step is essential in creating individualized learning pathways that meet students where they are academically, socially, and emotionally. English as a New Language (ENL) teachers then tailor their instructional strategies and interventions accordingly, regularly monitoring student progress and adapting support to reflect the evolving needs of SIFE learners. These interventions are designed to address not only academic gaps, but also the social, emotional, and cultural factors that impact learning, ensuring a holistic approach to education.

Instructional focus is placed on foundational areas such as literacy and numeracy, with an emphasis on developing

core arithmetic and operational skills that are critical for long-term academic success. Teachers intentionally build upon students' interests, cultural backgrounds, and personal strengths to enhance motivation, activate prior knowledge, and create meaningful learning connections. In doing so, they foster an inclusive and engaging learning environment where students feel seen, valued, and supported.

To ensure content is comprehensible and accessible, instruction includes extensive scaffolding techniques such as teacher modeling, contextualized learning activities, the use of realia (real-world objects), visual aids, and graphic organizers. These strategies not only support comprehension but also accelerate language acquisition by helping students internalize academic and social vocabulary in both oral and written forms. A key component of the literacy development strategy at P186X involves daily read-aloud sessions, during which ENL teachers model fluent reading and promote vocabulary growth, listening comprehension, and a love for reading.

Additionally, Tier III Response to Intervention (RTI) supports are implemented for SIFE students who require intensive, individualized instruction. These supports are designed to provide targeted, data-driven remediation that addresses specific learning deficits while promoting steady academic growth. Through this multi-faceted and culturally responsive approach, P186X remains committed to ensuring that SIFE students are equipped with the skills, knowledge, and confidence needed to thrive in both academic settings and beyond.s.

c. Newcomers

In order to differentiate instruction for newcomer students, P186X again starts by identifying prior knowledge and educational experiences. First the newcomer's grasp of the Roman alphabet is assessed, emergent literacy or pre-emergent literacy is assessed, as well as their numeracy and mathematical skills. Independent practice and one-to-one instruction are provided, scaffolded on the students' prior knowledge, taking into consideration their cultural, linguistic and educational background.

Newcomer students are paired with peers who are more proficient in English to assist them in feeling comfortable and lowering the affective filter to allow for the newcomer to receive more comprehensible input. An important element to help improve literacy is reading to our newcomer students every day. ENL and bilingual Teachers use Tier III RTI interventions with newcomer students.

d. Long Term ELLs

In order to differentiate instruction for our Long-Term ELLs, P186X staff first identifies the student's level of knowledge in each of the subject areas. Standardized test scores, student work and the student record are used to determine this information. Effective differentiation requires ongoing evaluation of students' needs and conscious attention to designing instructional activities and assessment to meet those needs. Content is differentiated for students who are still developing English language skills. ENL/Bilingual Teachers facilitate in different ways to help students understand key material and provide evidence of understanding in multiple ways based on their language proficiency levels. P186X ENL/Bilingual Teachers use ongoing assessment to guide instructional decisions and track data.

Small group instruction is a very effective way of making sure that all students can access important content, and keeping groups flexible allows Teachers to match students with different peers for different types of activities. Providing ELLs with alternate ways of accessing key content (e.g., charts, books written in their home language, adapted texts written by the Teacher, discussion, etc.) allows them to learn the same material as other students as they continue to develop their English language skills.

The focus for Long Term ELLs is on re-contextualizing information previously presented but not effectively learned.

In order to differentiate instruction for Former ELLs up to two years after they exit ELL status, P186X provides access to the Title III After School Program. ENL Teachers use ongoing assessment to guide instructional decisions and provide multiple types of assessment. Small group instruction is used to ensure that former ELLs can access important content. Flexible grouping allows teachers to match students with different peers for different types of activities. Providing ELLs with alternate ways of accessing key content (e.g., charts, books written in their first language, simplified texts written by the Teacher, discussion, etc.) allows them to learn the same material as other students as they continue to develop their English language skills.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

ENL/Bilingual Teachers, classroom Teachers, and content-area Teachers collaborate to identify and implement effective strategies for ELL-SWDs to improve their Math, Science, Social Studies and ELA skills in the least restrictive environment. Classroom Teachers and ENL/Bilingual Teachers plan lessons, create materials, assessment tools, and evaluate the effectiveness of lessons once a week during common preparation periods at the early childhood, elementary, and middle school levels. Lessons include Teacher/student emergent literacy/adapted books that utilize repetition and picture representation symbols. Through listening and sensory processing techniques, the ELL students learn sound/symbol relationships and improve their vocabulary and expressive and receptive skills.

Using 90-minute blocks of instructional time helps to minimize transitional behavior problems to maximize instructional time. ENL/Bilingual certified Teachers use differentiation in order to help their students meet their IEP goals. Teachers utilize station learning in order to instruct students with a variety of learning styles and to provide them the necessary time to practice and master skills. Regarding curricular flexibility, ENL/Bilingual Teachers may modify the format of a given task or allow a student to present their work in an alternative manner. Scaffolds such as visual vocabulary cards, authentic multicultural literature are regularly employed, as if extended think/response time. Use of the home language during discussion, planning, researching, and other early phases of a project is allowed or encouraged for students determined to likely benefit from such practices. Thinking Maps system of visual representations of cognitive processes are employed throughout the organization (P186x) across all content areas in order to help students show what they know, generate new ideas or brainstorm, organize and categorize, and plan their work.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

P186X has a highly diverse staff, with a tremendous percentage of the staff being bi or multilingual. There are staff members who speak Bengali, Tagalog, Spanish, Vietnamese, Russian, Estonian, Albanian, Polish, Ukranian, Belarussian, French, Congolese, Mandinka, Yoruba, and more and these persons can serve as touch points for students and parents who struggle to communicate in English.

Classroom Teachers at P186X are providing grade level texts in English as well as in the students' home language as needed in order to help students access the material. P186X fosters a culture of multilingualism by promoting Bilingual programs.

Home language support is assessed and delivered in all program models by providing both English and home language text communication. There are clear and prominent posters in the offices making it clear that interpretation and translation services are available.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Language electives are not offered at our school as our students are exempt from foreign language requirements per their IEPs.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

All of our Dual Langauge Programs, TBE and MGC are supported through:

Common Planning Time:
- Allocate specific times during the school week for co-teachers to plan lessons together, discuss student progress, and develop instructional strategies that address the needs of ELLs. This structured planning time is essential for effective collaboration.

Professional Learning Opportunities :
- Establish meetings where teachers can collaborate regularly to share best practices, discuss challenges, and develop solutions. These communities foster a culture of continuous improvement and support among educators working with ELLs.

Ongoing Professional Development:
- Provide professional development opportunities focused on co-teaching strategies, collaborative planning, and effective instructional practices for ELLs. This training ensures that teachers are well-equipped to work together and meet the diverse needs of their students.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

During the designated 80-minute Monday professional development sessions, targeted training is provided to ensure that all educators working with English Language Learners (ELLs) and Bilingual students remain current with best practices and emerging trends in the field. These sessions are facilitated by certified ENL (English as a New Language) and Bilingual teachers and are designed to meet the needs of a broad range of school personnel, including grade-level team teachers, subject area teachers, paraprofessionals, assistant principals, guidance counselors, psychologists, occupational and physical therapists, speech therapists, secretaries, and parent coordinators. Topics are selected based on staff roles and student needs.

Topics include, but are not limited to:

[ELL-Focused Professional Development]

-Identifying English Language Learners
-Setting SMART IEP goals for ELLs
-Strategies for differentiating instruction for ELLs

-Test-taking strategies tailored to ELLs
-Incorporating technology to support ELL instruction
-Using informational texts and building background knowledge
-Mathematics instruction that is meaningful and accessible for ELLs

[Bilingual-Focused Professional Development]

-Co-teaching in the Free-Standing ENL and Dual Language programs
-Best practices in bilingual education
-Keys to developing biliteracy
-Supporting bilingual learners in specialty subject classrooms

Throughout the year, the District 75 Office of English Language Learners and the Division of Multilingual Learners (DML) provide ongoing professional learning opportunities for ENL/Bilingual teachers and liaisons. These sessions are grounded in research-based strategies that emphasize differentiated instruction for ELLs, including those with disabilities.

ENL and Bilingual teachers also participate in workshops led by the DML that focus on integrating support for ELLs across content areas in alignment with the Next Generation Learning Standards. Additionally, Microsoft Teams is used by the District 75 Office of ELLs to deliver virtual professional development and ongoing support to educators working with Multilingual Learners (MLLs) at our school.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

In order to meet the professional development requirements as per CR Part 154.2 15% of total hours for all teachers are dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs, ENL and Bilingual teachers will provide on-going professional development twice a month for 80 minutes during designated professional learning time once a month on Mondays.

ENL and bilingual teachers will receive a minimum of 50% of the required professional development through District 75 Office of MLs/ELLs and Department of English Language Learners and Student Support. ENL and Bilingual teachers will educate themselves on language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs. ENL and Bilingual teachers will create turnkey presentations and provide ELL-specific professional development to classroom teachers during Monday's professional development sessions. In order to compile and maintain a record of agendas, attendance sheets, and copies of certificates of attendance are tracked and collected by the ENL/Bilingual Liaison. Teachers are encouraged to collect copies of agendas and certificates of attendance for their own record, in addition to submitting them to the ENL/Bilingual Liaison. The ENL/Bilingual Liaison in collaboration with the ENL and Bilingual Department Teachers created a 2024-2025 school year calendar to outline the various Professional Learning Opportunities that will be provided to the ELL personnel at the school on the following topics:

[ELL RELATED:] Identifying ELLs, Setting Smart IEP Goals for ELLs, Strategies for Differentiating Instruction for ELLs,

Co-teaching and Collaboration: ENL and Classroom/Content Teachers Session 1, Co-teaching and Collaboration: ENL and Classroom/Content Teachers Session 2, Test Taking Strategies for ELLs, Incorporating Technology in the Classroom to Support ELLs, and Addressing Social Emotional Needs of ELLs.

[BILINGUAL RELATED:] Co-Teaching in the Free-Standing ENL Dual Language Program, Best Practices for Bilingual Education, Keys to Bi-literacy, Bilingual Students in the Specialty Classroom: How can we best support students?

ENL/Bilingual Certified teachers maintain an ongoing record of professional learnings attendance and annually reviews of record in order to ensure that the proper number of hours is dedicated to ELL or Bilingual Specific Professional Development, in accordance with CR 154.2. Agendas and Attendance lists for ELL/Bilingual related Professional Learning Sessions, along with copies of PowerPoint presentations and/or other print materials are maintained by ENL/Bilingual Liaison and stored on site.

ENL teachers at P186X will provide support and professional development for all staff members working with ELLs. Professional Developments will take place during scheduled meetings in Microsoft Teams. ENL teachers at P186X will participate in Professional Development offered by the District 75 Office of ELLs and the Department of English Language Learners and Student Support using Microsoft Teams and other video conferencing technologies and in person when applicable.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

In P186X classroom teachers use the following assessment: for AA we use SANDI, WebABLLS and NYSAA
For SA Elementary ELA we use the running Record Fountas and Pinnell and the NYCPT for math. For SA Middle School ELA we use the DRP screener, Running Record Fountas and Pinnell, and the WIST for entry level readers. For SA Middle School Math we also use the NYCPT. For Middle School, we use this data to create Strategic Reading Groups and design instructional intervention. We have currently been using the data to create class rosters for next year.

This dynamic and timely information is able to inform instruction towards the students IEP goals and their language acquisition goals. The teachers can get a well rounded picture of the students' strengths and the areas in which they need more support. The teacher can see trends in the data that show a particular learning format is or not beneficial for a student and adjust accordingly.

ENL and bilingual teachers maintain portfolios of students' work to serve as Benchmark of progress throughout the year. These pieces are graded with substantial rubrics and feedback comprehensible to the learners and their families. These portfolios are able to help with articulation as students move to a different learning environment.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The targeted intervention programs for ELLs in ELA, Math, and other content areas, we use graphs or charts reflecting ELL Performance on the State Exams in ELA and Math. They are created in order to show trends and identify areas of need or success. These findings are distributed via email to ENL/Bilingual Teachers and Administrators. A hard copy is submitted to stakeholders through the intra-school mailbox system. Emails are also sent to inform the classroom and specialty teachers of each ELL/MLL in order to show their proficiency level according to their score on the NYSESLAT exam or, for new students, their scores on the NYSITELL and Spanish LAB. Classroom Teachers are provided with suggestions on how to provide best support to ELL/MLL students at each proficiency level in the Special Education classroom.

The MLs/ELLs Teachers access the school curriculum and modify it for their students needs, based on their IEPs using the following the following interventions: Foundations 12:1:1 and 8:1:1 Teachtown for all grades, EFL 12:1:4, HMH 12:1:1 K-2

SA: screeners MAPS Growth, Running records F+P, Performance Tasks, DESSA
AA: SANDI, FAST, NYSSA, WebABLLS

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Response to Intervention (RTI) is a multi-tiered framework designed to identify and support students with learning and behavioral needs at an early stage. Through systematic data analysis, we deliver targeted interventions at increasing levels of intensity to help accelerate student learning and improve outcomes.

Educational decisions regarding the intensity and duration of interventions are driven by each student's individual response to instruction. This process includes ongoing assessment measures such as universal screening and progress monitoring, which allow us to identify students who may require additional support or closer observation.

Throughout all tiers of support, student progress is closely monitored to evaluate academic growth and determine the effectiveness of instruction and intervention strategies. Instructional decisions are based on multiple data points collected over time, ensuring that responses are both timely and tailored to individual needs.

All students receive academic intervention support during designated class periods. Regular assessments conducted during this time help us determine which students have demonstrated sufficient progress and may no longer require intensive interventions.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessment is used at P186X such as Fountas and Pinnell assessment to determine the reading levels of standardized assessment students. The assessment is given two times a year (in the fall and spring). Alternate assessment students are assessed by the use of Student Annual Needs Determination Inventory (SANDI), Formative Assessment of Standard Tasks (FAST), and for grades 3-8 Dynamic Learning Maps (DLM).

Bilingual and monolingual students in the Dual Language Program (DLP) and Bilingual students in the Transitional Bilingual Education (TBE) classes are formally assessed through the use of assessment tools from Estrellita, Marivellas, and Palabras a Su Paso Curricula to assess their early literacy skills in Spanish. This data influences the school's instructional plan by helping to determine the types of best practices, instructional methodologies, materials, equipment and communication devices that must be utilized in order to provide access and engage students, to address the individual students' language and literacy skills. By analyzing quantitative data from Estrellita, Marivellas, and Palabras a su Paso it was determined that twenty-four (24) English Language Learners (ELLs) need extra support in writing and building reading comprehension skills in both the English and Spanish languages. A Portfolio system is utilized by ENL/Bilingual Teachers school-wide to track student progress.

Fountas and Pinnell has an online component to meet the diverse needs of our student population. Teachers can access the online Fountas and Pinnell classroom guided books to support the students' literacy learning. The Culturally Responsive texts will engage students in meaningful conversation to enhance the listening and speaking skills. Students will also engage in word work to aid in phonemic awareness and respond to text in writing. The program also has a leveled literacy intervention library with books that are color- code based on level of

intervention. The target is to support the students' oral language. Teachers choose a book they have read to the students before, they reread the text, and facilitate a text where students are encouraged to summarize a text in their own words. Teachers can access their assessment system online to record the assessments and upload their data. For students who find reading and writing difficult, the program offers a leveled literacy intervention which provides effective small-group instruction for students. The program is designed to engage both Teacher and student to work together toward attaining reading and writing proficiency.

Unique Learning System has an online component to meet the diverse needs of our student population. Teachers can access the Unique Learning Solutions online with a curriculum to learn literacy and math literacies. Unique Learning system has integrated solutions to meet the needs of the whole student, behavior and classroom management and symbolic-supported communication and learning tools. The symbolic support and squares allow students with hands-on learning, visual vocabulary, and a means to converse in a variety of ways to support their linguistic needs. Teachers can access their assessment system online to record the assessments and upload their data. The program is designed to support both the teacher and students' needs.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Students in bilingual classes are assessed in Spanish proficiency both formally and informally throughout the year. The Estrellita and Palabras a Su Paso curricula are used to develop students' Spanish language skills, and the assessments embedded in these programs are regularly administered and reviewed using benchmark data.

The Maravillas and Mis Matemáticas curricula include ongoing formal, informal, and summative assessments. Students are grouped according to results from diagnostic and placement tests conducted in Spanish.

Diagnostic and placement assessments are used to guide instruction and inform decisions about student grouping, scaffolding, and targeted staff support.

In the event of extended remote learning, teachers may utilize digital resources such as Imagine Spanish, Epic Books, StoryWorld, BrainPOP Español, and Colorín Colorado to assess students in their home language. Additionally, bilingual paraprofessionals and related service providers support Multilingual Learners (MLLs) by supplying instructional materials and conducting check-ins in the home language to ensure understanding as needed.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

After the summative data has been gathered, ELLs who are performing below grade level are invited to participate in the Title III Computer-Assisted Language Learning After-School Program. The programming of the students' services for the upcoming quarter is determined in part by the results of these summative assessments and in compliance with the Commissioner's Regulation 154.2.

The MLL staff collaborate with the content area/classroom Teachers and related service providers to co-plan for the ENL/Bilingual students. During the planning process they will focus on analyzing student work and summative

assessments to set achievable goals and next steps. The Related Service Providers will help differentiate and specially design instructional material so that students can access the adaptive lessons. The Co-planning will take place daily for 30 minutes during the planning and preparation period and during PLC meetings.

ENL Teachers analyze the RLAT document to determine each students' individual growth based on their NYSESLAT performance score. The Fountas and Pinnell Assessment System is another way Teachers' identifies a student's reading level and monitors their growth. ENL Teachers gather this information to provide appropiate reading content. ENL Teachers also do progress monitoring guided by the students' IEP Goals. These goals are implemented in small group instruction, teachers ensure that the lesson goals meet each students needs/goals. Teachers use students IEPs goals in their progress monitoring charts to evaluate the effectiveness of the students learning and techniques used.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT is administered and scored by certified ENL and Bilingual Education Teachers. The administration plan evaluates testing needs across sites and the ENL/Bilingual assistant principal coordinates scheduling, spacing and scoring. The following Teachers will administer NYSESLAT:
ENL Teachers, Bilingual Teachers, and Classroom Teachers who have received training in administering the NYSESLAT.
Teachers who are involved in administering the NYSESLAT maximize their time in order to be able to return to their regular schedule and provide students with mandated services during test administration.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

All of the students in our organization have either Individualized Educational Programs (IEPs) or 504 Plan Accommodations, which ensures they receive the necessary support to succeed academically. As part of these accommodations, our students are granted flexibility in several key areas, including the timing of assessments and assignments, the setting in which they complete their work, the method by which instructional content is presented, and the manner in which they are allowed to respond. Additionally, they receive access to test-read services to support their comprehension and performance on assessments. These accommodations are designed to create an equitable learning environment tailored to the unique needs of each student.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

A parent orientation meeting is scheduled and held for each new student. P186X educates parents of English Language Learners about the ELL identification process, the variety of educational programs available (Dual Language Program, Transitional Bilingual Education, Self-Contained ENL and Freestanding Integrated/Standalone ENL), and their right to a re- identification process within 45 days of initial enrollment. P186X also takes this opportunity to share with parents, guardians, and family members the high expectations that have been established for the education of ELLs. All invitations, flyers, informational correspondence, newsletters, and so on are translated into the child's home language and written in language that parents can easily understand to ensure that parents and guardians have full access to all pertinent information. P186X encourages meaningful two-way communication between home and school. Adult Education classes are offered (including English for Speakers of Other Languages and Technology) during after school hours.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

To ensure that one-on-one meetings with parents are effectively scheduled and conducted, our school develops a comprehensive calendar at the beginning of the academic year. This calendar outlines the planned dates for individual meetings, allowing both staff and families to be well-informed and prepared in advance. By establishing this schedule early, we aim to promote consistency, accountability, and meaningful engagement between families and educators.

In addition to the initial calendar distribution, we maintain ongoing communication with parents throughout the school year to reinforce the importance of these meetings. Multiple reminders are sent out regularly using various communication channels, including emails, automated phone calls, printed flyers sent home with students, and messages through our school communication apps (such as Remind). These reminders are carefully timed to ensure families have ample notice and can make necessary arrangements to attend.

This structured and proactive approach not only maximizes participation but also fosters a culture of partnership, ensuring that families are actively involved in their child's academic progress, IEP goals, and language development. One-on-one meetings provide a dedicated space to review student performance, address concerns, and collaborate on strategies to support each learner's success.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Interpretation and translation services are consistently made available to ensure that all families, regardless of their home language, can fully engage with the school community and understand important information about their child's education. These services are provided both through our multilingual school staff who speak languages such as Spanish, Bengali, and others and with the support of the New York City Department of Education's Translation and Interpretation Unit. This collaboration allows us to provide timely and accurate translations of documents, as well as real-time interpretation for meetings, phone calls, and parent-teacher conferences.

To further support family engagement, every Tuesday during Family Outreach Day, classroom and specialty teachers work closely with ENL and bilingual teachers to develop and distribute multilingual communication materials. These include parent informational letters, flyers, and monthly newsletters, all designed to keep families informed about their child's academic progress, language development, and specific needs across content areas. The communication is tailored to each student's context and is aligned with their IEP goals and language acquisition targets when applicable.

By providing linguistically accessible and culturally respectful communication on a consistent basis, P186X fosters a strong partnership between families and educators. This ongoing dialogue ensures that parents are well-informed, empowered to advocate for their children, and able to support learning at home. It also reinforces our school's commitment to equity, inclusion, and meaningful collaboration with our diverse multilingual community.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At P186X Walter J. Damrosch School, we believe that empowering our families is crucial for the success of our students. We take a holistic and inclusive approach to ensure that the needs of our community are met and that families feel supported and engaged. Here are some of the ways we achieve this:

Parent Workshops and Training:
- Based on survey results, we organize workshops on topics such as navigating the school system, helping with homework, and utilizing technology. For example, our "Parents as Partners" series includes sessions on how to use online learning platforms, which has been especially beneficial during remote learning periods.

English Language Classes for Parents:
- We offer English language classes specifically designed for our ELL parents. These classes not only help improve their language skills but also boost their confidence in engaging with teachers and participating in school activities. Classes are scheduled in the evenings to accommodate working parents.

Cultural Celebrations and Events:
- Celebrating the rich cultural diversity of our school community is a priority. Events like "International Night" allow families to share their traditions, foods, and stories, promoting understanding and inclusivity. These events help build a strong sense of community and belonging.

Bilingual Communication :
- We ensure that all school communications are available in multiple languages. Whether it's newsletters, parent-teacher meeting notices, or emergency alerts, we use translation services to keep everyone informed. Our bilingual staff also plays a crucial role in bridging communication gaps.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At P186X Walter J. Damrosch School, we place a high priority on involving families of MLs/ELLs in leadership opportunities within our school community. We understand that informed and engaged families can significantly impact student success. Here's how we ensure our families are aware and encouraged to participate in these leadership roles:

Multilingual Communication:
- All announcements about family leadership opportunities are communicated in multiple languages. We send out flyers, newsletters, and emails in the primary languages spoken by our families to ensure that language is not a barrier to participation.

Personal Invitations:
- Recognizing the importance of personal connections, our teachers and staff personally invite parents to join leadership roles. For example, during parent-teacher conferences, teachers discuss these opportunities with parents and encourage their involvement.

Workshops and Training:
- We offer workshops and training sessions to help parents understand the roles and responsibilities of different leadership positions. This empowers them with the knowledge and confidence to take on these roles. Topics include understanding the school governance structure, effective communication, and leadership skills.

School Website and Social Media:
- Our school website and social media pages are regularly updated with information about upcoming meetings and how parents can get involved. We also post videos and testimonials from current parent leaders to inspire others to join.

Feedback and Adaptation:
- We regularly seek feedback from ELL families on how we can improve our outreach and support for leadership opportunities. This ongoing dialogue ensures that we are meeting their needs and addressing any barriers to participation.

By implementing these strategies, we strive to create an inclusive environment where all families, regardless of their language background, feel welcomed and empowered to take on leadership roles within our school. This involvement not only benefits their children but also strengthens our entire school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Currently, P186X partnered with the Urban Arts Partnership, Include NYC, Fletcher's Place, NYC Well, Help on The Way Inc., Cityparks Muppet Mobile, MBD Housing, Care Design, The Better angels of our Human Nature, The Department of Emergency Management, NYC Civic Engagement Commission People, Hydroponic Classroom P186x has a partnership with the Cervantes Institute and Fordham RBERN. They provide professional development trainings for ENL and bilingual teachers for our native Spanish speaking students. P186x plans to partner with ELA Alliance. And the Goethe Institute. NY Sun Works, Children's Aide, Arthur Miller Foundation-Puppet shows on Culturally Responsive Text, The New Victory Theatre Sensory-Friendly Shows, N.Y.C. Parks Department with the Community Garden, Broadway Junior, CUNY College Explorers, Part of the Solution, Cauldwell Enrichment Program, NYC Literacy Collaboratives (MSQI), 42nd Precinct, NYPD Ambassador, Trees New York, Toys for Tots, Shubert Foundation, CHAMPS, Special Olympics, Get Ready to Learn, Creating Arts Team CUNY, Billion Oyster Project, The Office of Developmental Disabilities (OPWDD), Morgan Project, Take Two Film Academy, City Island Oyster Reef, and MOMA (under the auspices of the ARTS for English Language Learners and Students with Disabilities Grant) to bring in a teaching artist to lead Professional Development for ENL teachers, direct instruction for students, and a series of workshops for parents of ELLs. P186X will continue to search for, apply, and implement programs that work with community-based organizations and outside vendors. P186x has a partnership with the Cervantes Institute and Fordham RBERN. They provide professional development trainings for ENL and bilingual teachers for our native Spanish speaking students. P186x plans to partner with ELA Alliance. And the Goethe Institute.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Not applicable

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

ENL Teachers:

-Jimoh Sharafa
-Doris Abreu
-Zulenny Vasquez
-Suzanne Tielis
-Hoda Helal
-Jorge Negron

Parent coordinator:
-Maria Arias

Administrator
-Cynthia Hendrickson

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

For newly enrolled or current English Language Learners (ELLs), the Parent Coordinator and ENL teachers communicate with families to explain the services available to their children. This is done through phone calls and by

sending home informational letters in the family's home language. To ensure that parents fully understand their rights and available program options, we also screen or provide links to the New York State ELL Parent Information Video, available in multiple languages through the NYSED website (http://www.nysed.gov/bilingual-ed/parent-orientation-video-english-language-learners-ell-programs-new-york-state).

Additionally, all ELL students are invited to participate in the Title III After-School Program. This program is designed to support language acquisition, provide additional academic support, and offer enrichment activities that enhance learning in a culturally responsive and engaging environment.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Sarah Templeman

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Maria	Arias	Parent Coordinator - Annual	11/06/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	6	0.62%	6	0.62%		
BENGALI (BANGLA IN BANGLADESH)	13	1.34%	13	1.35%		
FRENCH	7	0.72%	7	0.72%		
FULANI	4	0.41%	4	0.41%		
HAUSA (HAOUSSA)	1	0.10%	1	0.10%		
ITALIAN	1	0.10%	1	0.10%		

MANDINKA (AKA MANDINGO)	1	0.10%	1	0.10%		
ENGLISH	667	65.52%	666	65.49%		
SPANISH	314	30.84%	314	30.88%		
SONINKE	2	0.21%	2	0.21%		
SETSWANA	1	0.10%	0	0.00%		
TWI	0	0.00%	1	0.10%		
WOLOF	1	0.10%	1	0.10%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
IEP	Translation/Interpretation services
FLYERS/DOCUMENTS	Staff members
INTAKE FORM	Staff members
HLIS FORM	Staff members

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

IEP MEETINGS	Interpreting/Translation
WORKSHOP	staff members

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

The school's communication strategy is designed to effectively reach parents who prefer to speak a language other than English, ensuring that language barriers do not hinder timely and important information sharing. In particular, in the event of a lockdown or any emergency situation, the school has protocols in place to quickly identify and engage staff members who are fluent in the home languages of our students' families. These multilingual staff members are then responsible for reaching out to parents through multiple communication channels, including phone calls, text messages, and emails. By providing communication in the family's preferred language, the school ensures that all parents receive clear, accurate, and immediate updates during critical moments, thereby fostering trust, safety, and collaboration between the school and families. This approach reflects our commitment to cultural responsiveness and equitable access to information for our diverse community.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The school is committed to ensuring that all staff members are fully informed about the goals and requirements outlined in the Chancellor's Regulations A-663, which governs language access and equity for English Language Learners (ELLs) and their families. To achieve this, the school will employ a multi-faceted communication strategy that includes disseminating information via email, distributing flyers, providing access to professional translation services, and conducting targeted workshops. These methods will help staff understand the importance of compliance and the practical steps necessary to meet these regulations effectively.

To support ongoing compliance, the school will make various resources readily available to staff. These include detailed data reports on ELL student performance and needs, the comprehensive school handbook that outlines policies and procedures, and specialized workshops designed to deepen staff knowledge and application of language access strategies. Recognizing the critical role of clear guidance, the school will develop and designate a dedicated Language Access Handbook. This handbook will serve as a turnkey resource, providing clear, accessible information about all available language access tools and supports.

The Language Access Handbook will be introduced and regularly reviewed through workshops and mass email communications, ensuring that all school personnel are not only aware of the resources but also equipped to implement them consistently. By institutionalizing this approach, the school aims to create a culture of awareness and responsiveness that guarantees equitable communication with families and full adherence to Chancellor's Regulations A-663. This ongoing effort underscores the school's commitment to fostering an inclusive environment where every student and family can access necessary information and support in their preferred language.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

P186X ensures that limited-English proficient (LEP) parents are fully informed of their right to receive school communications in their preferred language. This is accomplished through flyers, letters, and brochures provided in both the parents' home languages and English. To further support LEP parents, the school utilizes the Translation and Interpretation Unit during key events such as immigrant workshops, cultural day celebrations, parent engagement activities, IEP meetings, and parent-teacher conferences. Additionally, P186X enhances communication through messaging apps like ClassDojo and Remind, and provides parents with language access resources, including the NYC Public Schools Guidebook. These efforts ensure that all families have equitable access to important information and can actively participate in their children's education.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

The methods our school employs to gather meaningful feedback from parents are varied and designed to accommodate diverse needs and preferences, ensuring that every family has a voice in their child's education. We regularly conduct parent surveys that are available in multiple languages, allowing families to provide input on school programs, services, and overall satisfaction at their convenience. In addition, we hold scheduled meetings and forums where parents can engage directly with school staff, ask questions, and share their perspectives in a collaborative environment.

Our dedicated Parent Coordinator plays a crucial role in facilitating communication and outreach, acting as a bridge between families and the school community to address concerns and gather feedback effectively. We prioritize accessibility in all our engagement efforts, making sure that meetings and conferences are held at convenient times and locations, with interpretation services provided as needed. Parent-Teacher Conferences serve as another key opportunity for individualized dialogue, allowing parents and teachers to discuss student progress and collaboratively set goals.

To enhance ongoing communication and make feedback collection more immediate and interactive, the school utilizes digital platforms such as ClassDojo, which enables parents to communicate with teachers and receive updates in real time. Additionally, we leverage Relay Translation services to ensure that parents can participate fully in all interactions, regardless of their preferred language. Through this comprehensive approach, P186X creates a welcoming and inclusive environment that values parent input and strengthens the partnership between families and educators.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

The school worked to improve on language assistance services in the upcoming school years by using effective communication strategies with diverse linguistics background, professional interpretation services, culturally responsive environment, and tracking service requests.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

NOT conceptually consolidated (must complete part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

40

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,6,7,8

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

This school year, the Title III After-School Program will be offered to both Alternate Assessment and Standardized Assessment English as a New Language (ENL) students at P186X. The primary focus of this year's program is to enhance students' writing abilities through the integration of technology, specifically by using animation in digital storytelling. This innovative approach leverages multi-sensory educational animation tools to support and stimulate student creativity, engagement, and critical thinking. These tools have proven especially effective for English Language Learners/Multilingual Learners (ELLs/MLs) with special needs, who often benefit from multi-modal, hands-on learning experiences. Additionally, teachers will provide professional development sessions to support family engagement.

The Title III instruction provided to both Alternate and Standardized Assessment students is carefully aligned to the New York State Next Generation Learning Standards (NGLS). Through targeted instruction, the program seeks to enrich and reinforce the academic content delivered during the school day. Students participating in the program will receive focused support in improving their writing skills, developing literacy and comprehension strategies, expanding academic vocabulary, and increasing their overall English language proficiency. By combining technology with evidence-based instructional strategies, the Title III After-School Program aims to provide a meaningful and engaging learning experience that accelerates language acquisition and promotes long-term academic success.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

40 students have been identified as needing the additional support offered by the Title III after-school program. After analyzing the 2024 New York State English as a Second Language Achievement Test (NYSESLAT) scores and the results of ongoing formative and summative assessments of the students, it was determined that there was a particular need to improve the writing skills of the students selected for the ELL Title III after-school instructional program.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Wednesday Alternate Assessment Session: One group of 8:1:1 students in grades 1-3, one group of 12:1:1 students in grades 4-6 (20 students total).

Thursday Standardized Assessment Session: One group of 12:1:1 students in grades 3-5, one group of 8:1:1 students in grades 6-8 (20 students total).

Our Title III program is open to all subgroups (SIFE, Newcomer, etc.).

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

ELLs will be divided into two instructional cohorts: one standardized assessment and one alternate assessment. Standardized assessment ELL students will meet on Thursday, and Alternate Assessment ELL students will meet on Wednesday.

Our Title III program will run from November 2025- May 2026. Two-hour instructional sessions will be held on Wednesdays and Thursdays from 2:20-4:20 PM for a total of 46 sessions. Our administrator will be starting at 3:35 pm-4:20 pm to avoid conflicting with their normal work hours.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction for our Title III program will be English with Spanish-language scaffolding.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Two certified TESOL teachers (with the help of two bilingual paraprofessionals) will differentiate instruction according to grade level, IEP goals, and needs of the 40 ELLs/MLs. One certified TESOL teacher will lead workshops for parents.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Title III funds will be used to purchase 14 iPads at a total cost of $5,320.00, educational materials and supplies for $733.56, MetroCards for $997.60, and $853.86 in consumable stationery for a grand total of $7,905.02. All materials and resources will be used to enhance and support every component of the program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Our school will maintain accurate and comprehensive records of ELLs served in the Title III program using the following methods:

1. Maintenance of ELL Records:
- ENL Distribution List: We will create and maintain an ENL distribution list to track all ELL students enrolled in the program.
- Parent Contact Logs : These logs will record all communications with parents, including details about family engagement sessions, workshops, and any other pertinent communications.
- Workshop Participation Records : Documentation will be maintained to track attendance and participation in parent workshops and family engagement activities.
- Student Attendance : Attendance will be recorded for each session of the Title III After-School program to monitor the participation and engagement of each ELL student.
- MetroCard Distribution List : A list of students who received MetroCards for transportation to and from the

program will be kept.
- Technology Inventory : An inventory of all technology provided to ELL students, such as laptops or tablets, will be maintained to ensure accountability.

2. Implementation Plan :
- The end-of-year students' projects and a detailed presentation of what was accomplished during the program will be stored at the main site (750 Jennings Street, Bronx, NY 10459) in the ENL room (Room 337).
- The ENL teachers will be responsible for maintaining these records, and the Assistant Principal overseeing the program will ensure compliance with all Title III guidelines.
- All documentation, including student learning session records and attendance, will be collected and stored securely in the ENL room in a locked filing cabinet throughout the program year.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

As a part of the Title III After School Program, six Professional Development workshops will be scheduled remotely via platforms of zoom, Teams or google classroom. The protocol for this professional development workshops is to co-create actionable plans, set norms for language and behavior in this program and to get a shared understanding of expectations and best practices.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The professional development to be provided is grounded in both qualitative and quantitative data analysis, emphasizing the specific needs of ELL students in a District 75 environment, where students often require highly specialized instructional approaches. Qualitative data from teacher observations and student performance reports highlight gaps in differentiated instruction techniques for students with multiple disabilities who are also ELLs. Additionally, quantitative data from state assessments, including ELL progress reports and English proficiency scores, show that while many students are making progress, there is a clear need for further improvement in language acquisition strategies tailored to students with complex learning needs.

Quantitative Data: Results from annual ELL assessments such as the NYSESLAT (New York State English as a Second Language Achievement Test), IEP goals, and progress monitoring assessments, which show slower-than-expected growth in language proficiency.

Qualitative Data: Teacher feedback and classroom observations that reveal challenges in implementing effective language development strategies for students with cognitive and developmental disabilities.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All three participating TESOL certified teachers will facilitate and co-present remotely all on-going professional development sessions for all Title III staff of P186X on computer-assisted language learning. All Title III after-school program staff will receive remote training during the six-session one-hour professional development workshops.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Six professional development sessions will take place on alternate Tuesdays throughout the program from 2:20 p.m. to 4:20 p.m. The supervisor will be paid from 3:35 p.m. to 4:20 p.m.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The following topics will be covered during the series of workshops:
1. How teachers can create exciting lessons using animation that represents content visually
2. How to increase writing skills, reading comprehension and improve student's performance using technology
3. How to use the MacBook Pro, MacBook Air, iPad Pro and iPad Air as an adaptive communication device.
4. How to empower parents through technology.
5. How to navigate in a technological world.
6. How to establish open communication with students.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

PD sessions will be administered remotely and equally by all participating teachers.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Our school will implement a robust system for maintaining thorough documentation of professional development activities funded by Title III ELL resources. This system will include:

Attendance Logs: All participants will sign in for each professional development session, creating a clear record of attendance.

Agendas and Materials: Copies of session agendas, presentation materials, and any distributed handouts will be archived for reference and compliance purposes.

Feedback and Evaluations: After each professional development session, teachers will complete evaluation forms, providing qualitative feedback on the training and its relevance to their instructional practice. This will be collected and reviewed for continuous improvement.

Digital Records: A digital folder system will be used to store all documentation, including attendance records, session content, and teacher feedback. This digital archive will be securely backed up and accessible to relevant school staff and district officials for audit purposes.

Professional Development Logs: Each teacher will maintain an individual professional development log, which will include session dates, topics covered, and key takeaways. These logs will be submitted at the end of the year as part of the school's overall professional development report.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P186X will provide an orientation session for parents before commencement of the program to inform them about the structure and the goals of the program and the materials to be used. These workshops will allow parents to gain insight on a student's academic progress and language acquisition during the program. Workshops will include hands-on activities and digital use of the programs being used by their child in the program. Parents will receive a tutorial on how to use the free programs at home, such as Toontastic App. Story Jumper, Story World International. Principles of Universal Design for Learning such as visual, auditory and multimedia supports, clear and concise instruction, repetition of key points and chunking will be used to ensure this program is accessible to all, regardless of language or learning differences.

Navigating special education services is challenging for parents. Navigating English as a new language services are challenging as well. The parents and families involved in our title III program face both challenges at once. Language and cultural differences impede the ability of these families to effectively and efficiently communicate and understand the necessary information in a timely manner. They must be taught how the education system in the United States works, in general. They must be taught and allowed to explore the ways in which the special education system functions. Similarly, they need to know ways to mitigate difficulties encountered by families with language difference. This programming not only provides better and equal access to the educational and special educational system in the Bronx but also enhances the family's ability to participate in improving their children's educational outcomes. Many parents and guardians want to help improve their children's educational situation but they may lack knowledge resources or language/cultural access to fully participate. They want to help their children succeed but they need to understand their rights and the systems in which they are operating. This is the purpose of the parental engagement outreach workshops.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Family engagement is essential to the success of ELL students in District 75, where many families may also face challenges related to technology, employment, and language barriers. The family engagement activities provided will focus on supporting parents in their own personal and professional development, which in turn will enable them to better assist their children.

- Qualitative Data Analysis : Feedback from parent-teacher conferences and school meetings has shown that many ELL parents express a need for help with technology, building resumes, and preparing for job interviews. Additionally, many parents have indicated they want to improve their own English skills, not only to assist their children but to increase their employability. Classroom observations have also demonstrated that children perform better when parents are equipped to engage in their education.

- Quantitative Data Analysis : Survey results and attendance records from previous family engagement workshops indicate a gap in participation from ELL parents, especially those who may face language and technological barriers. Data from these surveys also indicate that parents are seeking practical skills such as resume building, job interview preparation, and technological literacy to support both their children and their own professional goals.

Data Sources Used to Justify the Need for Activities :
1. Feedback from parent-teacher conferences and surveys.
2. Classroom observations showing improved student outcomes when parents are engaged.
3. Previous family event attendance data and surveys highlighting areas of need, such as technological literacy and job readiness.
4. NYSESLAT performance data, showing a link between parental involvement and student progress.

By providing workshops that address the specific needs of ELL families such as technology use, resume building, and language skills for job interviews our goal is to empower parents and equip them with the necessary skills to support their children’s academic progress and their own career growth.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Sessions will be provided by the third ENL teacher from 2:20 p.m.- 4:20 p.m. (27 sessions). Total sessions will be held on Wednesdays or Thursdays for the parents of the Standardized Assessment and Alternate Assessment ELL

students. Sessions will be held throughout the length of the program, from early November 2025 through mid- May 2026

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

"E-Learning ELL" computer-based program will be utilized in order to improve the level of proficiency for parents and help parents understand the curriculum. Parents will learn about some exciting educational websites that they can use at home with their children. The parent workshops are to run concurrently with the instructional program for the students but in a separate location in the same building. The following topics will be discussed:
How can parents help our students progress toward mastery of the English language at home using technology?
What is the focus of my child's school studies during after school?
How can my culture and my native language help my child improve the development of the English language skills while creating a digital story?
How can I access free online programs and resources to use at home with my child in order to improve academic vocabulary?
What assessments are being used to monitor student's progress?
How can parents support the students during the after-school program?
How to support ENL and Bilingual Students in the classroom and at home?

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ENL Teacher will provide workshops for parents and guardians.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified of these activities via sent letters to parents, app based texting, emails or phone calls.
Parents will be invited, in English and their preferred language, via app, email, telephone call, notices sent home with

students, and letters sent home in the mail. Metro Cards will be provided to parents who expressed the need in the metro cards to get to and from the workshops.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Our school will maintain thorough documentation of all family engagement activities and ensure that families are promptly notified of upcoming events using the following methods:

1. Event Notifications :
Families will be notified of all engagement activities through multiple channels to ensure inclusivity and accessibility. This includes:
- Printed Flyers sent home with students in both English and the home languages of ELL families.
- Text Alerts for those who have provided their contact information, ensuring real-time communication.
- Phone Calls or WhatsApp messages will be used for families with limited internet access.

2. Attendance Records:
Each family engagement session will have a sign-in sheet for participants, and attendance will be tracked digitally in a secure database. This will allow for the monitoring of participation rates and trends.

3. Feedback and Evaluation :
After each engagement session, families will be asked to provide feedback through brief surveys. The results of these surveys will be documented and reviewed to improve future sessions.

4. Digital Documentation:
All records related to the planning, execution, and evaluation of family engagement activities will be maintained in a digital folder system. This will include:
- Notification logs (copies of emails, flyers, etc.).
- Attendance records.
- Evaluation forms and summaries of parent feedback.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Allocation Amount ($):

$39,832

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):- Per session - Per diem	$31,926.98	Direct Instruction Component: 1 supervisor x 46 sessions x .75hr x $75.57=$2,607.17 2 teachers x 46 sessions x 2 hours/session x 73.07=$13,444.88 2 paraprofessionals x 46 sessions x1.5hours/session x $43.07=$7,924.88 Total:$2,607.17 + $13,444.88 + $7,924.88 = $23,976.93 Professional Development Component: 1 supervisor x 6 sessions .75hr x $75.57 = $340.07 3 teachers x 6 sessions x 2hr. x $73.03= $2630.52 2 paraprofessionals x 6 sessions x 2 hr. x $43.07= $1,033.68 Total: $680.13 + $ 3943.62+ $1550.52= $4,004.27 Parental Involvement Component - Workshop for Parents: 1 teacher x 2hr x 27 sessions x $73.07= $3,945.78 Total: $23,976.93 + $4,004.27 + $3,945.78 = $31,926.98
Purchased services - High quality staff and curriculum development contracts.		
Supplies and materials - must be supplemental -additional curricula, instructional	$7905.02	Ipads: $380 x 14 = $5,320.00 Consumable Stationery = $853.85 Materials = $733.56 Metro Cards = 5.80 x 172 = $ 997.60 Total:$ 5,320.00 + 853.86 + $733.57 + $997.60 = $7,905.02

materials - must be clearly listed.

Travel		
Other		
TOTAL	$39,832	$31,926.98 + $7,905.02= $39,832

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,6

Total number of teachers in this program:

2

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Program Schedule:

The Title III Immigration After-School Program will take place after school every Tuesday from 2:20 p.m. to 4:20 p.m.

Student Activities and Instructional Support:

Students in grades K–8 will participate in hands-on planting and gardening activities that support English language development. Through planting, caring for plants, and observing growth, students will strengthen reading, writing, listening, and speaking skills. Activities include learning gardening vocabulary, following directions, journaling observations, and engaging in group discussions. These multi-sensory activities enhance classroom instruction and

are especially effective for English learners.

Student Grouping:

The program will serve up to 20 students total. Students will be grouped by grade level and language proficiency into two instructional groups, with up to 10 English learners per group. Additional differentiation will be provided for students receiving special education services.

Instructional Delivery:

Instruction will be delivered through small-group instruction and team teaching. Teachers and instructional aides will work collaboratively to provide hands-on guidance and language support throughout each session.

Supervision and Funding:

The program will be supervised by an assistant principal. The assistant principal's regular workday hours are during the school day. For this after-school program, the assistant principal will be compensated for 1 hour per session using Title III Immigrant funds.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Rationale

Supporting Our Immigrant Student Community Through Planting:

Many of our students come from immigrant families and speak languages other than English at home. Language barriers can affect their academic progress and confidence in the classroom. A planting-based program offers a meaningful, hands-on way for students to practice and strengthen their language skills in an authentic context. Through gardening activities, students naturally engage in conversation, vocabulary development, and collaborative learning beyond the traditional classroom setting.

Feedback from Teachers and Families:

Teachers have noted that some students struggle to fully participate in classroom discussions due to language barriers. Families have also expressed the need for additional support to help their children succeed, particularly in developing language skills. A planting program addresses these needs by providing a supportive, after-school environment where students can learn through shared, real-world experiences while building language and social skills.

Data Supporting the Need:

NYSESLAT Performance

NYSESLAT data indicates that many students require additional support in speaking and writing. Gardening activities create repeated opportunities for students to practice these skills by describing processes, making observations, following instructions, and reflecting on their work, reinforcing language development in a practical and engaging way.

Academic Impact:

Language barriers often affect performance across subject areas. A planting-focused program integrates language development with science, literacy, and problem-solving skills. By connecting academic concepts to hands-on learning, the program helps students build comprehension, strengthen academic vocabulary, and improve overall academic performance.

Student Engagement Through Hands-On Learning:

Students are highly engaged when learning is interactive and purposeful. Planting and gardening activities encourage curiosity, responsibility, and collaboration. These experiences motivate students to communicate, ask questions, and share ideas, making language practice more meaningful while fostering a sense of ownership and pride in their learning.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Through our Immigrant Plan, English language instruction will be provided to 20 immigrant students in grades 1-6. The plan is inclusive and designed to support all student subgroups, including newcomers and Students with Interrupted Formal Education (SIFE), ensuring equitable access to language development services.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The Title III Immigrant Program will be implemented from Febuary 2026 through March 2026. The program will consist of eight instructional sessions, each lasting 120 minutes, held on Tuesdays from 2:20 p.m. to 4:20 p.m. To

ensure continuity of regular administrative responsibilities, the administrator will join the sessions beginning at 3:20 p.m.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

English will serve as the primary language of instruction for the program. When needed, additional support will be provided in students' native languages to ensure comprehension and meaningful participation, while honoring and responding to the diverse linguistic backgrounds of all students.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

Our dedicated team is composed of three certified teachers, including one who focuses specifically on parental engagement. Two teachers are assigned to provide direct instruction, addressing the unique learning needs of each student. Additionally, two paraprofessionals will support students throughout the program to ensure individualized attention and success.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Materials for planting activities will be provided to Title III immigrant students to ensure an inclusive and hands-on learning experience. These materials include:

-Soil, pots, and planting containers
-Seeds and seedlings
-Gardening tools such as trowels and gloves

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Our school and staff will carefully maintain records for all students enrolled in the program, including tracking participation, attendance, and other relevant data, to ensure the program is effective and responsive to students' needs.

The implementation plan will follow a phased approach to seamlessly integrate the curriculum into the school's existing structure. Staff will receive training to become familiar with the program, and a progress monitoring system will be established to track student growth. Ongoing professional development, opportunities for peer collaboration, and active parental involvement will further support both teachers and students, fostering a collaborative and student-centered learning environment.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

As part of the Title III Immigrant Program, one professional development workshop will be offered to educators. This session is designed to collaboratively create actionable plans, establish norms for language and behavior within the program, and build a shared understanding of expectations and best practices.

The workshop focuses on enhancing educators' understanding and support of immigrant students. Through the analysis of qualitative and quantitative data, educators gain insights into students' unique needs, cultural backgrounds, and potential challenges. The session addresses language barriers and emphasizes effective English as a New Language (ENL) strategies to support English language learners (ELLs).

Additionally, the workshop fosters cultural competency and sensitivity, helping educators navigate diverse cultural norms and values to create a more inclusive and welcoming classroom environment. Educators will also be equipped with strategies and resources to engage immigrant families, promoting strong partnerships between schools and families.

By addressing both academic and socio-emotional needs, this professional development supports a holistic approach to teaching, ultimately enhancing student learning and positively contributing to the success and inclusivity of the entire school community.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Rationale for Professional Development at P186X

At P186X, our goal is to ensure that our teachers are fully equipped to support our immigrant students, especially English Language Learners (ELLs) and Multilingual Learners (MLs). Just as planting a garden requires the right tools, knowledge, and care to help seeds grow, our professional development (PD) activities are designed to provide educators with the skills and strategies needed to cultivate the academic growth and language development of our students.

1.Planting and Hands-On Learning Integration

-Need: Teachers need strategies to use hands-on, planting-based activities to enhance ELLs' and MLs' language development and engagement.
-Data: NYSESLAT results show students struggle with speaking and writing. Students respond positively to interactive, hands-on learning, making planting activities an effective way to strengthen vocabulary, oral language, and collaborative skills.
-Sources: NYSESLAT scores, teacher surveys, classroom observations.

2.Differentiation for Special Education Students

-Need: Teachers need strategies to differentiate instruction for ELLs/MLs who also have special education needs.
-Data: IEP data and classroom observations indicate these students face additional academic challenges, requiring tailored approaches to help them thrive.
-Sources: IEP data, classroom observations, NYSESLAT results.

3.Culturally Responsive Teaching

-Need: Teachers seek tools to create classrooms that honor and celebrate students' diverse cultural backgrounds.
-Data: Some immigrant students feel disconnected when the curriculum does not reflect their cultures. By planting seeds of cultural inclusion, teachers can nurture stronger engagement and belonging.
-Sources: Student and teacher surveys, school climate reports.

4.Using Data to Guide Instruction
-Need: Teachers require training on how to use assessment data, such as NYSESLAT results, to inform and adjust instruction.
-Data: While some students make progress, others require targeted support. Data-driven instruction acts like careful tending in a garden helping each student reach their full potential.
-Sources: NYSESLAT scores, student progress reports, teacher feedback.

Through these professional development activities, teachers will gain the knowledge and tools to nurture the growth of every student just as a gardener tends to each seed ensuring that our immigrant students flourish academically, linguistically, and socially in a supportive and inclusive environment.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All three participating TESOL-certified teachers will lead and facilitate one session, ensuring expert guidance and support for students. Our administrator and assisting paraprofessionals will also be present, contributing to a collaborative and well-supported learning environment.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

We will host one professional development session on Tuesdays from 2:20 p.m. to 4:20 p.m., beginning in January. Our supervising Assistant Principal will also attend during this time, providing support and guidance to ensure a collaborative and productive learning experience for all participants.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Topics for Title III Immigrant Staff Professional Development

1.Using Planting and Hands-On Activities to Support Language Learning

-Language Growth Through Gardening: How hands-on planting activities can support ELL students' reading, writing, speaking, and listening skills by integrating vocabulary and discussion around real-world experiences.
-Interactive Learning: Designing engaging, hands-on planting lessons that meet students at their language level while fostering critical thinking and collaboration.
-Supporting All Learners: Strategies to adapt planting and garden-based activities for students with diverse needs, making learning accessible and meaningful for everyone.
-Differentiated Instruction Through Gardening: Practical ways to use planting projects to address varying language proficiency levels and individual learning needs.

2.Creating Inclusive Classrooms Through Planting and Cultural Connections

-Culturally Relevant Gardening: Integrating students' cultural backgrounds into planting activities, allowing them to connect with the curriculum while celebrating their heritage.
-Building Community Through Shared Projects: Using collaborative gardening experiences to promote inclusion, teamwork, and a sense of belonging for all students.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

PD sessions will be administered equally by all participating teachers.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Documentation Plan for Title III Immigrant-Funded Professional Development

1.Tracking Participation

-Attendance Logs: Digital and paper sign-in sheets will be maintained for each professional development (PD) session to ensure accurate tracking of staff participation.
-Participation Records: Teachers will log their attendance and the specific sessions they attend, with all records securely stored in a shared database for easy reference.

2.PD Content and Materials

-Session Materials: All PD agendas, handouts, and presentations will be saved and made easily accessible to staff. This includes any tools, activities, or strategies introduced during the sessions.
-Follow-Up Resources: Additional materials shared after each session will be stored on a shared drive, providing staff with ongoing access to resources for continued learning.

3.Record Storage and Reporting

-Secure Storage: All PD documentation, including attendance logs, session materials, and staff feedback, will be stored digitally in a secure system for at least five years, ensuring accountability and long-term accessibility.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parent Orientation and Engagement for the Title III Immigrant Program at P186X

Before the start of the Title III Immigrant Program, P186X will provide an orientation session for parents to introduce the structure, goals, and materials of the program. These workshops will offer parents insight into their child's academic progress and language development throughout the program. Sessions will include hands-on activities and guided use of the programs their children will be using, with tutorials on how to access and use these resources at home. To ensure accessibility for all families, the workshops will incorporate principles of Universal Design for Learning, including visual, auditory, and multimedia supports, clear and concise instruction, repetition of key points, and chunking of information.

Parents of immigrant students often face the dual challenges of navigating both English as a New Language services and special education services. Language and cultural differences can make it difficult for families to access information, understand processes, and effectively advocate for their children. These workshops are designed to help families understand how the U.S. educational system functions, including the ways in which special education services operate, and strategies to overcome barriers related to language and cultural differences.

By providing this support, P186X empowers families to fully participate in their child's education, enhancing access to educational and special education services and enabling parents to actively contribute to improving their children's learning outcomes. Many parents want to support their children's success but may lack the resources, knowledge, or linguistic and cultural access to do so fully. These parental engagement workshops are intended to bridge that gap, ensuring that families are informed, confident, and equipped to advocate for and support their children.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and

- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Rationale for Family Engagement Activities: Planting-Based Learning

1.Introduction to Planting Activities

-Why It's Important: Many parents are unfamiliar with hands-on gardening activities used in the classroom to support language development and academic growth. Introducing them to planting activities helps demystify the process and shows how it can enhance their child's learning.
-Feedback: Parents have expressed interest in understanding the interactive lessons their children participate in, particularly those that combine language and science.
-Sources: Teacher observations, parent feedback, classroom usage reports.

2.How to Support Planting Activities at Home

-Why It's Important: Parents need clear guidance on how to replicate planting activities at home to reinforce what their children are learning in school.
-Feedback: Teachers have observed that some parents feel unsure how to support hands-on learning at home, especially when it connects to vocabulary, science, or language skills.
-Sources: Teacher feedback, parent surveys, classroom observations.

3.Ten Strategies for Building Strong Relationships Through Shared Activities

-Why It's Important: Positive relationships are essential for learning, especially in immigrant families where language and cultural differences may create challenges. Engaging in planting activities together fosters communication, trust, and family bonding.
-Feedback: Many parents have expressed a desire to spend quality time with their children in ways that also support learning.
-Sources: Parent interviews, teacher observations, school climate surveys.

4.Using Planting Activities to Support Language Development

-Why It's Important: Language barriers can affect both students and parents. Planting activities provide a practical, hands-on context for learning vocabulary, following instructions, and practicing communication skills.
-Feedback: Teachers have noted that ELL students often benefit from concrete, interactive experiences, and parents have requested ways to support language learning at home.
-Sources: NYSESLAT results, teacher feedback, parent surveys.

5.Incorporating Planting Into Everyday Life

-Why It's Important: Learning extends beyond the classroom. Parents will learn how to integrate simple planting activities into daily routines, making learning continuous, enjoyable, and meaningful.
-Feedback: Parents want practical ways to reinforce language and academic skills at home through hands-on activities.
-Sources: Teacher feedback, parent interviews, classroom observations.

6.Using Planting to Reinforce Positive Behavior and Motivation

-Why It's Important: Positive reinforcement supports academic and personal growth. Planting projects can be used to teach responsibility, patience, and collaboration, while celebrating students' successes.

-Feedback: Teachers have observed that students respond positively to recognition and hands-on accomplishments, and parents have asked for strategies to encourage these behaviors at home.
-Sources: Teacher feedback, classroom observations, parent surveys.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The Title III Immigrant Family Engagement Program will begin in January 2026 and run through March 2026. Five sessions will be held on Tuesdays from 2:20 p.m. to 4:20 p.m., led by the third ENL teacher. These workshops are designed specifically for parents of ELL students and will be differentiated to address the unique needs and interests of participating families. The sessions aim to provide practical strategies, hands-on learning, and meaningful support to help parents actively engage in their child's academic and language development throughout the program.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Title III Immigrant Program Family Engagement Sessions – Planting Topics

Each session will cover two of the following topics:

1.Introduction to Planting Activities

-Helping parents understand the hands-on planting activities their children will engage in at school and how these activities support language and academic growth.

2.Supporting Planting Activities at Home

-Guiding parents on how to replicate and reinforce planting lessons at home to strengthen vocabulary, science understanding, and language development.

3.Ten Strategies for Building Strong Relationships with Your Child

-Using shared planting activities to foster trust, communication, and positive parent-child interactions that support learning and well-being.

4.Using Planting to Support Language Development

-Demonstrating how planting projects can help children practice English skills, follow instructions, and communicate effectively, bridging language barriers.

5.Incorporating Planting into Everyday Life

-Practical ways for parents to integrate planting and garden-based learning into daily routines, making learning consistent, hands-on, and enjoyable.

6.Using Planting to Reinforce Positive Behavior

-Showing parents how planting projects can teach responsibility, patience, and collaboration, while encouraging positive behavior and motivation at home.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Family engagement sessions will be facilitated by one of the participating ENL teachers, providing expert guidance and support to help parents actively engage in their child's learning and development.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parents will be notified of these activities through multiple channels, including letters, app-based messages, emails, and phone calls. Invitations will be provided in both English and the parents' preferred language, ensuring clear communication and accessibility. Notifications may also be sent home with students to further ensure that all families are informed and able to participate in the workshops.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

To maintain clear documentation and ensure effective communication, all family engagement activities will be carefully recorded, including the date, topics covered, and attendance. Families will sign in at each session, and feedback will be collected through surveys to help guide improvements for future workshops. These records, along with attendance and feedback, will be securely stored for easy access and reporting. Families will be notified of upcoming events through multiple channels, including flyers sent home, emails, and posts on the school website, with all materials provided in multiple languages to ensure accessibility. Reminders will also be sent via phone calls, text messages, and emails, and teachers and staff will provide personalized communication during meetings or informal conversations to reach families who may not receive official notifications. Ongoing communication will be

reinforced during parent-teacher conferences, and all materials and communications will be available in families' preferred languages, ensuring that every family can fully participate in and benefit from the program.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

NOT conceptually consolidated (must complete part E Budget below)

Allocation Amount ($):

$6,687

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):- Per session - Per diem	$5,536.45	Direct Instruction Component: 1 supervisor x 8 sessions x 1hr x $75.57=$604.56 2 teachers x 8 sessions x 2 hours/session x 73.07=$2,338.24 2 paraprofessionals x 8 sessions x 2hours/session x $43.07=$1,378.24 Total:$604.56 + $2,338.24 +$1,378.246= $4,321.04 Professional Development Component: 1 supervisor x 1 sessions .75hr x $75.57 = $56.68 3 teachers x 1 sessions x 2hr. x $73.07= $438.42 2 paraprofessionals x 1 sessions x 2 hr. x $43.07= $172.28 Total: $56.68 + $438.42+ $172.28= $667.38 Parental Involvement Component - Workshop for Parents: 1 teacher x 1.5hr x 5 sessions x $73.07= $548.03 Total: $4,321.04 + $667.38 + $548.03 = $5536.45
Purchased services - High quality staff and curriculum development contracts.	0	
Supplies and materials - must be supplemental -additional curricula, instructional	$1,000	$1,000 Planting Program Budget (Condensed) 1. Planting Materials – $450 Seeds & seedlings, soil, pots, fertilizer, basic tools 2. Instructional Materials – $200 Handouts, activity worksheets, visual aids, labels 3. Technology & Support – $150 Shared tablets/cameras for documenting growth, apps for plant tracking 4. Family Workshops – $100 Printed guides, hands-on supplies for parent participation 5. Miscellaneous / Contingency – $100 Extra supplies, replacements, small garden enhancements

materials - must be clearly listed.		
Educational Software (Object Code 199)	0
